**Item 5. Other Events and Regulation FD Disclosure.**

On July 6, 2004, Cleco Corporation announced that its Cleco Power LLC subsidiary has reached a preliminary settlement of its pending fuel audit and related issues with the Louisiana Public Service Commission (LPSC) staff and with interveners in the proceeding. The settlement calls for Cleco Power to refund \$16 million to its customers. The specific method of distribution of the refund is under consideration.

Upon approval of the LPSC and the 27<sup>th</sup> Judicial District Court of Louisiana, the settlement will resolve the pending audit of Cleco Power's fuel adjustment clause and issues relating to certain trading practices, as well as civil litigation with regard to trading practices filed on behalf of Cleco Power's customers. Subject to receipt of such approvals, Cleco Power agreed as a part of the settlement to make certain filings with the LPSC, to adopt a reasonable compliance monitoring program and to review with the LPSC staff its interaffiliate code of conduct.

Cleco's 2004 second quarter pre-tax earnings will be reduced by an estimated \$10 million due to the settlement, which represents the amount of the customer refund and legal costs associated with the settlement, less amounts previously recorded in conjunction with issues covered by the settlement.
