Prospectus

16,000,000 shares

The Michaels Companies, Inc.

Common Stock

The selling stockholders identified in this prospectus are selling 16,000,000 shares of common stock of The Michaels Companies, Inc. We will not receive any proceeds from the sale of shares by the selling stockholders.

Our common stock is listed on The NASDAQ Global Select Market under the symbol "MIK". On January 16, 2015, the last sale price of our common stock as reported on The NASDAQ Global Select Market was \$22.89 per share.

	Per share	Total
Public offering price	\$	\$
Underwriting discounts and commissions(1)	\$	\$
Proceeds, before expenses to selling stockholders	\$	\$

(1) We have agreed to reimburse the underwriters for certain expenses in connection with this offering. See "Underwriting."

The selling stockholders identified in this prospectus have granted the underwriters an option for a period of 30 days to purchase, on the same terms and conditions as set forth above, up to an additional 2,400,000 shares of our Common Stock. We will not receive any proceeds from the sale of shares by the selling stockholders.

Neither the Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense.

Investing in our Common Stock involves risks. See "Risk Factors" beginning on page 14 to read about factors you should consider before buying shares of our Common Stock.

The underwriters expect to deliver the shares of Common Stock on or about _____, 2015.

Note regarding trademarks and service marks

We own or have rights to trademarks, service marks or trade names that we use in connection with the operation of our business, including, without limitation, "Aaron Brothers", "Aaron Brothers Art & Framing", "Artistree", "Michaels", "Michaels the Arts and Crafts Store", "Recollections", the stylized "Timeframe" logo, "Where Creativity Happens", and the stylized Michaels logos. We have registered our primary private brands including Artist's Loft, ArtMinds, Celebrate It, Creatology, Craft Smart, Recollections, Loops & Threads, Studio Décor, Bead Landing, imagin8, and Ashland. Solely for convenience, some of the trademarks, service marks and trade names referred to in this prospectus are listed without the ® and ™ symbols, but we will assert, to the fullest extent under applicable law, our rights to our copyrights, trademarks, service marks, trade names and domain names. The trademarks, service marks and trade names of other companies appearing in this prospectus are, to our knowledge, the property of their respective owners.

Note regarding market and industry data

Industry and market data included in this prospectus were obtained from our own internal data, data from industry trade publications and groups, consumer research and marketing studies and, in some cases, are management estimates based on industry and other knowledge and experience in the markets in which we operate. Our estimates have been based on information obtained from our suppliers, customers, trade and business organizations and other contacts in the markets in which we operate, including the Craft & Hobby Association ("CHA") and Interbrand. We believe these estimates to be accurate as of the date of this prospectus.

Prospectus summary

This summary highlights information contained elsewhere in this prospectus. This summary does not contain all of the information you should consider before investing in our Common Stock. You should read the entire prospectus, including the more detailed information and the financial statements appearing elsewhere in this prospectus and the section entitled "Risk Factors." As part of the reorganization described under "The Reorganization," in July 2013 Michaels Stores, Inc. ("MSI") became an indirect, wholly-owned subsidiary of The Michaels Companies, Inc. Unless the context otherwise requires, the terms "Michaels," "our company," "the Company," "we," "us," "our" and the like refer to The Michaels Companies, Inc. and its consolidated subsidiaries. Unless otherwise indicated, the information provided in this prospectus assumes the underwriters' option to purchase additional shares is not exercised.

We report on the basis of a 52- or 53-week fiscal year, which ends on the Saturday closest to January 31. References to fiscal year mean the year in which that fiscal year began. References herein to "fiscal 2014" relate to the 52 weeks ending January 31, 2015, "fiscal 2013" is the 52 weeks ended February 1, 2014, "fiscal 2012" is the 53-week period ended February 2, 2013 and "fiscal 2011" is the 52-week period ended January 28, 2012. In addition, all references herein to "the third quarter of fiscal 2014" relate to the 13 weeks ended November 1, 2014, and all references to "the third quarter of fiscal 2013" relate to the 13 weeks ended November 2, 2013. Finally, all references to "the nine months ended November 1, 2014" relate to the 39 weeks ended November 1, 2014, and the "the nine months ended November 2, 2013" relate to the 39 weeks ended November 2, 2013. Because of the seasonal nature of our business, the results of operations for the 13 and 39 weeks ended November 1, 2014 are not indicative of the results to be expected for the entire year.

Please note that our discussion of financial information for fiscal 2013 includes data from the period preceding the Reorganization (February 3, 2013 to July 21, 2013) and data from the period following the Reorganization (July 22, 2013 to February 1, 2014) on a combined basis.

Our company

We believe Michaels is where creativity happens. With 1,287 stores (consisting of 1,166 Michaels stores and 121 Aaron Brothers stores) as of November 1, 2014 and approximately \$4.6 billion in sales in fiscal 2013, Michaels is the largest arts and crafts specialty retailer in North America based on store count. We also operate a market-leading vertically-integrated custom framing business. Our mission is to inspire and enable customer creativity, create a fun and rewarding place to work, foster meaningful connections with our communities and lead the industry in growth and innovation. With helpful store associates and a broad selection of merchandise combined with compelling in-store events and online content, we believe we offer the most complete arts and crafts experience and are the preferred destination in the industry.

Our stores are at the heart of our customer engagement strategy, showcasing our artistic and creative products while providing an opportunity for our store associates to interact with customers and help them develop creative ideas. We carry a broad and deep assortment of approximately 35,000 stock-keeping units ("SKUs") in arts, crafts, scrapbooking, floral, framing, home décor, seasonal offerings and children's hobbies that enable us to satisfy the diverse needs of our customers. We have also developed a robust online platform which promotes social networking, and includes expert tips, project ideas, marketing content and information on upcoming store events. In recent years, we have capitalized on our market-leading scale to create a team and infrastructure dedicated to designing, sourcing and delivering high quality, on-trend merchandise, including a growing number of products under our portfolio of private brands.

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

Our private branded products, which represented approximately 48% of total Net sales in fiscal 2013, are only available at Michaels and allow us to further differentiate our merchandise while enhancing product margins. We are also able to use our scale and market leadership to identify and secure exclusive third-party products. We believe our compelling store experience and broad product offering distinguish us from our competitors and position Michaels as the leading brand that defines arts and crafts.

Our experienced management team has undertaken a series of key initiatives designed to enhance the strength of our market position and our potential for future growth. These initiatives include:

making our stores more inviting to a broader set of customers, including those new to do-it-yourself ("DIY") projects and more experienced crafters;

enhancing our in-store shopping experience by creating a more visually appealing environment through improved signage and open sightlines to make it easier for our customers to shop;

becoming a true multi-channel retailer with our e-commerce platform launch in 2014 to complement our existing web and mobile platforms;

strengthening our connections with existing customers and reaching new customers through an expanded marketing program including print, digital, direct mail, broadcast and community events;

broadening our merchandising and sourcing capabilities to better identify and source new trends, merchandise and categories that enhance our portfolio of exclusive brands and products; and

developing flexible store formats to address different markets and facilitate expansion.

Financial performance

We believe the strength of our business model and the impact of our initiatives have delivered consistent sales growth and Net income improvement. We believe these strong results place us among the best performers in the specialty retail sector and create a foundation for future growth.

In fiscal 2013, Net sales increased to \$4,570 million, a 3.7% improvement over the previous year, which included a 53rd week, driven by comparable store sales growth of 2.9% and the opening of 56 new Michaels and Aaron Brothers stores, including the relocation of 14 Michaels and 2 Aaron Brothers stores.

During the third quarter of fiscal 2013, we introduced, and were the exclusive big-box retailer of, the Rainbow Loom. In an effort to drive sales of the Rainbow Loom, we dedicated significant advertising and marketing efforts to this on-trend children's craft product. Sales of the Rainbow Loom and replacement rubber bands contributed 2.9% to our comparable stores sales increase for fiscal 2013.

In the nine months ended November 1, 2014, Net sales increased to \$3,130 million, a 3.8% improvement over the nine months ended November 2, 2013.

Our industry and our customer

We operate within the large, growing and fragmented arts and crafts industry. According to the CHA 2011 Attitude & Usage Study, which represents the most recent available third-party estimate of industry size, the arts and crafts industry generated approximately \$30.3 billion in sales for the twelve months ended June 30, 2011, up from \$27.3 billion in sales for the twelve months ended December 31, 2008. This represents

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

a compounded annual growth rate of 4.3%, but excludes custom framing, which is one of our key categories. According to the CHA 2012 State of the Craft Industry report, our industry remains highly

Table of Contents

fragmented as craft and fabric chain stores ("multi-store chains") comprise approximately 26% of the market. The balance consists of mass merchants, discounters, independent operators and online retailers.

Our core customer is an important driver of our success. Based on an internal study, we believe our typical customer is female (76%), spans a broad age range (65% are under 55, with 48% between the ages of 34 and 54), and has an average household income of approximately \$82,000.

According to CHA, approximately 55% of United States, or U.S., households participated in at least one crafting project during 2012, which represented over 62 million households. Additionally, these households purchased crafting supplies, on average, 1.9 times per month and reported participating in approximately three crafting categories during the year. We believe the broad, multi-generational appeal, high personal attachment and the low-cost, project-based nature of crafting creates a loyal, resilient following. This is supported by CHA findings that nearly half of crafters report being a crafter for 10 or more years.

We further believe the rapid expansion and acceptance of digital social communities and societal trends towards DIY creative expression have expanded our potential customer base beyond the historical experienced crafter to include project-focused beginners. According to the CHA, nearly two-thirds of crafters use the Internet to source ideas and information about crafting, with retail websites (31%) and social media websites (23%) being cited as the most frequently used Internet sources.

Our competitive strengths

Leading market position in an attractive industry. We believe our leading market position provides us with a number of advantages relative to our competitors and positions us to continue to capture market share. Our scale allows us to invest in product sourcing and innovation as well as proprietary store and online content, which we believe differentiates us from local and regional arts and crafts retailers. The breadth and depth of our assortment, combined with a large share of private brand products, strengthen our competitive position relative to mass merchants, which devote only a small portion of shelf space to the category. Our category leadership attracts significant traffic to our websites, which include engaging online content and information on upcoming store events designed to be an extension of the Michaels brand.

Sophisticated global sourcing and innovation capabilities. Our infrastructure and our internal product development and global sourcing team position us to continue to deliver a differentiated level of innovation, quality and value to our customers. Our global sourcing network allows us to control new product introductions, maintain quality standards, monitor delivery times, and manage product costs and inventory levels in order to enhance profitability. Further, through our wholly-owned subsidiary Artistree, we operate a vertically integrated custom frame design and manufacturing business, which delivers high-quality and innovative framing products at competitive prices, while capturing both manufacturing and retail margins.

Industry defining brands. We believe Michaels is the leading brand in the arts and crafts category. We are the only arts and crafts retailer named on Interbrand's list of Best Retail Brands in the United States, ranking 33rd in April 2014.

The strength of the Michaels brand reflects, in part, our ability to offer unique merchandise at a compelling value. We believe products offered under our internally developed portfolio of 11 private brands are of equal or better quality than third-party branded products and generate higher gross margins. In fiscal 2013, sales of our private brands exceeded \$2.2 billion.

Table of Contents

Highly effective customer engagement strategy. We engage with our customers through a data-driven, multi-channel communication strategy. Our marketing approach has expanded beyond the primary use of newspaper circulars to a strategy using multiple forms of media, including digital, social media, direct marketing, broadcast and event-based promotions. Our nationally coordinated craft education program offers a broad curriculum of hands-on instruction in stores. We successfully grew total participation in this program to 799,000 in fiscal 2013 from 257,000 in fiscal 2009.

Our customer engagement strategy provides us with a deep understanding of customers' buying preferences, including assortment, brand and price. This strategy enables us to be a source of ideas and creativity, which ultimately increases loyalty and comparable store sales growth. It also allows us to better understand and cater to the needs of both our core expert crafters, as well as beginners. Further, we believe our new e-commerce platform launched in 2014 builds on our existing marketing-focused website and opens additional avenues to engage with our customers and increase sales.

Strong cash flow generation. Our ability to deliver strong financial performance, including the generation of net cash from operations of \$2.0 billion from fiscal 2009 through fiscal 2013, allows us to take advantage of the opportunities listed above, as well as invest in new initiatives to drive continued growth.

Experienced management team. Our current management team has deep leadership experience across multiple retail operations and consumer product companies.

Our business strategy

We intend to strengthen our position in the marketplace by executing store, e-commerce, marketing and merchandising initiatives through the following strategies:

Drive comparable store sales growth

Engaging with our customers. We believe we will capture additional market share from our existing customers and attract new customers by enhancing our customer engagement strategy. We expect to drive sustainable long-term sales growth by improving our brand positioning, expanding our marketing channels to include more direct mail, digital and broadcast efforts, and building customer loyalty by leveraging our large customer database. For example, we utilize our proprietary customer database, along with our email marketing database of more than 13 million customers, to offer increasingly personalized marketing communications to augment our already effective mass marketing vehicles.

Compelling store experience. We will further enhance our in-store shopping experience to broaden our customer base. Giving our stores a more consistent look and feel, including improved visual merchandising and more open sightlines, will make it easier for our customers to shop, as well as more efficient for us to operate our stores. We continue to refine our store operating model to increase efficiency and the amount of interaction our associates have with customers. Furthermore, our stores and community rooms have increasingly become a popular destination for a variety of events such as birthday parties and children's seasonal crafting programs. These initiatives strengthen our relationship with customers, create further opportunities to visit our stores and attract new customers to the Michaels experience.

Providing differentiated and inspiring merchandise. We will leverage our merchandising, global sourcing and trend teams to continually introduce new, exclusive and on-trend products and creative solutions. We plan to emphasize speed to market to capitalize on changing consumer demand that continues to accelerate with the success of social media sites like Pinterest and Facebook. We believe this will further differentiate us from our competitors, attract more customers, and increase the frequency of visits to our stores and websites.

Table of Contents

Expanding our customer base. We will broaden our target customer base to include more beginners: consumers who are interested in customizing and personalizing creative projects, but who may be hesitant to try due to time constraints or limited experience. We expect to achieve this through changes to our product assortment, packaging, visual merchandising, and in-store and online education.

Expand multi-channel business platform

Driving store growth. Based on our detailed market-by-market analysis, we believe there is opportunity for continued new store growth, with the potential for approximately 1,500 Michaels stores in North America. During the five fiscal years ended fiscal 2013, we opened 201 Michaels stores, including 57 relocations, and expanded our target geographic markets beyond the traditional suburban community to include urban and smaller markets that we had not previously targeted. Based on recent performance, we believe our new stores will continue to generate an attractive pre-tax cash-on-cash return of approximately 30% on our initial net investment by their fourth year after opening.

As of January 3, 2015, we opened 45 new Michaels stores, including 13 relocations, in fiscal 2014, and plan to open approximately 47 new Michaels stores, including 17 relocations, in fiscal 2015. We funded these openings, and expect to fund future openings, with our strong operating cash flow.

e-commerce platform. Our e-commerce platform, launched in 2014, is designed to leverage our highly visited marketing and educational websites to sell a broad range of products directly to customers online. Over the last 12 months, we have had approximately 199 million visits to www.michaels.com; we also have approximately 1.9 million Facebook followers, more than 455,000 Pinterest followers and over 141,000 Twitter followers. We expect our new e-commerce platform will allow us to sell much of our current assortment while also expanding into e-commerce-only products. Although we expect this channel will produce a more limited sales penetration than more commoditized retail categories, we believe it will augment our multi-channel strategy to broaden our customer base and improve the shopping experience.

Enhance operating margins and cash flow

Exclusive brand and global sourcing initiatives. We plan to increase the penetration of our exclusive products, largely through private brands, and believe additional opportunities exist to expand our global sourcing and product design capabilities. We believe this will allow us to improve our selection and introduce new products tailored to our customers' tastes, while more effectively controlling costs and expanding our margins.

Pricing and promotional strategies. We will continue to leverage our understanding of customer demand and improve our merchandising systems to deliver promotions that enhance customer value and improve margin. Our refined pricing and promotional models can be customized at the store level to better capture the price elasticity of our products and target promotional messages to customers. This analytically-based strategy allows us to optimize the types of offers sent through our mass and targeted marketing channels.

Operating leverage. As we continue to grow, we will seek to further benefit from our scale and the infrastructure and capabilities we have developed to support our store network. From fiscal 2009 through fiscal 2013, we have been able to leverage our scale to reduce Selling, general, and administrative expense as a percentage of sales by 130 basis points.

Summary risk factors

The fragmented arts and crafts industry can be highly competitive, specifically in regard to comparable products sold online or by mass merchandisers, and we may face intense competition in the future that

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

could impact our planned growth and results of operations as discussed in the "Risk Factors" section of this prospectus. You should carefully consider all of the information set forth in this prospectus and, in particular, you should evaluate the risk factors in the "Risk Factors" section of this prospectus before deciding whether to invest in our Common Stock. Among the important risks relating to our business and our ability to successfully execute our business strategy are the following:

General economic factors and changes in consumer preference may adversely affect our performance and could materially adversely affect our sales, results of operations and cash flow.

Our substantial debt, of which \$3.3 billion was outstanding at November 1, 2014, could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry, expose us to interest rate risk associated with our \$2.5 billion in variable rate debt, prevent us from meeting our obligations under our notes and credit facilities and limit our flexibility in operating our business.

Our failure to adequately maintain security and prevent unauthorized access to electronic and other confidential information, which could result in additional data breaches, could materially adversely affect our reputation, financial condition and operating results.

Competition, including Internet-based competition, could negatively impact our business.

Our significant reliance on foreign suppliers, particularly those located in China, increases our risk of obtaining adequate, timely, and cost-effective product supplies.

Even if we are able to substantially continue our strategy of expanding our store base, our success will depend on how well we manage our business.

Damage to the reputations of the Michaels brand or our private and exclusive brands could adversely affect our sales.

Our fourth quarter has historically been our highest quarter for sales and profitability, and a weak fourth quarter could have material adverse impacts on us.

If a supplier fails us, transitioning to other qualified vendors could affect our sales and profitability.

Our promotional and merchandising programs are dependent on consumer responses, which could be unfavorable or unexpected, adversely impacting our sales.

Our holding company structure makes us, and certain of our direct and indirect subsidiaries, dependent on the operations of our, and their, subsidiaries to meet our, and their, financial obligations.

Investment funds affiliated with the Sponsors (as defined below) will own approximately 73% of the outstanding shares of our Common Stock upon the consummation of this offering and as a result will have the ability to control the outcome of matters submitted for stockholder approval, including the ability to direct the election of all of the members of our Board of Directors, and they may have interests that differ from those of our other stockholders.

The risks described above and other risks we face are described in further detail under the "Risk Factors" section of this prospectus, which you should carefully review.

Table of Contents

The Reorganization

In July 2013, the Company's corporate structure was reorganized into a holding company structure (the "Reorganization"). The Michaels Companies, Inc., Michaels FinCo Holdings, LLC ("FinCo Holdings"), Michaels FinCo, Inc. ("FinCo Inc."), Michaels Funding, Inc. ("Holdings") and Michaels Stores MergerCo, Inc. ("MergerCo") were formed in connection with the Reorganization and (i) MergerCo was merged with and into MSI with MSI being the surviving corporation; (ii) each share of MSI common stock was converted into the right to receive one share of Common Stock of the Company, subject to the same vesting conditions, if any, as applied to the share so converted, and each such share of MSI common stock was cancelled and retired and ceased to exist; and (iii) each option to purchase one or more shares of common stock of MSI was assumed by the Company and converted into an option to purchase an equivalent number of shares of Common Stock of the Company with the remaining terms of each such option remaining unchanged, except as was necessary to reflect the Reorganization. Approximately 174.8 million shares of MSI common stock were converted into an equivalent number of shares of Common Stock of the Company. The MSI shares were then cancelled and retired. MSI then issued 100 shares of stock with a \$0.10 par value to Holdings. As a result of the Reorganization, FinCo Holdings is wholly owned by the Company, FinCo Inc. and Holdings are wholly owned by FinCo Holdings, and MSI is wholly owned by Holdings.

Our history

We were incorporated in Delaware in July 2013 in connection with the Reorganization of MSI into a holding company structure. MSI was incorporated in Delaware in 1983 and is headquartered in Irving, Texas. On October 31, 2006, substantially all of the common stock of MSI was acquired through a merger transaction (the "Merger") by affiliates of or funds advised by two investment firms, Bain Capital Partners, LLC and The Blackstone Group L.P. (collectively, together with their applicable affiliates, the "Sponsors"), with certain shares retained by investment funds managed by Highfields Capital Management LP ("Highfields") (then-existing shareholders of Michaels Stores, Inc.). As a result of the Merger and the Reorganization, Michaels Holdings LLC, an entity controlled by our Sponsors, owned approximately 93% of our outstanding Common Stock and, following the completion of our initial public offering, our Sponsors held approximately 80% of our outstanding Common Stock. Upon the completion of this offering, our Sponsors will continue to hold a controlling interest in us.

On July 2, 2014, we completed our initial public offering in which we issued and sold 27.8 million shares of common stock at a public offering price of \$17.00 per share. On June 27, 2014, our common stock was listed on The NASDAQ Global Select Market under the symbol "MIK".

Our Sponsors

Bain Capital, LLC ("Bain Capital") (www.baincapital.com) is a global private investment firm that, together with its affiliates (including Bain Capital Partners, LLC), manages several pools of capital including private equity, venture capital, public equity, credit products and absolute return investments with approximately \$80 billion in assets under management. Since its inception in 1984, Bain Capital has made private equity, growth, and venture capital investments in over 400 companies in a variety of industries around the world. Bain Capital consumer and retail private equity investments have included such leading businesses as Toys "R" Us, Bright Horizons Family Solutions, Dollarama, Burlington Coat Factory, Dunkin' Brands and Gymboree. Headquartered in Boston, Bain Capital has offices in New York, Chicago, Palo Alto, London, Luxembourg, Mauritius, Munich, Melbourne, Hong Kong, Shanghai, Tokyo and Mumbai.

The Blackstone Group L.P. ("The Blackstone Group") is one of the world's leading investment and advisory firms. The Blackstone Group seeks to create positive economic impact and long term value for its investors, the companies it invests in, the companies it advises and the broader global economy. The Blackstone Group does this through the commitment of its extraordinary people and flexible capital. The Blackstone Group's asset management businesses include investment vehicles focused on private equity, real estate, hedge fund solutions, non-investment grade credit, secondary funds, and multi asset class exposures falling outside of other funds mandates. The Blackstone Group also provides various financial advisory services, including financial and strategic advisory, restructuring and reorganization advisory and fund placement services. Further information is available at www.blackstone.com.

Recent developments

Interim Results. Net sales for the 11-week period from November 2, 2014 to January 17, 2015 increased 3.5% and comparable store sales increased 1.5% from the comparable prior year period.

For the fourth quarter of fiscal 2014, net sales are expected to be in the range of \$1,599 million to \$1,605 million with an expected increase in comparable store sales range of 0.8% to 1.2%. Fourth quarter operating income is expected to be \$286 million to \$291 million including an estimated \$0.7 million in expenses related to this offering.

This financial data is preliminary and may change. This preliminary financial data has been prepared by, and is the responsibility of our management. Ernst & Young LLP, our independent registered public accounting firm, has not audited, reviewed, compiled or performed any procedures with respect to this preliminary financial data, nor have any other independent accountants. Accordingly, Ernst & Young LLP does not express an opinion or any other form of assurance with respect thereto. There can be no assurance that our actual results for this quarterly period will not differ from the preliminary financial data, including as a result of post-holiday sales and the impact of inclement weather conditions or as a result of quarter-end and annual closing procedures or review adjustments, and such changes could be material. In addition, these estimates should not be viewed as a substitute for full financial statements prepared in accordance with GAAP. In addition, this preliminary financial data is not necessarily indicative of the results to be achieved for any future period.

Holdco Notes. On December 10, 2014, we redeemed \$180 million in principal amount of the 7.50%/8.25% Senior PIK Toggle Notes that mature August 1, 2018 (the "Holdco Notes"). Debt extinguishment costs related to the redemption of the Holdco Notes were approximately \$6.4 million.

Summary consolidated financial and operating data

The following table sets forth our summary consolidated financial and operating data as of the dates and for the periods indicated. Our summary consolidated balance sheet data as of February 1, 2014 and February 2, 2013, and our consolidated results of operations data and cash flow data for each of the three years ended February 1, 2014, February 2, 2013 and January 28, 2012, respectively, have been derived from our audited Consolidated Financial Statements, which are included elsewhere in this prospectus. Our summary consolidated balance sheet data as of January 28, 2012 has been derived from our historical audited financial statement for such year, which are not included in this prospectus. Other operating data and store counts included in the following table are unaudited for all periods presented. The summary consolidated results of operations, cash flow data and balance sheet data presented as of and for the nine months ended November 1, 2014 and November 2, 2013 are derived from our unaudited Consolidated Financial Statements appearing elsewhere in this prospectus. The results of operations for any period are not necessarily indicative of the results to be expected for any future period.

We operate on a fiscal calendar, which in a given fiscal year consists of a 52- or 53-week period ending on the Saturday closest to January 31. Fiscal 2013 is the 52-week period ended February 1, 2014, fiscal 2012 is the 53-week period ended February 2, 2013 and fiscal 2011 is the 52-week period ended January 28, 2012. References to "the nine months ended November 1, 2014" relate to the 39 weeks ended November 1, 2014, and the "the nine months ended November 2, 2013" relate to the 39 weeks ended November 2, 2013.

Our discussion of financial information for fiscal 2013 includes data from the period preceding the Reorganization (February 3, 2013 to July 21, 2013) and data from the period following the Reorganization (July 22, 2013 to February 1, 2014) on a combined basis.

The historical results presented below are not necessarily indicative of the results to be expected for any future period. The following summaries of our consolidated financial and operating data for the periods presented should be read in conjunction with "Risk Factors", "Capitalization", "Management's Discussion

(1) Fiscal 2013 refinancing costs and losses on early extinguishments of debt include \$7 million (\$4 million, net of tax) of refinancing costs associated with our 2020 Senior Subordinated Notes and a \$7 million (\$4 million, net of tax) loss related to the redemption of \$137 million in aggregate principal amount of our 113/8% Senior Subordinated Notes due November 1, 2016 ("2016 Senior Subordinated Notes"). Fiscal 2012 refinancing costs and losses on early extinguishments of debt include \$12 million (\$8 million, net of tax) of refinancing costs associated with our Restated Term Loan Credit Facility, an \$8 million (\$5 million, net of tax) loss related to our amended and restated senior secured term loan facility and prepayment of our B-1 Term Loans, an \$11 million (\$7 million, net of tax) loss related to the redemption of our remaining outstanding 13% Subordinated Discount Notes due November 1, 2016 ("Subordinated Discount Notes"), and a \$2 million (\$1 million, net of tax) loss related to the amendment and restatement of our senior secured asset-based Revolving Credit Facility. Fiscal 2011 refinancing costs and losses on early extinguishments of debt include an \$18 million (\$11 million, net of tax) loss related to the early extinguishment of \$163 million face value, or \$155 million accreted value, of our outstanding Subordinated Discount Notes and \$7 million face value of our 2016 Senior Subordinated Notes. During the nine months ended November 1, 2014, we recorded a loss on the early extinguishment of debt of \$56 million (\$35 million, net of tax) related to the redemption

Edgar Filing: Michaels Companies, Inc. - Form S-1/A
of the 73/4% Senior Notes that mature on November 1, 2018 (the "2018 Senior Notes") and

Table of Contents

a loss on the early extinguishment of debt of \$12 million (\$7.5 million, net of tax) related to the redemption of part of the outstanding amount under the Holdco Notes in accordance with Accounting Standards Codification ("ASC") 470, Debt ("ASC 470"), and a write off of \$5 million of unamortized net premiums.

(2) The calculation of average net sales per selling square foot includes only Michaels comparable stores, as defined below. Aaron Brothers, which is a smaller store model, is excluded from the calculation.

(3) Comparable store sales increase (decrease) represents the increase (decrease) in Net sales for stores open the same number of months in the indicated and comparable period of the previous year, including stores that were relocated or expanded during either period, as well as e-commerce operations. A store is deemed to become comparable in its 14th month of operation in order to eliminate grand opening sales distortions. A store temporarily closed more than two weeks is not considered comparable during the month it is closed. If a store is closed longer than two weeks but less than two months, it becomes comparable in the month in which it reopens, subject to a mid-month convention. A store closed longer than two months becomes comparable in its 14th month of operation after its reopening.

(4) The table presents Adjusted Earnings before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA"). The Company defines Adjusted EBITDA as Earnings before Interest, Taxes, Depreciation and Amortization ("EBITDA") (excluding refinancing costs and losses on early extinguishments of debt) adjusted for certain defined amounts that are added to, or subtracted from, EBITDA (excluding refinancing costs and losses on early extinguishments of debt) (collectively, the "Adjustments") in accordance with the Company's Restated Term Loan Credit Facility and Restated Revolving Credit Facility. The Adjustments are described in further detail in the table and the footnotes to the table below.

The Company has presented EBITDA (excluding refinancing costs and losses on early extinguishments of debt) and Adjusted EBITDA to provide investors with additional information to evaluate our operating performance and our ability to service our debt. Adjusted EBITDA is a required calculation under the Company's Restated Term Loan Credit Facility and Restated Revolving Credit Facility. As it relates to the Restated Term Loan Credit Facility, Adjusted EBITDA is used in the calculations of fixed charge coverage and leverage ratios, which, under certain circumstances may result in limitations on MSI's ability to make restricted payments as well as the determination of mandatory repayments of the loans. Under the Restated Revolving Credit Facility, Adjusted EBITDA is used in the calculation of fixed charge coverage ratios, which under certain circumstances, may restrict MSI's ability to make certain payments (characterized as restricted payments), investments (including acquisitions) and debt repayments, and which under certain circumstances will be used as a maintenance covenant.

As EBITDA (excluding refinancing costs and losses on early extinguishments of debt) and Adjusted EBITDA are not measures of operating performance or liquidity calculated in accordance with U.S. generally accepted accounting principles ("GAAP"), these measures should not be considered in isolation of, or as a substitute for, Net income, as an indicator of operating performance, or Net cash provided by operating activities as an indicator of liquidity. Our computation of EBITDA (excluding refinancing costs and losses on early extinguishments of debt) and Adjusted EBITDA may differ from similarly titled measures used by other companies. As EBITDA (excluding refinancing costs and losses on early extinguishments of debt) and Adjusted EBITDA exclude certain financial information compared with Net income and Net cash provided by operating activities, the most directly comparable GAAP financial measures, users of this financial information should consider the types of events and transactions which are excluded.

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

The table below shows a reconciliation of EBITDA (excluding refinancing costs and losses on early extinguishments of debt) and Adjusted EBITDA to Net income and Net cash provided by operating activities.

(in millions)	Nine months ended				
	2013	2012	2011	November 1, 2014	November 2, 2013

(1) Other adjustments relate to items such as moving & relocation expenses, franchise taxes, foreign currency hedge, sign on bonuses and certain legal settlements.

Table of Contents

Risk factors

An investment in our Common Stock involves various risks. We are a holding company with no material assets other than our interest in our direct and indirect subsidiaries, including MSI. We do not have any independent operations and our only source of liquidity is from our subsidiaries. You should carefully consider the following risks and all of the other information contained in this prospectus before investing in our Common Stock. The risks described below are those which we believe are the material risks we face. Any of the risk factors described could significantly and adversely affect our business, prospects, sales, revenues, gross profit, cash flows, financial condition, and results of operations. In any such case, the trading price of our Common Stock could decline, and you may lose all or part of your investment in our Common Stock.

Risks relating to our business and industry

We face risks related to the effect of economic uncertainty.

In the event of a prolonged economic downturn or slow recovery, our growth, prospects, results of operations, cash flows and financial condition could be adversely impacted. Our stores offer arts and crafts supplies and products for the crafter, and custom framing for the do-it-yourself home decorator, which some customers may perceive as discretionary. Pressure on discretionary income brought on by economic downturns and slow recoveries, including housing market declines, rising energy prices and weak labor markets, may cause consumers to reduce the amount they spend on discretionary items. For example, as a result of the recession during fiscal 2007 and fiscal 2008, despite adding a number of new stores, our total Net sales decreased from \$3,862 million to \$3,817 million. The current economic environment may continue to adversely affect consumer confidence and retail spending, decreasing demand for our merchandise. Current economic conditions also make it difficult for us to accurately forecast future demand trends, which could cause us to purchase excess inventories, resulting in increases in our inventory carrying cost, or limit our ability to satisfy customer demand and potentially lose market share.

We face risks related to our substantial indebtedness.

Our substantial leverage could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry, expose us to interest rate risk associated with our variable rate debt and prevent us from meeting our obligations under our notes and credit facilities. As of November 1, 2014, we had total outstanding debt of \$3,336 million, of which approximately \$2,460 million was subject to variable interest rates and \$876 million was subject to fixed interest rates, and an additional approximately \$588 million of additional borrowing capacity (after giving effect to \$62 million of letters of credit then outstanding) under our Restated Revolving Credit Facility. Our substantial indebtedness could have important consequences to us, including:

making it more difficult for us to satisfy our obligations with respect to our debt, and any failure to comply with the obligations under our debt instruments, including restrictive covenants, could result in an event of default under the agreements governing our indebtedness;

increasing our vulnerability to general economic and industry conditions;

requiring a substantial portion of our cash flow from operations to be dedicated to the payment of principal and interest on our debt, thereby reducing our ability to use our cash flow to fund our operations, capital expenditures, selling and marketing efforts, product development, future business opportunities and other purposes;

Table of Contents

exposing us to the risk of increased interest rates as certain of our borrowings, including under our Senior Secured Credit Facilities, which consist of the Restated Revolving Credit Facility and the Restated Term Loan Credit Facility (each, as defined below), are at variable rates;

restricting us from making strategic acquisitions or causing us to make non-strategic divestitures;

limiting our ability to obtain additional financing for working capital, capital expenditures, product development, debt service requirements, acquisitions, and general corporate or other purposes; and

limiting our ability to plan for, or adjust to, changing market conditions and placing us at a competitive disadvantage compared to our competitors who may be less highly leveraged.

The occurrence of any one of these events could have an adverse effect on our business, financial condition, results of operations, and ability to satisfy our obligations under our indebtedness.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future, subject, in the case of Holdings, MSI and FinCo Holdings and their subsidiaries, to the restrictions contained in our Senior Secured Credit Facilities and the indentures governing our notes. In addition, our Senior Secured Credit Facilities and indentures governing our notes do not restrict our owners from creating new holding companies that may be able to incur indebtedness without regard to the restrictions set forth in our Senior Secured Credit Facilities and indentures governing our notes. If new indebtedness is added to our current debt levels, the related risks that we now face could intensify.

Changes in customer demands could materially adversely affect our sales, results of operations and cash flow.

Our success depends on our ability to anticipate and respond in a timely manner to changing customer demands and preferences for products and supplies used in creative activities. If we misjudge the market, we may significantly overstock unpopular products and be forced to take significant inventory markdowns, or experience shortages of key items, either of which could have a material adverse impact on our operating results and cash flow. In addition, adverse weather conditions, economic instability and consumer confidence volatility could have material adverse impacts on our sales and operating results.

Our fiscal 2013 results of operations were significantly enhanced by sales of one product, the Rainbow Loom. Sales of the Rainbow Loom and replacement rubber bands were the primary driver of the increase in our Net sales in the fiscal year ended February 1, 2014 compared to the prior fiscal year. Based on our retail experience, we expect that the popularity of this product will diminish over time, and our results of operations could be affected by our inability to anticipate demand for this product and stock the appropriate level of inventory. Similarly, if we identify products in the future that have a significant effect on our results of operations, we could face similar challenges and risks that could affect our profitability.

We have recently experienced a data breach and such data breach and any future failure to adequately maintain security and prevent unauthorized access to electronic and other confidential information could result in an additional data breach which could materially adversely affect our reputation, financial condition and operating results.

The protection of our customer, associate and Company data is critically important to us. Our customers and associates have a high expectation that we will adequately safeguard and protect their sensitive personal information. We have become increasingly centralized and dependent upon automated information technology processes. In addition, a portion of our business operations is conducted electronically, increasing the risk of attack or interception that could cause loss or misuse of data, system failures or

Table of Contents

disruption of operations. This risk has increased with the recent launch of our e-commerce platform in 2014. Improper activities by third parties, exploitation of encryption technology, new data-hacking tools and discoveries and other events or developments may result in a future compromise or breach of our networks, payment card terminals or other payment systems. In particular, the techniques used by criminals to obtain unauthorized access to sensitive data change frequently and often are not recognized until launched against a target; accordingly, we may be unable to anticipate these techniques or implement adequate preventative measures. Any failure to maintain the security of our customers' sensitive information, or data belonging to ourselves or our suppliers, could put us at a competitive disadvantage, result in deterioration of our customers' confidence in us, and subject us to potential litigation, liability, fines and penalties, resulting in a possible material adverse impact on our financial condition and results of operations. While we maintain insurance coverage that may, subject to policy terms and conditions, cover certain aspects of cyber risks, such insurance coverage may be insufficient to cover all losses and would not remedy damage to our reputation.

In January 2014, we learned of possible fraudulent activity on some U.S. payment cards that had been used at Michaels, suggesting we may have experienced a data security attack. The Company retained two independent, expert security firms to conduct an extensive investigation. The Company also worked closely with law enforcement authorities, banks, credit card issuers and payment processors to determine the facts.

After extensive analysis, we discovered evidence confirming that systems of Michaels stores in the United States and its subsidiary, Aaron Brothers, were attacked by criminals using highly sophisticated malware that had not been encountered previously by either of the security firms (the "Data Breach").

The Company believes the malware no longer presents a threat while shopping at Michaels or Aaron Brothers. During the course of the investigation, we determined the following:

The affected systems contained certain payment card information, such as payment card number and expiration date, about both Michaels and Aaron Brothers customers. We found no evidence that other customer personal information, such as name, address or PIN, was at risk in connection with this issue.

Regarding Michaels stores, the attack potentially targeted a limited portion of the point-of-sale systems at a varying number of stores between May 8, 2013 and January 27, 2014. Only a small percentage of payment cards used in the affected stores during the times of exposure were impacted by this issue. The analysis conducted by the security firms and the Company showed that approximately 2.6 million cards may have been impacted, which represented about 7% of payment cards used at Michaels stores in the U.S. during the relevant time period.

Regarding Aaron Brothers, we have confirmed that between June 26, 2013 and February 27, 2014, 54 Aaron Brothers stores were affected by this malware. We estimate that approximately 400,000 cards were potentially impacted during this period.

We have received a limited number of reports from the payment card brands and banks of fraudulent use of payment cards potentially connected to Michaels or Aaron Brothers.

We are offering identity protection, credit monitoring and fraud assistance services to affected Michaels and Aaron Brothers customers in the United States for 12 months at no cost to them. In addition, the Data Breach has given rise to putative class action litigation on behalf of customers and regulatory investigations, as further described under "Business Legal Proceedings".

Table of Contents

There can be no assurance that we will not suffer a similar criminal attack in the future, that unauthorized parties will not gain access to personal information, or that any such incident will be discovered in a timely way. Regardless of the conclusion of the investigation, the Data Breach could adversely affect the Michaels and Aaron Brothers brands, has caused us to incur legal and other fees and may cause us to incur additional material fees, and could discourage customers from shopping in our stores.

Competition, including Internet-based competition, could negatively impact our business.

The retail arts and crafts industry, including custom framing, is competitive, which could result in the pressure to reduce prices and losses in our market share. We must remain competitive in the areas of quality, price, breadth of selection, customer service, and convenience. We compete with mass merchants (e.g., Wal-Mart Stores, Inc. and Target Corporation), which dedicate a portion of their selling space to a limited selection of craft supplies and seasonal and holiday merchandise, along with national and regional chains and local merchants. We also compete with specialty retailers, which include Hobby Lobby Stores, Inc., A.C. Moore Arts & Crafts, Inc. and Jo-Ann Stores, Inc. Some of our competitors, particularly the mass merchants, are larger and have greater financial resources than we do. We also face competition from Internet-based retailers, such as Amazon.com, Inc., in addition to traditional store-based retailers, who may be larger, more experienced and able to offer products we cannot. This could result in increased price competition since our customers could more readily search and compare non-private brand products. Furthermore, we ultimately compete with alternative sources of entertainment and leisure for our customers.

Our reliance on foreign suppliers increases our risk of obtaining adequate, timely and cost-effective product supplies.

We rely to a significant extent on foreign manufacturers for our merchandise, particularly manufacturers located in China. In addition, many of our domestic suppliers purchase a portion of their products from foreign sources. This reliance increases the risk that we will not have adequate and timely supplies of various products due to local political, economic, social, or environmental conditions (including acts of terrorism, the outbreak of war, or the occurrence of natural disaster), transportation delays (including dock strikes and other work stoppages, such as the ongoing negotiations of the longshore labor agreements on the West Coast which has caused inventory restocking delays which may continue for so long as the negotiations continue or if a strike were to occur), restrictive actions by foreign governments, or changes in U.S. laws and regulations affecting imports or domestic distribution. Reliance on foreign manufacturers also increases our exposure to trade infringement claims and reduces our ability to return product for various reasons.

We are at a risk for higher costs associated with goods manufactured in China. Significant increases in wages or wage taxes paid by contract facilities may increase the cost of goods manufactured, which could have a material adverse effect on our profit margins and profitability.

All of our products manufactured overseas and imported into the United States are subject to duties collected by the U.S. Customs Service. We may be subjected to additional duties, significant monetary penalties, the seizure and forfeiture of the products we are attempting to import, or the loss of import privileges if we or our suppliers are found to be in violation of U.S. laws and regulations applicable to the importation of our products.

Table of Contents

Our success will depend on how well we manage our business.

Even if we are able to continue our strategy of expanding our store base, or additionally, to expand our business through acquisitions or vertical integration opportunities, we may experience problems which may adversely impact profitability or cash flow. For example:

the costs of opening and operating new stores may offset the increased sales generated by the additional stores;

the closure of unsuccessful stores may result in the retention of liability for expensive leases;

a significant portion of our management's time and energy may be consumed with issues unrelated to advancing our core business strategies;

our e-commerce platform may be unprofitable, cannibalize sales from our existing stores, or be uncompetitive against other Internet-based retailers who sell similar merchandise;

the implementation of future operational efficiency initiatives, which may include the consolidation of certain operations and/or the possible co-sourcing of additional selected functions, may not produce the desired reduction in costs and may result in disruptions arising from such actions;

failure to maintain stable relations with our labor force may impact our store operations and sales;

our suppliers may be unable to meet the increased demand of additional stores in a timely manner; and

we may be unable to expand our existing distribution centers or use third-party distribution centers on a cost-effective basis to provide merchandise to our new stores.

Our growth depends on our ability to open new stores and increase comparable store sales.

One of our key business strategies is to expand our base of retail stores. If we are unable to continue this strategy, our ability to increase our sales, profitability and cash flow could be impaired. To the extent we are unable to open new stores as we anticipate, our sales growth would come only from increases in comparable store sales. Growth in profitability in that case would depend significantly on our ability to improve gross margin. We may be unable to continue our store growth strategy if we cannot identify suitable sites for additional stores, negotiate acceptable leases, access sufficient capital to support store growth, or hire and train a sufficient number of qualified associates.

Damage to the reputation of the Michaels brand or our private and exclusive brands could adversely affect our sales.

We believe the Michaels brand name and many of our private and exclusive brand names are powerful sales and marketing tools and we devote significant resources to promoting and protecting them. To be successful in the future, we must continue to preserve, grow and utilize the value of Michaels' reputation. Reputational value is based in large part on perceptions of subjective qualities, and even isolated incidents may erode trust and confidence. In addition, we develop and promote private and exclusive brands, which we believe have generated national recognition. Our private brands amounted to approximately 48% of Net sales in fiscal 2013 and approximately 49% of Net sales for the nine months ended November 1, 2014. Damage to the reputations (whether or not justified) of our brand names could arise from product failures, data privacy or security incidents, litigation or various forms of adverse publicity (including adverse publicity generated as a result of a vendor's or a supplier's failure to comply with general social accountability practices), especially in social media outlets, and may generate negative customer sentiment, potentially resulting in a reduction in our sales and earnings.

Table of Contents

A weak fourth quarter could materially adversely affect our result of operations.

Our business is highly seasonal. Our inventories and short-term borrowings may grow in the third fiscal quarter as we prepare for our peak selling season in the third and fourth fiscal quarters. Our most important quarter in terms of sales, profitability and cash flow historically has been the fourth fiscal quarter. If for any reason our fourth fiscal quarter results were substantially below expectations, our operating results for the full year would be materially adversely affected, and we could have substantial excess inventory, especially in seasonal merchandise that is difficult to liquidate.

Suppliers from whom our products are sourced may fail us and transitioning to other qualified vendors could materially adversely affect our revenue and gross profit.

The products we sell are sourced from a wide variety of domestic and international vendors. Global sourcing has become an increasingly important part of our business, as we have undertaken efforts to increase the amount of product we source directly from overseas manufacturers. Our ability to find qualified vendors who meet our standards and supply products in a timely and efficient manner is a significant challenge, especially with respect to goods sourced from outside the United States. Any issues related to transitioning vendors could adversely affect our revenue and gross profit.

Many of our suppliers are small firms that produce a limited number of items. Given their limited resources, these firms are susceptible to cash flow issues, access to capital, production difficulties, quality control issues and problems in delivering agreed-upon quantities on schedule. We may not be able, if necessary, to return products to these suppliers and obtain refunds of our purchase price or obtain reimbursement or indemnification from them if their products prove defective. These suppliers may also be unable to withstand a downturn in economic conditions. Significant failures on the part of our key suppliers could have a material adverse effect on our results of operations.

In addition, many of these suppliers require extensive advance notice of our requirements in order to supply products in the quantities we desire. This long lead time may limit our ability to respond timely to shifts in demand.

Unexpected or unfavorable consumer responses to our promotional or merchandising programs could materially adversely affect our sales, results of operations, cash flow and financial condition.

Brand recognition, quality and price have a significant influence on consumers' choices among competing products and brands. Advertising, promotion, merchandising and the cadence of new product introductions also have a significant impact on consumers' buying decisions. If we misjudge consumer responses to our existing or future promotional activities, this could have a material adverse impact on our sales, results of operations, cash flow and financial condition.

We believe improvements in our merchandise offering help drive sales at our stores. We could be materially adversely affected by poor execution of changes to our merchandise offering or by unexpected consumer responses to changes in our merchandise offering.

Our marketing programs, e-commerce initiatives and use of consumer information are governed by an evolving set of laws and enforcement trends, and unfavorable changes in those laws or trends, or our failure to comply with existing or future laws, could substantially harm our business and results of operations.

We collect, maintain and use data provided to us through our online activities and other customer interactions in our business. Our current and future marketing programs depend on our ability to collect, maintain and use this information, and our ability to do so is subject to certain contractual restrictions in

Table of Contents

third-party contracts as well as evolving international, federal and state laws and enforcement trends. We strive to comply with all applicable laws and other legal obligations relating to privacy, data protection and consumer protection, including those relating to the use of data for marketing purposes. It is possible, however, that these requirements may be interpreted and applied in a manner that is inconsistent from one jurisdiction to another, may conflict with other rules or may conflict with our practices. If so, we may suffer damage to our reputation and be subject to proceedings or actions against us by governmental entities or others. Any such proceeding or action could hurt our reputation, force us to spend significant amounts to defend our practices, distract our management, increase our costs of doing business and result in monetary liability.

In addition, as data privacy and marketing laws change, we may incur additional costs to ensure we remain in compliance. If applicable data privacy and marketing laws become more restrictive at the federal or state level, our compliance costs may increase, our ability to effectively engage customers via personalized marketing may decrease, our investment in our e-commerce platform may not be fully realized, our opportunities for growth may be curtailed by our compliance capabilities or reputational harm and our potential liability for security breaches may increase.

Product recalls and/or product liability, as well as changes in product safety and other consumer protection laws, may adversely impact our operations, merchandise offerings, reputation, results of operations, cash flow and financial condition.

We are subject to regulations by a variety of federal, state and international regulatory authorities, including the Consumer Product Safety Commission. In fiscal 2013, we purchased merchandise from approximately 600 vendors. Since a majority of our merchandise is manufactured in foreign countries, one or more of our vendors might not adhere to product safety requirements or our quality control standards, and we might not identify the deficiency before merchandise ships to our stores. Any issues of product safety, including but not limited to those manufactured in foreign countries, could cause us to recall some of those products. If our vendors fail to manufacture or import merchandise that adheres to our quality control standards, our reputation and brands could be damaged, potentially leading to increases in customer litigation against us. Furthermore, to the extent we are unable to replace any recalled products, we may have to reduce our merchandise offerings, resulting in a decrease in sales, especially if a recall occurs near or during a seasonal period. If our vendors are unable or unwilling to recall products failing to meet our quality standards, we may be required to recall those products at a substantial cost to us. Moreover, changes in product safety or other consumer protection laws could lead to increased costs to us for certain merchandise, or additional labor costs associated with readying merchandise for sale. Long lead times on merchandise ordering cycles increase the difficulty for us to plan and prepare for potential changes to applicable laws. The Consumer Product Safety Improvement Act of 2008 imposes significant requirements on manufacturing, importing, testing and labeling requirements for our products. In the event that we are unable to timely comply with regulatory changes or regulators do not believe we are complying with current regulations applicable to us, significant fines or penalties could result, and could adversely affect our reputation, results of operations, cash flow and financial condition.

Significant increases in inflation or commodity prices such as petroleum, natural gas, electricity, steel, wood and paper may adversely affect our costs, including cost of merchandise.

Significant future increases in commodity prices or inflation could adversely affect our costs, including cost of merchandise and distribution costs. Furthermore, the transportation industry may experience a shortage or reduction of capacity, which could be exacerbated by higher fuel prices. Our results of operations may

Table of Contents

be adversely affected if we are unable to secure, or are able to secure only at significantly higher costs, adequate transportation resources to fulfill our receipt of goods or delivery schedules to the stores.

Improvements to our supply chain may not be fully successful.

An important part of our efforts to achieve efficiencies, cost reductions, and sales and cash flow growth is the identification and implementation of improvements to our supply chain, including merchandise ordering, transportation, and receipt processing. We continue to implement enhancements to our distribution systems and processes, which are designed to improve efficiency throughout the supply chain and at our stores. Significant changes to our supply chain could have a material adverse impact on our results of operations.

We may be subject to information technology system failures or network disruptions, or our information systems may prove inadequate, resulting in damage to our reputation, business operations and financial condition.

We depend on our management information systems for many aspects of our business, including our perpetual inventory, automated replenishment, and weighted average cost stock ledger systems which are necessary to properly forecast, manage, analyze and record our inventory. The Company may be subject to information technology system failures and network disruptions. These may be caused by natural disasters, accidents, power disruptions, telecommunications failures, acts of terrorism or war, denial-of-service attacks, computer viruses, physical or electronic break-ins, or similar events or disruptions. System redundancy may be ineffective or inadequate, and the Company's disaster recovery planning may not be sufficient for all eventualities. Such failures or disruptions could prevent access to the Company's online services and preclude store transactions. System failures and disruptions could also impede the manufacturing and shipping of products, transactions processing and financial reporting. Additionally, we may be materially adversely affected if we are unable to improve, upgrade, maintain, and expand our systems.

Changes in newspaper subscription rates may result in reduced exposure to our circular advertisements.

A substantial portion of our promotional activities utilize circular advertisements in local newspapers. A continued decline in consumer subscriptions of these newspapers could reduce the frequency with which consumers receive our circular advertisements, thereby negatively affecting sales, results of operations and cash flow.

Changes in regulations or enforcement, or our failure to comply with existing or future regulations, may adversely impact our business.

We are subject to federal, state, provincial and local regulations with respect to our operations in the U.S. and Canada. There are a number of legislative and regulatory initiatives that could adversely impact our business if they are enacted or enforced. Those initiatives include wage or workforce issues (such as minimum-wage requirements, overtime and other working conditions and citizenship requirements), collective bargaining matters, environmental regulation, price and promotion regulation, trade regulations and others.

The Patient Protection and Affordable Care Act, which was signed into law on March 23, 2010, may increase our annual associate health care costs. Proposed changes in tax regulations may also change our effective tax rate as our business is subject to a combination of applicable tax rates in the various countries, states and other jurisdictions in which we operate. New accounting pronouncements and interpretations of existing accounting rules and practices have occurred and may occur in the future. A

Table of Contents

change in accounting standards or practices can have a significant effect on our reported results of operations. Failure to comply with legal requirements could result in, among other things, increased litigation risk that could affect us adversely by subjecting us to significant monetary damages and other remedies or by increasing our litigation expenses, administrative enforcement actions, fines and civil and criminal liability. For example, in fiscal 2012, we settled a pricing and promotion investigation by the New York State Attorney General's office through the payment of a fine and other consideration pursuant to an Assurance of Discontinuance, and could be subject to similar investigations, as well as lawsuits, in the future. We are currently subject to various class action lawsuits alleging violations of wage and workforce laws and similar matters (see "Business Legal Proceedings"). If such issues become more expensive to address, or if new issues arise, they could increase our expenses, generate negative publicity, or otherwise adversely affect us.

Our debt agreements contain restrictions that limit our flexibility in operating our business.

Our Senior Secured Credit Facilities and the indentures governing our notes contain various covenants that limit our ability to engage in specified types of transactions. These covenants limit the ability of the relevant borrowers, issuers, guarantors and their restricted subsidiaries to, among other things:

incur or guarantee additional debt;

pay dividends or distributions on our capital stock or redeem, repurchase or retire our capital stock or indebtedness;

issue stock of subsidiaries;

make certain investments, loans, advances and acquisitions;

create liens on our assets to secure debt;

enter into transactions with affiliates;

merge or consolidate with another company; and

sell or otherwise transfer assets.

In addition, under the Restated Term Loan Credit Facility, MSI is required to meet specified financial ratios in order to undertake certain actions, and under our Restated Revolving Credit Facility, MSI is required to meet specified financial ratios in order to undertake certain actions, and under certain circumstances, MSI may be required to maintain a specified fixed charge coverage ratio. Our ability to meet those tests can be affected by events beyond our control, and we cannot assure you we will meet them. A breach of any of these covenants could result in a default under our Senior Secured Credit Facilities, which could also lead to an event of default under our notes if any of the Senior Secured Credit Facilities were accelerated. Upon the occurrence of an event of default under our Senior Secured Credit Facilities, the lenders could elect to declare all amounts outstanding under our Senior Secured Credit Facilities to be immediately due and payable and terminate all commitments to extend further credit. If we were unable to repay those amounts, the lenders under our Senior Secured Credit Facilities could proceed against the collateral granted to them to secure such indebtedness. Holdings, MSI and certain of MSI's subsidiaries have pledged substantially all of their assets, including the capital stock of MSI and certain of its subsidiaries, as collateral under our Senior Secured Credit Facilities. If the indebtedness under our Senior Secured Credit Facilities or our notes were to be accelerated, our assets may not be sufficient to repay such indebtedness in full. See "Description of Certain Indebtedness."

Table of Contents

Disruptions in the capital markets could increase our costs of doing business.

Any disruption in the capital markets could make it difficult for us to raise additional capital when needed, or to eventually refinance our existing indebtedness on acceptable terms or at all. Similarly, if our suppliers face challenges in obtaining credit when needed, or otherwise face difficult business conditions, they may become unable to offer us the merchandise we use in our business thereby causing reductions in our revenues, or they may demand more favorable payment terms, all of which could adversely affect our results of operations, cash flows and financial condition.

Our real estate leases generally obligate us for long periods, which subject us to various financial risks.

We lease virtually all of our store, distribution center, and administrative locations, generally for long terms. While we have the right to terminate some of our leases under specified conditions by making specified payments, we may not be able to terminate a particular lease if or when we would like to do so. If we decide to close stores, we are generally required to continue paying rent and operating expenses for the balance of the lease term, or paying to exercise rights to terminate, and the performance of any of these obligations may be expensive. When we assign or sublease vacated locations, we may remain liable on the lease obligations if the assignee or sublessee does not perform. In addition, when leases for the stores in our ongoing operations expire, we may be unable to negotiate renewals, either on commercially acceptable terms, or at all, which could cause us to close stores. Accordingly, we are subject to the risks associated with leasing real estate, which can have a material adverse effect on our results.

We have co-sourced certain of our information technology, accounts payable, payroll, accounting and human resources functions and may co-source other administrative functions, which makes us more dependent upon third parties.

We place significant reliance on third-party providers for the co-sourcing of certain of our information technology ("IT"), accounts payable, payroll, accounting and human resources functions. This co-sourcing initiative is a component of our ongoing strategy to increase efficiencies, increase our IT capabilities, monitor our costs and seek additional cost savings. These functions are generally performed in offshore locations, with Michaels oversight. As a result, we are relying on third parties to ensure that certain functional needs are sufficiently met. This reliance subjects us to risks arising from the loss of control over these processes, changes in pricing that may affect our operating results, and potentially, termination of provision of these services by our suppliers. If our service providers fail to perform, we may have difficulty arranging for an alternate supplier or rebuilding our own internal resources, and we could incur significant costs, all of which may have a significant adverse effect on our business. We may co-source other administrative functions in the future, which would further increase our reliance on third parties. Further, the use of offshore service providers may expose us to risks related to local political, economic, social or environmental conditions (including acts of terrorism, the outbreak of war, or the occurrence of natural disaster), restrictive actions by foreign governments or changes in U.S. laws and regulations. The success of our e-commerce platform, launched in 2014, is in part dependent on such co-sourced resources and therefore might impact these risks.

We are exposed to fluctuations in exchange rates between the U.S. and Canadian dollar, which is the functional currency of our Canadian subsidiary.

Our Canadian operating subsidiary purchases inventory in U.S. dollars, which is sold in Canadian dollars and exposes us to foreign exchange rate fluctuations. As well, our customers at border locations can be sensitive to cross-border price differences. Substantial foreign currency fluctuations could adversely affect our business.

Table of Contents

We are dependent upon the services of our senior management team.

We are dependent on the services, abilities and experience of our executive officers, including Carl S. Rubin, our Chief Executive Officer, and Charles M. Sonstebly, our Chief Administrative Officer and Chief Financial Officer. The permanent loss of the services of any of these senior executives and any change in the composition of our senior management team could have a negative impact on our ability to execute on our business and operating strategies.

Failure to attract and retain quality sales, distribution center and other associates in appropriate numbers as well as experienced buying and management personnel could adversely affect our performance.

Our performance depends on recruiting, developing, training and retaining quality sales, distribution center and other associates in large numbers as well as experienced buying and management personnel. Many of our store level associates are in entry level or part-time positions with historically high rates of turnover. Our ability to meet our labor needs while controlling labor costs is subject to external factors such as unemployment levels, prevailing wage rates, minimum wage legislation, changing demographics, health and other insurance costs and governmental labor and employment requirements. In the event of increasing wage rates, if we fail to increase our wages competitively, the quality of our workforce could decline, causing our customer service to suffer, while increasing our wages could cause our earnings to decrease. The market for retail management is highly competitive and, similar to other retailers, we face challenges in securing sufficient management talent. If we do not continue to attract, train and retain quality associates and management personnel, our performance could be adversely affected.

Our results may be adversely affected by serious disruptions or catastrophic events, including geo-political events and weather.

Unforeseen public health issues, such as pandemics and epidemics, and geo-political events, such as civil unrest in a country in which our suppliers are located or terrorist or military activities disrupting transportation, communication or utility systems, as well as natural disasters such as hurricanes, tornadoes, floods, earthquakes and other adverse weather and climate conditions, whether occurring in the United States or abroad, particularly during peak seasonal periods, could disrupt our operations or the operations of one or more of our vendors or could severely damage or destroy one or more of our stores or distribution facilities located in the affected areas. For example, day-to-day operations, particularly our ability to receive products from our vendors or transport products to our stores could be adversely affected, or we could be required to close stores or distribution centers in the affected areas or in areas served by the affected distribution center. These factors could also cause consumer confidence and spending to decrease or result in increased volatility in the U.S. and global financial markets and economy. Such occurrences could significantly impact our operating results and financial performance. For example, during the fourth quarter of fiscal 2012, our Net sales were adversely affected by Hurricane Sandy.

Our holding company structure makes us, and certain of our direct and indirect subsidiaries, dependent on the operations of our, and their, subsidiaries to meet our financial obligations.

We, and certain of our direct and indirect subsidiaries, have no significant assets other than our, and their, interest in our, and their, direct and indirect subsidiaries, including MSI. As a result, we, and certain of our direct and indirect subsidiaries, rely exclusively upon payments, dividends and distributions from our, and their, direct and indirect subsidiaries for our, and their, cash flows. Our ability to pay dividends, if any are declared, to our shareholders is dependent on the ability of our subsidiaries to generate sufficient net income and cash flows to pay upstream dividends and make loans or loan repayments.

Table of Contents

We are controlled by the Sponsors, whose interests may conflict with yours and those of our Company.

We are currently controlled, and after this offering is completed will continue to be controlled, by the Sponsors. Upon completion of this offering, investment funds affiliated with the Sponsors will beneficially own 73% of our outstanding common stock (72% if the underwriters exercise in full their option to purchase additional shares from the selling stockholders). For as long as the Sponsors continue to beneficially own a majority of the outstanding shares of our Common Stock, they will be able to direct the election of all of the members of our Board of Directors ("Board") and could exercise a controlling influence over our business and affairs, including any determinations with respect to mergers or other business combinations, the acquisition or disposition of assets, the incurrence of indebtedness, the issuance of any additional Common Stock or other equity securities, the repurchase or redemption of Common Stock and the payment of dividends. Similarly, the Sponsors will have the power to determine matters submitted to a vote of our stockholders without the consent of our other stockholders, will have the power to prevent a change in our control and could take other actions that might be favorable to them. Even if their ownership falls below a majority, so long as the Sponsors continue to hold a significant portion of our outstanding Common Stock, the Sponsors may continue to be able to strongly influence or effectively control our decisions. Additionally, the Sponsors are in the business of making investments in companies and may acquire and hold interests in businesses that compete directly or indirectly with us. One or more of the Sponsors may also pursue acquisition opportunities that may be complementary to our business and, as a result, those acquisition opportunities may not be available to us.

Risk factors relating to this offering and ownership of our Common Stock

We are a "controlled company" within the meaning of the rules of The NASDAQ Stock Market and, as a result, rely on exemptions from certain corporate governance requirements. You will not have the same protections as those afforded to stockholders of companies that are subject to such governance requirements.

We are a "controlled company" within the meaning of the corporate governance standards of The NASDAQ Stock Market and we expect that, after the completion of this offering, the Sponsors will continue to control a majority of the voting power of our outstanding Common Stock. Under The NASDAQ Stock Market rules, a company of which more than 50% of the voting power is held by an individual, group or another company is a "controlled company" and may elect not to comply with certain corporate governance requirements, including:

the requirement that a majority of our Board consist of independent directors;

the requirement that we have a Nominating Committee that is composed entirely of independent directors with a written charter addressing the Committee's purpose and responsibilities; and

the requirement that we have a Compensation Committee that is composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities.

We will continue to utilize these exemptions. As a result, we do not have a majority of independent directors and our Compensation Committee does not consist entirely of independent directors. Accordingly, you will not have the same protections afforded to stockholders of companies that are subject to all of the corporate governance requirements of The NASDAQ Stock Market.

The Sponsors are not subject to any contractual obligation to retain their controlling interest, except that they have agreed, subject to certain exceptions, not to sell or otherwise dispose of any shares of our Common Stock or other securities exercisable or convertible into our Common Stock for a period of at

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

least 90 days after the date of this prospectus without the prior written consent of J.P. Morgan Securities LLC and Goldman, Sachs & Co. There can be no assurance as to the period of time during which any of the Sponsors will in fact maintain its ownership of our Common Stock following the offering.

Our stock price could be extremely volatile and may decline and, as a result, you may not be able to resell your shares at or above the price you paid for them.

Since listing our Common Stock on The NASDAQ Global Select Market in June 2014 in connection with our initial public offering, the price of our Common Stock has ranged from a low of \$14.51 on August 1, 2014 to a high of \$25.60 on January 8, 2015. In addition, the stock market in general has been highly volatile. As a result, the market price of our Common Stock is likely to be similarly volatile, and investors in our Common Stock may experience a decrease, which could be substantial, in the value of their stock, including decreases unrelated to our operating performance or prospects, and could lose part or all of their investment. The price of our Common Stock could be subject to wide fluctuations in response to a number of factors, including those described elsewhere in this prospectus and others such as:

variations in our operating performance and the performance of our competitors;

actual or anticipated fluctuations in our quarterly or annual operating results;

publication of research reports by securities analysts about us or our competitors or our industry;

our failure or the failure of our competitors to meet analysts' projections or guidance that we or our competitors may give to the market;

additions and departures of key personnel;

strategic decisions by us or our competitors, such as acquisitions, divestitures, spin-offs, joint ventures, strategic investments or changes in business strategy;

the passage of legislation or other regulatory developments affecting us or our industry;

speculation in the press or investment community;

changes in accounting principles;

terrorist acts, acts of war or periods of widespread civil unrest;

natural disasters and other calamities; and

changes in general market and economic conditions.

In the past, securities class action litigation has often been initiated against companies following periods of volatility in their stock price. This type of litigation could result in substantial costs and divert our management's attention and resources, and could also require us to make substantial payments to satisfy judgments or to settle litigation.

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Your percentage ownership in us may be diluted by future issuances of capital stock, which could reduce your influence over matters on which stockholders vote.

Our Board has the authority, without action or vote of our stockholders, to issue all or any part of our authorized but unissued shares of Common Stock, including shares issuable upon the exercise of options, or shares of our authorized but unissued preferred stock. Issuances of Common Stock or voting preferred stock would reduce your influence over matters on which our stockholders vote, and, in the case of

Table of Contents

issuances of preferred stock, would likely result in your interest in us being subject to the prior rights of holders of that preferred stock.

There may be sales of a substantial amount of our Common Stock after this offering by our current stockholders, and these sales could cause the price of our Common Stock to fall.

As of January 3, 2015, there were 204,303,715 shares of Common Stock outstanding. Of our issued and outstanding shares, all the Common Stock sold in our initial public offering or this offering will be freely transferable, except for any shares held by our "affiliates", as that term is defined in Rule 144 under the Securities Act of 1933, as amended (the "Securities Act"). Following completion of this offering, approximately 78% of our outstanding Common Stock will be held by investment funds affiliated with the Sponsors, Highfields and members of our management and employees.

Each of our directors, executive officers and significant equity holders (including affiliates of the Sponsors) have entered into a lock-up agreement with J.P. Morgan Securities LLC and Goldman, Sachs & Co. on behalf of the underwriters which restricts their sales of our Common Stock for a period of 90 days after the date of this prospectus, subject to certain exceptions and automatic extensions in certain circumstances.

Sales of substantial amounts of our Common Stock in the public market after this offering, or the perception that such sales will occur, could adversely affect the market price of our Common Stock and make it difficult for us to raise funds through securities offerings in the future. Of the shares to be outstanding after the offering, the shares sold in our initial public offering and the shares offered by this prospectus will be eligible for immediate sale in the public market without restriction by persons other than our affiliates. Our remaining outstanding shares will become available for resale in the public market as shown in the chart below, subject to the provisions of Rule 144 and Rule 701.

Number of shares	Date available for resale
41,824,287	On the date of this offering (, 2015)
162,479,428	90 days after this offering (, 2015), subject to certain exceptions and automatic extensions in certain circumstances

Beginning 90 days after this offering, subject to certain exceptions and automatic extensions in certain circumstances, certain holders of shares of our Common Stock may require us to register their shares for resale under the federal securities laws, and holders of additional shares of our Common Stock would be entitled to have their shares included in any such registration statement, all subject to reduction upon the request of the underwriter of the offering, if any. Registration of those shares would allow the holders to immediately resell their shares in the public market. Any such sales or anticipation thereof could cause the market price of our Common Stock to decline.

In addition, we have registered shares of Common Stock that are reserved for issuance under our 2014 Omnibus Plan.

Provisions in our charter documents and Delaware law may deter takeover efforts that may be beneficial to stockholder value.

In addition to the Sponsors' beneficial ownership of a controlling percentage of our Common Stock, Delaware law and provisions in our certificate of incorporation and bylaws could make it harder for a third party to acquire us, even if doing so might be beneficial to our stockholders. These provisions include limitations on actions by our stockholders. In addition, our Board has the right to issue preferred stock without stockholder approval that could be used to dilute a potential hostile acquiror. Our certificate of

Table of Contents

incorporation imposes some restrictions on mergers and other business combinations between us and any holder of 15% or more of our outstanding Common Stock other than the Sponsors. As a result, you may lose your ability to sell your stock for a price in excess of the prevailing market price due to these protective measures and efforts by stockholders to change the direction or management of the company may be unsuccessful. See "Description of Capital Stock".

Our certificate of incorporation designates the Court of Chancery of the State of Delaware as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers or employees.

Our certificate of incorporation provides that, subject to limited exceptions, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for (i) any derivative action or proceeding brought on our behalf, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee to us or our stockholders, (iii) any action asserting a claim against us arising pursuant to any provision of the DGCL or our certificate of incorporation or the bylaws or (iv) any action asserting a claim against us governed by the internal affairs doctrine. Any person or entity purchasing or otherwise acquiring any interest in shares of our capital stock shall be deemed to have notice of and to have consented to the provisions of our certificate of incorporation described above. This choice of forum provision may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers or other employees, which may discourage such lawsuits against us and our directors, officers and employees. Alternatively, if a court were to find these provisions of our certificate of incorporation inapplicable to, or unenforceable in respect of, one or more of the specified types of actions or proceedings, we may incur additional costs associated with resolving such matters in other jurisdictions, which could adversely affect our business and financial condition.

If you purchase shares in this offering, you will suffer immediate and substantial dilution.

If you purchase shares of our Common Stock in this offering, you will incur immediate and substantial dilution in the as adjusted book value of your stock, which dilution would have been \$(34.69) per share as of November 1, 2014, based on an assumed public offering price of \$22.89 (the closing price of our Common Stock on January 16, 2015) because the price that you pay will be substantially greater than the net tangible book value per share of the shares you acquire. You will experience additional dilution upon the exercise of options to purchase our Common Stock, including those options currently outstanding and those granted in the future, and the issuance of restricted stock or other equity awards under our stock incentive plans. To the extent we raise additional capital by issuing equity securities, our stockholders will experience substantial additional dilution.

Because our executive officers hold or may hold restricted stock or option awards that will vest upon a change of control, these officers may have interests in us that conflict with yours.

As of November 1, 2014, our executive officers hold, in the aggregate, 839,749 shares of restricted stock and options to purchase 2,725,421 shares that would automatically vest upon a change of control. See "Executive Compensation Potential Payments upon Termination or Change of Control" for additional information. As a result, these officers may view certain change of control transactions more favorably than an investor in this offering due to the vesting opportunities available to them and, as a result, may have an economic incentive to support a transaction that you may not believe to be favorable to stockholders who purchased shares in this offering. This offering will not constitute a change of control for purposes of the relevant awards and agreements.

Table of Contents

The Sponsors will continue to have significant influence over us after this offering, including control over decisions that require the approval of stockholders, which could limit your ability to influence the outcome of key transactions, including a change of control.

We are currently controlled, and after this offering is completed will continue to be controlled, by the Sponsors who currently own approximately 80% of our Common Stock in the aggregate. Upon the completion of this offering, investment funds affiliated with the Sponsors will beneficially own approximately 73% of our outstanding Common Stock (approximately 72% if the underwriters exercise in full the option to purchase additional shares from the selling stockholders). For as long as the Sponsors continue to beneficially own shares of Common Stock representing more than 50% of the voting power of our Common Stock, they will be able to direct the election of all of the members of our Board of Directors and could exercise a controlling influence over our business and affairs, including any determinations with respect to mergers or other business combinations, the acquisition or disposition of assets, the incurrence of indebtedness, the issuance of any additional Common Stock or other equity securities, the repurchase or redemption of Common Stock and the payment of dividends. Similarly, these entities will have the power to determine matters submitted to a vote of our stockholders without the consent of our other stockholders, will have the power to prevent a change in our control and could take other actions that might be favorable to them. Even if their ownership falls below 50%, the Sponsors may continue to be able to strongly influence or effectively control our decisions so long as they continue to hold a significant portion of our Common Stock. In addition, each of the Sponsors will have a contractual right to nominate three directors to our Board for as long as such Sponsor owns at least 25% of our outstanding Common Stock, two directors for so long as such Sponsor owns at least 10% of our outstanding Common Stock and one director for so long as such Sponsor owns at least 3% of our outstanding Common Stock.

Additionally, the Sponsors are in the business of making investments in companies and may acquire and hold interests in businesses that compete directly or indirectly with us. One or more of the Sponsors may also pursue acquisition opportunities that may be complementary to our business and, as a result, those acquisition opportunities may not be available to us.

Because we have no current plans to pay cash dividends on our Common Stock for the foreseeable future, you may not receive any return on investment unless you sell your Common Stock for a price greater than you paid.

We may retain future earnings, if any, for future operation, expansion and debt repayment and have no current plans to pay any cash dividends for the foreseeable future. Any decision to declare and pay dividends in the future will be made at the discretion of our Board and will depend on, among other things, our results of operations, financial condition, cash requirements, contractual restrictions and other factors that our Board may deem relevant. In addition, our ability to pay dividends may be limited by covenants of any existing and future outstanding indebtedness we or our subsidiaries incur, including our Senior Secured Credit Facilities. As a result, you may not receive any return on an investment in our Common Stock unless you sell our Common Stock for a price greater than you paid.

Cautionary note regarding forward-looking statements

This prospectus contains forward-looking statements within the meaning of federal securities laws that relate to future events or our future financial performance. In many cases, you can identify forward-looking statements by terminology such as "aim", "anticipate", "assume", "believe", "can have", "continue", "could", "due", "estimate", "expect", "forecast", "goal", "intend", "likely", "may", "objective", "outlook", "plan", "potential", "positioned", "predict", "pro forma", "project", "should", "target", "will", "would" or the negative of these terms or other comparable terminology. These forward-looking statements are made based on our management's expectations and beliefs concerning future events affecting us and are subject to uncertainties and factors relating to our operations and business environment, all of which are difficult to predict and many of which are beyond our control. These uncertainties and other factors could cause our actual results to differ materially from those matters expressed or implied by these forward-looking statements.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Important factors that may cause actual results to differ materially from the results expressed or implied by these forward-looking statements are set forth under "Risk Factors". All forward-looking statements in this prospectus are based on information available to us on the date of this prospectus. We undertake no obligation, except as may be required by law, to publicly update or revise any of the forward-looking statements, whether as a result of new information, future events or otherwise.

Some of the important factors that could cause our actual results, performance or financial condition to differ materially from expectations are:

general economic factors and changes in consumer preference may adversely affect our performance and could materially adversely affect our sales, results of operations and cash flow;

our substantial debt could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry, expose us to interest rate risk, prevent us from meeting our obligations under our notes and credit facilities and limit our flexibility in operating our business;

a failure to adequately maintain security and prevent unauthorized access to electronic and other confidential information, which could result in additional Company data breaches, could materially adversely affect our reputation, financial condition and operating results;

competition, including Internet-based competition, could negatively impact our business;

our significant reliance on foreign suppliers, particularly those located in China, increases our risk of obtaining adequate, timely, and cost-effective product supplies;

even if we are able to substantially continue our strategy of expanding our store base, our success will depend on how well we manage our business;

damage to the reputations of the Michaels brand or our private and exclusive brands could adversely affect sales;

our fourth quarter has historically been our highest quarter for sales and profitability, and a weak fourth quarter could have material adverse impacts on us;

Table of Contents

our promotional and merchandising programs are dependent on consumer responses, which could be unfavorable or unexpected, adversely impacting our sales;

our holding company structure makes us, and certain of our direct and indirect subsidiaries, dependent on the operations of our, and their, subsidiaries to meet our, and their, financial obligations; and

investment funds affiliated with the Sponsors will have the ability to control the outcome of matters submitted for stockholder approval and they may have interests that differ from those of our other stockholders.

The above is not a complete list of factors or events that could cause actual results to differ from our expectations, and it is not possible for us to predict all of them. We derive many of our forward-looking statements from our own operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and it is impossible for us to anticipate all factors that could affect our actual results. Important factors that could cause actual results to differ materially from our expectations, or cautionary statements, are disclosed under "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this prospectus. All written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements contained in this prospectus as well as other cautionary statements that are made from time to time in our other Securities and Exchange Commission ("SEC") filings and public communications. You should evaluate all forward-looking statements made in this prospectus in the context of these risks and uncertainties.

Potential investors and other readers are urged to consider these factors carefully in evaluating the forward-looking statements and are cautioned not to place undue reliance on the forward-looking statements. These forward-looking statements speak only as of the date of this prospectus. Except as required by law, we undertake no obligation to update or revise any forward-looking statements publicly whether as a result of new information, future developments or otherwise.

Table of Contents

Use of proceeds

We will not receive any proceeds from the sale of shares of our common stock in this offering.

Table of Contents**Market price of our common stock**

Our common stock has been listed on The NASDAQ Global Select Market under the symbol "MIK" since June 27, 2014. Prior to that time, there was no public market for our common stock. The following table sets forth for the periods indicated the high and low sales prices per share of our common stock as reported on The NASDAQ Global Select Market:

	High	Low
2014:		
Second quarter(1)	\$ 17.28	\$ 14.51
Third quarter	\$ 18.50	\$ 14.64
Fourth quarter (through January 16, 2015)	\$ 25.60	\$ 17.82

(1) Represents the period from June 27, 2014, the date on which our common stock first began to trade on The NASDAQ Global Select Market after pricing our initial public offering, through August 2, 2014, the end of our second quarter.

A recent reported closing price for our common stock is set forth on the cover page of this prospectus. Wells Fargo Transfer Agent Services is the transfer agent and registrar for our common stock. As of January 3, 2015, there were 75 holders of record of our common stock.

Table of Contents

Dividend policy

The Company does not anticipate paying any cash dividends in the near future. Instead, we anticipate that all of our earnings for the foreseeable future will be used to repay debt, for working capital, to support our operations and to finance the growth and development of our business. Any future determination to pay dividends will be at the discretion of our Board, subject to compliance with applicable law and any contractual provisions, including under agreements for indebtedness, that restrict or limit our ability to pay dividends, and will depend upon, among other factors, our results of operations, financial condition, earnings, capital requirements and other factors that our Board may deem relevant. For additional information concerning restrictions relating to agreements for indebtedness, see "Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources."

In July 2013, FinCo Holdings and FinCo Inc. issued the Holdco Notes. FinCo Holdings distributed the proceeds, net of expenses, to us. We used this cash to pay a cash dividend, distribution and other payments to our equity and equity award holders of approximately \$781 million (excluding approximately \$2 million currently held in escrow for the benefit of holders of restricted shares of the Company's Common Stock) and pay related fees and expenses.

Table of Contents**Capitalization**

The following table sets forth our cash, cash equivalents and capitalization as of November 1, 2014:

on an actual basis; and

on an as adjusted basis to give effect to the redemption of \$180 million principal amount of Holdco Notes on December 10, 2014.

You should read the following table together with our Consolidated Financial Statements and the related notes appearing elsewhere in this prospectus and the sections of this prospectus titled "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Selected Historical Consolidated Financial and Operating Data".

(In millions, except share data)	As of November 1, 2014	
	Actual	As adjusted
Cash and cash equivalents(1)	\$ 194	\$ 6
Restated Term Loan Credit Facility	\$ 2,460	\$ 2,460
Restated Revolving Credit Facility		
Holdco Notes due 2018	361	181
Senior Subordinated Notes due 2020	515	515
Total debt	3,336	3,156
Stockholders' deficit:		
Common Stock \$0.06775 par value; 350,000,000 shares authorized and 204,241,913 shares issued and outstanding	14	14
Additional paid-in capital	549	549
Accumulated deficit(2)	(2,830)	(2,834)
Accumulated other comprehensive (loss)	(2)	(2)
Total stockholders' deficit	\$ (2,269)	\$ (2,273)
Total capitalization	\$ 1,067	\$ 883

(1) Reflects approximately \$8.4 million of redemption premium and accrued and unpaid interest to, but not including the redemption date of our Holdco Notes, paid on December 10, 2014.

(2) Reflects approximately \$4.0 million of debt extinguishment costs, net of tax, related to the redemption of the Holdco Notes, recorded as of December 10, 2014.

Table of Contents

Selected historical consolidated financial and operating data

The following table sets forth our selected historical consolidated financial and operating data as of the dates and for the periods indicated. Our selected historical consolidated balance sheet data as of February 1, 2014 and February 2, 2013, and our selected historical consolidated results of operations data and cash flow data for each of the three years ended February 1, 2014, February 2, 2013 and January 28, 2012, respectively, have been derived from our audited Consolidated Financial Statements, which are included elsewhere in this prospectus. Other operating data included in the table is unaudited for all periods presented. The selected historical consolidated results of operations, cash flow data and balance sheet data presented as of and for the nine months ended November 1, 2014 and November 2, 2013 are derived from our unaudited Consolidated Financial Statements appearing elsewhere in this prospectus. The results of operations for any period are not necessarily indicative of the results to be expected for any future period.

We operate on a fiscal calendar, which in a given fiscal year consists of a 52- or 53-week period ending on the Saturday closest to January 31. Fiscal 2013 is the 52-week period ended February 1, 2014, and fiscal 2012 is the 53-week period ended February 2, 2013. Fiscal 2011 ended on January 28, 2012, fiscal 2010 ended on January 29, 2011 and fiscal 2009 ended on January 30, 2010; all of which are 52-week periods. References to the "nine months ended November 1, 2014" relate to the 39 weeks ended November 1, 2014, and references to the "nine months ended November 2, 2013" relate to the 39 weeks ended November 2, 2013.

The historical results presented below are not necessarily indicative of the results to be expected for any future period. The following summaries of our consolidated financial and operating data for the periods presented should be read in conjunction with "Risk Factors", "Capitalization", "Management's Discussion

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

(1) Fiscal 2012 consisted of 53 weeks while all other fiscal years presented consisted of 52 weeks.

(2) Fiscal 2013 refinancing costs and losses on early extinguishments of debt include \$7 million of refinancing costs associated with our 2020 Senior Subordinated Notes and a \$7 million loss related to the redemption of \$137 million in aggregate principal amount of our 2016 Senior Subordinated Notes. Fiscal 2012 refinancing costs and losses on early

extinguishments of debt include \$12 million of refinancing costs associated with our Restated Term Loan Credit Facility, an \$8 million loss related to our amended and restated senior secured term loan facility and prepayment of our B-1 Term Loans, an \$11 million loss related to the redemption of our remaining outstanding Subordinated Discount Notes and a \$2 million loss related to our senior secured asset-based Revolving Credit Facility. Fiscal 2011 refinancing costs and losses on early extinguishments of debt include an \$18 million loss related to the early extinguishment of \$163 million face value, or \$155 million accreted value, of our outstanding Subordinated Discount Notes and \$7 million face value of our 2016 Senior Subordinated Notes. Fiscal 2010 refinancing costs and losses on early extinguishments of debt include a \$53 million loss related to the early extinguishment of our 10% Senior Notes due November 1, 2014 ("2014 Senior Notes"). During the nine months ended November 1, 2014, we recorded a loss on the early extinguishment of debt of \$56 million (\$35 million, net of tax) related to the redemption of the 2018 Senior Notes and a loss on the early

Table of Contents

extinguishment of debt of \$12 million (\$7.5 million, net of tax) related to the redemption of the Holdco Notes in accordance with ASC 470, and a write off of \$5 million of unamortized net premiums.

(3) The calculation of average net sales per selling square foot includes only Michaels comparable stores, as defined below. Aaron Brothers, which is a smaller store model, is excluded from the calculation.

(4) Comparable store sales increase (decrease) represents the increase (decrease) in net sales for stores open the same number of months in the indicated and comparable period of the previous year, including stores that were relocated or expanded during either period as well as e-commerce sales. A store is deemed to become comparable in its 14th month of operation in order to eliminate grand opening sales distortions. A store temporarily closed more than two weeks is not considered comparable during the month it is closed. If a store is closed longer than two weeks but less than two months, it becomes comparable in the month in which it reopens, subject to a mid-month convention. A store closed longer than two months becomes comparable in its 14th month of operation after its reopening.

Table of Contents

Management's discussion and analysis of financial condition and results of operations

The following discussion should be read in conjunction with our Consolidated Financial Statements and the related notes included elsewhere in this prospectus. The following discussion, as well as other portions of this prospectus, contains forward-looking statements that reflect our plans, estimates, and beliefs. Any statements contained herein (including, but not limited to, statements to the effect that Michaels or its management "anticipates," "plans," "estimates," "expects," "believes," "intends," and other similar expressions) that are not statements of historical fact should be considered forward-looking statements and should be read in conjunction with our Consolidated Financial Statements and related notes contained elsewhere in this prospectus. Specific examples of forward-looking statements include, but are not limited to, statements regarding our forecasts of financial performance, capital expenditures, working capital requirements, and forecasts of effective tax rate. Our actual results could materially differ from those discussed in these forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed below and elsewhere in this prospectus, and particularly in "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements."

We report on the basis of a 52- or 53-week fiscal year, which ends on the Saturday closest to January 31. References to a fiscal year mean the year in which that fiscal year began. References herein to "fiscal 2014" relate to the 52 weeks ending January 31, 2015, references to "fiscal 2013" relate to the 52 weeks ended February 1, 2014, references to "fiscal 2012" relate to the 53 weeks ended February 2, 2013 and references to "fiscal 2011" relate to the 52 weeks ended January 28, 2012. In addition, all references herein to "the third quarter of fiscal 2014" relate to the 13 weeks ended November 1, 2014, and all references to "the third quarter of fiscal 2013" relate to the 13 weeks ended November 2, 2013. Finally, all references to "the nine months ended November 1, 2014" relate to the 39 weeks ended November 1, 2014, and the "the nine months ended November 2, 2013" relate to the 39 weeks ended November 2, 2013. Because of the seasonal nature of our business, the results of operations for the 13 and 39 weeks ended November 1, 2014 are not indicative of the results to be expected for the entire year.

Our discussion of financial information for fiscal 2013 includes data from the period preceding the Reorganization (February 3, 2013 to July 21, 2013) and data from the period following the Reorganization (July 22, 2013 to February 1, 2014) on a combined basis.

How we assess the performance of our business

In assessing our performance, we consider a variety of performance and financial measures. The key measures we assess to evaluate the performance of our business are set forth below:

Net sales Our Net sales are comprised of gross sales, net of merchandise returns, coupons and discounts.

Comparable store sales Comparable store sales increase (decrease) represents the increase (decrease) in Net sales for stores open the same number of months in the indicated and comparable period of the previous year, including stores that were relocated or expanded during either period, as well as e-commerce operations. A store is included in comparable store sales in its 14th month of operation, which is when we believe comparability is achieved. When a store that is included in comparable store sales is relocated or remodeled, we continue to consider sales from that store to be comparable store sales at the time of opening. A store temporarily closed more than two weeks is not considered comparable during the month it is closed. If a store is closed longer than two weeks but less than two months, it becomes comparable in the month in which it reopens, subject to mid-month convention. A store closed longer than

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

two months becomes comparable in its 14th month of operation after its reopening. There may be variations in the way that our competitors calculate comparable or "same store" sales. As a result, data in this prospectus regarding our comparable store sales may not be comparable to similar data made available by other retailers.

Various factors may affect comparable store sales, including:

- the number of customer transactions;
- changes in our merchandise mix;
- changes in product pricing including promotional activities;
- the level of customer service that we provide in our stores;
- our store events;
- our ability to source and receive products accurately and efficiently;
- our opening of new stores in the vicinity of our existing stores;
- the number of stores we open, remodel or relocate in any period;
- consumer preferences and buying trends;
- our competitors opening or closing stores near our stores; and
- overall economic trends and conditions.

As we continue to pursue our growth strategy, we expect a portion of our Net sales will continue to come from new stores not included in comparable store sales. Accordingly, comparable store sales is only one measure we use to assess our performance.

Gross profit Gross profit is equal to our Net sales less our Cost of sales and occupancy expense. Gross margin measures gross profit as a percentage of Net sales.

The following Cost of sales is included in merchandise inventories and expensed as the merchandise is sold:

- purchase price of merchandise, net of shrink, damages, vendor allowances and rebates;
- inbound freight, inspection costs, duties and import agent commissions;
- warehousing, handling and transportation costs (including internal transfer costs and related systems such as distribution center-to-store freight costs) and purchasing and receiving costs;
- internal costs of sourcing and design (including technology); and
- share-based compensation costs for those employees involved in preparing inventory for sale

Included in our occupancy expense is the following:

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

store expenses such as rent, insurance, taxes, common area maintenance, utilities, repairs and maintenance;

amortization of store buildings and leasehold improvements;

store closure costs; and

store remodel costs.

We record rent expense ratably over the term of the lease beginning with the date we take possession of or control the physical access to the premises. We record leasehold improvement reimbursements as a

Table of Contents

liability and ratably adjust the liability as a reduction to rent expense over the lease term beginning with either the date we take possession, or control of, the physical access to the premises.

The components of our Cost of sales and occupancy expense may not be comparable to our competitors. As a result, data in this prospectus regarding our gross profit and gross margin may not be comparable to similar data made available by our competitors.

Selling, general, and administrative expense Included in our Selling, general, and administrative costs are store personnel costs, store operating expenses, advertising expenses, store depreciation expense and corporate overhead costs.

Operating income Operating income consists of Gross profit less Selling, general, and administrative expense, Share-based compensation, Impairment of intangible assets, Related party expenses and Store pre-opening costs.

Executive overview

We believe Michaels is where creativity happens. With over \$4.5 billion in sales in fiscal 2013, we are the largest arts and crafts specialty retailer in North America based on store count. Our primary business is the operation of 1,166 Michaels stores across the United States and Canada. We also operate 121 Aaron Brothers stores, offering ready-made frames, custom framing services and art supplies. All store counts are as of November 1, 2014.

Highlights for fiscal 2013 include the following:

Net sales increased to \$4,570 million, a 3.7% improvement over fiscal 2012, which included a 53rd week, driven by comparable store sales growth and the opening of 56 new Michaels and Aaron Brothers stores, including the relocation of 14 Michaels and two Aaron Brothers stores.

In the first half of fiscal 2013, Net sales increased by \$26 million or 1.4% compared to the first half of fiscal 2012; and in the second half of fiscal 2013, Net sales increased by \$136 million, or 5.4% over the second half of fiscal 2012.

Comparable store sales increased 2.9% for fiscal 2013. Comparable store sales for the first half of fiscal 2013 decreased 1.0% and for the second half, increased 5.9%.

During the third quarter of fiscal 2013, we introduced, and are the exclusive big-box retailer of, the Rainbow Loom. In an effort to drive sales of the Rainbow Loom, we dedicated significant advertising and marketing efforts to this on-trend children's craft product. Sales of the Rainbow Loom and replacement rubber bands contributed 2.9% to our comparable stores sales increase for fiscal 2013.

Our Michaels retail stores' private brand merchandise drove 48% of Net sales in fiscal 2013 compared to 49% of Net sales in fiscal 2012.

We reported record operating income of \$610 million, an increase of 3.0% from fiscal 2012.

Net income increased by \$43 million to \$243 million. Adjusted EBITDA, a non-GAAP measure that is a required calculation in our debt agreements, improved by 6.0%, from \$747 million in fiscal 2012 to \$792 million in fiscal 2013 (see "Prospectus summary Summary consolidated financial and operating data").

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

We refinanced our remaining outstanding 2016 Subordinated Notes totaling \$256 million with \$260 million of 5⁷/₈% Senior Subordinated Notes due December 15, 2020.

We continued to build our relationship with our customers through our marketing vehicles, Internet site, mobile platform, in-store experience, and social media outlets.

Highlights for the nine months ended November 1, 2014 include the following:

We completed an initial public offering in which we issued and sold 27.8 million shares of common stock at a public offering price of \$17.00 per share.

Comparable store sales increased 1.9%.

We launched our e-commerce platform to complement our existing web and mobile platforms.

Net sales increased to \$3,130 million, a 3.8% improvement over the nine months ended November 2, 2013, driven by a \$57 million increase in comparable store sales and a \$58 million increase primarily related to 28 additional stores opened (net of closures) since November 2, 2013.

We reported operating income of \$333 million for the nine months ended November 1, 2014. Adjusted EBITDA, a non-GAAP measure that is a required calculation in our debt agreements, improved by 4.6%, from \$459 million in the nine months ended November 2, 2013 to \$480 million in the nine months ended November 1, 2014 (see "Prospectus summary Summary consolidated financial and operating data").

In the remainder of fiscal 2014 and in fiscal 2015, we intend to continue to lead industry growth and innovation through strategic initiatives such as:

making our stores more inviting to a broader set of customers, including those new to do-it-yourself projects and more experienced crafters;

enhancing our in-store shopping experience by creating a more visually appealing environment through improved signage and open sightlines to make it easier for our customers to shop;

strengthening our connections with existing customers and reaching new customers through an expanded marketing program, including print, digital, direct mail, broadcast and community events;

broadening our merchandising and sourcing capabilities to better identify and source new trends, merchandise and categories that enhance our portfolio of exclusive brands and products; and

expanding our omni-channel offering of merchandise, promotional, and marketing events.

Critical accounting policies and estimates

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

We have prepared our financial statements in conformity with U.S. GAAP, and these financial statements necessarily include some amounts that are based on our informed judgments and estimates. Our senior management has discussed the development and selection of these critical accounting estimates, and the disclosure in this section of this prospectus regarding them, with the Audit Committee of our Board. Our significant accounting policies are discussed in Note 1 to our Consolidated Financial Statements for the year ended February 1, 2014. Our critical accounting policies represent those policies that are subject to judgments and uncertainties. As discussed below, our financial position and results of operations may be materially different when reported under different conditions or when using different assumptions in the

Table of Contents

application of these policies. In the event estimates or assumptions prove to be different from actual amounts, adjustments are made in subsequent periods to reflect more current information. Our critical accounting policies include:

Merchandise inventories Merchandise inventories are valued at the lower of cost or market, with cost determined using a weighted average method. Cost is calculated based upon the price paid for an item at the time it is received by us, and also includes the cost of warehousing, handling, purchasing, and importing the inventory, as well as inbound and outbound transportation, partially offset by vendor allowances. This net inventory cost is recognized through cost of sales when the inventory is sold. It is impractical for us to assign specific allocated overhead costs and vendor allowances to individual units of inventory. As such, to match net inventory costs against the related revenues, we estimate the net inventory costs to be deferred and recognized each period as the inventory is sold.

Vendor allowances, which primarily represent volume rebates and cooperative advertising funds, are recorded as a reduction of the cost of the merchandise inventories and a subsequent reduction in cost of sales when the inventory is sold. We generally earn vendor allowances as a percentage of certain merchandise purchases with no minimum purchase requirements. Typically, our vendor allowance programs extend for a period of 12 months. We recognized vendor allowances of \$102 million, or 2.2% of Net sales in fiscal 2013, \$110 million, or 2.5% of Net sales in fiscal 2012, and \$115 million, or 2.7% of Net sales in fiscal 2011. During the three fiscal years ended February 1, 2014, the number of vendors from which vendor allowances were received ranged from approximately 620 to 660. As a result of our increased direct import volume, vendor allowances, as a percentage of Net sales, have been declining and we expect this trend to continue in future years.

We utilize perpetual inventory records to value inventory in our stores. Physical inventory counts are performed in a significant number of stores during each fiscal quarter by a third-party inventory counting service. Substantially all stores open longer than one year are subject to at least one count each fiscal year. We adjust our perpetual records based on the results of the physical counts. We maintain a provision for estimated shrinkage based on the actual historical results of our physical inventories. We compare our estimates to the actual results of the physical inventory counts as they are taken and adjust the shrink estimates accordingly. A 10% change in our estimated shrinkage reserve would have affected Net income by approximately \$1 million for fiscal 2013. We also evaluate our merchandise to ensure that the expected net realizable value of the merchandise held at the end of a fiscal period exceeds cost. In the event that the expected net realizable value is less than cost, we reduce the value of that inventory accordingly. A 10% change in our inventory valuation reserve would have affected Net income by approximately \$1 million for fiscal 2013.

Goodwill We review goodwill for impairment each year in the fourth quarter, or more frequently if required. Beginning in fiscal 2011, in conducting our impairment review, we elected to first perform a qualitative assessment to determine whether it is more likely than not (that is, a likelihood of more than 50 percent) the fair value of our reporting units is less than its carrying value. Factors used in our qualitative assessment include, but are not limited to, macroeconomic conditions, industry and market conditions, cost factors, overall financial performance, company and reporting unit specific events, and the margin between the fair value and carrying value in recent valuations.

If, after assessing the totality of events or circumstances such as those described above, we determine that it is more likely than not that the fair value of our reporting unit is greater than its carrying amount, no further action is required. If we determine that it is more likely than not that the fair value of our reporting unit is less than its carrying amount, we will compare the reporting unit's carrying value to its

Table of Contents

estimated fair value, determined through estimated discounted future cash flows and market-based methodologies. If the carrying value exceeds the estimated fair value, we determine the fair value of all assets and liabilities of the reporting unit, including the implied fair value of goodwill. If the carrying value of goodwill exceeds the implied fair value, we recognize an impairment charge equal to the difference.

Factors used in the valuation of goodwill include, but are not limited to, management's plans for future operations, recent operating results and discounted projected future cash flows. Material assumptions used in our impairment analysis include the weighted average cost of capital percentage, terminal growth rate and forecasted long-term sales growth. During fiscal 2012, we recognized a goodwill impairment charge of \$1 million for our online scrapbooking business. See Note 10 to our Consolidated Financial Statements for the year ended February 1, 2014 for further information. During fiscal 2013 and fiscal 2011, there was no impairment charge taken on our goodwill.

Impairment of long-lived assets We evaluate long-lived assets, other than goodwill and assets with indefinite lives, for indicators of impairment whenever events or changes in circumstances indicate their carrying amounts may not be recoverable. Additionally, for store assets, we evaluate the performance of individual stores for indicators of impairment and underperforming stores are selected for further evaluation of the recoverability of the carrying amounts. The evaluation of long-lived assets is performed at the lowest level of identifiable cash flows, which is at the individual store level.

Our evaluation requires consideration of a number of factors including changes in consumer demographics and uncertain future events. Accordingly, our accounting estimates may change from period to period. These factors could cause management to conclude impairment indicators exist and require that tests be performed, which could result in a determination that the value of long-lived assets is impaired, resulting in a writedown to fair value.

Our initial indicator that store assets are considered to be recoverable is that the estimated undiscounted cash flows for the remaining lease term, assuming zero growth over current year store performance, exceed the carrying value of the assets. This evaluation is performed on stores open longer than 36 months (unless significant impairment indicators exist), as we consider a store to become mature after that time period. Any stores that do not meet the initial criteria are further evaluated taking into consideration the estimated undiscounted store-specific cash flows for the remaining lease term compared to the carrying value of the assets. To estimate store-specific future cash flows, management must make assumptions about key store variables, including sales, growth rate, gross margin, payroll and other controllable expenses. Furthermore, management considers other factors when evaluating stores for impairment, including the individual store's execution of its operating plan and other local market conditions.

An impairment is recognized once all the factors noted above are taken into consideration and it is determined the carrying amount of the store's assets are not recoverable. The impairment is based on estimated fair value of the assets, excluding assets that can be redeployed. In fiscal 2013, we recorded an impairment charge, net of tax, of approximately \$1 million. In fiscal 2012, we recorded an impairment charge, net of tax, of \$4 million related to the write off of long-lived assets associated with our online scrapbooking business. We recorded an impairment charge, net of tax, of less than \$1 million in fiscal 2011. In addition to recording impairment charges based on the previously discussed criteria, we maintain a list of stores we consider at risk and monitor those stores closely. As of February 1, 2014, we had one Michaels store which had been open longer than 36 months, which we considered at risk for impairment.

Table of Contents

Reserve for closed facilities We maintain a reserve for future rental obligations, carrying costs, and other closing costs related to closed facilities, primarily closed and relocated stores. In accordance with ASC 420, *Exit or Disposal Cost Obligations*, we recognize exit costs for any store closures at the time the store is closed. Such costs are recorded within the Cost of sales and occupancy expense line item on our Consolidated Statements of Comprehensive Income.

The cost of closing a store or facility is calculated as the lesser of the present value of future rental obligations remaining under the lease (less estimated sublease rental income) or the lease termination fee. The determination of the reserves is dependent on our ability to make reasonable estimates of costs to be incurred post-closure and of rental income to be received from subleases. In planning our store closures, we try to time our exits as close to the lease termination date as possible to minimize any remaining lease obligation. As of February 1, 2014 and February 2, 2013, our reserves for closed facilities were \$5 million and \$8 million, respectively. If our estimates only included rental income under actual subleases and not potential future subleases, the reserves would increase by approximately \$4 million.

Self-insurance We have insurance coverage for losses in excess of self-insurance limits for medical liability, general liability and workers' compensation claims. Health care reserves are based on actual claims experience and an estimate of claims incurred but not reported. Reserves for general liability and workers' compensation are determined through the use of actuarial studies. Due to the significant judgments and estimates utilized in determining these reserves, they are subject to a high degree of variability. In the event our insurance carriers are unable to pay claims submitted to them, we would record a liability for such estimated payments we expect to incur. A 10% change in our self-insurance liability would have affected Net income by approximately \$4 million for fiscal 2013.

Revenue recognition Revenue from sales of our merchandise is recognized when the customer takes possession of the merchandise. Revenue is presented net of sales taxes collected. Sales related to custom framing are deferred until the order is picked up by the customer, which we estimate based on historical customer behavior. We deferred nine days of custom framing revenue at the end of fiscal 2013, 10 days at the end of fiscal 2012 and 13 days at the end of fiscal 2011. A one day change in our custom frame deferral would have had a minimal impact on our fiscal 2013 Net income. As of February 1, 2014 and February 2, 2013, our deferred framing revenue was approximately \$9 million and \$8 million, respectively.

We allow for merchandise to be returned under most circumstances within 60 days of purchase date and provide a reserve for estimated returns. We use historical customer return behavior to estimate our reserve requirements. As of February 1, 2014 and February 2, 2013, our sales returns reserve was approximately \$3 million.

We record a gift card liability on the date we issue the gift card to the customer. We record revenue and reduce the gift card liability as the customer redeems the gift card. The deferred revenue associated with outstanding gift cards increased \$3 million from \$33 million at February 2, 2013 to \$36 million as of February 1, 2014. We escheat the value of unredeemed gift cards where required by law. Any remaining liabilities not subject to escheatment are evaluated to determine whether the likelihood of the gift card being redeemed is remote (gift card breakage). We recognize gift card breakage as revenue, by applying our estimate of the rate of gift card breakage over the period of estimated performance. Our estimates of the gift card breakage rate are applied to the estimated amount of gift cards that are expected to go unused and that are not subject to escheatment, and such estimates are based on customers' historical redemption rates and patterns. We recognized revenue of approximately \$3 million in fiscal 2013, \$3 million in fiscal 2012 and \$1 million in fiscal 2011 related to such gift card balances. We do not believe there is a reasonable likelihood that there will be a material change in the future estimates or assumptions

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

we use to recognize income related to unredeemed gift cards. However, if actual results are not consistent with our assumptions, we may record additional income or expense.

Cost of sales and occupancy expense Cost of sales and occupancy expense include the following which may not be comparable to other companies:

Cost of sales are included in merchandise inventories and expensed as the merchandise is sold. Included in our Cost of sales are the following:

purchase price of merchandise, net of vendor allowances and rebates;

inbound freight, inspection costs, duties and import agent commissions;

warehousing, handling, and transportation costs (including internal transfer costs such as distribution center-to-store freight costs) and purchasing and receiving costs; and

share-based compensation costs for those employees involved in preparing inventory for sale.

Included in our occupancy expenses are the following costs which are recognized as period costs as described below:

store expenses such as rent, insurance, taxes, common area maintenance, utilities, repairs and maintenance;

amortization of store buildings and leasehold improvements;

store closure costs; and

store remodel costs.

We record rent expense ratably over the term of the lease beginning with the date we take possession of or control the physical access to the premises. We record leasehold improvement reimbursements as a liability and ratably adjust the liability as a reduction to rent expense over the lease term beginning with the date we take possession of or control the physical access to the premises. At times, we receive landlord reimbursements for leasehold improvements made during the lease term, which we record as a liability and ratably adjust as a reduction to rent expense over the remaining lease term.

Share-based compensation expenses ASC 718 *Stock Compensation* ("ASC 718"), requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements. During the first two quarters of fiscal 2011 and the last quarter of fiscal 2013, the Company measured employee stock option expense for new awards using the grant date fair value accounting guidance of ASC 718. During the last two quarters of fiscal 2011, all of fiscal 2012, and the first three quarters of fiscal 2013, the Company determined its employee stock options should be recorded under the liability accounting guidance of ASC 718. As such, we measured share-based compensation based on either the grant date fair value of the equity awards, the fair value of our option awards at the end of the period, or at the fair value as most recently determined. Expense for unvested options and stock awards is recognized ratably over the requisite service period. We estimate the fair value of stock option awards using a Black-Scholes option value model.

All grants of our stock options have an exercise price equal to or greater than the fair market value of our Common Stock on the date of grant. Because we were privately held and there was no public market for our Common Stock prior to our initial public offering, the fair value of our equity was historically estimated

Table of Contents

by our management, relying in part on an independent appraisal of our fair market value by a third-party valuation firm and approved by our Board at the time option grants are awarded. Since the second quarter of 2011, our management had performed contemporaneous quarterly valuations of our Common Stock on the last day of each quarterly period; option grants or equity grants occurring between valuations are valued at the last Board approved fair value of our Common Stock. In estimating the fair value of our Common Stock, management and the Board considered factors it believed were material to the valuation process including the Company's actual and projected financial results, the principal amount of the Company's indebtedness and formal valuation ranges of the Company, prepared by a third-party valuation firm. In fiscal 2013, fiscal 2012 and fiscal 2011, valuations completed relied on projections of our future performance, estimates of our weighted average cost of capital, and metrics based on the performance of a peer group of similar companies, including valuation multiples and stock price volatility.

From February 2, 2013 to February 1, 2014, the estimated fair value of common stock decreased from \$18.25 to \$16.03 per share. A cash dividend paid to all equity holders in July 2013 decreased the fair value of the common stock by the amount of the cash dividend of \$4.38 per share. The fair value decrease from the dividend was partially offset due to recent market trends for guideline company transactions.

The following table details information on stock options granted by quarter for fiscal year 2013. The exercise price and the fair value of common stock at grant in the table below have been reduced by the cash dividend of \$4.38 per share, if applicable.

Quarter end date	# of options granted	Exercise price	Fair value of common stock at grant	Average fair value of option at February 1, 2014
May 4, 2013	1,988,093	\$ 13.80	\$ 13.80	\$ 4.49
August 3, 2013	944,418	\$ 13.90	\$ 13.90	\$ 4.78
November 2, 2013	114,980	\$ 14.76	\$ 14.76	\$ 5.11
February 1, 2014	168,633	\$ 15.56	\$ 15.56	\$ 3.83

Other assumptions used in the option value models for estimating the fair value of stock option awards included expected volatility of our common stock share price, expected terms of the options, expected dividends, and historical risk-free rates. The expected volatility rate was based on both historical volatility as well as implied volatilities from the exchange-traded options on the common stock of a peer group of companies. We utilized historical exercise and post-vesting employment behavior to estimate the expected terms of the options and did not use a dividend rate assumption. The risk-free interest rate was based on the yields of U.S. Treasury instruments with approximately the same term as the expected life of the stock option award. Our forfeiture assumptions were estimated based on historical experience and anticipated events. We updated our assumptions quarterly based on historical trends and current market observations.

As of February 1, 2014, compensation cost not yet recognized related to non-vested awards totaled \$24 million and is expected to be recognized over a weighted-average period of 2.9 years. In the event of a Change in Control (as defined in the Stockholders Agreement), all non-vested awards will vest and the \$24 million would be immediately recognized.

Table of Contents

Income taxes We record income tax expense using the liability method for taxes and are subject to income tax in many jurisdictions, including the United States, various states and localities, and Canada. A current tax liability or asset is recognized for the estimated taxes payable or refundable on the tax returns for the current year and a deferred tax liability or asset is recognized for the estimated future tax effects attributable to temporary differences and carryforwards. Deferred tax assets and liabilities are measured using enacted income tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in tax rates is recognized as income or expense in the period that includes the enactment date. A valuation allowance is recorded to reduce the carrying amounts of deferred tax assets unless it is more likely than not that such assets will be realized. In evaluating our ability to realize our deferred tax asset, we considered the following sources of future taxable income:

future reversals of existing taxable temporary differences;

future taxable income, exclusive of reversing temporary differences and carryforwards;

taxable income in prior carryback years; and

tax-planning strategies.

Our evaluation regarding whether a valuation allowance is required or should be adjusted also considers, among other things, the nature, frequency, and severity of recent losses, forecasts of future profitability and the duration of statutory carryforward periods. Our forecast of future profitability represents our best estimate of these future events. After conducting this assessment, the valuation allowance recorded, net of federal benefit, against our deferred tax assets was \$9 million and \$10 million as of February 1, 2014 and February 2, 2013, respectively. If actual results differ from estimated results, or if we adjust these assumptions in the future, we may need to adjust our deferred tax assets or liabilities, which could impact our effective tax rate.

The amount of income taxes we pay is subject to ongoing audits in the taxing jurisdictions in which we operate. During these audits, the taxing authorities may challenge items on our tax returns. Because the tax matters challenged by tax authorities are typically complex, the ultimate outcome of these challenges is uncertain. We recognize tax benefits for uncertain positions only to the extent that we believe it is more likely than not that the tax position will be sustained. Our future results may include favorable or unfavorable adjustments to our unrecognized tax benefits due to closure of income tax audits, new regulatory or judicial pronouncements, or other relevant events. As a result, our effective tax rate may fluctuate significantly on a quarterly and annual basis.

Table of Contents**Results of operations**

The following table sets forth the percentage relationship to Net sales of line items of our Consolidated Statements of Comprehensive Income. This table should be read in conjunction with the following discussion and with our Consolidated Financial Statements, including the related notes.

	November 1, 2014	Quarter ended November 2, 2013	November 1, 2014	Nine months ended November 2, 2013
Net sales	100.0%	100.0%	100.0%	100.0%
Cost of sales and occupancy expense	60.0	59.5	60.4	60.2
Gross profit	40.0	40.5	39.6	39.8

Net income	5.3%	4.5%	3.8%
-------------------	------	------	------

Table of Contents

Quarter ended November 1, 2014 compared to the quarter ended November 2, 2013

Net sales Net sales increased \$12 million for the third quarter of fiscal 2014, or 1.1%, compared to the third quarter of fiscal 2013. The increase in net sales was due to a \$21 million increase primarily related to 28 additional stores opened (net of closures) since November 2, 2013, partially offset by a \$9 million decrease in comparable store sales. Comparable store sales decreased 0.8%, or 0.2% at constant exchange rates, due to a decrease in customer transactions, partially offset by an increase in the average ticket.

Gross profit Gross profit was 40.0% of net sales in the third quarter of fiscal 2014 compared to 40.5% in the third quarter of fiscal 2013. The 50 basis point decline is primarily related to a 130 basis points increase in merchandise costs, higher promotional activity, an increase in e-commerce operation expenses and an increase in occupancy costs. These increases were partially offset by a 70 basis points improvement primarily due to favorable shrink experience and distribution related cost.

Selling, general, and administrative expense Selling, general and administrative ("SG&A") was 26.9% of net sales for the third quarter of fiscal 2014 compared to 27.6% in the third quarter of fiscal 2013. SG&A decreased \$5 million to \$304 million for the third quarter of fiscal 2014. The decrease is due to a \$7 million reduction in performance-based compensation and an \$8 million decrease in professional costs. The decrease was partially offset by a \$7 million increase in costs associated with operating 28 additional stores (net of closures) and a \$4 million increase in marketing costs.

Share-based compensation Share-based compensation was consistent at \$4 million in the third quarter of fiscal 2014 and 2013.

Related party expenses Related party expenses decreased \$3 million in the third quarter of fiscal 2014 due the termination of the management services agreement in connection with the initial public offering completed in July 2014.

Interest expense Interest expense decreased \$21 million to \$41 million in the third quarter of fiscal 2014. The decrease is primarily attributable to interest savings from the redemption of the 2018 Senior Notes and the partial pay down of the Holdco Notes in the second quarter of fiscal 2014. The decrease was partially offset by an increase in interest expense related to the additional \$850 million of debt issued on July 2, 2014 under our existing term loan facility (the "Additional Term Loans").

Provision for income taxes The effective tax rate was 36.0% for the third quarter of fiscal 2014 compared to 35.6% for the third quarter of fiscal 2013. The effective tax rate in the third quarter of fiscal 2014 is higher than the prior year due primarily to fewer credits under the Work Opportunity Tax Credit program.

Nine months ended November 1, 2014 compared to the nine months ended November 2, 2013

Net sales Net sales increased \$115 million for the first nine months of fiscal 2014, or 3.8%, compared to the first nine months of fiscal 2013. The increase in net sales was due primarily to a \$57 million increase in comparable store sales and a \$58 million increase primarily related to 28 additional stores opened (net of closures) since November 2, 2013. Comparable store sales increased 1.9%, or 2.5% at constant exchange rates due primarily to an increase in average ticket.

Gross profit Gross profit was 39.6% of net sales for the first nine months of fiscal 2014 compared to 39.8% for the first nine months of fiscal 2013. The 20 basis point decrease is primarily related to a 110 basis points increase in merchandise costs, higher promotional activity and an increase in e-commerce operation expenses. The decrease was partially offset by a 70 basis points improvement due to favorable shrink experience and leverage associated with occupancy expense as a result of higher sales.

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

Selling, general and administrative SG&A was 27.3% of net sales for the first nine months of fiscal 2014 compared to 27.7% for the first nine months of fiscal 2013. SG&A increased \$21 million to \$856 million for the first nine months of fiscal 2014 due primarily to \$21 million of costs associated with operating 28 additional stores (net of closures) and a \$5 million increase in marketing. The increase was partially offset by a \$4 million decrease in payroll related costs.

Share-based compensation Share-based compensation decreased by \$5 million to \$10 million in the first nine months of fiscal 2014 due primarily to option awards which became fully vested in the second quarter of fiscal 2014.

Related party expenses Related party expenses increased \$25 million to \$35 million in the first nine months of fiscal 2014 due to a \$30 million fee paid to terminate the management services agreement in connection with our initial public offering completed in July 2014.

Interest expense Interest expense increased \$5 million to \$159 million in the first nine months of fiscal 2014. The increase is primarily attributable to the \$800 million of Holdco Notes that were issued in July 2013. This increase was partially offset by interest savings from the debt refinancing in the second quarter of fiscal 2014.

Losses on early extinguishment of debt and refinancing costs We recorded a loss on the early extinguishment of debt of \$68 million during the first nine months of fiscal 2014 related to the redemption of our 2018 Senior Notes and the partial redemption of our Holdco Notes, consisting of \$55 million of redemption premiums and \$18 million to write off related debt issuance costs. The loss was partially offset by a \$5 million write off of the unamortized net premium.

Provision for income taxes The effective tax rate for the first nine months of fiscal 2014 was 41.9% compared to 36.0% in the same period in the prior year. The effective tax rate for the first nine months of fiscal 2014 is higher than the prior year primarily due to a change in the status of our Canadian subsidiary, which resulted in the write off of certain deferred tax assets. In addition, the prior year includes higher state tax credits due to a change in tax law. We currently estimate our annualized effective tax rate for fiscal 2014 to be approximately 39%.

Fiscal 2013 compared to fiscal 2012

Net sales Net sales of \$4,570 million increased for fiscal 2013 by \$162 million, or 3.7%, over fiscal 2012 due to \$102 million of incremental revenue from our non-comparable stores and a \$126 million increase in comparable store sales, partially offset by \$66 million related to the 53rd week of fiscal 2012. Comparable store sales increased 2.9% driven by an increase in the average ticket of 3.3%, partially offset by a decrease in transactions of 0.4%. Comparable store sales growth was strongest in our children's crafts categories due primarily to sales of the Rainbow Loom and replacement rubber bands.

Cost of sales and occupancy expense Cost of sales and occupancy expense increased \$105 million to \$2,748 million in fiscal 2013 from \$2,643 million in fiscal 2012 due primarily to a \$68 million increase in merchandise costs associated with higher sales, an \$8 million increase in inventory reserve expense due to an increase in discontinued stock keeping units associated with planned merchandise resets and a slower sell-through of this merchandise and an \$8 million reduction in the recognition of vendor allowances compared to the prior year, partially offset by a \$6 million decrease in freight and distribution costs. In addition, we had a \$6 million decrease from favorable shrink experience in fiscal 2013 compared to fiscal 2012. We also had a \$32 million increase in occupancy expenses, including \$20 million from opening new stores, a \$5 million increase in store remodel expenses and a \$9 million increase from higher maintenance

Table of Contents

costs in fiscal 2013 compared to fiscal 2012. These increases were partially offset by \$2 million lower utilities expenses due to more favorable weather in fiscal 2013 compared to fiscal 2012.

Cost of sales and occupancy expense increased 10 basis points, as a percentage of Net sales, to 60.1% in fiscal 2013 from 60.0% in fiscal 2012. Occupancy costs increased 20 basis points in fiscal 2013 compared to fiscal 2012 due to higher remodel and maintenance costs. Cost of sales decreased 10 basis points in fiscal 2013 compared to fiscal 2012 primarily due to improved operational efficiencies at our vertically integrated framing operations.

Selling, general, and administrative expense Selling, general, and administrative expense was \$1,170 million in fiscal 2013 compared to \$1,132 million in fiscal 2012. Selling, general, and administrative expense increased \$38 million driven by \$26 million of incremental new store costs; Michaels retail store count increased by 37 stores in fiscal 2013 and 35 stores in fiscal 2012. Additionally, Selling, general, and administrative expense increased by \$8 million for outside professional fees for strategic initiatives and by \$27 million for higher store and corporate payroll, benefits and other personnel expenses. The higher payroll, benefits and other personnel expenses were partially offset by approximately \$23 million from additional store and corporate payroll associated with the 53rd week of fiscal 2012. As a percentage of Net sales, Selling, general, and administrative expense decreased 10 basis points primarily due to increased leverage of payroll and benefits from higher comparable store sales.

Share-based compensation Share-based compensation expenses increased to \$23 million for fiscal 2013 from \$15 million in fiscal 2012 due to new option grants and changes in estimates for expected forfeitures.

Impairment of intangible assets Impairment of intangible assets for fiscal 2012 was related to an impairment charge of \$7 million for long-lived assets and \$1 million for goodwill, associated with our online scrapbooking business.

Related party expenses Related party expenses were \$14 million for fiscal 2013 and \$13 million for fiscal 2012, consisting of management fees and associated expenses paid to our Sponsors and Highfields.

Interest expense Interest expense decreased from \$245 million in fiscal 2012 to \$215 million in fiscal 2013, due to a reduction in the overall average interest rate on our higher outstanding debt balance.

Refinancing costs and losses on early extinguishments of debt During fiscal 2013, we recorded a \$7 million loss related to the redemption of \$137 million of our then outstanding 2016 Senior Subordinated Notes. The \$7 million loss was comprised of a \$5 million redemption premium and \$2 million to write off related debt issuance costs. In addition, we recorded refinancing costs of \$7 million related to subsequent refinancing of our remaining outstanding 2016 Senior Subordinated Notes. During fiscal 2012, we recorded refinancing costs of \$12 million related to our Restated Term Loan Credit Facility. We also recorded a loss of \$8 million to write off debt issuance costs related to our Senior Secured Term Loan Facility and prepayment of our B-1 Term Loans. In addition, we recorded an \$11 million loss related to the redemption of our remaining outstanding Subordinated Discount Notes. The \$11 million loss was comprised of an \$8 million redemption premium and \$3 million to write off related debt issuance costs. Finally we recorded a loss of \$2 million to write off debt issuance costs related to our senior secured asset-based Revolving Credit Facility. See Note 5 to our Consolidated Financial Statements for the year ended February 1, 2014.

Other (income) and expense, net Other income for fiscal 2013 was primarily related to foreign exchange transaction losses. Other income for fiscal 2012 is primarily related to foreign exchange transaction gains.

Table of Contents

Provision for income taxes Our effective tax rate for fiscal 2013 was 35.9%. Our effective tax rate was 36.5% for fiscal 2012. Our effective rate was higher than the statutory rate due primarily to the impact of state taxes.

Fiscal 2012 compared to fiscal 2011

Net sales Net sales of \$4,408 million increased by \$198 million, or 4.7%, over fiscal 2011 due to \$70 million of incremental revenue from our non-comparable stores, \$66 million from the 53rd week of fiscal 2012, and a \$62 million increase in comparable store sales. Comparable store sales increased 1.5% driven by an increase in transactions of 0.8% and an increase in the average ticket of 0.7%. Comparable store sales dollar growth was strongest in custom framing within our framing department and percentage growth was the strongest in home accents within our seasonal and home décor department.

Cost of sales and occupancy expense Cost of sales and occupancy expense increased \$111 million to \$2,643 million in fiscal 2012 from \$2,532 million in fiscal 2011 due primarily to a \$95 million increase in merchandise costs associated with higher sales, including \$66 million of sales from the 53rd week of fiscal 2012. The increase was partially offset by a \$14 million decrease in merchandise costs related to our increased direct import volume, private brand initiative, and improved pricing and promotion management. These initiatives allowed us to reduce design, sourcing and intermediary product costs. In addition, we had a \$7 million increase from favorable shrink experience in fiscal 2011 compared to more normal levels in fiscal 2012, and a \$5 million increase from lower recognition of vendor allowances compared to prior year. Finally, rent and related expenses increased \$15 million due mainly to \$10 million of new store rent and a \$3 million increase in occupancy insurance premiums.

Cost of sales and occupancy expense decreased 10 basis points, as a percentage of Net sales, to 60.0% in fiscal 2012 from 60.1% in fiscal 2011. Merchandise cost decreased 30 basis points driven by our increased direct import volume, private brand initiative, and improved pricing and promotion management, while occupancy decreased 30 basis points due to increased leverage on higher store sales. These improvements were partially offset by a 20 basis point increase from the recognition of vendor allowances compared to prior year.

Selling, general, and administrative expense Selling, general, and administrative expense was \$1,132 million in fiscal 2012 compared to \$1,090 million in fiscal 2011. Selling, general, and administrative expense increased \$42 million driven by \$23 million of incremental store costs for operating 35 additional Michaels stores and a \$17 million increase in store payroll from additional payroll associated with the 53rd week of fiscal 2012, as well as a higher average hourly wage rate. In addition, we had a \$6 million increase in corporate payroll due primarily to the 53rd week of fiscal 2012, an increase in wage rate and an increased headcount. Finally, we had a \$4 million increase in group insurance claims and payroll tax increased \$4 million mainly due to an increase in unemployment insurance rates compared to last year. These amounts were partially offset by an \$18 million decrease in bonus expense from a lower bonus payout recognized in fiscal 2012 compared to fiscal 2011.

As a percentage of Net sales, Selling, general, and administrative expense decreased 20 basis points primarily due to a 50 basis point decrease in bonus expense compared to fiscal 2011.

Share-based compensation expense Share-based compensation expense decreased to \$15 million for fiscal 2012 from \$33 million in fiscal 2011 due to the change in fair value of option awards under liability accounting.

Table of Contents

Impairment of intangible assets Impairment of intangible assets for fiscal 2012 is related to an impairment charge of \$7 million for long-lived assets associated with our online scrapbooking business and a goodwill impairment charge of \$1 million, which represents the carrying amount of the goodwill of our online scrapbooking business.

Related party expenses Related party expenses were \$13 million for each of fiscal 2012 and fiscal 2011, consisting of management fees and associated expenses paid to our Sponsors and Highfields.

Interest expense Interest expense decreased from \$254 million in fiscal 2011 to \$245 million in fiscal 2012, as a result of a \$449 million reduction in our total debt outstanding, partially offset by a higher average interest rate on our outstanding debt.

Refinancing costs and losses on early extinguishments of debt During fiscal 2012, we recorded refinancing costs of \$12 million related to our Restated Term Loan Credit Facility. We also recorded a loss of \$8 million to write off debt issuance costs related to our Senior Secured Term Loan Facility and prepayment of our B-1 Term Loans. In addition, we recorded an \$11 million loss related to the redemption of our remaining outstanding Subordinated Discount Notes. The \$11 million loss was comprised of an \$8 million redemption premium and \$3 million to write off related debt issuance costs. Finally, we recorded a loss of \$2 million to write off debt issuance costs related to our senior secured asset-based Revolving Credit Facility. During fiscal 2011, we recorded a loss of \$18 million related to the early extinguishment of \$163 million face value, or \$155 million accreted value, of our Subordinated Discount Notes and \$7 million face value of our 2016 Senior Subordinated Notes. The \$18 million loss was comprised of \$11 million to recognize the unrealized interest accretion and the write off of related debt issuance costs, as well as \$7 million of purchase premiums. See Note 5 to our Consolidated Financial Statements for the year ended February 1, 2014.

Other (income) and expense, net Other income for fiscal 2012 is primarily related to foreign exchange transaction gains. Other expense for fiscal 2011 is related to a \$5 million unfavorable change in the fair value of the interest rate derivative (the "interest rate cap"), as more fully described in Note 9 to our Consolidated Financial Statements for the year ended February 1, 2014, and \$4 million in foreign exchange transaction losses.

Provision for income taxes Our effective tax rate for fiscal 2012 was 36.5%. Our effective tax rate for fiscal 2011 was 38.9%. Our rate was lower than the prior year rate due primarily to the reversal of accruals for uncertain tax positions as a result of the closure of tax audits and the expiration of the statute of limitations on previously open tax years.

Liquidity and capital resources

We require cash principally for day-to-day operations, to finance capital investments, to purchase inventory, to service our outstanding debt, and for seasonal working capital needs. We expect that our available cash, cash flow generated from operating activities, and funds available under our Restated Revolving Credit Facility will be sufficient to fund planned capital expenditures, working capital requirements, debt repayments, debt service requirements and anticipated growth for the foreseeable future. Our ability to satisfy our liquidity needs and continue to refinance or reduce debt could be adversely affected by the occurrence of any of the events described under "Risk Factors" or our failure to meet our debt covenants as described in "Cash Flow from Financing Activities." Our Restated Revolving Credit Facility provides senior secured financing of up to \$650 million. As of November 1, 2014, the borrowing base was \$650 million, of which we had no outstanding borrowings, \$62 million of outstanding

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

letters of credit and \$588 million of unused borrowing capacity. Our cash and cash equivalents increased \$121 million from \$73 million at November 2, 2013 to \$194 million at November 1, 2014.

On October 31, 2006, substantially all of the common stock of MSI was acquired by the Sponsors through a merger transaction. To finance the Merger, MSI issued the 2014 Senior Notes, 2016 Senior Subordinated Notes and Subordinated Discount Notes and executed a Senior Secured Term Loan Facility and a senior secured asset-based Revolving Credit Facility which in the aggregate was approximately \$4.0 billion. Since October 31, 2006, MSI has retired or purchased some of this debt through redemptions, repurchases or exchanges and has issued new debt or amended existing debt facilities.

In July 2013, FinCo Holdings and FinCo Inc. issued the Holdco Notes. FinCo Holdings distributed the proceeds, net of expenses, to The Michaels Companies, Inc. We used this cash to pay a cash dividend, distribution and other payments to our equity and equity award holders and pay related fees and expenses.

Our substantial indebtedness could adversely affect our ability to raise additional capital, limit our ability to react to changes in the economy or our industry, expose us to interest rate risk, and prevent us from meeting our obligations. Management reacts strategically to changes in economic conditions and monitors compliance with debt covenants to seek to mitigate any potential material impacts to our financial condition and flexibility.

We intend to use excess operating cash flows to repay portions of our indebtedness and to invest in growth opportunities, depending on market conditions. If we use our excess cash flows to repay our debt, it will reduce the amount of excess cash available for additional capital expenditures.

As of February 2, 2013, we had an aggregate principal amount of \$393 million of our 2016 Senior Subordinated Notes scheduled to mature in November 2016. On February 27, 2013, we redeemed \$137 million in aggregate principal amount of the outstanding 2016 Senior Subordinated Notes with cash on hand and borrowings made under the Restated Term Loan Credit Facility for an aggregate redemption price (including the applicable redemption premium and accrued and unpaid interest) of \$147 million. On December 19, 2013, we issued an irrevocable notice of redemption to the holders of our remaining outstanding 2016 Senior Subordinated Notes, deposited the net proceeds of the offering of our 5⁷/₈% Senior Subordinated Notes due 2020 ("2020 Senior Subordinated Notes") and additional cash with the trustee under the indenture governing the 2016 Senior Subordinated Notes ("2016 Senior Subordinated Notes Indenture") and instructed the trustee to (a) redeem the 2016 Senior Subordinated Notes on January 21, 2014 and (b) discharge our obligations under the 2016 Senior Subordinated Notes Indenture. Accordingly, our obligations under the 2016 Senior Subordinated Notes Indenture were discharged.

As of May 3, 2014, we had an aggregate principal amount of \$1,006 million of our 2018 Senior Notes outstanding. On June 16, 2014 and July 2, 2014, we issued irrevocable notices of redemption to the holders of our 2018 Senior Notes with respect to the redemption of an aggregate principal amount of \$235 million of 2018 Senior Notes on July 16, 2014 and \$765 million of 2018 Senior Notes on August 1, 2014, respectively. On July 2, 2014, we also deposited the net proceeds of the offering of our Additional 2020 Senior Subordinated Notes and the borrowing of the Additional Term Loans with the trustee under the indenture governing the 2018 Senior Notes (the "Senior Notes Indenture") and instructed the trustee to (a) redeem the 2018 Senior Notes on the applicable redemption dates and (b) discharge our obligations under the 2018 Senior Notes Indenture on August 1, 2014. Accordingly, our obligations under the Senior Notes Indenture were discharged.

Table of Contents

As of May 3, 2014, we had an aggregate principal amount of \$800 million of our Holdco Notes scheduled to mature in August 2018. On August 1, 2014, we redeemed \$439 million in aggregate principal amount of the outstanding Holdco Notes with proceeds from our initial public offering for an aggregate redemption price (including the applicable redemption premium and accrued and unpaid interest) of \$474 million. On December 10, 2014, we redeemed a further \$180 million in aggregate principal amount of the outstanding Holdco Notes with cash on hand for an aggregate redemption price (including the applicable redemption premium and accrued and unpaid interest) of \$188 million.

The 2020 Senior Subordinated Notes mature in 2020, the Holdco Notes mature in 2018 and the Restated Term Loan Credit Facility matures in 2020. Although no assurance can be given, depending on market conditions and other factors, we plan to repay or refinance such indebtedness prior to maturity.

The Indenture for the 2020 Senior Subordinated Notes (the "2020 Senior Subordinated Indenture") contains covenants limiting, among other things, MSI's ability and the ability of MSI's restricted subsidiaries to:

incur additional debt

pay dividends or distributions on MSI's capital stock or repurchase MSI's capital stock, subject to certain exceptions, including dividends, distributions and repurchases up to an amount in excess of (i) \$100 million plus (ii) a basket that builds based on 50% of MSI's Consolidated Net Income (as defined in the 2020 Senior Subordinated Indenture) and certain other amounts, in each case, to the extent such payment capacity is not applied as otherwise permitted under the 2020 Senior Subordinated Indenture and subject to certain conditions. As of November 1, 2014, after giving effect to the partial redemption of the Holdco Notes on December 10, 2014, the permitted restricted payment amount was approximately \$351 million.

We had \$3,336 million of indebtedness outstanding at November 1, 2014, of which \$2,460 million was subject to variable interest rates and \$876 million was subject to fixed interest rates. On an as adjusted basis as of November 1, 2014, after giving effect to the partial redemption of the Holdco Notes on December 10, 2014, we would have had total indebtedness of \$3,156 million, of which approximately \$2,460 million was subject to variable interest rates and \$696 million was subject to fixed interest rates, and approximately \$588 million of additional borrowing capacity (after giving effect to then-outstanding letters of credit) under the Restated Revolving Credit Facility. See "Prospectus summary Recent developments."

We and our subsidiaries, affiliates, and significant shareholders may from time to time seek to retire or purchase our outstanding debt (including publicly issued debt) through cash purchases and/or exchanges, in open market purchases, privately negotiated transactions, by tender offer or otherwise. Such repurchases or exchanges, if any, will depend on prevailing market conditions, liquidity requirements, contractual restrictions and other factors.

Cash flow from operating activities

Cash flow provided by operating activities during the first nine months of fiscal 2014 was \$36 million compared to \$69 million during the first nine months of fiscal 2013. The \$33 million decrease was primarily related to additional interest payments made in connection with the Holdco Notes issued in July 2013, partially offset by the debt refinancing during the second quarter of 2014. Average inventory per Michaels store (including e-commerce and distribution centers) decreased 2.9% to \$923,000 at November 1, 2014,

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

from \$951,000 at November 2, 2013, primarily due to better than expected sales during the third quarter of fiscal 2014 and a more efficient replenishment process.

Cash flow provided by operating activities in fiscal 2013 was \$449 million compared to \$299 million in fiscal 2012. The \$150 million change was due in part to a \$137 million increase from the timing of accounts payable, a \$43 million increase in net income and a \$33 million increase in interest accruals. This increase was partially offset by a \$25 million decrease from the timing of income tax payments, a \$19 million decrease in refinancing costs and losses on early extinguishments of debt and a \$17 million decrease due to higher merchandise inventories. Average inventory per Michaels store (including supporting distribution centers) was \$764,000, up from last year's average inventory balance of \$754,000.

Cash flow from investing activities

Cash flow used in investing activities represents the following capital expenditures:

(In millions)	Fiscal year				
	2013	2012	2011	Nine months ended	
				November 1, 2014	November 2, 2013
New and relocated stores and stores not yet opened(1)	\$ 39	\$ 42	\$ 28	\$ 24	\$ 32
Existing stores	26	30	25	38	17
Information systems(2)	28	36	45	29	19
Corporate and other	19	16	11	12	14
	\$ 112	\$ 124	\$ 109	\$ 103	\$ 82

(1) In fiscal 2013, we incurred capital expenditures related to the opening of 54 Michaels stores, including the relocation of 14 Michaels stores. In fiscal 2012, we incurred capital expenditures related to the opening of 51 Michaels stores, including the relocation of 13 Michaels stores. In fiscal 2011, we incurred capital expenditures related to the opening of 40 Michaels stores, including the relocation of 15 Michaels stores. The average capital expenditure per store for fiscal 2013 was comparable to fiscal 2011. The increase in capital expenditures per store in fiscal 2012 is due mainly to an increase in leasehold improvements for three unique locations. Excluding those locations, the average per store is comparable for the three years presented. In the first nine months of fiscal 2014, we incurred capital expenditures related to the opening of 30 Michaels stores and five Aaron Brothers stores and the relocation of 13 Michaels stores. In the first nine months of fiscal 2013, we incurred capital expenditures related to the opening of 40 Michaels stores and the relocation of 14 Michaels stores and two Aaron Brothers stores.

(2) Our fiscal 2013 information systems capital expenditures decreased from fiscal 2012 primarily due to 2012 projects not recurring in 2013, for systems to enhance manufacturing capabilities and for system infrastructure for Québec.

We capitalize and depreciate significant renewals or betterments that substantially extend the life of the asset. We also capitalize certain costs related to the acquisition and development of internal use software that is expected to benefit future periods. In fiscal 2013, fiscal 2012 and fiscal 2011, we capitalized payroll and consulting costs of approximately \$39 million, \$30 million and \$34 million, respectively, related to our capital expenditures.

We currently estimate that our capital expenditures will be increased to approximately \$150 million in fiscal 2014 as we plan to invest in the infrastructure necessary to support the further development of our business and continued growth. In fiscal 2014, we plan to open 45 stores, including 13 relocations. We expect our capital expenditures will be financed with cash from operating activities. In fiscal 2015, we plan to open approximately 47 new Michaels stores, including 17 relocations.

Cash flow from financing activities

Cash flow provided by financing activities during the nine months ended November 1, 2014 was \$22 million compared to cash flow provided by financing activities of \$30 million during the nine months ended November 2, 2013. The cash flow provided by financing activities for the nine months ended November 1,

Table of Contents

2014 was impacted by the issuance of \$250 million of our 2020 Senior Subordinated Notes and also the issuance of the Additional Term Loans. The net proceeds from the issuance of the Additional 2020 Senior Subordinated Notes and the incurrence of the Additional Term Loans were used to fully redeem the outstanding 2018 Senior Notes and to pay the applicable make-whole premium and accrued interest on the 2018 Senior Notes. In addition, on July 2, 2014, the Company completed its initial public offering and received net proceeds totaling \$446 million. The proceeds were used to redeem \$439 million of our then outstanding Holdco Notes and to pay other expenses of the offering.

Cash used in financing activities was \$154 million during fiscal 2013. Cash flow used in financing activities during fiscal 2012 was \$490 million. Cash flow used in financing activities for fiscal 2013 was impacted by the repurchase of \$137 million of the 2016 Senior Subordinated Notes at a redemption price of 103.792%, or a total of \$142 million, and the repurchase of \$256 million of the 2016 Senior Subordinated Notes at a redemption price of 101.896%, or a total of \$261 million. MSI also made payments of \$12 million under the Restated Term Loan Credit Facility. In addition, MSI issued \$260 million of the 2020 Senior Subordinated Notes.

Additionally, on July 29, 2013, FinCo Holdings and FinCo Inc. issued the Holdco Notes. The Holdco Notes were issued in a private transaction, at 100.00% of face value, resulting in net proceeds of approximately \$783 million. FinCo Holdings distributed the net proceeds to The Michaels Companies, Inc. and the proceeds were used to fund a one-time cash dividend, distribution and other payments to the Company's equity and equity-award holders and pay related fees and expenses.

Cash flow used in financing activities for fiscal 2012 was impacted by the \$1,996 million prepayment of the Senior Secured Term Loan Facility and borrowings under our Restated Term Loan Credit Facility of \$1,640 million. In addition, we issued \$200 million of additional 2018 Senior Notes at a premium, for which we received \$213 million. Finally, we made the \$127 million applicable high yield discount obligation ("AHYDO") payment on the Subordinated Discount Notes (as defined below) during fiscal 2012 and redeemed the remaining \$180 million of outstanding Subordinated Discount Notes, for which we paid an \$8 million premium.

Cash flow used in financing activities for fiscal 2011 was impacted by the repurchases of \$163 million face value, or \$155 million accreted value, of the Subordinated Discount Notes and \$7 million face value of the 2016 Senior Subordinated Notes, for which we paid \$7 million in purchase premiums. We also made a voluntary prepayment of \$50 million on the Senior Secured Term Loan Facility during the first quarter of fiscal 2011.

Debt

We currently have outstanding indebtedness consisting of 2020 Senior Subordinated Notes and Holdco Notes, as well as the Restated Term Loan Credit Facility. There are currently no outstanding borrowings under the Restated Revolving Credit Facility. Future borrowings under the Restated Revolving Credit Facility will be influenced by a number of factors as more fully described below.

On June 16, 2014, MSI and its subsidiaries that are guarantors under the indenture governing the 2020 Senior Subordinated Notes issued an additional \$250 million in aggregate principal amount of Additional 2020 Senior Subordinated Notes. We used the net proceeds of the Additional 2020 Senior Subordinated Notes to redeem a portion of the outstanding 2018 Senior Notes, to pay the applicable make-whole premium and accrued and unpaid interest thereon to, but not including, the applicable redemption date and to pay related fees and expenses.

Table of Contents

In addition, on June 6, 2014, MSI priced an additional \$850 million in aggregate principal amount of the Additional Term Loans that mature in January 2020. On June 10, 2014, MSI entered into an amendment to its Amended Credit Agreement to effect the Additional Term Loans (the "First Amendment"). The closing of the First Amendment and funding of the Additional Term Loans was subject to, and concurrent with, the closing of our initial public offering on July 2, 2014. We used the net proceeds of the Additional Term Loans to redeem the remaining outstanding 2018 Senior Notes that were not redeemed with the net proceeds of the Additional 2020 Senior Subordinated Notes.

Notes

On October 31, 2006, we issued (i) \$750 million in principal amount of 2014 Senior Notes; (ii) \$400 million in principal amount of 2016 Senior Subordinated Notes; and (iii) \$469 million in principal amount at maturity of Subordinated Discount Notes. During the third quarter of fiscal 2010, we retired the 2014 Senior Notes and issued \$800 million of 2018 Senior Notes at a discounted price of 99.262% of face value, resulting in an effective interest rate of 7⁷/₈%. On September 27, 2012, we issued an additional \$200 million principal amount of 2018 Senior Notes (the "Additional 2018 Senior Notes"), at a premium of 106.25% of face value, resulting in an effective interest rate of 6¹/₂%. On February 27, 2013, we redeemed \$137 million in aggregate principal amount of our 2016 Senior Subordinated Notes at a redemption price equal to 103.792%. On July 29, 2013, we issued \$800 million in principal amount of the Holdco Notes that mature August 1, 2018. On December 19, 2013, we issued \$260 million in principal amount of 5⁷/₈% Senior Subordinated Notes that mature December 15, 2020. We used the net proceeds of these notes to redeem the remaining outstanding 2016 Senior Subordinated Notes, in an aggregate principal amount of approximately \$255 million, to pay the applicable redemption premium and accrued and unpaid interest to, but not including, the applicable redemption date and to pay related fees and expenses. The 2016 Senior Subordinated Notes were redeemed on January 21, 2014, and our obligations under the 2016 Senior Subordinated Notes Indenture were discharged.

On June 16, 2014 and July 2, 2014, we issued irrevocable notices of redemption to the holders of our 2018 Senior Notes with respect to the redemption of an aggregate principal amount of \$235 million of 2018 Senior Notes on July 16, 2014 and \$765 million of 2018 Senior Notes on August 1, 2014, respectively. On July 2, 2014, we also deposited the net proceeds of the offering of our Additional 2020 Senior Subordinated Notes and the borrowing of the Additional Term Loans with the trustee under the Senior Notes Indenture and instructed the trustee to (a) redeem the 2018 Senior Notes on the applicable redemption dates and (b) discharge our obligations under the Senior Notes Indenture on August 1, 2014. Accordingly, our obligations under the Senior Notes Indenture were discharged.

On August 1, 2014, we redeemed \$439 million in aggregate principal amount of the outstanding Holdco Notes with proceeds from our initial public offering for an aggregate redemption price (including the applicable redemption premium and accrued and unpaid interest) of \$474 million. On December 10, 2014, we redeemed a further \$180 million in aggregate principal amount of the outstanding Holdco Notes with cash on hand for an aggregate redemption price (including the applicable redemption premium and accrued and unpaid interest) of \$188 million. Following the completion of this partial redemption we had an aggregate principal amount of \$181 million of our Holdco Notes outstanding.

The Holdco Notes are not guaranteed by us or any of our subsidiaries, but the indenture governing the Holdco Notes contains restrictive covenants that apply to FinCo Holdings and its restricted subsidiaries, including Holdings, MSI and their subsidiaries.

Table of Contents

Interest on the 2020 Senior Subordinated Notes is payable semi-annually in arrears on each June 15 and December 15, commencing on June 15, 2014, with respect to the 2020 Senior Subordinated Notes issued on December 19, 2013, and December 15, 2014, with respect to the Additional 2020 Senior Subordinated Notes. Interest on the Holdco Notes is payable semi-annually in arrears on each February 1 and August 1. If interest on the Holdco Notes is paid in cash, annual interest payments will total \$60 million, at a rate of 7.50% per annum, or a total of approximately \$300 million from July 29, 2013 until August 1, 2018, the maturity date. If interest on the Holdco Notes is paid in-kind by increasing the principal amount of the Holdco Notes, or by issuing new Holdco Notes, the interest rate is 8.25% per annum, which is the cash interest rate plus 75 basis points.

Beginning on November 1, 2011, cash interest began accruing on the Subordinated Discount Notes and was payable semi-annually in arrears on each May 1 and November 1 (the first cash interest payment was May 1, 2012). On May 1, 2012, as required pursuant to the indenture ("Subordinated Discount Notes Indenture") governing its Subordinated Discount Notes, MSI redeemed that portion of each Subordinated Discount Note outstanding on such date equal to the amount sufficient, but not in excess of the amount necessary, to ensure that such Subordinated Discount Note would not be an AHYDO instrument within the meaning of Section 163(i)(1) of the Internal Revenue Code of 1986, as amended (the "Code") (the "AHYDO Amount"). These redemptions were at a price equal to 100% of the Accreted Value (as defined in the Subordinated Discount Notes Indenture) of such portion as of the date of redemption. The aggregate payment of \$127 million made on May 1, 2012, was required to ensure the Subordinated Discount Notes would not be AHYDO instruments. On October 1, 2012, MSI delivered to the holders of its outstanding Subordinated Discount Notes an irrevocable notice of redemption relating to the redemption of all of its outstanding Subordinated Discount Notes. On November 1, 2012, MSI redeemed a portion of the Subordinated Discount Notes equal to the AHYDO Amount at a redemption price equal to 100% and the remaining Subordinated Discount Notes at a redemption price equal to 104.333%.

The 2020 Senior Subordinated Notes are guaranteed, jointly and severally, fully and unconditionally, on an unsecured senior subordinated basis, in each case, by each of MSI's subsidiaries (each of which is directly or indirectly owned 100% by MSI) that guarantees indebtedness under MSI's Senior Secured Credit Facilities.

The indenture governing the 2020 Senior Subordinated Notes contain covenants limiting, among other things, MSI's ability, and the ability of MSI's restricted subsidiaries, to:

incur or guarantee additional debt;

pay dividends or distributions on MSI's capital stock or repurchase MSI's capital stock or prepay debt that is subordinated to the 2020 Senior Subordinated Notes;

issue stock of subsidiaries;

make certain investments, loans, advances and acquisitions;

create liens on MSI's and such subsidiaries' assets to secure debt;

enter into transactions with affiliates;

merge or consolidate with another company; and

sell or otherwise transfer assets.

Table of Contents

The indenture governing the Holdco Notes contains restrictive covenants and events of default substantially similar to, but less restrictive than, those of the 2020 Senior Subordinated Notes described above, which restrict FinCo Holdings and its restricted subsidiaries, including Holdings, MSI and their subsidiaries.

Restated Revolving Credit Facility

On February 18, 2010, MSI entered into an agreement to amend and restate various terms of the then existing asset-based Revolving Credit Facility, dated as of October 31, 2006 (as so amended and restated, the "senior secured asset-based Revolving Credit Facility"). On September 17, 2012, MSI entered into a second amended and restated credit agreement (the "Restated Credit Agreement") with Wells Fargo Bank, National Association ("Wells Fargo") and other lenders to amend various terms of its senior secured asset-based Revolving Credit Facility. On June 6, 2014, MSI amended its Restated Credit Agreement to, among other things, permit the incurrence of the Additional Term Loans and refinancing of the 2018 Senior Notes with the net proceeds of the Additional 2020 Senior Subordinated Notes and the Additional Term Loans. The Restated Credit Agreement, as amended, together with related security, guarantee and other agreements, is referred to as the "Restated Revolving Credit Facility".

The Restated Revolving Credit Facility provides for senior secured financing of up to \$650 million, subject to a borrowing base, maturing on September 17, 2017 (the "ABL Maturity Date"). The borrowing base under the Restated Revolving Credit Facility equals the sum of (i) 90% of eligible credit card receivables and debit card receivables, plus (ii) 90% of the appraised net orderly liquidation value of eligible inventory, plus (iii) the lesser of (x) 90% of the appraised net orderly liquidation value of inventory supported by eligible letters of credit and (y) 90% of the face amount of eligible letters of credit, minus (iv) certain reserves.

The Restated Revolving Credit Facility provides MSI with the right to request up to \$200 million of additional commitments under the Restated Revolving Credit Facility. The lenders under the Restated Revolving Credit Facility will not be under any obligation to provide any such additional commitments, and any increase in commitments is subject to customary conditions precedent. If MSI were to request any such additional commitments, and the existing lenders or new lenders were to agree to provide such commitments, the facility size could be increased to up to \$850 million, but MSI's ability to borrow under the Restated Revolving Credit Facility would still be limited by the borrowing base.

Borrowings under the Restated Revolving Credit Facility bear interest at a rate per annum equal to, at MSI's option, either (a) a base rate determined by reference to the highest of (1) the prime rate of Wells Fargo, (2) the federal funds effective rate plus 0.50% and (3) LIBOR subject to certain adjustments plus 1.00% or (b) a LIBOR subject to certain adjustments, in each case plus an applicable margin. The initial applicable margin is (a) 0.75% for prime rate borrowings and 1.75% for LIBOR borrowings. The applicable margin is subject to adjustment each fiscal quarter based on the excess availability under the Restated Revolving Credit Facility. Same-day borrowings bear interest at the base rate plus the applicable margin.

MSI is required to pay a commitment fee on the unutilized commitments under the Restated Revolving Credit Facility, which initially is 0.375% per annum. The commitment fee is subject to adjustment each fiscal quarter. If average daily excess availability is less than or equal to 50% of the total commitments, the commitment fee will be 0.25% per annum, and if average daily excess availability is greater than 50% of the total commitments, the commitment fee will be 0.375%. In addition, MSI must pay customary letter of credit fees and agency fees.

All obligations under the Restated Revolving Credit Facility are unconditionally guaranteed jointly and severally by Holdings and all of MSI's existing domestic material subsidiaries and are required to be

Table of Contents

guaranteed by certain of MSI's future domestic wholly-owned material subsidiaries (the "Subsidiary Guarantors"). All obligations under the Restated Revolving Credit Facility, and the guarantees of those obligations, are secured, subject to certain exceptions, by substantially all of the assets of Holdings, MSI and the Subsidiary Guarantors, including:

first-priority security interest in personal property consisting of inventory and related accounts, cash, deposit accounts, all payments received by Holdings, MSI or the Subsidiary Guarantors from credit card clearinghouses and processors or otherwise in respect of all credit card charges and debit card charges for sales of inventory by Holdings, MSI and the Subsidiary Guarantors, and certain related assets and proceeds of the foregoing;

second-priority pledge of all of MSI's capital stock and the capital stock held directly by MSI and the Subsidiary Guarantors (which pledge, in the case of the capital stock of any foreign subsidiary, is limited to 65% of the voting stock of such foreign subsidiary and 100% of the non-voting stock of such subsidiary); and

second-priority security interest in, and mortgages on, substantially all other tangible and intangible assets of Holdings, MSI and each Subsidiary Guarantor, including substantially all of MSI's and its subsidiaries' owned real property and equipment.

If, at any time, the aggregate amount of outstanding loans, unreimbursed letter of credit drawings and undrawn letters of credit under the Restated Revolving Credit Facility exceeds the lesser of (i) the commitment amount and (ii) the borrowing base (the "Loan Cap"), MSI will be required to repay outstanding loans and cash collateralize letters of credit in an aggregate amount equal to such excess, with no reduction of the commitment amount. If excess availability under the Restated Revolving Credit Facility is less than (i) 12.5% of the Loan Cap for five consecutive business days, or (ii) \$65 million at any time, or if certain events of default have occurred, MSI will be required to repay outstanding loans and cash collateralize letters of credit with the cash it is required to deposit daily in a collection account maintained with the agent under the Restated Revolving Credit Facility. Excess availability under the Restated Revolving Credit Facility means the Loan Cap minus the outstanding credit extensions. MSI may voluntarily reduce the unutilized portion of the commitment amount and repay outstanding loans at any time without premium or penalty other than customary breakage costs with respect to London Interbank Offered Rate ("LIBOR") loans. There is no scheduled amortization under the Restated Revolving Credit Facility; the principal amount of the loans outstanding is due and payable in full on the ABL Maturity Date.

From the time when MSI has excess availability less than the greater of (a) 10% of the Loan Cap and (b) \$50 million, until the time when we have excess availability greater than the greater of (a) 10% of the Loan Cap and (b) \$50 million for 30 consecutive days, the Restated Revolving Credit Facility will require MSI to maintain a consolidated fixed charge coverage ratio of at least 1.0 to 1.0. The Restated Revolving Credit Facility also contains certain customary representations and warranties, affirmative covenants and provisions relating to events of default (including change of control and cross-default to material indebtedness).

As of November 1, 2014, the borrowing base was \$650 million, of which we had no outstanding borrowings, \$62 million of outstanding standby letters of credit and \$588 million of unused borrowing capacity.

Table of Contents

Restated Term Loan Credit Facility

On October 31, 2006, MSI executed a \$2.4 billion senior secured term loan facility (the "Senior Secured Term Loan Facility") with Deutsche Bank AG New York Branch ("Deutsche Bank") and other lenders. The full amount was borrowed on October 31, 2006, with the balance payable on October 31, 2013. On November 5, 2009, and December 15, 2011, MSI amended the Senior Secured Term Loan Facility to extend \$1.0 billion and \$619 million, respectively, of existing term loans (the "B-2 Term Loans" and "B-3 Term Loans", respectively) to July 31, 2016, with the remaining \$501 million of existing term loans (the "B-1 Term Loans") keeping the original maturity date of October 31, 2013. During fiscal 2012, MSI prepaid the \$501 million of outstanding B-1 Term Loans.

On January 28, 2013, MSI entered into an amended and restated credit agreement (the "Amended Credit Agreement") with Deutsche Bank and other lenders to amend various terms of the Senior Secured Term Loan Facility, as amended. On June 10, 2014, MSI entered into the First Amendment to effect the Additional Term Loans. The Amended Credit Agreement (as amended by the First Amendment), together with related security, guarantee and other agreements, is referred to as the "Restated Term Loan Credit Facility."

As of November 1, 2014, the Restated Term Loan Credit Facility provides for senior secured financing of \$2,460 million. MSI has the right under the Restated Term Loan Credit Facility to request additional term loans in an aggregate amount of up to (a) \$500 million and (b) at MSI's option, an amount of term loans so long as MSI's Consolidated Secured Debt Ratio (as defined in the Amended Credit Agreement) is no more than 3.25 to 1.00 on a pro forma basis as of the last day of the most recently-ended four fiscal quarter-period for which internal financial statements are available. The lenders under the Restated Term Loan Credit Facility will not be under any obligation to provide any such additional term loans, and the incurrence of any additional term loans is subject to customary conditions precedent.

Borrowings under the Restated Term Loan Credit Facility bear interest at a rate per annum equal to, at MSI's option, either (a) a base rate determined by reference to the highest of (1) the prime rate of Deutsche Bank, (2) the federal funds effective rate plus $\frac{1}{2}$ of 1%, subject to a 2% floor, in the case of the Additional Term Loans, and (3) LIBOR, subject to certain adjustments and a 1% floor, plus 1%, or (b) LIBOR, subject to certain adjustments and a 1% floor, in each case plus an applicable margin. The applicable margin is 1.75% (2.00%, with respect to the Additional Term Loans) with respect to base rate borrowings and 2.75% (3.00%, with respect to Additional Term Loans) with respect to LIBOR borrowings. In addition, the applicable margin is subject to a 0.25% decrease based on MSI's Consolidated Secured Debt Ratio, but such decrease will not apply to the Additional Term Loans.

The Restated Term Loan Credit Facility requires MSI to prepay outstanding term loans with (x) 100% of the net proceeds of any debt issued by MSI or its subsidiaries (with exceptions for certain debt permitted to be incurred under the Restated Term Loan Credit Facility) and (y) 50% (which percentage will be reduced to 25% if MSI's Consolidated Total Leverage Ratio (as defined in the Amended Credit Agreement) is less than 6.00:1.00 and will be reduced to 0% if MSI's Consolidated Total Leverage Ratio is less than 5.00:1.00) of MSI's annual Excess Cash Flow (as defined in the Amended Credit Agreement).

MSI must offer to prepay outstanding term loans at 100% of the principal amount to be prepaid, plus accrued and unpaid interest, with the proceeds of certain asset sales or casualty events under certain circumstances.

MSI may voluntarily prepay outstanding loans under the Restated Term Loan Credit Facility at any time without premium or penalty other than customary "breakage" costs with respect to LIBOR loans.

Table of Contents

MSI is required to make scheduled quarterly payments, each equal to 0.25% of the original principal amount of the term loans, subject to adjustments relating to the incurrence of additional term loans under the Restated Term Loan Credit Facility, for the first six years and three quarters, with the balance paid on January 28, 2020 (the "Maturity Date").

All obligations under the Restated Term Loan Credit Facility are unconditionally guaranteed by Holdings, and each of MSI's wholly-owned domestic subsidiaries that guarantees obligations under the Restated Revolving Credit Facility. All obligations under the Restated Term Loan Credit Facility, and the guarantees of those obligations, are secured, subject to certain exceptions, by substantially all of the assets of Holdings, MSI and the Subsidiary Guarantors, including:

a first-priority pledge of MSI's capital stock and all of the capital stock held directly by MSI and the Subsidiary Guarantors (which pledge, in the case of any foreign subsidiary, is limited to 65% of the voting stock of such foreign subsidiary and 100% of the non-voting stock of such subsidiary);

a first-priority security interest in, and mortgages on, substantially all other tangible and intangible assets of Holdings, MSI and each Subsidiary Guarantor, including substantially all of MSI's and MSI's subsidiaries' owned real property and equipment, but excluding, among other things, the collateral described in the following bullet point; and

a second-priority security interest in personal property consisting of inventory and related accounts, cash, deposit accounts, all payments received by Holdings, MSI or the Subsidiary Guarantors from credit card clearinghouses and processors or otherwise in respect of all credit card charges and debit card charges for sales of inventory by Holdings, MSI and the Subsidiary Guarantors, and certain related assets and proceeds of the foregoing.

The Restated Term Loan Credit Facility contains a number of negative covenants that are substantially similar to, but more restrictive in certain respects than, those governing the 2020 Senior Subordinated Notes, as well as certain other customary representations and warranties, affirmative and negative covenants and events of default.

The proceeds of the Restated Term Loan Credit Facility were used, among other things, to (i) prepay an aggregate principal amount of \$876 million of the Company's B-2 Term Loans and \$619 million of the Company's B-3 Term Loans under the Senior Secured Term Loan Facility and (ii) fund the redemption and related fees, on February 27, 2013, of an aggregate principal amount of \$137 million of the 2016 Senior Subordinated Notes pursuant to a notice of redemption issued to the holders of such notes on January 28, 2013. The net proceeds of the Additional Term Loans were used to redeem the remaining outstanding 2018 Senior Notes that were not redeemed with the net proceeds of the Additional 2020 Senior Subordinated Notes.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future, subject, in the case of Holdings, MSI and FinCo Holdings and their subsidiaries, to the restrictions contained in our Senior Secured Credit Facilities and the indentures governing our notes. In addition, our Senior Secured Credit Facilities and indentures governing our notes do not restrict our owners from creating new holding companies that may be able to incur indebtedness without regard to the restrictions set forth in our Senior Secured Credit Facilities and the indentures governing our notes. If new indebtedness is added to our current debt levels, the related risks that we now face could intensify.

Table of Contents**Off-balance sheet arrangements**

We have no off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K. We do not typically enter into off-balance sheet arrangements, except for arrangements related to operating lease commitments, service contract commitments and trade letters of credit, as disclosed in the contractual obligations table below. Neither we nor our subsidiaries typically guarantee the obligations of unrelated parties.

Contractual obligations

All of our significant contractual obligations are recorded on our Consolidated Balance Sheets or disclosed in our Notes to our Consolidated Financial Statements for the year ended February 1, 2014.

As of February 1, 2014, our contractual obligations were as follows:

(In millions)	Total	Payments due by fiscal year			
		Less than 1 year	1 - 3 years	3 - 5 years	More than 5 years
The Michaels Companies, Inc.					
Operating lease commitments(1)	\$ 1,794	\$ 390	\$ 637	\$ 417	\$ 350
Other commitments(2)	95	59	36		
Total debt(3)	3,688	16	33	3,379	260
Interest payments(4)	1,072	216	430	395	31
	\$ 6,649	\$ 681	\$ 1,136	\$ 4,191	\$ 641
Michaels Stores, Inc.					
Operating lease commitments(1)	\$ 1,794	\$ 390	\$ 637	\$ 417	\$ 350
Other commitments(2)	95	59	36		
Total debt(3)	2,888	16	33	2,579	260
Interest payments(4)	772	156	310	275	31
	\$ 5,549	\$ 621	\$ 1,016	\$ 3,271	\$ 641

(1) Our operating lease commitments generally include non-cancelable leases for property and equipment used in our operations. Excluded from our operating lease commitments are amounts related to insurance, taxes, and common area maintenance associated with property and equipment. Such amounts historically represented approximately 31% of the total lease obligation over the previous three fiscal years.

(2) Other commitments include trade letters of credit and service contract obligations. Our service contract obligations were calculated based on the time period remaining in the contract or to the earliest possible date of termination, if permitted to be terminated by us upon notice, whichever is shorter.

(3) Included in Total debt is \$9 million of unamortized premium and \$3 million of unamortized discount on the 2018 Senior Notes, which has not been recognized as of February 1, 2014. See Note 5 to our Consolidated Financial Statements for the year ended February 1, 2014.

(4) Debt associated with our Restated Term Loan Credit Facility was \$1,628 million at February 1, 2014, and is subject to variable interest rates. The amounts included in interest payments in the table for the Restated Term Loan Credit Facility were based on the indexed interest rate in effect at February 1, 2014. Approximately \$2,060 million of debt was subject to fixed interest rates. We had no outstanding borrowings under our Restated Revolving Credit

Facility at February 1, 2014 or at November 1, 2014. Under our Restated Revolving Credit Facility, we are required to pay a commitment fee of 0.375% per year on the unutilized commitments, subject to an adjustment each fiscal quarter. The amounts included in interest payments for the Restated Revolving Credit Facility were based on these annual commitment fees.

Additional information regarding our long term debt and commitments and contingencies is provided in Notes 5 and 12 to our Consolidated Financial Statements for the year ended February 1, 2014 and Note 3 to our Consolidated Financial Statements for the quarter ended November 1, 2014.

Table of Contents

Recent accounting pronouncement

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update No. 2014-09, "*Revenue from Contracts with Customers*" ("ASU 2014-09"). ASU 2014-09 supersedes the revenue recognition requirements in "*Revenue Recognition (Topic 605)*," and requires entities to recognize revenue in a way that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled to in exchange for those goods or services. ASU 2014-09 is effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period and is to be applied retrospectively, with early application not permitted. We are evaluating the new standard, but do not, at this time, anticipate a material impact to the financial statements once implemented.

Quantitative and qualitative disclosures about market risk

We are exposed to fluctuations in exchange rates between the U.S. and Canadian dollar, which is the functional currency of our Canadian subsidiaries. Our sales, costs and expenses of our Canadian subsidiaries, when translated into U.S. dollars, can fluctuate due to exchange rate movement. As of November 1, 2014, a 10% increase or decrease in the exchange rate of the U.S. and Canadian dollar would increase or decrease quarterly Net income for the nine months ended November 1, 2014 by approximately \$3 million.

We do not believe inflation and changing commodity prices have had a material impact on our Net sales, income from continuing operations, plans for expansion or other capital expenditures for any year during the three-year period ended February 1, 2014 or the nine months ended November 1, 2014. However, we cannot be sure inflation and changing commodity prices will not have an adverse impact on our operating results, financial condition, plans for expansion or other capital expenditures in future periods.

We have market risk exposure arising from changes in interest rates on our Senior Secured Credit Facilities. See "Liquidity and Capital Resources" for further detail. The interest rates on our Senior Secured Credit Facilities will reprice periodically, which will impact our earnings and cash flow. The interest rates on our 2020 Senior Subordinated Notes and Holdco Notes are fixed. Based on our overall interest rate exposure to variable rate debt outstanding as of November 1, 2014, a 1% increase or decrease in interest rates would increase or decrease Income before income taxes by approximately \$25 million. A 1% increase in interest rates would decrease the fair value of our long-term fixed rate debt by approximately \$19 million, and a 1% decrease in interest rates would increase the fair value of our long-term fixed rate debt by approximately \$20 million. A change in interest rates would not materially affect the fair value of our variable rate debt as the debt reprices periodically.

We invest cash balances in excess of operating requirements primarily in money market mutual funds and short-term interest-bearing securities, generally with maturities of 90 days or less. Due to the short-term nature of our investments, the fair value of our cash and equivalents at November 1, 2014, approximated carrying value.

Table of Contents

Business

The following discussion, as well as other portions of this prospectus, contains forward-looking statements that reflect our plans, estimates, and beliefs. Any statements contained herein (including, but not limited to, statements to the effect that Michaels or its management "anticipates", "plans", "estimates", "expects", "believes", and other similar expressions) that are not statements of historical fact should be considered forward-looking statements. Our actual results could materially differ from those discussed in these forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed below and elsewhere in this prospectus, and particularly in "Risk Factors", "Cautionary Note Regarding Forward-Looking Statements", and "Management's Discussion and Analysis of Financial Condition and Results of Operations".

General

With over \$4.5 billion in sales in fiscal 2013, the Company, together with its subsidiaries, is the largest arts and crafts specialty retailer in North America (based on store count) providing materials, project ideas and education for creative activities. Our mission is to inspire and enable customer creativity, create a fun and rewarding place to work, foster meaningful connections with our communities and lead the industry in growth and innovation. With crafting classes, store events, project sheets, store displays, mobile applications and online videos, we offer a shopping experience that can inspire creativity and confidence in our customers' artistic abilities.

As of November 1, 2014, we operate 1,166 Michaels retail stores in 49 states, as well as in Canada, with approximately 18,000 average square feet of selling space per store. We also operate 121 Aaron Brothers stores in 9 states, with approximately 5,400 average square feet of selling space per store, offering photo frames, a full line of ready-made frames, custom framing services, and a wide selection of art supplies.

We were incorporated in Delaware in July 2013 in connection with the Reorganization of MSI into a holding company structure. MSI was incorporated in Delaware in 1983 and is headquartered in Irving, Texas. On October 31, 2006, substantially all of the common stock of MSI was acquired through the Merger by the Sponsors, with certain shares retained by investment funds managed by Highfields (then-existing shareholders of MSI). As a result of the Merger and the Reorganization, Michaels Holdings LLC, an entity controlled by the Sponsors, owned approximately 93% of our outstanding Common Stock.

On July 2, 2014, we completed our initial public offering in which we issued and sold 27.8 million shares of common stock at a public offering price of \$17.00 per share. On June 27, 2014, our common stock was listed on The NASDAQ Global Select Market under the symbol "MIK". Following the completion of our initial public offering, our Sponsors held approximately 80% of our outstanding Common Stock.

Table of Contents**Merchandising**

Each Michaels store offers approximately 35,000 basic SKUs in a number of product categories. The following table shows a breakdown of sales for Michaels stores by department as a percentage of total Net sales:

	Fiscal year		
	2013	2012	2011
General crafts	53%	51%	52%
Home décor and seasonal	20	21	20
Framing	17	17	17
Scrapbooking	10	11	11
	100%	100%	100%

We have a product design team focused on quality, innovation and cost mitigation. Our infrastructure and internal product development and global sourcing team position us to continue delivering a differentiated level of innovation, quality and value to our customers. Our global sourcing network allows us to control new product introductions, maintain quality standards, monitor delivery times, and manage product costs and inventory levels in order to enhance profitability.

We continue to search for ways to leverage our position as a market leader by establishing strategic partnerships and exclusive product relationships to provide our customers with exciting merchandise. During fiscal 2013, we partnered with popular celebrities and brands such as Cake Boss, Craftsy, Disney, Crayola, Martha Stewart Crafts and Rainbow Loom. We are continually exploring opportunities to form future partnerships and exclusive product associations.

We routinely identify merchandise that requires some price reduction to accelerate sales of the product. The need for this reduction is generally attributable to clearance of seasonal merchandise or product to be displaced from its assigned location in the store to make room for new merchandise. Additional SKUs considered for repricing are identified using our perpetual inventory data. In each case, the appropriate repricing is determined at our corporate support center office. Price changes are transmitted electronically to the store and instructions are provided to our stores regarding product placement, signage and display to ensure the product is effectively cleared.

Our Aaron Brothers stores offer on average approximately 7,200 SKUs, including photo frames, a full line of ready-made frames, art prints, framed art, art supplies and custom framing services. The merchandising strategy for our Aaron Brothers stores is to provide a unique, upscale framing assortment in an appealing environment with attentive customer service.

Seasonality

Our business is highly seasonal, with higher sales in the third and fourth fiscal quarters. Our fourth quarter, which includes the Christmas selling season, has on average accounted for approximately 34% of our Net sales and approximately 46% of our Operating income.

Purchasing and inventory management

We purchase merchandise from approximately 600 vendors through our wholly-owned subsidiary, Michaels Stores Procurement Company. We believe our buying power and ability to make centralized purchases

Table of Contents

enable us to acquire products on favorable terms. Centralized merchandising management teams negotiate with vendors in an attempt to obtain the lowest net merchandise costs and to improve product mix and inventory levels. In fiscal 2013, one sourcing agent supplied approximately 13% of our purchases, with no other vendor or sourcing agent accounting for more than 10% of total purchases.

In addition to purchasing from outside vendors, our Michaels and Aaron Brothers stores purchase custom frames, framing supplies and mats from our framing operation, Artistree, which consists of a manufacturing facility and four regional processing centers to support our retail stores. These intercompany transactions are eliminated in consolidation.

Substantially all of the products sold in Michaels stores are manufactured in Asia and North America. Goods manufactured in Asia generally require long lead times and are ordered four to six months in advance of delivery. Those products are either imported directly by us or acquired from distributors based in the United States, and purchase prices are denominated in U.S. dollars.

Our automated replenishment system uses perpetual inventory records to analyze individual store/SKU on-hand quantities, as well as other pertinent information such as sales forecasts, seasonal selling patterns, promotional events, and vendor lead times, to generate recommended merchandise reorder information. These recommended orders are reviewed daily and purchase orders are delivered electronically to our vendors and our distribution centers. In addition to improving our store in-stock position, these systems enable us to better forecast merchandise ordering quantities for our vendors and give us the ability to identify, order and replenish the stores' merchandise using less store associate labor. These systems also allow us to react more quickly to selling trends and allow our store associates to devote more time to customer service, thereby improving inventory productivity and sales opportunities.

Artistree

We currently operate a vertically integrated framing operation leveraging Artistree, our wholly-owned manufacturing subsidiary, across our Michaels and Aaron Brothers store networks. Artistree supplies precut mats and high quality custom framing merchandise. We believe Artistree provides a competitive advantage to our Michaels and Aaron Brothers stores and gives us quality control over the entire process.

Our moulding manufacturing plant, located in Kernersville, North Carolina, converts lumber into finished frame moulding and supplies the finished frame moulding to our regional processing centers for custom framing orders for our stores. We manufacture approximately 35% of the moulding we process, import approximately 40% from quality manufacturers in Indonesia, Malaysia, China, and Italy, and purchase the balance from distributors. We directly source metal moulding for processing in our regional centers. The custom framing orders are processed (frames cut and joined, along with cutting mats and foamboard backing) and shipped to our stores where the custom frame order is completed for customer pick-up.

During fiscal 2013, we operated four regional processing centers in City of Industry, California; Coppell, Texas; Kernersville, North Carolina; and Mississauga, Ontario. Our precut mats and custom frame supplies are packaged and distributed out of our Coppell regional processing center. Combined, these facilities occupy approximately 538,000 square feet and, in fiscal 2013, processed approximately 30 million linear feet of frame moulding and approximately 5 million individually custom cut mats for our Michaels and Aaron Brothers stores.

In July 2012, we completed the implementation of a modified pricing and promotion cadence for our custom framing business. The program establishes a rotational collection cadence to limit the percentage of days that custom framing SKUs are on promotion, to more fully comply with regulatory requirements in various

Table of Contents

jurisdictions. The program is generally the same as that approved for the Company by the Attorney General for the State of New York. Based on results of this implementation in New York and other jurisdictions, we do not believe that this pricing and promotion cadence has had a material impact on our results of operations.

Distribution

We currently operate a distribution network through our wholly-owned subsidiary, Michaels Stores Procurement Company, to supply our stores with merchandise. Approximately 90% of Michaels stores' merchandise receipts are shipped through the distribution network with the remainder shipped directly from vendors to stores. Approximately 55% of Aaron Brothers stores' merchandise is shipped through the distribution network with the remainder shipped directly from vendors. Our seven distribution centers are located in California, Florida, Illinois, Pennsylvania, Texas, and Washington. In addition, we utilize a third-party warehouse to store and supply our seasonal merchandise in preparation for the holiday season, as well as a third-party fulfillment center for our e-commerce merchandise.

Michaels stores generally receive deliveries from the distribution centers weekly through a transportation network using a dedicated fleet of trucks and contract carriers. Aaron Brothers stores generally receive merchandise on a biweekly basis from a dedicated 174,000 square foot distribution center located in the Los Angeles, California area.

Store expansion and relocation

The following table shows our total store growth for the last five years and the nine months ended November 1, 2014:

	Nine months ended				Fiscal year	
	November 1, 2014	2013	2012	2011	2010	2009
Michaels stores:						
Retail stores open at beginning of period	1,136	1,099	1,064	1,045	1,023	1,009
Retail stores opened during the period	30	40	38	25	23	18
Retail stores opened relocations during the period	13	14	13	15	10	5
Retail stores closed during the period		(3)	(3)	(6)	(1)	(4)
Retail stores closed relocations during the period	(13)	(14)	(13)	(15)	(10)	(5)
Retail stores open at end of period	1,166	1,136	1,099	1,064	1,045	1,023
Aaron Brothers stores:						
Retail stores open at beginning of period	121	125	134	137	152	161
Retail stores opened during the period	5					
Retail stores opened relocations during the period		2				
Retail stores closed during the period	(5)	(5)	(8)	(3)	(15)	(9)
Retail stores closed relocations during the period		(1)	(1)			
Retail stores open at end of period	121	121	125	134	137	152
Total store count at end of period	1,287	1,257	1,224	1,198	1,182	1,175

Table of Contents

We believe, based on an internal real estate and market penetration study of Michaels stores, that the combined United States and Canadian markets can support approximately 1,500 Michaels stores. We opened 43 Michaels stores in the first nine months of fiscal 2014, including relocations of 13 Michaels stores. We continue to pursue a store relocation program to improve the real estate location quality and performance of our store base. During the fourth quarter of fiscal 2014, we opened 2 new Michaels stores and closed 1 Aaron Brothers store. Many of our store closings are stores that have reached the end of their lease term. We believe our ongoing store evaluation process results in strong performance across our store base. In fiscal 2015, we plan to open approximately 47 new Michaels stores, including 17 relocations.

We have developed a standardized procedure to allow for the efficient opening of new stores and their integration into our information and distribution systems. We develop the floor plan and merchandise layout and organize the advertising and promotions in connection with the opening of each new store. In addition, we maintain qualified store opening teams to provide new store associates with store training.

Our new store operating model, which is based on historical store performance, assumes a target store size of approximately 18,000 selling square feet. Our fiscal 2013 average initial net investment, which varies by site and specific store characteristics, is approximately \$1.2 million per store and consists of store build-out costs (net of tenant improvement allowances), pre-opening expenses and average first year inventory (net of payables).

Competition

We are the largest arts and crafts specialty retailer in North America based on store count. The market we compete in is highly fragmented, including stores across the nation operated primarily by small, independent retailers along with a few regional and national chains. We believe customers choose where to shop based upon store location, breadth of selection, price, quality of merchandise, availability of product, and customer service. We compete with many different types of retailers and classify our competition within the following categories:

Mass merchandisers. This category includes companies such as Wal-Mart Stores, Inc., Target Corporation, and other mass merchandisers. These retailers typically dedicate only a small portion of their selling space to a limited selection of home décor, arts and crafts supplies, and seasonal merchandise, but they do seek to capitalize on the latest trends by stocking products that are complimentary to those trends and their current merchandise offerings. These mass merchandisers generally have limited customer service staffs with minimal amounts of experience in crafting projects.

Multi-store chains. This category includes several multi-store chains, each operating more than 100 stores, and comprises: Hobby Lobby Stores, Inc., which operates approximately 631 stores in 47 states; Jo-Ann Stores, Inc., which operates approximately 850 stores in 49 states; and A.C. Moore Arts & Crafts, Inc., which operates approximately 140 stores primarily in the Eastern United States. We believe all of these chains are significantly smaller than Michaels with respect to Net sales.

Small, local specialty retailers. This category includes local independent arts and crafts retailers and custom framing shops. Typically, these are single-store operations managed by the owner. These stores generally have limited resources for advertising, purchasing, and distribution. Many of these stores have established a loyal customer base within a given community and compete based on relationships and customer service.

Internet. This category includes all Internet-based retailers that sell arts and crafts merchandise, completed projects and custom framing online. Our Internet competition is inclusive of those companies

Table of Contents

discussed in the categories above, as well as others that may only sell products online. These retailers provide consumers with the ability to more easily search and compare products and prices compared to visiting a physical store. These sellers generally offer a wide variety of products but do not offer product expertise or project advice.

Foreign sales

All of our current international business is in Canada, which accounted for approximately 10% of total sales in both fiscal 2013 and fiscal 2012 and 9% of total sales in fiscal 2011. During the last three years, less than 8% of our assets have been located outside of the United States. See Note 14 and Note 8 to our Consolidated Financial Statements for the periods ended February 1, 2014 and November 1, 2014, respectively, for Net sales and assets by country.

Trademarks and service marks

We own or have rights to trademarks, service marks or trade names that we use in connection with the operation of our business, including "Aaron Brothers," "Artistree," "Michaels," "Michaels the Arts and Crafts Store," "Recollections," "Where Creativity Happens," and the stylized Michaels logo. We have registered our primary private brands including Artist's Loft, ArtMinds, Celebrate It, Creatology, Craft Smart, imagin8, Recollections, Loops & Threads, Studio Décor, Bead Landing and Ashland, and various sub-brands associated with these primary marks. Solely for convenience, some of the trademarks, service marks and trade names referred to in this prospectus are listed without the ® and ™ symbols, but we will assert, to the fullest extent under applicable law, our rights to our copyrights, trademarks, service marks, trade names and domain names.

Employees

As of January 1, 2015, we employed approximately 53,500 associates, approximately 42,000 of whom were employed on a part-time basis. The number of part-time associates substantially increases during the Christmas selling season. Of our full-time associates, approximately 3,200 are engaged in various executive, operating, training, distribution, and administrative functions in our support center and division offices and distribution centers, and the remainder are engaged in store operations. None of our associates are subject to a collective bargaining agreement.

Legal proceedings

Employee claims

Rea claim

On September 15, 2011, MSI was served with a lawsuit filed in the California Superior Court in and for the County of Orange ("Superior Court") by four former store managers as a class action proceeding on behalf of themselves and certain former and current store managers employed by MSI in California. The lawsuit alleges that MSI improperly classified its store managers as exempt employees and as such failed to pay all wages, overtime and waiting time penalties and failed to provide accurate wage statements. The lawsuit also alleges that the foregoing conduct was in breach of various laws, including California's unfair competition law. On December 3, 2013, the Superior Court entered an Order certifying a class of approximately 200 members. MSI successfully removed the case to the United States District Court for the Central District of California and on May 8, 2014, the class was de-certified. As a result of the decertification, we have approximately 50 individual claims pending. We believe we have meritorious

Table of Contents

defenses and intend to defend the lawsuits vigorously. We do not believe the resolution of the lawsuits will have a material effect on our consolidated financial statements.

Graham claim

On December 11, 2014, MSI was served with a lawsuit filed in the United States District Court-District of New Jersey by a former associate as a purported class action proceeding on her behalf and on behalf of similarly situated applicants who applied for employment to Michaels through an online application and on whom a background check for employment was procured. The lawsuit alleges violations of the Fair Credit Reporting Act as well as violations of the New Jersey Fair Credit Report Act by MSI allegedly failing to provide the proper disclosure and obtain the proper authorization to conduct background checks, and seeks statutory and punitive damages as well as reasonable attorneys' fees and costs. The Company intends to defend the lawsuit vigorously. Due to the early nature of the lawsuit, we cannot reasonably estimate the potential loss, or range of loss, related to the lawsuit, if any.

Consumer class action claims

Data security incident

Five putative class actions were filed against MSI relating to the Data Breach. The plaintiffs generally allege that MSI failed to secure and safeguard customers' private information including credit and debit card information, and as such, breached an implied contract, and violated the Illinois Consumer Fraud Act (and other states' similar laws) and are seeking damages including declaratory relief, actual damages, punitive damages, statutory damages, attorneys' fees, litigation costs, remedial action, pre and post judgment interest and other relief as available. The cases are as follows: *Christina Moyer v. Michaels Stores, Inc.*, was filed on January 27, 2014; *Michael and Jessica Gouwens v. Michaels Stores, Inc.*, was filed on January 29, 2014; *Nancy Maize and Jessica Gordon v. Michaels Stores, Inc.*, was filed on February 21, 2014; and *Daniel Ripes v. Michaels Stores, Inc.*, was filed on March 14, 2014. These four cases were filed in the United States District Court-Northern District of Illinois, Eastern Division. On March 18, 2014, an additional putative class action was filed in the United States District Court for the Eastern District of New York, *Mary Jane Whalen v. Michaels Stores, Inc.*, but was voluntarily dismissed by the plaintiff on April 11, 2014 without prejudice to her right to re-file a complaint. On April 16, 2014, an order was entered consolidating the remaining actions. On July 14, 2014, the Company's motion to dismiss the consolidated complaint was granted. On August 11, 2014, plaintiffs filed a motion to alter or amend the judgment, which was denied on October 14, 2014. The deadline to file a notice of appeal expired on November 13, 2014.

On December 2, 2014, Whalen filed a new lawsuit against MSI related to the Data Breach in the United States District Court for the Eastern District of New York, *Mary Jane Whalen v. Michaels Stores, Inc.*, seeking damages including declaratory relief, monetary damages, statutory damages, punitive damages, attorneys' fees and costs, injunctive relief, pre and post judgment interest and other relief as available. The Company intends to defend the lawsuit vigorously. We cannot reasonably estimate the potential loss, or range of loss, related to the lawsuit, if any.

In connection with the breach, payment card companies and associations may seek to require us to reimburse them for unauthorized card charges and costs to replace cards and may also impose fines or penalties in connection with the Data Breach, and enforcement authorities may also impose fines or other remedies against us. We have also incurred other costs associated with the Data Breach, including legal fees, investigative fees, costs of communications with customers and credit monitoring services provided to our customers. In addition, state and federal agencies, including states' attorneys general and the Federal Trade Commission may investigate events related to the Data Breach, including how it occurred, its consequences and our responses. Although we intend to cooperate in these investigations, we may be

Table of Contents

subject to fines or other obligations, which may have an adverse effect on how we operate our business and our results of operations. We cannot reasonably estimate the potential loss or range of loss related to any reimbursement costs, fines or penalties that may be assessed, if any.

General

In addition to the litigation discussed above, we are now, and may be in the future, involved in various other lawsuits, claims and proceedings incident to the ordinary course of business. The results of litigation are inherently unpredictable. Any claims against us, whether meritorious or not, could be time consuming, result in costly litigation, require significant amounts of management time and result in diversion of significant resources.

For some of the matters disclosed above, as well as other matters previously disclosed in the Company's filings with the SEC, the Company is able to estimate a range of losses in excess of the amounts recorded, if any, in the accompanying financial statements. As of November 1, 2014, the aggregate estimated loss is approximately \$10 million, which includes amounts recorded by the Company. Additional information regarding our commitments and contingencies is provided in Note 12 to our Consolidated Financial Statements for the year ended February 1, 2014 and Note 7 to our Consolidated Financial Statements for the quarter ended November 1, 2014.

Properties

We lease substantially all of the sites for our Michaels and Aaron Brothers stores, with the majority of our stores having initial lease terms of approximately 10 years. The leases are generally renewable, with increases in lease rental rates. Lessors have made leasehold improvements to prepare our stores for opening under a majority of our existing leases. As of January 3, 2015, in connection with stores that we plan to open or relocate in future fiscal years, we had signed approximately 50 leases for Michaels stores.

Table of Contents**Management****Directors**

Set forth below is information concerning each of our directors, including their ages as of December 31, 2014, present principal occupations, other business experiences during at least the last five years, membership on committees of the Board, public company directorships held during the last five years and certain other directorships. Except for Messrs. El Gabbani and Mahoney and Ms. Raff, each of the directors listed below has served on our Board since July 17, 2013, the inception of the Company. The stockholders of the Company elected Messrs. Mahoney and El Gabbani to the Board, effective September 18, 2013 and June 6, 2014, respectively, in each case to fill a vacancy on the Board. Effective September 23, 2014, the Board appointed Ms. Raff to fill a vacancy on the Board. Each of Messrs. Bekenstein, Cook, Klessel, Levin and Quella has served on MSI's board of directors since October 31, 2006. MSI's stockholders elected Mr. Wallace to MSI's board of directors on March 11, 2009, elected Ms. Greenthal to MSI's board of directors on May 18, 2011, elected Mr. Rubin to MSI's board of directors effective March 18, 2013, elected Mr. Mahoney to MSI's board of directors effective September 18, 2013, and elected Mr. El Gabbani to MSI's board of directors effective June 6, 2014, in each case to fill a vacancy on MSI's board of directors.

Name	Age	Position	Committee membership
Joshua Bekenstein	56	Director	
Todd M. Cook	43	Director	
Nadim El Gabbani	33	Director	
Jill A. Greenthal	58	Director	Audit Committee
Lewis S. Klessel	47	Director	
Matthew S. Levin	48	Director	Compensation Committee Nominating Committee
John J. Mahoney	63	Director	Audit Committee Nominating Committee
James A. Quella	64	Director	
Beryl B. Raff	63	Director	Audit Committee
Carl S. Rubin	55	Chief Executive Officer and Director	Nominating Committee
Peter F. Wallace	39	Director	Compensation Committee Nominating Committee

Currently Mses. Greenthal and Raff and Messrs. Mahoney and Quella qualify as independent directors as defined under the rules of The NASDAQ Stock Market, and the Board has determined each to be independent.

Mr. Bekenstein is a managing director at Bain Capital. Prior to joining Bain Capital in 1984, Mr. Bekenstein spent several years at Bain & Company, where he was involved with companies in a variety of industries. Mr. Bekenstein received an M.B.A. from Harvard Business School and a B.A. from Yale University. Mr. Bekenstein serves as a director of Bombardier Recreational Products Inc., Bob's Discount Furniture, Canada Goose, TOMS Shoes, Dollarama, Inc., Toys "R" Us, Inc., Burlington Stores, Inc., Bright Horizons Family Solutions Inc., The Gymboree Corporation and Waters Corporation. Mr. Bekenstein's many years of experience both as a senior executive of a large investment firm and as a director of companies in various business sectors make him highly qualified to serve on our Board.

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

Mr. Cook is a managing director at Bain Capital. Prior to becoming a managing director in December 2008, Mr. Cook served in various capacities, most recently as a principal at Bain Capital from 2003 to 2008. Prior to joining Bain Capital in 1996, Mr. Cook was a consultant at Bain & Company. Mr. Cook received an M.B.A. from Stanford University Graduate School of Business where he was an Arjay Miller Scholar. He also holds a B.E. in electrical engineering and a B.A. in economics from Dartmouth College. Mr. Cook is a director of Blackhawk Specialty Tools, LLC. Mr. Cook was formerly a director of Dollarama, Inc. and a director of Dunkin' Brands, Inc. Mr. Cook's strong financial background combined with his experiences at Bain Capital and as director of other companies put him in a position to provide important contributions to our Board.

Mr. El Gabbani is a managing director at Blackstone. Prior to joining Blackstone in 2008, Mr. El Gabbani worked at Citadel Capital, where he was involved in the evaluation and execution of private equity transactions in North America and the Middle East. Mr. El Gabbani holds a B.A. in Physics from Columbia College and received an M.B.A. from the Harvard Business School, where he was named a Baker Scholar. He serves as a director of Bayview Asset Management, Exeter Finance Corp., Lendmark Financial Services, and Service King Collision Repair. Mr. El Gabbani's strong financial background combined with his experiences at Blackstone and as director of other companies put him in a position to provide important contributions to our Board.

Ms. Greenthal has been a senior advisor at Blackstone in the private equity group since 2007. From 2003 until 2007, Ms. Greenthal was a senior managing director in Blackstone's advisory group. Prior to joining The Blackstone Group, Ms. Greenthal was Co-Head of the Global Media Investment Banking Group, a member of the Executive Board of Investment Banking, and Co-Head of the Boston office of Credit Suisse First Boston. Ms. Greenthal graduated as a member of The Academy from Simmons College and received an M.B.A. from Harvard Business School. Ms. Greenthal currently serves on the board of directors of Akamai Technologies, Inc., Houghton- Mifflin Harcourt Company and The Weather Channel Companies. Ms. Greenthal was formerly a director of Martha Stewart Omnimedia, Orbitz Worldwide, Inc., Universal Orlando and Freedom Communications. Ms. Greenthal's background and understanding of capital markets and financial matters as well as her experiences described above enable her to provide valuable counsel to our management and Board.

Mr. Klessel is a managing director at Bain Capital. Prior to becoming a managing director in December 2011, Mr. Klessel served in various capacities, most recently as an operating partner at Bain Capital from December 2007 to December 2011. Mr. Klessel serves as a board member of Guitar Center, Inc. and The Gymboree Corporation. Prior to joining Bain Capital in October 2005, Mr. Klessel held a variety of operating and strategy leadership positions from 1997 to 2005 at The Home Depot, Inc., including President of HD Supply's Facilities Maintenance business, Divisional Merchandise Manager and head of Home Depot's Strategic Business Development function. Prior to 1997, Mr. Klessel was a strategy consultant with McKinsey & Company and a senior auditor with Ernst & Young. Mr. Klessel received an M.B.A. from Harvard Business School and a B.S. from the Wharton School at the University of Pennsylvania. Mr. Klessel has formerly served on the board of HD Supply, Inc. As a result of these and other professional experiences, Mr. Klessel brings to our Board extensive experience in operating and managing complex organizations, particularly in the retail industry, which strengthen the collective qualifications, skills and experience of our Board.

Mr. Levin is a managing director at Bain Capital. Mr. Levin joined Bain Capital in 1992 and was promoted to managing director in 2000. Prior to joining Bain Capital, Mr. Levin was a consultant at Bain & Company in the consumer products and manufacturing industries. Mr. Levin received an M.B.A. from Harvard Business School where he was a Baker Scholar. He received a B.S. from the University of California at Berkeley. Mr. Levin serves as a board member of Edcon Holdings Pty. Ltd., Guitar Center, Inc. and Toys "R"

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

Us, Inc. Mr. Levin has formerly served on the Boards of Bombardier Recreational Products Inc., Jupiter Shop Chanel Co., Ltd and Unisource Worldwide, Inc. Mr. Levin's significant experience in and knowledge of corporate finance and managing companies put him in a position to provide important contributions to our Board.

Mr. Mahoney has been a director since September 2013 and retired as Vice Chairman of Staples, Inc. in July 2012, having served as Vice Chairman since January 2006. Mr. Mahoney also served as Chief Financial Officer for Staples, Inc. from 1996 through January 2012. Prior to 1996, Mr. Mahoney was a partner at Ernst & Young, LLP. He currently serves on the Board of Directors of Bloomin' Brands, Inc., Burlington Stores, Inc. and Chico's FAS, Inc. Previously, Mr. Mahoney served on the Board of Directors of Advo, Inc. from 2001 to 2007, Tweeter Home Entertainment Group, Inc. from 2004 to 2007 and Zipcar, Inc. from 2010 to 2012. Mr. Mahoney holds an M.B.A. from Northeastern University, as well as an undergraduate degree from the College of the Holy Cross. Mr. Mahoney's strong financial background and experience as a Vice Chairman and former Chief Financial Officer of a Fortune 500 retail company, enables him to provide valuable counsel to our management and Board.

Mr. Quella has been a Senior Advisor at Blackstone in the Private Equity Group since July 2013. Prior to his role as Senior Advisor, Mr. Quella was a Senior Managing Director, Operating Partner and co-head of the Portfolio Operations Group at Blackstone in the Private Equity Group from 2004 to 2013. Prior to joining Blackstone, Mr. Quella was a managing director and senior operating partner with DLJ Merchant Banking Partners CSFB Private Equity from 2000 to 2004. Prior to that, Mr. Quella worked at Mercer Management Consulting and Strategic Planning Associates and served as Vice-Chairman and co-head of the firm. Mr. Quella received a B.A. in International Studies from the University of Chicago/University of Wisconsin-Madison and an M.B.A. with Dean's Honors from the University of Chicago Graduate School of Business. Mr. Quella serves as a director of Catalent Pharma Solutions, Inc., DJO Global, Inc., and Freescale Semiconductor, Inc. Mr. Quella was formerly a director of Allied Waste, Columbia House, Celanese Corporation, Graham Packaging Company, L.P., Houghton-Mifflin Harcourt Company, Intelenet Global Services, The Nielsen Company and Vanguard Health Systems, Inc. Due to contributions that Mr. Quella can provide to our Board resulting from his financial expertise, as well as his significant experience in working with companies controlled by private equity sponsors, he is qualified to be on and is an asset to our Board.

Ms. Raff has been Chief Executive Officer and Chairman of Helzberg Diamond Shops, Inc., a wholly owned subsidiary of Berkshire Hathaway Inc., since April 2009. Prior to joining Helzberg, Ms. Raff served in various management positions at J. C. Penney Company, Inc. since 2001, most recently as Executive Vice President and General Merchandising Manager since September 2005. In addition to her board service at Helzberg, Ms. Raff is a director of Group 1 Automotive, Inc. and Helen of Troy, Ltd. Ms. Raff was previously a director of Jo-Ann Stores, Inc. and Zale Corporation. Ms. Raff received her BBA from Boston University and her MBA from Drexel University. Ms. Raff will add value to our Board through her extensive experience in operating and managing large retail companies, as well as her prior public board service.

Mr. Rubin was named our Chief Executive Officer in March 2013. Prior to joining us, Mr. Rubin served as President and Chief Executive Officer of Ulta Salon, Cosmetics & Fragrance, Inc. since September 2010, and served as Chief Operating Officer from April 2010 to September 2010. Prior to joining Ulta, he served as President of the North American Retail division of Office Depot, Inc. beginning in January 2006 and as Executive Vice President, Chief Marketing Officer and Chief Merchandising Officer of Office Depot from 2004 to January 2006. Prior to joining Office Depot, Mr. Rubin spent six years at Accenture Consulting in senior leadership roles including Partner, where he advised clients and led engagements across retail formats and e-commerce businesses. Prior to that, Mr. Rubin held a number of senior merchandising and

Table of Contents

general management positions in the specialty retail and department store industry including with Federated Department Stores. He was a member of the executive committee of the board of directors of The National Retail Federation from January 2007 to April 2010. Mr. Rubin holds a B.A. degree from Brandeis University. As a result of these experiences, along with Mr. Rubin's service as our current Chief Executive Officer, he is in position to provide invaluable insight and important contributions to our Board.

Mr. Wallace is a senior managing director at Blackstone in the private equity group, which he joined in 1997. Mr. Wallace received a B.A. in Government from Harvard College. Mr. Wallace serves on the board of directors of Outerstuff, Ltd., AlliedBarton Security Services, GCA Services Group, SeaWorld Parks & Entertainment, Service King Collision Repair, Vivint Solar and The Weather Channel Companies. Mr. Wallace was formerly a director of Crestwood Midstream Partners, New Skies Satellites and Pelmorex Media. These experiences and knowledge, along with his service on public company boards, enhance Mr. Wallace's contributions and value to our Board.

In connection with our initial public offering, we entered into an investor agreement with the Sponsors. Under the investor agreement, each of the Sponsors will have the contractual right to name up to three individuals to our Board. See "Certain Relationships and Related Party Transactions Other Arrangements and Relationships with the Sponsors Investor Agreement".

Executive officers

Our current executive officers, their ages as of December 31, 2014, and their business experience during at least the past five years are set forth below.

Name	Age	Position
Carl S. Rubin	55	Chief Executive Officer; Director
Charles M. Sonstebly	61	Chief Administrative Officer and Chief Financial Officer
Theodore J. Bachmeier	51	Executive Vice President Store Operations
Stephen J. Carlotti	48	Executive Vice President Marketing
Thomas C. DeCaro	59	Executive Vice President Supply Chain
Philo T. Pappas	55	Executive Vice President Category Management
Shawn E. Hearn	49	Senior Vice President Human Resources
Dennis A. Mullahy	49	Senior Vice President Growth Initiatives
Michael J. Veitenheimer	58	Senior Vice President General Counsel and Secretary
Lance A. Weibye	45	Vice President Development

Mr. Sonstebly was named Chief Administrative Officer and Chief Financial Officer in October 2010. Prior to joining Michaels, Mr. Sonstebly served in various capacities at Brinker International, Inc. (which owns and operates casual dining restaurants) beginning in March 1990, including as Executive Vice President and Chief Financial Officer from 2001 until 2010, as Senior Vice President of Finance from 1997 to 2001 and as Vice President and Treasurer from 1994 to 1997. Mr. Sonstebly currently serves on the Board of Directors of Darden Restaurants, Inc. He was formerly a director of Zale Corporation.

Mr. Bachmeier was promoted to Executive Vice President Store Operations in September 2013. Prior to his promotion, he served as Zone Vice President of Stores for Michaels from January 2011, Vice President Aaron Brothers Store Operations from July 2008 to January 2011 and District Manager for Michaels from 1997 to July 2008.

Table of Contents

Mr. Carlotti was named Executive Vice President Marketing of the Company, with an effective start date of June 17, 2014. Prior to joining Michaels, he served as Chief Executive Officer of The Cambridge Group (a growth strategy consultancy owned by The Nielsen Corporation), beginning in October 2011 and as Executive Vice President, Global Practices and Consulting Services at Nielsen (a global marketing research firm) from June 2011 to October 2011. Prior to joining Nielsen, Mr. Carlotti served as Senior Partner at Prophet (a brand strategy consulting firm) from June 2010 to June 2011. Prior to joining Prophet, Mr. Carlotti served in various capacities at McKinsey & Company since 1990, including as Senior Partner from 2005 to June 2010. Mr. Carlotti is an advisory board member of E&J Gallo Winery.

Mr. DeCaro was promoted to Executive Vice President Supply Chain in June 2005. Prior to his promotion, Mr. DeCaro served as Senior Vice President Inventory Management since August 2000 when he joined Michaels. From April 1998 until joining the Company, he was Vice President Merchandise for The Walt Disney Company (a multi-national media conglomerate, which also operates retail stores and theme parks). Prior to this, he held the position of Senior Vice President Merchandise Planning and Allocation for Kohl's Department Stores from February 1996 to April 1998. In addition, Mr. DeCaro has held various positions in Merchandise Planning and Allocation and Finance for The Disney Store, The Limited Stores, May Department Stores, and Sanger Harris Department Stores.

Mr. Pappas was named Executive Vice President Category Management in February 2009. Prior to joining Michaels, he served as Chief Merchandising Officer at Tweeter Home Entertainment Group, Inc. (a specialty consumer electronics retailer) from April 2003 to October 2008. On June 11, 2007, Tweeter and each of its subsidiaries filed voluntary petitions for reorganization under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware in Wilmington, Delaware. Prior to joining Tweeter, Mr. Pappas served in various management positions at Staples, Inc. (an office supply store chain) from November 1994 to April 2003, most recently as Senior Vice President of Merchandising.

Mr. Hearn was named Senior Vice President Human Resources in February 2007. Prior to his promotion, Mr. Hearn served as our Vice President, Field Human Resources since joining Michaels in November 2002. Prior to joining Michaels, he served in various operations, marketing and human resource management positions at KMart Corporation (a multi-national retailer) from August 1981 to October 2002, most recently as Vice President, Advertising.

Mr. Mullahy was named Senior Vice President Growth Initiatives in November 2013. Prior to joining Michaels, he served as Senior Vice President Supply Chain at Ulta Salon, Cosmetics & Fragrance, Inc. from July 2011 to September 2013. Prior to joining Ulta, Mr. Mullahy served as Group Vice President Merchandising and Supply Chain Management at Meijer, Inc. from May 2005 to July 2011. In addition, Mr. Mullahy served in various capacities at Accenture, including as Partner from June 2000 to May 2005.

Mr. Veitenheimer was named Senior Vice President General Counsel and Secretary in January 2008. Prior to joining Michaels, Mr. Veitenheimer served as Senior Vice President of Law and Human Resources of The Bombay Company, Inc. (a specialty retailer focused on home accessories, wall decor and furniture), from June 2007 to December 2007 after having served as a Senior Vice President since February 2006, its Secretary since July 1985 and its General Counsel since November 1983. On September 20, 2007, The Bombay Company, Inc. and its U.S. wholly-owned subsidiaries filed voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court, Northern District of Texas, Fort Worth Division. Prior to joining The Bombay Company, Mr. Veitenheimer was in private practice of law in Fort Worth, Texas.

Table of Contents

Mr. Weibye was named Vice President Development in November 2012. He previously served as our Vice President Real Estate from June 2010 and Senior Director Real Estate since joining the Company in April 2008. Prior to joining Michaels, he served as Senior Manager of Real Estate Development for Kohl's Corporation from July 2004 to April 2008.

Corporate governance

Our Board is responsible for governing company business and affairs. Highlights of our corporate governance practices are described below.

Board Committees

We have an Audit Committee, a Compensation Committee and a Nominating Committee, which have the composition and responsibilities described below. Each committee operates under a charter that has been approved by our Board. A copy of the Compensation Committee charter and the Audit Committee charter can be found by clicking on "Corporate Governance" in the Investor Relations section of our website www.michaels.com. The members of each committee are appointed by the Board and each member serves until his or her successor is elected and qualified, unless he or she is earlier removed or resigns. In addition, each of the Sponsors has a contractual right to nominate three directors to our Board for as long as such Sponsor owns at least 25% of our outstanding Common Stock, two directors for so long as such Sponsor holds 10% or more but less than 25% of our outstanding Common Stock, and one director for so long as such Sponsor owns at least 3% or more but less than 10% of our outstanding Common Stock. In addition, from time to time, special committees may be established under the direction of the Board when necessary to address specific issues.

Because we are taking advantage of the "controlled company" exception under the rules of The NASDAQ Stock Market, our Compensation Committee is not composed entirely of independent directors as defined under the rules of The NASDAQ Stock Market.

Compensation Committee

The purpose of the Compensation Committee is to assist the Board in fulfilling responsibilities relating to oversight of the compensation of our directors, executive officers and other employees and the Company's incentive and equity-based compensation programs. The Compensation Committee reviews and recommends to our Board compensation plans, policies and programs and approves specific compensation levels for all executive officers. The Compensation Committee consists of Messrs. Levin and Wallace. A copy of the amended and restated Compensation Committee charter, which satisfies the applicable standards of the SEC and The NASDAQ Stock Market, is available on our website.

Audit Committee

The purpose of the Audit Committee is set forth in the amended and restated Audit Committee charter. The Audit Committee's primary duties and responsibilities are to:

appoint, compensate, retain and oversee the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services and review and appraise the audit efforts of our independent accountants;

establish procedures for (i) the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters and (ii) confidential and anonymous submissions by our employees of concerns regarding questionable accounting or auditing matters;

Table of Contents

engage independent counsel and other advisers, as necessary;

determine funding of various services provided by accountants or advisers retained by the committee;

review our financial reporting processes and internal controls;

review and approve related-party transactions or recommend related-party transactions for review by independent members of our Board; and

provide an open avenue of communication among the independent accountants, financial and senior management and the Board.

The Audit Committee consists of Ms. Greenthal, Mr. Mahoney and Ms. Raff, each of whom has been determined to be an independent director by our Board. Mr. Mahoney is also an "audit committee financial expert" within the meaning of Item 407 of Regulation S-K. A copy of the amended and restated Audit Committee charter, which will satisfy the applicable standards of the SEC and The NASDAQ Stock Market, is available on our website.

Nominating Committee

The purpose of the Nominating Committee is to identify individuals qualified to become members of the Board and to recommend to the Board director nominees for its annual meeting of shareholders. The Nominating Committee's primary duties and responsibilities will be to receive nominations for such qualified individuals and review recommendations put forward by the Chief Executive Officer, and make recommendations to the Board, taking into account each candidate's ability, judgment and experience and the overall diversity and composition of the Board; establish a policy under which stockholders of the Company may recommend a candidate to the Nominating Committee for consideration for nomination as a director; and recommend to the Board qualified individuals to serve as committee members on the various Board committees.

The Nominating Committee consists of Messrs. Levin, Mahoney, Rubin and Wallace.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to, among others, our principal executive officer, principal financial officer, and principal accounting officer or controller, or persons performing similar functions. A current copy of the code is posted on our website, which is located at www.michaels.com.

Compensation Committee interlocks and insider participation

None of our executive officers serves as a member of the board of directors or compensation committee of any other entity (other than a subsidiary) that has one or more executive officers who serve on our Board or Compensation Committee.

Table of Contents

Executive compensation

Compensation discussion and analysis

Introduction

The following Compensation Discussion and Analysis relates to compensation paid to our executive officers named in the Summary Compensation Table for fiscal 2013. Peter F. Wallace and Matthew S. Levin are the current members of our Compensation Committee and served in this role for all of fiscal 2013.

Named executive officers

According to SEC rules, the Summary Compensation Table that immediately follows this Compensation Discussion and Analysis must include specific information for each of the following persons: (i) all individuals serving as principal executive officer or acting in a similar capacity during the last completed fiscal year; (ii) all individuals serving as principal financial officer or acting in a similar capacity during the last completed fiscal year; (iii) the three most highly compensated executive officers other than the principal executive officer and principal financial officer who were serving as executive officers at the end of the last completed fiscal year; and (iv) up to two additional individuals for whom disclosure would have been provided but for the fact that the individual was not serving as an executive officer at the end of the last completed fiscal year. These individuals are: Carl S. Rubin, Chief Executive Officer (who served as principal executive officer for part of the year); Charles M. Sonstebly, former Member of the Interim Office of the Chief Executive Officer (the "Office of the CEO") and our Chief Administrative Officer and Chief Financial Officer (who served as principal executive officer for part of the year and principal financial officer for the full year); Thomas C. DeCaro, Executive Vice President Supply Chain; Philo T. Pappas, Executive Vice President Category Management; and Paula A. Puleo, former Executive Vice President Chief Marketing Officer (the three other most highly compensated individuals who were serving as executive officers at the end of fiscal 2013); Lewis S. Klessel, former Member of the Office of the CEO and Interim Chief Operating Officer (who served as principal executive officer for part of the year); Nicholas E. Crombie, former Executive Vice President Store Operations (for whom disclosure would have been provided but for the fact that he was not serving as an executive officer at the end of fiscal 2013); and Weizhong "Wilson" Zhu, former Executive Vice President Private Brands & Global Sourcing (for whom disclosure would have been provided but for the fact that he was not serving as an executive officer at the end of fiscal 2013). These officers are referred to as our "Named Executive Officers". This Compensation Discussion and Analysis and the executive compensation discussion and tables that immediately follow describe the process, strategy and elements of the Company's compensation plan as applied to our Named Executive Officers.

Compensation program

The principal objectives of our compensation program are:

attracting and retaining highly qualified individuals whose contributions result in Michaels meeting or exceeding its financial and strategic goals;

motivating officers to achieve exceptional levels of operating and financial performance; and

aligning officer interests with the long-term goals of our stockholders.

Currently, the total compensation for our officers at the Vice President level and above, including our Named Executive Officers, consists of three main components: base salary, annual cash incentive bonuses and long-term equity-based incentive compensation awards. The strategy of the cash incentive

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

compensation program for our officers is to provide higher annual cash incentive compensation for exceptional corporate and business financial performance. We also believe that by placing a significant equity opportunity in the hands of executives who are capable of driving and sustaining growth, our stockholders will benefit along with the executives who helped create stockholder value. The table immediately below includes the principal components of our pay-for-performance approach.

Component	Purpose	Form	Pay for performance
Base Salary	Provide sufficient competitive pay to attract and retain experienced and successful executives; reward good performance and business results.	Cash	Adjustments to base salary are based on individual performance, contributions to the business, competitive practices and internal comparisons.
Annual Bonuses	Provide financial incentives to members of management who were in positions to make important contributions to our success.	Cash	The potential award amount varies with the degree to which we achieve our annual financial objectives, as well as the Named Executive Officer's individual job performance.
Long-Term Equity-Based Compensation	Encourage and reward building long-term stockholder value and employment retention; engage executives in innovation and align them with stockholder interests. We currently provide two equity award types to balance specific objectives.		
	Stock Options: Reward absolute stock price appreciation	Stock Options	The potential appreciation in our stock price above the option exercise price motivates our Named Executive Officers to build stockholder value. Named Executive Officers may realize value only if our stock price appreciates over the option term.
	Restricted Stock Awards: Create retention values even during periods of short-term market volatility	Restricted Stock Awards	Retain certain Named Executive Officers and align them with stockholders' interests by awarding a fixed number of common shares upon vesting, which creates retention value even during periods of short-term market volatility.

Table of Contents

Compensation strategy: policies and procedures

Role of Compensation Committee and Chief Executive Officer in compensation decisions

The Compensation Committee reviews and recommends to the Board for approval the compensation for all executive officers at the level of Executive Vice President and above. The Board is ultimately responsible for determining the compensation of our executive officers at the level of Executive Vice President and above. Under our certificate of incorporation, equity-based plans must also be approved by a majority of our stockholders. Both the Compensation Committee and the Board receive recommendations with respect to compensation-related decisions regarding our executive officers, other than the Chief Executive Officer, by senior management, principally the Chief Executive Officer and the Senior Vice President Human Resources. In determining compensation levels for the executive officers, the Compensation Committee considers the scope of an individual's responsibilities, the competitive market salary at comparable companies, an individual's performance and prior experience, the performance of the Company and the attainment of planned financial and strategic initiatives. These factors are evaluated by the Compensation Committee and the Board, with the attainment of planned financial and strategic initiatives given greater weight with respect to executive bonuses. The Compensation Committee considers overall past compensation and incentives in determining the compensation of executive officers and seeks to assure that the executives have appropriate incentives to achieve high levels of Company performance. The Compensation Committee, through its members' involvement in other portfolio companies, has experience regarding compensation programs for executive officers. Approvals by the Compensation Committee and recommendations to the Board by the Compensation Committee are based on a number of factors, including a review of competitive market data (as described below) and executive performance (as described below), the experience of the members of the Compensation Committee and alignment of compensation with the overall strategic direction and goals of the Company.

Competitive market data and use of compensation consultants

As part of the compensation review process, management and our human resources department provide the Compensation Committee with market survey data on executive total compensation levels and general information regarding executive compensation practices in our industry, including information provided by The Hay Group, Inc., a compensation consulting firm engaged by the Company. The Hay Group's work in 2013 included a review of total compensation of our executive officers in light of amounts paid and compensation targets at comparable companies gathered from its internal sources as well as from published executive compensation surveys. During fiscal 2013, The Hay Group additionally evaluated our equity compensation program and made recommendations to the Compensation Committee and senior management. The Compensation Committee did not aim to set total compensation, or any compensation element, at a specified level as compared to the survey and other data that it reviewed, but rather used the data above, as well as that gathered through its members' involvement in other portfolio companies, as guidelines for the overall executive compensation program. As further described below under "Changes to Compensation Post-IPO", the Company has further retained The Hay Group to advise on executive compensation matters related to our initial public offering and transition to a public company.

Changes to compensation post-IPO

As noted above, the Company has retained, with approval of the Compensation Committee, The Hay Group to advise on certain aspects of executive compensation related to our initial public offering and transition to a public company. The Hay Group has developed, and our Compensation Committee has approved, a peer group of companies against which to assess the appropriateness of the following key components of

Table of Contents

our Named Executive Officers' compensation following this offering: base salary, annual cash bonuses and long term equity incentives.

The Compensation Committee may request that The Hay Group (or another compensation consultant) provide periodic market data on our peer group of companies. Our Compensation Committee may make adjustments in executive compensation levels in the future as a result of more formal market comparison processes.

Highlights of 2013 performance

The highlights of our fiscal 2013 performance include the following:

Net sales increased to \$4,570 million, a 3.7% improvement over fiscal 2012, which included a 53rd week, driven by a 2.9% increase in comparable store sales and the opening of 56 new Michaels stores and Aaron Brothers stores, including the relocation of 14 Michaels and 2 Aaron Brothers stores.

We reported record operating income of \$610 million, an increase of 3.0% from fiscal 2012.

Net income increased by \$43 million to \$243 million.

Adjusted EBITDA, a non-GAAP measure that is a required calculation in our debt agreements, improved by 6.0%, from \$747 million in fiscal 2012 to \$792 million in fiscal 2013 (see "Prospectus summary Summary consolidated financial and operating data.").

Throughout this Compensation Discussion and Analysis, we refer to our Adjusted EBITDA, a non-GAAP financial measure. A reconciliation of Adjusted EBITDA to the most directly comparable GAAP financial measure is contained in "Prospectus summary Summary consolidated financial and operating data."

Compensation elements

Base salaries

Base salaries for our executive officers are established based on the scope of their responsibilities, individual performance and prior experience, our operating and financial performance and the attainment of planned financial and strategic initiatives, taking into account the knowledge of the members of the Compensation Committee regarding competitive market compensation paid by companies for similar positions. The Compensation Committee recommends, and the Board sets, base salaries for officers at the level of Executive Vice President and above at a level designed to attract and retain highly qualified individuals who make contributions that result in the Company meeting its operating and financial goals. Base salaries are reviewed and adjusted annually as deemed appropriate by the Compensation Committee and the Board, as applicable, based on performance and business results, among other factors. The Compensation Committee and the Board have discretion to adjust base salary during the fiscal year and exercised that discretion in fiscal 2013, as described below.

Effective March 18, 2013, Mr. Rubin was named Chief Executive Officer of the Company. Pursuant to his negotiated employment agreement, Mr. Rubin's base salary was set at \$1,100,000, subject to increase at the Board's discretion. In setting Mr. Rubin's base salary, the Compensation Committee considered Mr. Rubin's compensation at his prior employer, the compensation of John B. Menzer, who was Mr. Rubin's predecessor as Chief Executive Officer the Company, and the level of compensation needed to recruit Mr. Rubin to the Company. In the opinion of the members of the Compensation Committee, based on their

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

experience with other companies, including other portfolio companies, this salary level represented a competitive market level for the position.

In March 2013, the Compensation Committee reviewed recommendations regarding 2013 annual base salary rates for the executive officer group based on the criteria set forth under " Compensation Strategy: Policies and Procedures". Merit guidelines are determined by reviewing surveys of market data provided by our management and human resources department, as well as giving consideration to the Company's overall budget for associate compensation. Based upon this information, the Company applied an annual merit rate budget of 3.0%, which provided for median merit based increases at 3.0%, for fiscal 2013 for its corporate support center associates, including our Named Executive Officers.

Annual base salary rates for the Named Executive Officers (other than Mr. Klessel) for fiscal 2013 and 2012, which reflect increases between the two fiscal years, are shown below.

	Base salary	
	2013	2012
Executive		
Carl S. Rubin(1)	\$ 1,100,000	\$
Lewis S. Klessel(2)		
Charles M. Sonstebly	711,109	687,061
Thomas C. DeCaro	393,437	381,978
Philo T. Pappas	431,897	419,318
Paula A. Puleo(3)	362,000	328,952
Nicholas E. Crombie(4)	362,187	355,085
Weizhong "Wilson" Zhu(5)	387,777	376,483

(1) Pursuant to Mr. Rubin's employment agreement his base salary was set at \$1,100,000, subject to increase at the Board's discretion

(2) Mr. Klessel is a managing director of, and receives compensation and benefits through, Bain Capital. Effective May 16, 2012, Mr. Klessel was appointed, along with the Company's Chief Administrative Officer and Chief Financial Officer, Charles M. Sonstebly, to the Office of the CEO. Effective as of such date, Mr. Klessel was also appointed to the newly-created position of interim Chief Operating Officer of the Company. The Office of the CEO was discontinued, effective March 18, 2013, Mr. Rubin's start date with the Company and the date Mr. Klessel resigned from his position as interim Chief Operating Officer. Mr. Klessel received no compensation from the Company for his service as Member of the Office of the CEO and Interim Chief Operating Officer.

(3) Ms. Puleo received a base salary increase of 10.0% in connection with her promotion to the position of Executive Vice President Chief Marketing Officer on February 3, 2013, and therefore did not receive an additional base salary adjustment in March 2013.

(4) Mr. Crombie left the Company on July 27, 2013.

(5) Mr. Zhu left the Company on November 15, 2013.

Annual bonuses

In March 2013, the Compensation Committee recommended that the Board approve the Company's Bonus Plan for executive officers, including the Named Executive Officers (other than Mr. Klessel), for fiscal 2013 (the "Bonus Plan") to provide financial incentives to these individuals and those other members of management who were in positions to make important contributions to Michaels' success. The Board subsequently approved the Bonus Plan. The structure of the Bonus Plan and the specific objectives relating to bonus payments were proposed by the Members of the Interim Office of the CEO and the Senior Vice President Human Resources and were reviewed by the Compensation Committee. For each of Messrs. Rubin and Sonstebly, the Bonus Plan tied 80% of his respective bonus opportunity to Michaels' attainment of a financial objective

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

(EBITDA, less an inventory charge), and 20% to individual job performance. For each of Mr. DeCaro, Mr. Pappas and Mr. Zhu, and Ms. Puleo, the Bonus Plan tied 50% of his or her respective bonus opportunity to our attainment of a financial objective (EBITDA, less an inventory charge), 15% to a business unit sales objective (sales for all U.S. Michaels stores), 15% to a business unit buyer contribution objective (generally margin, plus entitlements, less an inventory charge),

Edgar Filing: Michaels Companies, Inc. - Form S-1/A

Table of Contents

and 20% to individual job performance. For Mr. Crombie, the Bonus Plan tied 50% of his bonus opportunity to our attainment of a financial objective (EBITDA, less an inventory charge), 15% to a business unit sales objective (U.S. and Canada sales for all of our stores), 15% to an objective relating to the Company's operating income, and 20% to individual job performance. Individual management business objectives for Mr. Rubin were reviewed with the Compensation Committee prior to the commencement of his employment with the Company on March 18, 2013. Individual management business objectives for Mr. Sonsteby were reviewed with and approved by the Compensation Committee in the early part of fiscal year 2013. Individual management business objectives for Messrs. Crombie, Pappas and Zhu, and Ms. Puleo, were reviewed with and approved by the Members of the Interim Office of the CEO. For Mr. DeCaro, these objectives were reviewed and approved by the Chief Administrative Officer and Chief Financial Officer.

Under the Bonus Plan, before any business unit or individual performance payout would be earned, the actual results of the financial objective (EBITDA, less an inventory charge) was required to meet the threshold established by the Compensation Committee, which represented approximately 93% of target. Each participating Named Executive Officer was entitled to a bonus equal to a certain percentage of that executive officer's base salary, depending on the achievement of the threshold, target and maximum performance level. The Compensation Committee set threshold, target and maximum performance levels for all officers of the Company. The final award depended on the actual level of performance achieved; however, the Compensation Committee retained the right to make adjustments in its sole discretion. The target levels of performance for the bonus goals were set at levels that the Compensation Committee and the Board believed to be reasonably achievable in view of Michaels' historical annual performance. In the Compensation Committee's view, taking into account comparative data provided to the Committee by management and our human resources department, the compensation payable to the Named Executive Officers upon reaching target levels of performance, when added to their base salaries, creates a level of total cash compensation competitive with that paid by comparable companies for similar positions. Additional information regarding the targets and objectives is set forth below.

The target percentages set for fiscal 2013 and the threshold, target and maximum payments, for each of the Named Executive Officers for fiscal 2013 were as follows:

	Carl S. Rubin	Lewis S. Klessel(2)	Charles M. Sonsteby	Thomas C. DeCaro	Philo T. Pappas	Paula A. Puleo(3)	Nicholas Weizhong E. Crombie(4)	Wilson Zhu(5)
Percentage of Base Salary								
Target	100%		70%	50%	50%	50%	50%	50%
Threshold	18%		13%	9%	9%	9%	9%	9%
Maximum	200%		140%	100%	100%	100%	100%	100%
Financial Weightings								
Overall Company Results	80%		80%	50%	50%	50%	50%	50%
Company Sales				15%	15%	15%	15%	15%
Buyer Contribution Less								
Inventory Charge				15%	15%	15%		15%
Company Operating Income							15%	
Individual Performance	20%		20%	20%	20%	20%	20%	20%

(1) Pursuant to Mr. Rubin's employment agreement his target bonus for fiscal 2013 was set at 100% of base salary, as if he had been employed for the full fiscal year (with a maximum bonus at 200% of his base salary).

(2) Mr. Klessel received no compensation from the Company for his service as Member of the Interim Office of the CEO and Interim Chief Operating Officer and did not participate in the Bonus Plan.

Table of Contents

- (3) Ms. Puleo separated from the Company on March 9, 2014. Pursuant to the Bonus Plan, Ms. Puleo received her full earned bonus for fiscal 2013.
- (4) Mr. Crombie retired from the Company on July 27, 2013, and is not eligible for a bonus for fiscal 2013.
- (5) Mr. Zhu left the Company on November 15, 2013. In connection with his departure, the Company entered into an agreement with Mr. Zhu, whereby Mr. Zhu received his earned pro-rated bonus for fiscal year 2013 pursuant to the Bonus Plan, under established bonus criteria associated with the Bonus Plan, on the same terms as bonuses paid to other executive officers of the Company.

Company objective measures

In March 2014, the Compensation Committee reviewed the Company's financial results as applicable to the pre-established fiscal 2013 Bonus Plan objectives for the Named Executive Officers. As described previously, the financial objective of Company performance that was applicable to all the Named Executive Officers was EBITDA, less an inventory charge. At the beginning of fiscal 2013, the Compensation Committee established, and the Board approved, the EBITDA, less an inventory charge, goal for target-level bonuses at \$690.8 million, with a maximum at \$768.6 million and a threshold at \$642.6 million. For the fiscal year, the Company achieved financial performance of \$662.1 million, which was between threshold and target. As a result, bonuses above threshold, but below target, were earned for the Company performance element of the plan.

At the beginning of fiscal 2013, the Compensation Committee approved a business unit sales objective goal for target level bonuses for each of Messrs. DeCaro, Pappas, Crombie and Zhu and Ms. Puleo at \$4,463.3 million, with a maximum at \$4,686.4 million and a threshold at \$4,351.7 million. The Compensation Committee also approved a business unit buyer contribution objective goal for target level bonuses for Messrs. DeCaro, Pappas and Zhu and Ms. Puleo at \$2,244.9 million, with a maximum at \$2,357.1 million and a threshold at \$2,188.8 million, and a Company operating income objective goal for a target level bonus for Mr. Crombie at \$552.4 million, with a maximum at \$607.7 million and a threshold at \$519.3 million. For the fiscal year, the Company achieved business unit sales of \$4,430.3 million, which was between threshold and target, a business unit buyer contribution of \$2,187.8 million, which was below threshold, and Company operating income of \$519.0 million, which was below threshold. As a result, bonuses below target were earned for the business unit sales objective element of the plan, and bonuses were not earned for the business unit buyer contribution element of the plan and the Company operating income element of the plan.

Company subjective measures

Since the financial objective threshold that is applicable to all Named Executive Officers was met, in March 2014 the Compensation Committee, based upon input and recommendations by Messrs. Rubin and Sonstebly, as applicable, evaluated the individual performance of each of the Named Executive Officers for purposes of determining bonuses based on individual performance. The individual management business objectives are both quantitative and subjective, and are assessed in the aggregate to determine the individual's level of performance and bonus achieved. No specified weight is given to a single measure within the group of individual management business objectives, and the Compensation Committee's assessment of achievement reflects a generalized view of overall achievement of the group of measures. In addition, the individual management business objectives for all executives included an assessment of the executive's job knowledge and skills, communication skills, interpersonal skills, effectiveness of management, judgment and decision-making, drive and commitment, leadership and customer satisfaction.

For fiscal 2013, Mr. Rubin's group of individual management business objectives were focused primarily on EBITDA, margin improvement and year-over-year comparable sales growth, as well as solidifying the Company's leadership team and defining its appropriate long-term strategy. The Compensation Committee determined that Mr. Rubin achieved his individual objectives at 200% of target. Mr. Sonstebly's group of

Table of Contents

individual management business objectives were focused primarily on new store growth and performance, increasing profitability and cash flow, effective use of capital and development of future strategies. The Compensation Committee determined that Mr. Sonstebly achieved his individual objectives at 100% of target. Mr. DeCaro's group of individual management business objectives focused primarily on increasing profitability and cash flow, improvement in inventory turnover and in-stocks, supply chain cost management, and growth in private brand sales and gross margin. The Compensation Committee determined that Mr. DeCaro achieved his individual objectives at 50% of target. For Mr. Pappas, his group of individual management business objectives focused primarily on increasing profitability and cash flow, store offering competitiveness, pricing improvement, new business development, and growth in private brand sales and gross margin. The Compensation Committee determined that Mr. Pappas achieved his individual objectives at 100% of target.

Ms. Puleo left the Company on March 9, 2014. Pursuant to the terms of the Bonus Plan, she received her full earned bonus for fiscal 2013. Ms. Puleo was credited as achieving her individual objectives component at a fixed 50% of target, in accordance with the terms of the Bonus Plan. Mr. Crombie retired from the Company on July 27, 2013, and was not eligible to receive a bonus for fiscal 2013 in accordance with the terms of the Bonus Plan. Mr. Zhu left the Company on November 15, 2013. In connection with Mr. Zhu's departure, the Company entered into an agreement with him, whereby he received his earned pro-rated bonus for fiscal year 2013 pursuant to the Bonus Plan, under established bonus criteria associated with the Bonus Plan, on the same terms as bonuses paid to other executive officers of the Company. Mr. Zhu was credited as achieving his individual objectives component at a fixed 50% of target, in accordance with the terms of the Bonus Plan.

Actual payouts

Actual payouts for the Named Executive Officers, as a percentage of target level bonuses, were as follows:

	Carl S. Rubin	Lewis S. Klessel(1)	Charles M. Sonstebly	Thomas C. DeCaro	Philo T. Pappas	Paula A. Puleo(2)	Nicholas E. Crombie(3)	Weizhong Wilson Zhu(4)
Percent of Target	77%	N/A	57%	44%	54%	44%	N/A	44%

(1) Mr. Klessel received no compensation from the Company for his service as Member of the Interim Office of the CEO and Interim Chief Operating Officer and did not participate in the Bonus Plan.

(2) Ms. Puleo separated from the Company on March 9, 2014. Pursuant to the Bonus Plan, Ms. Puleo received her full earned bonus for fiscal 2013.

(3) Mr. Crombie retired from the Company on July 27, 2013, and is not eligible for a bonus for fiscal 2013.

(4) Mr. Zhu left the Company on November 15, 2013. In connection with his departure, the Company entered into an agreement with Mr. Zhu, whereby Mr. Zhu will receive his earned pro-rated bonus for fiscal year 2013 pursuant to the Bonus Plan, under established bonus criteria associated with the Bonus Plan, on the same terms as bonuses paid to other executive officers of the Company.

Actual amounts paid to the Named Executive Officers for fiscal 2013 are listed in the Summary Compensation Table.

Bonus opportunities for our Named Executive Officers for fiscal 2014 will be administered pursuant to the Company's Bonus Plan for fiscal 2014 (the "2014 Bonus Plan"). See "Executive Compensation Bonus Plan for Fiscal 2014" for additional details.

Long term equity-based compensation

On February 15, 2007, our Board and stockholders approved the Michaels Stores, Inc. 2006 Equity Incentive Plan (as amended, the "Equity Incentive Plan" or the "Plan"), as well as certain specific grants under the Equity Incentive Plan to officers. In addition, the stockholders granted the Board authority to make Equity Incentive Plan grants to other eligible participants in the future. The Equity Incentive Plan was established to advance the interests of Michaels and its affiliates by providing for the grant of equity-based awards to eligible officers, associates, directors of, and consultants and advisors to, Michaels or its affiliates. Awards under the Equity Incentive Plan are intended to align the long term incentives of our executives and stockholders. Grants are typically awarded when an executive is hired and may be awarded for subsequent promotions. All stock option grants made in fiscal 2013 were at exercise prices set at or above the grant date fair market value of the underlying stock as determined by our Board. In connection with the Reorganization in July 2013, the Equity Incentive Plan was assumed by The Michaels Companies, Inc., and the stock underlying outstanding awards became, and the stock upon which future awards will be based will be, the Common Stock of The Michaels Companies, Inc. In connection with our initial public offering, we amended and restated the Equity Incentive Plan, which is described in more detail below under "Executive Compensation 2014 Omnibus Plan".

Historically, the majority of outstanding options under the Equity Incentive Plan were divided into tranches with escalating exercise prices. The tranche structure of the option awards, with increasing exercise prices in each tranche, was designed to incentivize long term performance by tying the value of the options to long term increases in the value of our Common Stock. These grants were not made on an annual basis; rather, each initial grant was intended to incentivize the executive for a five-year period based on the vesting and exercise structure of the grant. For these options, each tranche vests 20% on each of the first through fifth anniversaries of the grant date, and all unvested options vest immediately upon a Change of Control (as defined in the Stockholders Agreement).

Beginning in 2013, the Company began issuing annual option grants that will vest over four years and accelerate in full on a Change of Control. The Company made the first of such grants in July 2013. Detail regarding option grants made to our Named Executive Officers in fiscal year 2013 and awards outstanding at the end of fiscal year 2013 is provided, respectively, in the Grants of Plan-Based Awards for Fiscal 2013 table and the Outstanding Equity Awards at Fiscal Year-End 2013 table that follow this Compensation Discussion and Analysis.

In July 2013, we paid a cash dividend to equity holders. In accordance with the terms of the Equity Incentive Plan, we also made cash payments and exercise price adjustments to outstanding equity awards to take account of the decreased fair value of our Common Stock as a result of the cash dividend.

Other benefits and perquisites

Our Named Executive Officers also receive certain other benefits and perquisites. During fiscal 2013, these benefits included contributions to 401(k) accounts, the payment of life insurance premiums, certain Company-paid medical benefits, car allowances and, in some cases, tax gross-ups and reimbursement for income taxes on taxable benefits. Additionally, our Chief Executive Officer, Mr. Rubin, was also entitled to the use of a Company-owned or leased automobile. The Compensation Committee and the Board believe these benefits and perquisites are reasonable and consistent with the nature of the executives' responsibilities, provide a competitive level of total compensation to our executives and serve as an important element in retaining those individuals. The cost to Michaels of these benefits to the Named Executive Officers is set forth in the Summary Compensation Table under the column "All Other

Table of Contents

Compensation" and detail about each element is set forth in the table presented in footnote 5 to the Summary Compensation Table.

Employment and severance agreements

We entered into an employment agreement with Mr. Rubin, which became effective on March 18, 2013, the date he commenced employment, which includes certain severance benefits in the event of termination other than for cause or by Mr. Rubin for good reason, as such terms are defined in the agreement. The specific terms of Mr. Rubin's employment agreement, are discussed in the section entitled "Rubin Employment Agreement" following the Grants of Plan-Based Awards Table and under "Executive Compensation Potential Payments upon Termination or Change of Control".

In April 2008, the Board approved the Company's Officer Severance Pay Plan (the "OSPP"), which was amended in July 2008 and was further amended on May 20, 2014. The OSPP was established by the Company to provide certain severance benefits, subject to the terms and conditions of the OSPP, to designated officers (those with a position of Vice President or above, or an equivalent title as approved by the Compensation Committee, and excluding the Chief Executive Officer) in the event that their employment is terminated as a result of a "Qualifying Termination" (as defined in the OSPP and described below). A more detailed description of the OSPP may be found under "Executive Compensation Potential Payments upon Termination or Change of Control".

Ms. Puleo's employment with the Company ended on March 9, 2014, and her severance benefits under the OSPP were triggered. Ms. Puleo executed a Severance Agreement and Release, which included, in addition to a release of all claims against the Company, a forfeiture of all outstanding unvested stock options and a confidentiality, non-solicitation, non-compete and non-interference agreement. Pursuant to her Severance Agreement and Release under the OSPP, Ms. Puleo is receiving: (i) eighteen months of base salary continuation in accordance with the Company's regular payroll practices; (ii) her earned bonus for fiscal 2013; (iii) a prorated target annual bonus for fiscal 2014; and (iv) the continuation of group medical and dental benefits for the eighteen month salary continuation period. The actual amounts payable to Ms. Puleo in connection with her separation are set forth under "Executive and Director Compensation Potential Payments upon a Termination or Change in Control".

Tax and accounting considerations

Deductibility of executive compensation. While the Compensation Committee takes into account tax and accounting considerations in structuring the components of the Company's compensation program, these considerations are secondary to the primary objectives of the program. Section 162(m) of the Code ("Section 162(m)") disallows a U.S. federal income tax deduction to any publicly held corporation for compensation exceeding \$1 million in any taxable year to any of the corporation's chief executive officer or other three most highly paid named executive officers other than its chief financial officer, except as to compensation that qualifies as performance-based or is otherwise exempt under Section 162(m). Following our initial public offering and for awards made under a plan established before our initial public offering concluded, the Company expects to be able to claim the benefit of a special exemption that applies to compensation paid (or compensation in respect of stock options or restricted stock granted) during a transition period that may extend until the Company's annual meeting of stockholders scheduled to be held in 2018, unless the transition period is terminated earlier under the Section 162(m) post-offering transition rules. At such time as we are subject to the deduction limitations of Section 162(m), we expect that the Compensation Committee will take the deductibility limitations of Section 162(m) into account in its compensation decisions. However, the Compensation Committee may, in its judgment, authorize

Table of Contents

compensation payments that are not exempt under Section 162(m) when it believes that such payments are appropriate to attract or retain talent.

The Company's compensation policies and practices as they relate to risk management

In accordance with the applicable disclosure requirements, to the extent that risks may arise from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company, the Company is required to discuss those policies and practices for compensating the employees of the Company (including employees that are not Named Executive Officers) as they relate to the Company's risk management practices and the possibility of incentivizing risk-taking.

The Compensation Committee has evaluated the policies and practices of compensating the Company's employees in light of the relevant factors, including the following:

the financial performance targets of the Company's annual cash incentive program are the budgeted objectives that are reviewed and approved by the Board and/or the Compensation Committee

bonus payouts are not based solely on Company performance, but also require achievement of individual performance objectives

bonus awards generally are not contractual entitlements, but are reviewed by the Compensation Committee and/or the Board and can be modified at their discretion

the financial opportunity in the Company's long-term equity-based compensation is best realized through long term appreciation of the Company's stock price, which mitigates excessive short-term risk-taking

the allocation of compensation between cash and equity awards and the focus on stock-based compensation, including options and restricted stock awards generally vesting over a period of years, thereby mitigating against short-term risk taking

Based on such evaluation, the Compensation Committee has determined that the Company's policies and practices are not reasonably likely to have a material adverse effect on the Company.

Table of Contents**Executive and director compensation***Summary compensation table*

According to SEC rules, the Summary Compensation Table must include specific information for each of the Named Executive Officers previously identified in the Compensation Discussion and Analysis above.

Name and principal position	Year	Salary (\$)(1)	Bonus (\$)	Stock awards (\$)(2)	Non-equity incentive compensation		All other compensation (\$)(5)	Total (\$)
					Option awards (\$)(3)	plan (\$)(4)		
Carl S. Rubin <i>Chief Executive Officer(6)</i>	2013	\$ 930,769	\$	\$ 6,099,187	\$ 10,657,671	\$ 847,660(7)	\$ 2,142,407	\$ 20,677,694

	2011	360,546				196,726	35,853	593,125

- (1) The amounts in this column represent actual base salary paid during fiscal 2013.
- (2) The amounts in this column represent the aggregate grant date fair value of restricted stock awards calculated in accordance with ASC 718, based on the assumptions set forth in Note 8 to our Consolidated Financial Statements for the year ended February 1, 2014. Because the Company was a privately-held company, and there was no public market for our Common Stock, the fair market value of our Common Stock was determined by our Board based on available information that was material to the value of our Common Stock at the time such determination was made, including any third-party valuation reports, the principal amount of the Company's indebtedness, the Company's actual and projected financial results, and fluctuations in the market value of publicly traded companies in the retail industry.
- (3) Represents the aggregate grant date fair value of option awards on the date of the grant as calculated in accordance with ASC 718, based on the assumptions set forth in Note 8 to our Consolidated Financial Statements for the year ended February 1, 2014. Because the Company was a privately-held company, and there was no public market for our Common Stock, the fair market value of our Common Stock was determined by our Board based on available information that was material to the value of our Common Stock and at the time such determination was made, including any third-party valuation reports, the principal amount of the Company's indebtedness, the Company's actual and projected financial results, and fluctuations in the market value of publicly traded companies in the retail industry.
- (4) The amounts in this column for fiscal 2013 reflect the cash awards to Named Executive Officers under the Bonus Plan, which are discussed in further detail in the preceding section " Compensation Elements Annual Bonuses". The amounts in this column for fiscal 2012 reflect the cash awards to Named Executive Officers under the Company's bonus plan for executive officers for fiscal 2012. The amounts in this column for fiscal 2011 reflect the cash awards to Named Executive Officers under the Company's bonus plan for executive officers for fiscal 2011.
