**WASHINGTON FEDERAL, INC.**

**PROXY STATEMENT**

**ANNUAL MEETING OF STOCKHOLDERS**

**JANUARY 19, 2005**

This Proxy Statement is furnished to the holders of the common stock, \$1.00 par value per share ("Common Stock"), of Washington Federal, Inc. ("Washington Federal" or the "Company"), the parent holding company for Washington Federal Savings, a federally-chartered savings association, in connection with the solicitation of proxies by the Board of Directors of the Company, to be used at the Annual Meeting of Stockholders to be held at the Seattle Westin Hotel, 1900 Fifth Avenue, Seattle, Washington, on Wednesday, January 19, 2005, at 2:00 p.m., and at any adjournment thereof (the "Annual Meeting"), for the purposes set forth in the Notice of Annual Meeting of Stockholders. This Proxy Statement is first being mailed to stockholders on or about December 17, 2004.

The proxy solicited hereby, if properly signed and returned and not revoked prior to its use, will be voted in accordance with the instructions given thereon. If no instructions are so specified, the proxy will be voted for the persons nominated to be directors by the Board of Directors, for an increase in the amount of authorized common stock to three hundred million shares, for the ratification of the appointment of Deloitte & Touche LLP as independent registered public accountants for fiscal 2005 and, upon the transaction of such other business as may properly come before the Annual Meeting, in accordance with the best judgment of the persons appointed as Proxies. Any stockholder giving a proxy has the power to revoke it at any time before it is exercised by: (i) filing written notice thereof with the Secretary of Washington Federal (Edwin C. Hedlund, Washington Federal, Inc., 425 Pike Street, Seattle, Washington 98101); (ii) submitting a duly executed proxy bearing a later date; or (iii) appearing at the meeting and notifying the Secretary of his or her intention to vote in person. Proxies solicited hereby may be exercised only at the Annual Meeting and any adjournment thereof and will not be used for any other meeting.

**VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF**

**Voting Securities**

Only stockholders of record at the close of business on November 26, 2004 (the "Voting Record Date") will be entitled to vote at the Annual Meeting. On the Voting Record Date, 78,718,821 shares of Common Stock were issued and outstanding and the Company had no other class of equity securities issued and outstanding. Each share of Common Stock is entitled to one vote at the Annual Meeting on matters other than the election of directors, for which cumulative voting is permitted, as discussed below under "Information with Respect to Nominees for Director, Directors Whose Terms Continue and Executive Officers."

**Vote Required**

The election of the Company's directors requires a plurality of the votes represented in person or by proxy at the Annual Meeting. The proposal to amend the restated articles of incorporation of the Company to increase the authorized common stock, the proposal to ratify the appointment of Deloitte & Touche LLP as independent registered public accountants and any other business that properly may come before the Annual Meeting require that the votes cast in favor of such proposals exceed the votes cast against such proposals.

---

**Effect of an Abstention and Broker Non-Votes**

A stockholder who abstains from voting on any or all proposals will be included in the number of stockholders present at the Annual Meeting for the purpose of determining the presence of a quorum. Abstentions will not be counted either in favor of or against the election of the nominees or any other proposal. Consequently, abstentions will have no affect on the vote required to approve the nominees for director or the other proposals being considered at the Annual Meeting.

Under rules applicable to broker-dealers, banks, brokers and other nominees may vote shares held by them for a customer on matters that are determined to be routine, even though the bank, broker or other nominee has not received instructions from the customer. The proposals to elect directors and ratify the appointment of the independent registered public accountants are considered "discretionary" items upon which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions, and for which there will be no broker non-votes. The proposal to amend Washington Federal's Restated Articles of Incorporation is considered a "non-discretionary" item upon which brokerage firms may not vote in their discretion on behalf of their clients if such clients have not furnished voting instructions, and for which there may be broker non-votes. Broker non-votes will not be counted either in favor of or against the proposal to amend the Restated Articles of Incorporation. Consequently, broker non-votes will have no affect on the vote required to approve such proposal.

**Principal Holders of Voting Securities**

The following table sets forth information as of October 1, 2004 with respect to: (i) any person or entity known by Washington Federal to be the beneficial owner of 5% or more of the issued and outstanding Common Stock; and (ii) ownership of the Common Stock by all directors and executive officers of Washington Federal as a group.

## Edgar Filing: WASHINGTON FEDERAL INC - Form PRE 14A

Directors, unless current or former employees of Washington Federal, do not participate in the Retirement Plan. The Retirement Plan is a qualified, defined contribution profit sharing and employee stock ownership plan maintained for all eligible employees of Washington Federal that invests primarily in U.S. Government and federal agency securities, certificates of deposit and similar instruments issued by Washington Federal Savings and other financial institutions. As an alternative to the aforementioned investments, employees have the option of directing 401(k) contributions and earnings thereon to a variety of mutual funds. The shares of Common Stock of Washington Federal held by the Retirement Plan are voted by the trustees of such plan, but the disposition of such shares can be directed only by the employee to whose account the shares are allocated. The trustees of the Retirement Plan are Linda Brower, Karen Carlson and Mike Bush, all of whom are employees of Washington Federal Savings.

(4)

The percentage of outstanding shares of Common Stock is based on the 78,679,597 shares of Common Stock issued and outstanding on October 1, 2004, plus options to purchase 166,916 shares of Common Stock that are exercisable by current and former executive officers as a group prior to December 31, 2004.

### **INFORMATION WITH RESPECT TO NOMINEES FOR DIRECTOR, DIRECTORS WHOSE TERMS CONTINUE AND EXECUTIVE OFFICERS**

#### **General**

The Restated Articles of Incorporation of Washington Federal provide that the Board of Directors shall be divided into three classes as nearly equal in number as possible, and that the members of each class shall be elected for terms of three years and until their successors are elected and qualified, with one of the three classes of directors to be elected each year. The number of directors currently authorized by Washington Federal's Bylaws is nine.

Pursuant to Washington Federal's Restated Articles of Incorporation, at each election of directors every stockholder entitled to vote has the right to vote, in person or by proxy, the number of shares owned by him or her for as many persons as there are directors to be elected, or to cumulate his or her votes by giving one candidate as many votes as the number of such directors to be elected multiplied by the number of his or her shares shall equal, or by distributing such votes on the same principle among any number of candidates. In the event that cumulative voting is in effect, it is the intention of the persons named in the accompanying proxy to vote cumulatively for the election as directors the nominees listed in the table that follows. The accompanying proxy cannot be voted for any person who is not a nominee of the Board of Directors.

At the Annual Meeting, stockholders of Washington Federal will be asked to elect three directors of Washington Federal for a three-year term and until their successors are elected and qualified. The three nominees for election as directors to a three-year term are Anna C. Johnson, Thomas F. Kenney and Charles R. Richmond. All nominees were selected by the Nominating Committee of the Board of Directors and currently serve as directors of Washington Federal. There are no arrangements or understandings between the persons named and any other person pursuant to which such person was selected as a nominee for election as a director at the Annual Meeting, and no director or nominee for director is related to any other director or executive officer of Washington Federal by blood, marriage or adoption.

If any person named as nominee should be unable or unwilling to stand for election at the time of the Annual Meeting, the Proxies will nominate and vote for any replacement nominee or nominees recommended by the Board of Directors of Washington Federal. Alternatively, under such circumstances, the Board of Directors of Washington Federal may reduce the number of directors of Washington Federal. Washington Federal knows of no reason why any of the nominees may not be able to serve as director if elected.

Under Section 16(a) of the Exchange Act, Washington Federal's directors and executive officers and any persons holding 10% or more of the outstanding Common Stock must report their ownership of Washington Federal's securities and any changes in that ownership to the SEC by specific dates. Washington Federal believes that during the fiscal year ended September 30, 2004 all of these filing requirements were satisfied by its directors and executive officers. In making the foregoing statement, Washington Federal has relied in part on representations of its directors and executive officers and copies of the reports that they have filed with the SEC.

#### **The Board of Directors and Its Committees**

The Board of Directors of Washington Federal held a total of ten meetings during the last fiscal year. No incumbent director attended fewer than 75% of the aggregate of the total number of meetings of the Board of Directors held during his or her tenure in office during the last fiscal year or the total number of all meetings held by all committees of the Board of Directors on which he or she served during such year. Washington Federal paid its directors a \$1,150 monthly retainer plus \$900 for each meeting attended during the last fiscal year. The chairman of the Audit Committee is paid an additional \$150 per month. Messrs. Hanson, Mersereau and Reed, former directors who currently serve as directors emeriti, also receive the \$1,150 monthly retainer. Directors were paid \$425 (committee chairmen were paid \$750) for each committee meeting attended during the last fiscal year, other than short meetings held in conjunction with regularly scheduled board meetings. Although Washington Federal does not have a formal policy regarding attendance by directors at annual meetings of stockholders, directors are encouraged to attend such meetings. All directors of Washington Federal attended last year's annual meeting of stockholders.

The Board of Directors has established various committees, including an Executive Committee, an Audit Committee, a Nominating Committee and a Personnel and Stock Compensation Committee. The Board of Directors has affirmatively determined that a majority of the Washington Federal directors are independent. The current independent directors are Messrs. The Board has determined that Mr. Clearman is an "audit committee financial expert". The Audit Committee met twice during the last fiscal year. The Audit Committee's primary responsibilities include review of all financial reports, oversight of the internal audit function, appointment of independent auditors, pre-approval of all services performed by the independent registered public accountants and review of all related party transactions.

### Report of the Audit Committee

*The following "Report of the Audit Committee" shall not be deemed incorporated by reference by any general statement incorporating this Proxy Statement into any filing under the Securities Act of 1933 (Securities Act), or under the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.*

Derek L. Chinn  
Thomas F. Kenney

The Board of Directors has a standing Personnel and Stock Compensation Committee (the "Committee"). The Committee consists of Messrs. Harris (Chairman) and Halvorson and Ms. Johnson. No member of the Committee has served as an officer or an employee of Washington Federal or Washington Federal Savings during the past five years. The Board of Directors has appointed three of its members to serve as a Nominating Committee in connection with the election of directors. For the present Annual Meeting, the Board of Directors appointed Ms. Johnson (Chairman) and Messrs. Clearman and Harris to serve on the Nominating Committee. The Nominating Committee met once during the last fiscal year. The primary responsibilities of the Nominating Committee are to evaluate and make recommendations to the Board of Directors for the election of directors. ### **Selection of Nominees for the Board**

The Nominating Committee considers candidates for director suggested by its members and other directors of Washington Federal, as well as management and stockholders. The Nominating Committee also may solicit prospective nominees. Nominees for election as director also may be obtained in connection with acquisitions by Washington Federal. A stockholder who desires to recommend a prospective nominee for the Board of Directors should notify Washington Federal's Secretary or any member of the Nominating Committee in writing with whatever supporting material the stockholder considers appropriate. The Nominating Committee also considers whether to nominate any person nominated pursuant to the provision of Washington Federal's Bylaws relating to stockholder nominations, which is described under " Stockholder Nominations" below. The Nominating Committee has the authority to retain a third-party search firm to identify or evaluate, or assist in identifying and evaluating, potential nominees if it so desires, although it has not done so to date.

### **Director Qualifications**

In making recommendations for nominees to the Board of Directors, the Nominating Committee reviews and considers the qualifications, strengths and abilities of the potential candidates for nomination, including new candidates that may be identified from time to time through the Company's internal search and review procedures or as a result of stockholder recommendations. In deciding whether to recommend the re-nomination of incumbent directors whose term is expiring at an upcoming meeting or the nomination of new directors who previously served as officers of Washington Federal, the Nominating Committee considers their prior performance as directors and officers of the Company in addition to the candidates' other qualifications. For new candidates, the review process may require additional evaluation and consideration.

The Nominating Committee works with the Board of Directors on an ongoing basis in identifying the particular qualities and abilities that Washington Federal seeks in its directors generally, and the mix of experience, expertise and attributes, that are sought or required for the Board as a whole. Desirable personal qualities include integrity, business acumen and industry knowledge. All candidates for nomination are evaluated against these target qualities and attributes, as well as the Board of Directors' particular needs at the time.

### **Stockholder Nominations**

Pursuant to Article IV, Section 4.15 of Washington Federal's Bylaws, stockholders of Washington Federal may nominate persons for election to the Board of Directors by submitting such written nominations to the Secretary of Washington Federal at least ninety (90) days prior to the anniversary date of the mailing of proxy materials by Washington Federal in connection with the immediately preceding Annual

**Report of the Personnel and Stock Compensation Committee**

*The following "Report of the Personnel and Stock Compensation Committee" shall not be deemed incorporated by reference by any general statement incorporating this Proxy Statement*

*into any filing under the Securities Act or under the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.*

The Personnel and Stock Compensation Committee reviews and establishes management compensation and compensation policies and procedures. Following review and approval by the Committee, all issues pertaining to executive compensation are submitted to the full Board of Directors for its approval. The Committee also has responsibility for the grant of awards under Washington Federal's long-term incentive and stock option plans.

Executive officer compensation adjustments were based on Washington Federal's overall performance in the past year and an analysis of compensation levels necessary to attract and maintain quality personnel. In this way, Washington Federal is able to compete for and retain talented executives who are critical to Washington Federal's long-term success and aligns the interest of those with the long-term interests of Washington Federal's stockholders.

Executive compensation consists of three components: cash compensation, including base salary and incentive bonus; long-term incentive compensation in the form of stock options and grants; and employee benefits. The components are intended to provide incentives to achieve short-and long-range objectives of Washington Federal and to reward exceptional performance. Performance is evaluated not only with respect to Washington Federal's earnings but also with respect to comparable industry performance, the accomplishment of Washington Federal's business objectives and the individual's contribution to Washington Federal's core earnings and stockholder value. The competitiveness of Washington Federal's compensation structure is determined by a thorough review of compensation survey data collected by the Committee. To motivate job performance and to encourage growth in stockholder value, stock options are granted under Washington Federal's stock option plans to all executives and employees in order to encourage substantial contributions toward the overall success of Washington Federal. The Committee believes that this focuses attention on managing Washington Federal from the perspective of an owner with an equity stake in the business. With respect to executive benefits, executive officers receive all normal employee fringe benefits.

In determining the overall compensation package for the Chief Executive Officer, the Committee considered each of the factors enumerated in the preceding paragraphs regarding compensation for executive officers of Washington Federal, as well as the financial performance achieved by Washington Federal during the past fiscal year. In addition to a high level of earnings, Washington Federal continued at or near the top of the financial industry for such key financial performance measures as return on average assets, capital and efficiency ratios. Additionally, the Committee reviewed various compensation packages provided to executive officers of publicly-traded financial institutions. The results of such review showed

the Chief Executive Officer's overall compensation package to be below the median for chief executive officers of publicly-traded financial institutions of comparable size and performance.

**Performance Graphs**

The following graphs compare the cumulative total return to Washington Federal stockholders (stock price appreciation plus reinvested dividends) to the cumulative total return of the Nasdaq Stock Market Index (U.S. Companies) and the Nasdaq Financial Stocks Index for the five year period ended September 30, 2004 and since Washington Federal first became a publicly traded company on November 9, 1982, respectively. The graphs assume that \$100 was invested on September 30, 1999 and November 9, 1982, respectively, in Washington Federal Common Stock, the Nasdaq Stock Market Index and the Nasdaq Financial Stocks Index, and that all dividends were reinvested. Management of Washington Federal cautions that the stock price performance shown in the graphs below should not be considered indicative of potential future stock price performance.

**Indebtedness of Directors and Executive Officers**

Washington Federal Savings will from time to time make mortgage loans to directors, executive officers and employees on the security of their residences at prevailing contractual interest rates. Management believes that these loans do not involve more than the normal risks of collectibility or present other unfavorable features. These loans are made on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons. As of September 30, 2004 there was one such loan made to a director with an outstanding balance of \$130,351. This loan has performed as contractually agreed. Washington Federal Savings also makes loans secured by savings accounts to its non-executive officers and employees. These loans are made on the same terms as those prevailing for comparable loans to non-affiliated persons.

**PROPOSAL TO AMEND THE RESTATED ARTICLES OF INCORPORATION  
OF THE COMPANY TO INCREASE THE AUTHORIZED COMMON STOCK**

At the Annual Meeting, stockholders will be asked to consider and approve a proposal to amend the Company's Restated Articles of Incorporation ("Articles of Incorporation") to increase the number of shares of authorized Common Stock from 100,000,000 to 300,000,000. The amendment to increase the number of authorized shares of Common Stock was unanimously approved by the Board of Directors of the Company on November 22, 2004.

The Articles of Incorporation currently authorize 105,000,000 shares of capital stock, consisting of 100,000,000 shares of Common Stock and 5,000,000 shares of preferred stock, par value \$1.00 per share ("Preferred Stock"). The proposed amendment to the Articles of Incorporation would increase the number of shares of authorized capital stock by 200,000,000, from 105,000,000 to 305,000,000 shares. If the amendment is authorized, the first sentence of Article 3 of the Company's Articles of Incorporation would be amended to read as follows:

"The total number of shares of capital stock which the Corporation has authority to issue is 305,000,000, of which 5,000,000 shall be serial preferred stock, \$1.00 par value per share (hereinafter the "Preferred Stock"), and 300,000,000 shall be common stock, par value \$1.00 per share (hereinafter the "Common Stock")."

The Company is seeking stockholder approval to amend its Articles of Incorporation for several reasons. The Board of Directors has determined that the number of shares of authorized Common Stock should be increased to provide the Company with the flexibility to conduct the Company's future operations, including the issuance, distribution, exchange or reservation of shares of Common Stock for stock dividends or splits, acquisitions, financing and employee stock compensation plans. The Company has no present plans, arrangements or understandings with respect to a possible acquisition. The Board of Directors currently has no specific plans to issue additional Common Stock, except pursuant to the Company's employee stock compensation plan. The Company has paid a stock dividend or split in eighteen of its twenty-two years as a public company.

Under certain circumstances, authorized but unissued shares of Common Stock and Preferred Stock can provide the Board of Directors with a means of discouraging an unsolicited change in control of the Company. Although the proposed amendment may enable the Board of Directors to issue additional shares of Common Stock in the event of an unsolicited attempt to

acquire control of the Company as a means of discouraging a hostile acquirer, the Board of Directors has no present intention of using the existing or proposed authorized but unissued Common Stock or the existing authorized but unissued Preferred Stock for such purpose. The Board of Directors is not presently aware of any plans to acquire control of the Company.

If stockholders of the Company approve the proposed amendment to the Articles of Incorporation, the Company will file articles of amendment to the Articles of Incorporation of the Company with the Secretary of State of the State of Washington reflecting the increase in authorized capitalization.

**THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS OF THE COMPANY VOTE "FOR" APPROVAL OF ADOPTION OF THE PROPOSAL TO AMEND THE RESTATED ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK.**

**RATIFICATION OF APPOINTMENT OF  
INDEPENDENT AUDITORS**

At the Annual Meeting, stockholders of Washington Federal will be asked to ratify the appointment of Deloitte & Touche LLP (Deloitte) as Washington Federal's independent registered public accountants for the year ending September 30, 2005. This appointment was recommended and approved by the Audit Committee of Washington Federal and approved by the Board of Directors of Washington Federal. If the stockholders of Washington Federal do not ratify the appointment of Deloitte, then the Board of Directors of Washington Federal may reconsider the appointment.

<b>Total Fees</b>	<b>\$ 179,170</b>	<b>\$ 174,830</b>
