DEFINITIVE PROXY STATEMENT
2006 ANNUAL MEETING OF STOCKHOLDERS
November 13, 2006

INTRODUCTION

The enclosed proxy is solicited by and on behalf of the Board of Directors (the "Board") of Profile Technologies, Inc., a Delaware corporation (the "Company"), to be voted at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the offices of McGuireWoods LLP, 1345 Avenue of the Americas, Seventh Floor, New York, New York, 10105, at 10:00 a.m. local time on Monday, November 13, 2006, and at any and all adjournments of the Annual Meeting.

The proxy statement and the enclosed proxy card are first being mailed to our stockholders of the Company (the "Stockholders") on or about October 17, 2006.

The Company anticipates that the Stockholders will consider and vote upon the following matters at the Annual Meeting:

1. To elect four persons as directors each to serve a term of one year (until the next annual meeting of Stockholders) or until their respective successors are elected and have been qualified.
2. To approve an amendment to the Company's Certificate of Incorporation to increase the number of authorized common shares from 25,000,000 to 35,000,000.
3. To approve amendments to the Company's 1999 Stock Plan to increase the maximum period of time for which stock options are exercisable from five years to ten years and to increase the aggregate number of shares of common stock which may be issued pursuant to the 1999 Stock Plan from 500,000 to 3,500,000.
4. To transact such other business as may properly come before the Annual Meeting and any postponement or adjournment thereof.

VOTING OF PROXIES

Shares are represented by proxies set forth in properly signed and returned proxy cards in substantially the form of Appendix C to this Proxy Statement. Unless subsequently revoked, proxies will be voted at the Annual Meeting in accordance with the instructions marked on the proxy card. If a proxy card is signed and returned without indicating any voting instructions, the shares represented by the proxy will be voted FOR approval of the proposals stated in this proxy statement, and in the discretion of the holders of the proxies on other matters that may properly come before the Annual Meeting.

If you have executed and delivered a proxy card, you may revoke your proxy at any time before it is voted by attending the Annual Meeting and voting in person, by giving the Company written notice of revocation of the proxy, or by submitting a signed proxy card bearing a later date. To revoke the prior proxy, the notice of revocation or later proxy card must be received by the Company before the vote of Stockholders at the Annual Meeting. Unless you vote at the Annual Meeting or take other action, your attendance at the Annual Meeting will

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

not revoke your proxy.

VOTING PROCEDURES

The Company's state of incorporation is Delaware. Under Delaware law and the Company's bylaws, the holders of a majority of the outstanding shares of the common stock (the "Common Stock") of the Company entitled to vote constitute a quorum at any meeting of stockholders. Votes cast by proxy or in person at the

3

Annual Meeting will be counted by the inspector of elections appointed by the Company. The inspector of elections will treat shares of Common Stock represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Under Delaware law and the Company's bylaws, directors are elected by a plurality of the votes cast by the holders of shares entitled to vote at a meeting at which a quorum is present. Therefore, Proposal 1 will be adopted if a plurality of the shares present at the Annual Meeting in person or by proxy vote to elect the directors nominated for election at the Annual Meeting. Other matters are approved if affirmative votes cast by the holders of the shares entitled to vote at a meeting at which a quorum is present exceed the number of votes opposing the action, unless Delaware law or the Company's Certificate of Incorporation or bylaws require a greater number of affirmative votes or voting by classes. Proposal 3 will be adopted if a majority of the shares of common stock present at the Annual Meeting vote "For" Proposal 3 and a quorum is present. Abstentions and broker non-votes have no effect and will be disregarded.

Under the General Business Law of the State of Delaware, the affirmative vote of the holders of a majority of the issued and outstanding shares of common stock of the Company is required to amend the Company's Certificate of Incorporation to increase the number of authorized shares of common stock. Therefore, to be approved, Proposal 2 must receive "For" votes from a majority of the shares of common stock on the record date of the Annual Meeting. If Stockholders select "Abstain" on their proxy cards for Proposal 2, or if Stockholders attend the Annual Meeting and abstain from voting, it will have the same effect as an "Against" vote for Proposal 2.

All of the officers and directors have informed the Company that they intend to vote in favor of the proposals to be considered for the vote of the Stockholders at the Annual Meeting.

VOTING SECURITIES

The Board has fixed the close of business on September 22, 2006 as the record date (the "Record Date") for determining the Stockholders entitled to receive notice of, and to vote at, the Annual Meeting. At the close of business on the Record Date, there were 12,456,445 issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting, held by approximately 1,050 Stockholders. As of the Record Date, the only outstanding voting security of the Company is Common Stock. As a Stockholder as of the Record Date, you are entitled to one vote for each share held on each matter properly submitted at the Annual Meeting.

PROPOSAL 1
ELECTION OF DIRECTORS

Four nominees are standing for election as directors on the Board to hold office until the next annual meeting of Stockholders is held and their successors are duly elected and qualified. All of the nominees are current directors of the Company standing for re-election and were previously elected by the Stockholders. If one or more of the nominees is unable to serve, or for good cause will not serve at the time of the Annual Meeting, the shares represented by the proxies solicited by the Board will be voted for the other nominees and for any substitute nominee(s) designated by the Board. As of the date of this proxy statement, the Board has no reason to believe that any of the nominees named will be unable or unwilling to serve. In the election of directors, those nominees receiving the greatest number of votes shall be elected, even if such votes do not constitute a majority. Certain information regarding each nominee follows. Each nominee has consented to being named in the proxy statement and to serve if elected.

INFORMATION ON DIRECTORS AND NOMINEES

The directors nominated for election at the Annual Meeting are as follows:

served as Deputy to the Assistant Secretary of the Air Force (Financial Management) during the Kennedy Administration. He is a member of the American Association for the Advancement of Science. Professor Christenson has also authored or co-authored a number of books and articles on quantitative methods, management control and philosophy of science. Professor Christenson served as a director of KENETECH Corporation from 1981-2001 and also serves as a director of Boston Baroque, Inc., a not-for-profit organization performing and recording music of the Baroque and Classical periods.

There are no family relationships among the directors. There are no arrangements or understandings between any director and any other person, pursuant to which any director was elected.

DIRECTOR COMPENSATION

The Company pays to all non-employee directors a director's fee in the amount of \$1,000 per month. Directors are entitled to participate in, and have been issued options under, the Company's 1999 Stock Plan. The Company also reimburses directors for any actual expenses incurred to attend meetings of the Board.

Due to the Company's critical need for cash, the Company has deferred all payments owed to the directors for directors' fees until the Company has sufficient resources to pay such fees. As of June 30, 2006, the Company owed \$104,000 in deferred directors' fees. On March 18, 2002, the Board approved a conversion right on all directors' fees deferred as of March 18, 2002 (the "Directors' Conversion Right"). Pursuant to the Directors' Conversion Right, directors may elect to convert \$1.00 of directors' fees owed to them as of March 18, 2002 for an option to purchase two shares of the Company's common stock, at an exercise price of \$1.00 per share for a term of five years. As of June 30, 2006, deferred directors' fees subject to the Directors' Conversion Right were \$9,000, resulting in the potential issuance of 18,000 options under the terms described above. To date, none of the directors have elected to exercise their Directors' Conversion Right.

BOARD OF DIRECTORS AND COMMITTEES

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

During the fiscal year ended June 30, 2006, the Board held a total of seven meetings. All members of the Board attended at least 75% of all meetings of the Board and all meetings held by all committees of the Board on which he served.

Audit Committee.

The Board maintains an Audit Committee composed of William Krivsky and Charles Christenson. The principal functions of the Audit Committee are to monitor the Company's financial reporting process and internal control system, to review and appraise the audit efforts of the Company's independent accountants and the internal audit function, to provide a means of communication among the independent accountants, financial and senior management, the internal audit function, and the Board, and to communicate with the Company's independent accountants outside of the presence of management, when necessary. The Audit Committee is also responsible for all matters set forth in its written charter, a copy of which was attached as Appendix B to the Company's proxy statement for the 2004 annual meeting. The Audit Committee held four meetings during the fiscal year ended June 30, 2006.

The Board has determined that based on his experience and knowledge in financial and auditing matters Dr. Christenson is an "audit committee financial expert" as defined by Securities and Exchange Commission ("SEC") rules. Both Dr. Christenson and Mr. Krivsky meet the standards of independence under the applicable National Association of Securities Dealers ("NASD") listing standards.

Under the Company's Audit Committee Charter, the Audit Committee is required to pre-approve all auditing services and permissible non-audit services, including related fees and terms, to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services described under the Securities Exchange Act of 1934 (the "Exchange Act") which are approved by the Audit Committee prior to the completion of the audit.

6

Compensation Committee.

The Board has a Compensation Committee composed of Murphy Evans and William Krivsky. The principle functions of the Compensation Committee are to establish overall compensation policies for the Company and to review the recommendations submitted by the Company's management. The Compensation Committee did not hold any meetings during the year ended June 30, 2006.

Nominating Committee.

The Board does not have a standing nominating committee. The Company does not maintain a policy for considering nominees. The Board must consist of at least two independent directors. Director nominees are recommended, reviewed and approved by the entire Board. The Board believes that this process is appropriate due to the relatively small number of directors on the Board and the opportunity to benefit from a variety of opinions and perspectives in determining director nominees by involving the full Board.

While the Board is solely responsible for the selection and nomination of directors, the Board may consider nominees recommended by Stockholders as it deems appropriate. Stockholders who wish to recommend a nominee should send nominations to the Company's Chief Executive Officer, Henry E. Gemino, 2 Park Avenue, Suite 201, Manhasset, New York, 11030 that include all information

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

relating to such person that is required to be disclosed in solicitations of proxies for the election of directors. The recommendation must be accompanied by a written consent of the individual to stand for election if nominated by the Board and to serve if elected by the Stockholders. Stockholder Communications to the Board.

The Board has established a process for Stockholders to communicate with members of the Board. If you would like to contact the Board you can do so by forwarding your concern, question or complaint to the Company's Chief Executive Officer, Henry E. Gemino, 2 Park Avenue, Suite 201, Manhasset, New York, 11030.

PROPOSAL 2
AMENDMENT TO CERTIFICATE OF INCORPORATION

The Board is proposing an amendment to Paragraph 4 of the Company's Certificate of Incorporation to increase the number of authorized shares of common stock, par value \$0.001 per share, of the Company from 25,000,000 shares of common stock to 35,000,000 shares of common stock (the "Amendment") for approval by the Stockholders. A copy of the form of the Amendment is attached to this proxy statement as Appendix A.

The Board believes that the flexibility provided by the increase in the authorized shares of common stock, which will permit the Board, in its discretion, to issue or reserve additional shares of common stock without the delay or expense of a meeting of Stockholders, is in the best interests of the Company and the Stockholders. Shares of common stock may be used for general corporate purposes, including possible financing activities. Possible financing activities might include raising additional capital funds through offerings of shares of the common stock. The Board has no current plan, understanding or arrangement to issue any of the additional shares of common stock.

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

The issuance of any additional shares of common stock may have the effect of diluting the percentage of stock ownership, book value and voting rights of the present holders of the common stock. The increase in the authorized common stock of the Company also may have the effect of discouraging attempts to take over control of the Company, as additional shares of common stock could be issued to dilute the stock ownership and voting power of, or increase the cost to, a party seeking to obtain control of the Company. The Amendment is not being proposed in response to any known effort or threat to acquire control of the Company and is not part of a plan by management to adopt a series of amendments to the Company's Certificate of Incorporation and Bylaws having an anti-takeover effect.

Holder of the Company's common stock are entitled to one vote for each share held on all matters submitted to a Stockholder vote. Holders of common stock do not have cumulative voting rights. Therefore, holders of a majority of the shares of common stock voting for the election of directors can elect all of the directors. Holders of the common stock representing a majority of the voting power of the capital stock issued, outstanding and entitled to vote, represented in person or by proxy, are necessary to constitute a quorum at any meeting of Stockholders. A vote by the holders of a majority of the outstanding shares of common stock is required to effectuate certain fundamental corporate changes such as liquidation, merger or an amendment to the articles of incorporation.

Holder of common stock are entitled to share in all dividends that the Board, in its discretion, declares from legally available funds. In the event of a liquidation, dissolution or winding up, each outstanding share entitles its holder to participate pro rata in all assets that remain after payment of liabilities and after providing for each class of stock, if any, having preference over the common stock. Holders of the common stock have no pre-emptive rights, no conversion rights and there are no redemption provisions applicable to the common stock.

The Board adopted the Amendment on July 18, 2006 and is seeking approval by the Stockholders through this proxy solicitation.

THE BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE AMENDMENT.

PROPOSAL 3 AMENDMENT TO THE 1999 STOCK PLAN

The Board is proposing amendments to Paragraph 3(c) and Paragraph 4 of the Company's 1999 Stock Plan (the "Plan") to increase the period of time for which stock options are exercisable from a period of five years to ten years from the date of grant and to increase the aggregate number of shares of common stock which may be issued pursuant to the Plan from 500,000 to 3,500,000 (the "Plan Amendment") for approval by the Stockholders. A copy of the form of the Plan Amendment is attached to this proxy statement as Appendix B.

The Board believes that increasing the period of time for which stock options are exercisable provides the stock option holder with increased flexibility of when they may exercise their stock options and that the option holder will continue to be motivated to work in the best efforts of the Company in order to meet business objectives.

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

The Board believes that increasing the aggregate number of shares of common stock which may be issued pursuant to the Plan will permit the Board, in its discretion, to make additional grants of stock options without the delay or expense of a meeting of Stockholders, and is in the best interests of the Company and the Stockholders. Stock options may be granted as compensation to consultants for performance of services or in recognition of the ongoing efforts by employees, executives and Board members.

The issuance of any additional stock options may have the effect of diluting the percentage of stock ownership, book value and voting rights of the present holders of the common stock. The increase in the number of stock options authorized for grant may also have the effect of discouraging attempts to take over control of the Company, as additional shares of common stock could be issued to dilute the stock ownership and voting power of, or increase the cost to, a party seeking to obtain control of the Company. The Plan Amendment is not being proposed in response to any known effort or threat to acquire control of the Company.

The Board adopted the Plan Amendment on August 17, 2006 and is seeking approval by the Stockholders through this proxy solicitation. Each of the directors and executive officers of the Company is eligible to participate in, and receive awards through the Plan.

Description of the 1999 Stock Plan

On November 16, 1998, the Stockholders approved and adopted the Profile Technologies, Inc. 1999 Stock Plan (the "1999 Stock Plan"). The 1999 Stock Plan is intended to promote the interests of the Company by attracting and retaining exceptional employees, consultants, and directors (collectively referred to as the "Participants"), and enabling such Participants to participate in the long-term growth and financial success of the Company. Under the 1999 Stock Plan, the Board may grant stock options, which are intended to qualify as "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended (the "Incentive Stock Options"), non-qualified stock options (the "Non-Qualified Stock Options"), stock rights (the "Stock Rights"), and stock appreciation rights ("SARs") (the Incentive Stock Options, the Non-Qualified Stock Options, the Stock Rights, and the SARs are collectively referred to as "Incentive Awards").

The 1999 Stock Plan reserved a total of 500,000 shares of the Company's common stock for issuance thereunder. If an Incentive Award granted under the 1999 Stock Plan expires, terminates, is unexercised or is forfeited, or if any shares are surrendered to us in connection with an Incentive Award, the shares subject to such award and the surrendered shares will become available for further awards under the 1999 Stock Plan. The amendment to the 1999 Stock Plan will increase the number of shares of common stock reserved for issuance under the 1999 Stock Plan from 500,000 to 3,500,000.

The following is a description of the material provisions of the 1999 Stock Plan. The description of the 1999 Stock Plan is qualified in its entirety by reference to the complete 1999 Stock Plan document, attached as Exhibit 10.9 to our Annual Report on Form 10-KSB for the fiscal year ended June 30, 2004, filed with the SEC on October 12, 2004.

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

Under the 1999 Stock Plan, the Board is authorized to appoint a committee, consisting of not less than three directors, to administer the 1999 Stock Plan. In the absence of such committee's appointment, the Board will administer the 1999 Stock Plan. The Board has the discretion to determine from time to time the Participants to whom options or other stock rights shall be granted, the number of shares of common stock to be optioned to each, the time when such options or stock rights shall become exercisable, and the conditions, if any, which must be met before exercise.

Stock Options

The price of the common stock offered to optionees may be set by the Board, but must be at least 100% of the fair market value of such stock on the date of grant. If at the time an Incentive Stock Option is granted, the optionee owns more than 10% of the total combined voting power of all classes of the Company's stock, the option price for any Incentive Stock Option must be at least 110% of fair market value.

The Board may determine the term of each stock option granted, which term may not exceed five years from the date of grant. The amendment to the 1999 Stock Plan to be voted on by the Stockholders at the Annual Meeting would allow the Board to grant stock options with a term of up to 10 years.

An Incentive Stock Option may not be exercised prior to the expiration of six months after its grant for up to 100% of the total shares included, except that the Board may impose any restriction that it chooses on the time of exercise if the Board believes that such restrictions are in the best interests of the Company. No Incentive Stock Option granted under the 1999 Stock Plan may be exercised until all Incentive Stock Options previously granted to the optionee to purchase shares of the Company's common stock have been exercised in full or have expired.

No employee eligible to participate in the 1999 Stock Plan shall be granted Incentive Stock Options which are exercisable during any one calendar year to the extent that the fair market value of such shares (determined at the time of the grant of the Option) exceeds \$100,000. No employee shall be given the opportunity to exercise Incentive Stock Options granted under the 1999 Stock Plan with respect to shares valued in excess of \$100,000 in any calendar year except and to the extent that such options shall have accumulated over a period in excess of one year.

No shares of common stock will be issued or delivered to an optionee until the Company receives full payment of the option exercise price. The number of shares of Common Stock deliverable with respect to each payment of the option exercise price is subject to appropriate adjustment upon any stock split or combination of shares, or upon any stock dividend. Upon the occurrence of any corporate merger, consolidation, sale of all or substantially all of the Company's assets, or other reorganization, or a liquidation, any optionee holding an outstanding option, regardless of the current status of its exercisability, is entitled to exercise his option in whole or in part and to receive upon the exercise those shares, securities, assets, or payment which the optionee would have received if the optionee had exercised the option prior to such occurrence and had been a stockholder of the Company with respect to such common stock.

Stock Appreciation Rights

SARs may be granted under the 1999 Stock Plan. A SAR is a right to receive the excess of the fair market value of a share of the Company's common stock on

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

the date on which a SAR is exercised over the price provided for in a Non-Qualified Option granted in connection with the SAR. A SAR only exists along with a Non-Qualified Option right, and is immediately forfeited if the related Non-Qualified Option right is exercised. The Board may determine whether the optionee's SARs will be paid in cash or common stock or some combination thereof.

The Board also determines, including at the time of exercise, the maximum amount of cash or common stock which may be paid upon exercise of any SAR in any year; provided, however, that all such amounts shall be paid in full no later than the end of the year immediately following the year in which the optionee exercised such SARs.

14

Indemnification

Members of the Board of Directors are indemnified by the Company under the 1999 Stock Plan for any act or omission in connection with the 1999 Stock Plan or any option granted thereunder.

Duration, Amendment and Termination

The Board may suspend or terminate the 1999 Stock Plan without Stockholder approval or ratification at any time or from time to time. Unless sooner terminated, the 1999 Stock Plan will terminate on November 16, 2008. The Board may also amend the 1999 Stock Plan at any time. No change may be made that increases the total number of shares of common stock reserved for issuance under the 1999 Stock Plan unless such change is authorized by our Stockholders. A termination or amendment of the 1999 Stock Plan will not, without the consent of the Participant, adversely affect a Participant's rights under a previously granted Incentive Award.

Transferability of Awards

Incentive Awards shall not be transferable except by will or by the laws of descent and distribution.

Tax Withholding Information

Each Participant agrees, as a condition of receiving an Incentive Award payable in the form of common stock, to pay to the Company, or make arrangements satisfactory to the Company regarding the payment to the Company of, the aggregate minimum amount of federal, state, local, and foreign income, payroll, and other taxes that the Company is required to withhold in connection with the grant, vesting, or exercise of any Incentive Award (the "Applicable Withholding Taxes"). Under the terms of the 1999 Stock Plan, a recipient of an Incentive Award under the 1999 Stock Plan may elect to satisfy the Applicable Withholding Taxes by (i) making a cash payment or authorizing additional withholding from cash compensation, (ii) delivering shares of common stock for which the stockholder has good title, free and clear of all liens and encumbrances, or (iii) having the Company retain that number of shares of common stock (valued at fair market value of common stock as of such date, as determined by the Board) that would satisfy all or a specified portion of the Applicable Withholding Taxes.

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

THE BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE PLAN AMENDMENT.

15

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In September, 1988, at the time Gale D. Burnett, a beneficial stockholder of more than 10% of the Company's common stock, first transferred certain technology, know-how and patent rights to the Company, a royalty interest of 4% of all pre-tax profits derived from the technology and know-how transferred was granted to Northwood Enterprises, Inc., a family-owned company controlled by Mr. Burnett. Northwoods Enterprises subsequently assigned such royalty interest back to Mr. Burnett. On April 8, 1996, Mr. Burnett assigned 2% of this royalty interest to certain stockholders of the Company, 1 1/4% of which was assigned to Henry Gemino, currently the Chief Executive Officer and Chief Financial Officer, and a director of the Company. This royalty arrangement also applies to all future patent rights and technology developed by Mr. Burnett and assigned to the Company. To date, no royalty payments have been made or earned under the above described arrangement.

OTHER MATTERS TO BE VOTED UPON

As of the date of this proxy statement, the Board does not know of or anticipate that any other matters will be brought before the Stockholders at the Annual Meeting. If, however, any other matters not mentioned in the proxy statement are properly brought before the Stockholders at the Annual Meeting, the persons appointed as proxies will have the discretion to vote or act in accordance with their best judgment.

SECTION 16(a): BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Exchange Act of 1934, the executive officers and directors of the Company in addition to any person who owns more than 10% of the common stock of the Company are required to report their ownership of the common stock of the Company and changes to such ownership with the SEC. Based on a review of such reports and information provided to the Company, the Company believes that during the most recent fiscal year the executive officers and directors of the Company have complied with applicable filing requirements under Section 16(a) except that Mr. Evans failed to file three reports in connection with three transactions during the fiscal year ended June 30, 2006. As of the date of this definitive proxy statement, Mr. Evans has filed the appropriate reports with the SEC.

INDEPENDENT PUBLIC ACCOUNTANTS

On November 4, 2004, the Company dismissed KPMG LLP ("KPMG") as its independent accountant. The decision to change independent accountants was approved by the Company's Audit Committee and Board of Directors. During the audits of the Company's fiscal years ended June 30, 2004 and 2003 and through November 4, 2004, the Company had no disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG, would have caused it to make reference to the subject matter of such disagreements in its report on the financial statements of the Company for such period. During the Company's two fiscal years ended June 30, 2004 and 2003 and through November 4, 2004, the Company had no reportable events under Item 304(a)(1)(iv) of Regulation S-B, except as discussed in the next paragraph below.

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

During the audit for the year-ended June 30, 2004, KPMG advised the Company's Audit Committee that they identified one material weakness in the Company's internal controls. The material weakness identified related to the accounting and financial reporting for the non-payment of interest on the convertible debt, causing certain of the notes to be in default as of June 30, 2004. The accounting for this default is included in the Company's financial statements for the year-ended June 30, 2004. The Company has implemented processes and procedures to review debt agreements, on a quarterly basis, to ensure that the Company is in compliance with the terms of its debt instruments and covenants. In instances of non-compliance, the Company will take the necessary actions to remedy the non-compliance and consider the impact of any non-compliance in the reporting of the Company's financial statements.

The audit reports of KPMG on the financial statements of the Company as of and for each of the fiscal years ended June 30, 2004 and 2003 did not contain any adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except as follows:

16

KPMG's report on the financial statements of the Company as of and for the years ended June 30, 2004 and 2003, contained a separate paragraph stating that "the Company has incurred net losses since inception and has a working capital deficit at June 30, 2004 that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in note 7. The financial statements do not include any adjustments that might result from the outcome of this uncertainty."

On November 4, 2004, the Board selected Peterson Sullivan PLLC ("Peterson Sullivan") as the independent certified public accountants. Peterson Sullivan was the Company's independent certified public accountant for the fiscal year ended June 30, 2006. The Board has selected Peterson Sullivan as the independent certified public accountants to audit the financial statements of the Company for its fiscal year ended June 30, 2007. To the knowledge of management, neither such firm nor any of its members has any direct or material indirect financial interest in the Company nor any connection with the Company in any capacity otherwise than as independent accountants.

A representative of Peterson Sullivan will be present via telephone at the Annual Meeting to respond to appropriate questions from Stockholders and will have an opportunity to make a statement if he or she chooses to do so.

Generally, the Audit Committee must approve all audit and non-audit

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

services to be provided to the Company. The Audit Committee may implement policies and procedures by which such services are approved other than by the full Committee, but has not yet done so.

The Audit Committee approved 100% of the Audit Fees for the years ended June 30, 2006 and June 30, 2005.

The Audit Committee shall not approve non-audit services that the Audit Committee believes may impair the independence of the independent registered public accounting firm. As of the date of the approval of the Audit Committee Charter, permissible non-audit services include any professional services (including tax services), that are not prohibited services as described below, provided to the Company by the independent registered public accounting firm, other than those provided to the Company in connection with an audit or a review of the financial statements of the Company. Permissible non-audit services may not include: (i) bookkeeping or other services related to the accounting records or financial statements of the Company; (ii) financial information systems design and implementation; (iii) appraisal or valuation services, fairness opinions or contribution-in-kind reports; (iv) actuarial services (v) internal audit outsourcing services; (vi) management functions or human resources; (vii) broker or dealer, investment adviser or investment banking services; (viii) legal services and expert services unrelated to the audit; and (ix) any other service the Public Company Accounting Oversight Board determines, by regulation, is impermissible.

Pre-approval by the Audit Committee of any permissible non-audit services is not required so long as the aggregate amount of all such permissible non-audit services provided to the Company constitutes not more than 5% of the total amount of revenues paid to the Company's independent registered public accounting firm during the fiscal year in which the permissible non-audit services are provided to the Company.

AUDIT COMMITTEE REPORT

In discharging its responsibility, the Audit Committee has reviewed and discussed the Company's audited financial statements with management. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has received the written disclosures and letter from the Company's independent auditors as required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and has discussed with the independent auditors their independence.

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

The Audit Committee has reviewed and discussed our audited financial statements as of and for the year ended June 30, 2006, with management and the independent auditors. Management has the responsibility for preparation of our financial statements, and the independent auditors have the responsibility for examination of those statements. Based on this review of the financial statements, discussions with management and the independent auditors, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report and Form 10-KSB for the year ended June 30, 2006, for filing with the SEC.
