Item 2.02. Results of Operations and Financial Condition.

On May 5, 2016, RealNetworks, Inc. announced its financial results for the first quarter ended March 31, 2016. The full text of the press release is furnished as Exhibit 99.1 hereto.

Furnished as Exhibit 99.2 hereto is additional information regarding non-GAAP financial measures included in certain public disclosures of RealNetworks, including its first quarter 2016 financial results press release.

Furnished as Exhibit 99.3 hereto is additional information regarding the reorganization that took place in the first quarter of 2016. The Company realigned its business and now reports revenue in three segments: Consumer Media, Mobile Services and Games. Consumer Media combines the PC RealPlayer® products and IP streaming and video management solutions. Mobile Services takes the former Mobile Entertainment product portfolio and includes Mobile RealTimes® products that are primarily sold through mobile carriers and related partners. There was no change to Games, which continues to focus on casual games. Concurrent with the segment change, the Company also changed its methodology of allocating certain corporate expenses which are directly attributable to supporting the businesses in order to increase accountability, resulting in an increase in corporate costs allocated to the Consumer Media and Mobile Services businesses.
