TD BANK TO ISSUE PREFERRED SHARES

The Toronto-Dominion Bank ("TD") today announced that it has entered into an agreement with a group of underwriters led by TD Securities Inc. for an issue of 10 million Non-cumulative Class A First Preferred Shares, Series M priced at C\$25.00 per share to raise gross proceeds of C\$250 million. TD intends to file in Canada a prospectus supplement to its December 12, 2002 base shelf prospectus in respect of this issue.

TD has also granted the underwriters an option to purchase, on the same terms, up to an additional four million Series M preferred shares. This option is exercisable in whole or in part by the underwriters at anytime until 2:00pm on January 16, 2003. The maximum gross proceeds raised under the offering will be C\$350 million should this option be exercised in full.

The Series M preferred shares will yield 4.70 per cent annually and are redeemable by TD, subject to regulatory consent, at a declining premium after approximately six years for cash or in exchange for common shares at 95% of the then market price of the common shares.

The expected closing date for this issue is February 3, 2003 which matches the date TD previously announced for redeeming a similar amount of Non-cumulative Class A First Preferred Shares, Series K and Series L. Consequently, no material change in TD's Tier 1 ratio is expected.

The securities offered have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This press release shall not constitute an offer to sell securities in the United States.
