INFORMATION ABOUT THE COMPANY'S COMMON STOCK OWNERSHIP

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

As of the Record Date, 202,911,303 shares of Common Stock were outstanding and no shares of Preferred Stock were outstanding. The following table sets forth, as of such date, information with respect to shares beneficially owned by:

each person who is known by us to be the beneficial owner of more than 5% of our outstanding shares of Common Stock;

each of our directors;

each of our named executive officers; and all of our directors and executive officers as a group.

Beneficial ownership has been determined in accordance with Rule 13d-3 of the Exchange Act. Under this rule, shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire shares (for example, upon exercise of an option) within 60 days of the date of this table. In computing the percentage ownership of any person, the amount of shares includes the amount of shares beneficially owned by the person by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person does not necessarily reflect the person's actual voting power.

To our knowledge, except as indicated in the footnotes to this table and pursuant to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. Unless otherwise indicated, the business address of the individuals listed is 62 Cecil Street, #06-00, TPI Building, Singapore 049710.

Except as otherwise indicated, the Company believes that the beneficial owners of Common Stock listed above, based on information furnished by such owners, have sole investment and voting power with respect to such shares, subject to community property laws where applicable. Beneficial ownership is determined in accordance (1) with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. Shares of Common Stock subject to options or warrants currently exercisable, or exercisable within 60 days, are deemed outstanding for purposes of computing the percentage of the person holding such options or warrants, but are not deemed outstanding for purposes of computing the percentage of any other person.

(2) Based on a total of 13,111,888 shares of common stock of Amaru, Inc held by Mr. Binny and his wife, Chew Bee Lian, indirectly as 100% shareholders of B Media Pte Ltd (formerly known as M2B Media Pte Ltd).

The authorized amount of Preferred Stock will be increased to 50,000,000 shares from 25,000,000 shares, par value \$0.001 per share. The Board of Directors has determined that this amendment is advisable and in the best interests of us and our stockholders.

At the Special Meeting, stockholders will be asked to consider and vote upon this amendment. **The Board of Directors recommends that stockholders vote FOR the Share Increase Amendment.**

PROPOSAL TWO

COMPENSATION PLAN

The Board of Directors has approved in December, 2013 and April, 2014, subject to stockholders' approval, the Company's 2013 Equity Compensation Plan in the amount of 30 million shares of common, par value \$0.001 per share. The Board of Directors has determined that this amendment is advisable and in the best interests of us and our stockholders.

At the Special Meeting, stockholders will be asked to consider and vote upon this amendment. **The Board of Directors recommends that stockholders vote FOR the Compensation Plan.**

Current Capitalization - General

We are currently authorized to issue 400,000,000 shares of common stock, \$0.001 par value, and 25,000,000 shares of preferred stock, \$0.001 par value.

COMMON STOCK

As of the Record Date, 202,911,303 shares of common stock were issued and outstanding. The holders of common stock are entitled to one vote per share with respect to all matters required by law to be submitted to stockholders. The holders of common stock have the sole right to vote, except as otherwise provided by law or by our articles of incorporation, including provisions governing any preferred stock. The common stock does not have any cumulative voting, preemptive, subscription or conversion rights. Election of directors and other general stockholder action requires the affirmative vote of a majority of shares represented at a meeting in which a quorum is represented. The outstanding shares of common stock are validly issued, fully paid and non-assessable.

Subject to the rights of any outstanding shares of preferred stock, the holders of common stock are entitled to receive dividends, if declared by our board of directors, out of funds legally available. In the event of liquidation, dissolution or winding up of the affairs of Amaru, Inc., the holders of common stock are entitled to share ratably in all assets remaining available for distribution to them after payment or provision for all liabilities and any preferential liquidation rights of any preferred stock then outstanding.

PREFERRED STOCK

Our board of directors has the authority, without action by our stockholders, to designate and issue preferred stock in one or more series. Our board of directors may also designate the rights, preferences, and privileges of each series of preferred stock, any or all of which may be greater than the rights of the common stock. It is not possible to state the actual effect of the issuance of any shares of preferred stock on the rights of holders of the common stock until the board of directors determines the specific rights of the holders of the preferred stock. However, these effects might include:

- restricting dividends on the common stock;
- diluting the voting power of the common stock;
- impairing the liquidation rights of the common stock; and
- delaying or preventing a change in control of Amaru without further action by the stockholders.

The Board of Directors has authorized an issuance of up to 14 million shares of Series B Convertible Preferred Stock, at a stated value of \$0.15 per share. As of June 27, 2014, there were 10,687,478 shares of Series B Preferred Stock

issued and outstanding.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Company's 2004 Equity Compensation Plan, as amended had no shares of common stock remaining as of May 1, 2014. In December, 2013 and April, 2014, the Company issued 2,921,260 shares to its employees. From 2007 - 2013, there were no shares were issued under the Company's 2004 Equity Compensation Plan. In 2006 and 2005, the Company issued 420,000 shares and 58,740 shares respectively under the 2004 Equity Compensation Plan. There are no outstanding options under the 2004 Equity.

WARRANTS AND CONVERTIBLE DEBT

The Company does not have any outstanding warrants or debt as of the date hereof.

Reasons for the Proposals

First Proposal. Share Increase Amendment.

The Board of Directors believes it is in the Company's best interest to have additional shares of common stock and preferred stock authorized for general corporate purposes, including acquisitions, equity financings and grants of stock and stock options.

The Company had 202,911,303 shares of common stock issued and outstanding at the Record Date out of 400,000,000 shares of common stock authorized. The terms of the additional shares of Common Stock will be identical to those of the currently outstanding shares of common stock. The Share Increase Amendment will not alter the current number of issued shares. The relative rights and limitations of the shares of Common Stock would remain unchanged under the Share Increase Amendment.

The increase in authorized shares has been determined by the Board of Directors to allow for these general purposes and to provide for a sufficient amount of common stock to support its expansion and future financing activities, if any. Other than set forth in the above, there are no present plans for significant future issuances. When the Board of Directors deems it to be in the best interest of the Company and stockholders to issue additional shares of common stock and/or preferred stock in the future from authorized shares, the Board of Directors will not seek further authorization by vote of the stockholders, unless such authorization is otherwise required by law or regulation.

More generally, the increase in the authorized number of shares of Common and Preferred Stock will enable us to engage in (i) possible future financings and (ii) such other corporate purposes as the Board of Directors determines in its discretion. These corporate purposes may include future stock splits, stock dividends or other distributions, future financings, acquisitions and stock options and other equity benefits under our employee benefit plans. Currently we have no plans to issue shares for the foregoing.

CERTAIN RISKS

The issuance of shares upon conversion of debt and exercise of warrants and options may result in substantial dilution to the interests of other stockholders since the holders of these securities may ultimately convert and sell the full amount issuable on conversion. The additional authorized shares of common stock could also have an anti-takeover effect. If the Company's Board of Directors desires to issue additional shares in the future, such issuance could also dilute the voting power of a person seeking control of it, thereby deterring or rendering more difficult a merger, tender offer, proxy contest or an extraordinary corporate transaction opposed by the Company.

REQUIRED VOTE

The approval of a majority of the outstanding stock entitled to vote is necessary to approve the amendment to the Articles of Incorporation. A copy of the proposed Amendment to the Articles of Incorporation reflecting the increase in authorized common stock to 1,000,000,000 shares of common stock and 50,000,000 shares of preferred stock is attached as Exhibit A.

Second Proposal. Adoption of Company's Compensation Plan.

In December, 2013 and April, 2014, the Company's Board of Directors unanimously approved the Company's 2013 Equity Compensation Plan. The purpose of the Compensation Plan is to enable the Company to attract and retain top-quality employees, officers, directors and consultants and to provide such employees, officers, directors and consultants with an incentive to enhance stockholder returns. The full text of the Compensation Plan appears as Exhibit B to this Proxy Statement and the description of the Compensation Plan herein is qualified by reference to Exhibit B.

DESCRIPTION OF THE COMPENSATION PLAN

The Compensation Plan provides for the grant to directors, officers, employees and consultants of the Company (including its subsidiaries) of stock based awards and options to purchase up to an aggregate of 30,000,000 shares of Common Stock.

All of the Company's executive officers, directors and employees of the Company and its subsidiary are eligible to participate in the Compensation Plan. The Company has not granted any options under the Compensation Plan, however, it has granted a total of 30,000,000 of stock awards to its officers and directors. None of the awards have been issued yet.

2013 Equity Compensation Plan

Name and position	Dollar value (\$)	Number of shares
Chua Leong Hin, CEO and Director	\$ 100,000	10,000,000
Sakae Torisawa, Chairman of the Board	\$ 100,000	10,000,000
Percy Chua Soo Lian, Director	\$ 100,000	10,000,000

Administration and Participation. The Company's Compensation Plan is administered by the Company's Board of Directors, which may delegate its duties in whole or in part to any subcommittee solely consisting of at least two individuals who are non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended. Compensation Plan allows the Compensation Committee to make awards of stock options and stock based awards to any individual who is selected by the Compensation Committee to participate in Compensation Plan.

The Compensation Committee has the authority to interpret our stock incentive plan, to establish, amend and rescind any rules and regulations relating to our Compensation Plan and to make any other determinations that the Compensation Committee deems necessary or desirable for the administration of our Compensation Plan. The Compensation Committee may also correct any defect or supply any omission or reconcile any inconsistency in our stock incentive plan in the manner and to the extent the Compensation Committee deems necessary or desirable. Any decision of the Compensation Committee in the interpretation and administration of our Compensation Plan lies within its sole and absolute discretion and is final, conclusive and binding on all parties concerned, including participants in our Compensation Plan and their beneficiaries or successors.

Limitations. An aggregate of 30,000,000 shares of the Company's common stock has been authorized for issuance under the Company's Compensation Plan. No options to purchase common stock nor other stock awards have been issued by the Company.

Stock options. Stock options granted under our Compensation Plan may be non-qualified or incentive stock options for federal income tax purposes. The Compensation Committee will set option exercise prices and terms and will determine the time at which stock options will be exercisable. However, the term of a stock option may not exceed 10 years.

The Compensation Committee may also grant options that are intended to be incentive stock options, which comply with Section 422 of the Internal Revenue Code of 1986, as amended. Fair market value is defined as the closing price of the shares as reported on the grant date as quoted on the FINRA's OTC Bulletin Board.

Stock-based awards. The Compensation Committee has the authority to grant stock-based awards, which may consist of awards of common stock, restricted stock and awards that are valued in whole or in part by reference to, or are otherwise based on the fair market value of, shares of common stock. Stock-based awards may be granted on a stand-alone basis or in addition to any other awards granted under our Compensation Plan. The Compensation Committee will determine the form of stock-based awards and the conditions on which they may be dependent. The conditions may include the right to receive one or more shares of common stock or the equivalent value in cash upon the completion of a specified period of service or the occurrence of an event or the attainment of performance objectives. The Compensation Committee will also determine the participants to whom stock-based awards may be made, the timing of those awards, the number of shares to be awarded, whether those other stock-based awards will be settled in cash, stock or a combination of cash and stock and all other terms of those awards.

General. Stock options and restricted stock awards are not transferable or assignable, except for estate planning purposes. The Company may deduct sufficient sums to pay withholding required for federal, state and local taxes or other taxes as a result of the exercise of a stock award.

In the event of any stock dividend or split, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of stock or other corporate exchange or any distribution to shareholders other than regular cash dividends, the Compensation Committee may, in its sole discretion, make a substitution or adjustment, as the Compensation Committee deems to be equitable, to the number or kind of stock issued or reserved for issuance under our Compensation Plan under outstanding awards and the term, including option price, of those awards.

Except as otherwise provided in a stock award agreement, in the event of our change in control or a change of control of the Company, the Compensation Committee may, in its sole discretion, accelerate a stock award, cause us to make a cash payment in exchange for a stock award or require the issuance of a substitute stock award.

Certain income tax consequences. The Company has been advised by counsel that the material federal income tax consequences to the Company and the participants in the Compensation Plan of the grant and exercise of options under existing and applicable provisions of the Internal Revenue Code of 1986, as amended, and regulations will generally be as follows:

Incentive stock options. A participant will not realize any taxable income at the time an incentive stock option is granted or exercised, and the Company will not receive an income tax deduction at the time of grant or exercise. If a participant does not sell stock acquired upon the exercise of an incentive stock option within (1) two years after the date of the grant or (2) one year after the date of exercise, then a subsequent sale of such stock generally will be taxed as capital gain or loss. If a participant disposes of shares acquired upon the exercise of an incentive stock option within the period set forth in clause (1) or (2) above, then that participant will generally realize ordinary income in an amount equal to the lesser of (a) the gain realized by that participant upon such disposition and (b) the excess of the fair market value of the stock on the date of exercise over the exercise price. In that event, the Company would generally be entitled to an income tax deduction equal to the amount recognized as ordinary income by the applicable participant. Any gain in excess of the amount recognized by the participant as ordinary income would be taxed as short-term or long-term capital gain, depending on the holding period.

Non-qualified stock options. A participant will not realize taxable income upon the grant of a non-qualified stock option, and the Company will not receive an income tax deduction at such time. Upon exercise of a non-qualified stock option, the applicable participant will realize ordinary income in an amount equal to the excess of the fair market value of the stock on the date of exercise over the exercise price. Upon a subsequent sale of such stock, the participant will recognize short-term or long-term capital gain depending on his or her holding period for the shares. The Company is generally allowed an income tax deduction at the same time and in the same amount recognized as ordinary income by the participant.

Stock-based awards. Amounts received by the participant upon the grant of other stock-based awards are ordinarily taxed as ordinary income when received. However, if such other stock-based awards consist of property subject to restrictions, the amounts generally will not be taxed until the restrictions lapse or until the participant makes an election under Section 83(b) of the Internal Revenue Code. The Company is generally allowed an income tax deduction at the same time and in the same amount recognized as ordinary income by the participant.

Compliance with Section 162(m). Our Compensation Plan should allow certain stock options and other stock-based awards to be treated as qualified performance-based compensation under Section 162(m) of the Internal Revenue Code. However, the Compensation Committee may, from time to time, award compensation that is not deductible under Section 162(m).

REQUIRED VOTE

The approval of a majority of the outstanding stock entitled to vote is necessary to approve the Compensation Plan, a copy of which is attached as Exhibit B.

CORPORATE GOVERNANCE

Board of Directors

Board Members who are Deemed Independent

Our board of directors has determined that none of our directors are "independent" as that term is defined by the National Association of Securities Dealers Automated Quotations ("NASDAQ"). See "Lack of Committees" for the NASDAQ definition of "Independent Director." Under the National Association of Securities Dealers Automated Quotations definition, an "independent director means a person other than an officer or employee of the Company or its subsidiaries or any other individuals having a relationship that, in the opinion of the Company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of the director. The board's discretion in determining director independence is not completely unfettered. Further, under the NASDAQ definition, an independent director is a person who (1) is not currently (or whose immediate family members are not currently), and has not been over the past three years (or whose immediate family members have not been over the past three years), employed by the company; (2) has not (or whose immediate family members have not) been paid more than \$60,000 during the current or past three fiscal years; (3) has not (or whose immediately family has not) been a partner in or controlling shareholder or executive officer of an organization which the company made, or from which the company received, payments in excess of the greater of \$200,000 or 5% of that organizations consolidated gross revenues, in any of the most recent three fiscal years; (4) has not (or whose immediate family members have not), over the past three years been employed as an executive officer of a company in which an executive officer of the Company has served on that company's compensation committee; or (5) is not currently (or whose immediate family members are not currently), and has not been over the past three years (or whose immediate family members have not been over the past three years) a partner of the Company's outside auditor.

Committees

The Board of Directors of the Company has established the following committees on April 30, 2007:

· Audit Committee

The Audit Committee's responsibilities include:

· appointing, retaining, approving the compensation of and assessing the independence of our independent registered public accounting firm, including pre-approval of all services performed by our independent registered public accounting firm;

· overseeing the work of our independent registered public accounting firm, including the receipt and consideration of certain reports from the firm;

· reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly consolidated financial statements and related disclosures;

· monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;

· establishing procedures for the receipt and retention of accounting related complaints and concerns;

· meeting independently with our independent registered public accounting firm and management; and

· preparing the audit committee report required by SEC rules.

The members of the Audit Committee were Ngiam Zee Moey and Colin Binny who resigned on April 2, 2010. Mr. Ngiam Zee Moey resigned on December 31, 2011, and has not been replaced yet. Currently the members of the Board of Directors serve as members of the Audit Committee.

Audit Committee Financial Expert

The Company's board of directors needs to have an “audit committee financial expert,” within the meaning of such phrase under applicable regulations of the Securities and Exchange Commission, serving on its audit committee. The individual needs to be capable of (i) understanding generally accepted accounting principles ("GAAP") and financial statements, (ii) assessing the general application of GAAP principles in connection with our accounting for estimates, accruals and reserves, (iii) analyzing and evaluating our financial statements, (iv) understanding our internal controls and procedures for financial reporting; and (v) understanding audit committee functions, all of which are attributes of an audit committee financial expert and meet the experience requirements specified in the SEC's definition of “audit committee financial expert.” Further, like many small companies, it is difficult for the Company to attract and retain board members who qualify as “audit committee financial experts,” and competition for these individuals is significant.

·Nominating and Governance Committee

The Nominating and Corporate Governance Committee's responsibilities include:

- identifying individuals qualified to become directors;
- reviewing with the board the standards to be applied in making determinations regarding independence of board members;
- reviewing and making recommendations to the board with respect to size, composition and structure;
- - developing and recommending to the board our code of business conduct and ethics;
 - developing and recommending to the board Corporate Governance Guidelines;
- overseeing an annual evaluation of the board; and
- providing general advice to the board on corporate governance matters.

The members of the Nominating and Corporate Governance Committee in fiscal year 2011 were Sakae Torisawa and Ngiam Zee Moey, who resigned in December of 2011, and has not been replaced yet. Currently the members of the Board of Directors serve as members of said Committee.

· Compensation Committee

The Compensation Committee's responsibilities include:

· annually reviewing and approving corporate goals and objectives relevant to chief executive officer compensation and the compensation structure for our officers;

· approving the chief executive officer's compensation;

· reviewing and approving, or making recommendations to the board of directors with respect to, the compensation of our other executive officers;

· overseeing and administering our equity incentive plans; and

· preparing the annual executive compensation report

The members of the Compensation Committee in fiscal year 2011 were Sakae Torisawa and Ngiam Zee Moey, who resigned in December, 2011 and has not been replaced yet. Currently the members of the Board of Directors serve as members of said Committee.

nature of the amendment or waiver, and the name of the person to whom the waiver was granted.

Information on our Internet website is not, and shall not be deemed to be, a part of this report or incorporated into any other filings we make with the Securities and Exchange Commission

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our executive officers and directors, and persons who beneficially own more than 10% of a registered class of our common stock, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission, or the SEC. These officers, directors and stockholders are required by SEC regulations to furnish us with copies of all such reports that they file.

Based solely upon a review of copies of such reports furnished to us during the fiscal year ended December 31, 2013 and thereafter, or any written representations received by us from reporting persons that no other reports were required, to the best of our knowledge, during our fiscal 2013, all Section 16(a) filing requirements applicable to our reporting persons were met.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

OBJECTIVES OF OUR EXECUTIVE COMPENSATION PROGRAM

The compensation committee of our Board administers our executive compensation program. The general philosophy of our executive compensation program is to align executive compensation with the Company's business objectives and the long-term interests of our stockholders. To that end, the compensation committee believes executive compensation packages provided by the Company to its executives, including the named executive officers, should include both cash and stock-based compensation that reward performance as measured against established goals. In addition, the Company strives to provide compensation that is competitive with other peer group companies and that will allow us to attract, motivate, and retain qualified executives with superior talent and abilities. Our executive compensation is designed to reward achievement of the Company's corporate goals.

THE ROLE OF THE COMPENSATION COMMITTEE

The compensation committee has the primary authority to determine the Company's compensation philosophy and to establish compensation for the Company's executive officers. The compensation committee oversees the Company's compensation and benefit plans and policies; administers the Company's stock option plans; reviews the compensation components provided to officers, employees, and consultants; grants equity compensation to our officers, employees, and consultants; and reviews and makes recommendations to the Board regarding all forms of compensation to be provided to the members of the Board.

The compensation committee generally sets the initial compensation of each executive. The compensation committee annually reviews and in some cases adjusts compensation for executives. Although, the chief executive officer provides recommendations to the compensation committee regarding the compensation of the other executive officers, the compensation committee has full authority over all compensation matters relating to executive officers.

ELEMENTS OF EXECUTIVE COMPENSATION

Although the compensation committee has not adopted any formal guidelines for allocating total compensation between equity compensation and cash compensation, it strives to maintain a strong link between executive incentives and the creation of stockholder value. Executive compensation consists of the following elements:

Base Salary. Base salaries for our executives are generally established based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions and recognizing cost of living considerations. Prior to making its recommendations and determinations, the compensation committee reviews each executive's:

- Historical pay levels.
- Past performance, and
- Expected future contributions.

The compensation committee does not use any particular indices or formulae to arrive at each executive's recommended pay level.

Equity Award. We also use long-term incentives primarily in the form of stock grants. Employees and executive officers generally receive stock grants at the commencement of employment, the majority of which, if not all, vest upon the attainment of corporate goals. We believe that stock grants are instrumental in aligning the long-term interests of the Company's employees and executive officers with those of the stockholders.

Reflects dollar amount expensed by the company during applicable fiscal year for financial statement reporting purposes pursuant to FAS 123R. FAS 123R requires the company to determine the overall value of the options as of the date of grant based upon the Black-Scholes method of valuation, and to then expense that value over the service period over which the options become exercisable (vest). As a general rule, for time-in-service-based (1) options, the company will immediately expense any option or portion thereof which is vested upon grant, while expensing the balance on a pro rata basis over the remaining vesting term of the option. For a description FAS 123 R and the assumptions used in determining the value of the options under the Black-Scholes model of valuation, if applicable, see the notes to the financial statements included with this Form 10-K.

a preceding column.

Limitation of Liability of Directors

The laws of the State of Nevada and the Company's By-laws provide for indemnification of the Company's directors for liabilities and expenses that they may incur in such capacities. In general, directors and officers are indemnified with respect to actions taken in good faith in a manner reasonably believed to be in, or not opposed to, the best interests of the Company, and with respect to any criminal action or proceeding, actions that the indemnitee had no reasonable cause to believe were unlawful.

The Company has been advised that in the opinion of the Securities and Exchange Commission, indemnification for liabilities arising under the Securities Act is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Certain Effects of the Proposal One

The increase in authorized shares of Common or Preferred Stock is not being proposed as a means of preventing or dissuading a change in control or takeover of us. However, use of these shares for such a purpose is possible. Authorized but unissued or unreserved Common Stock and Preferred Stock, for example, could be issued in an effort to dilute the stock ownership and voting power of persons seeking to obtain control of us or could be issued to purchasers who would support the Board of Directors in opposing a takeover proposal. In addition, the increase in authorized shares of Common and Preferred Stock, if approved, may have the effect of discouraging a challenge for control or make it less likely that such a challenge, if attempted, would be successful. The Board of Directors and our executive officers have no knowledge of any current effort to obtain control of us or to accumulate large amounts of shares of our Common Stock.

The holders of shares of our Common and Preferred Stock are not entitled to preemptive rights with respect to the issuance of additional shares of Common and Preferred Stock or securities convertible into or exercisable for shares of Common Stock. Accordingly, the issuance of additional shares of our Common and Preferred Stock or such other securities might dilute the ownership and voting rights of stockholders.

The proposed amendment to the Articles of Incorporation does not change the terms of the Common and Preferred Stock. The additional shares of Common Stock for which authorization is sought will have the same voting rights, the same rights to dividends and distributions and will be identical in all other respects to the Common Stock now authorized. Voting rights of preferred stock is determined when the preferred shares have been designated for issuance.

We could also use the additional shares of Common and Preferred Stock for potential strategic transactions, including, among other things, acquisitions, spin-offs, strategic partnerships, joint ventures, restructurings, divestitures, business combinations and investments. We cannot provide assurances that any such transactions will be consummated on favorable terms or at all, that they will enhance stockholder value or that they will not adversely affect our business or the trading price of the Common Stock. Preferred Stock will not be listed for trading. Any such transaction may require us to incur non-recurring or other charges and may pose significant integration challenges and/or management and business disruptions, any of which could materially and adversely affect our business and financial results.

If approved by stockholders, it is anticipated that the amendment to the Articles of Incorporation will become effective upon the filing of a Articles of Amendment with the Secretary of State for the State of Nevada, which filing is expected to occur as soon as practicable after the Special Meeting.

INCORPORATION OF FINANCIAL AND OTHER INFORMATION BY REFERENCE

The Board of Directors recommends a vote FOR the proposal to amend our Articles of Incorporation to increase the number of authorized shares to 1,000,000,000 shares of Common Stock and to 50,000,000 shares of Preferred Stock, par value \$0.001 per share.

The Board of Directors recommends a vote FOR the proposal to adopt our 2013 Equity Compensation Plan covering 30 million shares of our common stock.

Sincerely,

/s/ Chua Leong Hin

The total number of Shares which may be issued under the Plan is less than 15% of the total Shares outstanding, which shall not exceed 30,000,000 Shares. The Shares may consist, in whole or in part, of unissued Shares or treasury Shares. The issuance of Shares or the payment of cash upon the exercise of an Award shall reduce the total number of Shares available under the Plan, as applicable. Shares which are subject to Awards which terminate or lapse may be granted again under the Plan.

4. ADMINISTRATION

The Plan shall be administered by the Board of Directors or the Committee, which may delegate its duties and powers in whole or in part to any subcommittee thereof consisting solely of at least two individuals who are intended to qualify as "non-employee directors" within the meaning of Rule 16b-3 under the Act (or any successor rule thereto) and "outside directors" within the meaning of Section 162(m) of the Code (or any successor section thereto). Awards may, in the discretion of the Committee, be made under the Plan in assumption of, or in substitution for, outstanding awards previously granted by the Company or its affiliates or a company acquired by the Company or with which the Company combines. The number of Shares underlying such substitute awards shall be counted against the aggregate number of Shares available for Awards under the Plan. The Committee is authorized to interpret the Plan, to establish, amend and rescind any rules and regulations relating to the Plan, and to make any other determinations that it deems necessary or desirable for the administration of the Plan. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan in the manner and to the extent the Committee deems necessary or desirable. Any decision of the Committee in the interpretation and administration of the Plan, as described herein, shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned (including, but not limited to, Participants and their beneficiaries or successors). The Committee shall have the full power and authority to establish the terms and conditions of any Award consistent with the provisions of the Plan and to waive any such terms and conditions at any time (including, without limitation, accelerating or waiving any vesting conditions). The Committee shall require payment of any amount it may determine to be necessary to withhold for federal, state, local or other taxes as a result of the exercise of an Award. Unless the Committee specifies otherwise, the Participant may elect to pay a portion or all of such withholding taxes by (a) delivery in Shares or (b) having Shares withheld by the Company from any Shares that would have otherwise been received by the Participant.

5. LIMITATIONS

No Award may be granted under the Plan after the tenth anniversary of the Effective Date, but Awards theretofore granted may extend beyond that date.

6. TERMS AND CONDITIONS OF OPTIONS

Options granted under the Plan shall be, as determined by the Committee, nonqualified or incentive stock options for federal income tax purposes, as evidenced by the related Award agreements, and shall be subject to the foregoing and the following terms and conditions and to such other terms and conditions, not inconsistent therewith, as the Committee shall determine:

(a) Option Price. The Option Price per Share shall be determined by the Committee.

(b) Exercisability. Options granted under the Plan shall be exercisable at such time and upon such terms and conditions as may be determined by the Committee, but in no event shall an Option be exercisable more than ten years after the date it is granted.

(c) Exercise of Options. Except as otherwise provided in the Plan or in an Award agreement, an Option may be exercised for all, or from time to time any part, of the Shares for which it is then exercisable. For purposes of Section 6 of the Plan, the exercise date of an Option shall be the later of the date a notice of exercise is received by the Company and, if applicable, the date payment is received by the Company pursuant to clauses (i), (ii) or (iii) in the following sentence. The purchase price for the Shares as to which an Option is exercised shall be paid to the Company in full at the time of exercise at the election of the Participant (i) in cash or its equivalent (e.g., by check); (ii) in Shares having a Fair Market Value equal to the aggregate Option Price for the Shares being purchased and satisfying such other requirements as may be imposed by the Committee; provided, that such Shares have been held by the Participant for no less than six months (or such other period as established from time to time by the Committee or generally accepted accounting principles); (iii) partly in cash and partly in such Shares; or (iv) through the delivery of irrevocable instruments to a broker to deliver promptly to the Company an amount equal to the aggregate Option price for the shares being purchased. No Participant shall have any rights to dividends or other rights of a stockholder with respect to Shares subject to an Option until the Participant has given written notice of exercise of the Option, paid in full for such Shares and, if applicable, has satisfied any other conditions imposed by the Committee pursuant to the Plan.

(d) ISOs. The Committee may grant to employees Options under the Plan that are intended to be ISOs. Such ISOs shall comply with the requirements of Section 422 of the Code (or any successor section thereto), including, without limitation the requirement that the Option Price per Share subject to an ISO shall not be less than 100% of the Fair Market Value of the Shares on the date an ISO is granted. No ISO may be granted to any Participant who at the time of such grant, owns more than ten percent of the total combined voting power of all classes of stock of the Company or of any Subsidiary, unless (i) the Option Price for such ISO is at least 110% of the Fair Market Value of a Share on the date the ISO is granted and (ii) the date on which such ISO terminates is a date not later than the day preceding the fifth anniversary of the date on which the ISO is granted. Any Participant who disposes of Shares acquired upon the exercise of an ISO either (i) within two years after the date of grant of such ISO or (ii) within one year after the

transfer of such Shares to the Participant, shall notify the Company of such disposition and of the amount realized upon such disposition.

(e) Attestation. Wherever in this Plan or any agreement evidencing an Award a Participant is permitted to pay the exercise price of an Option or taxes relating to the exercise of an Option by delivering Shares, the Participant may, subject to procedures satisfactory to the Committee, satisfy such delivery requirement by presenting proof of beneficial ownership of such Shares, in which case the Company shall treat the Option as exercised without further payment and shall withhold such number of Shares from the Shares acquired by the exercise of the Option.

7. STOCK-BASED AWARDS

(a) Generally. The Committee, in its sole discretion, may grant Awards of Shares, Awards of restricted Shares and Awards that are valued in whole or in part by reference to, or are otherwise based on the Fair Market Value of, Shares ("Stock-Based Awards"). Such Stock-Based Awards shall be in such form, and dependent on such conditions, as the Committee shall determine, including, without limitation, the right to receive one or more Shares (or the equivalent cash value of such Shares) upon the completion of a specified period of service, the occurrence of an event and/or the attainment of performance objectives. Stock-Based Awards may be granted alone or in addition to any other Awards granted under the Plan. Subject to the provisions of the Plan, the Committee shall determine to whom and when other Stock-Based Awards will be made, the number of Shares to be awarded under (or otherwise related to) such Stock-Based Awards; whether such Stock-Based Awards shall be settled in cash, Shares or a combination of cash and Shares; and all other terms and conditions of such Awards (including, without limitation, the vesting provisions thereof and provisions ensuring that all Shares so awarded and issued shall be fully paid and non-assessable).

(b) Performance-Based Awards. Notwithstanding anything to the contrary herein, certain Stock-Based Awards granted under this Section 8 may be granted in a manner which is deductible by the Company under Section 162(m) of the Code (or any successor section thereto) ("Performance-Based Awards"). A Participant's Performance-Based Award shall be determined based on the attainment of written performance goals approved by the Committee for a performance period established by the Committee (i) while the outcome for that performance period is substantially uncertain and (ii) no more than 90 days after the commencement of the performance period to which the performance goal relates or, if less, the number of days which is equal to 25 percent of the relevant performance period. The performance goals, which must be objective, shall be based upon one or more of the following criteria: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per Share; (v) book value per Share; (vi) return on shareholders' equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) profitability of an identifiable business unit or product; (xi) maintenance or improvement of profit margins; (xii) stock price; (xiii) market share; (xiv) revenues or sales; (xv) costs; (xvi) cash flow; (xvii) working capital and (xviii) return on assets. The foregoing criteria may relate to the Company, one or more of its Subsidiaries or one or more of its divisions or units, or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the Committee shall determine. In addition, to the degree consistent with Section 162(m) of the Code (or any successor section thereto), the performance goals may be calculated without regard to extraordinary items. The Committee shall determine whether, with respect to a performance period, the applicable performance goals have been met with respect to a given Participant and, if they have, to so certify and ascertain the amount of the applicable Performance Based Award. No Performance-Based Awards will be paid for such performance period until such certification is made by the Committee. The amount of the Performance-Based Award actually paid to a given Participant may be less than the amount determined by the applicable performance goal formula, at the discretion of the Committee. The amount of the Performance-Based Award determined by the Committee for a performance period shall be paid to the Participant at such time as determined by the Committee in its sole discretion after the end of such performance period; provided, however, that a Participant may, if and to the extent permitted by the Committee and consistent with the provisions of Section 162(m) of the Code, elect to defer payment of a Performance-Based Award.

8. ADJUSTMENTS UPON CERTAIN EVENTS

Notwithstanding any other provisions in the Plan to the contrary, the following provisions shall apply to all Awards granted under the Plan:

(a) Generally. In the event of any change in the outstanding Shares after the Effective Date by reason of any Share dividend or split, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of Shares or other corporate exchange, or any distribution to shareholders of Shares other than regular cash dividends or any transactions similar to the foregoing, the Committee in its sole discretion and without liability to any person may make such substitution or adjustment, if any, as it deems to be equitable, as to (i) the number or kind of Shares or other securities issued or reserved for issuance pursuant to the Plan or pursuant to outstanding Awards, (ii) the Option Price and/or (iii) any other affected terms of such Awards.

(b) Change in Control. Except as otherwise provided in an Award agreement or an employment, severance or change in control agreement, in the event of a Change in Control or a Parent Triggering Event, the Committee in its sole discretion and without liability to any person may take such actions, if any, as it deems necessary or desirable with respect to any Award (including, without limitation, (i) the acceleration of an Award, (ii) the payment of a cash amount in exchange for the cancellation of an Award and/or (iii) the requiring of the issuance of substitute Awards that will substantially preserve the value, rights and benefits of any affected Awards previously granted hereunder) as of the date of the consummation of the Change in Control.

9. NO RIGHT TO EMPLOYMENT OR AWARDS

The granting of an Award under the Plan shall impose no obligation on the Company or any Subsidiary to continue the employment or service or consulting relationship of a Participant and shall not lessen or affect the Company's or Subsidiary's right to terminate the employment or service or consulting relationship of such Participant. No Participant or other Person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Participants, or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant (whether or not such Participants are similarly situated).

10. SUCCESSORS AND ASSIGNS

The Plan shall be binding on all successors and assigns of the Company and a Participant, including without limitation, the estate of such Participant and the executor, administrator or trustee of such estate, or any receiver or trustee in bankruptcy or representative of the Participant's creditors.

11. NONTRANSFERABILITY AWARDS

Unless otherwise determined by the Committee or as hereinafter provided, an Award shall not be transferable or assignable by the Participant otherwise than representatives or distributees of the Participant. However, unless the Award agreement provides otherwise, a Participant may transfer his or her rights under a nonqualified Option agreement, by assignment, satisfactory in form and substance to the Committee, to a trust or similar entity established solely for the benefit of the Participant's lineal descendants; provided, that such assignee must first agree to be bound by the same terms and conditions as the Participant with respect to such Option; and provided, further, that the rights of such assignee shall not themselves be transferable.

12. AMENDMENTS OR TERMINATION

The Board may amend, alter or discontinue the Plan, but no amendment, alteration or discontinuation shall be made which, (a) without the approval of the shareholders of the Company, would (except as is provided in Section 9 of the Plan), increase the total number of Shares reserved for the purposes of the Plan or change the maximum number of Shares for which Awards may be granted to any Participant or (b) without the consent of a Participant, would impair any of the rights or obligations under any Award theretofore granted to such Participant under the Plan; provided, however, that the Committee may amend the Plan in such manner as it deems necessary to permit the granting of Awards meeting the requirements of the Code or other applicable laws. Notwithstanding anything to the contrary herein, the Board may not amend, alter or discontinue the provisions relating to Section 8(b) of the Plan after the occurrence of a Change in Control.

13. INTERNATIONAL PARTICIPANTS

With respect to Participants who reside or work outside the United States of America and who are not (and who are not expected to be) "covered employees" within the meaning of Section 162(m) of the Code, the Committee may, in its sole discretion, amend the terms of the Plan or Awards with respect to such Participants in order to conform such terms with the requirements of local law.

14. CHOICE OF LAW

The Plan shall be governed by and construed in accordance with the laws of the State of Nevada, without regard to conflicts of laws.

15. EFFECTIVENESS OF THE PLAN

The Plan shall be effective as of the Effective Date.
