ALTERNET SYSTEMS INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2013
(Unaudited)
NOTE 1 NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Alternet Systems Inc., through its subsidiaries (Alternet or the Company), provides leading edge mobile financial solutions and mobile security and related solutions. The former are offered throughout the Western Hemisphere, but most actively in Central and South America and the Caribbean, and the latter are offered globally.

These condensed consolidated financial statements have been prepared on the basis of a going concern, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. At March 31, 2013 the Company had a working capital deficiency of \$3,743,476. The Company s continued operations are dependent on the successful implementation of its business plan, its ability to obtain additional financing as needed, continued support from creditors, settling its outstanding debts, and ultimately attaining profitable operations. The accompanying condensed consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Interim Financial Statements

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (GAAP) for interim financial information and the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair statement of the results for interim periods have been included. Results for interim periods should not be considered indicative of results for a full year. These interim condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto contained in the company s Annual Report on Form 10-K for the year ended December 31, 2012, collectively referred to as the 2012 Annual Report . The consolidated financial statements include the accounts of the company and all of its subsidiaries in which a controlling interest is maintained.

Principles of Consolidation

These condensed consolidated financial statements include the accounts of the following companies:

- Alternet Systems Inc.
- AI Systems Group, Inc., a wholly owned subsidiary of Alternet
- Tekvoice Communications, Inc., a wholly owned subsidiary of Alternet
- Alternet Transactions Systems, Inc., a 51% owned subsidiary of Alternet
- Utiba Guatemala, S.A., a wholly-owned subsidiary of Alternet Transactions Systems Inc.
- International Mobile Security, Inc, a 60% owned subsidiary of Alternet

ALTERNET SYSTEMS INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2013
(Unaudited)
NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- Megatecnica, S.A., a wholly owned subsidiary of International Mobile Security, Inc.
- $\bullet \ Alternet \ Financial \ Solutions, L.L.C, \ wholly-owned \ subsidiary \ of \ Alternet$
- Alternet Payment Solutions, L.L.C, wholly-owned subsidiary of Alternet

The minority interests of ATS, IMS, and ATS's and IMS's wholly owned subsidiaries have been deducted from earnings and equity. All significant intercompany transactions and account balances have been eliminated.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the financial statement date and the reported amounts of revenues and expenses during the reporting period. The Company regularly evaluates estimates and assumptions related to the useful life and recoverability of long-lived assets, fair value of convertible notes payable and derivative liabilities. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company's estimates. To the extent there are material differences between estimates and the actual results, future results of operations will be affected.

Long-Lived Assets Including Other Acquired Intellectual Property

Management monitors the recoverability of long-lived assets and intangibles based on estimates using factors such as current market value, future asset utilization, and future undiscounted cash flows expected to result from its investment or use of the related assets. The Company's policy is to record any impairment loss in the period when it is determined that the carrying amount of the asset may not be recoverable. Any impairment loss is calculated as the excess of the carrying value over estimated realizable value. The Company did not record any significant impairments on long-lived assets during the three months ended March 31, 2013 and 2012.

Intangible assets deemed to have an indefinite life are not amortized but are subject to impairment tests at each reporting date. The Company assesses the impairment of intangible assets on a quarterly basis or whenever events or changes in circumstances indicate that the fair value is less than its carrying value. If the carrying amount of the intangible asset exceeds its fair value, the intangible asset is considered impaired and the second step of the test is performed to determine the amount of impairment loss, if any. The Company did not recognize any impairment charges related to indefinite lived intangible assets during the three months ended March 31, 2013 and 2012.

ALTERNET SYSTEMS INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2013
(Unaudited)
NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Stock-Based Compensation

The Company accounts for its share-based compensation plans in accordance with the fair value recognition provisions of ASC 718 *Compensation—Stock Compensation*. The Company utilizes the Black-Scholes option pricing model as its method for determining the fair value of stock option grants. ASC 718 requires the fair value of all share-based awards that are expected to vest to be recognized in the statements of operations over the service or vesting period of each award. The Company uses the straight-line method of attributing the value of share-based compensation expense for all stock option grants over the requisite service period.

Loss per Share

The Company computes net earnings (loss) per share in accordance with ASC Topic 260, *Earnings Per Share*. Topic 260 requires presentation of both basic and diluted earnings per share (EPS) on the face of the statement of operations. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of common shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period including warrants using the treasury stock method. Diluted EPS excludes all dilutive potential common shares if their effect is anti-dilutive. As the Company has net losses, no common equivalent shares have been included in the computation of diluted net loss per share as the effect would be anti-dilutive.

At March 31, 2013, 6,009,863 (December 31, 2012 – 6,009,863) warrants were excluded from the loss per share calculation as their effect would be anti-dilutive.

Reclassification

Certain comparative figures have been reclassified in order to conform to the current year's presentation.

Recent Accounting Pronouncements

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force), the American Institute of Certified Public Accountants, and the SEC did not, or are not believed by management to, have a material impact on the Company's present or future financial position, results of operations or cash flows.

Depreciation expense for the three months ended March 31, 2013 and March 31, 2012 was \$21,128 and \$10,671, respectively.

NOTE 4 INTELLECTUAL PROPERTY

On January 25, 2011, the Company signed a Copyright Agreement with a supplier for various intellectual properties of which \$100,000 was due upon signing of the agreement. As of March 31, 2013 and December 31, 2012, the Company had \$68,900 included in accounts payable and accrued charges relating to this agreement.

In December 2011, the Company purchased four software licenses from Utiba Pte., a non-controlling interest investor in ATS, valued at \$1,500,000. Each license provides the Company the ability to offer mobile financial services under a Software as a Services (SaaS) arrangement to its customers by providing unlimited access to Utiba s underlying platform. Utiba Pte is required to maintain the systems in working order and provide all necessary services to the Company. As the licenses are for a service that is emerging on a global scale and there is no set term for the service, the licenses have been determined to have an indefinite life.

NOTE 5 – CONVERTIBLE DEBENTURE NOTES AND OTHER LOANS PAYABLE

Convertible Debentures

On August 29, 2012, the Company issued a note payable in the amount of \$44,438. The note carries interest at the rate of 10% per annum and was due on February 28, 2013. If the note is not repaid on maturity or in any other event of default, the holder is entitled to convert all or any portion of the original principal face value of the note into shares of common stock of the Company at a conversion value of \$0.075. The beneficial conversion feature discount resulting from the conversion price being \$0.045 below the market price on August 29, 2012 of \$0.12 provided a value of \$26,663. During the three months ended March 31, 2013, \$8,596 of the debt discount was amortized. As of March 31, 2013, \$47,056 (December 31, 2012 - \$37,364) of principal, accrued interest, and unamortized debt discount on this note was included in other loans payable. The note was not repaid by February 28, 2013 and continues to accrue interest at the rate of 10% per annum.

On September 26, 2012, the Company issued a note payable in the amount of \$60,000. The note carries interest at the rate of 10% per annum and was due on March 31, 2013. If the note is not repaid on maturity or in any other event of default, the holder is entitled to convert all or any portion of the original principal face value of the note into shares of common stock of the Company at a conversion value of \$0.075. The beneficial conversion feature discount resulting from the conversion price being \$0.045 below the market price on September 26, 2012 of \$0.12 provided a value of \$36,000. During the three months ended March 31, 2013, \$17,419 of the debt discount was amortized. As of March 31, 2013, \$63,074 (December 31, 2012 - \$44,175) of principal and accrued interest, and unamortized debt discount on this note was included in other loans payable. The note was not repaid by March 31, 2013 and continues to accrue interest at the rate of 10% per annum.

On October 19, 2012, the Company issued a note payable in the amount of \$80,000. The note carries interest at the rate of 10% per annum and was due on April 30, 2013. If the note is not repaid on maturity or in any other event of default, the holder is entitled to convert all or any portion of the original principal face value of the note into shares of common stock of the Company at a conversion value of \$0.075. The beneficial conversion feature discount resulting from the conversion price being \$0.085 below the market price on October 19, 2012 of \$0.16 provided a value of \$80,000. During the three month ended March 31, 2013, \$37,306 of the debt discount was amortized. As of March 31, 2013, \$83,595 (December 31, 2012 - \$31,881) of principal, accrued interest, and unamortized debt discount on this note was included in other loans payable.

NOTE 5 – CONVERTIBLE DEBENTURE NOTES AND OTHER LOANS PAYABLE (continued)

Other Loans Payable

On January 25, 2011, the Company signed a promissory note whereby the Company agreed to repay a director \$20,000 plus interest at 10% per annum on April 25, 2011. This loan was not repaid on its maturity and has since been renewed several times with the unpaid principal and interest being capitalized to the loan balance on each renewal. As of March 31, 2013, the Company owes this director \$2,729 (December 31, 2012 - \$2,598) of unpaid principal and \$67 (December 31, 2012 - \$65) of accrued interest on a promissory note which matures on June 30, 2013. The balance owing is included in due to related parties.

On February 9, 2011, the Company signed a promissory note whereby the Company agreed to repay a director \$5,000 plus interest at 10% per annum on May 9, 2011. This loan was not repaid on its maturity and has since been renewed several times with the unpaid principal and interest being capitalized to the loan balance on each renewal. As of March 31, 2013, the Company owes this director \$6,025 (December 31, 2012 - \$5,736) of unpaid principal and \$149 (December 31, 2012 - \$289) of accrued interest on a promissory note which matures on June 30, 2013. The balance owing is included in due to related parties.

On February 11, 2011, the Company signed a promissory note whereby the Company agreed to repay a director \$8,988 plus interest at 10% per annum on May 11, 2011. This loan was not repaid on its maturity and has since been renewed several times with the unpaid principal and interest being capitalized to the loan balance on each renewal. As of March 31, 2013, the Company owes this director \$10,828 (December 31, 2012 - \$10,308) of unpaid principal and \$267 (December 31, 2012 - \$520) of accrued interest on a promissory note which matures on June 30, 2013. The balance owing is included in due to related parties.

On January 25, 2012, the Company signed a promissory note whereby the Company agreed to repay a creditor \$100,000 plus interest at 12% per annum on April 24, 2012. As of March 31, 2012, the Company had accrued \$2,203 of interest relating to this loan. On April 8, 2012, the Company signed a debt settlement agreement with the creditor whereby the creditor converted the outstanding principal and interest of \$102,466 into 683,105 common shares of the Company and 409,863 warrants. Each warrant entitles the holder to purchase one common shares of the Company at an exercise price of \$0.25 per share until October 8, 2013. The Company issued 409,863 warrants on April 9, 2012, 113,889 common shares on April 11, 2012, 400,000 common shares on April 19, 2012, 152,778 common shares on April 26, 2012, and 16,438 common shares on May 7, 2012 resulting in a full repayment of the loan. Using the Black-Scholes option pricing model, the fair market value of the warrants at the time of issuance was determined to be \$85,198 with the following assumptions: (1) risk-free rate of interest of 0.07%, (2) an expected life of 1.5 years, (3) expected stock price volatility of 178.93%, and (4) expected dividend yield of zero.

NOTE 5 - CONVERTIBLE DEBENTURE NOTES AND OTHER LOANS PAYABLE (continued)

On February 1, 2012, the Company signed a promissory note whereby the Company agreed to repay a creditor \$200,000 plus interest at 24% per annum on May 1, 2012. On May 1, 2012, the Company signed a new promissory note with the creditor which capitalized the unpaid principal and interest of \$211,836 under the previous promissory note and extended the maturity date to September 30, 2012. On October 1, 2012, the Company signed a new promissory note with the creditor which capitalized the unpaid principal and interest of \$233,147 under the previous promissory note and extended the maturity date to January 31, 2013. The note was not repaid by January 31, 2013. As of March 31, 2013, the Company has accrued \$9,776 on an outstanding principal and interest balance of \$261,779 (December 31, 2012 - \$14,104 on a principal and interest balance of \$247,251) of interest relating to this loan.

On October 10, 2012, the Company signed a promissory note whereby the Company agreed to repay a creditor \$50,000 plus interest at 10% per annum on April 8, 2013. As of March 31, 2013, the Company has accrued \$2,370 (December 31, 2012 - \$1,137) of interest relating to this loan. On April 9, 2013, the Company signed a new promissory note with the creditor which capitalized the unpaid principal and interest of \$52,479 under the previous promissory note and extended the maturity date to October 6, 2013.

On November 19, 2012, the Company signed a promissory note whereby the Company agreed to repay a creditor \$100,000 plus interest at 10% per annum on May 18, 2013. As of March 31, 2013, the Company has accrued \$3,644 (December 31, 2012 - \$1,178) of interest relating to this loan.

On November 19, 2012, the Company signed a promissory note whereby the Company agreed to repay a creditor \$100,000 plus interest at 10% per annum on May 18, 2013. As of March 31, 2013, the Company has accrued \$3,644 (December 31, 2012 - \$1,178) of interest relating to this loan.

On December 5, 2012, the Company signed a promissory note whereby the Company agreed to repay a creditor \$25,000 plus interest at 10% per annum on June 3, 2013. As of March 31, 2013, the Company has accrued \$801 (December 31, 2012 - \$185) of interest relating to this loan.

On January 24, 2013, the Company signed a promissory note whereby the Company agreed to repay a creditor \$130,000 plus interest at 10% per annum on July 23, 2013. As of March 31, 2013, the Company has accrued \$2,386 of interest relating to this loan.

On February 8, 2013, the Company signed a promissory note whereby the Company agreed to repay a creditor \$100,000 plus interest at 10% per annum on August 7, 2013. As of March 31, 2013, the Company has accrued \$1,425 of interest relating to this loan.

NOTE 5 CONVERTIBLE DEBENTURE NOTES AND OTHER LOANS PAYABLE (continued)

On February 19, 2013, the Company signed a promissory note whereby the Company agreed to repay a creditor \$33,000 plus interest at 10% per annum on May 20, 2013. As of March 31, 2013, the Company has accrued \$371 of interest relating to this loan.

On February 28, 2013, the Company signed a promissory note whereby the Company agreed to repay a creditor \$50,000 plus interest at 10% per annum on August 27, 2013. As of March 31, 2013, the Company has accrued \$438 of interest relating to this loan.

NOTE 6 LONG-TERM DEBT

On April 1, 2012, the Company signed an Agreement with a creditor to purchase various computer software valued at \$213,900 and one year technical support valued at \$47,058. The loan requires one payment of \$35,000 on May 23, 2012 and seven quarterly payments of \$35,495 starting October 1, 2012. The loan includes an implicit interest rate of \$7.51% and matures on April 1, 2014. As of March 31, 2013, the balance on the loan was \$203,393 (December 31, 2012 - \$235,138).

The remaining required principal payments over the next two fiscal years are as follows:

2013	\$ 134,354
2014	69,039
	\$ 203,393

NOTE 7 CAPITAL LEASES

On April 27, 2011, the Company signed a lease agreement with a creditor to lease various computer equipment. The lease requires 24 monthly payments of \$3,620 including implicit interest of 14.99% and expires on May 1, 2013. As of March 31, 2013, the balance on the lease was \$7,106 (December 31, 2012 - \$17,439).

On September 26, 2011, the Company signed a lease agreement with a creditor to lease additional computer equipment. The lease requires 24 monthly payments of \$668 including implicit interest of 12.75% and expires on September 1, 2013. As of March 31, 2013, the balance on the lease was \$3,861 (December 31, 2012 - \$5,702).

On June 13, 2012, the Company signed a lease agreement with a creditor to lease additional computer equipment. The lease requires a down payment of \$2,777 to be paid upon signing and 24 monthly payments of \$396. The lease includes implicit interest of 13.21% and expires on June 1, 2014. As of March 31, 2013, the balance on this lease was \$5,794 (December 31, 2012 - \$6,772).

ALTERNET SYSTEMS INC. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS March 31, 2013 (Unaudited)

NOTE 7 CAPITAL LEASES (continued)

On August 1, 2012, the Company signed a lease agreement with a creditor to lease additional computer equipment. The lease requires a down payment of \$1,956 to be paid upon signing and 24 monthly payments of \$282. The lease includes implicit interest of 15.60% and expires on September 1, 2014. As of March 31, 2013, the balance on this lease was \$4,504 (December 31, 2012 - \$5,158).

The future minimum lease payments required under the capital leases and the present value of the net minimum lease payments as of March 31, 2013, are as follows:

2013	\$ 17,357
2014	5,319
Net minimum lease payments	22,676
Less: Amount representing interest	(1,411)
Present value of net minimum lease payments	21,265
Less: Current maturities of capital lease obligations	(18,101)
Long-term capital lease obligations	\$ 3,164

NOTE 8 CAPITAL STOCK

Common Shares

The Company is authorized to issue up to 100,000,000 shares of the Company s common stock with a par value of \$0.0001.

On September 21, 2012, the Company s shareholders approved through a majority vote to amend the Company s Articles of Incorporation by increasing the authorized stock of the Company to 510,000,000 consisting of 500,000,000 common shares with a par value of \$0.00001 per share and 10,000,000 preferred shares with a par value of \$0.00001 per share. In addition, the shareholders approved the 2012 Incentive Stock Option Plan whereby the Company can grant stock options to employees of the Company to acquire up to a maximum of 5% of the Company s authorized stock. Options granted under the plan are non transferable, will vest over a period of three years, can have a maximum term of five years from each vesting date, and are subject to the employee being employed by the Company on the grant and exercise dates.

(Unaudited)
NOTE 8 CAPITAL STOCK (continued)

Effective January 29, 2008, the Company adopted a Retainer Stock Plan for Professional and Consultants (the 2008 Professional/Consultant Stock Compensation Plan) for the purpose of providing the Company with the means to compensate, in the form of common stock of the Company, eligible consultants that have previously rendered services or that will render services during the term of this 2008 Professional/Consultant Stock Compensation Plan. A total of 6,000,000 common shares may be awarded under this plan. The Company filed a Registration Statement on Form S-8 to register the underlying shares included in the 2008 Plan. To date, 5,998,542 common shares valued at \$431,631 relating to services provided have been awarded, leaving a balance of 1,458 shares which may be awarded under this plan.

During the three months ended March 31, 2013, the Company:

- issued 571,967 common shares valued at \$102,954 for employment incentives in accordance with employment agreements;
- issued 183,699 common shares valued at \$29,522 for legal, consulting, and investor relations services rendered; and
- issued 700,000 common shares valued at \$105,000 for investor relations to be rendered over a twelve month period which were included in deferred compensation.

As of March 31, 2013, the Company had \$130,362 (December 31, 2012 - \$130,362) in private placement subscriptions which are reported as private placement subscriptions within stockholders deficit.

As of March 31, 2013, the Company is obligated to issue 23,333 common shares valued at \$2,800 for services rendered by a consultant during the three months then ended.

Warrants

The Company s warrant transactions are summarized as follows:

	Number of Warrants	Weighted Average Exercise Price \$
Balance, December 31, 2012	6,009,863	0.25
Issued	-	-
Expired	-	-
_		
Balance, and March 31, 2013	6.009.863	0.25

All warrants issued can be called by the Company in the event the average closing price of the common stock of the Company for any 60 day period is \$0.40 or greater.

ALTERNET SYSTEMS INC.

NOTE 8 CAPITAL STOCK (continued)

The following table summarizes the warrants outstanding at March 31, 2013:

Warrants outstanding	Exercise price		Expiration date
4,000,000	0.	25	June 30, 2013
409,863	0.	25	October 8, 2013
841,270	0.	25	October 11, 2013
758,730	0.	25	November 30, 2013

6,009,863

The weighted average life of warrants outstanding at March 31, 2013 and December 31, 2012 was 0.36 years and 0.61 years respectively. All warrants outstanding had an intrinsic value of \$Nil.

NOTE 9 - RELATED PARTY TRANSACTIONS

As of March 31, 2013, a total of \$779,157 (December 31, 2012 - \$664,113) was payable to directors and officers of the Company of which \$759,092 (December 31, 2012 - \$644,531) was non-interest bearing and had no specific terms of repayment and \$20,065 (December 31, 2012 - \$19,582) related to loans detailed in Note 5. Of the amount payable, \$99,462 (December 31, 2012 - \$58,401) was included in accounts payable for expense reimbursements, \$655,810 (December 31, 2012 - \$573,310) was included in wages payable for accrued fees, and \$23,885 (December 31, 2012 - \$32,402) was included in due to related parties.

During the three months ended March 31, 2013, the Company expensed a total of \$113,750 (March 31, 2012 - \$145,000) in consulting fees, investor relations and salaries paid to directors and officers of the Company. Of the amounts incurred, \$113,750 (March 31, 2012 - \$72,500) has been accrued, and \$Nil (March 31, 2012 - \$72,500) has been paid in cash.

ALTERNET SYSTEMS INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2013
(Unaudited)
NOTE 9 - RELATED PARTY TRANSACTIONS (continued)

As of March 31, 2013, the Company held an accounts receivable from a company with a director in common with the Company for \$789,565 (6,674,709 Venezuelan bolivar fuerte ("VEF")) (December 31, 2012 - \$789,565 (VEF 6,674,709). In addition, the Company owes this company \$221,969 (VEF 3,329,532) (December 31, 2012 - \$221,969 (VEF 3,329,532) which is non-interest bearing, has no specific terms of repayment, and is included in Due to related parties.

NOTE 10 - DEFERRED COMPENSATION

On February 15, 2013, the Company signed an investor relations agreement with a consultant to provide investor relations services for a term of one year. The consultant will be compensated with monthly payments of \$5,000 if the Company is able to raise \$1,000,000 by May 16, 2013. The consultant will also receive 700,000 shares, which are deliverable in four equal tranches of 175,000 each on or before February 20, 2013, May 16, 2013, August 14, 2013, and November 12, 2013. On February 19, 2013, the Company issued 700,000 shares in the name of the consultant valued at \$105,000 of which 175,000 valued at \$26,250 were delivered to the consultant. The remaining 525,000 shares will be delivered to the consultant over the term of the contract as described above. The value of the services is being expensed over the life of the contract.

The Company recorded the aggregate fair value of the shares issued pursuant to the above agreement as deferred compensation and amortizes the costs of these services on a straight-line basis over the respective term of the contract. During the three months ended March 31, 2013, the Company expensed \$13,125 relating to the above contract. The shares issued were all valued at their market price on the date of issuance.

ALTERNET SYSTEMS INC. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS March 31, 2013 (Unaudited) NOTE 11__OPERATING LEASES

The Company leases its operating and office facilities for various terms under long-term operating lease agreements. The leases expire at various dates through 2016 with one lease providing a renewal option of one year. In the normal course of business, it is expected that these leases will be renewed or replaced by leases on other properties.

One lease provides for increases in future minimum annual rental payments and requires the Company to pay executory costs (real estate taxes, insurance, and repairs). Lease expense totaled \$36,579 and \$35,779 during the three months ended March 31, 2013 and 2012, respectively.

The following is a schedule by year of future minimum rental payments required under the operating lease agreements:

2013	\$ 110,013
2014	122,592
2015	116,894
2016	110,092
	\$ 459,591

Total minimum lease payments do not include contingent rentals that may be paid under certain leases because of use in excess of specified amounts. Contingent rental payments were not significant for the three months ended March 31, 2013 or March 31, 2012.

NOTE 12 SUPPLEMENTAL DISCLOSURE WITH RESPECT TO CASH FLOWS

	Three months ended March 31,	
	2013	2012

Shares issued for wages and related benefits payable	85,795	-

ALTERNET SYSTEMS INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2013
(Unaudited)
NOTE 13 FAIR VALUE

Fair value accounting establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability;
- Level 3 Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (supported by little or no market activity).

The fair value of the Company s accounts receivable, accounts payable and accrued liabilities, wages payable, accrued taxes, deferred income, other loans payable, and due to related parties approximate their carrying values. The Company s other financial instruments, being cash, are measured at fair value using Level 1 inputs.

NOTE 14 CONCENTRATIONS

Concentrations in Sales to Few Customers:

During the three months ended March 31, 2013, the largest customer accounted for 86% of sales. Two other customers accounted for 69% and 25% of accounts receivable. During the three months ended March 31, 2012, the two largest customers accounted for 48% and 25% of sales and 76% and 0% of accounts receivable, respectively.

Concentrations in Sales to Foreign Customers

During the three months ended March 31, 2013 and 2012, 100% of the Company s net sales were made to foreign customers. An adverse change in either economic conditions abroad or the Company s relationship with significant foreign distributors could negatively affect the volume of the Company s international sales and the Company s results of operations.

Company is Dependent on Few Major Suppliers

The Company is dependent on Utiba Pte., a non-controlling interest investor in ATS, for all of its hosting services needs. During the three months ended March 31, 2013 and 2012, products purchased from this company were approximately 88% and 64% of cost of sales, respectively. The Company is dependent on the ability of Utiba Pte. to provide uninterrupted services. The loss of this supplier or a significant reduction in product availability from this supplier could have a material adverse effect on the Company. The Company believes that its relationship with this supplier is in good standing.

ALTERNET SYSTEMS INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2013
(Unaudited)
NOTE 15__LAWSUIT

On September 20, 2012, the Company received a Demand for Arbitration notice that it had been named as party in a claim whereby the Claimant is seeking a judgment for damages that may exceed \$1,000,000, subsequently increased to \$5,000,000 resulting from failure to perform its obligations under an Agreement signed between the Claimant and the Company s joint-venture partner. The Company was not party to the Agreement but was named in the notice. The Company has engaged legal representatives. As of March 31, 2013 and December 31, 2012, no amounts have been accrued as management believes the claim is without basis.

NOTE 16 SUBSEQUENT EVENTS

On April 2, 2013, the Company issued 23,333 common shares valued at \$2,800 previously recorded in obligation to issue shares.

On April 9, 2013, the Company signed a new Promissory Note with a creditor which capitalized the unpaid principal and interest totaling \$52,479 under a previous Promissory Note and extended the maturity date to October 6, 2013.

On April 15, 2013, the Company issued 132,909 common shares valued at \$13,291 to an employee for past due compensation and expense reimbursements originally recorded at \$15,285.

On April 29, 2013, the Company issued 112,500 common shares valued at \$11,250 to a consultant for accounting services previously accrued.

Events occurring after March 31, 2013 were evaluated through the date this Interim Report was issued, in compliance FASB ASC Topic 855 Subsequent Events , to ensure that any subsequent events that met the criteria for recognition and/or disclosure in this report have been included.

ITEM 2. MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS:

The following discussion should be read in conjunction with our consolidated audited financial statements and the related notes that appear elsewhere in this annual report. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward looking statements. Factors that could cause or contribute to such differences include, but are not limited to those discussed below and elsewhere in this annual report, particularly in the section entitled "Risk Factors".

Our consolidated interim financial statements are stated in United States Dollars and are prepared in accordance with United States Generally Accepted Accounting Principles.

Overview

Alternet Systems Inc. competes in two distinct industries, mobile financial services and mobile security. In mobile financial services, the Company has unique features in its product offerings and is considered a global pioneer and market leader, consistently ranked by independent surveys amongst the top three in the world. The Company s technology has been developed and improved over numerous years and provides clients with a complete suite of applications and functionality that addresses all current market applications and usage. The Company is geographically focused on the entire Western Hemisphere (North, Central and South America and the Caribbean), and is the market leader in terms of deployments.

Mobile Financial Services

In 2010, the Company launched its mobile financial and mobile commerce suite of services, which it offers in equity partnership with the leading mobile financial services software developer, Utiba. Utiba Americas enjoys exclusive rights to the Utiba software platform for the Americas region, sold as a software license, or as a hosted service, also known as Software as a Service (SaaS).

Demand for our mobile financial transaction services is driven by the widespread adoption of mobile phone service and the existence of large segments of the global population which possess a mobile phone, but do not possess a bank account. The global mobile commerce industry is in its early growth and adoption stages and several successful initiatives have been launched worldwide by our competitors. We believe that as wireless usage expands, the demand for our services will grow.

Since launching in 2010, the Company has implemented mobile financial service solutions in Bolivia, Colombia, Ecuador, Guatemala, and Honduras. Revenue will come from organic growth of its existing operations, primarily from its hosted service, and the Company's robust sales pipeline with many qualified opportunities throughout the region. The Company also benefits from its name recognition and reputation, being one of the leading names in mobile financial services.

Sales and marketing is accomplished through the Company's existing sales staff, who contact potential clients directly, and through agent sales, channel partners, trade shows, and industry associations. Marketing materials such as brochures, web sites, and technical specifications are continuously updated with an increased emphasis being placed on its offerings for specific vertical industries, specifically the telecom, financial, government and utilities sectors.

The Company has been successful in capturing a leading market share in regional deployments and is widely recognized as having among the broadest and most robust product offerings. In 2012 the Company was awarded a multi country license sale agreement with Digicel Group, with an initial launch in Haiti, as well as the sale of a license to Astra Holdings, S.A. a Central America mobile payment service provider, that initially launched in Honduras and will expand in 5 Central American countries. It also successfully launched in January 2013, the electronic top up platform for Corporación Digitel S.A. a mobile network operator in Venezuela.

The SaaS product offering has successfully garnered key clients in Guatemala, Bolivia, México and Latin America. The Company is currently working in several other projects with a regional player with a multi country reach, and is continuing to receive widespread interest as it is currently negotiating several SaaS proposals with regional banks and mobile payment service providers.

In 2012 the company entered into strategic alliances with complimentary players in the industry. The strategic partnership with Spindle, Inc., a United States based mobile payments processor and technology developers allows ATS to enter this market and leverages Spindle's merchant acquisition suite into the existing Utiba mobile commerce offering. This partnership will expand as the companies are seeking additional technological and commercial integration. It also signed an MOU with i2C, Inc., a payments processor based in Redwood City, California to leverage their payment processing, card management and prepaid platform into a Utiba's converging payment offering. This initiative follows the MasterCard global partnership signed by Utiba Pte. Ltd. in October 2011, and the announcements made in 2012 on our expansion into the physical payments markets, as described in our Converging Payments offering.

ATS also continues to actively work with MasterCard operations in Latin America, developing a joint offering leveraging the brands strength and Utiba's market presence. Management expects several of these offers to close in 2013 in several key markets, specifically launching payments services to the unbanked markets in Latin America and the Caribbean.

Projects continue to take significant time and effort to close due to the complexity, the required participation of multiple parties, differing levels of expertise and experience amongst parties and, at times, shifting regulatory conditions.

As a result sales are below expectations. SaaS revenue, the Company's preferred product offering and pricing structure, is rapidly getting traction, while license sales have experienced a deceleration. ATS is actively engaged in final discussions and contract negotiations, with the largest clients in the market and expects to sign major projects in 2013.

The Company also expects to pursue potential opportunities to grow through mergers and acquisitions. Several opportunities have been identified and the Company has initiated initial discovery processes.

Digital and Mobile Security Software and Services

International Mobile Security (IMS) finalized the acquisition of proprietary technology in early 2011 and was positioned to offer software and security products in the global market segments of law enforcement, corporate, and consumer sales. Sales efforts have been conducted in house and through value added resellers. Drivers of demand include smart phones and the newly arrived mobile tablet computers.

IMS has entered into an agreement to develop opportunities with Delma MSS Ltd. ("Delma"), a company based in the United Kingdom developing location and tracking technologies. As part of the agreement, Delma will develop and enhance some of the IMS products, with the intent to develop joint business opportunities and products. The relationship with Delma will allow IMS to expand its sales reach into the Middle East and Asian markets.

IMS continues to underperform and management is reviewing various options, including divestiture, reorganization or merger opportunities. Based on its limited success, it is evident that IMS' product offering requires further development and additional investment to keep them up to date with current market expectations and requirements. In light of the results to date, management is reticent in continuing directing resources to the endeavor, and is actively evaluating different scenarios.

Accordingly, the Company may focus entirely on Mobile Financial Transaction Services and ancillary businesses within this space, such as Mobile Remittances, Consumer Analytics, Mobile Advertising Monetization and integration of its Mobile Commerce suit to Social Media opportunities.

Results of Operations:

Results of Operations are for the quarter ended March 31, 2013 compared to the similar prior year quarter ended March 21, 2012.

The Company's results, on a consolidated basis, reflect its own results consolidated with its subsidiaries. For the remainder of this part, the term "Company" refers to both the Company and its wholly owned and two majority owned subsidiaries, International Mobile Security, Inc. ("IMS") and Alternet Transactions Systems, Inc. ("ATS") doing business as Utiba Americas. Alternet has a controlling interest in both subsidiaries.

Net Sales

For the quarter ending March 31, 2013, the Company had net sales of \$436,976 versus \$59,285, an increase of \$377,691, primarily reflecting the sale of a license expansion.

Cost of Sales and Gross Margin

The Company has cost of sales of \$316,698 and a gross profit of \$120,278 for the quarter ending March 31, 2013 as compared to cost of sales of \$37,967 and a gross profit of \$21,318 for the quarter ending March 31, 2012. The increase in the cost of sales is due to the commensurate higher revenue for the period when compared to the prior year. Timing of expense recognition reflecting delays in the receipt invoices and supporting documentation from foreign vendors also impacts these items.

Selling, General and Administrative Expenses

The operating and administrative expenses for the quarter ended March 31, 2013 totaled \$730,981 as compared to \$825,279 for the similar prior year quarter. The table below details the major changes in administrative expenditures for the quarter ended March 31, 2013 as compared to the corresponding quarter ended March 31, 2012.

Expenses	Increase / Decrease in Expenses	Explanation for Change Quarter Ended March 31, 2013 as Compared to Quarter Ended March 31, 2012
Depreciation	Increase of \$10,457	Additional capital assets versus prior year quarter.
Management and consulting	Decrease of \$20,172	Lower staffing at corporate level and operating subsidiary than prior year quarter.
Office and general	Decrease of \$27,694	Lower marketing expenses as 2012 included global Mobile Conference wherein company was presenter, decreased telephone usage attributable to greater use of free services/internet and lower staffing.
Professional fees	Increase of \$13,051	Increased legal fees incurred defending lawsuit.
Salaries	Decrease of \$54,282	Lower staffing levels than prior year quarter.
Travel	Decrease of \$16,058	Decreased amount of travel required due to more stringent travel policy and use of remote conferencing and staffing.

Interest and Other Expenses

The Company s interest expense increased to \$122,456 for the quarter ended March 31, 2013 compared to \$14,639 the previous year quarter due to the increase in loans outstanding during the period, reflecting greater relative use of debt financing versus stock financing.

Net Loss

For the quarter ending March 31, 2013, the Company had a net and comprehensive loss of \$503,785 or (\$0.01) per share, a decrease of 51% when compared to the corresponding period of March 31, 2012 which had a net loss of \$1,027,410 or \$(0.01) per share. The lower loss is primarily attributable to lower Other Items, consisting of debt settlement losses which are down \$528,174, and lower Operating expenses of \$94,298. Last year's debt settlement loss reflected the accounting loss, not a cash outlay, attributable to the assigned value of shares received by a lender on the settlement of a convertible note. The settlement coincided with a spike in the share price.

Liquidity and Capital Resources

As of March 31, 2013, the Company had \$39,730 cash in the bank and accounts receivable of \$1,115,314. At March 31, 2013, the Company had a working capital deficiency of \$3,743,476. The Company is currently pursuing financing, and has engaged an investment bank to raise additional capital to fund ongoing operations. The Company's ability to continue as a going concern will be negatively affected if it is unsuccessful.

Accounts payable were \$1,416,143 at March 31, 2013 compared to accounts payable of \$1,457,054 at December 31, 2012. Accounts receivable decreased to \$1,144,564 for March 2013 versus \$1,249,447 at year ended 2012.

As of March 31, 2013, the Company holds an accounts receivable of \$789,565 (VEF 6,674,709) with a related company that has been outstanding for longer than one year. Due to the relationship with this Company, management is certain the funds will be collected.

Plan of Operation

Over the next 12 months, the Company will continue selling mobile financial services, in the form of software licenses and, increasingly more given market demand, as a service, commonly referred to as Software as a Services (SaaS), through its subsidiary Alternet Transaction Systems (dba Utiba Americas). The Company is in advanced negotiations with various clients to roll out single market, multi-market and regional mobile financial services, primarily under the SaaS product offering. SaaS transactions are multi-year in nature and are priced based on active wallets, transactions or a combination thereof. The Company is also in discussions for the sale of additional licenses and/or expansions.

As for International Mobile Security (IMS), provider of mobile security solutions, management is currently reviewing the strategic fit of the subsidiary within the Company's overall vision and business focus. While the market for IMS' products, primarily the government, law enforcement and, to a lesser degree, corporate segments, appears to be large and growing, IMS' product offering needs further refinement and development. Similarly, significantly more management time will be required to address the current challenges as well as additional resources, which may distract from the Company's primary focus.

Conclusion

The Company has positioned itself as the regional go-to, if not preferred, provider of mobile financial services and solutions and is confident in the future demand for its products and services. However, there can be no assurance that sales will increase in the future. The Company is expected to remain dependent upon debt or equity financing unless revenues from operations grow significantly.

Critical Accounting Policies

The discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with the accounting principles generally accepted in the United States of America. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. These estimates and assumptions are affected by management's application of accounting policies. We believe that understanding the basis and nature of the estimates and assumptions involved with the following aspects of our financial statements is critical to an understanding of our financial statements.

Basis of Presentation and Consolidation

These consolidated financial statements and related notes are presented in accordance with accounting principles generally accepted in the United States, and are expressed in United States dollars. These financial statements include the accounts of the Company and its wholly owned and majority owned subsidiaries. Our fiscal year-end is December 31.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Our company regularly evaluates estimates and assumptions. Our company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by our Company may differ materially and adversely from our Company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

Accounts Receivable and Allowance for Doubtful Accounts

Trade accounts receivable are stated at the amount the Company expects to collect. The Company maintains allowances for doubtful accounts for estimated losses resulting from the inability of its customers to make required payments. Management considers the following factors when determining the collectability of specific customer accounts: customer credit-worthiness, past transaction history with the customer, current economic industry trends, and changes in customer payment terms. Past due balances over 90 days and other higher risk amounts are reviewed individually for collectability. If the financial condition of the Company's customers were to deteriorate, adversely affecting their ability to make payments, additional allowances would be required. Based on management s assessment, the Company provides for estimated uncollectible amounts through a charge to earnings or customer deposits depending on whether the corresponding income has been recognized by the Company, and a credit to a valuation allowance. Balances that remain outstanding after the Company has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable.

Foreign Currency Translation

The Company s functional currency and its reporting currency is the United States Dollar. Foreign denominated monetary assets and liabilities are translated to their United States dollar equivalents using foreign exchange rates which prevailed at the balance sheet date. Revenue and expenses are translated at average rates of exchange during the year. Related translation adjustments are reported as a separate component of stockholders—equity (deficit), whereas gains or losses resulting from foreign currency transactions are included in the results of operations. Refer to the Risk Management section for further discussions on foreign exchange exposure.

Long-Lived Assets Including Other Acquired Intellectual Property

Management monitors the recoverability of long-lived assets and intangibles based on estimates using factors such as current market value, future asset utilization, and future undiscounted cash flows expected to result from its investment or use of the related assets. The Company s policy is to record any impairment loss in the period when it is determined that the carrying amount of the asset may not be recoverable. Any impairment loss is calculated as the excess of the carrying value over estimated realizable value. The Company did not record any significant impairments during the first quarter of 2013.

Intangible assets deemed to have an indefinite life are not amortized but are subject to impairment tests at each reporting date. The Company assesses the impairment of intangible assets on a quarterly basis or whenever events or changes in circumstances indicate that the fair value is less than its carrying value. If the carrying amount of the intangible asset exceeds its fair value, the intangible asset is considered impaired and the second step of the test is performed to determine the amount of impairment loss, if any. The Company did not recognize any impairment charges related to indefinite lived intangible assets during the first quarter of 2013.

Revenue Recognition

The Company derives its revenues from the sale of licenses of software, implementation services, support services, and telecommunication services. Revenues are recognized when title transfers or services are rendered, as follows:

- a) Revenue from the sale of licenses is recognized when the title of the license transfers to the customer.
- b) Revenue from implementation services performed is recognized upon completion of the service.

- c) Revenue from support services is recognized as earned.
- d) Revenue from telecommunications and hosted services are recognized when billed, which occurs in the month the services are provided.

The Company invoices 100% of the implementation services and requires customers to pay a non-refundable deposit prior to any services being performed. The Company recognizes the customer deposit as unearned revenue until either completion of the implementation or upon the contract being cancelled at which time the revenue is recognized. The uncollected portion of the implementation invoice is recorded when collection has occurred, implementation services have been completed, or the contract has been cancelled.

The Company invoices support services at the beginning of the term and recognizes the revenue over the term of the agreement.

Deferred Income

The Company recognizes revenues as earned. Amounts billed in advance of the period in which service is rendered are recorded as a liability under Deferred income.

Debt with Conversion Options

The Company accounts for convertible debentures in accordance with ASC Topic 470-20, *Debt with Conversion and Other Options*, which applies to all convertible debt instruments that have a net settlement feature, which means instruments that by their terms may be settled either wholly or partially in cash upon conversion. Accordingly, the liability and equity components of convertible debt instruments that may be settled wholly or partially in cash upon conversion should be accounted for separately in a manner reflective of their issuer s nonconvertible debt borrowing rate. Conversion features determined to be beneficial to the holder are valued at fair value and recorded to additional paid in capital. Any discount derived from determining the fair value to the debenture conversion features is amortized to interest expense over the life of the debenture. The unamortized costs, if any, upon the conversion of the debentures is expensed to interest immediately.

Financial Instruments

The carrying value of our company s financial instruments, consisting of cash, accounts receivable, accounts payable and accrued liabilities, wages payable, accrued taxes, customer deposits, deferred income, other loans payable, and due to related parties, approximate their fair value due to the relatively short maturity of these instruments.

Stock-Based Compensation

The Company accounts for its share-based compensation plans in accordance with the fair value recognition provisions of ASC 718 *Compensation Stock Compensation*. The Company utilizes the Black-Scholes option pricing model as its method for determining the fair value of stock option grants. ASC 718 requires the fair value of all share-based awards that are expected to vest to be recognized in the statements of operations over the service or vesting period of each award.

The Company uses the straight-line method of attributing the value of share-based compensation expense for all stock option grants over the requisite service period.

Risk Management

The Company is exposed to credit risk through accounts receivable and therefore, the Company maintains adequate provisions for potential credit losses. The Company, given the relative size of a typical contract, the number of clients, timing of sales and the revenue recognition of said sales, will have an inherent concentration of sales. The Company is cognizant of such concentration and takes steps to mitigate such risks via accelerated and/or progress payment structures and contractual legal recourse. During the three months ended March 31, 2013, the largest customer accounted for 86% of sales. Two other customers accounted for 69% and 25% of accounts receivable. During the three months ended March 31, 2012, the two largest customers accounted for 48% and 25% of sales and 76% and 0% of accounts receivable, respectively.

The Company's functional currency is the United States dollar. The Company operates in foreign jurisdictions, giving rise to exposure to market risks from changes in foreign currency rates. The financial risk to the Company's operations arises from fluctuations in foreign exchange rates and the degree of volatility of these rates. Currently, the Company does not use derivative instruments to reduce its exposure to foreign currency risk.

The Company also operates in countries with strict foreign exchange controls, i.e. Venezuela, which limit access and convertibility to US dollars. While the Company is familiar with such restrictions and the programs available in each country to access foreign exchange, when available, is exposed to government vagary and fiat. Management actions are limited in such cases.

Recent Accounting Pronouncements

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force), the American Institute of Certified Public Accountants, and the SEC did not, or are not believed by management to, have a material impact on the Company's present or future financial position, results of operations or cash flows.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As a "smaller reporting company", we are not required to provide the information required by this Item.

Item 4. Controls and Procedures

Management's Report on Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed under the *Securities Exchange Act of 1934*, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our president (also our principal executive officer) and our secretary, treasurer and chief financial officer (also our principal financial and accounting officer) to allow for timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, our management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of

compliance with the policies or procedures may deteriorate.

As of March 31, 2013, we carried out an evaluation, under the supervision and with the participation of our president (also our principal executive officer) and our secretary, treasurer and chief financial officer (also our principal financial and accounting officer), of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our president (also our principal executive officer) and our secretary, treasurer and chief financial officer (also our principal financial and accounting officer) concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this annual report in providing reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with US generally accepted accounting principles.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of internal control include providing management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States. Our management assessed the effectiveness of our internal control over financial reporting as of March 31, 2013. In making this assessment, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in *Internal Control-Integrated Framework*. Our management has concluded that, as of December 31, 2012, our internal control over financial reporting is not effective in providing reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with US generally accepted accounting principles. Our management reviewed the results of their assessment with our Board of Directors.

This quarterly report does not include an attestation report of our company s registered public accounting firm regarding internal control over financial reporting. Management s report was not subject to attestation by our company s registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit our company to provide only management s report in this annual report.

Inherent Limitations on Effectiveness of Controls

Internal control over financial reporting has inherent limitations which include but is not limited to the use of independent professionals for advice and guidance, interpretation of existing and/or changing rules and principles, segregation of management duties, scale of organization, and personnel factors. Internal control over financial reporting is a process which involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human failures. Internal control over financial reporting also can be circumvented by collusion or improper management override. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements on a timely basis, however these inherent limitations are known features of the financial reporting process and it is possible to design into the process safeguards to reduce, though not eliminate, this risk. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Changes in Internal Control over Financial Reporting

There have been no significant changes in our internal controls over financial reporting that occurred during the quarter ended March 31, 2013 that have materially or are reasonably likely to materially affect, our internal controls over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

Other than as described below, management is not aware of any legal proceedings (either presently engaged in or contemplated) by any government authority or other party involving the Company, its properties or its products.

On October 16, 2009 the Company received notice that they had been named as Defendants in a lawsuit whereby the Plaintiffs are seeking a judgment of \$39,000 plus interest thereon from March 11, 2009 for breach of contract. The company had 30 days to respond to the notice before a default judgment is awarded. As at March 31, 2013, no amounts have been accrued as the likelihood of an unfavorable judgment is considered low.

On May 10, 2010, the Company received noticed that they had been named as Defendants in a lawsuit whereby the Plaintiffs are seeking a judgment of \$6,889 including interest of \$1,444 for unpaid invoices. The Company had 30 days to respond to the notice before a default judgment is awarded. As at March 31, 2013, the full amount has been accrued and is included in accounts payable.

On September 20, 2012, the Company received a Demand for Arbitration notice that it had been named as party in a claim whereby the Claimant is seeking a judgment for damages that may exceed \$1,000,000, subsequently increased to \$5,000,000 resulting from failure to perform its obligations under an Agreement signed between the Claimant and the Company s joint-venture partner. The Company was not party to the Agreement but was named in the notice. The Company has engaged legal representatives. As of March 31, 2013, no amounts have been accrued as the claim is without basis.

No directors, officers, or affiliate of the Company is (i) a party adverse to the Company in any legal proceedings, or (ii) has an adverse interest to the Company in any legal proceedings.

Item 2. Unregistered Sales of Equity and Use of Proceeds

During the three months ended March 31, 2013, the Company:

- issued 571,967 common shares valued at \$102,954 for employment incentives previously accrued at \$85,795 in accordance with employment agreements;
- issued 183,699 common shares valued at \$29,522 for legal, consulting, and investor relations services rendered; and
- issued 700,000 common shares valued at \$105,000 for investor relations to be rendered over a twelve month period which were included in deferred compensation.

As of March 31, 2013, the Company had \$130,362 (December 31, 2012 - \$130,362) in private placement subscriptions which are reported as private placement subscriptions within stockholders deficit.

As of March 31, 2013, the Company is obligated to issue 23,333 common shares valued at \$2,800 for services rendered by a consultant during the three months then ended.

Item 3. Defaults upon Senior Securities

None

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None
