PROXY STATEMENT

NORTH AMERICAN GALVANIZING & COATINGS, INC.

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 19, 2006

GENERAL INFORMATION

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of North American Galvanizing & Coatings, Inc. ("North American Galvanizing", the "Company", "we", "us" or "our") for use at the Annual Meeting of Stockholders to be held May 19, 2006, at 10:00 a.m., local time, at The Mark Hotel, Mark Salon III, Madison Avenue at East 77th Street, New York, New York, or at any adjournments thereof (the "Annual Meeting").

At the close of business on March 20, 2006, the record date for stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding 6,846,748 shares of our common stock (the "Common Stock"). Each share of Common Stock is entitled to one vote on all matters.

The holders of a majority of the Common Stock present in person or represented by proxy will constitute a quorum for transacting business at the Annual Meeting. Abstentions and "broker non-votes" are counted to determine the presence or absence of a quorum at the Annual Meeting. No cumulative voting rights are authorized and dissenters' rights are not applicable to the matters being proposed.

This proxy statement and accompanying proxy card are being mailed to our stockholders on or about April 7, 2006.

Our principal executive office is located at 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135.

The seven nominees receiving the highest number of affirmative votes will be elected as directors at the Annual Meeting. This is called a plurality. A vote withheld from a nominee for director will have no effect on the results of the vote.

The affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote is required to ratify the appointment of Deloitte & Touche LLP as the independent registered public accountants. If you abstain from voting on this proposal, it will have the same effect as a vote against that proposal.

Brokers who hold shares of Common Stock in "street name" for customers have authority to vote on certain "routine" items on behalf of their clients if they do not receive voting instructions within ten days of the Annual Meeting pursuant to the rules of the New York Stock Exchange that govern brokers, including brokers that trade shares on the American Stock Exchange. Brokers will have discretionary authority to vote on the election of directors and the ratification of the independent registered public accountants, as those are considered routine items. For matters that are not routine, if a broker has not received voting instructions from its client, the broker cannot vote the shares on that proposal. This is called a "broker non-vote." Broker non-votes will be counted for purposes of establishing a quorum to conduct business at the Annual Meeting but not for determining the number of shares voted for or against a non-routine matter or as an abstention on that matter. We are not asking you to vote on any non-routine items this year.

Edgar Filing: NORTH AMERICAN GALVANIZING & COATINGS INC - Form DEF 14A

You may revoke your proxy at any time before the Annual Meeting by:

- o giving written notice to North American Galvanizing & Coatings, Inc., Attention: Corporate Secretary, 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135,
- o submitting a subsequent proxy by internet, telephone or mail with a later date, or
- o by voting in person at the Annual Meeting.

Shares represented by properly executed proxies will be voted at the Annual Meeting as specified, unless such proxies are subsequently revoked as provided above.

If no choice is specified on a valid, unrevoked proxy, the shares will be voted as follows:

- o FOR the election of the directors,
- o FOR the ratification of the appointment of the independent registered public accountants.

Proxies will also authorize the shares represented thereby to be voted on any matters not known as of the date of this proxy statement that may properly be presented for action at the Annual Meeting.

ANNUAL REPORT

Our Annual Report to Stockholders and Form 10-K for the fiscal year ended December 31, 2005, including audited financial statements, are enclosed with this Proxy Statement.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board currently consists of eight members, each of whom is elected to serve for a term of one year.

BOARD OF DIRECTORS AND COMMITTEES

The business of the Company is managed under the direction of the Board. The Board presently consists of eight directors. As discussed above, one board seat will be vacated when Mr. Menaker resigns from the Board in May 2006. It is the intention of the Board to fill that vacancy when a qualified candidate is recommended by the Board's Governance and Nominating Committee. The Board meets regularly during our fiscal year to review significant developments affecting us and to act on matters requiring Board approval. It also holds special meetings when necessary between scheduled meetings. The Board has determined that Messrs. Bundy, Morrow, Gregory, Klemann, Lynch, Menaker and Sununu are "independent directors," as the term is defined under the listing standards of AMEX.

The Board met five times in 2005 (including regularly scheduled and special telephonic meetings). Each director attended at least 75% of the total meetings of the Board and the total meetings of each applicable committee. The non-management directors meet in executive session, as needed, without the management directors or other members of management. The Board does not have a policy regarding director attendance at annual meetings. For the 2005 Annual Meeting of Stockholders, all of the directors attended the meeting.

We have a non-executive Chairman in lieu of a "lead" director who presides at all executive sessions of the Board. An interested person who wishes to contact either the Chairman or the non-management directors as a group may do so by writing to either the Chairman or the Non-Management Directors, c/o Corporate Secretary, North American Galvanizing & Coatings, Inc., 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135, which will be forwarded, unopened, to the

Edgar Filing: NORTH AMERICAN GALVANIZING & COATINGS INC - Form DEF 14A

addressee. Stockholders may also contact any other member of the Board by writing to the same address, c/o Board of Directors.

DIRECTOR'S COMPENSATION

For 2005, non-management directors that are not our employees received an annual fee of \$20,000, payable in quarterly installments, and received no additional compensation for committee services beyond their annual fee. The Company reimburses the directors for their out-of-pocket expenses for attending Board and committee meetings which, from time-to-time may include the Director's spouse.

Each non-management director who is serving as such on July 1 of each year receives a grant of options to purchase 5,000 shares of Common Stock (the "Non-Employee Director Options") under the 2004 Incentive Stock Plan. The exercise price for each share of stock subject to an option grant shall be no less than the fair market value of the Common Stock on the date of the grant. For 2005, options were granted to non-employee directors on July 1, 2005 at price of \$1.96 per share. Options granted to non-employee directors become exercisable six months following the date of the grant and have a ten year term.

At the Company's Annual Meeting held July 21, 2004, stockholders approved a Director Stock Unit Program ("Program"). Under the Program, effective January 1, 2005, each outside director is required to defer at least 50% of his or her annual fee, and may elect to defer 75% or 100% of his or her annual fee. Amounts deferred under the Program will be converted into a Stock Unit Grant under the Company's 2004 Incentive Stock Plan at the average of the closing prices for a share of the Company's Common Stock for the 10 trading days before the date the director fees for outside directors otherwise would have been payable in cash. To encourage deferral of fees by outside directors, matching Stock Units will be granted to each outside director based on the percentage of his or her annual fee such outside director defers. With respect to the grant of stock options to purchase 5,000 shares of Common Stock, as discussed above, non-management directors will continue to receive such grants if they are serving as such on July 1 of each year.

Under the Program, for each inside director the Company automatically defers from such director's salary a dollar amount equal to 50% of the director fees for outside directors. An inside director may elect to defer an amount equal to 75% or 100% of the director fees for outside directors from his or her compensation. Deferrals for inside directors will be matched with Stock Units at the same rate as deferrals for outside directors.

5

All deferrals will be deferred for five calendar years following the year for which the deferral is made.

Directors who are also our employees receive no compensation beyond their normal salary and receipt of matching Stock Units for their Board and committee services.

CORPORATE GOVERNANCE

The corporate governance guidelines adopted by the Board in 2004 address the qualification and selection of Board members, independence of Board members, Board leadership, structure of Board committees and Board processes. In addition, the guidelines include a requirement for executive sessions of non-management directors, an annual self-assessment of the performance of the Board and its committees, an annual performance evaluation of the Chief Executive Officer, and a charter for each Board committee. We have also adopted

Edgar Filing: NORTH AMERICAN GALVANIZING & COATINGS INC - Form DEF 14A

a Code of Conduct and Ethics that applies to the Board, our corporate officers, including our Chief Executive Officer and Chief Financial Officer, and all of our other employees. Our corporate governance guidelines, the charters for our committees and our Code of Conduct and Ethics are available on our website at <http://www.nagalv.com/Investors.asp>.

COMMITTEES OF THE BOARD

The Board maintains the following four standing committees, the membership of which is determined from time to time by the Board:

EXECUTIVE COMMITTEE. Messrs. Sununu (chairman), Klemann, Morrow and Evans are members of the Executive Committee, which met four times in 2005. The Executive Committee is delegated authority to act on behalf of the Board in certain operational and personnel matters, and to approve capital expenditures within limits authorized by the Board.

AUDIT COMMITTEE. Messrs. Lynch (chairman), Bundy, Klemann and Menaker are members of the Audit Committee, which met six times in 2005. Each member of the Audit Committee is an "independent director" as defined in the AMEX rules for Audit Committee members. The Board has determined that Mr. Lynch qualifies as an audit committee "financial expert" within the meaning of the rules and regulations of the Securities and Exchange Commission (the "SEC").

The Audit Committee is responsible for, among other things,

- o appointing our independent registered public accountants, subject to stockholder ratification,
- o reviewing the scope of the annual audit and recommendations of the independent registered public accountants,
- o reviewing and discussing with management and the independent registered public accountants our audited financial statements and other financial information,
- o monitoring the independence and performance of our independent registered public accountants, and
- o evaluating overall risk exposures and the adequacy of the overall internal control functions of the Company.

COMPENSATION COMMITTEE. Messrs. Bundy (chairman), Gregory, Lynch and Morrow are members of the Compensation Committee, which met four times in 2005. Each member of the Compensation Committee is an "independent director" as defined in the AMEX rules.

The Compensation Committee considers remuneration of our corporate and subsidiary officers, administers our incentive compensation and stock option plans and approves the adoption of employee benefit plans. The Compensation Committee evaluates the performance of the Chief Executive Officer and recommends to the Board compensation of the Chief Executive Officer.

CORPORATE GOVERNANCE AND NOMINATING COMMITTEE. The Corporate Governance and Nominating Committee was formed in 2003, and is composed of all non-employee directors. The Corporate Governance and Nominating Committee met one time in 2005. Each member of the Corporate Governance and Nominating Committee is an "independent director" as defined in the AMEX rules.

Edgar Filing: NORTH AMERICAN GALVANIZING & COATINGS INC - Form DEF 14A

The Corporate Governance and Nominating Committee conducts an annual self-assessment to determine whether the Board and its committees are functioning effectively. The Corporate Governance and Nominating Committee is responsible for, among other things, identifying and evaluating the qualifications of candidates for Board membership and making recommendations of candidates for consideration of nomination by the Board.

The Corporate Governance and Nominating Committee reviews and recommends to the Board the slate of director nominees to be proposed for election at annual meetings of stockholders and candidates to fill vacancies on the Board that occur between annual meetings of the stockholders. In identifying and evaluating candidates for Board membership, the Corporate Governance and Nominating Committee takes into account all factors it considers appropriate. While there are no specific minimum requirements for director nominees, the Committee does consider the following non-exclusive factors: professional experience, knowledge, integrity, independence, diversity of backgrounds and the extent to which the candidate would fill a present need on the Board.

The Corporate Governance and Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Committee will consider candidates for the board of directors recommended by stockholders and will evaluate such candidates in the same manner as other potential candidates. Any stockholder who wishes to recommend a person to be considered for nomination as a director by the Corporate Governance and Nominating Committee may do so by submitting the candidate's name and qualifications in writing to Corporate Governance and Nominating Committee, c/o Corporate Secretary, 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135. Stockholders may directly nominate persons for director in accordance with the provisions of our Bylaws, a copy of which is on file with the SEC.

COMPENSATION COMMITTEE REPORT

The Compensation Committee reviews our general compensation policies and the compensation plans and specific compensation levels for executive officers. The 2004 Incentive Stock Plan, Rule 16b-3 of the Securities Exchange Act of 1934, as amended, and paragraph 162(m) of the Internal Revenue Code of 1986, as amended, require that at least two of the Compensation Committee members be non-employee directors. The Compensation Committee consists of four directors who are not employees of the Company. Linwood J. Bundy is the current Chairman of the Compensation Committee. All recommendations by the Compensation Committee relating to the compensation of our executive officers are approved by the full Board.

In accordance with SEC rules designed to enhance disclosure of companies' policies toward executive compensation, the following is a report submitted by the Compensation Committee members addressing our compensation policy as it related to our executive officers and key subsidiary officers and managers for the fiscal year 2005.

Our objective is to ensure that executive compensation is directly linked to ongoing improvement in corporate performance and increasing stockholder value. The following objectives are guidelines for compensation decisions:

CLASSIFICATION. The Compensation Committee has approved a compensation program for our salaried employees which is based on annual national salary surveys for industrial manufacturing companies. Approved salary ranges are reviewed annually to determine parity with national compensation trends and to ensure that we maintain a reasonably competitive compensation structure.

COMPETITIVE SALARY BASE. Actual salaries are based on individual performance contributions with-in a competitive salary range for each position established through job evaluation and market comparisons. The salary of each subsidiary key officer and senior manager and corporate officer is reviewed annually by the President and Chief Executive Officer who may recommend an increase for approval by the Compensation Committee and ratification by the full Board. The President and Chief Executive Officer's salary is approved by the Board based on a review and recommendation by the Compensation Committee. The Chief Executive Officer's compensation is tied to performance against plan, with Committee discretion for individual performance. During 2005, the Compensation Committee recommended and the Board approved an increase in the Chief Executive Officer's base salary of \$20,000 per year to \$180,000. In February 2006, the Compensation Committee recommended and the Board approved an increase in annual base salary of \$20,000, to \$200,000, for the Chief Executive Officer and an increase in annual base salary of \$20,000, to \$150,000 for the Chief Financial Officer, effective April 1, 2006. The criteria for the increases included

individual contributions to the Company's improved performance in 2005.

10

ANNUAL INCENTIVE COMPENSATION. Our executive officers and key subsidiary personnel are eligible to participate in an annual incentive compensation plan with awards based primarily on achievement of profit performance targets. The Committee, in its sole discretion, administers the plan and selects the key employees and executive officers who participate. This authority enables the Committee to consider achievement of individual objectives in deciding on, and recommending to the Board the amount of any bonus for a participant.

The Compensation Committee took into consideration the contributions and earnings performance by the key managers and officers of our galvanizing subsidiary for the year ended December 31, 2005 and selectively approved an aggregate of \$198,000 in incentive awards for 24 persons, including our Chief Executive Officer and Chief Financial Officer. Compensation for the Company's executive officers consists of an annual base salary and, subject to the Compensation Committee's evaluation and recommendation and the Board's approval, a discretionary bonus, as reported in this proxy statement.

STOCK OPTION PROGRAM. The purpose of this program is to provide additional incentives to employees to work to maximize our growth and stockholder value. The stock option program may utilize vesting periods to encourage key employees to continue in our employ. The number of options granted is determined by the subjective evaluation of the executive's ability to influence our long-term growth and profitability. Options are granted at the current market price at the time of the grant. In 2005, the Compensation Committee recommended and the Board approved stock option grants totaling 105,000 shares of Common Stock to our employees, including 50,000 awarded to the Chief Executive Officer. In February 2006, the Compensation Committee recommended and the Board approved stock option grants totaling 157,500 shares of Common Stock to our employees, including 100,000 awarded to the Chief Executive Officer and 20,000 awarded to the Chief Financial Officer.

The Compensation Committee believes that its objectives of linking executive compensation to corporate performance result in alignment of compensation with corporate goals and stockholder interest. The Compensation Committee believes that compensation levels during 2005 adequately reflect our compensation goals and policies. The Compensation Committee will continue to evaluate the relationship between its executive and key managerial compensation and our performance and stockholder value.

Pursuant to procedures established by the Audit Committee, the Chief Financial Officer and/or Chief Executive Officer are required to review and recommend for approval such services to the Audit Committee, subject to the de minimus exception for non-audit services permitted by SEC rules and regulations. For fiscal years 2005 and 2004, none of the fees listed above were covered by the de minimus exception.
