This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Avid Technology, Inc. (the "Company") for use at the 2004 annual meeting of stockholders and at any adjournments of that meeting (the "Annual Meeting"). The Annual Meeting will be held at 10:00 a.m., local time, on May 26, 2004 at the Company's offices located at 1925 Andover Street, Tewksbury, Massachusetts. All proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Annual Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company, or by voting in person at the Annual Meeting.

The Notice of Annual Meeting, this Proxy Statement, the accompanying proxy card and the Company's Annual Report to Stockholders for 2003 are being mailed to stockholders on or about April 16, 2004.

Voting Securities and Votes Required

At the close of business on March 31, 2004, the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding and entitled to vote an aggregate of 31,355,985 shares of Common Stock, \$.01 par value per share, of the Company (the "Common Stock"). Stockholders are entitled to one vote per share.

Shares of Common Stock represented in person or by proxy (including shares which abstain or do not vote for any reason with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Annual Meeting. The affirmative vote of the holders of a plurality of the shares of Common Stock present or represented and voting at the Annual Meeting is required for the election of the Class II Directors. The affirmative vote of the holders of a majority of the shares of Common Stock present or represented and voting at the Annual Meeting is required to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year.

Shares that abstain from voting as to a particular matter, and shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter ("broker non-votes"), will not be counted as votes in favor of such matter, and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes will not affect the voting on items submitted to the stockholders for approval at the Annual Meeting.

During 2003, the Board of Directors met six times. Each director was present for at least 75% of the aggregate number of Board meetings and meetings held by all committees on which that director then served.

The Company's Corporate Governance Guidelines provide that directors are expected to attend the annual meeting of stockholders. Six directors attended the 2003 annual meeting of stockholders.

The Board of Directors has established three standing committees—Audit, Compensation, and Nominating and Governance—each of which operates under a charter that has been approved by the Board. Current copies of each committee's charter are available on the Corporate Governance section of the Company's website at www.avid.com by clicking on "Company," "Investors" and "Corporate Governance." In addition, a copy of the Audit Committee Charter, as in effect on the date of this Proxy Statement, is attached to this Proxy Statement as *Appendix A*.

The Board of Directors has determined that all of the members of each of the Board's three standing committees are independent as defined under the new rules of the Nasdaq Stock Market that become applicable to the Company on the date of the Annual Meeting. In addition, all of the members of the Audit Committee are independent as defined under Rule 10A-3 of the Securities and Exchange Act of 1934, as amended, and by the rules of the Nasdaq Stock Market that apply to the Company until the date of the Annual Meeting.

Audit Committee

The Audit Committee's responsibilities include:

appointing, approving the compensation of, and assessing the independence of the Company's independent auditors;

overseeing the work of the Company's independent auditors, including reviewing certain reports required to be made by independent auditors;

reviewing and discussing with management and the independent auditors the Company's annual and quarterly financial statements and related disclosures;

5

monitoring the Company's internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics; and

meeting independently with the Company's internal auditing staff, independent auditors and management.

The Audit Committee is authorized to retain independent legal, accounting and other advisors, and compensate them for their services.

The Audit Committee met nine times during 2003. The current members of the Audit Committee are Mr. Brumback, Ms. Hawthorne and Ms. Lenehan.

Edgar Filing: AVID TECHNOLOGY INC - Form DEF 14A

The Board of Directors has determined that each of Mr. Brumback, Ms. Hawthorne and Ms. Lenehan is an "audit committee financial expert" as defined in Item 401(h) of Regulation S-K.

Compensation Committee

The Compensation Committee's responsibilities include:

determining the CEO's compensation;

reviewing and approving, or making recommendations to the Board with respect to, the compensation of the Company's other executive officers;

overseeing an evaluation of the Company's senior executives;

reviewing and making recommendations to the Board with respect to director compensation.

The Compensation Committee is authorized to retain independent legal, accounting and other advisors, and compensate them for their services.

The Compensation Committee met nine times during 2003. The current members of the Compensation Committee are Messrs. Brumback and Halperin, and Ms. Lenehan.

No executive officer of the Company is a member of the compensation committee of another corporation or other entity (or serves an equivalent function for such corporation or other entity) whose executive officers served on the Company's Board of Directors.

Nominating and Governance Committee

The Nominating and Governance Committee's responsibilities include:

identifying individuals qualified to become Board members;

recommending to the Board the persons to be nominated for election as directors and to each of the Board's committees;

reviewing and making recommendations to the Board with respect to management succession planning;

developing and recommending to the Board corporate governance principles; and

overseeing an annual evaluation of the Board.

The Nominating and Governance Committee is authorized to retain advisors and consultants, and to compensate them for their services.

The Nominating and Governance Committee met four times during 2003. The current members of the Nominating and Governance Committee are Dr. Gutttag and Mr. Halperin and Ms. Hawthorne. During 2003, Mr. Brumback served on the Nominating and Governance Committee until May 2003, at which time he stepped down and Dr. Gutttag was appointed to replace him.

Director Candidates

The process followed by the Nominating and Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the Committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, the Nominating and Governance Committee consider the criteria set forth in the Company's Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, knowledge of the Company's business and industry, age, experience, commitment to participate as a director, and conflicts of interest which would impair such candidate's ability to act in the interests of all stockholders. The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. The Company believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Stockholders may recommend individuals to the Nominating and Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of the Company's common stock for at least a year as of the date such recommendation is made, to the Nominating and Governance Committee, c/o Corporate Secretary, Avid Technology, Inc., Avid Technology Park, One Park West, Tewksbury, MA 01876.

Assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate stockholder-recommended candidates by following substantially the same process, and considering substantially the same criteria, as it follows for candidates submitted by others. If the Board decides to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in the Company's proxy card for the next annual meeting.

Communicating with the Board of Directors

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The Chairman of the Board (if an independent director, or otherwise the Chairman of the Nominating and Governance Committee), with the assistance of the Company's General Counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he or she considers appropriate.

Stockholders who wish to send communications on any topic to the Board should address such communications to the Board of Directors, c/o Corporate Secretary, Avid Technology, Inc., Avid Technology Park, One Park West, Tewksbury, MA 01876.

Directors' Compensation

During 2003, the members of the Board of Directors who were not employees of the Company were each paid an annual retainer of \$15,000 and a fee of \$1,500 for each Board meeting attended. In addition, the Chairman of the Board of Directors received an annual fee of \$7,500 and each non-employee director received an annual fee of \$5,000 for each committee on which the director served. Effective January 1, 2004, the annual retainer paid to non-employee directors was increased to \$25,000. In addition, the policy of paying the \$5,000 annual fee to non-employee directors for service on a committee was replaced by a fee of \$1,000 for attendance at each committee meeting. Under the Company's 1993 Director Stock Option Plan, non-employee directors may elect to receive their fees as options in lieu of cash. Such options are fully exercisable upon grant, have an exercise price equal to half of the fair market value of the Company's Common Stock on the date of grant, and cover a number of shares equal in value to the cash that would otherwise be payable divided by the exercise price.

Under the 1993 Director Stock Option Plan, members of the Board of Directors who are not employees of the Company receive an option to purchase 10,000 shares of Common Stock upon their initial election to the Board of Directors at an exercise price per share equal to the fair market value per share on the date of grant. In addition, each director receives an option to purchase 10,000 shares of Common Stock on the date of each annual meeting of stockholders at an exercise price per share equal to the fair market value per share on the date of grant, provided the

Edgar Filing: AVID TECHNOLOGY INC - Form DEF 14A

director has then served a minimum of six months on the Board of Directors. Grants to directors of stock options upon their initial election to the Board of Directors vest twelve months from the date of grant. Grants to directors of annual stock options vest on the earlier of twelve months from the date of the grant and immediately prior to the next annual meeting of stockholders following the date of grant, unless otherwise specified in the applicable option agreement.

The Company does not pay or grant options to directors who are also employees of the Company for their service on the Board of Directors.

The Company reimburses all of its directors for out-of-pocket expenses incurred in connection with performing their duties as directors of the Company.

The following is a summary of the Company's option plans that have not been approved by the stockholders of the Company.

1997 Stock Option Plan

The Company's 1997 Stock Option Plan was adopted by the Company's Board of Directors in December 1997 and provides for the grant of non-statutory stock options to employees for up to 1,000,000 shares of the Company's Common Stock. As of December 31, 2003, there were 408,755 shares reserved for issuance upon exercise of outstanding options and 13,712 shares available for future grant under the plan.

1998 Stock Option Plan

The Company's 1998 Stock Option Plan was adopted by the Company's Board of Directors in December 1998 and provides for the grant of non-statutory stock options to employees for up to 1,500,000 shares of the Company's Common Stock. As of December 31, 2003, there were 44,001 shares reserved for issuance upon exercise of outstanding options and 114,847 shares available for future grant under the plan.

1998 Avid-Softimage Stock Option Plan

The Company's 1998 Avid-Softimage Stock Option Plan was adopted by the Company's Board of Directors in June 1998 in conjunction with the Company's acquisition of Softimage Inc. (now known as Softimage Co.) and provides for the grant of non-statutory stock options for up to 2,000,000 shares of the Company's Common Stock. As of December 31, 2003, there were 43,702 shares reserved for issuance upon exercise of outstanding options under the plan. No additional shares will be issued under this plan.

Amended and Restated 1999 Stock Option Plan

The Company's 1999 Stock Option Plan was adopted by the Company's Board of Directors in November 1999 and originally provided for the grant of non-statutory stock options for up to 1,250,000 shares of the Company's Common Stock. The plan was amended by the Company's Board of Directors in February 2000, February 2001 and December 2001 to increase the number of shares authorized for issuance. In addition, in May 2000, the Company's Board of Directors amended and restated the plan to allow for the issuance of grants of restricted stock and to increase the number of shares authorized for issuance under the plan. As a result of the various amendments, there is currently an aggregate of 4,750,000 shares of the Company's Common Stock authorized for issuance under the plan, of which up to 500,000 shares may be issued as restricted stock. As of December 31, 2003, there were 1,785,121 shares reserved for issuance upon exercise of outstanding options and 718,232 shares available for future grants, of which 215,487 shares were available for issuance as restricted stock.

Description of Plan Terms

Except as specifically noted, the Company's 1997, 1998, 1998 Avid-Softimage and 1999 plans have substantially similar terms. Each plan is administered by the Company's Board of Directors or a committee of the Board of Directors. Under each of the 1997, 1998, 1998 Avid-Softimage and 1999 plans, the Company may grant options and, under the 1999 plan, restricted stock, to any employee other than an executive officer or director.

When it grants an option, the Board of Directors sets forth the terms of the option. Specifically, it determines (a) who receives the option, (b) the number of shares of the Company's Common Stock covered by the option, (c) the exercise price of the option (which may be less than, equal to or greater

than the fair market value of the Common Stock on the date of grant) and (d) the duration of the option.

The 1997, 1998, 1998 Avid-Softimage and 1999 plans contain provisions addressing the consequences of a change in control of the Company. If the Company undergoes a change of control, the Company must provide that all outstanding options are either assumed or substituted for by the acquiring or succeeding corporation. If the acquiring or succeeding corporation does not assume, or substitute for, the outstanding options, then the Board of Directors must either cash out or accelerate the options to make them fully exercisable prior to the change of control.

Employment and Other Agreements

Edgar Filing: AVID TECHNOLOGY INC - Form DEF 14A

The Company has employment agreements with its Named Executive Officers and certain other executive officers which provide for severance benefits. The agreements can be terminated by either the Company or the officer upon 12 months prior notice, provided, however, that the Company may not give such notice until July 24, 2004. If the Company terminates the officer's employment other than for cause, or if the officer terminates for good reason, the Company must pay the officer his or her base salary and provide the officer with comparable benefits for the 12 months following his or her termination. The Company must also pay the officer his or her target incentive compensation for the year of termination, multiplied by the actual plan pay-out factor and prorated for the number of months that the officer actually worked for the Company. Furthermore, any stock options and shares of restricted stock that were due to vest within 12 months of the officer's date of termination will be vested immediately. Finally, pursuant to the Company's agreement with Mr. Krall, in addition to the benefits described above, the Company must pay Mr. Krall the amount by which his monthly base salary at the time of termination exceeds the monthly compensation from any new employer for the period from the first to the second anniversary of his termination.

The Company also has change of control agreements with its Named Executive Officers and certain other executive officers. These agreements provide that, if the officer is terminated by the Company without cause or if the officer terminates his or her employment with the Company for good reason within two years following a change in control of the Company, the officer will receive any earned but unpaid salary and a bonus payment for the year of termination equal to the highest bonus targeted or received in the current year or preceding two years prorated for the number of days the officer worked for the Company during the year of termination, and a lump sum severance payment equal to one and one-half times the sum of his or her annual base salary plus the highest bonus payment targeted or received in the then current or preceding two years. In addition, the officer is entitled to receive benefits comparable to those he or she received while employed by the Company for the 24 months following the date of termination. The change of control agreements also require that the Company gross up the severance payment to compensate the officer for the effects of any excise tax imposed by Section 4999 of the Internal Revenue Code. Finally, all unvested stock options and shares of restricted stock then held by the officer will vest immediately and be exercisable for a period of 24 months following the officer's termination.

Deferred Compensation Plan

Our executive officers and directors, along with our vice-presidents, are eligible to participate in our Deferred Compensation Plan. The Deferred Compensation Plan was established to provide participants with the opportunity to defer the receipt of a portion of their base compensation and all or a portion of their bonuses or director's fees. Under the Deferred Compensation Plan, we credit each participant's account with the amount that would have been earned had the deferred amounts been invested in one or more of the various investment options (as selected by the participant) that are available under the Deferral Plan. The available investment options are the same investment options as are available under our 401(k) plan.

12

Participants who terminate their employment with us after attainment of age 55 will be paid in a lump sum or installments over two to ten years. Participants who terminate employment with us before attaining age 55 or due to death or disability will be paid in a lump sum. Participants who experience an unforeseen financial emergency may receive, while still employed, a lump sum distribution of an amount necessary to alleviate the emergency.

Report of the Compensation Committee

This report is submitted by the Compensation Committee and addresses the Company's policies as they apply to its Chief Executive Officer and its other executive officers. The Company uses its compensation program to achieve the following objectives:

provide compensation that attracts, motivates and retains talented, high-caliber people who can achieve the Company's strategic objectives; and

align management's interests with those of stockholders.

Overview. The Compensation Committee believes that its executive compensation program provides an overall level of compensation that is competitive in the computer-based digital editing industry and among companies of comparable size and complexity. At the beginning of each fiscal year, the Company establishes an annual compensation plan for the Company's executive officers based on its review of compensation data for executive officers at comparable companies. The Company's executive compensation program consists of base salary, annual cash incentive compensation, long-term equity incentives in the form of stock options, and other benefits which are generally available to all U.S.-based employees of the Company, such as the Company's employee stock purchase program, medical and life insurance, and 401(k)

savings plans. A significant portion of the compensation for executive officers is expected to be in the form of performance-based compensation, both annual cash incentive compensation and long-term equity compensation, that depends upon the Company's successful achievement of its business objectives.

Salary. Base salary compensation is targeted at the median of salaries of executive officers with comparable qualifications, experience and responsibilities at other companies in the same or similar business and of comparable size. In addition to external market data, salary is determined by the individual's performance and contribution to the Company. Base salary is not intended to be a method for significant, long-term wealth accumulation for executive officers.

Annual Incentive Compensation. The Executive Variable Compensation Program was the Company's incentive program for executive officers in 2003. The primary purpose of the program was to provide cash incentives to executives to achieve the financial goals established by the Company at the beginning of 2003. The annual cash incentive compensation provides a payout scale that is intended to provide high rewards for high performance and low or no payout for low performance.

The Company exceeded its financial targets for the 2003 fiscal year. As a result, the Company paid an aggregate of \$1,896,451 in cash bonuses to its executive officers. Additional details regarding the bonus compensation to the Named Executive Officers are contained in the Summary Compensation Table under "Executive Compensation" above.

Long-Term Incentive Compensation. Long-term incentive compensation has been in the form of stock options and grants of restricted stock, and is intended to be the largest portion of total compensation. The goal of the long-term incentive compensation is to align the interests of management with those of the stockholders and enable executives to develop a long-term equity ownership position in the Company. In determining stock option grants, the Company considers the executive's individual performance, past stock option grants, and the challenges necessary for the Company to achieve its strategic objectives.

During the 2003 fiscal year, 1,586 employees received stock options, including the Named Executive Officers, who received stock option grants representing 275,000 shares of Common Stock under the Company's stock option plans, or 21.77% of the total options awarded. The options were granted with an exercise price equal to the fair market value of the Company's Common Stock on the date of grant and vest over a four-year period. Unless otherwise specified in the applicable option agreement, all options granted expire ten years from the date of grant or earlier if the grantee's employment with the Company is terminated.

Employee Stock Purchase Plan. The Company's employee stock purchase program, which is available to virtually all employees, including executive officers, allows participants to purchase shares of the Company's Common Stock at a 5 percent discount from the fair market value of the Common Stock at the end of the applicable purchase period.

Compensation of Chief Executive Officer. As the Company's President and Chief Executive Officer from January 2003 to December 2003, David A. Krall received salary compensation of \$420,000. Mr. Krall's annual salary for 2003 was determined based on an assessment of comparative industry salaries using established executive compensation surveys and is targeted at the median of this group. In accordance with the terms of the Company's Executive Variable Compensation Program and based on the Company performance in 2003, Mr. Krall received a cash bonus of \$568,722 for 2003.

In 2003, the Company granted Mr. Krall options to purchase up to 150,000 shares of Common Stock at \$22.01 per share. Twelve and one-half percent of the shares of each option vest and become exercisable six months after the date of grant, and the remaining shares vest in equal monthly installments over the following three and one-half years. The Compensation Committee believes that these options provide an appropriate long-term incentive for continued efforts on behalf of the Company.

Impact of Section 162(m) of the Internal Revenue Code. Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to a corporation's chief executive officer or any of its other four most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if specific requirements are met. The Compensation Committee's primary objective is to establish compensation programs that maximize the creation of long-term stockholder value. However, the Compensation Committee reviews the potential effect of Section 162(m) periodically and if consistent with its goal of increasing stockholder value, seeks to structure the stock options granted to its executive officers under the Company's stock option plans in a manner that is intended to avoid disallowances of deductions under Section 162(m). Nevertheless, there can be no assurance that compensation attributable to awards under the Company's stock option plans will be treated as qualified performance-based compensation under Section 162(m).

Edgar Filing: AVID TECHNOLOGY INC - Form DEF 14A

The Compensation Committee reserves the right to use its judgment to authorize compensation payments which may be subject to the Section 162(m) limitation when the Compensation Committee believes such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions and the performance of the employees receiving the compensation.

The Company's management represented to the Audit Committee that the Company's consolidated financial statements had been prepared in accordance with generally accepted accounting principles. The Company's management is responsible for the Company's internal controls and the financial reporting process. The Company's independent auditors, PricewaterhouseCoopers LLP, are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards, including, when applicable, standards adopted by the Public Company Accounting Oversight Board, and for issuing a report on those consolidated financial statements. As appropriate, the Audit Committee reviews and evaluates, and discusses with the Company's management, internal accounting and financial personnel, and the independent auditors, the following:

the plan for, and the independent auditors' report on, the annual audit of the Company's consolidated financial statements;

the Company's financial disclosure documents, including all financial statements and reports filed with the Securities and Exchange Commission or sent to stockholders;

the selection, application and disclosure of critical accounting policies by the Company's management;

changes in the Company's accounting practices, principles, controls or methodologies;

SAS 61 requires the Company's independent auditors to discuss with the Company's Audit Committee, among other things, the following:

methods to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

Edgar Filing: AVID TECHNOLOGY INC - Form DEF 14A

the process used by the Company's management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and

disagreements (of which there were none) with the Company's management over the application of accounting principles, the basis for the accounting estimates by the Company's management and the disclosures in the consolidated financial statements.

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). This standard requires independent auditors to disclose annually in writing all relationships that in the independent auditors' professional opinion may reasonably be

15

thought to bear on independence, confirm their perceived independence and engage in a discussion of their independence. The Audit Committee has discussed with the independent auditors their independence from the Company.

Based on its discussions with the Company's management and the independent auditors, and its review of the representations and information provided by the Company's management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

Pre-Approval Policy and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent auditors. This policy generally provides that the Company will not engage its independent auditors to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to the Company by its independent auditors during the next twelve months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities and Exchange Act of 1934, as amended, requires the Company's directors, executive officers and the holders of more than 10% of the Company's Common Stock to file with the Commission initial reports of ownership of the Company's Common Stock and other equity securities on a Form 3 and reports of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% stockholders are required by the Commission's regulations to furnish the Company with copies of all Section 16(a) forms that they file. To the Company's knowledge, based solely on a review of copies of reports filed by the persons required to file such reports and written representations from those persons, the Company believes that all filing requirements of Section 16(a) were satisfied with respect to the year ended December 31, 2003, except that Mr. Lebolt failed to file timely a Form 4 with respect to the sale of an aggregate of 3,370 shares of Common Stock of the Company on August 5, 2003. Upon discovery of this error, this transaction was reported on a Form 4, which was filed with the Commission on February 6, 2004.

Stock Performance Graph

The following graph compares the cumulative total stockholder return on the Common Stock of the Company during the period from January 1, 1999 through December 31, 2003 with the cumulative total return during the same period of:

the Nasdaq National Market Index,

the Nasdaq Electronic Components Index, and

a Peer Group Index.*

The Peer Group Index reflects the stock performance of the publicly traded companies comprising the SIC Code Index 3663 (Radio and Television Broadcasting and Communications Equipment).

The Company has elected to replace the Peer Group Index with the Nasdaq Electronic Components Index because the Company believes that the Nasdaq Electronics Components Index more accurately represents the Company's competitors and similarly situated companies. In accordance with Commission regulations, we have included both the Company's previous Peer Group Index and the Nasdaq Electronic Components Index in the comparison below. This comparison assumes the investment of \$100 on December 31, 1998 in the Company's Common Stock, the Nasdaq National Market Index, the Nasdaq Electronic Components Index and the Peer Group Index and assumes that dividends, if any, are reinvested.

This means that only one copy of the Company's proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household. The Company will promptly deliver a separate copy of either document upon request to: Avid Technology, Inc., Avid Technology Park, One Park West, Tewksbury, MA 01876, Attn: Investor Relations Department, telephone: (978) 640-6789.
