Compensation Best Practices

The compensation committee regularly reviews executive compensation best practices when evaluating the Company's compensation policies. The foundation of the Company's compensation policies is to reward employees, including the named executive officers, for achievements that support the mission and strategic objectives of the Company over the long term. The Company's compensation policies include:

a compensation recovery policy designed to prevent misconduct by any executive officers;

a "double trigger" change-in-control severance payment provision in the employment agreements of the Chief Executive Officer; President; Chief Financial Officer; and Senior Vice President, Secretary and General Counsel;

a "double trigger" change-in-control acceleration provision in the equity award agreements for the President; Chief Financial Officer; and Senior Vice President, Secretary and General Counsel (the Company had not granted any equity awards to the Chief Executive Officer as of December 31, 2015);

minimum stock ownership guidelines for the Chief Executive Officer; President; Chief Financial Officer; and Senior Vice President, Secretary and General Counsel; and

no tax gross-ups in executive employment agreements

Prohibition on Hedging, Pledging and other Types of Transactions Involving the Company's Securities

The Company's Insider Trading Policy prohibits short sales; investing in publicly traded options; hedging; pledging and margin accounts; and limit orders involving Company securities.(1)

(1)

William A. Ackman, the Chairman of the Board of Directors, is exempt from the prohibition of hedging transactions solely in connection with any hedging or swap transaction entered into by Pershing Square Capital Management, L.P. or any of its affiliates or subsidiaries.

2015 Pay Mix

Named executive officer compensation is weighted more heavily towards variable compensation through the use of annual and long-term incentives. Payouts of annual incentive compensation are subject to the Company achieving a minimum threshold of consolidated gross revenues and the individual named executive officer's achievement of personal performance goals set by the compensation committee. Long-term incentives are divided into two, equal components. One component is based on total shareholder return and the other is based upon continued service with the Company. Mr. Curry does not participate in the Company's annual incentive compensation program. As a result, the Compensation Committee has determined that Mr. Curry is eligible to receive an annual bonus reward. As the following charts show, on average, over 75% of named executive officer compensation is variable compensation.

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS To Be Held on May 19, 2016

QUESTIONS AND ANSWERS REGARDING THIS PROXY STATEMENT AND THE ANNUAL MEETING

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (the "SEC"), The Howard Hughes Corporation (the "Company") has elected to provide access to its proxy materials over the internet or, upon your request, through the mail. These materials are being provided in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board") for use at the Company's 2016 annual meeting of stockholders or any postponement or adjournment thereof (the "Annual Meeting"). Accordingly, the Company sent a Notice of Internet Availability of Proxy Materials (the "Notice") on or about April 7, 2016 to stockholders entitled to notice of and to vote at the meeting.

All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages stockholders to take advantage of the availability of the proxy materials on the internet.

You are invited to attend the Annual Meeting and are requested to vote on the proposals described in this proxy statement. The Annual Meeting will be held at 8:00 a.m., local time, on Thursday, May 19, 2016, at The Westin Galleria Dallas, 13340 Dallas Parkway, Dallas, Texas 75240.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

view the Company's proxy materials for the Annual Meeting on the internet; and

instruct the Company to send future proxy materials to you electronically by email.

The Company's proxy materials are also available on the Company's website at www.howardhughes.com.

If you previously elected to access your proxy materials over the internet, you will not receive a Notice or printed proxy materials in the mail. Instead you have received an email with a link to the proxy materials and voting instructions.

Table of Contents

Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you thereby lowering the costs associated with the Annual Meeting. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

What is included in the proxy materials?

The proxy materials include:

the Company's Notice of the Annual Meeting;

this proxy statement for the Annual Meeting; and

the Company's Annual Report on Form 10-K for the year ended December 31, 2015, as filed with the SEC on February 29, 2016.

If you requested printed versions of these materials by mail, the proxy materials will also include a proxy card (for stockholders of record) or a voting instruction form (for beneficial owners) for the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Holders of Company common stock at the close of business on March 24, 2016, are entitled to receive notice of and to vote their shares at the Annual Meeting. On March 24, 2016, there were 39,832,176 shares of Company common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

If your shares are registered in your name with the Company's transfer agent, Computershare Trust Company, N.A., you are considered a "stockholder of record." If your shares are held in an account with a broker, bank or other nominee, you are considered the "beneficial owner." As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares.

How do I vote?

You may vote using any of the following methods:

By internet or telephone

If you are a stockholder of record, you will need the control number included on your Notice, proxy card or in the email that you receive to access the proxy statement and annual report. Follow the instructions to vote your shares electronically on the internet or by calling the toll-free number provided to you.

If you are a beneficial owner of shares, you may vote your shares electronically on the internet by following the instructions sent to you by your broker, bank or other holder of record or by calling the toll-free number provided to you.

By mail

If you are a stockholder of record, you may request from us, by following the instructions on your Notice or in the email that you received, printed copies of the proxy statement and annual report, which will include a proxy card.

Edgar Filing: Howard Hughes Corp - Form PRE 14A

Table of Contents

If you are a beneficial owner of shares, follow the instructions from your broker, bank or other holder of record to request copies of the proxy statement and annual report, which will include a voting instruction form.

Be sure to complete, sign and date the proxy card or voting instruction form and return it in the manner instructed.

In person at the Annual Meeting

All stockholders of record may vote in person at the Annual Meeting. You can request a ballot at the Annual Meeting. You may also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspector of election with your ballot to be able to vote at the Annual Meeting.

Internet and telephone voting for stockholders of record will be available 24 hours a day, and will close at 11:59 p.m. Eastern Time on May 18, 2016. The availability of internet and telephone voting for beneficial owners will depend on the voting processes of your broker, bank or other holder of record. You should follow the voting instructions in the materials provided to you by your broker, bank or other holder of record. If you vote on the internet or by telephone, you do not have to return a proxy card or voting instruction form. If you are located outside the U.S. and Canada, please use the internet or mail voting methods. Your vote is important. Your timely response can save us the expense of attempting to contact you again.

What can I do if I change my mind after I submit my proxy?

If you are a stockholder of record, you can revoke your proxy prior to the completion of voting at the Annual Meeting by:

delivering written notice revoking your proxy to the Corporate Secretary at the Company's address set forth above;

timely delivering a new later-dated proxy using one of the methods described above; or

voting in person at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or other nominee. You may also vote in person at the Annual Meeting if you obtain a legal proxy from your broker, bank or other nominee.

What shares are included in my proxy?

If you are a stockholder of record, you will receive one proxy card for all of your shares that are registered in your name with the Company's transfer agent. If you are a beneficial owner of shares, the voting instructions you receive from your broker, bank or other nominee will indicate the number of shares of Company common stock held by them on your behalf. If you received more than one proxy card or voting instructions, then your shares are likely registered in more than one name with the Company's transfer agent and/or held in more than one account with your broker, bank or other nominee. Please complete, sign, date and return each proxy card and/or voting instructions to ensure that all of your shares are voted.

Table of Contents

What happens if I do not give specific voting instructions?

All properly executed proxies, unless revoked as described above, will be voted at the Annual Meeting in accordance with your instructions. If a properly executed proxy gives no specific instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

If you are a beneficial owner of shares and do not provide your broker, bank or other nominee with specific voting instructions, then under the rules of the New York Stock Exchange, they may only vote on matters for which they have discretionary power to vote. If your broker, bank or other nominee does not receive instructions from you on how to vote your shares and they do not have discretion to vote on the matter, then the broker, bank or other nominee will inform the inspector of election that it does not have the authority to vote on the matter with respect to your shares.

Your broker, bank or other nominee will not be permitted to vote on your behalf on the election of directors, the advisory vote on executive compensation, the proposal to approve the proposed Second Amended and Restated Certificate of Incorporation and other matters to be considered at the Annual Meeting, unless you provide specific instructions by completing and returning a properly executed proxy or following the instructions provided to you to vote your shares. For your vote to be counted, you need to communicate your voting decisions to your broker, bank or other nominee before the date of the Annual Meeting.

What constitutes a quorum?

A majority of the outstanding shares of common stock must be present, in person or by proxy, to constitute a quorum at the Annual Meeting.

Abstentions and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A "broker non-vote" occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular matter and has not received voting instructions from the beneficial owner.

Who can attend the Annual Meeting?

The Annual Meeting is open to all holders of the Company's common stock. Each stockholder is permitted to bring one guest. No cameras, recording equipment, large bags, briefcase or packages will be permitted in the Annual Meeting, and security measures will be in effect to provide for the safety of attendees.

Do I need a ticket to attend the Annual Meeting?

Yes, you will need an admission ticket or proof of ownership of the Company's common stock to enter the meeting. If your shares are registered in your name and you have elected to receive paper copies of the proxy materials, you will find an admission ticket attached to the proxy card sent to you. If your shares are held in the name of your broker, bank or other nominee or you received your materials electronically, you will need to bring evidence of your stock ownership, such as your most recent brokerage statement. All stockholders will be required to present valid picture identification.

IF YOU DO NOT HAVE VALID PICTURE IDENTIFICATION AND EITHER AN ADMISSION TICKET OR PROOF THAT YOU OWN COMPANY COMMON STOCK, YOU MAY NOT BE ADMITTED INTO THE ANNUAL MEETING.

**MATTERS RELATED TO CORPORATE GOVERNANCE, BOARD STRUCTURE, DIRECTOR
COMPENSATION AND STOCK OWNERSHIP**

Corporate Governance and Risk Management

The Board has adopted the following policies to serve as the governing framework of the Company:

corporate governance guidelines to assist the Board in the exercise of its responsibilities to the Company and its stockholders;

a code of business conduct and ethics applicable to the Company's directors;

a code of business conduct and ethics applicable to the Company's officers and other employees; and

written charters for its audit committee, compensation committee, nominating and corporate governance committee and risk committee.

The Company's corporate governance guidelines, codes of business conduct and ethics and committee charters are available on the Company's website at www.howardhughes.com under the Investors tab. You may also obtain a copy of these policies upon written request to the Company's Corporate Secretary at its principal executive office.

The Board periodically reviews its corporate governance policies and practices. Based on these reviews, the Board may adopt changes to policies and practices that are in the best interests of the Company and as appropriate to comply with any new SEC or New York Stock Exchange ("NYSE") corporate governance requirements.

The Board may, at its discretion, elect a Chairman of the Board from among the directors. If at any time the Chairman of the Board is a current or former executive officer of the Company, or for any reason is not an independent director, a presiding director will be selected by the independent directors from among the directors who are not current or former executive officers of the Company and are otherwise independent. The Board adopted this structure to promote decision-making and governance that are independent of the Company's management and to better perform the Board's monitoring and evaluation functions. Presently, the positions of Chairman of the Board and Chief Executive Officer are held by different individuals. The Chairman of the Board, William Ackman, is not a member of Company management.

The Board has established a policy that its non-management directors meet in executive session, without members of management present at least four times per year; provided, however, that any non-management director may request additional executive sessions of the non-management directors at any time, if and when necessary, to discuss any matter of concern. The Chairman of the Board or presiding director presides over each executive session. The Board policy provides that if the Board includes non-management directors that are not independent, at least one executive session each year will include only independent directors.

The Company believes the foregoing policies and practices, when combined with the Company's other governance policies and procedures, provide an appropriate framework for oversight, discussion and evaluation of decisions and direction from the Board.

The Board views risk management as one of its primary responsibilities. A fundamental part of risk management is not only understanding the risks that the Company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. In 2012, the Board established the risk committee. The risk committee assists the Board with the formulation of risk strategies and oversees the development and implementation of the Company's enterprise risk management program (the "ERM Program"), which is an enterprise-wide

Table of Contents

program designed to enable effective and efficient identification of critical enterprise risks and to facilitate the incorporation of risk considerations into decision making. While the Board maintains oversight responsibility for risk management, the Board's other standing committees support the Board and risk committee by regularly addressing various risks in their respective areas of oversight. Specifically, the audit committee assists the Board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with public reporting requirements. The compensation committee considers and evaluates whether the Company's compensation structure establishes appropriate incentives for executives and other employees of the Company, including whether the Company's compensation policies and practices for its executives and employees give rise to risks that are reasonably likely to have a material adverse effect on the Company. The nominating and corporate governance committee assists the Board in fulfilling its risk management oversight responsibilities associated with risks related to corporate governance, succession planning and emergency procedures. Each of the committee chairs reports to the full Board at regular meetings concerning the activities of the committee, the significant issues it has discussed and the actions taken by the committee.

Director Independence

NYSE corporate governance guidelines require that at least a majority of the members of the Board meet the NYSE criteria for independence. The Board has determined that each of its non-management directors, which include Mr. Ackman, Mr. Flatto, Mr. Furber, Mr. Krow, Mr. Model, Mr. Sellers, Mr. Shepsman, Mr. Tansky and Ms. Tighe, is independent under the NYSE independence standards. Mr. Weinreb is not independent because he is the chief executive officer of the Company.

Director Nominations

Qualifications. The nominating and corporate governance committee considers a number of factors in its evaluation of director candidates. These factors include their specific experience, qualifications, attributes and skills in light of the Company's business. The nominating and corporate governance committee is also responsible for recommending the nomination of those incumbent directors it deems appropriate for re-election to the Board and, if applicable, reappointment to any committees of the Board on which such director serves.

While the nominating and corporate governance committee has not established specific criteria relating to a candidate's age, education, experience level or skills, qualified candidates are expected to have strong business expertise and, in particular, experiences and expertise with regard to real estate development and management, retail, financial reporting, risk management and/or business strategy. Under our Diversity Policy, the nominating and corporate governance committee also considers the independence of the nominee, availability for service to the Company (including any potential conflicts of interest), age of the incumbent directors on the Board, diversity and the Board's anticipated needs with regard to director expertise. With regard to diversity, the nominating and corporate governance committee is committed to considering candidates for the Board regardless of gender, ethnicity and national origin. The Diversity Policy was adopted by the nominating and corporate governance committee on October 12, 2011, and its effectiveness will be evaluated from time to time.

Stockholder Recommendations. The nominating and corporate governance committee will consider recommendations of potential candidates from stockholders based on the same criteria as a candidate identified by the nominating and corporate governance committee.

Edgar Filing: Howard Hughes Corp - Form PRE 14A

Table of Contents

To recommend a candidate, a stockholder must provide notice to the Company. The notice must include the following:

as to each person being recommended, all information relating to such person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors in contested elections;

such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and

a description of all direct and indirect compensation between the company and other material monetary agreements, arrangements and understandings during the past three years, and any other material relationships between or among such stockholder and, if applicable, the beneficial owner of the shares held by such stockholder.

For information regarding when notice must be received to be considered timely, see "Stockholder Proposals for 2017 Annual Meeting of Stockholders."

Any stockholder and other interested party may communicate with the Board, any Board committee, the non-management directors or any individual director. All written communications must identify the recipient and the author and be sent by certified mail to: The Howard Hughes Corporation, One Galleria Tower, 13355 Noel Road, 22nd Floor, Dallas, Texas 75240, Attention: Corporate Secretary. Codes of Business Conduct and Ethics

The Company has adopted a code of business conduct and ethics applicable to the Company's directors and a code of business conduct and ethics applicable to the Company's officers and other employees. The purpose of these codes is to, among other things, affirm the Company's commitment to the highest standards of business conduct and ethics, integrity and attendant compliance reporting in accordance with all applicable laws. The codes set forth a common set of values and standards to which all of the Company's directors, officers and employees are expected to adhere. THE BOARD, ITS COMMITTEES AND ITS COMPENSATION

The Board

Nine of our directors are non-management directors. Under the Company's amended and restated bylaws, the Board may select one of its members to be Chairman of the Board. Currently, William Ackman is the Chairman of the Board.

Under the Company's corporate governance guidelines, Board members are expected to devote the time reasonably necessary to discharge their responsibilities and to prepare for and, to the extent reasonably practicable, attend and participate in all meetings of the Board and Board committees on which they serve. Each director is expected to attend the annual meeting of stockholders. The Board held a total of seven meetings in 2015. All directors attended 75% or more of the meetings of the Board and of the committees and asset subcommittees on which they served during 2015. All the directors then in office attended our 2015 annual meeting of stockholders.

Our individual Board members have varied expertise and bring extensive professional experience both within and outside the real estate industry. This provides our Board with a vast collective skill set which is advantageous to the Board's oversight of our Company. While the industry-specific expertise possessed by certain of our Board members is essential, we also benefit from the viewpoints of our directors with expertise outside the real estate industry. These varied perspectives expand the Board's ability to provide relevant guidance to our business.

Board Committees

The Board has five standing committees: audit committee, compensation committee, nominating and corporate governance committee, retail and design committee and risk committee, each of which is described below. Each committee operates under a written charter adopted by the Board, with the exception of the retail and design committee, whose responsibilities were set forth in resolutions adopted by the Board. The table below sets forth the current composition of Board committees.

RELATED PARTY TRANSACTIONS AND CERTAIN RELATIONSHIPS

Related Party Transactions Policy

The Company has adopted a written policy relating to the approval of related party transactions. Under this policy, the audit committee reviews certain financial transactions, arrangements and relationships between the Company and any of the following related parties to determine whether any such transaction, arrangement or relationship is a related party transaction:

any director, director nominee or executive officer of the Company;

any beneficial owner of more than 5% of the Company's outstanding stock; and

any immediate family member of any of the foregoing.

Audit committee review is required for any financial transaction, arrangement or relationship that:

involves or will involve, directly or indirectly, any related party identified above and is in an amount greater than \$120,000;

would cast doubt on the independence of a director;

would present the appearance of a conflict of interest between the Company and the related party; or

is otherwise prohibited by law, rule or regulation.

The audit committee reviews each such transaction, arrangement or relationship to determine whether a related party has, has had or expects to have a direct or indirect material interest. Following its review, the audit committee will take such action as it deems necessary and appropriate under the circumstances, including approving, disapproving, ratifying, cancelling or recommending to management how to proceed if it determines a related party has a direct or indirect material interest in a transaction, arrangement or relationship with the Company. Any member of the audit committee who is a related party with respect to a transaction under review is not permitted to participate in the discussions or evaluations of the transaction; however, the audit committee member will provide all material information concerning the transaction to the audit committee. The audit committee reports its action with respect to any related party transaction to the Board.

The following are summaries of transactions entered into by the Company prior to, in connection with and after the Company's spin-off from General Growth Properties, Inc. ("GGP") in November 2010. Each of the transactions entered into by the Company prior to or in connection with the spin-off was reviewed and approved by GGP, the Company's then sole stockholder. Each of the transactions entered into by the Company after the spin-off was reviewed and approved by the Company's audit committee, with the exception of the sale of warrants to Messrs. Weinreb, Herlitz and Richardson. The sale of warrants to those individuals was approved initially by the compensation committee and then by the Board.

Transactions in Connection with the Spin-Off

Pursuant to GGP's plan of reorganization, GGP entered into agreements with each of certain affiliates of Brookfield Asset Management ("Brookfield"), Fairholme Fund and Fairholme Focused Income Fund (collectively, "Fairholme") and Pershing Square pursuant to which these entities purchased an aggregate of \$250.0 million of Company common stock at the effective time of the spin-off. At the effective time of the spin-off, the Company also entered into (a) warrant agreements, registration rights agreements and stockholders agreements with each of Brookfield, Fairholme and Pershing Square, (b) a registration rights agreement with General Trust Company and (c) a standstill agreement with Pershing Square. The agreements between the Company and Fairholme terminated in

2012 after the Company purchased its outstanding warrants. The agreements between Brookfield and the Company terminated in 2013 after Brookfield disposed of all of its shares of the Company. The key terms of each of the agreements that remain effective are summarized below. See "Security Ownership of Management and Certain Beneficial Holders Five Percent Holders" for the current beneficial ownership of Company common stock held by Pershing Square.

Warrant Purchase Agreement

In November 2010, the Company issued warrants to purchase 1,916,667 shares of Company common stock to Pershing Square. The warrants issued to Pershing Square can only be exercised on a net share basis, which means that the exercise price for the warrants will not be paid in cash, but rather will be netted against the shares received upon exercise of the warrants, resulting in fewer shares being issued. Upon certain change in control events, Pershing Square has the right to require that the warrants be canceled in exchange for a cash payment equal to the fair value of the warrants as determined using a Black-Scholes-based formula.

Registration Rights Agreements

In November 2010, the Company entered into a registration rights agreement with Pershing Square with respect to Company common stock held by Pershing Square. The agreement with Pershing Square requires the Company to maintain a shelf registration statement covering the shares held by Pershing Square. Additionally, Pershing Square may require the Company to:

register shares of Company common stock held by them having an estimated aggregate fair market value of at least \$25.0 million;

undertake up to three underwritten offerings, but no more than one underwritten offering during any 12-month period; and

include shares of Company common stock held by them in any registration statement whenever the Company proposes to register shares of its common stock.

The Company has agreed to pay all expenses, other than underwriting discounts and commissions, in connection with the registration rights agreement, including legal and accounting fees incurred by the Company, printing costs and the fees of one law firm for the selling stockholder. Additionally, the Company has agreed to indemnify these stockholders against certain liabilities, including liabilities under the federal securities laws.

Stockholder Agreement

In November 2010, the Company entered into an agreement with Pershing Square. Under this agreement, subject to certain exceptions, if the Company makes a public or non-public offering of its common stock (or securities convertible or exchangeable into common stock), Pershing Square has a right to acquire the securities for the same price and on the same terms up to the amount needed for it to maintain its aggregate proportionate common stock-equivalent interest in the Company on a fully diluted basis. This right will terminate for Pershing Square when it beneficially owns less than 5% of the Company's outstanding shares on a fully diluted basis (as defined in the agreements).

Under the stockholder agreement with Pershing, the Company has agreed to nominate and use its reasonable best efforts to elect to the Board certain director nominees designated by Pershing Square. Pershing Square has the right to nominate three directors so long as it beneficially owns at least a 17.5% fully diluted economic interest (as defined in the agreement) in the Company and two Board designees so long as it beneficially owns at least a 10% interest in the Company on a fully diluted basis. Board members designated by Pershing Square are not required to be independent but are subject to reasonable eligibility criteria applied in good faith to other Board candidates by the nominating and

corporate governance committee. Pershing Square's current Board designees are William Ackman, Gary Krow and Allen Model.

Standstill Agreement

In November 2010, the Company entered into an agreement with Pershing Square to, among other things:

limit Pershing Square's economic interest in Company common stock to 40% of the Company's outstanding common stock and set forth required approvals for Pershing Square to increase its economic interest above the agreed upon limit;

require Pershing Square, with respect to any matter the Board has recommended our stockholders not approve, to vote any of its shares in excess of 30% of the Company's common stock against such matter or in proportion to other stockholders;

set forth required Board and stockholder approvals for certain change in control transactions and related party transactions involving Pershing Square; and

restrict certain transfers of Company common stock by Pershing Square.

Additionally, the terms of the agreement ensure that Pershing Square does not take any action inconsistent with its support for the following corporate governance principles:

the Board will have nine members, unless otherwise approved by 75% of the Board members;

a majority of the directors on the Board will be independent; and

a majority of the members of the nominating and corporate governance committee will be disinterested directors (as defined in the agreement).

Further, in connection with the election of directors, Pershing Square may vote all of its shares in its sole discretion with respect to its designees and, with respect to other director nominees, may vote 10% of the Company's outstanding common stock in its sole discretion, but must vote the remainder of its shares in proportion to the votes cast by the Company's other stockholders.

Mr. Herlitz purchased a warrant to acquire 315,731 shares for \$2.0 million. The warrants have an exercise price of \$42.23 per share and expire in November 2017.

In February 2011, the Company entered into a warrant purchase agreement with Mr. Richardson, in connection with his joining the Company as Chief Financial Officer. Pursuant to the purchase agreement, Mr. Richardson purchased a warrant to acquire 178,971 shares of Company common stock for \$2.0 million. Mr. Richardson purchased the warrant in March 2011. The warrant has an exercise price of \$54.50 per share and expires in February 2018.

The warrant purchase prices were paid in cash and determined by the Board, with the assistance of an outside advisor, to equal the fair value of the warrants on the issue date. The warrants became fully vested at the time of purchase, but do not become exercisable until the sixth anniversary of the date of purchase, subject to limited exceptions. Under the warrant agreements, the Company agreed to file a shelf registration statement registering the shares of Company common stock underlying the warrants. These warrants were made as an investment by each of Messrs. Weinreb, Herlitz and Richardson and are not compensation.

PROPOSAL NO. 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION

In 2011, 63% of stockholders voted in a non-binding proposal that the Company should submit advisory votes on executive compensation every third year. The Board evaluated the voting on this matter and determined that the Company should submit advisory votes on executive compensation to its stockholders every year because it wants to be responsive to the large minority of stockholders who did not vote for triennial say-on-pay votes. Stockholders will be asked again in 2017 to vote on the frequency of advisory votes on executive compensation.

The Company believes that its compensation policies and procedures are centered on a pay-for-performance culture and are strongly aligned with the long-term interests of its stockholders. This advisory, non-binding, stockholder vote, as required under Section 14A of the Securities Exchange Act of 1934 and commonly known as "say-on-pay," gives you, as a stockholder, the opportunity to vote for or against the Company's executive compensation program.

The vote on this proposal is not intended to address any specific element of compensation. The vote relates to the compensation of the Company's named executive officers, as described under the heading "Compensation Discussion and Analysis" and "Executive Compensation" in this proxy statement disclosed pursuant to the compensation disclosure rules of the SEC.

The Board recommends a vote FOR the approval of our executive compensation.

PROPOSAL NO. 3
APPROVAL OF SECOND AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

Background of Proposal

Elimination of Restrictions on Removal of Directors

The Company's Amended and Restated Certificate of Incorporation provides that directors may be removed by the stockholders only for cause. The Court of Chancery of the State of Delaware held in a case construing the certificate of incorporation of another Delaware corporation that if a Delaware corporation has neither a staggered board nor provides for cumulative voting in the election of directors, provisions of the corporation's certificate of incorporation and bylaws providing that directors may be removed only "for cause" are contrary to Section 141(k) of the General Corporation Law of the State of Delaware and are invalid and unenforceable. Although this was not a decision by the Delaware Supreme Court and is not binding on other Delaware courts, the decision raises a question whether Article VI.C of our Amended and Restated Certificate of Incorporation, which provides that directors may be removed by the stockholders only for cause, is valid and enforceable because the Company does not have a staggered board or cumulative voting in the election of directors. Upon review, the Board has determined that it is advisable and in the best interest of the Company and its stockholders to eliminate the provision of our Amended and Restated Certificate of Incorporation that only provides for the removal of directors by the stockholders for cause. As a result, the Board has approved the Second Amended and Restated Certificate of Incorporation. If the applicable portion of Article VI.C is removed, directors may be removed by the stockholders with or without cause by the holders of a majority of the Company's common stock.

Removal of Obsolete Transfer Restrictions

Article XV of the Company's Amended and Restated Certificate of Incorporation is obsolete and no longer has any purpose or necessity. On November 10, 2013, the restrictions (the "Restrictions") imposed by Article XV on the direct or indirect transferability of the Company's equity securities to preserve the value of certain of the Company's deferred tax assets generated by net operating losses and other tax attributes expired. The Restrictions were adopted to reduce the likelihood of an "ownership change," as defined in Section 382 of the Internal Revenue Code (an "Ownership Change"). To better protect the value of certain of the Company's deferred tax assets generated by net operating losses and other tax attributes, the Company adopted a shareholder rights plan on February 27, 2012. This shareholder rights plan generally would prevent any person from acquiring 4.99% or more of the Company's outstanding shares of common stock without the approval of the Board, and thus prevent an Ownership Change from occurring without Board approval. On May 21, 2015, the Company's stockholders approved an amendment extending the term of the plan. The shareholder rights plan will remain in effect until the earlier of: (i) March 18, 2018; (ii) the time at which the rights thereunder are redeemed or exchanged; (iii) the effective time of the repeal of Section 382 of the Internal Revenue Code or any successor statute if the Board determines that the shareholder rights plan is no longer necessary for the preservation of the Company's deferred tax assets generated by the net operating losses and other tax attributes; and (iv) the first day of the taxable year of the Company to which the Board determines that the deferred tax assets generated by the net operating losses and other tax attributes may not be carried forward. Upon review, the Board has determined that it is advisable and in the best interest of the Company and its stockholders to eliminate Article XV of our Amended and Restated Certificate of Incorporation. As a result, the Board has approved the Second Amended and Restated Certificate of Incorporation. Because the Restrictions imposed by Article XV have expired, the removal of this Article will have no effect on stockholders.

Timing of the Proposed Second Amended and Restated Certificate of Incorporation

A copy of the Second Amended and Restated Certificate of Incorporation is attached to this Proxy Statement as Annex A. If the proposed Second Amended and Restated Certificate of Incorporation is approved by the Company's stockholders, it will become effective immediately upon the filing of the Second Amended and Restated Certificate of Incorporation with the the Secretary of State of Delaware, which the Company expects to file promptly after the Annual Meeting. If the proposed Second Amended and Restated Certificate of Incorporation is not approved by the Company's stockholders, the Amended and Restated Certificate of Incorporation will remain unchanged.

PROPOSAL NO. 4
RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP
AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING
FIRM FOR FISCAL 2016

The audit committee has selected Ernst & Young LLP ("EY") as the Company's independent registered public accounting firm for fiscal 2016. SEC regulations and the NYSE corporate governance standards require that the Company's independent registered public accounting firm to be engaged, retained and supervised by the audit committee. Although approval or ratification by stockholders of such engagement is not required, the Company is seeking the stockholders' ratification of the audit committee's selection of EY because we believe that allowing stockholders to express their view on the matter is good corporate governance. Any failure of the stockholders to ratify the audit committee's selection of EY as the Company's independent registered public accounting firm would, however, be considered by the audit committee in determining whether to engage EY.

The Board recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2016.

Relationship with Independent Registered Public Accounting Firm

The audit committee is directly responsible for the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm. As described above, the audit committee has selected EY as the Company's independent registered public accounting firm for fiscal 2016.

A representative of EY is expected to be present at the Annual Meeting and will be given the opportunity to make a statement if they so desire and to respond to appropriate questions from stockholders.

Independent Registered Public Accounting Firm Fees

The following table presents fees incurred for professional services rendered by EY, the Company's independent registered public accounting firm for the fiscal years ended December 31, 2015 and December 31, 2014.

	December 31, 2015	December 31, 2014
Audit Fees(1)	1,828,907	\$ 1,646,073
Audit Related Fees(2)	31,360	\$
Tax Fees(3)	111,000	\$ 75,822
All Other Fees		\$
Total Fees	1,971,267	\$ 1,721,895

- (1) Includes fees and expenses incurred for services related to the annual audit of the consolidated financial statements, required statutory audits, reviews of the Company's quarterly reports on Form 10-Q, the registered public accounting firm's report on the Company's internal control over financial reporting, as required under Section 404 of the Sarbanes-Oxley Act of 2002, and consents during the respective periods.
- (2) Includes fees for the audit of the December 31, 2015 financial statements of Discovery Property Company, LLC, a joint venture of the Company.
- (3) Includes fees for services related to tax compliance, tax advice and tax planning.

Pre-Approval Policies and Procedures

The audit committee's policy is to require the pre-approval of all audit and non-audit services provided to the Company by its independent registered public accounting firm (except for items exempt from pre-approval requirements under applicable laws and rules) to assure that the

Edgar Filing: Howard Hughes Corp - Form PRE 14A

provision of such services does not impair the firm's independence. All audit and non-audit services were pre-approved.

AUDIT COMMITTEE REPORT

The audit committee is comprised entirely of independent directors (as defined for members of an audit committee in SEC rules and the NYSE listing standards) and assists the Board in a number of duties. These duties include oversight of the following matters: the integrity of the Company's financial statements; compliance with legal and certain regulatory requirements; the performance of the internal audit function; and the financial reporting process. In addition, the audit committee is directly responsible for the appointment, compensation (including approval of the audit fee), retention and oversight of the Company's independent registered public accounting firm. The audit committee has appointed Ernst & Young LLP ("EY") as its independent registered public accounting firm for fiscal 2016. The audit committee operates pursuant to a written charter adopted by the Board and reviewed annually by the audit committee. A copy of the charter is available on our website at <http://investor.howardhughes.com> under the Corporate Governance tab. The audit committee has the resources and authority it deems appropriate to discharge its responsibilities.

The audit committee has engaged EY to serve as the Company's independent consulting firm since 2013. In accordance with SEC rules, the lead audit partner on the Company engagement serves no more than five consecutive years in that role. The current lead partner was appointed in 2013. The audit committee and management have direct input into the selection of the lead audit partner. The audit committee periodically considers whether the annual audit of the Company's financial statements should be conducted by another firm.

In determining whether to reappoint EY as the Company's independent auditors for 2016, subject to stockholder ratification, the audit committee took into consideration a number of factors. These factors included:

the length of time the firm has been engaged by the Company;

EY's familiarity with the Company's operations and industry, accounting policies, financial reporting process, and internal control over financial reporting;

EY's skills, expertise and independence; the quality of the audit committee's ongoing discussions with EY;

a review of external data related to EY's legal risks and proceedings, audit quality and recent public portions of Public Company Accounting Oversight Board (United States) (the "PCAOB") reports;

an assessment of the professional qualifications of EY, the performance of the lead audit partner and the other professionals on the Company account;

the reasonableness of EY's fees for the services provided to the Company;

management's relationship with EY and its assessment of EY's performance; and

the impact of changing auditors, including the significant time requirement that could distract from management's focus on reporting and internal controls.

Based on this evaluation, the audit committee believes that it is in the best interest of the Company and our stockholders to retain EY as our independent registered public accounting firm for fiscal 2016.

Each member of the audit committee is considered financially literate, as defined by the NYSE, and the Board has determined that Mr. Shepsman has the necessary experience to qualify as an "audit committee financial expert" under SEC rules. In accordance with the SEC's safe harbor relating to audit committee financial experts, a person designated as an audit committee financial expert will not be deemed an "expert" for purposes of the federal securities laws. In addition, this designation does

Table of Contents

not impose on a person any duties, obligations or liabilities that are greater than those otherwise imposed on the person as a member of the audit committee and the Board, and does not affect the duties, obligations or liabilities of the Board.

Management is responsible for the Company's system of internal control over financial reporting and for preparing its consolidated financial statements. EY was responsible for performing independent audits of the Company's internal control over financial reporting as of December 31, 2015 and its consolidated financial statements as of December 31, 2015 and for the year then ended, both in accordance with the standards of the PCAOB, and to issue reports thereon. The audit committee is responsible for overseeing management's conduct of the financial reporting process and system of internal control.

The audit committee reviewed and discussed with both management and EY the results of the independent audits of the Company's internal control over financial reporting as of December 31, 2015 and the consolidated financial statements of the Company for the year ended December 31, 2015 prior to their issuance. During 2015, management advised the audit committee that the set of financial statements had been prepared in accordance with accounting principles generally accepted in the United States of America, and reviewed significant accounting and disclosure matters with the audit committee. This included discussion with EY of matters required to be discussed by Statement on Auditing Standards No. 16, as amended, as adopted by the PCAOB and SEC Regulation S-X Rule 2-07, *Communication with Audit Committees*, as currently in effect, including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The audit committee also discussed with its independent registered public accounting firm matters relating to its independence and received the written disclosures and letter from EY required by the applicable requirements of PCAOB regarding the independent accountant's communications with the audit committee concerning independence.

Taking all of these reviews and discussions into account, all of the audit committee members, whose names are listed below, recommended to the Board that it approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's named executive officers during 2015 were its Chief Executive Officer, David R. Weinreb; its President, Grant Herlitz; its Chief Financial Officer, Andrew Richardson; its Senior Vice President, Secretary and General Counsel, Peter Riley; and its Senior Executive Vice President of Development, Christopher Curry (collectively, the "Named Executives"). The Compensation Discussion and Analysis contains a discussion of our compensation policies and practices and the material elements of compensation awarded to the Named Executives for 2015.

Business Background

Our mission is to be the preeminent developer and operator of master planned communities and mixed use properties. We create timeless places and memorable experiences that inspire people while driving sustainable, long-term growth and value for our stockholders. We specialize in the development of master planned communities and ownership, management and the redevelopment or repositioning of real estate assets currently generating revenues, also called operating assets, as well as other strategic real estate opportunities in the form of entitled and unentitled land and other development rights, also called strategic developments. We are headquartered in Dallas, Texas and our assets are located across the United States.

Business Highlights

The Named Executives' decisions and leadership positioned the Company to achieve the following operating and development results during 2015:

Consolidated gross revenues increased \$162.5 million, or 25.6%, to \$797.1 million, compared to \$634.6 million in 2014.

Net operating income from income-producing operating assets increased \$43.5 million, or 58.7%, to \$117.6 million in 2015, compared to \$74.1 million in 2014.(1)

Adjusted net income decreased \$14.7 million, or 10.0%, to \$132.7 million in 2015, compared to \$147.4 million in 2014.(2)

(1) Net operating income ("NOI") is a non-GAAP financial measure. It includes the NOI from our combined retail, office, resort and conference center and multifamily properties, our share of NOI from our non-consolidated equity-method ventures and the annual distribution that we receive in the first quarter from our Summerlin Hospital cost-basis investment. These amounts exclude NOI from properties that are substantially closed for redevelopment and/or were sold during the period. We provide a reconciliation of this non-GAAP financial measure to net income in Annex B to this Proxy Statement.

(2) Adjusted net income is a non-GAAP measure that excludes depreciation and amortization and non-cash warrant liability and tax indemnity receivable gains and losses. The decrease is primarily due to a large commercial land sale in 2014, partially offset by income recognized in 2015 from our Waiea and Anaha residential condominium towers under construction at Ward Village, income from our recently completed commercial real estate properties as they continue to stabilize and a gain on sale of a non-core asset. The presentation of net income excluding these items is consistent with other companies in the real estate business who also typically report an earnings measure that excludes non-cash depreciation and amortization. For a reconciliation of adjusted net income to net income (loss) attributable to common stockholders, please refer to the Annex B to this Proxy Statement.

One Merriweather, a 199,000 square foot, Class A office building with 12,500 square feet of retail in Columbia, MD, anticipated for completion in the fourth quarter 2016. The building is 49.0% pre-leased to MedStar Health, the largest healthcare provider in the region.

We also began construction of a second 650 unit self-storage facility in The Woodlands during the first quarter 2016. These developments represent our first of this property type.

Other 2015 Property Highlights:

Continued to lease up Downtown Summerlin, the 1.4 million square foot mixed-use property in the center of our Summerlin MPC which opened in October 2014. The retail portion is 90.6% leased and the office building is 69.3% leased.

Closed on \$91.4 million of acquisitions of parcels and development rights, inclusive of a 58,000 square foot commercial building and air rights with total residential and commercial development rights comprising 196,133 square feet, which complete the development opportunity that we refer to as the Seaport District Assemblage. Combined with previously acquired adjacent properties, these acquisitions create a 42,694 square foot lot with 817,784 square feet of available development rights, which is located adjacent to the Seaport District.

Sold to its members The Club at Carlton Woods for net cash proceeds of \$25.1 million. The property is a 36-hole golf and country club in The Woodlands developed and operated by us as an amenity for selling residential lots in a gated community in The Woodlands. The lots have been substantially sold out and therefore the asset became non-core to the Company.

Compensation Policies, Principles, Objectives and Practices

The Company's success, depends, in large part, on our ability to successfully attract, motivate and retain a qualified management team. The executive compensation program designed by the compensation committee is intended to attract, retain and motivate the key people necessary to enable the Company to maximize operational efficiency and profitability over the long term. The compensation committee believes that executive compensation should seek to align the interests of the Company's executives and other key employees with those of the Company and its stockholders. The Company's executive compensation program is also being designed to differentiate compensation based upon individual contribution, performance and experience.

In establishing compensation, the compensation committee intends to provide employees, including its executive officers, with a competitive total compensation package. The compensation committee intends to set compensation in this manner to ensure that the Company's compensation practices do not put the Company at a disadvantage in attracting and retaining executives and other employees, while also ensuring a competitive cost structure for the Company.

Table of Contents

In 2015, 98.1% of the votes cast in our advisory vote on executive compensation voted in support of our executive compensation program. The compensation committee considered the results of this advisory vote and believes that the results affirm stockholder approval of our executive compensation program.

Role of Compensation Committee in Establishing Compensation

The compensation committee administers our executive compensation programs. The role of the compensation committee is to review and approve the compensation to be paid to executive officers, including the Named Executives, and to review the compensation policies and practices for all of our employees to verify that they do not create unreasonable risks for the Company.

In setting compensation for executive officers, the compensation committee considers, among other things, recommendations by management and a compensation consultant and the compensation of similarly situated executives in comparable business. In addition, the compensation committee with the assistance of management annually reviews total compensation paid to the executive officers, including long-term incentive awards.

In 2015, the compensation committee reviewed the internal evaluations of the Named Executives and other executive officers and the market data provided by management and Meridian Compensation Partners ("Meridian") as discussed further below. The compensation committee believes that the 2015 compensation for the Named Executives reflects appropriate allocation of compensation between salary, annual incentive compensation (annual bonus for Mr. Curry) and equity compensation.

In 2015, the compensation committee engaged Meridian. The scope of Meridian's work includes the following items in connection with 2015 compensation:

providing the compensation committee with relevant market data;

updating the compensation committee on related trends and developments;

advising the compensation committee on program design; and

providing input on compensation decisions for executive officers.

Meridian provides no other services directly to the Company and no conflicts of interest exist between the Company and Meridian.

In addition, in part by evaluating information provided to it by Meridian, the compensation committee determined payouts of annual incentive compensation to the Named Executives (except Mr. Curry) for 2015 performance above the contractual amounts provided for in the Named Executives' employment agreements. For more information regarding annual incentive compensation, see "Compensation Discussion and Analysis Annual Incentive Compensation."

Role of Executive Officers in Establishing Compensation

Our Chief Executive Officer makes compensation recommendations for the Named Executives to the compensation committee (except with respect to his own compensation). Additionally, management provides financial and compensation data to the compensation committee for its review in setting compensation and gives guidance as to how the data impacts performance goals set by the compensation committee. This data includes:

our financial performance for the current year compared to the preceding year;

performance evaluations of the Named Executives (other than Chief Executive Officer, who is evaluated by the compensation committee); and

compensation provided to the Named Executives in previous years.

Edgar Filing: Howard Hughes Corp - Form PRE 14A

Table of Contents

In addition, the Chief Executive Officer may recommend discretionary bonuses for the Named Executives (other than himself) to the compensation committee when deemed appropriate and provide the compensation committee with his rationale for the recommended bonus amounts. Given the day-to-day familiarity that the Chief Executive Officer has with the work performed by the Named Executives, the compensation committee values his recommendation; however, the compensation committee makes all final decisions as to the compensation of the Named Executives.

Market Review

In 2015, the compensation committee compared our executive compensation program with competitive market information regarding salary and incentive awards and programs. The purpose of this analysis is to provide a frame of reference in evaluating the reasonableness and competitiveness of our executive compensation within the real estate development and operating industry and to ensure that our compensation is generally comparable to companies of similar size and scope of operations.

Market pay levels are obtained from various sources, including published compensation surveys and information taken from SEC filings of a number of similarly situated companies as compiled by Meridian. The following companies comprised the comparator group adopted by the compensation committee:

Alexandria & Baldwin Inc.

Lexington Realty Trust

Brandywine Realty Trust

Mid-America Apartment Communities

Cousins Properties

NVR Inc.

D R Horton Inc.

PulteGroup Inc.

Essex Property Trust

Regency Centers Corporation

Forest City Enterprises, Inc.

The St. Joe Company

Kilroy Realty Corporation

Toll Brothers Inc.

Lennar Corp

During 2015, the Compensation Committee asked Meridian to undertake a comprehensive analysis to identify comparable companies that more accurately represent our business activities. The Compensation Committee adopted a new comparator group and assessed performance against the new group in determining the amount of annual incentive payouts to the Named Executives in 2015. Please see page 46 for more information.

Employment Agreements

Edgar Filing: Howard Hughes Corp - Form PRE 14A

In November 2010, the Company entered into employment agreements with Mr. Weinreb, in connection with his appointment as Chief Executive Officer of the Company, and Mr. Herlitz, in connection with his appointment as President of the Company. The Company also entered into employment agreements with Mr. Richardson, in connection with his appointment as Chief Financial Officer of the Company in March 2011, and Mr. Riley, in connection with this appointment as Senior Vice President, Secretary and General Counsel of the Company in April 2011. These agreements provide for a minimum annual base salary, annual incentive compensation opportunities under plans approved by the compensation committee, as well as severance and other limited benefits. The compensation committee approved the terms of these employment agreements based upon (a) its assessment of the terms necessary to attract highly qualified executives to a new company, and (b) arm's length negotiations with each of these executives. For a description of the material terms of these employment agreements, see "Executive Compensation Employment Agreements."

Table of Contents

Executive Compensation Program and Policies

The components of the Company's executive compensation program provide for a combination of fixed and variable compensation. As described in more detail below, these components currently are:

- base salary;
- annual incentive compensation;
- long-term incentive compensation;
- broad-based employee benefits; and
- severance benefits.

Base Salary. The minimum annual base salary for each of the Company's executive officers is set forth in his employment agreement with the exception of Mr. Curry who does not have an employment agreement. Future increases in base salary are expected to be determined on the basis of management responsibilities, level of experience and tenure with the Company, as well as internal and market comparisons. In setting base salaries for executive officers, the compensation committee will seek to provide a reasonable level of fixed compensation that is competitive with base salaries for comparable positions at similar companies. The base salaries of our named executives at December 31, 2015 were as follows:

Name	Title	2015 Base Salary (\$)
David Weinreb	Chief Executive Officer	1,000,000
Grant Herlitz	President	750,000
Andrew Richardson	Chief Financial Officer	500,000
Peter Riley	Senior Vice President, Secretary and General Counsel	500,000
Christopher Curry	Senior Executive Vice President	500,000

Annual Incentive Compensation. The compensation committee believes that annual incentive compensation is a key element of the total compensation for our Named Executives. The compensation committee also believes that placing a significant portion of executive compensation at risk each year, subject to the results of established performance measures and objectives, appropriately motivates an executive officer to achieve the Company's financial and operational objectives, thereby enhancing stockholder value.

The employment agreements for our Named Executives provide that each officer is eligible to receive annual incentive compensation based upon achievement of performance measures and objectives to be established by the compensation committee. Mr. Curry does not have an employment agreement and is not eligible for the annual incentive compensation described below. The annual incentive compensation opportunity for achievement of:

a threshold level of performance is equal to:

50% of the annual base salary of each of Messrs. Weinreb and Herlitz,

60% of the annual base salary for Mr. Richardson, and

40% of the annual base salary for Mr. Riley;

a target level of performance is equal to:

Edgar Filing: Howard Hughes Corp - Form PRE 14A

150% of the annual base salary for Mr. Weinreb;

100% of the annual base salary of each of Messrs. Herlitz and Richardson; and

Edgar Filing: Howard Hughes Corp - Form PRE 14A

Table of Contents

60% of the annual base salary for Mr. Riley;

a maximum level of performance is equal to:

200% of the annual base salary for Mr. Weinreb;

150% of the annual base salary for Mr. Herlitz;

140% of the annual base salary for Mr. Richardson, and

80% of the annual base salary for Mr. Riley.

Annual incentive compensation payments are made pursuant to The Howard Hughes Corporation Amended and Restated 2010 Incentive Plan (the "Incentive Plan") and are contingent upon the achievement of pre-established performance goals relating to an objective minimum performance measure applicable to all eligible Named Executives and the results of a subjective evaluation of the individual performance of each eligible Named Executive. The compensation committee establishes annually a cash bonus pool for the Named Executives eligible for annual incentive compensation. The compensation committee's pre-approved payment formula generally determines the size of the bonus for each Named Executive participant as a percentage of the cash bonus pool, subject to the discretion of the compensation committee. In the event that the Company does not achieve the pre-established objective minimum performance measure, then no annual incentive compensation will be paid to the eligible Named Executives. The individual performance goals for each eligible Named Executive are established by the compensation committee, upon consultation with Mr. Weinreb, and communicated to each eligible Named Executive in the first quarter of each fiscal year.

The compensation committee established an objective minimum performance measure for the 2015 annual incentive compensation plan of at least \$350,000,000 of consolidated gross revenues, which represents a 16.6% increase over same measure established by the compensation committee for the 2014 fiscal year. The Company's consolidated gross revenues exceeded \$350,000,000 in fiscal 2015 and the bonus pool for the incentive compensation plan was funded. The compensation committee selected consolidated gross revenues as the objective minimum performance measure because it believes that such metric accurately indicates the growth and performance of the Company in this stage of its development. The compensation committee used its downward discretion and awarded bonuses for each Named Executive participant from the bonus pool in an amount less than the participant's full bonus amount, but in excess of the contractual maximum amount based on the Company's achievement of the milestones described in the section entitled "Business Highlights" above and its overall evaluation of the individual performance of each eligible Name Executive based upon other factors considered by the compensation committee.

Such factors included:

achieving certain leasing targets for Downtown Summerlin;

substantial completion of the new Pier 17 structure and advancement of the redevelopment of the South Street Seaport;

advancing the development of The Summit in Summerlin;

managing the construction of Waiea and Anaha for on time and on budget delivery;

completion of The Woodlands Waterway Square Hotel;

increasing the cash flow of the Company; and

achieving certain 2015 strategic objectives.

Edgar Filing: Howard Hughes Corp - Form PRE 14A

Additionally, when using its downward discretion in determining annual incentive compensation payouts, the compensation committee adopted a new comparator group and assessed Company performance against this new group. This new group includes:

Alexandria & Baldwin Inc.	Pebblebrook Hotel Trust
Beazer Homes USA, Inc.	Post Properties, Inc.
Camden Property Trust	Regency Centers Corporation
Duke Realty Corporation	Taubman Centers, Inc.
Federal Realty Investment Trust	Toll Brothers Inc.
Forest City Enterprises, Inc.	Weingarten Realty Investors
Kilroy Realty Corporation	

Meritage Homes Corporation

In determining the amount of annual incentive payouts for the Named Executives, the Compensation Committee considered the challenges presented by the declining macroeconomic environment in Houston, including the slowing land sales there, as well as management's achievements in 2015. The result was a decrease of 20-25% in annual incentive compensation paid to Messrs. Weinreb, Herlitz and Richardson, compared to 2014. Due to management's strong overall accomplishments in 2015, the annual incentive compensation paid to the Named Executives still exceeded the contractual maximum level for annual incentives in the following amounts: \$1,750,000 for Mr. Weinreb, \$1,275,000 for Mr. Herlitz, \$500,000 for Mr. Richardson and \$350,000 for Mr. Riley.

The following table sets forth the annual incentive cash bonus approved for the participants of the plan in 2015:

Name	Annual Incentive Compensation Award(\$)	% of 2015 Base Salary
David R. Weinreb	3,750,000	375
Grant Herlitz	2,400,000	320
Andrew Richardson	1,200,000	240
Peter Riley	750,000	150
Christopher Curry(1)	500,000	100

(1)

Mr. Curry does not participate in the Company's annual incentive compensation program. As a result, the compensation committee determined that Mr. Curry is eligible to receive an annual bonus award. The amount of Mr. Curry's bonus was determined by the compensation committee, in accordance with the Company's general compensation policies.

Long-Term Incentive Compensation. The Incentive Plan is designed to attract, retain and motivate officers, employees, non-management directors and consultants of the Company and its subsidiaries, as well as promote the success of the Company's business by providing participants with appropriate incentives.

The Incentive Plan is administered by the compensation committee. The maximum number of shares of Company common stock that may be issued pursuant to awards under the Incentive Plan is 3,698,050 shares. The maximum number of shares that may be awarded to any participant in a fiscal year is 200,000 shares.

Edgar Filing: Howard Hughes Corp - Form PRE 14A

Table of Contents

The Incentive Plan permits the following types of awards:

stock options;

restricted stock;

stock appreciation rights;

awards that vest, in whole or part, by reference to the fair market value of Company common stock, including restricted stock units and other phantom shares; and

awards intended to constitute "qualified performance-based compensation."

The compensation committee determines the exercise price of stock options at the time of grant, but the exercise price may not be less than 100% of the fair market value of a share on the date of grant.

The Company believes that restricted stock provides a long-term incentive opportunity that is both competitive in the real estate industry and serves as a retention tool. In addition, 50% of the restricted stock granted to each Named Executive cliff-vests after five years only upon the achievement of a minimum total shareholder return over the same period. The Company believes that the long-term vesting component of the restricted stock aligns management's interest with the long-term performance of the Company. The table below provides a breakdown of the restricted stock award to the Named Executives, other than Mr. Weinreb. Mr. Weinreb did not receive any long-term incentive award in fiscal year 2015.

Name Executive Officer (other than CEO)	Performance-Based Shares (#)	Time-Based Shares (#)	Total Fiscal 2015 Shares Granted (#)
Grant Herlitz	10,121	10,121	20,242
Andrew Richardson	6,748	6,747	13,495
Peter Riley	3,374	3,373	6,747
Christopher Curry	1,607	1,606	3,213

The performance-based shares granted in 2015 cliff vest as shown in the table below on the fifth anniversary of the date of grant; provided, that the Named Executive is employed by the Company continuously for a period of at least forty-eight months from the date of grant and not terminated for cause. Vesting is based on the total shareholder return ("TSR") of the Company. TSR is calculated using the following formula: $TSR = (Price_{end} - Price_{begin} + Dividends / Price_{begin})$. \$73.02, the closing price per share of the Company as of December 31, 2012, shall be used as the $Price_{begin}$ for the purpose of calculating TSR. A TSR target is deemed satisfied if the highest 30 trading day volume weighted average share price represents a TSR that meets or exceeds such target during the period from January 1, 2019 through December 31, 2019. If a Named Executive is terminated by the Company for any reason, except for cause, after 48 months of employment from December 31, 2014, but prior to the passing of 30 trading days in 2019, the Company shall use the volume weighted average share price for the first 30 trading days of 2019 when calculating TSR.

Total Shareholder Return	Vesting %
0.00% to 120.38%	0%
120.39% to 140.92%	25%
140.93% to 162.82%	50%
162.83% to 200.11%	75%
200.12%+	100%

Table of Contents

The time-based shares granted in 2015 cliff vest on December 31, 2019; provided, that the Named Executive is employed by the Company continuously for a period of at least forty-eight months from December 31, 2014 and not terminated for cause.

In March 2011, the Company granted Mr. Richardson an award of 20,000 restricted shares of Company common stock in accordance with the terms of his employment agreement. In May 2011, the Company granted Mr. Riley an award of 10,000 restricted shares of Company common stock in accordance with the terms of his employment agreement. Mr. Richardson's shares cliff-vested on March 28, 2016 and Mr. Riley's shares cliff-vest in May 2016. In February 2011, Mr. Curry was granted an option to purchase 100,000 shares of Company common stock at an exercise price of \$57.77. The option granted to Mr. Curry was part of a larger grant of options to new hires and employees that assisted the Company with the spin-off from GGP.

The employment agreements with the Named Executives do not provide for long-term incentive compensation opportunities (with the exception of the grants of restricted shares of Company common stock granted to Messrs. Richardson and Riley). In connection with their hiring by the Company, Messrs. Weinreb, Herlitz and Richardson purchased for cash from the Company a warrant exercisable for shares of Company common stock. The compensation committee has also approved the use of options as part of the Company's compensation program for its other officers and employees. For additional information about the warrants purchased by the Company's executive officers, see "Related Party Transactions and Certain Relationships Transactions After the Spin-Off Warrant Agreements."

Employee Benefits. The Company provides health, life, and other insurance benefits to its Named Executives on the same basis as its other full-time employees. The Company does not provide its executives and other employees with defined pension or contribution benefits, supplemental retirement benefits, post-retirement benefits or deferred compensation programs.

Severance Benefits. The employment agreements with each of the Named Executives (other than Mr. Curry) provide for a cash severance payment in the event that, in connection with a change in control of the Company, the Named Executive's employment is terminated by the Company without cause or by the executive under certain circumstances. The cash severance payment is equal to three times (two times for each of Messrs. Richardson and Riley) the sum of the executive's base salary and annual incentive compensation for target level performance for the year in which the termination occurs. The employment agreements also provide that the terminated Named Executive will not engage in activities that are competitive with the Company's business for 12 months following his date of termination. Mr. Curry is not entitled to any severance payment on the event of a change in control of the Company.

The compensation committee believes that these benefits are necessary and appropriate to attract and retain qualified executive officers insofar as these benefits are generally made available by other companies. Additionally, the change in control benefits are intended to ensure that the Company's Named Executives are able, as a practical matter, to evaluate any potential change in control transaction objectively and to encourage executive officers to remain employed by the Company in the event a change in control becomes a real possibility. For additional information regarding the employment agreements with the Company's executive officers, see "Executive Compensation Employment Agreements" and "Potential Payments Upon Termination or Change in Control."

No Tax "Gross-Up" Payments. The Company does not provide, and no Named Executive is entitled to receive, any tax "gross-up" payments in connection with compensation, severance or other benefits provided by the Company.

Executive Compensation Recoupment Policy. The Board has adopted a policy regarding recovery of incentive awards for fiscal years for which financial results are later restated. In the event of a material restatement of the Company's financial results due to misconduct, the compensation committee shall

review the facts and circumstances and take the actions it considers appropriate with respect to any executive officer whose fraud or willful misconduct contributed to the need for such restatement. Such actions may include, without limitation, (a) seeking reimbursement of any bonus paid to such officer exceeding the amount that, in the judgment of the compensation committee, would have been paid had the financial results been properly reported, and (b) seeking to recover profits received by such officer during the 12 months after the restated period under any equity compensation awards. All determinations made by the compensation committee with respect to this policy shall be final and binding on all interested parties.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code places a limit of \$1.0 million on the amount of compensation a public company may deduct for federal income tax purposes in any one year with respect to the principal executive officer and the next three most highly compensated officers (excluding the principal financial officer) who were serving as executive officers as of the last day of the applicable year. Qualified performance-based compensation that meets certain requirements is, however, excluded from this limitation.

The compensation committee intends to review on an annual basis the potential impact of this deduction limitation on executive compensation. The deductibility of certain compensation payments depends upon the timing of an executive's vesting or exercise of previously granted awards, as well as interpretations and changes in the tax laws and other factors beyond the control of the compensation committee. For these and other reasons, including the need to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the compensation committee will not necessarily, or in all circumstances, limit executive compensation to that which is deductible under Section 162(m) and has not adopted a policy requiring that all compensation be deductible.

The compensation committee will also consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent consistent with its other compensation objectives and otherwise reasonably practicable. Base salary does not qualify as performance-based compensation under Section 162(m).
