INDEPENDENT AUDITOR'S REPORT

The Board of Directors and Shareholders
Skreem Entertainment Corporation

We have audited the accompanying balance sheets of Skreem Entertainment Corporation (a development stage company) (the "Company"), as of December 31, 2003 and 2002, and the related statements of operations, shareholders' deficit and cash flows for the years then ended and for the period from August 19, 1999 (date of inception) through December 31, 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Skreem Entertainment Corporation as of December 31, 2003 and 2002, and the results of its operations, and its cash flows for the years then ended and for the period August 19, 1999 (date of inception), through December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company is in the development stage and has suffered recurring losses from operations and had a net capital deficit, which raise substantial doubt about its ability to continue as a going concern. Management plans to continue funding the operation through an affiliate owned by the sole shareholder and also plans to sell the Company. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the business

Skreem Entertainment Corporation (the "Company") is a development stage company that was incorporated in Nevada on August 19, 1999. The Company was formed to promote, finance and manage artists and projects in the music industry.

Basis of presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand and on deposit at a major financial institution. The Company considers highly liquid investments with original maturities of three months or less when purchased to be cash equivalents.

Advances to Artists

The Company advances monies to artists upon the artist signing the "Exclusive Recording Artist Agreement." An advance paid to an artist shall be reported as an asset if the past performance and current popularity of the artist to whom the advance is made provide a sound basis for estimating that the amount of the advance will be recoverable from future royalties to be earned by the artist. Any portion of advances that subsequently appear not to be fully recoverable from future royalties to be earned by the artist shall be charged to expense during the period in which the loss becomes evident.

Property and equipment

Property and equipment are stated at cost. Provisions for depreciation are computed using the double-declining method based on the estimated useful lives of the assets, generally five to seven years. Expenditures that increase the value or extend the life of the asset are capitalized, while cost of maintenance and repairs are expensed as incurred. Leasehold improvements are amortized on a straight-line basis over the shorter of the useful life of the improvement or the term of the lease. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized.

In accordance with Statement of Financial Accounting Standards (SFAS) No. 144, "Accounting for the Impairment or Disposal of Long-lived Assets," the Company examines the possibility of decrease in value of fixed assets when events or changes in circumstances reflect the fact that their recorded value may not be recoverable.

Record masters

A record master borne by the Company is reported as a cost of production when the past performance and current popularity of the artist does not provide a sound basis for estimating that the cost will be recovered from future sales.

Operating expenses

Operating expenses include music production costs, artist compensation costs, and other operating expenses. The Company enters into production, promotion and related consulting agreements in the ordinary course of business.

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of estimates

The preparation of financial statements in conformity with general accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes

From inception of the Company through August 31, 2003, the Company's sole shareholder has elected to be taxed under Subchapter S of the Internal Revenue Code. As a result, corporate income or loss passes through to the shareholder and therefore, no provision for federal or state income taxes is recorded by the Company. On August 31, 2003, the Company converted certain debt and accrued interest owed to affiliates to equity. The affiliates were a corporation and a partnership which made the Company ineligible to be taxed under subchapter S of the Internal Revenue Code. Subsequent to August 31, 2003, the Company accounts for income tax using Statements of Financial Accounting (SFAS) No. 109 "Accounting for Income Taxes."

Recent accounting pronouncements

In January 2003, and as revised in December 2003, the Financial Accounting Standards Board ("FASB") issued Interpretation No.46 ("FIN 46") "Consolidation of Variable Interest Entities." Until this interpretation, a company generally included another entity in its consolidated financial statements only if it controlled the entity through voting interest. FIN 46 requires a variable interest entity, as defined, to be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns. Certain provisions of FIN 46 were deferred until the period ending after March 15, 2004. The adoption of FIN 46 for provisions effective during 2003 did not have a material impact on the Company's financial position, cash flows or results of operations.

In April 2003, the FASB issued SFAS No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities" ("SFAS 149"), which amends SFAS 133 for certain decisions made by the FASB Derivatives Implementation Group. In Particular, SFAS 149: (1) clarifies under what circumstances a contract with an initial net investment meets the characteristic of a derivative, (2) clarifies when a derivative contains a financing component, (3) amends the definition of an underlying to conform it to language used in FASB Interpretation No. 45 "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," and (4) amends certain other existing pronouncements. This Statement is effective for contracts entered into or modified after June 30, 2003, and for hedging relationships designated after June 30, 2003. In addition, most provisions of SFAS 149 are to be applied prospectively. The adoption of SFAS 149 did not have a material impact on the Company's financial position, cash flows or results of operations.

Edgar Filing: ECOLOGICAL SERVICES INC - Form 8-K/A

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity" ("SFAS 150"). SFAS 150 changes the accounting for certain financial instruments that under previous guidance issuers could account for as equity. It requires that those instruments be classified as liabilities in balance sheets. The guidance in SFAS 150 is generally effective for all financial instruments entered into or modified after May 31, 2003, and otherwise is effective on July 1, 2003. The adoption of SFAS 150 did not have a material impact on the Company's financial position, cash flows or results of operations.

Going Concern

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company sustained losses of \$736,364 and \$384,590 at December 31, 2003 and December 31, 2002, respectively. The Company had an accumulated deficit of \$1,930,670 at December 31, 2003. These factors raise substantial doubt about the ability of the Company to continue as a going concern for a reasonable period of time. The Company is highly dependent on its ability to continue to obtain investment capital from an affiliate in order to fund the current and planned operating levels. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to continue receiving investment capital from an affiliate to complete promotion of the Company's artists, continue production of music and achieve a level of success that will enable it to sustain its operations. No assurance can be given that the Company will be successful in these efforts.

2. PROPERTY AND EQUIPMENT

Property and equipment is comprised of the following at December 31, 2003 and 2002:

	2003 -----	2002 -----
Furniture	\$ 18,161	\$ 18,161
Music equipment	17,164	13,665

Less: accumulated depreciation	(27,157)	(20,935)
	\$ 8,168	\$ 10,891
	=====	=====

Depreciation expense was \$6,220 and \$5,359 for the years ended December 31, 2003 and 2002, respectively.

3. DEPOSITS

At December 31, 2003, the Company had deposits of \$15,366 for the rental of a vehicle and \$4,554 for the rental of housing for the Artists and Manager of "3rd Wish" .

4. INCOME TAXES

From inception of the Company through August 31, 2003, the Company's sole shareholder has elected to be taxed under Subchapter S of the Internal Revenue Code. As a result, corporate income or loss passes through to the shareholder and therefore, no provision for federal or state income taxes is recorded by the Company. On August 31, 2003, the Company converted certain debt and accrued interest owed to affiliate to equity. The affiliates were a corporation and a partnership which made the Company ineligible to be taxed under subchapter S of the Internal Revenue Code. Subsequent to August 31, 2003, the Company accounts for income tax using Statements of Financial Accounting (SFAS) No. 109 "Accounting for Income Taxes."

The following table sets forth a reconciliation of federal income tax for the year ended December 31, 2003:

	2003

Pro-rata loss before income taxes	\$ (245,455)
Income tax benefit computed at statutory rates	(83,455)
Valuation allowance	83,210
Permanent differences, nondeductible expenses	245

Tax benefit	\$ -
	=====

As of December 31, 2003, the Company has net operating loss carryforwards of approximately \$244,734. The carryforwards begin to expire in the year 2023. The Company's net operating loss carry forwards may be subject to annual limitations, which could reduce or defer the utilization of the losses as a result of an ownership change as defined in section 382 of the Internal Revenue Code. The tax effects of the temporary differences between reportable financial statement income and taxable income are recognized as a deferred tax asset and liability.

Significant components of the deferred tax assets are set out below along with a valuation allowance to reduce the net deferred tax asset to zero. In order to comply with generally accepted accounting principles, management has decided to establish the valuation allowance because of the potential that the tax benefits underlying deferred tax asset may not be realized. Significant components of the Company's deferred tax asset at December 31, 2003 are as follows:

The notes payable and related accrued interest of \$1,373,600 and \$208,383, respectively were reclassified to equity on August 31, 2003 and Martin Consultants, Inc. was issued 43,000 shares of common stock.
