ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On July 27, 2009, we entered into an exclusive License Agreement with Mount Knowledge, Inc. (MtK), a corporation based out of Ontario, Canada, and its founder, Erwin Sniedzins, wherein we were granted the exclusive world-wide licensing rights to promote, market and sell any and all of MtK s product lines, both existing and future.

Mount Knowledge Inc. was established in Toronto, Canada, in 2005 and provides Real Time interactive Self-Learning multi-media content enablers (RTSL) that help to turn information into knowledge up to 300% faster than traditional methods. Its patent pending e-learning engine takes a third party s dormant textual content and automatically creates exercises, tests and scores to enable learners to acquire knowledge faster than passive (rote) learning methods. MtK s current product lines to be marketed are known as the Syntality Knowledge Generator, and Complete English Real Time Intelligent Self Learning Systems.

The Syntality Knowledge Generator has been designed and developed as a complete educational integrated system that addresses individual general needs to special needs and can turn any textual information into knowledge quickly. With more than 200 individual enabling learning tools the system covers most learning needs from Preschool to College; from one Phonetic sound to complete pronunciation phrases; from learning one word to complete sentences, from writing, listening to speaking and comprehension and so on.

The Company s markets are Corporation s Training departments and the more than 630 million students who are studying ESL (English as a Second Language), TOEFL (Test of English as a Foreign Language) as well as enhancing any third party textual content that a student or employee wants or needs to learn from books, internet and articles. This learning engine solution is being used by students from elementary, high school to colleges and MBA courses.

In consideration for the licensing rights granted by the License Agreement, we have agreed to pay MtK and Sniedzins, collectively, a royalty of eight percent (8%) of gross sales received by us, adjusted for direct costs of sales, commissions and/or franchise fees, related to the sale of MtK products, if applicable, if such costs have not already been deducted or accounted for in the gross sales amount.

The License Agreement will expire on July 27, 2019. However, we have the option to extend the License Agreement for two additional five (5) year periods upon thirty (30) days written notice. The License Agreement may also be further extended upon mutual agreement between the parties.
