#### CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This report, as well as our other public filings or public statements, include forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are often identified by terms and phrases such as "anticipate," "believe," "intend," "estimate," "expect," "continue," "should," "could," "may," "plan," "project," "predict," "will" and similar expressions and include references to assumptions and relate to our future prospects, developments and business strategies.

Factors that could cause actual results to differ materially from those expressed or implied in such forward-looking statements include, but are not limited to:

our high level of indebtedness;

our ability to make interest and principal payments on our debt and satisfy the other covenants contained in our senior secured credit facility and other debt agreements;

general economic conditions (including the impact of continued high unemployment and changing consumer behavior), inflation and interest rate movements;

our ability to improve the operating performance of our stores in accordance with our long term strategy;

our ability to maintain or grow prescription count and realize front-end sales growth;

our ability to hire and retain qualified personnel;

the continued efforts of private and public third party payors to reduce prescription drug reimbursement and encourage mail order and limit access to payor networks;

competitive pricing pressures, including aggressive promotional activity from our competitors;

decisions to close additional stores and distribution centers, which could result in further charges to our operating statement;

our ability to manage expenses and our investment in working capital;

continued consolidation of the drugstore and the pharmacy benefit management industries;

our ability to maintain the listing of our common stock on the New York Stock Exchange (the "NYSE"), and the resulting

changes in state or federal legislation or regulations, and the impact of healthcare reform;

impact on our indebtedness, results of operations and financial condition; and

the outcome of lawsuits and governmental investigations;

other risks and uncertainties described from time to time in our filings with the Securities and Exchange Commission (the "SEC").

We undertake no obligation to update or revise the forward-looking statements included in this report, whether as a result of new information, future events or otherwise, after the date of this report. Our actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. Factors that could cause or contribute to such differences are discussed in the section entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included herein and included in our Annual Report on Form 10-K for the fiscal year ended March 3, 2012 (the "Fiscal 2012 10-K"), which we filed with the SEC on April 24, 2012, and our Quarterly Report on Form 10-Q for the thirteen weeks ended June 2, 2012 (the "First Quarter 2013 10-Q"), which we filed on July 3, 2012.
