**PROSPECTUS SUMMARY**

*This section summarizes the legal and financial terms of the notes that are described in more detail in "Description of Notes" beginning on page S-14. Final terms of any particular notes will be determined at the time of sale and will be contained in the pricing supplement, which will be included with this prospectus supplement, relating to those notes. The terms in that pricing supplement may vary from and supersede the terms contained in this summary and in "Description of Notes." In addition, you should read the more detailed information appearing elsewhere in this prospectus supplement, the accompanying prospectus and in that pricing supplement.*

*The terms "we," "us," "our" and "Company" refer to Prospect Capital Corporation; "Prospect Capital Management," "Investment Adviser" and "PCM" refer to Prospect Capital Management LLC; and "Prospect Administration" and the "Administrator" refer to Prospect Administration LLC.*

**The Company**

We are a financial services company that primarily lends to and invests in middle market privately-held companies. In this prospectus supplement and the accompanying prospectus, we use the term "middle-market" to refer to companies with annual revenues of less than \$750 million and enterprise values of less than \$1 billion. We are a closed-end investment company that has filed an election to be treated as a business development company under the Investment Company Act of 1940, or the "1940 Act." We invest primarily in senior and subordinated debt and equity of companies in need of capital for acquisitions, divestitures, growth, development and recapitalization. We work with the management teams or financial sponsors to seek investments with historical cash flows, asset collateral or contracted pro-forma cash flows.

We currently have seven origination strategies in which we make investments: (1) lending in private equity sponsored transactions, (2) lending directly to companies not owned by private equity firms, (3) control investments in corporate operating companies, (4) control investments in financial companies, (5) investments in structured credit, (6) real estate investments, and (7) investments in syndicated debt. We continue to evaluate other origination strategies in the ordinary course of business with no specific tops-down allocation to any single origination strategy.

**Lending in Private Equity Sponsored Transactions** We make loans to companies which are controlled by leading private equity firms. This debt can take the form of first lien, second lien, unitranche or mezzanine loans. In making these investments, we look for a diversified customer base, recurring demand for the product or service, barriers to entry, strong historical cash flow and experienced management teams. These loans typically have significant equity subordinate to our loan position. Historically, this strategy has comprised approximately 50%-60% of our business, but more recently it is less than 50% of our business.

**Lending Directly to Companies** We provide debt financing to companies owned by non-private equity firms, the company founder, a management team or a family. Here, in addition to the strengths we look for in a sponsored transaction, we also look for the alignment with the management team with significant invested capital. This strategy often has less competition than the private equity sponsor strategy because such company financing needs are not easily addressed by banks and often require more diligence preparation. Direct lending can result in higher returns and lower leverage than sponsor transactions and may include warrants or equity to us. This strategy generally has comprised approximately 10%-15% of our business.

**Control Investments in Corporate Operating Companies** This strategy involves acquiring controlling stakes in non-financial operating companies. Our investments in these companies are generally structured as a combination of yield-producing debt and equity. We provide certainty of

Table of Contents

closure to our counterparties, give the seller personal liquidity and generally look for management to continue on in their current roles. This strategy has comprised approximately 10%-15% of our business.

**Control Investments in Financial Companies** This strategy involves acquiring controlling stakes in financial companies, including consumer direct lending, subprime auto lending and other strategies. Our investments in these companies are generally structured as a combination of yield-producing debt and equity. These investments are often structured in a tax-efficient RIC (as defined below) -compliant partnership, enhancing returns. This strategy has comprised approximately 10%-15% of our business.

**Investments in Structured Credit** We make investments in collateralized loan obligations ("CLOs"), generally taking a significant position in the subordinated interests (equity) of the CLOs. The CLOs include a diversified portfolio of broadly syndicated loans and do not have direct exposure to real estate, mortgages, sub-prime debt, or consumer based debt. The CLOs in which we invest are managed by top-tier collateral managers that have been thoroughly diligenced prior to investment. This strategy has comprised approximately 10%-20% of our business.

**Real Estate Investments** We make investments in real estate through our three wholly-owned tax-efficient real estate investment trusts ("REITs"), American Property Holdings Corp., National Property Holdings Corp. and United Property Holdings Corp. Our real estate investments are in various classes of fully developed and occupied real estate properties that generate current yields. We seek to identify properties that have historically high occupancy and steady cash flow generation. We partner with established property managers with experience in managing the property type to manage such properties after acquisition. This is a more recent investment strategy that has comprised approximately 5%-10% of our business.

**Investments in Syndicated Debt** On an opportunistic basis, we make investments in loans and high yield bonds that have been sold to a syndicate of buyers. Here we look for investments with attractive risk-adjusted returns after we have completed a fundamental credit analysis. These investments are purchased with a long term, buy-and-hold outlook and we look to provide significant structuring input by providing anchoring orders. This strategy has comprised approximately 5%-10% of our business.

We invest primarily in first and second lien senior loans and mezzanine debt which in some cases includes an equity component. First and second lien senior loans generally are senior debt instruments that rank ahead of subordinated debt of a given portfolio company. These loans also have the benefit of security interests on the assets of the portfolio company, which may rank ahead of or be junior to other security interests. Mezzanine debt and our investments in CLOs are subordinated to senior loans and are generally unsecured. We invest in debt and equity positions of CLOs which are a form of securitization in which the cash flows of a portfolio of loans are pooled and passed on to different classes of owners in various tranches. Our CLO investments are derived from portfolios of corporate debt securities which are generally risk rated from BB to B depending on the tranche.

We also acquire controlling interests in companies in conjunction with making secured debt investments in such companies. These may be in several industries, including industrial, service, real estate and financial businesses. In most cases, companies in which we invest are privately held at the time we invest in them.

We seek to maximize total returns to our investors, including both current yield and equity upside, by applying rigorous credit analysis and asset-based and cash-flow based lending techniques to make and monitor our investments. We are currently pursuing multiple investment opportunities, including purchases of portfolios from private and public companies, as well as originations and secondary purchases of particular securities. We also regularly evaluate control investment opportunities in a range of industries, and some of these investments could be material to us. There can be no assurance that we will successfully consummate any investment opportunity we are currently pursuing. If any of

Table of Contents

these opportunities are consummated, there can be no assurance that investors will share our view of valuation or that any assets acquired will not be subject to future write downs, each of which could have an adverse effect on our stock price.

As of December 31, 2013, we held investments in 130 portfolio companies. The aggregate fair value as of December 31, 2013 of investments in these portfolio companies held on that date is approximately \$4.9 billion. Our portfolio across all our performing interest-bearing investments had an annualized current yield of 12.9% as of December 31, 2013.

**Redemption and Repayment**

we pay or deposit with the Trustee a sum sufficient to pay:

all overdue interest;

the principal of and premium, if any, which have become due otherwise than by such declaration of acceleration and interest thereon;

interest on overdue interest to the extent lawful; and

all amounts due to the Trustee under the Mortgage; and

all Events of Default, other than the nonpayment of the principal which has become due solely by such declaration of acceleration, have been cured or waived as provided in the Mortgage.

(See Section 902.)

For more information as to waiver of defaults, see Waiver of Default and of Compliance below.

***Appointment of Receiver and Other Remedies***

Subject to the Mortgage, under certain circumstances and to the extent permitted by law, if an Event of Default occurs and is continuing, the Trustee has the power to appoint a receiver of the Mortgaged Property, and is entitled to all other remedies available to mortgagees and secured parties under the Uniform Commercial Code or any other applicable law. (See Section 917.)

In addition to every other right and remedy provided in the Mortgage, the Trustee may exercise any right or remedy available to the Trustee in its capacity as owner and Holder of Class A Bonds which arises as a result of a default or matured event of default under any Class A Mortgage, whether or not an Event of Default under the Mortgage has occurred and is continuing. (See Section 916.)

***Control by Holders; Limitations***

Subject to the Mortgage, if an Event of Default occurs and is continuing, the Holders of a majority in principal amount of the outstanding Mortgage Securities will have the right to

direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or

exercise any trust or power conferred on the Trustee with respect to the Mortgage Securities.

The rights of Holders to make direction are subject to the following limitations:

the Holders' directions may not conflict with any law or the Mortgage; and

the Holders' directions may not involve the Trustee in personal liability where the Trustee believes indemnity is not adequate.

The Trustee may also take any other action it deems proper which is not inconsistent with the Holders' direction. (See Sections 912 and 1003.)

## **Table of Contents**

In addition, the Mortgage provides that no Holder of any Mortgage Security will have any right to institute any proceeding, judicial or otherwise, with respect to the Mortgage for the appointment of a receiver or for any other remedy thereunder unless

that Holder has previously given the Trustee written notice of a continuing Event of Default;

the Holders of 25% in aggregate principal amount of the outstanding Mortgage Securities have made written request to the Trustee to institute proceedings in respect of that Event of Default and have offered the Trustee reasonable indemnity against costs, expenses and liabilities incurred in complying with such request; and

for 60 days after receipt of such notice, request and offer of indemnity, the Trustee has failed to institute any such proceeding and no direction inconsistent with such request has been given to the Trustee during such 60-day period by the Holders of a majority in aggregate principal amount of outstanding Mortgage Securities.

Furthermore, no Holder will be entitled to institute any such action if and to the extent that such action would disturb or prejudice the rights of other Holders. (See Sections 907 and 1003.)

However, each Holder has an absolute and unconditional right to receive payment when due and to bring a suit to enforce that right. (See Section 908.)

## **Notice of Default**

The Trustee is required to give the Holders of the Mortgage Securities notice of any default under the Mortgage to the extent required by the Trust Indenture Act, unless such default has been cured or waived; except that in the case of an Event of Default of the character specified in the third bullet point under Events of Default (regarding a breach of certain covenants continuing for 90 days after the receipt of a written notice of default), no such notice shall be given to such Holders until at least 60 days after the occurrence thereof. (See Section 1002.) The Trust Indenture Act currently permits the Trustee to withhold notices of default (except for certain payment defaults) if the Trustee in good faith determines the withholding of such notice to be in the interests of the Holders.

We will furnish the Trustee with an annual statement as to our compliance with the conditions and covenants in the Mortgage. (See Section 705.)

## **Waiver of Default and of Compliance**

The Holders of a majority in aggregate principal amount of the outstanding Mortgage Securities may waive, on behalf of the Holders of all outstanding Mortgage Securities, any past default under the Mortgage, except a default in the payment of principal, premium or interest, or with respect to compliance with certain provisions of the Mortgage that cannot be amended without the consent of the Holder of each outstanding Mortgage Security affected. (See Section 913.)

Compliance with certain covenants in the Mortgage or otherwise provided with respect to Mortgage Securities may be waived by the Holders of a majority in aggregate principal amount of the affected Mortgage Securities, considered as one class. (See Section 706.)

## **Certain Additional Agreements of PPL Electric**

In addition, so long as our Senior Secured Bonds of the Earliest Series remain outstanding, we have agreed to certain other covenants in the Mortgage, including covenants limiting our ability to pay dividends if we fail to meet certain

interest coverage ratios, or if we fail to comply with certain separateness formalities and receive a notice from the Independent Administrator of continuing non-compliance under the Compliance Administration Agreement, a covenant limiting our ability to issue additional Mortgage Securities (except for refinancing purposes and subject to certain other exceptions) unless we have received specified ratings confirmations from certain rating agencies; covenants limiting our business activities and our ability to make certain acquisitions; and a covenant requiring that we seek rate relief if our interest coverage ratios fall below certain levels during specified measurement periods. At such time as our Senior Secured Bonds of the Earliest Series are no longer outstanding, these covenants will no longer be effective.

S-16

**Table of Contents**

As used herein, Senior Secured Bonds of the Earliest Series means our 61/4% Bonds and Senior Secured Bonds, 4.30% Series due 2013. Our Senior Secured Bonds, 61/4% Bonds and Senior Secured Bonds, 4.30% Series due 2013 are redeemable at any time at make-whole redemption prices.

***Independent Administrator***

As described in PPL Electric Utilities Strategic Initiative in the accompanying prospectus, PPL Electric has taken certain actions to confirm its legal separation from PPL Corporation and PPL Corporation's other subsidiaries. In connection with such actions and in connection with the issuance of our Senior Secured Bonds of the Earliest Series, our board of directors has appointed an independent administrator (the Independent Administrator) to monitor specified formalities and activities that support our legal separateness from PPL Corporation and the other affiliates of PPL Corporation, and we have entered into a compliance administration agreement with the Independent Administrator that requires the Independent Administrator to review, on a semi-annual basis, certain information relating to our activities (the Compliance Administration Agreement). In addition, the Compliance Administration Agreement requires our officers to certify, semi-annually, our compliance with particular formalities intended to reinforce this legal separateness. The Independent Administrator also makes semi-annual compliance reports to us, and in the event of continuation of noncompliance beyond specific grace periods, will send a notice directing us to cease payment of dividends on our common stock. Further, continuance of such noncompliance could give rise to an event of default with respect to the Bonds. See Events of Default and Certain Additional Agreements of PPL Electric above. When our Senior Secured Bonds of the Earliest Series are no longer outstanding, and in certain other circumstances, the Compliance Administration Agreement can be terminated by the Company without the consent of Holders of Mortgage Securities.

***Consolidation, Merger and Conveyance of Assets as an Entirety***

Subject to the provisions described below, we have agreed to preserve our corporate existence. (See Section 704.)

We have agreed not to consolidate with or merge with or into any other entity or convey, transfer or lease our Electric Utility Property as or substantially as an entirety to any entity unless

the entity formed by such consolidation or into which we merge, or the entity which acquires or which leases our Electric Utility Property substantially as an entirety, is an entity organized and existing under the laws of the United States of America or any State thereof or the District of Columbia, and

expressly assumes, by supplemental indenture, the due and punctual payment of the principal of, and premium and interest on, all the outstanding Mortgage Securities and the performance of all of our covenants under the Mortgage, and

such entity confirms the lien of the Mortgage on the Mortgaged Property;

in the case of a lease, such lease is made expressly subject to termination by (i) us or by the Trustee and (ii) the purchaser of the property so leased at any sale thereof, at any time during the continuance of an Event of Default;

immediately after giving effect to such transaction, no Event of Default, and no event which after notice or lapse of time or both would become an Event of Default, will have occurred and be continuing; and

only if any of our Senior Secured Bonds of the Earliest Series remain outstanding, we have received specified rating agency confirmations and meet certain net worth tests.

(See Section 1201.)

S-17

**Table of Contents**

In the case of the conveyance or other transfer of the Electric Utility Property as or substantially as an entirety to any other person, upon the satisfaction of all the conditions described above we would be released and discharged from all obligations under the Mortgage and on the Mortgage Securities then outstanding unless we elect to waive such release and discharge. (See Section 1204.)

The Mortgage does not prevent or restrict:

- any consolidation or merger after the consummation of which we would be the surviving or resulting entity;
- any conveyance or other transfer, or lease, of any part of our Electric Utility Property which does not constitute the entirety or substantially the entirety thereof; or
- any conveyance or transfer where we retain Electric Utility Property with a fair value in excess of the aggregate principal amount of all outstanding Mortgage Securities. This fair value will be determined within 90 days of the conveyance or transfer by an independent expert that we select and that is approved by the Trustee.

(See Sections 1205 and 1206.)

**Modification of Mortgage**

*Without Holder Consent.* Without the consent of any Holders of Mortgage Securities, we and the Trustee may enter into one or more supplemental indentures for any of the following purposes:

- to evidence the succession of another entity to us;
- to add one or more covenants or other provisions for the benefit of the Holders of all or any series or tranche of Mortgage Securities, or to surrender any right or power conferred upon us;
- to add any additional Events of Default for all or any series of Mortgage Securities;
- to change or eliminate any provision of the Mortgage or to add any new provision to the Mortgage that does not adversely affect the interests of the Holders in any material respect;
- to provide additional security for any Mortgage Securities;
- to establish the form or terms of any series or tranche of Mortgage Securities;
- to provide for the issuance of bearer securities;
- to evidence and provide for the acceptance of appointment of a separate or successor Trustee;
- to provide for the procedures required to permit the utilization of a noncertificated system of registration for any series or tranche of Mortgage Securities;
- to change any place or places where
  - we may pay principal, premium and interest,

Mortgage Securities may be surrendered for transfer or exchange, and

notices and demands to or upon us may be served;

to amend and restate the Mortgage as originally executed, and as amended from time to time, with such additions, deletions and other changes that do not adversely affect the interest of the Holders in any material respect; or

to cure any ambiguity, defect or inconsistency or to make any other changes that do not materially adversely affect the interests of the Holders in any material respect.

In addition, if the Trust Indenture Act is amended after the date of the Mortgage so as to require changes to the Mortgage or so as to permit changes to, or the elimination of, provisions which, at the date of the Mortgage or at any time thereafter, were required by the Trust Indenture Act to be contained in the Mortgage, the Mortgage will be deemed to have been amended so as to conform to such amendment or to effect such changes or elimination, and we

## **Table of Contents**

and the Trustee may, without the consent of any Holders, enter into one or more supplemental indentures to effect or evidence such amendment.

(See Section 1301.)

*With Holder Consent.* Except as provided above, the consent of the Holders of at least a majority in aggregate principal amount of the Mortgage Securities of all outstanding series, considered as one class, is generally required for the purpose of adding to, or changing or eliminating any of the provisions of, the Mortgage pursuant to a supplemental indenture. However, if less than all of the series of outstanding Mortgage Securities are directly affected by a proposed supplemental indenture, then such proposal only requires the consent of the Holders of a majority in aggregate principal amount of the outstanding Mortgage Securities of all directly affected series, considered as one class. Moreover, if the Mortgage Securities of any series have been issued in more than one tranche and if the proposed supplemental indenture directly affects the rights of the Holders of Mortgage Securities of one or more, but less than all, of such tranches, then such proposal only requires the consent of the Holders of a majority in aggregate principal amount of the outstanding Mortgage Securities of all directly affected tranches, considered as one class.

However, no amendment or modification may, without the consent of the Holder of each outstanding Mortgage Security directly affected thereby,

change the stated maturity of the principal or interest on any Mortgage Security (other than pursuant to the terms thereof), or reduce the principal amount, interest or premium payable or change the currency in which any Mortgage Security is payable, or impair the right to bring suit to enforce any payment;

create any lien ranking prior to the lien of the Mortgage with respect to all or substantially all of the Mortgaged Property, or terminate the lien of the Mortgage on all or substantially all of the Mortgaged Property (other than in accordance with the terms of the Mortgage), or deprive any Holder of the benefits of the security of the lien of the Mortgage; or

reduce the percentages of Holders whose consent is required for any supplemental indenture or waiver of compliance with any provision of the Mortgage or of any default thereunder and its consequences, or reduce the requirements for quorum and voting under the Mortgage.

A supplemental indenture which changes, modifies or eliminates any provision of the Mortgage expressly included solely for the benefit of Holders of Mortgage Securities of one or more particular series or tranches will be deemed not to affect the rights under the Mortgage of the Holders of Mortgage Securities of any other series or tranche.

(See Section 1302.)

## **Miscellaneous Provisions**

The Mortgage provides that certain Mortgage Securities, including those for which payment or redemption money has been deposited or set aside in trust as described under **Satisfaction and Discharge** below, will not be deemed to be outstanding in determining whether the Holders of the requisite principal amount of the outstanding Mortgage Securities have given or taken any demand, direction, consent or other action under the Mortgage as of any date, or are present at a meeting of Holders for quorum purposes. (See Section 101.)

We will be entitled to set any day as a record date for the purpose of determining the Holders of outstanding Mortgage Securities of any series entitled to give or take any demand, direction, consent or other action under the Mortgage, in the manner and subject to the limitations provided in the Mortgage. In certain circumstances, the Trustee also will be

entitled to set a record date for action by Holders. If such a record date is set for any action to be taken by Holders of particular Mortgage Securities, such action may be taken only by persons who are Holders of such Mortgage Securities on the record date. (See Section 107.)

**Satisfaction and Discharge**

Any Mortgage Securities or any portion thereof will be deemed to have been paid and no longer outstanding for purposes of the Mortgage and, at our election, our entire indebtedness with respect to those securities will be satisfied and discharged, if there shall have been irrevocably deposited with the Trustee or any Paying Agent (other than PPL Electric), in trust:

money sufficient, or

in the case of a deposit made prior to the maturity of such Mortgage Securities, non-redeemable Eligible Obligations (as defined in the Mortgage) sufficient, or

a combination of the items listed in the preceding two bullet points, which in total are sufficient,

to pay when due the principal of, and any premium, and interest due and to become due on such Mortgage Securities or portions of such Mortgage Securities on and prior to their maturity.

(See Section 801.)

The Mortgage will be deemed satisfied and discharged when no Mortgage Securities remain outstanding and when we have paid all other sums payable by us under the Mortgage. (See Section 802.)

All moneys we pay to the Trustee or any Paying Agent on Bonds that remain unclaimed at the end of two years after payments have become due may be paid to or upon our order. Thereafter, the Holder of such Bond may look only to us for payment. (See Section 703.)

**Voting of Class A Bonds**

The Mortgage provides that the Trustee will, as holder of Class A Bonds delivered as the basis for the issuance of Mortgage Securities, attend such meetings of bondholders under the related Class A Mortgages, or deliver its proxy in connection therewith, as related to matters with respect to which it, as such holder, is entitled to vote or consent. The Mortgage provides that, so long as no Event of Default has occurred and is continuing at the time of such meeting or required consent, the Trustee will, as holder of such Class A Bonds, vote or consent (without any consent or other action by the holders of the Mortgage Securities, except as described in the proviso of the last bullet below) in favor of amendments or modifications to the Class A Mortgage of substantially the same tenor and effect as follows:

to delete any provisions in any Class A Mortgage limiting the payment of dividends or distributions on our common stock or purchases of common stock;

to delete any provisions in any Class A Mortgage that require a sale, exchange or other disposition, or an agreement to sell, exchange or dispose of property to be released from the lien of a Class A Mortgage;

to modify any provisions in any Class A Mortgage that require insurance proceeds or other payments to be paid to the trustee under such Class A Mortgage in case of any loss so that such proceeds or payments need not be paid to such trustee with respect to any loss less than the greater of (A) \$10,000,000 and (B) 3% of the sum of (1) the principal amount of Mortgage Securities outstanding on the date of such particular loss and (2) the principal amount of the Class A Bonds outstanding on the date of such particular loss, other than Class A Bonds delivered to and held by the Trustee under the Mortgage;

to modify certain net earnings test requirements of any Class A Mortgage to facilitate issuances of variable rate debt by providing for calculations of annual interest requirements to be based on average annual rates or the initial interest rate;

to delete any requirement in any Class A Mortgage of a net earnings test or net earnings certificate as a condition precedent to the issuance or authentication of Class A Bonds under such Class A Mortgage;

to modify any Class A Mortgage to provide that the term "corporation" as used in such Class A Mortgage shall mean "corporation, limited liability company, partnership, or trust or other legal entity" and to provide that any provision requiring us to maintain our "corporate existence" shall not be interpreted to prevent us from changing from a corporation, limited liability company, partnership, trust or other legal entity to a corporation, limited liability company, a partnership, a trust or any other legal entity;

to conform any provision of a Class A Mortgage to the correlative provision of the Mortgage, to add to a Class A Mortgage any provision not otherwise contained therein which conforms in all material respects to a provision contained in the Mortgage, to delete from a Class A Mortgage any provision to which the Mortgage contains no correlative provision, and any combination of the foregoing; and

with respect to any amendments or modifications to any Class A Mortgage other than those amendments or modifications referred to in each of the bullet points above, vote all such Class A Bonds delivered under such Class A Mortgage, or consent with respect thereto, proportionately with the vote or consent of the holders of all other Class A Bonds outstanding under such Class A Mortgage the holders of which are eligible to vote or consent, as evidenced by a certificate delivered by the trustee under such Class A Mortgage; provided, however, that the Trustee will not vote in favor of, or consent to, any amendment or modification of a Class A Mortgage which, if it were an amendment or modification of the Mortgage, would require the consent of Holders of Mortgage Securities as described under **Modification of the Mortgage With Holder Consent** above, without the prior consent of Holders of Mortgage Securities which would be required for such an amendment or modification of the Mortgage. (See Section 1705.)

### **Resignation and Removal of the Trustee; Deemed Resignation**

The Trustee may resign at any time by giving written notice to us.

The Trustee may also be removed by act of the Holders of a majority in principal amount of the then outstanding Mortgage Securities of any series.

No resignation or removal of the Trustee and no appointment of a successor trustee will become effective until the acceptance of appointment by a successor trustee in accordance with the requirements of the Mortgage.

Under certain circumstances, we may appoint a successor trustee and if the successor accepts, the Trustee will be deemed to have resigned.

(See Section 1010.)

### **Governing Law**

The Mortgage and the Mortgage Securities provide that they are to be governed by and construed in accordance with the laws of the State of New York except where the Trust Indenture Act is applicable or where otherwise required by law. (See Section 115.) The effectiveness of the lien of the Mortgage, and the perfection and priority thereof, will be governed by Pennsylvania law.

### **Book-Entry Only Issuance The Depository Trust Company**

DTC will act as the initial securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. The global bonds will be deposited with the Trustee as custodian for DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities for its participants ( Direct

Participants ) and also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ( DTCC ). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ( Indirect Participants ). The rules that apply to DTC and those using its system are on file with the SEC. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

**Table of Contents**

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchases, but Beneficial Owners should receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which they purchased Bonds. Transfers of ownership interests on the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts the Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Notices will be sent to DTC.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the voting or consenting rights of Cede & Co. to those Direct Participants to whose accounts the Bonds are credited on the record date. We believe that these arrangements will enable the beneficial owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered Holder of the Bonds.

Payments of principal and interest on the Bonds will be made to Cede & Co. (or such other nominee of DTC). DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to Beneficial Owners will be governed by standing instructions and customary practices and will be the responsibility of such participant and not of DTC, the Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of the Purchase Price, principal and interest to Cede & Co. (or such other nominee of DTC) is the responsibility of us or the Trustee. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

A beneficial owner will not be entitled to receive physical delivery of the Bonds. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the Bonds.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving us or the Trustee reasonable notice. In the event no successor securities depository is obtained, certificates for the Bonds will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but neither we nor the underwriters take any responsibility for the accuracy of this information.

**Certain Pennsylvania Tax Matters**

Bonds owned by individuals residing in Pennsylvania are subject to the 4 mills (\$4.00 on each \$1,000 of principal amount) Pennsylvania corporate loans tax.

**Table of Contents****UNDERWRITING**

The Company and the underwriters for the offering named below have entered into an underwriting agreement with respect to the Bonds. Subject to certain conditions, each underwriter has severally, but not jointly, agreed to purchase the principal amount of Bonds indicated in the following table:

<b>Underwriters</b>	<b>Principal Amount of Bonds</b>
Banc of America Securities LLC	\$ 63,750,000
Credit Suisse Securities (USA) LLC	63,750,000
Morgan Stanley & Co. Incorporated	63,750,000
UBS Securities LLC	63,750,000
J.P. Morgan Securities Inc.	15,000,000
U.S. Bancorp Investments, Inc.	15,000,000
Wachovia Capital Markets, LLC	15,000,000
 Total	 \$ 300,000,000

The underwriters are committed to take and pay for all of the Bonds being offered, if any are taken.

Bonds sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any Bonds sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.50% of the principal amount of Bonds. Any such securities dealers may resell any Bonds purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.25% of the principal amount of Bonds. If all the Bonds are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms.

The Bonds are a new issue of securities with no established trading market. The Company has been advised by the underwriters that the underwriters intend to make a market in the Bonds as permitted by applicable laws and regulations. The underwriters are not obligated, however, to do so and any such market making may be discontinued at any time without notice at the sole discretion of the underwriters. Accordingly, no assurance can be given as to the liquidity of, or trading markets for, the Bonds.

In connection with the offering, the underwriters may purchase and sell Bonds in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of Bonds than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Bonds while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased Bonds sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the Bonds. As a result, the price of the Bonds may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

The Company estimates that its share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$350,000.

The Company has agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

In the ordinary course of their business, certain of the underwriters and their affiliates have engaged and may in the future engage in investment and commercial banking transactions with PPL Electric and certain of our affiliates.
