DXP ENTERPRISES, INC.
Proxy Statement
For Annual Meeting of Shareholders
to be Held June 18, 2010

This Proxy Statement is furnished to the shareholders of DXP Enterprises, Inc. (the “Company” or “DXP”), 7272 Pinemont, Houston, Texas 77040 (Tel. No. 713/996-4700), in connection with the solicitation by the Board of Directors of DXP (the “Board”) of proxies to be voted at the Annual Meeting of Shareholders to be held on Friday, June 18, 2010, at 9:00 a.m., Central Daylight Time, at DXP’s offices, 7272 Pinemont, Houston, Texas 77040, or any adjournment thereof.

Proxies in the form enclosed, properly executed by shareholders and received in time for the meeting, will be voted as specified therein, unless revoked in the manner provided below. The Board recommends a vote “FOR” the nominees for director listed in the proxy statement and the accompanying proxy card. If a shareholder does not specify otherwise in the proxy, the shares represented by his or her proxy will be voted as recommended by the Board. The giving of a proxy does not preclude the right to vote in person should the person giving the proxy so desire, and the proxy may be revoked at any time before it is exercised by written notice delivered to the Corporate Secretary at 7272 Pinemont, Houston, Texas 77040 at or prior to the meeting. This Proxy Statement and accompanying form of proxy are being mailed on or about April 30, 2010 to shareholders of record on April 20, 2010 (the “Record Date”).

At the close of business on the Record Date there were outstanding and entitled to vote 13,687,189 shares of Common Stock, par value \$0.01 per share (the “Common Stock”), 1,122 shares of Series A Preferred Stock, par value \$1.00 per share (the “Series A Preferred Stock”), and 15,000 shares of Series B Preferred Stock, par value \$1.00 per share (the “Series B Preferred Stock”), and only the holders of record on the Record Date are entitled to vote at the meeting.

The holders of record of Common Stock on the Record Date will be entitled to one vote per share on each matter presented to such holders at the meeting. The holders of record of Series A Preferred Stock and Series B Preferred Stock on the Record Date will be entitled to one-tenth of one vote per share on each matter presented to such holders at the meeting voting together with the holders of Common Stock as a single class. The presence at the meeting, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock, Series A Preferred Stock and Series B Preferred Stock is necessary to constitute a quorum for the transaction of business at the meeting.

Shares of Common Stock, Series A Preferred Stock and Series B Preferred Stock voting together as a class, held by shareholders present in person or represented by proxy, including shares held by shareholders that abstain or do not vote with respect to one or more of the matters presented for shareholder approval, will be counted for purposes of determining whether a quorum is present at the meeting.

If a broker does not have discretionary voting authority to vote shares for which it is the holder of record with respect to a particular matter at the meeting, the broker cannot vote the shares, although they will be counted in determining whether a quorum is present. Accordingly, these broker non-votes and any abstentions would not be treated as a vote for or against a matter that requires the affirmative vote of a certain percentage of the votes cast on that matter.

The affirmative vote of the holders of shares representing a plurality of the votes cast by the holders of our Common Stock, Series A Preferred Stock and Series B Preferred Stock voting together as a class and entitled to vote at the meeting is required for the election of directors. The affirmative vote of the holders of shares representing at least a majority of the votes cast by the holders of our Common Stock, Series A Preferred Stock and Series B Preferred Stock voting together as a class and entitled to vote at the meeting is required for the approval of any other matters to be voted upon at the meeting.

MATTERS TO COME BEFORE THE MEETING

Proposal 1: Election of Directors

The holders of Common Stock, Series A Preferred Stock and Series B Preferred Stock, voting together as a single class, are entitled to vote with respect to each of the four nominees for election to the Board. All directors hold office until the next Annual Meeting of Shareholders or until their respective successors are duly elected and qualified or their earlier resignation or removal.

It is the intention of the persons named in the proxies for the holders of Common Stock, Series A Preferred Stock and Series B Preferred Stock to vote the proxies for the election of the nominees named below, unless otherwise specified in any particular proxy. Management of DXP does not contemplate that any of the nominees will become unavailable for any reason, but if that should occur before the meeting, proxies will be voted for another nominee, or other nominees, to be selected by the Board. In accordance with DXP's Bylaws and Texas law, a shareholder entitled to vote for the election of directors may withhold authority to vote for certain nominees for directors or may withhold authority to vote for all nominees for directors. The director nominees receiving a plurality of the votes of the holders of shares of Common Stock, Series A Preferred Stock and Series B Preferred Stock, voting together as a single class, present in person or by proxy at the meeting and entitled to vote on the election of directors will be elected directors.

The persons listed below have been nominated for election to fill the four director positions to be elected by the holders of the Common Stock, Series A Preferred Stock and Series B Preferred Stock, voting together as a single class.

Corporate Governance and Other Board Matters

DXP is committed to having sound corporate governance principles. Having such principles is essential to running DXP's business efficiently and maintaining DXP's integrity in the marketplace.

Code of Ethics

DXP has adopted a code of business conduct and ethics for directors, officers (including DXP's principal executive officer, principal financial officer and controller) and employees, known as the Business Ethics Policy. The Business Ethics Policy is available on DXP's website at <http://www.DXPE.com>. DXP intends to post amendments to or waivers (to the extent applicable to DXP's principal executive officer, principal financial officer or controller, or persons performing similar functions), if any, from its Business Ethics Policy at the same location on the DXP website.

Board Independence

The Board has determined that each of the current directors standing for re-election, except David R. Little, the Chairman of the Board and Chief Executive Officer, has no material relationship with DXP (either directly or as a

partner, shareholder or officer of an organization that has a relationship with DXP) and is “independent” within the requirements of the NASDAQ listing standards. The Board had previously determined that Charles R. Strader, who resigned his position as a director on April 8, 2010, was not “independent” within the

requirements of the NASDAQ listing standards. Furthermore, the Board has determined that each of the members of each of the committees of the Board of Directors has no material relationship with DXP (directly or as a partner, shareholder or officer of an organization that has a relationship with DXP) and is "independent" within the requirements of the NASDAQ listing standards.

Board Structure and Committee Composition

The Board does not have a policy on whether or not the roles of Chairman of the Board and Chief Executive Officer should be separate or combined and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee. The directors serving on the Board possess considerable professional and industry experience and a unique knowledge of the challenges and opportunities that DXP faces. As such, the Board believes that it is in the best position to evaluate the needs of DXP and to determine how best to organize DXP's leadership structure to meet those needs. The Board believes that the most effective leadership structure for DXP at the present time is for Mr. Little to serve as both Chairman of the Board and Chief Executive Officer.

This model has succeeded because it makes clear that the Chairman of the Board and Chief Executive Officer is responsible for managing our business, under the oversight and review of our Board. This structure also enables our Chief Executive Officer to act as a bridge between management and the Board, helping both to act with a common purpose. Mr. Little has been our Chairman of the Board and Chief Executive Officer since DXP's organization in 1996 and has been with DXP and its predecessor companies for over 34 years.

The Board believes that there is already substantial independent oversight of DXP's management and a strong counterbalancing governance structure in place, as demonstrated by the following:

- We have a majority of independent directors: Three out of the four directors meet the criteria for independence required by NASDAQ; and only Mr. Little is deemed not to be independent.
- All committees are composed solely of independent directors: Our Audit, Compensation and Nominating and Governance Committees are each composed solely of independent directors. Each of our independent directors serves on each of the committees.
 - Non-employee directors meet regularly: Our non-employee directors typically meet in executive session without our employee director (Mr. Little) at each regularly scheduled Board meeting. Our non-employee directors held four executive sessions during the year ended December 31, 2009.

The Board has established an Audit Committee, a Nominating and Governance Committee and a Compensation Committee. During the fiscal year ended December 31, 2009, the Board met four times, the Compensation Committee met four times, the Nominating and Governance Committee met four times and the Audit Committee met four times. Each director attended all of the meetings of the Board and committees of which he is a member. DXP does not have a policy regarding director attendance at Annual Meetings of DXP shareholders. One director attended the last Annual Meeting of shareholders.

Messrs. Davis, Miller and Halter are the members of the Audit Committee, Compensation Committee and Nominating and Governance Committee.

Audit Committee

DXP has an Audit Committee, which assists the Board in fulfilling its responsibilities for general oversight of the integrity of DXP's financial statements, DXP's compliance with legal and regulatory requirements, the independent auditors' qualifications and independence and the performance of DXP's independent auditors. Among other things, the Audit Committee prepares the Audit Committee report for inclusion in the annual proxy statement; annually reviews the Audit Committee charter; appoints, evaluates and determines the compensation of DXP's independent auditors; reviews and approves the financial statements, the audit fee and the scope of the annual audit; reviews DXP's disclosure controls and procedures, internal controls and corporate policies with respect to financial information; oversees investigations into complaints concerning financial matters; and reviews other risks that may have a significant impact on DXP's financial statements. The Audit Committee works closely with management as well as DXP's independent auditors. The Audit Committee

has the further responsibility of overseeing DXP's Business Ethics Policy. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from DXP for outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties.

The Board has determined that Audit Committee member Kenneth H. Miller is an audit committee financial expert as defined by Item 407(d)(5)(ii) of Regulation S-K, as adopted by the Securities and Exchange Commission, and is independent within the meaning of the NASDAQ listing standards. The report of the Audit Committee is included herein beginning on page 19. A current copy of the charter of the Audit Committee is available on DXP's website at <http://www.DXPE.com>.

Compensation Committee

The Compensation Committee discharges the Board's responsibilities relating to compensation of DXP's executive officers and directors; produces an annual report on executive compensation for inclusion in DXP's proxy statement; provides general oversight of equity compensation plans; and retains and approves the terms of the retention of any compensation consultants and other compensation experts. Other specific duties and responsibilities of the Compensation Committee include: reviewing and approving objectives relevant to executive officer compensation, evaluating performance and determining the compensation of executive officers in accordance with those objectives; approving employment agreements for executive officers; approving and amending DXP's incentive compensation for executive officers and stock compensation programs (subject to shareholder approval if required); recommending director compensation to the Board; monitoring director and executive stock ownership; and annually evaluating its charter.

A current copy of the charter for the Compensation Committee is available on DXP's website at <http://www.DXPE.com>.

Nominating and Governance Committee

The Nominating and Governance Committee identifies individuals qualified to become Board members, consistent with criteria approved by the Board; oversees the organization of the Board to discharge the Board's duties and responsibilities properly and efficiently; and identifies best practices and recommends corporate governance principles, including giving proper attention and making effective responses to shareholder concerns regarding corporate governance. Other specific duties and responsibilities of the Nominating and Governance Committee include: annually assessing the size and composition of the Board; developing membership qualifications for Board committees; defining specific criteria for director independence; monitoring compliance with Board and Board committee membership criteria; coordinating and assisting management and the Board in recruiting new members to the Board; annually, and together with the Chairman of the Compensation Committee, evaluating the performance of the Chairman of the Board and Chief Executive Officer and presenting the results of the review to the Board and to the Chairman of the Board and Chief Executive Officer; reviewing and recommending proposed changes to DXP's charter or bylaws and Board committee charters; recommending Board committee assignments; reviewing governance-related shareholder proposals and recommending Board responses; and conducting a preliminary review of director independence and the financial literacy and expertise of Audit Committee members.

A current copy of the charter for the Nominating and Governance Committee is available on DXP's website at <http://www.DXPE.com>.

Board's Role in Risk Oversight

Our Board receives regular reports from Mr. Little, our Chairman of the Board and Chief Executive Officer, and other members of our senior management who supervise various aspects of our business, including operations, finance, compliance, investor relations and safety and environmental matters, on risk management.

Consideration of Shareholder Nominations

The policy of the Nominating and Governance Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board as described below

under “Identifying and Evaluating Nominees for Directors.” In evaluating such nominations, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under “Director Qualifications.” The Nominating and Governance Committee does not have a specific policy regarding diversity and believes that the backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of experiences, knowledge, attributes and abilities that will allow the Board to fulfill its responsibilities. Any shareholder nominations proposed for consideration by the Nominating and Governance Committee in accordance with DXP’s Bylaws and the Nominating and Governance Committee Charter should include the nominee’s name and qualifications for board membership and should be addressed to:

Corporate Secretary
DXP Enterprises, Inc.
7272 Pinemont
Houston, TEXAS 77040

Director Qualifications

Members of the Board should have the highest professional and personal ethics and values, consistent with longstanding DXP values and standards. They should have broad experience at the policy-making level in business, government, education or public interest. They should be committed to enhancing shareholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties.

Identifying and Evaluating Nominees for Directors

The Nominating and Governance Committee uses a variety of methods for identifying and evaluating nominees for director. The Nominating and Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Governance Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating and Governance Committee through current board members, professional search firms, shareholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating and Governance Committee and may be considered at any point during the year. The Nominating and Governance Committee will consider properly submitted shareholder nominations for candidates for the Board. Following verification of the shareholder status of persons proposing candidates, recommendations will be aggregated and considered by the Nominating and Governance Committee at a regularly scheduled meeting prior to the issuance of the proxy statement for DXP’s Annual Meeting. If any materials are provided by a shareholder in connection with the nomination of a director candidate, such materials will be forwarded to the Nominating and Governance Committee. In evaluating such nominations, the Nominating and Governance Committee will seek to achieve a balance of knowledge, experience and capability on the Board.

Executive Sessions

Executive sessions of non-management directors are held at least four times a year. The sessions are scheduled and chaired by the Chair of the Audit Committee. Any non-management director may request that an additional executive session be scheduled.

Communications with the Board

Shareholders may communicate with the Board by submitting an e-mail to the attention of the Board at hr@dxpe.com or by mailing correspondence to the Board of Directors c/o Human Resources, 7272 Pinemont, Houston, Texas 77040. All such correspondence will be forwarded to the Board. Communications that are intended specifically for non-management directors should be sent to the attention of the Audit Committee. All such correspondence will be forwarded to the Chairman of the Audit Committee.

Compensation Discussion and Analysis

The Compensation Committee is composed of Cletus Davis, Timothy Halter and Kenneth Miller. The purpose of the Compensation Committee is to review, approve and make recommendations to the Board on matters regarding the compensation of officers, directors, employees, consultants and agents of DXP and act as the administrative committee for any stock plans of DXP. The Compensation Committee makes its compensation decisions based upon its own research and analysis, with input from the principal executive officer or chief executive officer other than with respect to his own compensation. The Compensation Committee has the authority to obtain advice and assistance from, and receive appropriate funding from DXP for, compensation consultants, legal, accounting and other advisors as the Compensation Committee deems necessary to carry out its duties.

We have adopted a basic philosophy and practice of offering market competitive compensation that is designed to attract, retain and motivate a highly-qualified executive management team. With respect to our principal executive officer, principal financial officer and the other three most highly-compensated executive officers (collectively referred to as the “Named Executives”), this discussion describes our compensation philosophy and objectives, the methodologies used for establishing the compensation programs for the Named Executives and the policies and practices to administer such programs.

Compensation Philosophy and Objectives

The Compensation Committee is comprised entirely of non-employee directors. In addition to offering market competitive compensation programs, we place significant emphasis on pay for results where the primary goal is to motivate executive management to achieve the business and strategic objectives that drive shareholder value. Our executive compensation programs have been designed to achieve the following objectives:

- attract and retain talented and experienced executives by offering market competitive compensation;
- encourage teamwork and support a pay-for-results policy; and
 - motivate key executives to achieve strategic business initiatives and to reward them for their achievements.

In pursuit of these objectives, the Compensation Committee believes that the compensation packages provided to the Named Executives should include both base salary and incentive compensation, with an emphasis on pay that is based on DXP’s performance.

Methodologies for Establishing Compensation

In determining the appropriate compensation levels for our chief executive officer, the Compensation Committee meets outside the presence of all our executive officers. With respect to the compensation levels of all other Named Executives, the Compensation Committee meets with our chief executive officer who makes recommendations to the committee regarding the compensation of the other Named Executives.

The Compensation Committee carefully considers the recommendations of the chief executive officer when making decisions on setting base salary and granting awards under the incentive bonus plan to other Named Executives. The Compensation Committee similarly determines equity incentive awards for each Named Executive on a case by case basis. In making compensation determinations, the Compensation Committee acts on the recommendations of the chief executive officer, with modifications as deemed appropriate by the Compensation Committee, for Named Executives other than the chief executive officer. The Compensation Committee determines each element of compensation for the chief executive officer and the other Named Executives.

The allocation between cash and non-cash compensation for Named Executives is based on the Compensation Committee's determination of the appropriate mix among base pay, annual cash incentives and long-term equity incentives to encourage retention and performance. For the fiscal year ended December 31, 2009, the elements of the compensation mix included:

- Base salary;
- Incentive cash bonuses;
- Equity based compensation; and
- Broad-based benefits programs.

Base Salary

The Compensation Committee establishes the base salary of each Named Executive based on consideration of the individual's performance and experience, company performance and internal equitable considerations to support teamwork. The Compensation Committee considers the recommendations of our chief executive officer in determining the appropriate base salary levels for the Named Executives, other than the chief executive officer. The Compensation Committee considers the compensation of the chief executive officers of other comparable publicly-held companies in determining the appropriate base salary for our chief executive officer. Although the Compensation Committee believes that competitive base salaries are necessary to attract and retain a highly-qualified executive team, it believes that a significant portion of executive compensation should be based on a pay-for-results model.

Incentive Cash Bonuses

Each of our Named Executives is eligible to receive an incentive cash bonus. Under the terms of the employment agreement with our Chief Executive Officer, he is entitled to receive a bonus of 5% of our profit before tax income, which is determined and paid on a monthly basis. The Compensation Committee can decide to pay all or a portion of this bonus in the form of restricted stock. The determination of whether the bonus is to be paid in cash or shares of restricted stock is to be made prior to the date on which the amount of the bonus is determined. If shares of restricted stock will be issued, the number of shares is determined by dividing the portion of the bonus to be paid in restricted stock by the closing price of a share of our Common Stock on the last day of the month for which the bonus was earned, rounded up to the nearest whole share. Mr. Little was paid \$448,193 of the incentive bonus he earned during 2009 in the form of 38,470 shares of restricted stock. The restricted stock awards vest one year after the date of the award.

Under the terms of the employment agreement with our principal financial officer, he is entitled to receive a bonus in cash of 0.75% of our profit before income tax, which is determined and paid on a monthly basis.

At the beginning of each year, our chief executive officer makes a recommendation to the Compensation Committee, which the Committee reviews and approves, regarding whether our other Named Executives will receive an incentive

cash bonus and, if so, how the incentive cash bonus will be calculated. Each incentive cash bonus is calculated by multiplying our profit before income tax, less a specified amount, by a specific percentage. In 2009, the incentive cash bonus percentages for Messrs. Strader, Vinson and Jeffery were 0.75%, 1.0%, and 1.0%, respectively. The specific amounts deducted from our profit before income tax for the calculation of incentive cash bonuses were \$18 million, \$14 million and \$18 million, respectively. The incentive cash bonuses are determined and paid monthly.

Equity-Based Compensation

The Compensation Committee awards equity-based compensation to reward past performance and to retain our Named Executives by granting awards that vest over time. On March 6, 2008, the Compensation Committee of the Board of Directors of DXP established an equity incentive program under which David R. Little can earn an award of up to \$100,000 of restricted Common Stock under the 2005 Restricted Stock Plan each year for three years. Under the program, the number of restricted shares, if any, awarded on March 31 of each year will be calculated by dividing the value of the award by the closing price of the Common Stock on March 31 of each year. The value of each award will be determined based upon the increase of sales and net income for the preceding fiscal year. If both sales and net income increase by 20% or more for the preceding fiscal year the value of the award will be \$100,000. An increase of less than 10% in sales and net income will result in an award of zero. Growth of between 10% and 20% will result in an award between zero and \$100,000 as determined on a straight line basis by a matrix of sales growth and net income growth. The first award granted to Mr. Little under this program was a grant of 9,680 shares of restricted stock on March 31, 2009, which represented the full \$100,000 award available, because sales increased 66% and net income increased 49% in 2008 from 2007. This award vests in one-third increments over three years. Mr. Little did not earn an award under this plan for 2009.

The Compensation Committee determines whether grants of equity-based compensation will be given to the other Named Executives each year based on the performance of the Company as a whole, the performance of the business unit for which the Named Executive is responsible and the contribution that the Named Executive made to the Company, together with a recommendation of our chief executive officer. No equity-based compensation awards were made to the other Named Executives during 2009 based upon 2009 results. The equity-based compensation awarded to the Named Executives is determined by the Compensation Committee on a case-by-case basis.

Executive Employment Agreements

DXP entered into an employment agreement effective January 1, 2004, as amended, with Mr. Little. The agreement is for an initial term of three years, renewable annually for a term to extend three years from such renewal date. The agreement provides for compensation in a minimum amount of \$448,000 per year, to be reviewed at least annually for possible increases, monthly bonuses equal to 5% of the profit before tax of DXP as shown on the books and records of DXP at the end of each month and other perquisites in accordance with DXP policy. The aggregate of the monthly bonuses in any calendar year must not exceed twice his annual base salary. In the event Mr. Little terminates his employment for "Good Reason" (as defined in the employment agreement), or is terminated by the Company for other than "Good Cause" (as defined in the employment agreement), Mr. Little would receive a cash lump-sum payment equal to the sum of (i) the base salary for the remainder of the employment period under the agreement, (ii) an amount equal to the sum of the most recent 12 months of bonus paid to him, (iii) two times the sum of his current annual base salary plus the total of the most recent 12 months of bonuses, (iv) all compensation previously deferred and any accrued interest thereon, and any accrued vacation pay not yet paid by the Company, and (v) continuation of benefits under the Company's benefit plans for the current employment period. Mr. Little is also entitled under the agreement to certain gross-up payments if an excise tax is imposed pursuant to Section 4999 of the Internal Revenue Code of 1986, as amended, which imposes an excise tax on certain severance payments in excess of three times an annualized compensation amount following certain changes in control or any payment of distribution made to him. In the event of Mr. Little's death while employed by DXP, his estate will receive Mr. Little's base salary in equal bi-weekly installments for a period of twenty-four months after the month of his death. On December 29, 2007, the Compensation Committee in accordance with the employment agreement approved an increase to the annual base salary for Mr. Little from \$348,000 to \$448,000 in connection with his performance.

DXP entered into an employment agreement effective as of October 1, 2000 with Mr. McConnell. The agreement is for a term of one year, renewable automatically for one-year terms. The agreement provides for (i) base salary in the minimum amount of \$170,000 per year and (ii) other perquisites in accordance with DXP policy. Under the agreement Mr. McConnell is entitled to a monthly bonus of three quarters of one percent of the profit before tax of DXP, excluding sales of fixed assets and extraordinary items. The aggregate of the bonuses in any one year may not exceed twice his annual base salary. In the event Mr. McConnell terminates his employment for "Good Reason" (as defined in the employment agreement), or is

terminated by DXP for other than “Cause” (as defined in the employment agreement), he would receive (i) 12 monthly payments each equal to one month of his current base salary, (ii) a termination bonus equal to the previous four quarterly bonuses and (iii) any other payments due through the date of termination. In the event Mr. McConnell dies, becomes disabled or terminates the agreement with notice or the agreement is terminated by DXP for Cause, Mr. McConnell or Mr. McConnell’s estate, as applicable, would receive only the payments then due to him under the agreement through the date of termination.

Broad-Based Benefits Programs

Broad-based benefits, which are available to all employees, include health, dental, disability and life insurance, paid vacation time and company contributions to a 401(k) profit-sharing retirement plan. These benefits are provided in accordance with practices within the marketplace and, we believe, are a necessary element of compensation in attracting and retaining employees.

Internal Revenue Code Section 162(m) Consideration

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation’s chief executive officer and four other most highly compensated executive officers as of the end of any fiscal year. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met.

The Compensation Committee designs certain components of executive compensation to ensure full deductibility. The Compensation Committee believes, however, that shareholder interests are best served by not restricting the Compensation Committee’s discretion and flexibility in crafting compensation programs, even though such programs may result in certain non-deductible compensation expenses. Accordingly, the Compensation Committee has from time to time approved elements of compensation for certain officers that are not fully deductible and reserves the right to do so in the future in appropriate circumstances.

Administrative Policies and Practices

In administering the compensation programs of the Named Executives, the Compensation Committee meets at least four times a year in conjunction with regularly scheduled Board meetings. The Compensation Committee also meets telephonically to discuss special items (such as the payment of special bonuses). The Compensation Committee members regularly confer with our chief executive officer on matters regarding the compensation of the Named Executives, other than the chief executive officer, and other executive officers.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A.

Mr. Little is not entitled to any payments from the Company in the event his employment by the Company terminates as a result of his voluntary termination other than for “Good Reason” (as defined in his employment agreement) or his involuntary termination by the Company for “Good Cause” (as defined in his employment agreement). In the event that the Company had terminated Mr. Little’s employment without “Good Cause” or he had voluntarily terminated with “Good Reason” on December 31, 2009, Mr. Little would have been entitled to a lump-sum severance payment of \$5,083,268 and continuation of healthcare benefits having a value of \$30,375, for a total value of \$5,113,643. In the event of Mr. Little’s death, his estate will receive Mr. Little’s base salary in equal bi-weekly installments for a period of twenty-four months after the month of his death. In the event Mr. Little had died on December 31, 2009, his family would have been entitled to payments totaling \$896,000.

Mr. McConnell is not entitled to any payments from the Company in the event his employment by the Company terminates as a result of his death or disability or as the result of his voluntary termination other than for “Good Reason” (as defined in his employment agreement) or his involuntary termination by the Company for “Good Cause” (as defined in his employment agreement). Compensation of Directors

Director’s Fees. Each of our independent directors receives a fee of \$2,000 for each quarterly board meeting. Our directors who are our employees or otherwise are not independent do not receive any compensation for attending board or committee meetings.

Restricted Stock. In addition to the compensation set forth above, each non-employee director receives restricted stock granted under our 2005 Restricted Stock Plan. The number of whole shares granted each July 1 is calculated by dividing \$75,000 by the closing price of the Common Stock on such July 1. The fair value of restricted stock awards is measured based upon the closing prices of DXP’s Common Stock on the grant dates and is recognized as compensation expense over the vesting period of the awards.

On July 1, 2009, each non-employee director received 6,836 shares of restricted stock. The shares of restricted stock vest on the anniversary of the date of grant.

The table below summarizes the compensation paid by the Company to our Directors, other than Mr. Little and Mr. Strader, for the fiscal year ended December 31, 2009.

Benefit Plans

Restricted Stock Plan

The DXP Enterprises, Inc., Restricted Stock Plan ("Restricted Stock Plan") was approved by shareholders on July 15, 2005. The Restricted Stock Plan authorizes the grant of up to an aggregate of 600,000 shares of Common Stock in the form of restricted stock awards as well as other awards. Employees, directors and consultants of DXP are eligible to participate in the Restricted Stock Plan. The Restricted Stock Plan provides that on each July 1 during the term of the plan, each non-employee director of DXP will be granted the number of whole shares of restricted stock determined by dividing \$75,000 by the fair market value of a share of Common Stock on such July 1. If there is a change of control of DXP (as defined by the Restricted Stock Plan) all equity awards fully vest. The Restricted Stock Plan is administered by the Compensation Committee.

Non-Employee Director Stock Option Plan

The Board adopted the Non-Employee Director Stock Option Plan on April 19, 1999, which was approved by the shareholders on June 8, 1999.
