Patrick's background in finance and accounting goes back more than a decade with diverse experience in a variety of industries. He has worked for CPA firms as a staff accountant, run his own consulting firm, and most recently has been CFO of multiple start-ups and an Advisor to technology companies raising funds for blockchain technology.

Patrick was part of the Lamassu team responsible for building one of America's first Blockchain-powered ATM's. His knowledge of tax code and other regulatory bodies has proven its value many times over, saving some companies millions of dollars in tax liabilities.
