Costs of Solicitation of Proxies

This solicitation of Proxies is made on behalf of the Board of Directors of the Company and the Company will bear the costs of solicitation. The expense of preparing, assembling, printing and mailing this Proxy Statement and the materials used in this solicitation of Proxies also will be borne by the Company. It is contemplated that Proxies will be solicited principally through the mail, but directors, officers and employees of the Company may solicit Proxies personally or by telephone. Although there is no formal agreement to do so, the Company may reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these proxy materials to their principals. The Company does not intend to utilize the services of other individuals or entities not employed by or affiliated with it in connection with the solicitation of Proxies.

Outstanding Securities and Voting Rights; Revocability of Proxies

The authorized capital stock of the Company consists of 200,000,000 shares of common stock, par value \$0.001 per share ("Common Stock"), of which 60,604,602 shares were issued and outstanding on the Record Date, and 5,000,000 shares of serial preferred stock, par value \$0.001 per share, of which no shares were issued and outstanding on the Record Date. A majority of the outstanding shares of Common Stock constitutes a quorum for the conduct of business at the Meeting. Abstentions and broker non-votes will be treated as shares present and entitled to vote for purposes of determining the presence of a quorum. Each stockholder is entitled to one vote, in person or by proxy, for each share of Common Stock standing in his or her name on the books of the Company as of the Record Date on any matter submitted to the stockholders.

The Company's Certificate of Incorporation does not authorize cumulative voting. For the election of directors, the persons receiving the highest number of votes "FOR" will be elected. Accordingly, abstentions, broker non-votes and votes "WITHHELD" in the election of directors have no legal effect.

Unless otherwise required by law, the Certificate of Incorporation, or Bylaws, the ratification of auditors and other proposals that may properly come before the Meeting require the affirmative vote of the majority of shares present in person or by proxy at the Meeting and entitled to vote.

A Proxy for use at the Meeting is enclosed. The Proxy must be signed and dated by you or your authorized representative or agent. You may revoke a Proxy at any time before it is exercised at the Meeting by submitting a written revocation to the Secretary of the Company or a duly executed Proxy bearing a later date or by voting in person at the Meeting. Attendance at the Meeting will not in and of itself constitute revocation of a proxy.

Brokers who hold shares of Common Stock for the accounts of their clients (who hold their shares in "street name") may vote such shares either as directed by their clients or in their own discretion if permitted by the stock exchange or other organization of which they are members. Members of the New York Stock Exchange ("NYSE") are permitted to vote their clients' proxies in their own discretion as to the election of directors if the clients have not furnished voting instructions within ten days of the meeting. Certain proposals other than the election of directors are "non-discretionary" and brokers who have received no instructions from their clients do not have discretion to vote on those items. When a broker votes a client's shares on some but not all of the proposals at a meeting, the missing votes are referred to as "broker non-votes". There are no broker non-votes on the election of directors (Proposal No. 1) and the ratification of auditors (Proposal No. 2) and abstentions will have no effect on either proposal.

Unless revoked, the shares of Common Stock represented by properly executed Proxies will be voted in accordance with the instructions given thereon. In the absence of any instruction in a properly executed Proxy, your shares of Common Stock will be voted "FOR" the election of the nominee for director set forth herein.

The enclosed Proxy confers discretionary authority with respect to matters incident to the Meeting and any other proposals which management did not have notice of at least 45 days prior to the date on which the Company mailed its proxy material for last year's annual meeting of stockholders. As of the date hereof, management is not aware of any other matters to be presented for action at the Meeting. However, if any other matters properly come before the Meeting, the Proxies solicited hereby will be voted by the Proxyholders in accordance with the recommendations of the Board of Directors.

The Company's Certificate of Incorporation and Bylaws provide that the number of directors shall be determined from time to time by the Board of Directors but may not be less than five. The Board of Directors is currently composed of nine members. The Bylaws further provide for the division of the directors into three classes of approximately equal size. Three members shall be elected to a three-year term at the Meeting of Stockholders in 2006, three members shall be elected to a three-year term at the annual meeting of stockholders in 2007, and three members shall be elected to a three-year term at the annual meeting of stockholders in 2008.

The directors proposed for election at the Meeting, John Kookan, Jack C. Liu and Keith W. Renken, were appointed to the Board of Directors in 2002, 1998, and 2000, respectively. Messrs. None of the directors, nominees for director or executive officers were selected pursuant to any arrangement or understanding, other than with the directors and executive officers of the Company acting within their capacity as such. There are no family relationships among directors or executive officers of the Company. As of the date hereof, no directorships are held by any director with a company which has a class of securities registered pursuant to Section 12 of the Exchange Act or subject to the requirements of Section 15(d) of the Exchange Act, or any company registered as an investment company under the Investment Company Act of 1940 except that Mr. Ng is a director of Mattel, Inc. and Mr. Renken is a director of 21st Century Insurance Group.

Corporate Secretary
East West Bancorp, Inc.
135 N. Los Robles Ave., 7th Floor

Identifying and Evaluating Nominees for Directors

The Nominating/Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. In the event that vacancies are anticipated, or otherwise arise, the Nominating/Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating/Corporate Governance Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating/Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating/Corporate Governance Committee considers properly submitted stockholder nominations for candidates for the Board. Following verification of the stockholder status of persons proposing candidates, recommendations are aggregated and considered by the Nominating/Corporate Governance Committee at a regularly scheduled meeting, which is generally the first or second meeting prior to the issuance of the proxy statement for the Company's annual meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the Nominating/Corporate Governance Committee. In evaluating such nominations, the Nominating/Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

COMMUNICATIONS WITH THE BOARD

The Company's Board of Directors welcomes suggestions and comments from stockholders. All stockholders are encouraged to attend the annual meeting of stockholders where senior management and outside auditors, as well as members of the Board, will be available to answer questions. Stockholders may also send written communications to the Board by writing to the Secretary of the Board of Directors at East West Bancorp, Inc., 135 N. Los Robles Avenue, 7th Floor, Pasadena, California 91101. All communications (other than commercial communications soliciting the sale of goods or services to, or employment with, the Company or directors of the Company) will be directed to the appropriate committee or to the Chairman of the Board or to any individual director specified in the communication, as applicable.

EXECUTIVE SESSIONS

Executive sessions of non-management directors are generally held after every regularly scheduled Board meeting, at least six times a year. The sessions are scheduled and chaired by a presiding director on a rotating basis by the Chair of the Audit Committee, the Compensation Committee, the Credit and Finance Committee and the Nominating/Corporate Governance Committee. Any non-management director can request that an additional executive session be scheduled.

STOCK OWNERSHIP GUIDELINES

Directors and executive officers are encouraged to own the Company's Common Stock to further align management's financial interests with stockholders' interests. Under the Company's stock ownership guidelines for directors, all directors who have served at least one three-year term should accumulate at least \$50,000 of Common Stock. Guidelines for senior officers are also in place and constitute share ownership in an amount having a market value equivalent to a multiple of the individual's annual base salary, depending upon that individual's management level, to be achieved within three years of becoming subject to the guideline. Stock ownership guidelines for directors and senior officers can be found through the Company's website at www.eastwestbank.com by clicking on Investor Relations then Shareholder Information and then Corporate Governance.

COMPENSATION OF DIRECTORS

Employees of the Company and its subsidiaries are not compensated for service as directors of the Company or its subsidiaries. Nonemployee directors receive an annual retainer of \$20,000 of cash and of \$20,000 of restricted stock; the restricted stock has 3-year cliff vesting. The committee chairs each receive an additional annual cash retainer as follows: Audit - \$10,000; Compensation - \$7,000; Credit and Finance - \$5,000; Nominating /Corporate Governance - \$5,000. Nonemployee directors also receive a meeting fee of \$1,000 for each Board and committee meeting attended.

Nonemployee directors may elect to receive their annual \$20,000 cash retainer in the form of Common Stock, at a 25% risk premium (i.e., \$25,000 of common stock) if they agree to hold the stock for at least one year.

COMPENSATION OF EXECUTIVE OFFICERS

Summary Compensation Table

It is expected that until the executive officers of the Company begin to devote significant time to the separate management of the Company and the Bank, which is not expected to occur until such time as the Company becomes actively involved in additional businesses, the executive officers will only receive compensation for services as executive officers and employees of the Bank, and no separate compensation will be paid for their services to the Company. The following table sets forth the name and compensation of the Named Executive Officers for the fiscal years ended December 31, 2005, 2004, and 2003:

William J. Lewis	5,315	2.96%	37.63	03/10/12	50,416

- (1) The options were granted pursuant to the Stock Incentive Plan. The options become exercisable in annual installments of 25% on each of the first, second, third and fourth anniversary dates of the grant. The options may be exercised at any time prior to their expiration by tendering the exercise price in cash, check or in shares of stock valued at fair market value on the date of exercise. In the event of a change in control (as defined), the options will become exercisable in full. The options may be amended by mutual agreement of the optionee and East West Bancorp.
- (2) The estimated present value at grant date of options granted during fiscal year 2005 has been calculated using the Black-Scholes option pricing model, based upon the following assumptions: estimated time until exercise of 3.5 years; risk-free interest rate of 4.00%, representing the interest rate on U.S. government zero-coupon bonds with maturities corresponding to the estimated time until exercise; a volatility rate of 28.20%; and a dividend yield of 0.50%, representing the current \$0.20 per share annualized dividends divided by the fair market value of the common stock on the date of grant. The approach used in developing the assumptions upon which the Black-Scholes valuation was done is consistent with the requirements of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation."

Retirement Plans

The Company has two retirement plans. The Company's 401(k) Plan (the "401(k) Plan") is a qualified retirement plan under the Internal Revenue Code of 1986 as amended (the "Code") and is open to all employees of the Company and its subsidiaries with at least three months of service. In 2005, the Company matched 100% of the first 6% of employee salary contributions to the 401(k) Plan, up to a maximum contribution of \$14,000 per employee. The matching is in the form of the Company's Common Stock, and the employees are not restricted in their ability to sell the Common Stock and reinvest in other permitted investments.

The Company also has a Supplemental Executive Retirement Plan (the "SERP") which provides supplemental retirement benefits to certain employees whose contributions to the 401(k) Plan are, under applicable Internal Revenue Service regulations, limited. The Board of Directors designates those employees who are eligible to participate in the SERP. The Board has designated named executive officers Mr. Ng, Ms. Gouw, and Mr. Krause as participants in the SERP. Benefits under the SERP include income generally payable commencing upon a designated retirement date until age 80 and a death benefit for the participant's designated beneficiaries based on the present value of the projected future payments. Participants will be entitled to a projected benefit equal to 50% of his or her 2001 total compensation, adjusted 3% per year for cost of living. The designated retirement date is the 20th anniversary of employment by the Company and early retirement after 15 years is permitted with lower benefits. SERP benefits begin to vest after 15 years of service, however vesting accelerates to 100% upon a change in control of the Company. Upon a termination of employment for "cause," the participant forfeits all benefits. The participant is entitled to all vested benefits in the case of a termination without "cause," however, if a participant voluntarily resigns prior to

becoming 100% vested, his or her benefits are forfeited. The Company has purchased life insurance contracts on the participants in order to finance the cost of these benefits and it is anticipated that, because of the tax-advantaged effect of this life insurance investment, the return on the life insurance contracts will be approximately equal to the accrued benefits to the participants under the SERP, other than in the event of accelerated vesting because of a change of control. As of December 31, 2005, Mr. Ng, Ms. Gouw, and Mr. Krause respectively had 14, 16, and 9 years of service under the SERP. As of December 31, 2005, the vested benefit obligation under the SERP for Ms. Gouw was \$1.5 million.

The SERP is an unfunded non-qualified plan, which means that the participants have no rights under the SERP beyond those of a general creditor of the Company, and there are no specific assets set aside by the Company in connection with the plan. There are accordingly no assurances to the participants that the Company will upon retirement be able to pay the accrued benefits. The SERP is not an employment contract.

Employment and Change of Control Agreements

The Bank, the Company's principal subsidiary, has entered into employment agreements with certain of its executive officers intended to ensure that the Bank will be able to maintain a stable and competent management base. The Bank entered into an employment agreement with its Chief Executive Officer, Mr. Ng, in June 1998 in connection with the sale of the Bank by its prior stockholders. This employment agreement provides for a three-year term, which extends automatically unless written notice of non-renewal is given by the Board of Directors after conducting a performance evaluation. In addition to a base salary and bonus to be determined annually, the employment agreement provides for, among other things, participation in stock benefit plans and other fringe benefits applicable to executive personnel and four weeks paid vacation per year.

In the event the Bank chooses to terminate Mr. Ng's employment for any reason other than for cause (as defined in the employment agreement), or in the event of Mr. Ng's resignation from the Bank upon (i) failure to re-elect him to his current offices; (ii) a material change in his functions, duties or responsibilities; (iii) a relocation of his principal place of employment by more than 25 miles; (iv) liquidation or dissolution of the Bank; (v) a breach of the agreement by the Bank; or (vi) his death or permanent disability, Mr. Ng, or, in the event of death, his beneficiary, would be entitled to receive an amount equal to the greater of (i) the remaining payments due to him and the contributions that would have been made on his behalf to any employee benefit plans of the Bank during the remaining term of the employment agreement and (ii) three times the preceding taxable year's base salary and bonus. In addition, Mr. Ng will be entitled to an additional payment to the extent he is subject to an excise tax because such severance benefits constitute "excess parachute payments," as defined in the Code. In general, under the Code, an "excess parachute payment" is the amount by which payments contingent on a change in ownership or control exceed three times the employee's average annual compensation over five years.

Certain other executive officers have agreements providing that, should they be terminated without cause or should they resign for good reason, including a detrimental change in responsibilities or a reduction in salary or benefits, the Bank shall pay such executive officer a designated lump sum. The payments range from six months to three years of base salary plus bonuses and certain benefits.

If all of the executive officers with these agreements were terminated without cause following a change in control, the executive officers would be entitled to receive an aggregate payment of approximately \$12.1 million (estimated as of March 31, 2006). In addition, existing options and restricted stock issued under the Company's 1998 Stock Incentive Plan and benefits under the SERP, also will vest upon a change of control. Although the above-described employment agreements could increase the cost of any acquisition of control of the Company or the Bank, management does not believe that the terms thereof would have a significant anti-takeover effect.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Company's Compensation Committee establishes the general policies regarding compensation of the executive officers and approves the specific compensation levels for the Chief Executive Officer. The Compensation Committee also reviews the compensation of the executive officers and approves all grants of incentive shares. The members of the Compensation Committee are Peggy Cherng, Keith W. Renken, and Jack C. Liu as its chairman. Each member of the Compensation Committee is independent under the standards of Rule 4200(a)(15) of the National Association of Securities Dealers listing standards. The Committee employs a nationally recognized independent compensation consulting firm to assist it in its deliberations.

Set forth below is a report of the Company's Compensation Committee addressing the compensation policies for 2005 applicable to the Company's Chief Executive Officer.

OVERALL PHILOSOPHY

The goals of the executive compensation and benefits programs are to enable the Company to attract and retain high caliber executives, provide a total compensation package in a cost effective manner, encourage management ownership of the Company's Common Stock and to maximize return to its stockholders.

The Company's philosophy is to provide a compensation program that is designed to reward achievement of the Company's goals and objectives and to provide total compensation opportunities that are competitive when compared with those of comparable financial institutions.

To achieve these objectives:

- The principal objective of the salary program is to maintain salaries that are targeted at the median for comparable positions in similarly sized financial institutions,
- Annual incentives are designed to reward for overall Company success and individual performance and provide for competitive total cash compensation opportunities when performance targets are met and for above competitive levels when warranted by above target performance, and
 - The principal objective of the long-term stock-based incentive plan is to align management's financial interests with those of the Company's stockholders, provide incentive for management ownership of the Company's Common Stock, support the achievement of long-term financial objectives, and provide for long term incentive reward opportunities.

Employee benefits are offered to provide a competitive total compensation program and to encourage retention of key employees.

ELEMENTS OF THE COMPENSATION PROGRAM

There are three principal elements of the executive compensation program - base salary, bonus compensation (annual incentive) and long-term stock-based incentive compensation (stock options and/or restricted stock). In determining each component of compensation, the total compensation package of each executive is considered.

Base Salaries

The salary of each executive officer is determined initially according to competitive pay practices, level of responsibility, prior experience, and breadth of knowledge, as well as internal equity issues. The Company uses its discretion rather than a formal weighting system to evaluate these factors and to determine individual base salary levels. Thereafter, base salaries are reviewed on an annual basis, and increases are made based on a subjective assessment of each executive's performance, as well as the factors described above.

Annual Incentives

The Company provides annual incentives to all employees, including executive officers. Annual incentives are intended to reward for overall Company success and individual performance and provide generally competitive total cash compensation opportunities at target performance and above competitive levels when warranted by performance above target. In 2002, the stockholders of the Company approved the Company's Performance-Based Bonus Plan (the "Bonus Plan"). The Bonus Plan was adopted in light of Code Section 162(m), which does not permit a publicly traded company to deduct compensation in excess of \$1,000,000 unless the compensation in excess of \$1,000,000 is

“performance based.” The Bonus Plan is structured so that bonuses paid under the Plan will qualify as “performance-based” compensation. To qualify as performance-based, the bonus must be determined by measurable and objective financial criteria, such that the amount of the bonus, once the formula is established, is non-discretionary, except that the Compensation Committee may discretionarily adjust the actual bonus downward from the formula bonus. Because bonuses are paid under the Bonus Plan only if the Company’s financial or other results meet or exceed certain quantifiable performance goals established by the Compensation Committee, the Compensation Committee believes that the Company may deduct such bonuses for Federal income tax purposes even if the bonus payments, together with salary, paid to an executive officer in any one year may exceed \$1 million. Currently, Mr. Ng, the CEO of the Company, is the only officer participating in the Bonus Plan.

For other executive officers’ bonuses, the Company sets competitive bonus target and awards actual bonuses based partly on overall corporate goals and partly on individual or department goals. The corporate goals in 2005 related to earnings per share, return on equity, return on assets, commercial business loans, trade finance loans, demand deposits, noninterest income, expenses and strategic goals. The company also considers in a non-formulaic way each executive officer’s individual contributions and performance.

Long-Term Stock-Based Incentives

The Company believes that long-term incentive compensation opportunities should be stock-based to strengthen the alignment between management’s interests and those of Company’s stockholders. Under its 1998 Stock Incentive Plan, the Company generally grants incentive shares in Restricted Stock and/or stock options to all executive officers of the Company and the Bank. All stock options have been granted at an option price not less than the fair market value of the common stock on the date of grant. Thus, stock options have value only if the stock price appreciates from the date the options are granted. Restricted Stock provides a tangible ownership stake whose ultimate value is linked to the stock price, and which helps in retaining talented executives. The object is to support an executive team focused on the long-term success of the company and on the creation of stockholder value over the long term. The restricted stock granted to the CEO in 2006 is performance restricted stock, with the number of shares vesting dependent on the achievement of multi-year earnings per share performance criteria.

In determining the number of incentive shares granted to individual executives, individual contributions, business unit performance, competitive practices, the number of incentive shares previously granted, and value of the stock on the date of the grant are considered. Formal weightings have not been assigned to these factors.

CHIEF EXECUTIVE OFFICER COMPENSATION

The bonus of the Chief Executive Officer is described in the Summary Compensation Table. This indicated bonus was determined pursuant to the Bonus Plan and the terms of Mr. Ng’s employment contract. The bonus was based on the satisfaction of performance criteria determined by the Board. The performance criteria established for 2005 were based on the company’s Earnings per Share; Return on Equity; and Return on Assets. Because of the Banks’ outstanding performance during 2005, the formula bonus could have paid at maximum, which was 250% of base salary. The actual bonus paid was above target, but below this formula maximum. No bonuses were paid to the Chief Executive Officer outside of the Bonus Plan. In early 2006, the Committee approved a grant of 45,000 stock options and 41,000 shares of performance restricted stock for Mr. Ng, reflecting competitive practice and his outstanding contributions to the company’s success.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company from time to time may lend money through its subsidiary, the Bank, to various directors and corporations or other entities in which a director may own a controlling interest. These loans (i) are made in the ordinary course of business, (ii) are made on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable transactions with other persons, and (iii) do not involve more than a normal risk of collectibility and do not present other unfavorable features. The Company does not have, and does not intend to make, any loans to named executive officers. None of the directors or named executive officers of the Company, or any associate or affiliate of such persons, had any other material interest, direct or indirect, in any transaction during the past year or any proposed transaction with the Company.

INDEPENDENT AUDITORS

The independent auditor of the Company and the Bank is Deloitte & Touche LLP. Deloitte & Touche LLP performs both audit and non-audit professional services for and on behalf of the Company and its subsidiaries.

The following table sets forth information regarding the aggregate fees billed for services rendered by Deloitte & Touche LLP for the fiscal years ended December 31, 2005 and 2004.

	2005	2004
Audit Fees (1)	\$810,443	\$ 747,680
Audit-Related Fees (2)	50,204	16,050
Tax Fees (3)	-	-
All Other Fees (4)	-	-

(1) Includes fees paid by the Company to Deloitte & Touche LLP for professional services rendered by Deloitte and Touche LLP for the audit of the Company's consolidated financial statements in the Form 10-K and review of financial statements included in Form 10-Qs, including examinations of management assertions as to the effectiveness of internal control over financial reporting and for services that are normally provided by an accountant in connection with statutory and regulatory filings or engagements.

(2) Includes fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements.

(3) Includes fees for tax compliance, tax advice and tax planning.

(4) Includes fees for any service not included in the first three categories above.

All work performed by independent auditors must be pre-approved by the Audit Committee. All audit-related, tax and other services were reviewed and approved by the Audit Committee, which concluded that the provision of these limited services by Deloitte & Touche LLP did not compromise that firm's independence in the conduct of its auditing function. All professional services rendered by Deloitte & Touche LLP during 2005 were furnished at customary rates and terms.

Under applicable SEC regulations, the selection of the independent auditors is solely the responsibility of the Audit Committee.

PROPOSALS OF STOCKHOLDERS

Proposals of stockholders intended to be included in the proxy materials for the 2007 annual meeting of stockholders must be received by the Secretary of East West Bancorp, 135 N. Los Robles Avenue, 7th Floor, Pasadena, California 91101 by December 10, 2006 (120 days prior to the anniversary of this year's mailing date).

Under Rule 14a-8 adopted by the SEC under the Exchange Act, proposals of stockholders must conform to certain requirements as to form and may be omitted from the proxy statement and proxy under certain circumstances. In order to avoid unnecessary expenditures of time and money by stockholders and by the Company, stockholders are urged to review this rule and, if questions arise, to consult legal counsel prior to submitting a proposal.

SEC rules also establish a different deadline for submission of shareholder proposals that are not intended to be included in the Company's proxy statement with respect to discretionary voting (the "Discretionary Vote Deadline"). The Discretionary Vote Deadline for the 2007 annual meeting of stockholders is February 24, 2007 (45 calendar days prior to the anniversary of the mailing date of this proxy statement). If a stockholder gives notice of such a proposal after the Discretionary Vote Deadline, proxy holders will be allowed to use their discretionary voting authority to vote against the shareholder proposal without discussion when and if the proposal is raised at the 2007 annual meeting of stockholders.

The Company has not been notified by any stockholder of his or her intent to present a stockholder proposal from the floor at the Meeting. The enclosed Proxy grants the Proxyholders discretionary authority to vote on any matter properly brought before the Meeting.

ANNUAL REPORT

The Annual Report for the fiscal year ended December 31, 2005 will also be mailed to all stockholders. The Annual Report contains consolidated financial statements of the Company and its subsidiaries and the report thereon of Deloitte & Touche LLP, the Company's independent auditors.

OTHER BUSINESS

Management knows of no business, which will be presented for consideration at the Meeting other than as stated in the Notice of Meeting. If, however, other matters are properly brought before the Meeting, it is the intention of the Proxyholders to vote the shares represented thereby on such matters in accordance with the recommendation of the Board of Directors and authority to do so is included in the Proxy.
