PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

June 8, 2006

This Proxy Statement is furnished to the shareholders of Apex Silver Mines Limited ("Apex Silver" or "we") in connection with the solicitation of proxies by the board of directors of Apex Silver to be voted at the annual meeting of shareholders on June 8, 2006, or at any postponements or adjournments of the annual meeting. Our annual meeting is being held for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement, the accompanying proxy card and the Notice of Annual Meeting are first being mailed to our shareholders on or about May 9, 2006.

Only holders of our ordinary shares, par value \$0.01 per share, at the close of business on April 20, 2006, the record date, are entitled to notice of and to vote at the annual meeting. On the record date, 58,408,400 ordinary shares were issued, outstanding and entitled to vote. Each ordinary share outstanding on the record date is entitled to one vote. The holders of a majority of our ordinary shares issued and outstanding and entitled to vote at the annual meeting, present in person or by proxy, constitute a quorum.

If a shareholder abstains from voting on any matter, we intend to count the abstention as present for purposes of determining whether a quorum is present at the annual meeting for the transaction of business. Additionally, we intend to count broker "non-votes" as present for purposes of determining the presence or absence of a quorum for the transaction of business. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Abstentions will be treated as a vote against that proposal, but non-votes will not be tabulated for purposes of determining whether a proposal has been approved. Except in the case of non-votes, if a proxy is submitted without designating "FOR," "AGAINST," or "ABSTAIN" for any proposal, the ordinary shares represented by such proxy will be voted FOR such proposal.

Any proxy may be revoked at any time before it is voted by written notice to the Chairman, by receipt of a proxy properly signed and dated subsequent to an earlier proxy, or by revocation of a written proxy by request in person at the annual meeting.

The cost of this proxy solicitation will be borne by Apex Silver. In addition to solicitation by mail, our officers, directors and employees may solicit proxies by telephone, telegraph or in person. We will also request banks and brokers to solicit their customers who have a beneficial interest in our ordinary shares registered in the names of nominees, and we will reimburse banks and brokers for their reasonable out-of-pocket expenses in doing so.

The Audit Committee held ten meetings during 2005, and is currently comprised of Messrs. Hoegh, Palmer and Smith. Each of the members of the Audit Committee is independent as defined by the American Stock Exchange listing standards. The Audit Committee reviews our financial reporting process, system of internal controls, audit process, process for monitoring compliance with applicable law and our code of conduct. The Audit Committee is also responsible for the engagement of, and evaluates the performance of, our independent accountants.

The board of directors has adopted a written charter for the Audit Committee. The charter may be viewed on Apex Silver's website at www.apexsilver.com. To view the charter, click on "About Apex Silver" on the left side of the page and then click on "Corporate Governance."

The board of directors has determined that Mr. Palmer qualifies as an "Audit Committee Financial Expert" as that term is defined in rules promulgated by the Securities and Exchange Commission and is independent as defined by the American Stock Exchange listing standards.

Compensation Committee. The Compensation Committee held four meetings during 2005, and is currently comprised of Messrs. Conger, Morano, and Soros. Each member of the Compensation Committee is independent as defined by the American Stock Exchange listing standards. The principal responsibilities of the Compensation Committee are to establish policies and periodically determine matters involving executive compensation, recommend changes in employee benefit programs, grant or recommend the grant of stock options and stock awards under our 2004 Equity Incentive Plan, administer the Non-Employee Directors' Share Plan and provide counsel regarding key personnel selection.

The board of directors has adopted a charter for the Compensation Committee, a copy of which is available on Apex Silver's website at www.apexsilver.com. To view the charter, click on "About Apex Silver" on the left side of the page and then click on "Corporate Governance."

The Corporate Governance and Nominating Committee will receive, review and evaluate director candidates recommended by shareholders. The Committee has adopted written procedures to be followed by shareholders in submitting such recommendations. Candidates proposed by shareholders will be evaluated by the Committee in the same manner as candidates which are not proposed by shareholders. While shareholders may propose director nominees at any time, we must receive the required notice (described below) on or before the date set forth in the prior year's annual proxy statement under the heading "Shareholder Proposals" in order to be considered by the Committee in connection with our next annual meeting of shareholders (typically held in June of each year).

Shareholders wishing to recommend a director candidate to serve on the board may do so by providing advance written notice to the Chairman of the Corporate Governance and Nominating Committee, which identifies the candidate and includes certain information regarding the nominating shareholder and the candidate. A description of the required notice is available on our website at www.apexsilver.com. To view the procedures regarding shareholder nomination of directors, click on "About Apex Silver" on the left side of the page and then click on "Corporate Governance."

A nominee for director should be a person of integrity and be committed to devoting the time and attention necessary to fulfill his or her duties to Apex Silver. The Corporate Governance and Nominating Committee will evaluate the independence of directors and potential directors, as well as his or her business experience, or specialized skills or experience. Diversity of background and experience, including diversity of race, ethnicity, international background, gender and age, are also important factors in evaluating candidates for board membership. The Committee will also consider issues involving possible conflicts of interest of directors or potential directors.

Director Compensation

Our non-employee director compensation program consists of two principal components: share options and cash payments. The Non-Employee Directors' Share Plan provides for the automatic grant of (i) a fully vested and exercisable option to purchase a number of ordinary shares equal to \$50,000 divided by the closing price of the ordinary shares on the American Stock Exchange on the date of the grant to each non-employee director at the effective date of his or her initial election to the board of directors, (ii) a fully vested and exercisable option to purchase the number of ordinary shares equal to \$50,000 divided by the closing price of the ordinary shares on the American Stock Exchange on the date of the grant at the close of business of each annual meeting of the shareholders, and (iii) at the close of business of each meeting of the board of directors, a fully vested and exercisable option valued at \$3,000 calculated using the Black-Scholes option-pricing model to purchase ordinary shares with an exercise price equal to the closing price of the ordinary shares on the American Stock Exchange on such date, without regard to whether the non-employee director attends the meeting. During 2005, pursuant to the Non-Employee Directors' Share Plan, each non-employee directors received as standard compensation the following options to purchase our ordinary shares:

Date of 2005 Grant	Number of Shares	Exercise Price
April 14	700	\$ 14.51
June 1	706	\$ 14.00
June 24	3,832	\$ 13.05
September 8	688	\$ 14.38
December 8	578	\$ 18.01

In addition, non-employee directors are paid \$1,000 for attendance at board meetings and \$750 for attendance at board committee meetings. The Chairman of the Audit Committee receives an annual cash retainer of \$15,000. The other members of the Audit Committee each receive an annual retainer of \$5,000. The Chairmen of the Compensation, Finance and Corporate Governance and Nominating Committees each receive an annual cash retainer of \$3,000. We also reimburse our directors for all reasonable out-of-pocket costs incurred by them in connection with their services to us.

Mr. Hansard, a former director of Apex Silver who resigned in 2005, performed consulting services for Moore Capital Management, LLC. One or more investment portfolios managed by Moore Capital or its affiliates are shareholders of Apex Silver. For these consulting services and for time spent attending meetings of our board of directors, Moore Capital compensated Kingsfort Ltd., of which Mr. Hansard is an employee, 45,000 Great British Pounds per annum, and directly compensated Mr. Hansard 20,000 Great British Pounds per annum. Amounts paid by Moore Capital directly or indirectly to Mr. Hansard for attending our board meetings totaled approximately \$111,150 for 2005. Mr. Hansard may assign to Moore Capital's clients, who are shareholders of Apex Silver, ordinary shares he receives on the exercise of options granted to him as director compensation.

Share Option Grants

The following table contains further information concerning the share option grants made to our executive officers during the fiscal year ended December 31, 2005. In the event of a change of control (as defined in the 2004 Equity Incentive Plan), all unexercised options are immediately exercisable in full. The percentage of total options granted to employees is based on 420,300 options granted to employees in 2005 pursuant to the 2004 Equity Incentive Plan.

Amounts shown as potential realizable values are based on compounded annual rates of share price appreciation of five and ten percent over the 10-year term of the options, as mandated by rules of the Securities and Exchange Commission, and are not indicative of expected share price performance. Actual gains, if any, on share option exercises are dependent on future performance of the overall market conditions, as well as the option holders' continued employment through the vesting period. The amounts reflected in this table may not necessarily be achieved or may be exceeded. The indicated amounts are net of the option exercise price but before taxes that may be payable upon exercise.

Report of the Compensation Committee of the Board of Directors

Governance and Policy

The Compensation Committee is appointed by the Board to establish, administer and evaluate the compensation philosophy, policies and plans for our non-employee directors and executive officers, to make recommendations to the Board regarding director and executive compensation and to review the performance and determine the compensation of our executive officers, based on criteria including the Company's performance and accomplishment of long-term strategic objectives.

Apex Silver's executive compensation plans are designed to attract, motivate and retain executives critical to the Company's long-term success and the creation of shareholder value. Fundamentally, our philosophy is to link compensation with the achievement of individual and Company annual and long-term performance goals. Our compensation programs include an equity component, which is designed to encourage share ownership and align the interests of our executives with those of our shareholders.

During 2005, the Company commissioned The Hay Group to evaluate the Company's executive compensation to determine whether it was competitive in its market. The Hay Group evaluated the positions of the Company's officers, including their accountability, freedom to act, and magnitude of impact on the Company. The Hay Group also evaluated the market for the Company's executives, based on the Company's unusual position as a first project company with a large project currently under construction that requires experienced executive staffing capable of constructing and operating a large mine.

The Compensation Committee considered these factors and other matters including current industry trends, such as concerns with share overhang and dilution, the reduced use of options and the increased use of restricted stock and performance shares, the increased use of multiple types of long-term incentive plans and the increased focus on stock ownership for top executives, and considered the conclusions of The Hay Group regarding these matters. The Committee considered the distribution of long-term incentive compensation values and established award targets based on relevant market practice, with performance-justified upside.

The Compensation Committee believes that compensation decisions are complex and best made after a deliberate review of a number of factors, including Company performance, achievement of individual performance goals, the particular challenges faced by each executive, recommendations of management and the standards of our industry.

Our executive compensation program consists of three principal components: base salary, awards under the 2004 Equity Incentive Plan and discretionary bonus awards. These components are described below.

Base Salary. Executive salaries were established initially at levels consistent with the median salaries of mining companies of similar size and growth prospects. The Compensation Committee considered the factors listed above, as well as increases in the cost of living as reported in various indices, in making the salary adjustments implemented for 2005.

2004 Equity Incentive Plan. The Compensation Committee made restricted share and share option grants in 2005 to executives that were consistent with our compensation philosophy of aligning the interests of executives with those of our shareholders and encouraging share ownership by executives. Specific grants in 2005 were determined in consideration of the factors listed above.

Discretionary Bonus Awards. For 2005, the Compensation Committee focused primarily on the Company's progress on construction and financing of the San Cristobal project, successful

additions to management and the contributions of individual executives in granting discretionary bonus awards.

Compensation of the Chief Executive Officer

Mr. Clevenger joined the Company in October 2004 as the President and Chief Executive Officer. In determining Mr. Clevenger's initial base salary and his initial restricted stock and option grants, the Compensation Committee reviewed Mr. Clevenger's extensive and varied experience in the mining industry, including his experience in South America with large mining investments and the construction and operations of large mines, the salaries of executives in similarly sized mining companies, and the various elements of Mr. Clevenger's total compensation package. The Committee determined that Mr. Clevenger would receive this initial base salary amount for 2005, as well as for the approximately two and one half months of his employment by the Company in 2004. Mr. Clevenger's salary for 2005 was \$410,000.

During 2005, Mr. Clevenger received a cash bonus of \$275,000, options to purchase 70,400 ordinary shares and 17,300 restricted ordinary shares. In determining his 2005 bonus and long-term incentive awards, the Compensation Committee considered (i) the accomplishments of the Company since Mr. Clevenger joined the Company, including its progress on the San Cristobal project and related financing, the management team Mr. Clevenger had assembled and the management process improvements that had occurred, and (ii) Mr. Clevenger's compensation since he had joined the Company, in light of the target compensation parameters recommended by The Hay Group and previously adopted by the Committee for his position.

Report of the Audit Committee of the Board of Directors

In accordance with its written charter adopted by the Board of Directors, a copy of which has been filed with the Securities and Exchange Commission, the Audit Committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing and financial reporting practices. Each of the members of the Audit Committee is independent as defined by the American Stock Exchange listing standards.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from Pricewaterhouse Coopers, LLP, its independent registered public accountants, a formal written statement describing all relationships between the independent accountants and us that might bear on the independence of the independent accountants, consistent with Independence Standards Board Statement No. 1, "Independence Discussions with Audit Committees," discussed with the independent accountants any relationships that may impact their objectivity and independence and satisfied itself as to the independence of the independent accountants. The Audit Committee also discussed with management and the independent accountants the quality and adequacy of our internal controls, responsibilities, budget and staffing. The Audit Committee reviewed with the independent accountants their audit plan, audit scope and identification of audit risks. The Audit Committee discussed with the independent accountants the matters required to be discussed by Statement of Auditing Standards No. 61.

The Audit Committee reviewed and discussed the Company's interim financial statements filed on Form 10-Q and the Company's audited financial statements for the fiscal year ended December 31, 2005 with management and the independent accountants. Management has the responsibility for the

preparation of the Company's financial statements and the independent accountants have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent accountants, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for the period ended December 31, 2005 be included in its Annual Report on Form 10-K for filing with the Securities and Exchange Commission. The Audit Committee reappointed the independent accountants and the Board of Directors concurred in their recommendation.

Performance Graph

The graph below compares the cumulative total shareholder return as of December 31, 2005 on \$100 invested in our ordinary shares as of January 1, 2000, in the stocks comprising the Hemsco Group Index, which includes only companies with silver mining investments, and in the stocks comprising the S&P 500 Index, assuming the reinvestment of all dividends.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee has ever been an officer or employee of Apex Silver or its subsidiaries. All relationships between these directors and Apex Silver and its subsidiaries required to be disclosed have been disclosed elsewhere in this proxy statement.

Employment Agreements and Change-in-Control Arrangements

At the time we offered employment to Messrs. Clevenger, Edwards and Lettes, we provided each executive officer with a letter indicating the terms of his employment with Apex Silver. All executives are employed on an at-will basis and may be terminated at any time. Under the terms of their offer letters, Messrs. Clevenger, Edwards and Lettes each have agreed not to join a company whose primary business is the acquisition and development of silver mines for two years after termination of employment with us.

We have also entered into change of control agreements with Messrs. Clevenger, Edwards and Lettes. The agreements become effective upon a change of control as defined in the agreements. If we terminate an executive other than for cause, disability or death or the executive terminates his employment for good reason (as such terms are defined in the agreements), the executive will become entitled to a specific severance payment equal to three times, for Messrs. Clevenger and Edwards, and two times, for Mr. Lettes, the sum of the executive's base salary plus 100 percent of the executive's target bonus amount (as defined in our incentive bonus plan) multiplied by the executive's annual base salary. The agreements provide that if any payments under the agreements would cause us to have paid an "excess parachute payment" as defined in Section 280G(b)(1) of the Internal Revenue Code, the payment will be reduced to the highest amount that will not cause us to have paid an excess parachute payment. In addition, if we terminate the executive other than for cause, disability or death or the executive terminates his employment for good reason, the executive shall be entitled, for a 36 month period for Messrs. Clevenger and Edwards, and for a 24 month period for Mr. Lettes, to certain life, disability, accident, medical and dental insurance benefits.

We have adopted a severance plan that provides benefits to employees who cease to be employed by us due to involuntary termination without cause. As defined in the plan, involuntary termination without cause includes job elimination or consolidation, closure of a work site, reorganization or merger or reduction in work force, and does not include disability, retirement or voluntary resignation. Messrs. Clevenger, Edwards and Lettes are eligible to participate in the plan. Under the plan, unless otherwise agreed as described below, each executive would receive severance pay based on his years of continuous employment, with a minimum of 16 weeks of pay and a maximum of 52 weeks of pay, plus medical, dental, life insurance, outplacement and other benefits. If upon termination of an executive's employment he receives benefits under his change of control agreement, he would not receive benefits under the severance plan.

Our 2004 Equity Incentive Plan, pursuant to which Messrs. Clevenger, Edwards and Lettes hold options, provides that in the event of a change in control (as defined in the 2004 Equity Incentive Plan), all unvested options become exercisable in full.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10 percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of ordinary shares and other equity securities and to furnish us with copies of such reports.

As discussed above under the heading "Director Compensation" our non-employee directors receive automatic grants of stock options on the date of each meeting of the board of directors. In

three instances during 2005, the Form 4s for these options were not timely filed. The Form 4s for stock options granted on June 24, 2005 to each of each of Messrs. Smith, Soros, Palmer, Hansard, Conger, Morano and Hoegh were not filed until September 20, 2005. The Form 4s for stock options granted on June 1, 2005 to each of Messrs. Smith, Soros, Palmer, Hansard, Conger, Morano and Hoegh were not filed until June 9, 2005. The Form 4s for stock options granted on September 8, 2005 to each of each of Messrs. Smith, Soros, Palmer, Hansard, Conger, Morano and Hoegh were not filed until September 14, 2005.

In addition, Mr. Hulley sold 2,933 shares on May 24, 2002 but the Form 4 reporting the transaction was not filed until February 23, 2006.
