PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Peoples Financial Services Corp., parent company of Peoples National Bank, for use at the Company's Annual Meeting of Shareholders to be held on April 26, 2003, (the Meeting) at 10:30 a.m. E.S.T. at the American Legion, Elk Lake Road, South Montrose, Pennsylvania. The Proxy Statement and the accompanying proxy are first being mailed to Shareholders of the Company on or about March 21, 2003.

PROXIES

The execution and return of the enclosed proxy will not affect a Shareholder's right to attend the Meeting and vote in person. Any Shareholder giving a proxy may revoke it at any time before it is exercised by submitting written notice of its revocation or a subsequently executed proxy to the Secretary of the Company, Debra E. Dissinger, 50 Main Street, P0 Box A, Hallstead, Pennsylvania, 18822, or by attending the Meeting and electing to vote in person after giving written notice thereof to the Secretary of the Company. Shareholders of record at the close of business on February 28, 2003 are entitled to notice of, and to vote at, the Meeting. On that date, the Company had 2,105,642 shares of common stock outstanding (the Common Stock), par value \$2.00 per share, each of which will be entitled to one vote at the Meeting.

If the enclosed proxy is appropriately marked, signed, and returned in time to be voted at the Meeting, the shares represented by the proxy will be voted in accordance with the instructions marked thereon. Any proxy not specifying to the contrary will be voted FOR the election of the nominees for Class II Directors, and FOR the appointment of Beard Miller Company LLP, Certified Public Accountants and Consultants, as the independent auditors for the year ending December 31, 2003.

Shares represented by properly executed proxies on the accompanying form will be voted FOR the nominees of the Board of Directors named unless otherwise specified on the proxy by the Shareholder. Any Shareholder who wishes to withhold authority from the proxyholders to vote for the election of Directors or to withhold authority to vote for any individual nominee may do so by marking his or her proxy to that effect. No proxy may be voted for a greater number of persons than the number of nominees named. If any nominee should become unable to serve, the persons named in the proxy may vote for another nominee. The Company's Board of Directors and management, however, have no present reason to believe that any nominee listed will be unable to serve as a Director, if elected.

REQUIRED VOTE

- The presence, in person or by proxy, of the holders of a majority of the Shares entitled to vote generally for the election of Directors is necessary to constitute a quorum at the Meeting. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a nominee holding Shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received

instructions from the beneficial owner

- Directors are elected by a plurality of the votes cast at the meeting. The affirmative vote of the holders of a majority of the votes cast at the meeting is required to ratify the appointment by the Board of Directors for Beard Miller Company LLP, Certified Public Accountants and Consultants, as the independent auditors for the year ending December 31, 2003. Abstentions and broker non-votes will not be considered as votes cast for purposes of the Meeting.

COST OF PROXY SOLICITATION

The expense of soliciting proxies will be borne by the Company. It is expected that the solicitation of proxies will be primarily by mail. The Company's Directors, Officers and Employees may also, but without compensation other than their regular compensation, solicit proxies by further mailings or personal conversations, or by telephone, fax, or other electronic means.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Edgar Filing: PEOPLES FINANCIAL SERVICES CORP/ - Form DEF 14A

This Report of the Compensation Committee covers the following topics:

- Role of the Corporate Governance and Compensation Committee relative to the compensation program
- Executive Compensation Guiding Principles
- Components of the Compensation Program
- Compensation of the Chief Executive Officer

ROLE OF THE CORPORATE GOVERNANCE AND COMPENSATION COMMITTEE

The Committee is made up of three members of the Board of Directors. Two of them are not current or former employees of the Company. The Committee sets the overall compensation principles of the Company and reviews the entire program at least annually. This includes each element described below, the measurement used to make payments of awards under the Company's incentive plans and the overall effectiveness of the program. The committee specifically reviews and establishes the individual compensation levels for the top four members of the senior leadership team, including the Chief Executive Officer. The committee has considered the advice of an independent outside consultant in determining the appropriateness and the level of compensation.

EXECUTIVE COMPENSATION GUIDING PRINCIPLES

Peoples National Bank has developed a compensation program that is intended to motivate and retain the key talent it needs to be a market leader in a highly competitive industry. The Committee and the Company's leadership team developed this program to support the Company's aggressive business strategy. The following principles guided the development of the program:

- Compensation opportunity should be related to performance. That is, if Peoples National Bank's and the individual's performance are at the median of those companies with whom we compete for talent, then pay should also be at the median. Opportunity should increase proportionately if Peoples National Bank's or the individual's performance is above the median. On the other hand, if performance is at less than the median, any award payment will be at the Committee's discretion.
- Ownership of the Company's shares should be pervasive throughout the Company with each individual having a number of opportunities to own Peoples Financial Services Corp. stock. To that end, stock options were granted to all eligible employees in May 1998. In May of each following year, stock option grants were made to key officers. The overall intent is to encourage each employee to be, and to behave like, an owner of the business.
- As described later in this report, our compensation programs are designed to balance short- and long-term financial objectives, build Shareholder value and reward for individual, team and corporate performance.
- The proportion of total pay that is at risk against individual and Company performance objectives increase with the more senior positions. For example, in 2002, approximately 25% of the President's total target pay opportunity was at risk against short- and long-term performance goals.

Survey data is compiled by an independent outside consultant to ensure that our total program is competitive. Compensation data includes 106 institutions, which includes 79 commercial banks or bank holding companies, 24 savings institutions, and 3 credit unions.

COMPONENTS OF THE COMPENSATION PROGRAM

The three components of the total compensation program are:

- Base Salary
- Short-Term Incentives/Long-Term
- Incentives

1. Base Salary

Base salaries for all Officers have been set at levels that are comparable to similar positions at other companies with whom we compare for compensation purposes.

2. Short-Term Incentives

TABLE OF CONTENTS

Edgar Filing: PEOPLES FINANCIAL SERVICES CORP/ - Form DEF 14A

The annual bonus component of incentive compensation is designed to align executive pay with short-term (annual) performance of the Company.

In 2002, the annual bonus opportunity was based on the goals and objectives set forth in the strategic plan. Distribution of bonuses was based on job position and performance ratings.

3. Long-Term Incentives:

The Bank has an employee stock ownership plan covering substantially all Employees. Contributions to the plan are at the discretion of the Board of Directors. Employer contributions are allocated to participant accounts based on their percentage of total base and short-term incentive compensation for the plan year.

The Bank also maintains a profit sharing plan under the provisions of Section 401(k) of the Internal Revenue Code. The plan covers substantially all Employees who have completed one year of service. Contributions to the plan by the Bank equal 50% of the employee contribution up to a maximum of 6% of annual salary.

On May 1, 1998, the company made a grant of stock options to substantially all employees. These options have an exercise price of \$22.20 (price adjusted to reflect the Company's five for two stock split in September 1998). The option vests after five years of service and will expire ten years from the date of the grant. For 1999, 2000, 2001 and 2002, stock option grants were made to key officers. The exercise price of these grants are \$25.50, \$27.50, \$24.75, and \$27.00, respectively. These option grants have an expiration date of 10 years from the date of the grant.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

In fiscal 2002, the Company's most highly compensated Officer was John W. Ord, CEO and President. In 2002, Mr. Ord's total compensation included 75% in base salary, 10% in short-term incentive, and 15% in long-term compensation.

The guidelines and factors considered by the Committee in determining compensation include corporate profitability measured by return on assets, stock prices, asset quality, loan loss reserve levels, market share, regulatory capital strength, cost control, and regulatory examination. The Committee based compensation on the fact that the company performed well in a time when the market conditions were very challenging. The company maintained its competitive position.

Base Salary:

The Committee increased Mr. Ord's base salary from \$139,400 in 2001 to \$146,400 in 2002 and Mrs. Dissinger's from 78,750 in 2001 to \$83,750. Mr. Ord's base pay includes Director's fees.

Short-Term Incentives:

The Committee assessed Mr. Ord's and Mrs. Dissinger's performance in determining their short-term incentive awards. The goals and objectives set forth in the strategic plan were achieved through their leadership efforts therefore they were awarded bonuses of \$20,000 and \$12,188, respectively.

Long-Term Incentives:

The Bank has an employee stock ownership plan covering substantially all Employees. Contributions to the plan are at the discretion of the Board of Directors. RETIREMENT PLANS

Employee Stock Ownership Plan The Company maintains an Employee Stock Ownership Plan (the "ESOP") that was established as of January 1, 1983. The purpose of the ESOP is to promote in Employees the strongest interest in the successful operation of the Company's business and loyalty to the organization, in addition to increasing efficiency in their work. The ESOP also provides the Employees with an opportunity to share in the prosperity of the Company's business by means of stock ownership.

In general, each employee of the Bank who has attained the age of 21 years is eligible to participate in the ESOP, provided he or she has been employed for at least one year and is credited with at least 500 hours of service. Contributions to the plan are at the discretion of the Board of Directors. Employer contributions are allocated to participant accounts based on their percentage of total compensation for the plan year. Shares of Company stock owned by the plan are included in the earnings per share calculation, and dividends on these shares are deducted from undivided profits. During 2002, contributions to the plan charged to operations were \$126,000. Under the terms of the ESOP, the Trustee (Benefit Plans Administrators) must invest assets primarily in Common Stock of the Company.

Under the ESOP, employee-participants are entitled to voting rights attributable to stock allocated to their accounts.

Effective August 1, 1994, the Bank maintains a profit sharing plan under the provisions of Section 401(k) of the Internal Revenue Code. The plan covers substantially all Employees who have completed one year of service. Contributions to the plan by the Bank equal 50% of the employee contribution up to a maximum of 6% of annual salary. During 2002, employer contributions to the plan charged to operations were \$58,010.

EXECUTIVE EMPLOYMENT AGREEMENTS

In February 1997, the Company entered into an employment agreement with John W. Ord, President and Chief Executive Officer of the Company. The agreement is for an initial three-year term and is renewed annually for a three-year term unless notice of nonrenewal is given by either party in which case the agreement will expire at the end of the existing term.

The agreement provides for a base salary of a minimum of \$100,000 per year and for such incentive bonuses as may be awarded to the Executive under any incentive compensation plan which may be in effect or otherwise in the discretion of the Board of Directors. If the Executive's employment is terminated without cause (as defined in the agreement) or the Executive terminates his employment for good reason (as defined in the agreement) following a change in control of the Company, the Executive becomes entitled to severance benefits under the agreement. Good reason includes a reduction in title, responsibilities, or authority, a reassignment, which requires the Executive to move his principal residence, a reduction in salary, or a failure to provide the Executive with comparable benefits following a change in control. If any such termination occurs following a change in control, the Executive will be entitled generally to a lump-sum payment equal to 2.99 times his average annual compensation for the five years preceding the year of termination. In the event that the Executive's employment is terminated by the Company without cause in the absence of a change in control, the Executive will be entitled generally to a lump-sum payment equal to 2.0 times the sum of his highest annual compensation in the prior three years plus certain pension and welfare benefits received in the relevant year.

Mr. Ord's agreement contains provisions restricting his ability to compete with the Company under certain circumstances following termination of his employment.

In February 1997, the Company also entered into a severance agreement with Debra E. Dissinger, Executive Vice President of the Company, which provides for certain severance benefits in the event Mrs. Dissinger's employment is terminated or she resigns for specified reasons following a change in control of the Company. Under this agreement, Mrs. Dissinger would be entitled generally to a severance benefit equal to 2.0 times her average annual compensation for the five years preceding the year of termination. No benefits are payable under this agreement in the event Mrs. Dissinger's employment is terminated for cause or in the event her employment is terminated for any reason prior to a change in control. The specified reasons for termination under this agreement is substantially similar to the events of good reason contained in Mr. Ord's agreement.

RELATIONSHIPS AND OTHER RELATED TRANSACTIONS

Some of the Directors and Officers of the Company, and the companies with which they are associated, are customers of, and during 2002 had banking transactions with, the Bank in the ordinary course of the Bank's business, and intend to do so in the future. All loans and commitments to loan included in such transactions were made under substantially the same terms, including interest rates, collateral, and repayment terms, as those prevailing at the time for comparable transactions with other persons and, in the opinion of the Bank's Management, do not involve more than the normal risk of collection or present other unfavorable features.
