Volt Inc. and Subsidiaries is a power provider and marketer of alternative energy and financial services. The Company is in the initial stages of implementing its business plan.

## Edgar Filing: VOLT INC - Form 10QSB

Deerbrook Publishing Group, Inc. was a distributor of fine arts. Effective March 31, 2001, Deerbrook Publishing Group, Inc. entered into an agreement to spin off its subsidiaries; Inter Arts, Inc. and Cimmaron Studios, Inc. As of March 31, 2001, the Company ceased its printing and publishing business and the shares of stock of its former operating subsidiaries were distributed to certain shareholders. The Company did not spin off Deerbrook Publishing, Deerbrook Publishing changed its name to Volt, Inc. when on April 6, 2001, Denis C. Tseklenis acquired 127,995 shares of the Company's common stock, \$.001 par value per share, which constituted approximately 53% of the company's issued and outstanding common stock for \$255,000 and there was a change in control. At this time, the Company effected a 1 for 100 reverse stock split for its \$.001 par value common stock.

In May, 2001, Mr. Tseklenis sold shares of stock of Arcadian Renewable Power which owns the wind farm to the Company in exchange for 1,000,000 shares of Preferred Convertible Stock. The wind farm had a historical value of \$5,700,000.

On May 17, 2002, the Company acquired First Washington Financial Corporation, a company which provides financial services in Bethesda, Maryland ("First Washington"). First Washington, is a mortgage company whose emphasis lies in residential mortgages in the greater Washington D.C. service area. The combination was treated as a purchase with First Washington becoming a wholly owned subsidiary of Volt, Inc. Volt, Inc. recognized an intangible asset (goodwill) which represented the amount of value received over the net assets acquired. The operations of First Washington are included in the consolidated statements of income for the year ended September 30, 2002 from the date of inception May 17, 2002 to September 30, 2002. There was no predecessor entity of First Washington. The fair value of the transaction was recorded based on the number of shares issued to First Washington (2,000,000) at the fair value of the stock of Volt on the date of acquisition net of a discount since the stock issued in the acquisition was restricted stock (\$1.50).

### VOLT INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) MARCH 31, 2004 AND 2003

#### NOTE 1- ORGANIZATION AND BASIS OF PRESENTATION (CONTINUED)

The cost of the net assets purchased and liabilities assumed approximated zero, however, the value of \$3,000,000 was based on the mortgage company's future earnings.

The Company acquired Opportunity Knocks, LLC. during the third fiscal quarter of 2002 to rehab HUD homes and other properties in Washington, D.C., Maryland and Virginia under the HUD Gift Program. This acquisition was done simultaneously with the acquisition of First Washington, and Opportunity Knocks is a wholly owned subsidiary of the Company.

## Edgar Filing: VOLT INC - Form 10QSB

In fiscal 2003, the Company expanded its financial services business, and brought in two businesses, that operationally failed to meet the Company's business model. Subsequent to these agreements being in force, the Company spun them out. Additionally, the Washington Metropolitan Area market had not met Company expectations, so the Company's subsidiary First Washington acquired Yosemite Brokerage, Inc. in Oakhurst, California, a few miles from the Company's headquarters. The Company had issued Preferred Stock Class B, which has been cancelled by the Company.

In July 2003 (effective August 1, 2003), First Washington acquired Yosemite Brokerage, Inc. ("Yosemite"), a California corporation for 500,000 shares of First Washington Class A Preferred Stock. The acquisition was recorded for accounting purposes as a purchase acquisition. The Company valued this transaction at \$200,000 (\$.40 per share), which included the recognition of \$31,840 in goodwill.

The Company has three other power related wholly-owned subsidiaries, Sun Volt, Inc., Sun Electronics, Inc. and Arcadian Renewable Power, Inc. Arcadian Renewable Power, Inc. is the corporation that holds the Altamont Wind Farm in the Altamont Pass in Livermore, California.

 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)  
 MARCH 31, 2004 AND 2003

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncement

On October 3, 2001, the FASB issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), that is applicable to financial statements issued for fiscal years beginning after December 15, 2001. The FASB's new rules on asset impairment supersede SFAS 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," and portions of Accounting Principles Board Opinion 30, "Reporting the Results of Operations." This Standard provides a single accounting model for long-lived assets to be disposed of and significantly changes the criteria that would have to be met to classify an asset as held-for-sale. Classification as held-for-sale is an important distinction since such assets are not depreciated and are stated at the lower of fair value and carrying amount. This Standard also requires expected future operating losses from discontinued operations to be displayed in the period (s) in which the losses are incurred, rather than as of the measurement date as presently required.

Reclassifications

Certain amounts for the six months ended March 31, 2003 have been reclassified to conform with the presentation of the March 31, 2004 amounts. The reclassifications have no effect on net income for the six months ended March 31, 2003.
