**Proxy Statement for Annual Meeting of Shareholders
To Be Held May 18, 2005**

INTRODUCTION

This proxy statement is being furnished to shareholders of Magellan Health Services, Inc., a Delaware corporation, in connection with the solicitation of proxies by our board of directors for use at our annual meeting of shareholders to be held on Wednesday, May 18, 2005, at 9:00 a.m., local time, at The Avon Old Farms Inn, 1 Nod Road, Avon, Connecticut 06001, and any adjournment or postponement thereof. This proxy statement is dated April 18, 2005, and is first being mailed to shareholders along with the related form of proxy on or about April 18, 2005.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will be asked to consider and vote upon three proposals: (i) to elect three (3) directors (two Class 1 directors and one Class 2 director) to serve until the 2008 annual meeting ("Proposal Number One"); (ii) to approve the 2005 Director Stock Compensation Plan ("Proposal Number Two"); and (iii) to ratify the appointment of Ernst & Young LLP as our independent auditors for fiscal year 2005 ("Proposal Number Three"). In addition, management will report on our performance and respond to your questions.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on April 1, 2005, the date our board of directors has fixed as the record date for determining holders of outstanding shares of our Ordinary Common Stock, par value \$.01 per share ("Ordinary Common Stock"), and our Multiple and Variable Vote Restricted Convertible Common Stock, par value \$.01 per share ("Multi-Vote Common Stock" and together with the Ordinary Common Stock, the "common stock"), who are entitled to notice of and to vote at the annual meeting.

In the election of directors in Proposal Number One, the holders of Multi-Vote Common Stock, voting separately as a class, will be entitled to elect two of the three directors who are Class 1 directors. The sole holder of the Multi-Vote Common Stock, Magellan Holdings LP ("Holdings"), will have the ability to control the election of these Class 1 directors. The holders of Multi-Vote Common Stock and Ordinary Common Stock, voting together, will be entitled to elect one of the three directors who is a Class 2 director. Each share of Ordinary Common Stock is entitled to one vote. The shares of Multi-Vote Common Stock are entitled, in the aggregate, to the same number of votes as the issued and outstanding Ordinary Common Stock. Accordingly, each share of Multi-Vote Common Stock is entitled to a number of votes such that the aggregate number of votes to which the holders of Multi-Vote Common Stock will be entitled will equal the aggregate number of shares of Ordinary Common Stock outstanding and entitled to vote. As a result, as of the record date, each share of Multi-Vote Common Stock will be entitled to approximately 3.1729 votes, or 26,987,646 votes in the aggregate. Given the voting power of the Multi-Vote Common Stock, Holdings will have the ability to exert a controlling influence over the election of this Class 2 director. Holdings is indirectly owned by Onex Corporation ("Onex").

What constitutes a quorum and why is one required?

The presence at the meeting, in person or by proxy, of stockholders entitled to cast at least a majority of the votes which all stockholders are entitled to cast on a matter on the record date will constitute a quorum. A quorum is required by law for any action to be taken at the annual meeting. As of the record date, the approximate number of holders of record of our Ordinary Common Stock and Multi-Vote Common Stock was 347 and 1, respectively; and 26,987,646 and 8,505,600 shares, respectively, of our Ordinary Common Stock and Multi-Vote Common Stock were issued and outstanding. The presence, in person or by proxy, of the holders of common stock representing at least 26,987,647 votes will be required to establish a quorum. A quorum will exist if the holder of the Multi-Vote Common Stock, Holdings, and any one holder of Ordinary Common Stock attends the meeting in person or by proxy.

Abstentions and broker non-votes are counted for purposes of determining the number of shares represented at the meeting, but are deemed not to have voted on any proposal. Broker non-votes occur when a broker nominee, holding shares in street name for the beneficial owner thereof, has not received voting instructions from the beneficial owner and does not have discretionary authority to vote.

A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

How do I vote?

If you complete and properly sign and return the accompanying proxy card in time for the meeting, it will be voted as you direct. If you are a registered shareholder and attend the meeting, you may deliver your completed proxy card in person. If your shares are held by a broker in street name and you wish to vote at the meeting in person or by proxy, you must obtain a proxy form from your broker to evidence your ownership and voting rights. Your votes will be counted by tellers of our transfer agent. These tellers will canvas the shareholders present at the annual meeting, count their votes and count the votes represented by proxies presented.

Unless your proxy specifies otherwise, proxies will be voted (a) FOR the election of the nominated director; (b) FOR approval of the 2005 Director Stock Compensation Plan; (c) FOR the ratification of Ernst & Young LLP as our independent auditors for fiscal year 2005; and (d) otherwise in the discretion of the proxy holders as to any other matter that may come before the annual meeting. We expect that our current executive officers and members of our board of directors will vote their shares (representing approximately 1.6% of the shares of common stock issued and outstanding as of March 15, 2005) in favor of election of the Class 2 nominee director in Proposal Number One, in favor of Proposal Number Two and in favor of Proposal Number Three as presented in this proxy statement. We also expect that the sole holder of all of the outstanding Multi-Vote Common Stock, Holdings (representing 50% of the voting rights of the common stock), will vote in favor of election of the nominees for directors as Class 1 directors and Class 2 directors, in favor of Proposal Number Two and in favor of Proposal Number Three as presented in this Proxy Statement. Considering the voting rights held by Holdings, it will have the ability to control the election of the two Class 1 directors in Proposal Number One and the ability to exert a controlling influence over the election of the Class 2 director in Proposal Number One and over the approval of Proposal Number Two and Proposal Number Three.

Can I change my vote?

Any shareholder who has given a proxy has the power to revoke such proxy at any time before it is voted either: (i) by filing a written revocation or a duly executed proxy bearing a later date, by mail, with Daniel N. Gregoire, our secretary, at Magellan Health Services, Inc., 16 Munson Road,

Edgar Filing: MAGELLAN HEALTH SERVICES INC - Form DEF 14A

Farmington, Connecticut 06032; (ii) by appearing at the annual meeting and voting in person; or (iii) by casting another vote in the same manner as the original vote was cast. Attendance at the annual meeting will not in and of itself constitute the revocation of a proxy. Voting by those present during the conduct of the annual meeting will be by ballot.

What vote is required to approve each proposal?

Election of Directors. The affirmative vote of a plurality of the votes of the shares of common stock within each voting group that are present in person or represented by proxy at the annual meeting and entitled to vote, is required to elect the directors. The holder of Multi-Vote Common Stock, voting separately as a class, will be entitled to elect two of the three directors who are Class 1 directors. The holders of Multi-Vote Common Stock and Ordinary Common Stock, voting together, will be entitled to elect one of the three directors who is a Class 2 director. Considering the voting rights held by Holdings as the holder of the Multi-Vote Common Stock (representing 50% of the voting rights of the common stock), it will have the ability to exert a controlling influence over the election of this Class 2 director.

Approval of 2005 Director Stock Compensation Plan. The affirmative vote of the holders of a majority of the votes that are present in person or represented by proxy at the annual meeting and entitled to vote is required to approve this proposal. The holders of Multi-Vote Common Stock and Ordinary Common Stock, voting together, will be entitled to vote on this proposal. Considering the voting rights held by Holdings, it will have the ability to exert a controlling influence over approval of this proposal.

Ratification of Independent Auditors. The affirmative vote of the holders of a majority of the votes that are present in person or represented by proxy at the annual meeting and entitled to vote is required to approve this proposal. The holders of Multi-Vote Common Stock and Ordinary Common Stock, voting together, will be entitled to vote on this proposal. Considering the voting rights held by Holdings, it will have the ability to exert a controlling influence over this proposal.

We will post the results of the voting on our Internet site at www.magellanhealth.com.

Section 16(a) Beneficial Ownership Reporting Compliance

Edgar Filing: MAGELLAN HEALTH SERVICES INC - Form DEF 14A

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires our executive officers and directors, and persons who own more than 10% of our common stock, to file reports of ownership and changes in ownership of our Ordinary Common Stock with the Securities and Exchange Commission (the "SEC"). Executive officers, directors and greater than 10% shareholders are required by the SEC to furnish us with copies of all Section 16(a) reports that they file.

Edgar Filing: MAGELLAN HEALTH SERVICES INC - Form DEF 14A

Based on our review of the copies of such reports, or written representations from certain reporting persons that no reports on Form 3, 4 or 5 were required for those persons, we believe that all reports required by Section 16(a) to be filed by our executive officers, directors and greater than 10% shareholders during 2004 were filed on a timely basis.

CORPORATE GOVERNANCE AND RELATED MATTERS

General

The business and affairs of the company are managed under the direction of the board of directors. The board has been structured to provide continuity in the board's policies and to reflect the interests of its shareholders. The board currently consists of nine (9) directors, divided into three classes of directors who serve for three-year terms. Class 1 consists of four directors who are elected by the holders of the Multi-Vote Common Stock, voting as a separate class. Class 2 consists of two directors who are elected by the holders of the Multi-Vote Common Stock and the Ordinary Common Stock, voting together. Class 3 consists of three directors who are elected by the holders of the Ordinary Common Stock, voting as a separate class. The election of directors within each class is staggered by year as described in "*Proposal Number One Election of Directors*" below.

Several provisions of the company's by-laws and the policies adopted by the board are designed to promote effective and independent governance of the company. Under the by-laws, the board is required to present to the shareholders nominees for election as director and to take other corporate actions to cause the composition of the board, and in particular its audit and management compensation committees, to meet all applicable independence requirements. As described under "*Director Independence*" below, The NASDAQ Stock Market ("NASDAQ") listing standards require the company's board to be comprised of a majority of independent directors. Additional independence requirements under NASDAQ and SEC rules apply to the composition of the audit and management compensation committees. Our by-laws also provide for designation of a lead director to fulfill various leadership functions on behalf of the non-employee directors if, as is currently the case, the chairman of the board also serves as an officer of the company. Currently, Mr. Shulman, the company's chairman of the board, also serves as chief executive officer.

Under the provisions of our certificate of incorporation, the Multi-Vote Common Stock is entitled to enhanced voting rights in comparison to the Ordinary Common Stock. As a result, the sole holder of the Multi-Vote Common Stock, Holdings, has the right to control the election of the four Class 1 directors and to exert a controlling influence over the two Class 2 directors, and to exert a controlling influence over other matters subject to a vote of all the holders of common stock.

Lead Director

Currently, Mr. Le Blanc serves as the lead director of the board of directors. In that role, Mr. Le Blanc chairs the executive sessions of our outside (non-management) directors. In addition, Mr. Le Blanc has been designated the lead director for purposes of receiving communications from interested parties and from shareholders pursuant to recently proposed rules of the SEC. You may express your concerns, whether such concerns relate to accounting-related matters or otherwise, by contacting the lead director through the communication channels set forth in the section entitled "*Communications with Directors and Management*" below.

Committees of the Board of Directors

The board of directors has established an audit committee and a management compensation committee, each of which is comprised solely of independent directors. The company's by-laws also provide for a Class 3 directors committee. The standards for determining director independence are discussed under "*Director Independence*" below. The functions, responsibilities and members of each of

Edgar Filing: MAGELLAN HEALTH SERVICES INC - Form DEF 14A

the committees are also described below. The audit committee operates pursuant to a charter which is posted on our Internet site at www.magellanhealth.com. The Company does not have a nominating committee because it believes that its nominating process, which involves evaluations by and recommendations from the lead director and the independent members of the board, is structured to provide many of the same benefits and safeguards as would be provided by a formal nominating committee. The process for selecting nominees to the board is described under "*Process for Selecting Nominees to the Board*" below.

Audit Committee. The audit committee has been established in accordance with Section 3(a)(58)(A) of the Exchange Act and has a written charter adopted by the board of directors. The primary function of the audit committee is to assist the board of directors in fulfilling its financial oversight responsibility by reviewing the Company's financial statements, the other financial information that is proposed to be provided to our shareholders, the periodic financial reports filed with the SEC, the system of internal controls that management and the board of directors have established, and the audit process. The audit committee has the power to conduct or authorize investigations into any matter within the scope of its responsibilities and has unrestricted access to management, the Company's internal audit staff and to current and former independent auditors and attorneys. It is authorized to retain independent counsel, accountants and others to assist it at the Company's expense.

The members of the audit committee are appointed annually by the board, and the audit committee must be composed of at least three directors, one of which is appointed chairperson. The committee is required to meet at least five times per year or more frequently as circumstances dictate. The current members of the audit committee are Messrs. Michael Ressler (chairman), Robert Haft and William McBride. The board of directors has determined that each of Messrs. Ressler, Haft and McBride is independent for purposes of NASDAQ listing standards. The Board has determined that Mr. Ressler is an "audit committee financial expert," as defined by Item 401 of SEC Regulation S-K, and has financial sophistication, as required by NASDAQ listing standards. Mr. Ressler is also an independent board member, as defined in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act. The Board has also determined that each of Messrs. Haft and McBride is financially literate.

Management Compensation Committee. The management compensation committee administers our equity compensation plans and bonus plans and oversees our qualified defined contribution 401(k) savings plan. The committee also reviews and recommends, from time to time, amendments to existing compensation plans and establishment and implementation of new compensation plans. The management compensation committee also considers and makes recommendations with respect to the compensation of our chief executive officer and other members of senior management and makes recommendations to the board of directors generally on organization, succession, salary and incentive compensation and other grants and awards under our compensation and benefit plans. The current members of the management compensation committee are Messrs. Saul Burian (chairman), Robert Haft and Michael Diamant.

Class 3 Directors' Committee. The company's by-laws provide for the designation and operation of a Class 3 directors committee, which is composed solely of Class 3 directors, who are subject to election by the holders of Ordinary Common Stock, voting as a separate class. The Class 3 directors committee has the duty to assist the board in evaluating any proposed transaction or other matter that requires action on the part of the Class 3 directors. As such, it is designed to allow the Class 3 directors to effectively integrate the interests of the holders of Ordinary Common Stock in the decisions of the board. The Class 3 directors committee has not met since the consummation of the company's plan of reorganization as the company has not been presented with any matter that requires action on the part of the Class 3 directors.

Number of Meetings and Attendance

During 2004, the board of directors held nine meetings, the audit committee held 11 meetings, and the management compensation committee held seven meetings. During 2004, each of the incumbent directors attended at least 75% of the meetings of the board of directors and 100% of the meetings of the audit and management compensation committees that occurred while such director was a member of the board and such committees.

While the board does not have a written policy regarding board member attendance at annual shareholders meetings, all members are encouraged to attend, and the decision to recommend an incumbent board member for re-nomination takes into account, among other criteria, the number of meetings attended and level of participation. The Company has not held an annual meeting since February 8, 2002 due to its involvement in bankruptcy proceedings. As a result, the current directors have not previously attended the company's annual meeting.

Directors' Compensation

In return for their services on behalf of the company as directors, the individuals who serve as members of the board of directors will receive the compensation listed below; provided however, that no compensation is paid to those members who are employees of either the company or Onex (or its affiliates):

- (a) An annual retainer equaling \$25,000, payable on a quarterly basis;
- (b) An additional annual payment equaling \$15,000, payable on a quarterly basis, to each member of the audit committee;
- (c) An additional annual payment equaling \$30,000, payable on a quarterly basis, to the audit committee chairman;
- (d) An additional annual payment equaling \$10,000, payable on a quarterly basis, to the management compensation committee chairman;
- (e) \$2,000 for each board meeting attended by the member in person;
- (f) \$1,000 for each board meeting attended by the member via telephone; and
- (g) \$1,000 for each committee meeting attended, whether such meeting is attended in person or via telephone.

In addition the Board has awarded, as further compensation for the services of those directors commencing service on the board in 2004 (other than Barry Smith) who are not members of management and not associated with Onex, a grant of 2,719 shares of Ordinary Common Stock. Such shares may not be sold by a director until January 5, 2006 or the earlier termination of a director's service and in compliance with certain regulatory requirements. This action did not provide for (nor does it prohibit) a grant of additional stock compensation for service as a director in any future year (i.e., after the 2005 annual meeting of shareholders).

The company is proposing that shareholders approve at the annual meeting the company's 2005 Director Stock Compensation Plan. Under the plan, directors serving on March 3, 2005 or elected thereafter but prior to the 2006 annual meeting and who are designated as independent for purposes of Section 3 of Article 3 of the company's bylaws, will receive awards as of the date of shareholder approval, of 3,000 shares of Ordinary Common Stock with limited restrictions. See "*Proposal Number Two Approval of 2005 Director Stock Compensation Plan*" below.

Process for Selecting Nominees to the Board

The board of directors does not have a nominating committee. The board has adopted a Policy Regarding Director Nominations by the Board of Directors under which the lead director and the independent members of the board consider and recommend nominations to the full board. The standards for determining director independence are discussed under "*Director Independence*" below. In addition, the board has followed the practice that any incumbent director who is to be considered for re-election at a particular annual meeting will not participate in the nomination process for directors to be elected at that annual meeting. For example, Messrs. Haft, McBride and Le Blanc have not participated in the nomination process for the directors to be elected at the 2005 annual meeting.

The lead director and the independent members of the board consider candidates for board membership suggested by board members, as well as by management and by our shareholders. In determining whether to recommend an incumbent board member for re-nomination, the lead director and the independent board members will review such director's overall service to the company during the term of his or her service, including the number of meetings attended, level of participation, quality of performance, and any circumstances that have presented or are expected to present a conflict of interest. Shareholders may participate in the nomination of directors by two methods: by recommending nominees to the board of directors or by directly nominating an individual to serve as a director.

The initial determination to seek a new board candidate is usually based on the need for additional board members to fill vacancies or to expand the size of the board, although the decision can also be based on the need for certain skill sets or qualifications, such as financial expertise. The independent board members' process for identifying and evaluating nominees for director is the same no matter who makes the recommendation. Once the independent members have determined, in consultation with other board members, that additional consideration of a candidate is warranted, the independent members may seek additional information about the prospective candidate's background, experience and independence and the committee or other members of the board may interview the prospective candidate. The independent members then evaluate the prospective nominee against the standards and qualifications set forth below. In addition to the qualifications set forth below, the committee also considers such other relevant factors as it deems appropriate, including the current composition of the board and the candidate's personal qualities and characteristics.

Following this evaluation, if the independent members believe that the prospective candidate is qualified for nomination, they make a recommendation to the full board and the board determines whether the candidate should be nominated to the board. The Policy Regarding Director Nominations by the Board of Directors is available on the Company's Internet site at www.magellanhealth.com.

Shareholder Recommendations

Shareholders who wish to recommend a prospective nominee for the board may do so by writing to our corporate secretary at 16 Munson Road, Farmington, CT 06032 along with whatever supporting material the shareholder considers appropriate. All such shareholder-recommended candidates should satisfy the following criteria for board qualification:

The candidate should be an individual of accomplishment in his or her career.

The candidate should be able in carrying out his or her responsibilities as a director to make independent business judgments in an analytical manner and should exhibit practical wisdom and mature judgment.

The candidate should possess the highest personal and professional ethics, integrity and values, and should be committed to promoting the long-term interests of the company's stockholders,

Edgar Filing: MAGELLAN HEALTH SERVICES INC - Form DEF 14A

free of any relationship that may on a regular basis create conflict of interest between his or her directorial role and personal or other associative interests.

The candidate should have expertise and experience in an area pertinent to the company's business, and have the time to and, by personality, be effective in providing advice and guidance to the management of the company based on that expertise and experience.

In order for shareholder-recommended candidates to be considered in an orderly manner, generally, names and other supporting materials should be submitted not later than six months prior to the anniversary of the mailing date of the Company's most recent past annual meeting proxy statement, which will be October 18, 2005 for the 2006 annual meeting. Materials in support of a shareholder-recommended candidate should include:

All information about the candidate that is required to be disclosed in solicitations of proxies for election of directors or otherwise required under Regulation 14A under the Exchange Act, including written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

An indication of whether the candidate qualifies as "independent" under NASDAQ listing standards and securities law requirements relating to service on the audit committee.

The name and address of the recommending stockholder, as they appear on the company's books, and of any beneficial owner on whose behalf the recommendation is made.

The class and number of shares of the company's stock that are beneficially owned and held of record by such stockholder or beneficially owned by such beneficial owner.

Information regarding whether the recommending stockholder, beneficial owner or candidate or their affiliates have any plans or proposals for the company, including for any extraordinary transaction.

Whether the recommending stockholder, beneficial owner or candidate seeks to use the nomination to redress personal claims or grievances against the company or to further personal interests or special interests not shared by stockholders at large.

Direct Shareholder Nominations

Shareholders who wish to directly nominate an individual to serve as a director may do so if they are entitled to notice of and to vote at a meeting called for the election of directors, by writing to our corporate secretary at 16 Munson Road, Farmington, CT 06032 together with various required materials. To be effective, the nomination must be received not later than 90 days prior to the anniversary date of the last annual meeting, provided that if the date of the annual meeting is more than 30 days before or after the anniversary date of the last annual meeting, the nomination must be received within 15 days after the public announcement by the company of the date of the annual meeting. The nomination must contain the following information to the extent known by the shareholder:

The name, age, business address, and residence address of the proposed nominee(s) and of the notifying shareholder.

The principal occupation of the proposed nominee.

Edgar Filing: MAGELLAN HEALTH SERVICES INC - Form DEF 14A

A representation that the notifying shareholder intends to appear in person or by proxy at the meeting to nominate the person(s) specified in the notice.

The class and total number of shares of capital stock and other company securities that are beneficially owned by the notifying shareholder and by the proposed nominee and, if such

Edgar Filing: MAGELLAN HEALTH SERVICES INC - Form DEF 14A

securities are not owned solely and directly by the notifying shareholder of the proposed nominee, the manner of beneficial ownership.

A description of all arrangements or understandings between the notifying shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination(s) are to be made by the notifying shareholder.

Such other information regarding the nominee proposed by such shareholder as would be required to be included in a proxy statement filed with the SEC pursuant to Regulation 14A under the Exchange Act had the nominee been nominated, or intended to be nominated, by the board.

The consent of the nominee to serve as a director of the company if so elected.

The company may request any proposed nominee to furnish such other information as may reasonably be required by the company to determine the qualifications of the proposed nominee to serve as a director of the company. Within 15 days after receipt by the secretary of a shareholder notice of nomination, the board must instruct the secretary to advise the notifying shareholder of any deficiencies in the notice. The notifying shareholder must cure the deficiencies within 15 days of receipt of such notice.

Director Independence

NASDAQ listing standards provide that a majority of the company's board of directors must be comprised of independent directors. Under NASDAQ rules, no director qualifies as independent unless the director is not an officer or employee of the company and the board determines that the director has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In March 2005, our board of directors undertook a review of director independence. During this review, the board considered transactions and relationships between each director or any member of his or her immediate family and the company and its subsidiaries, including those reported under "*Executive Compensation Certain Relationships and Related Transactions*" below. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent. In making this determination, the board applied the following standards, in addition to considering any other relevant facts and circumstances:

A director who is, or at any time during the past three years was, employed by the company, is not considered independent.

A director who accepted or who has a family member who accepted any payments from the company in excess of \$60,000 during any period of twelve consecutive months within the three preceding years, except compensation for board or committee service, payments arising from an investment in the company's securities and certain other payments, is not considered independent.

A director who is a family member of an individual who is, or at any time during the past three years was, employed by the company as an executive officer, is not considered independent.

A director who is, or has a family member who is, a partner in, or a controlling stockholder or any executive officer of, any organization to which the company made, or from which the company received, payments for property or services in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, other than payments arising from investments in the company's securities and certain other payments, is not considered independent.

A director who is, or has a family member who is, employed as an executive officer of another entity where at any time during the past three years any of the executive officers of the company serve on the compensation committee of such other entity, is not considered independent.

A director who is, or has a family member who is, a current partner of the company's outside auditor, or was a partner or employee of the company's outside auditor who worked on the company's audit at any time during any of the past three years, is not considered independent.

In addition, the NASDAQ standards impose additional independence and qualification standards on our audit committee members. Under these standards, each audit committee member, in addition to meeting the definition of independence applicable to all non-employee directors, is prohibited from accepting directly or indirectly any consulting, advisory or other compensatory fee from the company or from being an affiliated person of the company, and must not have participated in the preparation of the company's financial statements at any time during the past three years.

Under the standards set forth above, the board has determined that all of its members, including each of the members of our audit committee, are independent as of the date of this proxy statement, except Mr. Shulman (our chief executive officer), Dr. Lerer (our chief operating officer) and Mr. Le Blanc (an employee of Onex).

Codes of Ethics

The company has adopted a Code of Ethics for Directors, covering directors only, and a Code of Ethics for Covered Officers, covering senior executives and individuals reporting directly to the chief executive officer and finance department employees at a vice president level or above. In addition, the company has adopted a Corporate Compliance Handbook covering all employees. The codes and the handbook provide a framework for a comprehensive ethics and compliance process designed to ensure that we conduct our business in a legal and ethical manner. All covered persons are expected to understand and comply with the policies and obligations described in the codes and the handbook.

The directors' code deals with conflicts of interest, corporate opportunities, confidentiality, fair dealing, protection and proper use of company assets, compliance with laws, insider trading and personal loans to executive officers and directors. The covered officers code deals with good faith and fair dealing in all negotiations and transactions, actual and apparent conflicts of interest, responsible use and protection of company assets, disclosures filed with the SEC or otherwise communicated to the public, compliance with laws, prompt reporting of violations of the code of ethics and other applicable policies, and accountability with respect to compliance with the code of ethics.

The handbook, among other things, contains a whistleblower policy that sets forth steps an employee should take if he or she has a question about a legal or ethical issue related to his or her job or the company, and prohibits retribution against any person raising an issue.

The company will provide to any person without charge, upon request, copies of its Code of Ethics for Directors, Code of Ethics for Covered Officers and Corporate Compliance Handbook for all employees. Any such request should be made in writing to the Investor Relations Department, Magellan Health Services, Inc., 16 Munson Road, Farmington, CT 06032. These documents are also available on the Internet at www.magellanhealth.com. The company intends to disclose any future amendments to the provisions of the codes of ethics and handbook and waivers from such codes of ethics and handbook, if any, made with respect to any of its directors and executive officers on its Internet site.

PROPOSAL NUMBER ONE ELECTION OF DIRECTORS

Our certificate of incorporation provides for a board of directors divided into three classes, with the term of office within each class expiring in different years at the annual meeting of shareholders. Directors are elected for a term of three years except in the case of elections to fill vacancies or newly created directorships.

The board of directors presently consists of nine (9) persons: Steven J. Shulman, Barry M. Smith, Robert Haft, William J. McBride, Robert M. Le Blanc, René Lerer, M.D., Michael P. Ressler, Michael Diamant, and Saul E. Burian. The board of directors proposes that Robert Haft, William J. McBride and Robert M. Le Blanc, all of whom are currently serving as directors, be re-elected to serve for terms of three (3) years and until the election and qualification of their successors. Only the holders of Multi-Vote Common Stock will be entitled to vote with respect to the election of the Class 1 directors, Messrs. Haft and McBride. The holders of Multi-Vote Common Stock and Ordinary Common Stock will be entitled to vote with respect to the election of the Class 2 director, Mr. Le Blanc. The proxies cannot be voted for a greater number of persons than the three nominees named. Unless a shareholder WITHHOLDS AUTHORITY, the holders of proxies representing shares of common stock will vote FOR the election of Robert Haft, William J. McBride and Robert M. Le Blanc as directors. The board of directors has no reason to believe that any nominee will decline or be unable to serve as a director. However, if a nominee shall be unavailable for any reason, then the proxies may be voted for the election of such person as may be recommended by the board of directors.

Barry M. Smith and René Lerer, M.D. serve as directors whose terms expire in 2006, and Steven J. Shulman, Michael P. Ressler, Michael Diamant and Saul E. Burian serve as directors whose terms expire in 2007. These directors are not standing for re-election because their terms as directors extend past the annual meeting.

Directors

Under the company's certificate of incorporation and by-laws, the number of directors is currently fixed at nine. The directors of the company were appointed in accordance with the Company's plan of reorganization under chapter 11 of the U.S. Bankruptcy Code, which was consummated on January 5, 2004 (except for Mr. McBride and Mr. Smith as noted below), and are divided into three classes: (i) Class 1, consisting of four directors, (ii) Class 2, consisting of two directors, and (iii) Class 3, consisting of three directors. The sole holder of Multi-Vote Common Stock, Holdings, voting separately as a class, is entitled to elect the Class 1 directors. The holders of Multi-Vote Common Stock and Ordinary Common Stock, voting together, are entitled to elect the Class 2 directors. The holders of the Ordinary Common Stock, voting separately as a class, are entitled to elect the Class 3 directors.

The company's bylaws require a majority of directors to be independent in accordance with NASDAQ's listing standards. The company's board of directors has determined that except for those directors who are members of management of the company and Mr. Le Blanc, who is an employee of Onex, all directors are independent, as that term is defined by the NASDAQ listing standards. Shulman, Ressler, Diamant and Burian are currently serving for a three-year term to extend until the 2007 annual meeting of stockholders. In each case, the term of their successors will extend for three years and until the election and qualification of their respective successors, or in any case their earlier death, incapacity, resignation or removal.

The seats held by the Class 1 directors are filled by election by vote of the holders of the Multi-Vote Common Stock only, voting as a separate class; the seats of the Class 3 directors are filled by election by vote of the holders of the Ordinary Common Stock only, voting as a separate class; and the seats of the Class 2 directors are filled by election by vote of the holders of the Multi-Vote Common Stock and the Ordinary Common Stock, voting together as though one class, in which vote the Multi-Vote Common Stock will be entitled to cast 50% of the total number of votes entitled to be voted in the election of Class 2 directors. In addition, directors assigned to these classes can be removed, with or without cause, only by the vote of the holders of the class or classes of common stock entitled to participate in their election, except that the Class 3 directors may be so removed before the third anniversary of the effective date of the company's plan of reorganization (January 2007) only for cause. Moreover, the filling of vacancies in any class by the board before the end of a director's term requires approval of the other directors of the class, subject to certain qualifications and provisions of the company's certificate of incorporation and bylaws. The holders of the Multi-Vote Common Stock and the Ordinary Common Stock are also entitled to a separate class vote on any amendment of these

voting rights or any other amendment of the company's certificate of incorporation that would adversely affect their special rights or privileges. When the Minimum Hold Condition (as defined) is no longer satisfied, the special voting powers of the Multi-Vote Common Stock and Ordinary Common Stock will terminate at such time and all the directors will then be elected by all the common stock holders voting together on the basis of one vote per share. The "Minimum Hold Condition" is satisfied if (i) the number of outstanding shares of Multi-Vote Common Stock is at least 15.33% of the total number of shares of common stock issued on the effective date of the company's plan of reorganization (approximately 35.1 million shares of common stock), and (ii) the number of outstanding shares of Multi-Vote Common Stock is at least 10% of the aggregate number of shares of common stock then outstanding.

Arrangements Regarding the Nomination of Directors

The individuals currently serving as directors of the company (other than Mr. Smith and Mr. McBride) were selected in accordance with provisions of the company's plan of reorganization in its Chapter 11 bankruptcy proceedings, by agreement of the parties in interest and were approved by the bankruptcy court pursuant to the order confirming the plan of reorganization. There is no agreement or arrangement whereby any such director will be re-nominated or any other individual will be nominated or selected to serve as a director of the company. However, certain provisions of the company's certificate of incorporation and by-laws govern the nomination and election of the company's directors. In accordance with the company's bylaws, the board of directors is required to nominate for election at each annual meeting of shareholders candidates who, if elected, will cause a majority of the members of the board of directors of the company to be independent directors, as determined in accordance with the listing standards of NASDAQ (and to meet certain other requirements regarding independence for membership on the audit and executive compensation committee of the board, also as specified in the bylaws). Nominations may also be made by shareholders in accordance with certain procedures established by the by-laws and nominations not made in compliance with the requirements established thereby may not be given effect. Such provisions regarding shareholder nominations do not, however, limit nominations made by the holder of Multi-Vote Common Stock. Class 1 directors may only be elected by the holders of Multi-Vote Common Stock and Class 3 directors may only be elected by holders of Ordinary Common Stock.

The realizable actual value of the options may be significantly different, and the value actually realized, if any, will be based on the excess of the market value of the common stock over the exercise price at the time of exercise.

Benefit Plans

Annual Incentive Plan. In fiscal year 2004, the executive officers were eligible for participation in the company's Short-Term Incentive Plan ("STIP"), which was designed to award officers (and other employees) bonuses for meeting or exceeding specific financial and other performance targets approved by the management compensation committee for fiscal year 2004. The target bonus award levels for the executive officers range from 50% to 100% of base salary, and based on performance in relation to goals, the amount of bonus can range from 0% to 200% of target percentage. Awards are funded based on meeting or exceeding threshold goals and are awarded based on corporate and individual performance. Based on the financial results attained for fiscal year 2004, the STIP pool was funded at approximately 157% and bonuses were paid on March 14, 2005.

2003 Management Incentive Plan. Effective upon the consummation of its plan of reorganization in January 2004, the company established its 2003 Management Incentive Plan (the "MIP"), which is administered by the management compensation committee of the board, allows approval of several types of long-term incentives including stock options, stock appreciation rights, restricted stock awards and stock units. A total of 6,373,689 shares of Ordinary Common Stock have been reserved for issuance pursuant to the MIP over a period not to exceed ten years after the January 5, 2004 effective date. Pursuant to the MIP and their employment agreements, options to purchase 2,891,022 shares of Ordinary Common Stock and restricted stock awards for 167,926 shares of Ordinary Common Stock were issued to the three senior executive officers of the company (Mr. Shulman, Dr. Lerer and

Mr. Demilio) in 2004. Stock options covering 1,329,200 additional shares (net of cancelled options) were issued to other employees of the company during 2004, leaving 1,901,578 options, restricted shares and other share equivalents issuable under the MIP as of December 31, 2004. The options to executive officers were granted with exercise prices ranging from the reorganization value under the plan, as set forth in the plan's disclosure statement (\$10.43 per share), to the average price paid by Onex for all of the shares it acquired in connection with the Plan (\$11.91 per share). The options granted to other members of management have exercise prices ranging from the price paid by Onex for its shares of Multi-Vote Common Stock (\$12.39 per share) to the price that is 85% of the average closing price of the common stock over the first 20 trading days (\$23.52 per share).

On March 10, 2005, as compensation during fiscal year 2005, the company awarded under the MIP options to purchase 872,298 shares of Ordinary Common Stock and restricted stock awards for 107,584 shares of Ordinary Common Stock to executive officers and other members of management. The options have an exercise price of \$34.57 per share, the average of the opening and closing prices of the Ordinary Common stock on the date of grant. In addition, the company on March 14, 2005 awarded 14,507 shares of Ordinary Common Stock as a bonus to Mr. Shulman.

The maximum number of shares of Ordinary Common Stock that may be granted or measured to any individual participant under the MIP in any one calendar year may not exceed 2,000,000. The MIP allows the management compensation committee flexibility in developing appropriate long-term incentive strategies to retain the company's key executive officers. The management compensation committee is authorized, subject to the provisions of the MIP, to make and administer grants under the MIP, and to establish such rules as it deems necessary for the proper administration of the MIP.

Deferred Compensation. The Magellan Health Services, Inc. Supplemental Accumulation Plan (the "SAP"), was approved by the management compensation committee in 2000 and is designed to promote the retention of key executives. The SAP is a calendar year based plan that is funded by the company through a fixed percentage of an executive's base salary. It may also be funded by the executive officers through voluntary deferrals of base and/or incentive compensation. Annually, the management compensation committee approves the percentage contribution for the executive officers. For calendar 2004, Messrs. Shulman, Lerer and Demilio were each awarded a company contribution of 11% of base salary, and various other executive officers were eligible for a contribution of 9% of base salary, as determined in 2005. Both company and voluntary contributions are paid to a trust and invested in one or more mutual funds selected by the respective executive officer.

The fixed percentage amount contributed to the trust and any appreciation thereon is paid to the executive officer on a date at least two years from the date of funding, if such officer is still employed at that time, or two years following the date of termination from the company, provided that the executive officer has complied with covenants not to compete with the company during that time period and the termination was not "for cause."

The terms of the SAP provide that the amounts deposited in the trust on behalf of executive officers are to be immediately and fully vested upon a change of control of the company (as defined in the SAP document).

Key Employee Retention Plan. Subsequent to the commencement of the company's Chapter 11 proceedings, the board of directors adopted and the Bankruptcy Court approved the Key Employee Retention Plan ("KERP"). The purpose of the KERP was to provide supplemental compensation to certain employees, including certain executive members of management, in order to retain such employees through the company's financial restructuring process. KERP does not include individuals retained by the company pursuant to the consulting agreement with HPI. KERP supplemental compensation awards range up to 50% of base salary and were paid 33% on July 31, 2003, and the remainder on February 19, 2004, 45 days after consummation of the plan of reorganization. The KERP is no longer in effect.

Certain Relationships and Related Transactions

On December 4, 2002, the company entered into a consulting agreement with Healthcare Partners, Inc. ("HPI"), a newly formed entity whose principals are Steven J. Shulman and René Lerer, M.D. (the "HPI Agreement"). Pursuant to the HPI Agreement, HPI, Mr. Shulman and Dr. Lerer, as well as Danna Mezin and Keith Kudla (the "Officers"), became part of the management of the company, with Mr. Shulman becoming the chief executive officer of the company. All of the Officers devoted substantially all of their time to the management of the company. For such services, the company paid to HPI, per the agreement, \$250,000 per month for every month or portion thereof from December 2002 through January 5, 2004, the effective date of the company's plan of reorganization, and a bonus payment of \$1.95 million based upon the achievement of certain targets under the agreement. This agreement terminated on that date, at which time Mr. Shulman and Dr. Lerer entered into employment agreements with the company, as discussed above, and Ms. Mezin and Mr. Kudla became employees of the company.

Robert M. Le Blanc and a former director, Mark R. Hilson, are both affiliates of Onex. Pursuant to the company's plan of reorganization and a Stock Purchase Agreement dated as of December 18, 2003, Magellan Holdings LP ("Holdings"), an affiliate of Onex, purchased 8,552,700 shares of Multi-Vote Common Stock of the company. In January 2004, Onex sold 82,854 of these shares to Morgan Noble LLC, which is affiliated with Mr. Haft. On March 23, 2005, Holdings purchased from the company an additional 17,850 shares of Multi-Vote Common Stock as partial fulfillment of a commitment by Holdings pursuant to the Stock Purchase Agreement. Under the company's plan of reorganization, certain of its creditors were given the option to receive shares of Ordinary Common Stock or in lieu of such shares \$9.78 per share in cash. In order to fund these cash payments, under the Stock Purchase Agreement, Holdings committed to purchase additional shares of Multi-Vote Common Stock at the same \$9.78 per share price. The Company recently settled a number of creditor claims in cash which corresponded to the Multi-Vote Common Stock purchased by Holdings.

Houlihan represented the Pre-Petition Unofficial Committee of the Company's Unsecured Noteholders and the Official Committee of Unsecured Creditors of the company in connection with the company's financial restructuring process. The total compensation paid to Houlihan for services rendered to the committees as financial advisor was approximately \$2.9 million in cash, 166,966 shares of Ordinary Common Stock, and \$1.8 million of Series B Notes, subject to final adjustment when the recoveries under the plan of reorganization by general unsecured creditors are finalized. In addition, Mr. Burian, as a Managing Director of Houlihan, received an economic interest

in 4,000 shares of Ordinary Common Stock Houlihan received pursuant to the plan. Mr. Burian did not have record ownership, nor did he possess either investment or dispositive power over the shares; however, Mr. Burian did, as a Managing Director of Houlihan, possess the economic risk and benefit of the ownership of these shares. Such shares were sold by Houlihan shortly following the consummation of the plan.

Report of the Management Compensation Committee

The management compensation committee of the board of directors is comprised of three members of the board of directors who are not current or former employees of the company and who the board has determined are independent for purposes of NASDAQ listing standards.

Role of the Management Compensation Committee

The duties and responsibilities of the management compensation committee include: (i) establishment of the company's general compensation philosophy, and oversight of the development and implementation of compensation programs; (ii) review and approval of corporate goals and objectives relevant to the compensation of the chief executive officer and other members of management; (iii) the development of recommendations to the board with respect to the company's various compensation plans and overseeing the activities of the individuals and committees responsible for administering these plans; and (iv) oversight of regulatory compliance with respect to compensation matters.

Compensation Philosophy

The company's compensation programs and policies are designed to attract, retain and reward individuals of outstanding ability in key positions, in order to deliver value to the company's shareholders. Specifically, our compensation programs focus on:

Pay for Performance: Our philosophy is that an individual's compensation should reflect his or her individual performance, the performance of his or her business unit or area of responsibility and the performance of the company as a whole.

Competitive Pay: We believe that the company's overall compensation should be competitive with market-based compensation data, as defined by the position. Base and variable pay will be above median as performance is above median.

Alignment with Company Goals: The company's compensation programs are designed to support both the short-term and long-term financial, operating and other goals of the company.

Alignment with Shareholder Interests: We believe that senior management's compensation should include long-term incentives that encourage performance that builds long-term value for both the company and its shareholders.

Components of Compensation Program

The compensation packages for the company's executives are designed to set total compensation at levels that reflect both personal and organizational performance and results. In addition to exercising

our business judgment, we have sought the advice of nationally recognized consultants in reviewing these executive compensation policies and programs. Such consultants have also assisted us with the collection and review of competitive market data of peer companies. An executive's total compensation opportunity relative to the range paid by the peer companies is also determined in consideration of the executive's experience, level and scope of responsibility within the company and individual performance. In reviewing the competitive marketplace, the committee considers a broader range of companies and sectors than those reported in the company's performance graph included under "*Comparison of Cumulative Total Returns*" below, because this broader group of companies better reflects the labor market from which we recruit executive talent. All of the company's executive officers have employment agreements that establish base salary and bonus opportunities and that were entered into following arm's length negotiations with the respective executive officers. In determining salaries, bonuses and equity awards, the committee also considers recommendations of the chief executive officer (except in the case of his own compensation) and independent compensation consultants.

Salaries: In determining the base salary for each of the company's executive officers, the compensation committee considers such factors as existing contractual commitments, competitive market data, compensation opportunities perceived to be necessary to retain executive officers, individual performance and the criticality of the executive to the company's current and future success. The company entered into employment agreements negotiated with Messrs. Shulman, Lerer and Demilio on or somewhat prior to the effective date of the company's plan of reorganization (January 5, 2004) which specify an initial base salary amount subject to annual adjustment based on performance reviews. These base salary amounts remained in effect during 2004. See "*Employment Contracts*" above.

Annual Bonuses: The company has established an annual incentive plan which is described under "*Benefit Plans Annual Incentive Plan*" above. This plan provides cash bonuses and is available to all management, including the executive officers. At the beginning of each fiscal year, the management compensation committee, with input from the chief executive officer, other members of management and independent consultants, establishes performance goals which could result in a threshold, target or maximum bonus payout. At the end of the fiscal year, the committee then reviews the company's and the individual's performance relative to those performance goals and determines whether the goals were achieved and the level of funding for the annual bonuses. Annual bonuses are paid in the first quarter of the year following the performance period to which the bonuses relate. The bonuses paid in 2004 were for work performed during 2003. The performance criterion for funding the 2003 annual bonus pool was to achieve on a consolidated basis \$133.8 million of segment profit (as defined in the company's financial statements) less special charges. The committee determined that this 2003 goal was exceeded by over 35% and determined to fund the bonus pool at 120% of target funding levels. In addition, in early 2004, the committee established the performance criteria for the 2004 annual bonus which were similar to those for the 2003 annual bonus. The performance criterion for funding the 2004 annual bonus pool was to achieve on a consolidated basis \$144.8 million of segment profit (as defined in the company's financial statements) less special charges. The committee determined that the 2004 goal was exceeded by over 60% and determined to fund the bonus pool at approximately 157% of target funding levels. Each individual's bonus is determined based upon the overall company funding level, each individual's bonus target and an evaluation of each individual's performance.

Equity Awards: The company provides its executive officers with equity awards under the Management Incentive Plan ("MIP") which are designed to create and enhance incentives for them to build shareholder value. Upon consummation of the company's plan of reorganization in January 2004, as negotiated and provided for in their employment agreements, the company awarded 83,963, 50,378 and 33,585 restricted shares of Ordinary Common Stock to Messrs. Shulman, Lerer and Demilio. The awards were made under the company's MIP, which is described under "*Benefit Plans 2003 Management Incentive Plan*" above. As part of the agreement with him, Mr. Shulman also purchased under the plan 83,963 shares of Ordinary Common Stock for \$11.91 per share in cash, or \$1,000,000 in the aggregate, the average price paid by Onex for its shares of common stock acquired under the plan of reorganization. In addition, as provided in their agreements, Messrs. Shulman, Lerer and Demilio were awarded non-qualified stock options for 1,445,511, 867,307 and 578,204 shares of Ordinary Common Stock with ten-year terms vesting over three years. Messrs. Emerson and Kotin were each awarded non-qualified stock options for 50,000 shares of Ordinary Common Stock with ten year terms and with vesting over four years. In March 2005, the company awarded non-qualified stock options to purchase 198,250, 118,950, 79,300, 46,950 and 17,890 shares of Ordinary Common Stock to Messrs. Shulman, Lerer, Demilio, Emerson and Kotin, respectively. The options have ten-year terms and vest over four years. At the same time, the company awarded restricted stock for 24,451, 14,671, 9,780, 5,790 and 2,210 shares to Messrs. Shulman, Lerer, Demilio, Emerson and Kotin. These restricted stock awards vest over four years.

Deferred Compensation Plan: The company operates the Supplemental Accumulation Plan ("SAP"), a deferred cash compensation plan that is designed to promote the retention of the company's executive officers. The SAP includes a component that is funded by the company and is determined on an annual basis as a fixed percentage of an executive's base salary, and a voluntary deferral component under which the participant may make contributions from base or incentive compensation. For a description of the SAP, see "*Benefit Plans Deferred Compensation Plan*" above. For 2004, Messrs. Shulman, Lerer and Demilio were each awarded a company contribution of 11% of their base salary, and Messrs. Emerson and Kotin were awarded a company contribution of 9% of their base salary.

Retirement Vehicles: The company maintains a 401(k) savings plan which permits employees to defer compensation and to which the company makes matching contributions on behalf of the executive officers on the same basis as all other participants.

Compensation of Chief Executive Officer

The process for determining the chief executive officer's compensation is led by the chairman of the management compensation committee, who solicits input from all members of the board of directors as well as independent compensation consultants. The chairman then presents the chief executive officer's proposed compensation package to the full committee which, in turn, presents it to the full board for final approval, with the chief executive officer abstaining.

From December 4, 2002 to January 5, 2004, Mr. Shulman provided services to the company through HPI, as described under "*Certain Relationships and Related Transactions*" above. Effective as of the effective date of the company's plan of reorganization in January 2004, the company entered into an employment agreement with Mr. Shulman that fixed his base salary for 2004 at \$1,000,000. The agreement also specified his annual target bonus opportunity at 100% of base salary, subject to achievement of performance goals fixed by the board. The agreement also provided for the grant of 83,963 restricted shares of Ordinary Common Stock, and non-qualified options to purchase a total of 1,445,511 shares of Ordinary Common Stock. The agreement also required Mr. Shulman to purchase 83,963 fully-vested shares of Ordinary Common Stock. In determining Mr. Shulman's 2004 compensation, the committee considered the compensation of comparable positions at peer companies,

Mr. Shulman's performance as an independent contractor with HPI during 2003 as well as what would be necessary to retain Mr. Shulman.

Commencing in 2004, the committee established a procedure whereby, in consultation with Mr. Shulman, the committee establishes performance goals for Mr. Shulman at the beginning of each year. These goals are then used as the criterion upon which Mr. Shulman's performance is assessed, and accordingly, subsequent year's base salary, bonus and equity awards are based. Mr. Shulman is subject to the same performance goals established under the company's annual bonus plan as other executives. The performance criterion for funding the 2004 annual bonus pool was to achieve on a consolidated basis \$144.8 million of segment profit (as defined in the company's financial statements) less special charges.

The committee believes that the compensation paid to Mr. Shulman in 2004, as reflected in this proxy statement, coupled with the stock options and stock award granted to Mr. Shulman in 2004, is appropriate to incent and encourage an executive with Mr. Shulman's background and experience to remain with the company as chief executive officer and to align his interests with those of the company's shareholders. In early 2005, the committee reviewed Mr. Shulman's 2004 goals against his performance as well as the performance of the company as a whole and determined that for 2005 his base salary should increase by 4%, to \$1,040,000, effective April 1, 2005. The committee also awarded Mr. Shulman a cash bonus of \$2,000,000 and 14,507 bonus shares of Ordinary Common Stock on March 14, 2005 for his service in 2004. The committee determined that an above-target bonus for Mr. Shulman was appropriate based on the company's successful turnaround, its emergence from bankruptcy and strong operating results in 2004.

Loans to Executive Officers and Board Members

The committee has determined not to provide loans of any sort, including, but not limited to, relocation loans and loans to pay the exercise price of stock options, to the company's executive officers or members of the board of directors. No such loans are outstanding.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally limits the deductibility of compensation paid each year to a publicly-held company's chief executive officer and to its four most highly paid senior executive officers to \$1 million per person. Excluded from the \$1 million limitation is compensation that, among other things, meets pre-established performance criteria. The committee's objective is to structure the company's compensation programs to maximize the deductibility of compensation paid thereunder but reserves the right to pay compensation that may not be tax deductible when it would be in the best interests of the parties involved and has done so in appropriate instances.

Report of the Audit Committee

The primary function of the audit committee is to assist the board of directors in fulfilling its financial oversight responsibility by reviewing the company's financial statements, the other financial information that is proposed to be provided to the shareholders, the periodic financial reports filed with the SEC, the system of internal controls which management and the board of directors have established and the audit process. The committee operates pursuant to a written charter, a copy of which is available at www.magellanhealth.com and is also attached as Appendix A. As set forth in the charter, management of the company is responsible for the preparation, presentation and integrity of the company's financial statements. Management of the company is responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out a proper audit of the company's financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States. The independent auditors are accountable to the board and the audit committee. The audit committee has the authority and responsibility to retain and terminate the company's independent auditors.

In performance of this oversight function, the committee has considered and discussed the audited financial statements with management and the independent auditors. The committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. The committee has also discussed with management the company's internal controls and procedures and disclosure controls and procedures relating to financial and other matters. Finally, the committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, has considered whether the provision of non-audit services by the independent auditors to the company is compatible with maintaining the auditors' independence and has discussed with the auditors the auditors' independence.

The members of the audit committee are advised by the independent auditors. The independent auditors are experts in the fields of accounting and auditing, including in respect of auditor independence. Members of the committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. Accordingly, management is solely responsible for maintaining appropriate accounting and financial reporting principles and policies and internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the audit committee's considerations and discussions referred to above do not assure that the audit of the company's financial statements has been carried out in accordance with generally accepted auditing standards or that the company's auditors are in fact "independent."

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the committee referred to above and in the charter, the committee recommended to the board that the audited financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, as filed with the Securities and Exchange Commission.

Share Grants

Participating directors will be issued awards under the plan consisting of 3,000 shares of Ordinary Common Stock, or a lesser number of shares as determined by the board if the director's service commences after March 3, 2005. Except in the case of removal of a director for cause, the shares issued under the awards may not be sold or otherwise disposed of without the prior written consent of the company approved by the board, until December 31, 2005. The sale or other transfer of shares issued under the plan will also be subject to the registration requirements of federal and state securities laws and policies established from time to time by the board with respect to sales of shares by the company's directors. Once issued, the share awards may be voted by the director without restriction, and the director will have the right to receive dividends and other distributions declared on the shares.

The right to receive shares under the plan will not be assignable or transferable by a participating director other than by will or the laws of descent and distribution.

New Plan Benefits

The following table sets forth information with respect to the dollar value and the number of shares of Ordinary Common Stock as to which awards under the plan have been granted to the six independent directors eligible for participation in the plan:

	Dollar Value (\$)	Number of Shares
Non-Executive Director Group (6 persons)	615,780	18,000

Shares Available Under the Plan

Subject to adjustment in connection with any change in the company's capital stock, 30,000 shares of Ordinary Common Stock are reserved and available for awards under the plan. Shares issued under the plan may be authorized but unissued or treasury shares. In the event of any recapitalization, stock split, stock dividend, merger or consolidation or similar transaction in which the company is the

Edgar Filing: MAGELLAN HEALTH SERVICES INC - Form DEF 14A

surviving corporation, the total number of shares which may be issued under the plan will be appropriately adjusted, as determined by the board in its discretion.

Federal Income Tax Information

The following summary describes the federal income taxation generally applicable to a participating director and the company with respect to awards under the plan and does not discuss the income tax laws of any municipality, state or foreign country in which a participating director may reside.

Shares of Ordinary Common Stock issued to participating directors under the plan are treated as compensation for services rendered. Upon the award of shares to a participant under the plan, the participant will recognize ordinary income in an amount equal to the then fair market value of those shares, and the company will be entitled to a corresponding compensation expense deduction, subject to the general rules regarding deductibility of compensation. Gains or losses recognized by the participant upon disposition of the shares will be treated as capital gains and losses, with the basis in the shares equal to the amount of the income that was recognized upon award of the shares. Dividends, if any, received by a participant will be qualified dividends, which are taxed as net capital gain. Dividends paid are not deductible by the company.

PURPOSE**

The Audit Committee of Magellan Health Services, Inc. (the "Company") is a committee of the Company's Board of Directors. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the Company's financial statements, the other financial information that is proposed to be provided to the shareholders, the periodic financial reports filed with the Securities and Exchange Commission, the systems of internal controls which management and the Board of Directors have established, and the audit process. In doing so, it is the responsibility and duty of the Audit Committee to provide an open avenue of communication between the Board of Directors on the one hand, and management, the internal auditors, and the independent auditors on the other.

The Committee's role is one of oversight. The Company's management is responsible for preparing the Company's financial statements and the independent auditors are responsible for auditing those financial statements. The Committee recognizes that Company management including the internal audit staff and the independent auditors have more time, knowledge and detailed information about the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditor's work.

**ARTICLE II.
ORGANIZATION**

Section 2.01 Composition. The Board of Directors shall appoint annually the Audit Committee members. The Audit Committee shall be composed of at least three, but not more than five, directors. The Audit Committee is empowered and authorized to retain independent counsel, accountants, or others to assist it in the conduct of any investigation, with the fees and related costs being paid for by the Company. The Audit Committee shall perform such other functions as are assigned to it by law, the Company's charter or bylaws or the Board of Directors.

(the "Company") while increasing participating directors' stock ownership in the Company and thereby further aligning their interests and those of the Company's stockholders.
2. *Effective Date.* The Plan shall be effective as of March 3, 2005, subject to and upon the approval by the shareholders of the Company in accordance with applicable law of the Plan as required by the listing standards of the Nasdaq Stock Market.
3. *Participation.* Only Qualifying Directors shall be eligible to participate in the Plan. A "Qualifying Director" is a person who (i) is serving as a director of the Company at the close of business on March 3, 2005 or is elected as a director of the Company after such date and before the 2006 annual meeting of stockholders of the Company and is designated by the Board of Directors to participate in the Plan and (ii) has been designated by the Board of Directors as an "independent director" as determined for purposes of Article III, Section 3 of the Bylaws of the Company as in effect on the day hereof or, although not so designated, is not an officer or employee of the Company or any Subsidiary of the Company and does not otherwise participate in the management of the Company and has been designated by the Board of Directors to participate in the Plan.
4. *Grant of Shares.* Immediately following approval by the shareholders of the company at the 2005 annual meeting of shareholders, each Qualifying Director shall be issued by the Company, in consideration of the services to be provided by him or her as a director of the Company, 3,000 shares of Ordinary Common Stock of the Company; *provided, however*, that a lesser number of shares, as may be determined by the Board of Directors, may be issued to a Qualifying Director whose service as a director commences after March 3, 2005 (and before the 2006 annual meeting of shareholders of the Company). However, such issuance shall be subject to (i) shareholder approval in accordance with applicable law of the Plan as required by the listing standards of the Nasdaq Stock Market, (ii) the restrictions on transfer and ownership of the shares issued provided by Section 5 of this Plan and (iii) the registration of the issuance of the shares, or of resale thereof by a director, as may be required by the Securities Act of 1933, as amended, and any applicable state securities law or the availability of an exemption therefrom (including further restriction on the disposition thereof as may be necessary to qualify for an exemption).
5. *Restrictions on Ownership and Transfer of Shares.* All right, title and interest in any shares granted to a Qualifying Director in accordance with this Plan shall, upon grant, vest in the Qualifying Director (and his or her successors) without restriction thereon or right of the Company therein by virtue of this Plan, except for the following restrictions on ownership and transfer:

office for cause (as provided in the Company's certificate of incorporation as in effect on the date hereof), the shares may not be sold or otherwise disposed of (except by operation of law as provided below), without the prior, written consent of the Company approved by the Board of Directors; and

- (b) the shares may not be sold or otherwise transferred except in accordance with any requirements relating to registration of the shares or exemption from registration applicable thereto in accordance with clause (iii) of the second sentence of Section 4 of the Plan; and
- (c) while owned by a Qualifying Director who is in office as a director, the shares may be sold only in accordance with the policies generally established by the Board of Directors with respect to sales of shares of the Company by directors of the Company.

In furtherance of the foregoing, once granted to a Qualifying Director, the shares may be voted by the Qualifying Director (or his or her successor) without restriction by virtue of the Plan and any dividend paid or distribution made by the Company in respect of the shares (including by means of a stock split, merger or consolidation or upon dissolution of the Company) shall be for the account of the Qualifying Director and shall not be subject to any restriction or right of the Company by virtue of the Plan; *provided, however*, that, in the event at any time before the shares may be sold in accordance with the requirements of clause (a) of the foregoing sentence a dividend is paid or distribution made on the shares in (i) shares of Ordinary Common Stock or (ii) in any other capital stock of the Company that entitles the holder thereof to vote generally in the election of any director of the Company or that is convertible into or exchangeable for any such shares or (iii) in a warrant or option to acquire any such shares, the security so received in such dividend or distribution shall be subject to the same restrictions under the Plan as the shares in respect of which such security was received. Notwithstanding the foregoing restriction on disposition of shares, upon the death or incapacity of a Qualifying Director, his or her estate, heirs, distributees or personal representative shall succeed to all of the Qualifying Director's right, title and interest in and to the shares. In addition, the foregoing restriction on disposition of shares shall not impair any change in or exchange of the shares occurring by reason of a merger, consolidation, recapitalization, reorganization or like transaction involving the Company. The Company may legend certificates representing shares issued under this Plan (or securities issued in respect Thereof) with respect to the restrictions thereon provided by this Plan.

- 6. *Shares Subject To The Plan.* Subject to adjustment as provided in Section 7 below, no more than an aggregate of 30,000 shares of Ordinary Common Stock shall be delivered to Qualifying Directors (or their successors) under this Plan, which shares may be authorized but unissued or treasury shares.

Such adjustments and the manner of application thereof shall be determined by the Board in its discretion. Any such adjustment may provide for the elimination of any fractional share which might otherwise be issued.
- 8. *Nonassignability.* No rights under this Plan shall be assignable or transferable by a Qualifying Director other than by will or the laws of descent and distribution.
- 9. *Administration.* The Board shall administer and interpret this Plan in its discretion.
- 10. *Construction; Amendment; Termination.* This Plan shall be construed in accordance with the laws of the State of Delaware and may be amended or terminated at any time by action of the Board of Directors of The Company (but no termination shall affect the rights in shares granted prior to the date of termination).
