PROXY STATEMENT

Our Board of Directors is soliciting proxies for the 2005 Annual Meeting of Stockholders to be held at 1:00 p.m. on April 26, 2005 at the Company's warehouse located at 955 South 3800 West, Salt Lake City, Utah 84104. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters before the meeting.

The Board set March 10, 2005 as the record date for the meeting. Stockholders who owned Overstock common stock on that date are entitled to attend and vote at the meeting. Each share is entitled to one vote. There were 19,883,860 shares of common stock outstanding on the record date.

Voting materials, which include this Proxy Statement, the proxy card and Overstock's Annual Report on Form 10-K for the year ended December 31, 2004, are being mailed to stockholders on or about March 29, 2005.

QUESTIONS AND ANSWERS

Q: Why am I receiving this Proxy Statement?

A: This Proxy Statement describes proposals on which we would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision.

Q: Who can vote at the Annual Stockholders Meeting?

A: Stockholders who owned Overstock common stock on March 10, 2005 may attend and vote at the Annual Meeting. Each share is entitled to one vote. There were 19,883,860 shares of common stock outstanding on March 10, 2005. Information about the stockholdings of our directors and executive officers is contained in the section entitled "Share Ownership of Management, Directors and 5% Stockholders" beginning on page 29 of this Proxy Statement.

Q: What is the proxy card?

A: The proxy card enables you to appoint Patrick M. Byrne and Jonathan E. Johnson III as your representatives at the Annual Meeting. By completing and returning the proxy card you are authorizing Messrs. Byrne and Johnson to vote your shares at the meeting, as you have instructed them on the proxy card. This way, your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, it is a good idea to complete and return your proxy card before the meeting date just in case your plans change.

Q: What am I voting on?

A: You are being asked to vote on:

the election of one director,

approval of the Company's 2005 Equity Incentive Plan; and

ratification of our Audit Committee's selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

The section entitled "Proposals to be Voted On" on page 6 of this Proxy Statement gives you more information about the nominee for election to our Board, the proposed 2005 Equity Incentive Plan, and the Company's independent registered public accounting firm. You may also find more information on the nominee in the section entitled "The Board Information Regarding Director Nominee and Other Directors" beginning on page 21 of this Proxy Statement. We will also transact any other business that properly comes before the meeting.

Q: How do I vote?

A: You may vote either by attending the meeting and voting in person, or you may vote by mail by completing, signing and dating your proxy card and returning it in the enclosed, postage-paid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted:

as you instruct, and

according to the best judgment of Messrs. Byrne and Johnson if a proposal comes up for vote at the meeting that is not on the proxy card.

If you return a signed card but do not provide voting instructions, your shares will be voted:

Edgar Filing: OVERSTOCK COM INC - Form DEF 14A

for the named nominee for director,

for approval of the Company's 2005 Equity Incentive Plan,

for ratification of the Audit Committee's selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm, and

according to the best judgment of Messrs. Byrne and Johnson if a proposal comes up for a vote at the meeting that is not on the proxy card.

We will hand out written ballots to anyone who wants to vote at the meeting. However, if you hold your shares in street name, you must obtain a legal proxy from your stockbroker in order to vote at the meeting. Holding shares in "street name" means you hold them through a brokerage firm, bank or other nominee, and therefore the shares are not held in your individual name.

We encourage you to examine your proxy card closely to make sure you are voting all of your shares in the Company.

Q: What does it mean if I receive more than one proxy card?

A: It means that you may have multiple accounts at the transfer agent and/or with stockbrokers. Please sign and return all proxy cards to ensure that all of your shares are voted.

Q: What if I change my mind after I return my proxy?

A: You may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

sending a written notice to the Secretary of the Company (at the address shown on the cover page) stating that you are revoking your proxy of a particular date,

signing another proxy with a later date and returning it before the polls close at the meeting, or

attending the Annual Meeting and voting in person.

Q: Will my shares be voted if I do not sign and return my proxy card?

A: (1) If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares. Brokerage firms have authority under the NASDAQ rules to vote customers' unvoted shares on some "routine" matters. The proposals to elect directors and ratify the appointment of the independent registered public accounting firm are routine matters. The proposal to approve the 2005 Equity Incentive Plan is not a routine matter. If you do not give a proxy to vote your shares, your brokerage firm may either:

vote your shares on routine matters, or

leave your shares unvoted.

If a brokerage firm entitled to vote your shares leaves those shares unvoted, it is called a "broker nonvote." A brokerage firm cannot vote customers' shares on non-routine matters without instructions from you.

You may have granted to your stockbroker discretionary voting authority over your account. Your stockbroker may be able to vote your shares depending on the terms of the agreement you have with your broker. If you hold your shares in street name and you do not authorize your broker to vote on your behalf, you must obtain a legal proxy from your stockbroker in order to vote at the meeting. We encourage you to provide instructions to your broker. This ensures your shares will be voted at the meeting.

(2) If your shares are in your name and you do not sign and return your proxy card, your shares will not be voted unless you vote in person at the meeting.

Q: How are votes counted?

A: You may vote:

with respect to the nominee for election to the Board, either "for" the nominee or to "withhold" your vote from the nominee,

"for," "against," or "abstain" on the proposal to approve the 2005 Equity Incentive Plan, and

"for," "against," or "abstain" on the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm.

Q: How many stockholders are needed either in person or by proxy to hold the meeting?

A: To hold the meeting and conduct business, a majority of the Company's outstanding shares entitled to vote as of March 10, 2005 must be present at the meeting. This is called a quorum.

Shares are counted as present at the meeting if the stockholder either:

is present in person at the meeting, or

has properly submitted a proxy card.

On proposals for routine matters, a broker nonvote is counted for determining the presence of a quorum.

Q: How many votes must the nominee have to be elected as a director?

A: The nominee receiving the highest number of "yes" votes will be elected as a director. This number is called a plurality.

Q: What happens if a nominee is unable to stand for re-election?

A: A majority of the independent members of the Board may designate a substitute nominee. If you have completed and returned your proxy, Messrs. Byrne and Johnson can vote your shares for a substitute nominee. They cannot vote for more than one nominee.

Q: How many votes are required to approve the 2005 Equity Incentive Plan?

A: A majority of the shares present, in person or by proxy, voting in favor is required to approve the 2005 Equity Incentive Plan. Brokers do not have discretion to vote on this proposal without your instruction.

Q: How many votes are required to ratify the appointment of PricewaterhouseCoopers LLP?

A: A majority of the shares present, in person or by proxy, including broker nonvotes, voting in favor is required to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

Q: How many votes are required to approve other matters that may come before the stockholders at the meeting?

A: A majority of the shares present, in person or by proxy, excluding broker nonvotes, at the meeting voting in favor is required to approve other matters that may come before the stockholders at the meeting.

Q: What happens if I don't indicate how to vote my proxy?

Edgar Filing: OVERSTOCK COM INC - Form DEF 14A

A: If you just sign your proxy card without providing further instructions, your shares will be counted as a "yes" vote for the director nominee, a "yes" vote for the proposal to approve the 2005 Equity Incentive Plan, and "for" ratification of the selection of PricewaterhouseCoopers LLP.

Q: Is my vote kept confidential?

A: Proxies, ballots and voting tabulations identifying stockholders are kept confidential and will not be disclosed except as may be necessary to meet legal requirements.

Q: Where do I find the voting results of the meeting?

A: We will announce preliminary voting results at the meeting. We will publish the final results in our quarterly report on Form 10-Q for the second quarter of 2005 on or before August 9, 2005. We will file that report with the SEC, and you can get a copy by calling Investor Relations at (801) 947-3132 or the SEC at (800) SEC-0330 for the location of the nearest public reference room, or through the EDGAR system at *www.sec.gov*. You can also get a copy from our website at *www.overstock.com*.

Q: Who can help answer my questions?

A: You can call Georgeson Shareholder Communications, our proxy solicitor, toll-free at (800) 314-4549 with any questions about the proposals described in this Proxy Statement or the mechanics of voting.

PROPOSALS TO BE VOTED ON:

1. ELECTION OF DIRECTORS

The nominee for re-election this year as a Class III director, for a three-year term ending in 2008, is Allison H. Abraham. Ms. Abraham has been a director of the Company since 2002 and has consented to serve a new three-year term.

For information about Ms. Abraham, see "The Board Information Regarding Director Nominee and Other Directors" beginning on page 21.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote "for" Ms. Abraham.

Vote Required

A director will be elected by a plurality of the votes of the shares of common stock present in person or represented by proxy at the meeting. Votes withheld are counted for purposes of determining the presence or absence of a quorum for the transaction of business, but otherwise they have no legal effect under Delaware law.

2. APPROVAL OF THE 2005 EQUITY INCENTIVE PLAN.

The Board of Directors is asking our stockholders to approve our 2005 Equity Incentive Plan (the "2005 Plan"), which will enable the Board to grant restricted stock, stock appreciation rights, performance shares, performance units and deferred stock units as well as incentive and nonstatutory stock options, and to approve the transfer to the 2005 Plan of all shares remaining available for grant under our 2002 Stock Option Plan and any prior option plans (as well as any shares subsequently becoming available for grant under any such plan). If the 2005 Plan is approved by the stockholders, no further grants would be made under the 2002 Stock Option Plan or prior plans. If the 2005 Plan is approved by the stockholders, the number of shares of common stock that would then be available for grant thereunder would be 1,184,158, less shares covered by any grants made under the 2002 Stock Option Plan after December 31, 2004, plus any shares returned to the 2002 Stock Option Plan (or prior plans) after December 31, 2004.

Our stockholders are also being asked to approve the material terms of the 2005 Plan and the performance goals thereunder for the purpose of helping awards under the 2005 Plan qualify as "performance-based" compensation under Internal Revenue Code Section 162(m).

As of December 31, 2004, 19,815,486 shares of common stock were outstanding, options to purchase 3,001,004 shares had been granted under the 2002 Stock Option Plan and prior plans, and options to purchase 1,511,909 shares of common stock were outstanding under the 2002 Stock Option Plan and prior plans described below. During 2004 we granted options under the 2002 Stock Option Plan to purchase a total of 473,574 shares, including options to purchase 65,000 shares granted to current executive officers of the Company. At December 31, 2004, 1,184,158 shares of common stock remained available for future option grants.

The 2002 Stock Option Plan replaced the Company's Amended and Restated 1999 Stock Option Plan (the "1999 Plan"), which was terminated as to new grants on May 29, 2002. All options outstanding under the 1999 Plan on May 29, 2002 remained outstanding under the 1999 Plan, and any shares available for grant under the 1999 Plan became available for grant under the 2002 Stock Option Plan. At December 31, 2004, options to purchase an additional 1,548 shares of common stock remained outstanding under the Gear.com, Inc. Restated 1998 Stock Option Plan, which terminated as to new grants upon our acquisition of Gear.com, Inc. on November 20, 2000.

New accounting regulations are expected to require companies to record a charge to earnings for employee stock option grants, including options granted under plans similar to the proposed 2005 Plan. The extent to which we will make grants of awards under the 2005 Plan will depend on the developments in these accounting regulations as well as other factors, including our assessment of the efficacy of various types of awards in attracting, retaining and motivating key employees. The 2005 Plan will allow us to grant a wider range of awards than is permitted under our current stock option plans, including restricted stock, stock appreciation rights, performance shares, performance units and deferred stock units. We believe that the 2005 Plan will be an important element of our compensation package.

Our 2005 Plan has been developed to replace our 2002 Stock Option Plan, which would otherwise terminate no later than 2014. Currently, our 2002 Stock Option Plan authorizes the Board of Directors to grant incentive stock options to our employees, and non-statutory stock options and stock purchase rights to our employees, directors and consultants. Our Board of Directors approved the 2005 Plan on March 11, 2005, subject to stockholder approval at the 2005 annual meeting. The 2002 Plan and prior plans will remain in effect with respect to options outstanding under such plans.

In addition to approving the 2005 Plan, we are proposing for stockholder approval the transfer to the 2005 Plan all of the shares remaining available for grant under the 2002 Stock Option Plan or prior plans or otherwise becoming available for grant under any such plan. If the 2005 Plan is approved by the stockholders, the number of shares of common stock that would then be available for grant thereunder would be 1,184,158, less shares covered by any grants made under the 2002 Stock Option Plan after December 31, 2004, plus any shares returned to the 2002 Stock Option Plan (or prior plans) after December 31, 2004. The proposed 2005 Plan does not increase the number of shares available for grant.

As of March 24, 2005, the closing price of our common stock was \$43.64 per share.

The 2005 Plan provides for the grant of options to purchase shares of our common stock, stock appreciation rights ("SARs"), restricted stock, performance shares, performance units, and deferred stock units to employees and consultants of the Company. As of December 31, 2004, there were approximately 430 employees (including officers and directors) who would be eligible to participate in the Plan.

Please see the summary of the Plan below.

Vote Required and Recommendation

If a quorum is present, the affirmative vote of a majority of the shares present, entitled to vote and cast at the Annual Meeting will be required to approve the adoption of the 2005 Plan.

Brokers do not have discretion to vote on this proposal without your instruction. If you do not instruct your broker how to vote on this proposal, your broker will deliver a non-vote on this proposal. Broker non-votes, if any, will have no effect on the outcome of the vote on this proposal. Abstentions will have the effect of a vote "against" the proposal. If our stockholders do not approve the 2005 Plan, we will continue to make grants under the 2002 Stock Option Plan.

Our executive officers and non-employee directors have an interest in this proposal, as they may receive awards under the 2005 Plan.

The Board of Directors recommends a vote "FOR" Proposal 2, the approval of our 2005 Equity Incentive Plan and the transfer of all shares remaining available for grant (or to become available for grant) under our 2002 Stock Option Plan and all prior stock option plans, and to approve the material terms of the 2005 Plan and the performance goals thereunder for purposes of Section 162(m) of the

Internal Revenue Code. Proxies solicited by the Board will be so voted unless stockholders instruct otherwise in their proxies.

Summary of the Plan

The principal features of the 2005 Plan are summarized below. This summary does not purport to be complete and is subject to, and qualified in its entirety by, the provisions of the 2005 Plan, which is attached as Appendix B. Capitalized terms used herein and not defined shall have the meanings set forth in the 2005 Plan.

Purpose. The purposes of the 2005 Plan are to attract and retain the best available personnel, to provide additional incentive to our employees, consultants and non-employee directors, and to promote the success of our business.

Administration. The 2005 Plan may be administered by our Board of Directors or a committee, which our Board of Directors may appoint from among its members (the "Administrator"). Subject to the provisions of the 2005 Plan, the Administrator has the authority to: (i) interpret the 2005 Plan and apply its provisions; (ii) prescribe, amend or rescind rules and regulations relating to the 2005 Plan; (iii) select the persons to whom awards are to be granted; (iv) subject to individual fiscal year limits applicable to each type of award, determine the number of shares or equivalent units to be made subject to each award; (v) determine whether and to what extent awards are to be granted; (vi) determine the terms and conditions applicable to awards generally and of each individual award (including the provisions of the award agreement to be entered into between the Company and the participant); (vii) amend any outstanding award subject to applicable legal restrictions; (viii) authorize any person to execute, on our behalf, any instrument required to effect the grant of an award; (ix) approve forms of agreement for use under the 2005 Plan; (x) allow participants to satisfy withholding tax obligations by electing to have the Company withhold from the shares or cash to be issued that number of shares or cash having a fair market value equal to the minimum amount required to be withheld; (xi) reduce the exercise price of an award to the then current fair market value if the fair market value of the common stock covered by the award has declined since the date the award was granted; (xii) institute an award exchange program; and (xiii) subject to certain limitations, take any other actions deemed necessary or advisable for the administration of the 2005 Plan. All decisions, interpretations and other actions of the Administrator shall be final and binding on all holders of awards and on all persons deriving their rights therefrom.

Eligibility. The 2005 Plan provides that awards may be granted to our employees, consultants and non-employee directors. Incentive options may be granted only to employees (including officers and employee directors).

Code Section 162(m) Performance Goals. We have designed the 2005 Plan so that it permits us to issue awards that qualify as performance-based under Section 162(m) of the Code. Thus, the Administrator may make performance goals applicable to a participant with respect to an award. At the Administrator's discretion, one or more of the following or any other reasonable performance goals may apply: cash position, earnings per share, expenses, gross margin, individual objectives, net income, operating cash flow, operating income, operating margin, return on assets, return on equity, return on sales, revenue, total stockholder return, and/or unit sales, all as determined in accordance with accounting principles generally accepted in the United States or on a non-GAAP basis. Except for cash position, return on equity and total stockholder return, a performance goal may apply either to us or to one of our business units. The Administrator may use other performance goals for awards that are not intended to qualify as performance-based under Section 162(m) of the Code.

Terms and Conditions of Options. Each option granted under the 2005 Plan is evidenced by a written stock option agreement between the optionee and the Company and is subject to the following terms and conditions:

(a) *Exercise Price.* The Administrator determines the exercise price of options at the time the options are granted. The option price of all incentive stock options under the 2005 Plan and non-statutory options granted under the 2005 Plan intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code may not be less than the fair market value of the common stock on the date the option is granted. Subject to the foregoing, and subject to Section 409A of the Internal Revenue Code, non-statutory stock options may be granted with a per share exercise price determined by the Administrator. Non-statutory options may be granted with an exercise price of less than 100% of the fair market value per share on the date of grant pursuant to a merger or other corporate transaction. In the case of an option granted to an optionee who at the time of grant owns stock representing more than 10% of the voting power of all classes of stock of the Company, the option price must be not less than 110% of the fair market value on the date of grant. For purposes of the 2005 Plan, fair market value is defined as the closing sale price per share of the common stock on the date of grant as reported on the Nasdaq National Market. On March 16, 2005, the closing price of the common stock as reported on the Nasdaq National Market was \$45.49. Optionees are not required to pay the Company any amount upon the grant of an option.

(b) *Form of Consideration.* The means of payment for shares issued upon exercise of an option is specified in each option agreement and generally may be made by cash, check, other shares of our common stock owned by the optionee, delivery of an exercise notice together with irrevocable instructions to a broker to deliver to us the exercise price from sale proceeds, or by a combination thereof.

(c) *Exercise of the Option.* Each stock option agreement will specify the term of the option and the date when the option is to become exercisable. However, in no event shall an option granted under the 2005 Plan be exercised more than 10 years after the date of grant.

(d) *Termination of Employment.* The 2005 Plan provides that if the optionee's employment relationship with the Company is terminated for any reason, other than death or disability, the period of time during which an option may be exercised following such termination may be determined by the Administrator and set forth in the option agreement and the option may be exercised only to the extent the options were exercisable on the date of termination and in no event later than the expiration of the term of the option. In the absence of a specified time in the option agreement, the option will generally remain exercisable for three months after the optionee's termination.

(e) *Permanent Disability.* If an optionee's employment is terminated due to a disability, options granted to such employee may be exercised within such period of time as is determined by the Administrator and set forth in the option agreement, but only to the extent that the options were exercisable on the date of termination and in no event later than the expiration of the term of such option as set forth in the option agreement. In the absence of a specified time in the option agreement, the option will generally remain exercisable for one year following the optionee's termination due to disability.

(f) *Death.* If an optionee should die while an employee of the Company, options granted to such employee may be exercised within such period of time as is determined by the Administrator and set forth in the option agreement but only to the extent that the options were exercisable on the date of death and in no event later than the expiration of the term of such option as set forth in the option agreement. In the absence of a specified time in the option agreement, the option will generally remain exercisable for one year following the optionee's death.

(g) *ISO Limitation.* The Plan provides a limit of \$100,000 on the aggregate fair market value of shares subject to all incentive options held by an employee that are exercisable for the first time in any one calendar year. To the extent the limit is exceeded, the options relating to the excess shares will be treated as nonstatutory options.

(h) *162(m) Share Limit.* No participant may be granted stock options and stock appreciation rights to purchase more than 423,430 shares of common stock in any fiscal year, except that up to 846,860 shares may be granted in the participant's first fiscal year of service.

(i) *Other Provisions.* The stock option agreement may contain other terms, provisions and conditions as determined by the Administrator.

Terms and Conditions of Stock Appreciation Rights. The Administrator, subject to the provisions of the 2005 Plan (including the 162(m) share limit referred to above), shall have complete discretion to determine the terms and conditions of SARs granted under the 2005 Plan.

Payment of Stock Appreciation Right Amount. Upon exercise of an SAR, the holder of the SAR shall be entitled to receive payment in an amount equal to the product of (i) the difference between the fair market value of a share on the date of exercise and the exercise price and (ii) the number of shares for which the SAR is exercised.

Payment upon Exercise of Stock Appreciation Right. At the discretion of the Administrator, payment to the holder of an SAR may be in cash, shares of our common stock or a combination thereof. To the extent that an SAR is settled in cash, the shares available for issuance under the 2005 Plan shall not be diminished as a result of the settlement.

Stock Appreciation Right Agreement. Each SAR grant shall be evidenced by an agreement that shall specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, shall determine.

Expiration of Stock Appreciation Rights. SARs granted under the 2005 Plan expire as determined by the Administrator, but in no event later than ten (10) years from date of grant. No SAR may be exercised by any person after its expiration.

Restricted Stock. Subject to the terms and conditions of the 2005 Plan, restricted stock may be granted to our employees and consultants at any time and from time to time at the discretion of the Administrator. The Administrator shall have complete discretion to determine (i) the number of shares subject to a restricted stock award granted to any participant and (ii) the conditions for grant or for vesting that must be satisfied, which may be based principally or solely on continued provision of services but may include a performance-based component. However, no participant shall be granted a restricted stock award and performance shares covering more than 211,715 shares in any of our fiscal years, except that up to 635,145 shares may be granted in the participant's first fiscal year of service. Until the shares are issued, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the underlying shares.

Restricted Stock Award Agreement. Each restricted stock grant shall be evidenced by an agreement that shall specify the purchase price (if any) and such other terms and conditions as the Administrator shall determine; *provided, however*, that if the restricted stock grant has a purchase price, the purchase price must be paid no more than ten (10) years following the date of grant.

Performance Shares. Subject to the terms and conditions of the 2005 Plan, performance shares may be granted to our employees and consultants at any time and from time to time as shall be determined at the discretion of the Administrator. The Administrator shall have complete discretion to determine (i) the number of shares of our common stock subject to a performance share award granted to any service provider and (ii) the conditions that must be satisfied for grant or for vesting, which may

be based principally or solely on achievement of performance milestones but may include a service-based component. However, no participant shall be granted performance shares and restricted stock awards covering more than 211,715 shares in any of our fiscal years, except that up to 634,145 shares may be granted in the participant's first fiscal year of service.

Performance Share Award Agreement. Each performance share grant shall be evidenced by an agreement that shall specify such other terms and conditions as the Administrator, in its sole discretion, shall determine.

Performance Units. Performance units are similar to performance shares, except that they shall be settled in cash equivalent to the fair market value of the underlying shares of our common stock, determined as of the vesting date. The shares available for issuance under the 2005 Plan shall not be diminished as a result of the settlement of a performance unit.

Performance Unit Award Agreement. Each performance unit grant shall be evidenced by an agreement that shall specify such terms and conditions as shall be determined at the discretion of the Administrator. However, no participant shall be granted a performance unit award covering more than \$1,000,000 in any of the Company's fiscal years, except that a newly hired participant may receive a performance unit award covering up to \$3,000,000.

Deferred Stock Units. Deferred stock units shall consist of a restricted stock, performance share or performance unit award that the Administrator, in its sole discretion, permits to be paid out in installments or on a deferred basis, in accordance with rules and procedures established by the Administrator. Deferred stock units are subject to the individual annual limits that apply to each type of award.

Non-Transferability of Awards. Unless determined otherwise by the Administrator, an award granted under the 2005 Plan may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the recipient, only by the recipient. If the Administrator makes an award granted under the 2005 Plan transferable, such award shall contain such additional terms and conditions as the Administrator deems appropriate.

Acceleration upon Death. In the event that a participant dies while a service provider, the award may be exercised within the time period set forth in the relevant agreement, but in no event later than the expiration date of the relevant award.

Adjustment Upon Changes in Capitalization. In the event that our capital stock is changed by reason of any stock split, reverse stock split, stock dividend, combination or reclassification of our common stock or any other increase or decrease in the number of issued shares of common stock effected without receipt of consideration by us, appropriate proportional adjustments shall be made in the number and class of shares of stock subject to the 2005 Plan, the individual fiscal year limits applicable to restricted stock, performance share awards, SARs and options, the number and class of shares of stock subject to any award outstanding under the 2005 Plan, and the exercise price of any such outstanding option or SAR or other award. Any such adjustment shall be made by the Administrator or the Compensation Committee of our Board of Directors, whose determination shall be conclusive.

Change of Control. In the event of a change of control, the successor corporation (or its parent or subsidiary) will assume or substitute each outstanding award. If the successor corporation refuses to assume the awards or to substitute equivalent awards, such awards shall become 100% vested. In such event, the Administrator shall notify the participant that each award subject to exercise is fully exercisable for 30 days from the date of such notice and that the award terminates upon expiration of such period.

Amendment, Suspensions and Termination of the 2005 Plan. Our Board of Directors may amend, suspend or terminate the 2005 Plan at any time; *provided, however*, that stockholder approval is required for any amendment to the extent necessary to comply with Rule 16b-3 promulgated under the Securities Exchange Act of 1934 ("Rule 16b-3") or Section 422 of the Code, or any other applicable rule or statute or by the rules of any stock exchange or automated quotation system on which the Company's shares may then be listed or quoted. The 2005 Plan may constitute a "nonqualified deferred compensation plan" under Section 409A of the Internal Revenue Code, and the Board may be expected to amend the 2005 Plan to comply with regulations expected to be issued under Section 409A. If the 2005 Plan is approved, the 2005 Plan will terminate in April 2015.

Federal Income Tax Information

Incentive Stock Options. An optionee who is granted an incentive stock option will not recognize taxable income either at the time the option is granted or upon its exercise, although the exercise is an adjustment for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon the sale or exchange of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss will be treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee will recognize ordinary income at the time of sale or exchange equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income will be characterized as long-term or short-term capital gain or loss, depending on the holding period.

Non-statutory Stock Options. All other options that do not qualify as incentive stock options are referred to as non-statutory options. An optionee will not recognize any taxable income at the time a non-statutory option is granted. However, upon its exercise, the optionee will recognize ordinary income generally measured as the excess of the then fair market value of the shares purchased over the purchase price. Any taxable income recognized in connection with an option exercise by an optionee who is also an employee of the Company will be subject to tax withholding by the Company. Upon resale of such shares by the optionee, any difference between the sales price and the optionee's purchase price, to the extent not recognized as taxable income as described above, will be treated as long-term or short-term capital gain or loss, depending on the holding period.

Stock Appreciation Rights. No taxable income is reportable when an SAR is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the fair market value of any shares of our common stock received and/or the amount of cash received. Any additional gain or loss recognized upon any later disposition of the shares of our common stock would be a capital gain or loss.

Restricted Stock, Performance Units and Performance Shares. A participant will not have taxable income upon grant (unless, with respect to restricted stock, he or she elects to be taxed at that time). Instead, he or she will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the vested shares or cash received minus any amount paid for the shares of our vested common stock.

Tax Effect for the Company. We generally will be entitled to a tax deduction in connection with an award under the 2005 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income. Special rules limit the deductibility of compensation paid to our chief executive officer and to each of our four most highly compensated executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are

met with respect to awards. These conditions include stockholder approval of the 2005 Plan and performance goals under the 2005 Plan, setting individual annual limits on each type of award, and certain other requirements. The 2005 Plan has been designed to permit the Administrator to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to continue to receive a federal income tax deduction in connection with any such awards.

Requirements Regarding "Deferred Compensation." Certain of the benefits under the 2005 Plan may constitute "deferred compensation" within the meaning of Section 409A of the Internal Revenue Code, a recently enacted provision governing "nonqualified deferred compensation plans." Failure to comply with the requirements of the provisions of Section 409A regarding participant elections and the timing of payment distributions could result in the affected participants being required to recognize ordinary income for federal tax purposes earlier than expected, and to be subject to substantial penalties.

The foregoing is only a summary of the effect of federal income taxation upon us and upon the participant, does not purport to be complete, and does not discuss the tax consequences of the participant's death or the income tax laws of any municipality, state or foreign country in which a participant may reside. It also does not discuss the potential application of Section 280G of the Internal Revenue Code, which can apply to an "excess parachute payment." Further, different rules may apply if the participant is also an officer, director, or 10% stockholder of the Company.

Accounting Treatment

Currently, employee awards with purchase prices at or above fair market value on the grant date typically do not result in any direct charge to our reported earnings. However, the fair market value of these awards is required to be disclosed in the notes to our financial statements. We must also disclose, in the notes to our financial statements, the pro forma impact these awards would have on our reported earnings and earnings per share if the fair value of the awards at the time of grant were treated as a compensation expense.

The Financial Accounting Standards Board has adopted a standard which will require mandatory expensing for equity awards for public companies commencing at the beginning of the first fiscal quarter after June 15, 2005. Consequently, we expect that all Plan awards granted after the effective date and any Plan awards granted prior to the effective date with outstanding unvested awards as of the effective date will result in direct charges to our reported earnings over the future respective vesting periods.

New Plan Benefits

The grant of awards under the 2005 Plan, including grants to our named executive officers and directors, is discretionary. As of the date of this proxy statement, there has been no determination with respect to future awards under the 2005 Plan. Accordingly, the amount of any future discretionary awards is not determinable. The following table sets forth information with respect to the grant of

options during the fiscal year ended December 31, 2004 to: (a) non-employee directors; (b) our named executive officers; (c) all current executive officers as a group; and (d) all other employees as a group:

3. RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the current fiscal year. PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since 1999. Although ratification of the Audit Committee's selection of PricewaterhouseCoopers LLP is not required under our bylaws or other legal requirements, the Company is submitting the appointment of PricewaterhouseCoopers LLP to the stockholders as a matter of good corporate practice. If stockholders do not ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers LLP. Even if stockholders ratify the selection of PricewaterhouseCoopers LLP, the Audit Committee may appoint a different independent registered public accounting firm or replace PricewaterhouseCoopers LLP with a different independent registered public accounting firm at any time if the Audit Committee determines it is in the best interests of the Company and the stockholders to do so. Representatives of PricewaterhouseCoopers LLP are expected to attend the meeting in order to respond to appropriate questions from stockholders and will have an opportunity to make a statement if they desire to do so.

Audit Fees

The aggregate fees PricewaterhouseCoopers LLP billed us for each of the last two fiscal years for professional services for the audits of our annual financial statements, management's assessment of the effectiveness of internal control over financial reporting, the effectiveness of internal control over financial reporting and reviews of financial statements included in our Reports on Form 10-K and Form 10-Q were \$191,400 in 2003 and \$567,300 in 2004. The increase in our 2004 audit fees was primarily due to \$350,000 in fees for the audits of management's assessment of the effectiveness of

internal control over financial reporting and the effectiveness of internal control over financial reporting as of December 31, 2004.

Audit-Related Fees

The aggregate fees and out-of-pocket expenses PricewaterhouseCoopers LLP billed us in each of the last two fiscal years for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported above under the caption "Audit Fees" were \$145,800 in 2003, of which \$127,400 was for audit related services in connection with our follow-on offering in the first quarter of 2003, and of which \$18,400 was for consultations regarding revenue recognition and compliance with the Sarbanes-Oxley Act of 2002, and \$116,600 in 2004, all of which was for audit-related services in connection with our offerings and registration statements during 2004.

Tax Fees

PricewaterhouseCoopers LLP did not bill us any additional fees in the last two fiscal years for compliance, tax advice, or tax planning.

All Other Fees

PricewaterhouseCoopers LLP did not bill us any additional fees in the last two fiscal years for products and services provided by PricewaterhouseCoopers LLP, other than the services reported above.

Auditor Independence

The Audit Committee has considered the role of PricewaterhouseCoopers LLP in providing us with the services described above, and has concluded that those services are compatible with their independence from management and from the Company.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

General

The Audit Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy, which sets forth the procedures and the conditions pursuant to which services to be performed by the independent registered public accounting firm are to be pre-approved. Under the Policy, proposed services either may be pre-approved by agreeing to a framework with descriptions of allowable services with the Audit Committee ("general pre-approval"), or require the specific pre-approval of the Audit Committee ("specific pre-approval"). Unless a type of service has received general pre-approval, it requires specific pre-approval by the Audit Committee if it is to be provided by the independent registered public accounting firm.

The Policy describes the Audit, Audit-related, Tax and All Other Services that are subject to the general pre-approval of the Audit Committee. The Audit Committee will annually review and pre-approve the services that may be provided by the independent registered public accounting firm that are subject to general pre-approval. Under the Policy, the Audit Committee may delegate either type of pre-approval authority to its chairperson or any other member or members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next meeting. The Policy does not delegate the Audit Committee's responsibilities to pre-approve services performed by the independent registered public accounting firm to management.

Audit Services

The annual Audit services engagement scope and terms are subject to the general pre-approval of the Audit Committee. Audit services include the annual financial statement audit (including required quarterly reviews) and other procedures required to be performed by the independent registered public accounting firm to be able to form an opinion on the Company's consolidated financial statements. Audit services also include the attestation engagement for the independent registered public accounting firm's report on management's assertion on internal control over financial reporting and the effectiveness of internal control over financial reporting. The Policy provides that the Audit Committee will monitor the Audit services engagement throughout the year and will also approve, if necessary, any changes in terms and conditions resulting from changes in audit scope or other items. The Policy provides for Audit Committee pre-approval of specific Audit services.

Audit-related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements or that are traditionally performed by the independent registered public accounting firm. Under the Policy, the Audit Committee grants general pre-approval to specified Audit-related services. All other Audit-related services not specified must be specifically pre-approved by the Audit Committee.

Tax Services

Under the Policy, the Audit Committee grants general pre-approval to specific tax compliance, planning and advice services that have historically been provided by the auditor, that the Audit Committee has reviewed and believes would not impair the independence of the auditor, and that are consistent with the SEC's rules on auditor independence. Other tax services must be specifically approved by the Audit Committee.

All Other Services

Under the Policy, the Audit Committee grants general pre-approval to specific permissible non-audit services classified as All Other Services that it believes are routine and recurring services, would not impair the independence of the independent registered public accounting firm and are consistent with the SEC's rules on auditor independence. Services permissible under applicable rules but not specifically approved in the Policy require further specific pre-approval by the Audit Committee.

Procedures

The Policy provides that at the beginning of each year, the Vice President, Finance (our principal financial and accounting officer) and the Company's independent registered public accounting firm will jointly submit to the Audit Committee a schedule of audit, audit-related, tax and other non-audit services that are subject to general pre-approval. This schedule will provide a description of each type of service that is subject to general pre-approval and, where possible, will provide projected fees (or a range of projected fees) for each service. The Audit Committee will review and approve the types of services and review the projected fees for the next fiscal year. Any changes to the fee amounts listed in the schedule will be subject to further specific approval of the Audit Committee. The Policy prohibits the independent registered public accounting firm from commencing any project not described in the schedule approved by the Audit Committee until specific approval has been given. All such audit, audit related, tax and non-audit services, if any, performed by PricewaterhouseCoopers LLP during 2004 were pre-approved by the Audit Committee in accordance with the Policy.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends that the stockholders vote "for" ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm.

Vote Required

The affirmative vote of a majority of the shares represented at the meeting, in person or by proxy, will be required to approve the proposal.

4. OTHER BUSINESS

The Board knows of no other business for consideration at the meeting. If other matters are properly presented at the meeting, or at any adjournment or postponement of the meeting, Messrs. Byrne and Johnson will vote, or otherwise act, on your behalf in accordance with their judgment on such matters.

THE BOARD

General

The Board of Directors is currently composed of five members. One current director is a nominee for re-election this year. The remaining four directors will continue to serve the terms described below. Our directors serve staggered terms. This is accomplished as follows:

each director serves a three-year term,

the directors are divided into three classes,

the classes are as nearly equal in number as possible, and

the term of each class begins on a staggered schedule.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for Ms. Abraham, who is a current director of the Company. In the event that Ms. Abraham is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by a majority of the independent members of the present Board of Directors to fill the vacancy. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will ensure the election of the nominee approved by a majority of the independent members of the Board, if possible. The term of office of the person elected as a director will continue until the 2008 Annual Meeting of Stockholders or until his or her successor has been duly elected and qualified or until his or her earlier death, resignation or removal. It is not expected that Ms. Abraham will be unable or will decline to serve as a director.

Board and Committee Meetings

The Board held nine meetings during 2004. The Audit Committee held six meetings, and the Compensation Committee held two meetings during 2004. Each director attended at least 75% of the meetings of the Board and of the committees on which he or she served during 2004.

Board Independence

The Board of Directors has determined that, except for our President Patrick M. Byrne and his father John J. Byrne, each of our current directors, including the director standing for re-election, is independent within the meaning of the Nasdaq director independence standards.

Committees of the Board

The Board of Directors has an Audit Committee and a Compensation Committee, each of which has adopted a written charter. All members of the committees are appointed by the Board of Directors, and each member is independent within the meaning of the Nasdaq director independence standards. The committees are described in more detail below. In addition, the Board has adopted resolutions authorizing a majority of the independent members of the Board of Directors to recommend nominees for election to the Board, as described in more detail below.

Audit Committee. The Board has an Audit Committee consisting of John A. Fisher, Gordon S. Macklin and Allison H. Abraham, each of whom is independent within the meaning of the Nasdaq director independence standards. The Board of Directors has determined that each of Mr. Fisher, Mr. Macklin and Ms. Abraham is an "audit committee financial expert" as defined by the SEC. The Audit Committee is responsible for reviewing and monitoring our financial statements and internal accounting procedures, selecting, reviewing and monitoring our independent registered public accounting firm, evaluating the scope of the annual audit, reviewing audit results, and consulting with

management and our independent registered public accounting firm prior to presentation of financial statements to stockholders. The Audit Committee Report is included beginning on page 27 of this proxy statement.

Compensation Committee. The Board also has a Compensation Committee consisting of John A. Fisher and Gordon S. Macklin. The Compensation Committee is responsible for determining salaries, incentives and other forms of compensation for our directors, officers and other employees and administering various incentive compensation and benefit plans. The Compensation Committee Report is included beginning on page 22 of this proxy statement.

Nominations. The Board does not have a standing nominating committee or committee performing similar functions. The Board has adopted resolutions in accordance with the Nasdaq Marketplace Rules authorizing a majority of the independent members of the Board to recommend nominees to the full Board. The Board believes that it is appropriate for the Board not to have a nominating committee because of the small size of the full Board. The Board consists of five members, three of whom are independent. The Board considered forming a nominations committee consisting of two or all three of the independent members of the Board. Forming a committee consisting of two members was unattractive because it would have omitted one of the independent members of the Board. The Board desired the participation in the nomination procedure of all of its independent members, and therefore authorized a majority of the independent members of the Board to make nominations. The Board intends to review this matter periodically, and may in the future elect to designate a formal nominations committee. Each member of the Board of Directors has historically participated in the consideration of director nominees.

The independent members of the Board do not have a nominating committee charter, but act pursuant to Board resolutions as described above. Each of the members of the Board authorized to recommend nominees to the full Board is independent within the meaning of the Nasdaq director independence standards.

Director Qualifications

The independent members of the Board have not formalized specific minimum qualifications they believe must be met by a candidate to be recommended by the independent members. The independent members believe that candidates for election to the Board should have the highest professional and personal ethics and values, consistent with those of the Company. Candidates should have broad relevant experience, and should be committed to enhancing long-term stockholder value. They should be able and willing to provide insight and practical advice based on experience, and they must actively represent the interests of the stockholders. The independent members believe that a variety of types and a balance of knowledge, experience and capabilities among the members of the Board are in the best interests of the stockholders.

Identification and Evaluation of Nominees for Director

The independent members of the Board believe that the current Board composition is serving the stockholders of the Company well. The independent Board members have considered recommending additional persons as candidates for the Board from time to time, based largely on the qualifications of the potential candidates, rather than on any perceived need of the Company. In the future, the independent members may consider candidates identified through current members of the Board, professional search firms, stockholders or other persons. Candidates may be evaluated at regular or special meetings of the Board, and may be considered at any point during the year.

The independent members have a policy that they will consider any properly submitted director candidates recommended by stockholders of the Company. Any stockholder who desires to submit a recommendation should submit a written recommendation to the Board, including information about

the qualifications of the person to be a nominee for election to the Board, and a consent of the person to serve if elected, addressed to Board of Directors, Overstock.com, Inc., 6322 South 3000 East, Suite 100, Salt Lake City, Utah 84121. There is no difference in the manner in which the independent members would evaluate a nominee based on whether the nominee is recommended by a stockholder.

The independent members have not approved any nominee for inclusion on the Company's proxy card for the 2005 Annual Meeting other than Allison H. Abraham, who is standing for reelection. The Company has not paid a fee to any third party or parties to identify or evaluate or assist in identifying or evaluating potential nominees. The independent members did not receive, by November 18, 2004, any recommended nominee from any stockholder that beneficially owned more than 5% of the Company's voting common stock for at least one year as of the date the recommendation was made, or from a group of stockholders that beneficially owned, in the aggregate, more than 5% of the Company's voting common stock, with each of the securities used to calculate that ownership held for at least one year as of the date the recommendation was made.

Communications with the Board

In January 2004 the Board adopted resolutions to provide a formal process by which stockholders may communicate with the Board. Although the adoption of the formal process did not change the previously existing informal procedures by which stockholders could communicate with the Board, whether for the purpose of recommending nominees for election to the Company's Board of Directors or for other purposes, the adoption of the formal process did clarify that stockholders may communicate directly with the Board, whether for the purpose of recommending nominees for election to the Company's Board of Directors or for other purposes. The formal process adopted by the Board permits stockholders to communicate with the Board either in writing, addressed to the Board at the Company's headquarters at 6322 South 3000 East, Suite 100, Salt Lake City, Utah 84121, or by e-mail, sent to *boardofdirectors@overstock.com*. All communications from stockholders regarding matters appropriate for stockholder communications with the Board and delivered as described will be delivered to Board members.

Annual Meeting Attendance

The Company's policy is that Board members should attend annual stockholder meetings if reasonably possible. All five of the members of the Board attended the 2004 annual stockholders meeting.

Code of Ethics

The Company has adopted a code of ethics that applies to all of the Company's directors and employees, including the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The Company will provide a copy of the code of ethics to any person without charge, upon request. Requests for a copy of the code of ethics may be made in writing addressed to: General Counsel, Overstock.com, Inc., 6322 South 3000 East, Suite 100, Salt Lake City, Utah, 84121.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Committee has provided the following report on the compensation of the executive officers including the chief executive officer and the relationship of the Company's performance to executive compensation.

Compensation Committee Report

In 2004, the Compensation Committee (the "Committee") of the Board consisted of Messrs. Fisher and Macklin, neither of whom was an employee or former employee of the Company or any of its subsidiaries during the year. The Committee has overall responsibility for the Company's executive compensation policies and practices. The Committee's functions include:

evaluating management's performance,

reviewing and approving the Company's compensation philosophy,

reviewing and approving all executive officers' compensation, including salaries, and

administering compensation plans including granting awards under the Company's stock option plans to its employees.

Compensation of the Chief Executive Officer

The Company's President, Patrick M. Byrne, declined to accept any salary or bonus payment from the Company during 2004. Dr. Byrne also declined to accept any salary or bonus payment from the Company during each of the three preceding years. Dr. Byrne's lack of any cash compensation bears no relationship at all to the Company's performance.

In addition to serving as President, Dr. Byrne serves as Chairman of the Board of Directors, and controls High Plains Investments, LLC, which is the Company's largest stockholder. The Committee believes that Dr. Byrne's economic interest in the Company, directly and through High Plains Investments LLC, is fully aligned with the economic interests of the other stockholders.

Compensation Policies Applicable to other Executive Officers

The Company's compensation program for its executive officers other than Dr. Byrne consists of (i) salaries, (ii) bonus opportunities, and (iii) stock-based compensation.

Salaries. The Company pays its executive officers other than Dr. Byrne salaries that are determined, in part, based on the responsibilities of the position and the experience and knowledge of the individual. Salaries are adjusted periodically at the discretion of the Committee, taking into consideration factors including the Company's growth, performance and financial condition and the Committee's subjective perception of the individual's performance, but at present (and subject to change at the discretion of the Committee) are capped at a maximum annual rate of \$100,000.

Bonus Opportunities. During 2004, the Compensation Committee determined to recognize the extraordinary contributions of Messrs. Johnson, Chidester and Martin with bonuses of \$50,000, \$20,000 and 3,500, respectively. In addition, in February 2005, the Compensation Committee awarded bonuses of \$75,000 to each of Messrs. Johnson, Chidester, Schwegman and Martin based on their respective contributions to the performance of the Company in 2004.

Stock-based Compensation. The third component of the Company's compensation program consists of share based payments. The options granted to executive officers during 2004 were granted in January 2004, with exercise prices of \$18.58 per share, which the Committee determined to be equal to the fair market value of the underlying shares of common stock on the date of grant. The Committee believes that stock option grants or other equity awards provide proper incentives to management and align the economic interests of management with those of the other stockholders.

(a) *Option and SAR Annual Share Limit.* No Participant shall be granted, in any Fiscal Year, Options and Stock Appreciation Rights to purchase more than 423,430 Shares; provided, however, that such limit shall be 846,860 Shares in the Participant's first Fiscal Year of Company service.

(b) *Restricted Stock and Performance Share Annual Limit.* No Participant shall be granted, in any Fiscal Year, more than 211,715 Shares of Restricted Stock or Performance Shares; provided, however, that such limit shall be 635,145 Shares in the Participant's first Fiscal Year of Company service.

(c) *Performance Units Annual Limit.* No Participant shall receive Performance Units, in any Fiscal Year, having an initial value greater than \$1,000,000, provided, however, that such limit shall be \$3,000,000 in the Participant's first Fiscal Year of Company service.

(d) *Section 162(m) Performance Restrictions.* For purposes of qualifying grants of Restricted Stock, Performance Shares or Performance Units as "performance-based compensation" under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Administrator on or before the latest date permissible to enable the Restricted Stock, Performance Shares or Performance Units to qualify as "performance-based compensation" under Section 162(m) of the Code. In granting Restricted Stock, Performance Shares or Performance Units which are intended to qualify under Section 162(m) of the Code, the Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

(e) *Changes in Capitalization.* The numerical limitations in Sections 7(a) and (b) shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 16(a).

(f) If an Award is cancelled in the same Fiscal Year in which it was granted (other than in connection with a transaction described in Section 16), the cancelled Award will be counted against the limits set forth in subsections (a) and (b) above. For this purpose, if the exercise price of an Award is reduced, the transaction will be treated as a cancellation of the Award and the grant of a new Award.

8. *Term of Plan.* The Plan shall continue in effect for a term of ten (10) years following the date upon which the Board approved the Plan in 2005.

9. *Stock Options.*

(a) *Term.* The term of each Option shall be stated in the Notice of Grant; provided, however, that the term shall be ten (10) years from the date of grant or such shorter term as may be provided in the Notice of Grant. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Notice of Grant.

(b) *Option Exercise Price.* The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of

Edgar Filing: OVERSTOCK COM INC - Form DEF 14A

stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a merger or other corporate transaction.

(c) *Waiting Period and Exercise Dates.* At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions which must be satisfied before the Option may be exercised. In so doing, the Administrator may specify that an Option may not be exercised until the completion of a service period or until performance milestones are satisfied.

(d) *Form of Consideration.* The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Subject to Applicable Laws, such consideration may consist entirely of:

(i) cash;

(ii) check;

(iii) other Shares which (A) in the case of Shares acquired upon exercise of an option, have been owned by the Participant for more than six months on the date of surrender, and (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(iv) delivery of a properly executed exercise notice together with such other documentation as the Administrator and the broker, if applicable, shall require to effect an exercise of the Option and delivery to the Company of the sale proceeds required to pay the exercise price;

(v) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws, including, to the extent permitted by Applicable Laws and approved by the Administrator, delivery of a promissory note, consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan, or a reduction in the amount of any Company liability to the Participant; or

(vi) any combination of the foregoing methods of payment.

(e) *Exercise of Option; Rights as a Stockholder.* Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement. An Option may not be exercised for a fraction of a Share. An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of

payment authorized by the Administrator and permitted by the Option Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the stock certificate evidencing such Shares is issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the optioned stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such stock certificate promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 16 of the Plan. Exercising an Option in any manner shall decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised.

(f) *Termination of Relationship as a Service Provider.* If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for three months following the Participant's termination. If, on the date of termination, the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Participant does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(g) *Disability.* If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Participant's termination. If, on the date of termination, the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Participant does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(h) *Death of Participant.* If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Option Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Option Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following Participant's death. If, at the time of death, the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(i) *ISO \$100,000 Rule.* Each Option shall be designated in the Notice of Grant as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designations, to the extent that the aggregate Fair Market Value:

(i) of Shares subject to a Participant's Incentive Stock Options granted by the Company, any Parent or Subsidiary, which

(ii) become exercisable for the first time during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 9(j), Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the time of grant.

10. *Stock Appreciation Rights.*

(a) *Grant of SARs.* Subject to the terms and conditions of the Plan, SARs may be granted to Participants at any time and from time to time as shall be determined by the Administrator, in its sole discretion. The Administrator shall have complete discretion to determine the number of SARs granted to any Participant.

(b) *Exercise Price and other Terms.* Subject to Section 7(a) of the Plan, the Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of SARs granted under the Plan; provided, however, that no SAR may have a term of more than ten (10) years from the date of grant. The exercise price for the Shares or cash to be issued pursuant to an already granted SAR may not be changed without the consent of the Company's stockholders. This shall include, without limitation, a repricing of the SAR as well as an SAR exchange program whereby the Participant agrees to cancel an existing SAR in exchange for an Option, SAR or other Award.

(c) *Payment of SAR Amount.* Upon exercise of a SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying:

(i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times

(ii) the number of Shares with respect to which the SAR is exercised.

(d) *Payment upon Exercise of SAR.* At the discretion of the Administrator, payment for a SAR may be in cash, Shares or a combination thereof.

(e) *SAR Agreement.* Each SAR grant shall be evidenced by an Award Agreement that shall specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, shall determine.

(f) *Expiration of SARs.* A SAR granted under the Plan shall expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement.

(g) *Termination of Relationship as a Service Provider.* If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability termination, the Participant may exercise his or her SAR within such period of time as is specified in the Award Agreement to the extent that the SAR is vested on the date of termination (but in no event later than the expiration of the term of such SAR as set forth in the SAR Agreement). In the absence of a specified time in the Award Agreement, the SAR shall remain exercisable for three months following the Participant's termination. If, on the date of termination, the Participant is not vested as to his or her entire SAR, the Shares covered by the unvested portion of the SAR shall revert to the Plan. If, after termination, the Participant does not exercise his or her SAR within the time specified by the

Administrator, the SAR shall terminate, and the Shares covered by such SAR shall revert to the Plan.

(h) *Disability.* If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her SAR within such period of time as is specified in the Award Agreement to the extent the SAR is vested on the date of termination (but in no event later than the expiration of the term of such SAR as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the SAR shall remain exercisable for twelve (12) months following the Participant's termination. If, on the date of termination, the Participant is not vested as to his or her entire SAR, the Shares covered by the unvested portion of the SAR shall revert to the Plan. If, after termination, the Participant does not exercise his or her SAR within the time specified herein, the SAR shall terminate, and the Shares covered by such SAR shall revert to the Plan.

(i) *Death of Participant.* If a Participant dies while a Service Provider, the SAR may be exercised following the Participant's death within such period of time as is specified in the Award Agreement (but in no event may the SAR be exercised later than the expiration of the term of such SAR as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such SAR may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the SAR is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the SAR Agreement, the SAR shall remain exercisable for twelve (12) months following Participant's death. If the SAR is not so exercised within the time specified herein, the SAR shall terminate, and the Shares covered by such SAR shall revert to the Plan.

11. *Restricted Stock.*

(a) *Grant of Restricted Stock.* Subject to the terms and conditions of the Plan, Restricted Stock may be granted to Participants at any time as shall be determined by the Administrator, in its sole discretion. Subject to Section 7(b) hereof, the Administrator shall have complete discretion to determine (i) the number of Shares subject to a Restricted Stock award granted to any Participant, and (ii) the conditions that must be satisfied, which may include a performance-based component, upon which is conditioned the grant, vesting or issuance of Restricted Stock. Restricted Stock shall be granted in the form of units to acquire Shares. Each such unit shall be the equivalent of one Share for purposes of determining the number of Shares subject to an Award. Restricted Stock may be granted in the form of restricted stock units that are not issued until the vesting conditions are satisfied. Until the Shares are issued, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the units to acquire Shares.

(b) *Other Terms.* The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of Restricted Stock granted under the Plan. Restricted Stock grants shall be subject to the terms, conditions, and restrictions determined by the Administrator at the time the stock or the restricted stock unit is awarded. The Administrator may require the recipient to sign an Award Agreement as a condition of the award. Any certificates representing the Shares of stock awarded shall bear such legends as shall be determined by the Administrator.

(c) *Restricted Stock Award Agreement.* Each Restricted Stock grant shall be evidenced by an Award Agreement that shall specify the purchase price (if any) and such other terms and conditions as the Administrator, in its sole discretion, shall determine; provided; however, that if

the Restricted Stock grant has a purchase price, such purchase price must be paid no more than ten (10) years following the date of grant.

12. *Performance Shares.*

(a) *Grant of Performance Shares.* Subject to the terms and conditions of the Plan, Performance Shares may be granted to Participants at any time as shall be determined by the Administrator, in its sole discretion. Subject to Section 7(b) hereof, the Administrator shall have complete discretion to determine (i) the number of Shares subject to a Performance Share award granted to any Participant, and (ii) the conditions that must be satisfied, which typically will be based principally or solely on achievement of performance milestones but may include a service-based component, upon which is conditioned the grant or vesting of Performance Shares. Performance Shares shall be granted in the form of units to acquire Shares. Each such unit shall be the equivalent of one Share for purposes of determining the number of Shares subject to an Award. Until the Shares are issued, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the units to acquire Shares.

(b) *Other Terms.* The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of Performance Shares granted under the Plan. Performance Share grants shall be subject to the terms, conditions, and restrictions determined by the Administrator at the time the stock is awarded, which may include such performance-based milestones as are determined appropriate by the Administrator. The Administrator may require the recipient to sign an Award Agreement as a condition of the award. Any certificates representing the Shares of stock awarded shall bear such legends as shall be determined by the Administrator.

(c) *Performance Share Award Agreement.* Each Performance Share grant shall be evidenced by an Award Agreement that shall specify such other terms and conditions as the Administrator, in its sole discretion, shall determine.

13. *Performance Units.*

(a) *Grant of Performance Units.* Performance Units are similar to Performance Shares, except that they shall be settled in a cash equivalent to the Fair Market Value of the underlying Shares, determined as of the vesting date. Subject to the terms and conditions of the Plan, Performance Units may be granted to Participants at any time and from time to time as shall be determined by the Administrator, in its sole discretion. The Administrator shall have complete discretion to determine the conditions that must be satisfied, which typically will be based principally or solely on achievement of performance milestones but may include a service-based component, upon which is conditioned the grant or vesting of Performance Units. Performance Units shall be granted in the form of units to acquire Shares. Each such unit shall be the cash equivalent of one Share of Common Stock. No right to vote or receive dividends or any other rights as a stockholder shall exist with respect to Performance Units or the cash payable thereunder.

(b) *Number of Performance Units.* Subject to Section 7(c) hereof, the Administrator will have complete discretion in determining the number of Performance Units granted to any Participant.

(c) *Other Terms.* The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of Performance Units granted under the Plan. Performance Unit grants shall be subject to the terms, conditions, and restrictions determined by the Administrator at the time the grant is awarded, which may include such performance-based milestones as are determined appropriate by the Administrator. The Administrator may require the recipient to sign an Award Agreement as a condition of the award.

Any certificates representing the units awarded shall bear such legends as shall be determined by the Administrator.

(d) *Performance Unit Award Agreement.* Each Performance Unit grant shall be evidenced by an Award Agreement that shall specify such terms and conditions as the Administrator, in its sole discretion, shall determine.

14. *Deferred Stock Units.*

(a) *Description.* Deferred Stock Units shall consist of a Restricted Stock, Performance Share or Performance Unit Award that the Administrator, in its sole discretion permits to be paid out in installments or on a deferred basis, in accordance with rules and procedures established by the Administrator. Deferred Stock Units shall remain subject to the claims of the Company's general creditors until distributed to the Participant.

(b) *162(m) Limits.* Deferred Stock Units shall be subject to the annual 162(m) limits applicable to the underlying Restricted Stock, Performance Share or Performance Unit Award as set forth in Section 7 hereof.

(c) *409A Limitations.* If the Deferred Stock Units are considered to be deferred compensation under Code Section 409A, then the terms of such Deferred Stock Units shall comply with Code Section 409A.

15. *Non-Transferability of Awards.* Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the recipient, only by the recipient. If the Administrator makes an Award transferable, such Award shall contain such additional terms and conditions as the Administrator deems appropriate.

16. *Adjustments Upon Changes in Capitalization, Dissolution or Liquidation or Change of Control.*

(a) *Changes in Capitalization.* In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares such that an adjustment is determined by the Administrator (in its sole discretion) to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Administrator shall, in such manner as it may deem equitable, adjust the number and class of Shares which may be delivered under the Plan, the number, class, and price of Shares covered by each outstanding Award, and the relevant numerical Share limits herein.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for a Participant to have the right to exercise his or her Option or SAR until ten (10) days prior to such transaction as to all of the Awarded Stock covered thereby, including Shares as to which the Award would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option or forfeiture rights applicable to any Award shall lapse 100%, and that any Award vesting shall accelerate 100%, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised (with respect to Options and SARs) or vested (with respect to other Awards), an Award will terminate immediately prior to the consummation of such proposed action.

(c) *Change of Control.*

(i) *Stock Options and SARs.* In the event of a merger of the Company with or into another corporation, or a Change of Control, each outstanding Option and SAR shall be assumed or an equivalent option or SAR substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the Option or SAR, the Participant shall fully vest in and have the right to exercise the Option or SAR as to all of the Awarded Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option or SAR becomes fully vested and exercisable in lieu of assumption or substitution in the event of a merger or sale of assets or Change of Control, the Administrator shall notify the Participant in writing or electronically that the Option or SAR shall be fully vested and exercisable for a period of fifteen (15) days from the date of such notice, and the Option or SAR shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR shall be considered assumed if, following the merger or Change of Control, the option or stock appreciation right confers the right to purchase or receive, for each Share of Awarded Stock subject to the Option or SAR immediately prior to the merger or Change of Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change of Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change of Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR, for each Share of Awarded Stock subject to the Option or SAR, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change of Control.

(ii) *Restricted Stock, Performance Shares, Performance Units and Deferred Stock Units.* In the event of a merger or Change of Control, each outstanding Restricted Stock, Performance Share, Performance Unit and Deferred Stock Unit award shall be assumed or an equivalent Restricted Stock, Performance Share, Performance Unit and Deferred Stock Unit award substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the Restricted Stock, Performance Share, Performance Unit or Deferred Stock Unit award, the Participant shall fully vest in the Restricted Stock, Performance Share, Performance Unit or Deferred Stock Unit including as to Shares (or with respect to Performance Units, the cash equivalent thereof) which would not otherwise be vested. For the purposes of this paragraph, a Restricted Stock, Performance Share, Performance Unit and Deferred Stock Unit award shall be considered assumed if, following the merger or Change of Control, the award confers the right to purchase or receive, for each Share (or with respect to Performance Units, the cash equivalent thereof) subject to the Award immediately prior to the merger or Change of Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change of Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change of Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received, for each Share and each unit/right to acquire a Share subject to the Award, to be solely common stock

of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change of Control.

(d) *Involuntary Termination other than for Cause, Death or Disability or a Voluntary Termination for Good Reason, Following a Change of Control.* If, within eighteen (18) months following a merger or Change of Control, Participant's employment is terminated involuntarily by the Company or successor corporation other than for Cause, on account of death or Disability or by the Participant by a Voluntary Termination for Good Reason, then Participant shall fully vest in and have the right to exercise his or her Award as to all of the Shares subject to each such Award including Shares as to which such Award would not otherwise be vested or exercisable.

17. *Date of Grant.* The date of grant of an Award shall be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination shall be provided to each Participant within a reasonable time after the date of such grant.

18. *Amendment and Termination of the Plan.*

(a) *Amendment and Termination.* The Board may at any time amend, alter, suspend or terminate the Plan; provided, however, that the Board may not materially amend the Plan without obtaining stockholder approval.

(b) *Stockholder Approval.* The Company shall obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Law.

(c) *Effect of Amendment or Termination.* No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing (or electronic format) and signed by the Participant and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

19. *Conditions Upon Issuance of Shares.*

(a) *Legal Compliance.* Shares shall not be issued pursuant to the exercise of an Award unless the exercise of the Award or the issuance and delivery of such Shares (or with respect to Performance Units, the cash equivalent thereof) shall comply with Applicable Laws.

(b) *Investment Representations.* As a condition to the exercise or receipt of an Award, the Company may require the person exercising or receiving such Award to represent and warrant at the time of any such exercise or receipt that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

20. *Liability of Company.*

(a) *Inability to Obtain Authority.* The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

(b) *Grants Exceeding Allotted Shares.* If the Awarded Stock covered by an Award exceeds, as of the date of grant, the number of Shares which may be issued under the Plan without additional stockholder approval, such Award shall be void with respect to such excess Awarded Stock, unless stockholder approval of an amendment sufficiently increasing the number of Shares subject to the Plan is timely obtained in accordance with Section 18(b) of the Plan.

21. *Reservation of Shares.* The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.
