PERFECTDATA CORPORATION

Notes to Financial Statements

1. All adjustments included in the financial statements in this Report are of a normal recurring nature and are necessary to present fairly the Company's financial position as of December 31, 2003 and the results of its operations and cash flows for the nine months ended December 31, 2003 and 2002. Results of operations for the interim periods are not necessarily indicative of results of operations for a full year due to external factors that are beyond the control of the Company. This Report should be read in conjunction with the Company's Annual Report on Form 10-KSB for the fiscal year ended March 31, 2003 (Annual Report 2003).

As previously reported, on October 3, 2003, the Company entered into an Asset Purchase Agreement (the APA) with Spray Products Corporation (Spray), pursuant to which the Company agreed to sell to Spray (or a Spray affiliate) substantially all of the operating assets of the Company for a price equal to the sum of the value of the inventory, collectible accounts receivable and \$100,000, less the amount of trade payables which are being assumed by Spray.

Since November 1, 2003, Spray has, pursuant to the APA, been acting as a manager for the fulfillment of orders from the Company's customers. As compensation for Spray's services, Spray is receiving a fee of 7 1/2% of net sales. As a result of the management arrangement with Spray, the Company has moved to smaller facilities and reduced its staff, thereby reducing its ongoing overhead expenses. As an example, the Company expects to save approximately \$11,000 per month in rent and related facility costs.

The Board of Directors, after consultation with certain major shareholders, had elected in June 2003, to sell the operating business assets of the Company because, despite efforts by the Company during the prior fiscal years which had increased sales and reduced expenses, the Company continues to operate at a loss, thereby diluting the Company's cash, which is its major asset. The Board concluded that a sale or liquidation of the operating assets was in the best interests of the Company and its shareholders even if no acquisition or merger (including the then pending transaction with SuperCom) was effected.

The Company will seek shareholders' approval, by consents in lieu of holding a meeting, to permit the sale of its operating assets to Spray. At such time as the Company has obtained formal approval of its shareholders to permit the sale to Spray, the Company will have no operations and will thereafter receive no revenues until an acquisition or merger is effected.

As previously reported, on July 2, 2003, the Company entered into the Merger Agreement and related agreements with SuperCom, an Israeli corporation, culminating the negotiations which had begun in April 2003. SuperCom is engaged in the research, development and marketing of advanced technologies and products for government secured ID projects and smart card production technology. On January 20, 2004, the Company reported that the Merger Agreement had terminated.

The Board of Directors of the Company does not intend to liquidate the Company, but instead, with the Company having cash or cash equivalents currently in excess of \$1,500,000, the Board intends to continue its search for a suitable merger or acquisition candidate. Even though the Company will have no operations, the Company believes its listing is valuable and therefore makes it a viable merger candidate.

Edgar Filing: PERFECTDATA CORP - Form 10QSB

During the past three fiscal years, the Company had been seeking acquisitions which have not been related to its current business. The Board was of the opinion that profitability on a continuous basis would not be achieved absent an acquisition of a new business or businesses and/or new products. However, the Board can not determine when any such acquisition will be consummated, if at all. During recent years, three potential acquisitions (including SuperCom) were actively pursued; however, all terminated for different reasons and the Company incurred expenses in connection therewith.

No adjustments have been made to the financial statements as a result of these uncertainties.

2. Inventories

Pursuant to the APA, the Company transferred its inventory on hand at October 31, 2003 to Spray. Pursuant to this agreement, Spray will pay the Company for the inventory at the time of the close of the transaction. The Company reclassified its inventory, with a net book value of \$28,000, to other current assets.

3. Property and Equipment

Property and equipment consist of (in thousands):

	December 31, 2003 (unaudited)	
Machinery and equipment	\$	296
Furniture and fixtures		7
		303
Less accumulated depreciation		(303)
	\$	

4. Income taxes

At December 31, 2003, the Company had net operating loss (NOL) carryforwards of approximately \$5,381,598 for federal income tax purposes expiring in varying amounts through 2023. The NOL carryforwards, which are available to offset future profits of the Company and are subject to limitations should a change in ownership as defined in the Internal Revenue Code occur, will begin to expire in 2009 if not utilized. Additionally, the Company has general business tax credit carryforwards of \$12,000 which will begin to expire in 2006.

SFAS 109 requires that the tax benefit of such NOLs and other deferred tax assets be recorded as an asset using current tax rates to the extent management assesses the utilization of such NOLs and other assets to be more likely than not. Management has determined that future taxable income of the Company will likely not be sufficient to realize the recorded deferred tax asset of \$2,034,270. As such, the Company has recorded a valuation allowance of \$2,034,270.

5. Loss Per Common Share

Basic net loss per share is based on the weighted average number of shares outstanding during each of the respective periods. Diluted net loss per share includes the dilutive impact of all Common Stock equivalents such as options and warrants to purchase the Company's Common Stock. During the respective periods, the impact of the Common Stock equivalents, such as stock options, was antidilutive; therefore, they have been excluded from the calculation of diluted loss per share.

6. Shareholders Equity

On July 31, 2003, the Company issued 50,000 shares of the Company's Common Stock to the Chairman of the Audit Committee as compensation for his services over the past three years. During the quarter ended June 30, 2003, the Company had recorded compensation expense of \$51,500 for the shares.

7. Stock-Based Compensation

The Company has adopted the disclosure provisions of SFAS No. 148, *Accounting for Stock-Based Compensation - Transition and Disclosure*. Due to the reduction of the exercise price of fixed stock options through the cancellation of stock option awards and the granting of replacement awards, per FIN No. 44, *Accounting for Certain Transactions Involving Stock Compensation*, the Company has adopted variable accounting for the replacement awards, per FIN No. 28, *Accounting for Stock Appreciation Rights and Other Variable Stock Option or Award Plans*.

The Company applies APB Option No. 25 in accounting for its employees and director stock option plans. Had the Company determined compensation cost based on the fair value at the grant date for its stock options under SFAS No. 123 and SFAS No. 148, the Company's net loss would have been increased to the pro forma amounts indicated below. The fair value of these options was estimated at the date of grant using a Black-Scholes option-pricing model, assuming a risk-free interest rate of 4.57% - 6.26%, a ten-year term, 50% volatility, and \$0 expected dividend rate.

	Three Months Ended December 31,		Nine Months Ended December 31,	
	2003 (000's, except per share amounts)	2002	2003 (000's, except per share amounts)	2002
Net loss, as reported	\$ (211)	(127)	(471)	(494)
Deduct total stock-based employee compensation expense determined under fair-value-based method for all awards, net of tax	(8)	(1)	(20)	(3)
Pro forma net loss	\$ (219)	(128)	(491)	(497)
Basic and diluted net loss per common share:				
As reported	\$ (0.03)	(0.02)	(0.08)	(0.08)
Pro forma	(0.04)	(0.02)	(0.08)	(0.08)

8. Subsequent Event

On January 20, 2004, the Company announced that the Agreement and Plan of Merger and Reorganization dated as of July 2, 2003 (the Merger Agreement) by and between the Company and SuperCom Ltd. (SuperCom) and related agreements had terminated.

Item 2.
Operations

Management's Discussion and Analysis of Financial Condition and Results of

Proposed Sale of Current Business Operations

As previously reported, on October 3, 2003, the Company entered into an Asset Purchase Agreement (the "APA") with Spray Products Corporation ("Spray"), pursuant to which the Company agreed to sell to Spray (or a Spray affiliate) substantially all of the operating assets of the Company for a price equal to the sum of the value of the inventory, collectible accounts receivable and \$100,000, less the amount of trade payables which are being assumed by Spray.

Since November 1, 2003, Spray has, pursuant to the APA, been acting as a manager for the fulfillment of orders from the Company's customers. As compensation for Spray's services, Spray is receiving a fee of 7 1/2% of net sales. As a result of the management arrangement with Spray, the Company has moved to smaller facilities and reduced its staff, thereby reducing its ongoing overhead expenses. As an example, the Company expects to save approximately \$11,000 per month in rent and related facility costs.

The Board of Directors, after consultation with certain major shareholders, had elected in June 2003, to sell the operating business assets of the Company because, despite efforts by the Company during the prior fiscal years which had increased sales and reduced expenses, the Company continues to operate at a loss, thereby diluting the Company's cash, which is its major asset. The Board concluded that a sale or liquidation of the operating assets was in the best interests of the Company and its shareholders even if no acquisition or merger (including the then pending transaction with SuperCom) was effected.

The Company will seek shareholders' approval, by consents in lieu of holding a meeting, to permit the sale of its operating assets to Spray.

At such time as the Company has obtained formal approval of its shareholders to permit the sale to Spray, the Company will have no operations and will thereafter receive no revenues until an acquisition or merger is effected.

Efforts to Seek Another Merger or Acquisition Candidates

As previously reported, on July 2, 2003, the Company entered into the Merger Agreement and related agreements with SuperCom, an Israeli corporation, culminating the negotiations which had begun in April 2003. SuperCom is engaged in the research, development and marketing of advanced technologies and products for government secured ID projects and smart card production technology. On January 20, 2004, the Company reported that the Merger Agreement had terminated.

The Board of Directors of the Company does not intend to liquidate the Company, but instead, with the Company having cash or cash equivalents currently in excess of \$1,500,000, the Board intends to continue its search for a suitable merger or acquisition candidate. Even

though the Company will have no operations, the Company believes its listing is valuable and therefore makes it a viable merger candidate.

During the past three fiscal years, the Company had been seeking acquisitions which have not been related to its current business. The Board was of the opinion that profitability on a continuous basis would not be achieved absent an acquisition of a new business or businesses and/or new products. However, the Board can not determine when any such acquisition will be consummated, if at all. During recent years, three potential acquisitions (including SuperCom) were actively pursued; however, all terminated for different reasons and the Company incurred expenses in connection therewith.

Critical Accounting Policies

Management believes that the following discussion addresses the Company's most critical accounting policy, which is most important to the portrayal of the Company's financial condition and results, and requires the most difficult, subjective and complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain. Prior to November 1, 2003, the date on which Spray assumed responsibility for fulfillment of customer orders, management also included a discussion of its evaluation of inventory as a critical accounting policy on an on-going basis.

Allowance for Doubtful Accounts:

The Company evaluates the collectibility of its accounts receivable and provides an allowance for estimated losses that may result from customers' inability to pay. The amount of the reserve is determined by analyzing known uncollectible accounts, aged receivables and customers' credit-worthiness. Amounts later determined and specifically identified to be uncollectible are written off against the allowance.

Results of Operations

Net sales for the third fiscal quarter ended December 31, 2003 (current quarter) increased \$136,000, or 27%, to \$636,000 from net sales of \$500,000 in the year-earlier period. Net sales for the nine months ended December 31, 2003 (current nine-month period) increased \$515,000, or 33%, to \$2,069,000 from net sales of \$1,554,000 in the year-earlier period. The increased sales were a result of an increase in sales volume with the Company's existing customers.

Cost of Goods Sold (Costs) as a percentage of net sales for the current quarter and current nine-month period was 66% and 65% respectively, as compared to 65% in each of the respective year-earlier periods. The increase in Costs primarily related to the interim management fee for Spray.

Selling, General and Administrative Expenses (Expenses) for the current quarter were \$431,000 as compared to \$310,000 in the year-earlier period. Expenses for the current nine-month period were \$1,201,000 as compared to \$1,066,000 in the year-earlier period. The increase in Expenses in the current quarter directly relates to costs associated with the SuperCom transaction, as well as severance pay and related taxes paid to employees whose employment was terminated when the Company transferred its order fulfillment to Spray. Expenses in both the current nine-month period and the year-earlier period have been impacted by the efforts to seek a strategic acquisition. An aggregate of \$226,000 in Expenses relating to the SuperCom transaction were incurred in the current nine-month period and an aggregate of \$115,000 in Expenses relating to an aborted transaction were incurred in the year-earlier period. In addition, the Company recorded in the current nine-month period a compensation expense of \$51,500.

related to the 50,000 shares of the Company's Common Stock issued to the Chairman of the Audit Committee for his services as such.

Other Income for the current quarter was primarily dividend income of \$4,000 as compared to dividend income of \$9,000 in the year-earlier period. Other Income for the current nine-month period was primarily dividend income of \$15,000 as compared to dividend income of \$33,000 in the year-earlier period.

The increased net loss in the current quarter directly related to the increased Expenses, as described above. The decreased net loss in the current nine-month period directly related to the increased sales.

Liquidity and Capital Resources

The Company's cash and cash equivalents decreased \$67,000 from \$2,173,000 at March 31, 2003 to \$2,106,000 at December 31, 2003. The decrease in cash during the current nine-month period resulted from cash used in operating activities of \$67,000, which was primarily the result of the net loss of \$471,000 partially offset by a decrease in inventories and accounts receivable and an increase in accounts payable and accrued expenses.

As a result of the continuing negative cash flows from operations, the Company is dependent on the invested proceeds from its March 2000 private placement in order to meet its payable requirements.

The Company believes that, as a result of the cash described in the preceding paragraph and assuming consummation of the proposed sale of business operations to Spray, the Company's working capital is adequate to fund its operations and its requirements for the balance of the fiscal year ending March 31, 2004 and for the fiscal year ending March 31, 2005.

Recent Accounting Pronouncements

In June 2002, the FASB issued SFAS No. 146, *Accounting for Costs Associated with Exit or Disposal Activities*. SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force (EITF) Issue 94-3, *Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity*. The provisions of this Statement are effective for exit or disposal activities that are initiated after December 31, 2002, with early application encouraged. The adoption of SFAS No. 146 is not expected to have a material effect on the Company's financial statements.

Forward-Looking and Cautionary Statements

Edgar Filing: PERFECTDATA CORP - Form 10QSB

With the exception of historical information, the matters discussed in this Management's Discussion and Analysis of Financial Condition and Results of Operations include certain forward-looking statements that involve risks and uncertainties. The Company is hereby identifying information that is forward-looking and, accordingly, involves risks and uncertainties, including, without limitation, statements regarding the Company's future financial condition and the success of the Company's efforts to seek a merger or acquisition partner and the proposed sale to Spray. Other risks are discussed in the Annual Report 2003. As a result, actual results may differ materially from those described in the forward-looking statement. The Company cautions that the foregoing list of important factors is not exclusive. The Company does not undertake to update any forward-looking statement in this Report.

Item 3. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company has a CEO and a CFO/CAO, constituting all of management, and, during the reporting period, two employees to conduct operations. The CEO and CFO/CAO performed an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of December 31, 2003. Because of its small size and limited number of personnel, the Company does not currently have elaborate written procedures, nor does management believe that such elaborate written procedures are currently necessary to ensure accurate reporting in the Company's periodic reports. The then Audit Committee and management will review this requirement should a transaction with a merger or acquisition candidate be consummated, as to which consummation there can be no assurance. In making their evaluation, the CEO and CFO/CAO consulted with the Company's outside counsel. Based on that evaluation, the two officers concluded that the Company's disclosure controls and procedures were adequate and effective, as of December 31, 2003, to ensure that material information relating to the Company would be made known to them by others within the Company, particularly during the period in which this Report was being prepared. Their evaluation was reported to the Audit Committee in connection with its review of this Report prior to its filing.

Changes in Internal Controls

There have been no significant changes in the Company's internal controls or in other factors that could significantly affect internal controls since the date of their evaluation.

PART II . OTHER INFORMATION

Item 5. Other Information

The Company held its last Annual Meeting of Shareholders on December 6, 2002, delayed from the usual meeting date for the Company's fiscal year ended March 31, 2002 because of a then pending acquisition transaction. Normally the Board would have scheduled the meeting approximately 30 days after the audited financial statements for the fiscal year ended March 31, 2002 were made available for mailing to shareholders. The Board delayed calling its Annual Meeting of Shareholders for the fiscal year ended March 31, 2003 in order to include approval of the SuperCom transaction in the proposals to be voted on by the Company's shareholders. In order to keep expenses at a minimum the Board currently intends to call the Annual Meeting of Shareholders for the fiscal year ending March 31, 2004 (fiscal 2004) in September 2004 after the audited financial statements for fiscal 2004 are available for distribution to shareholders. Shareholders' proposals for inclusion in the Company's proxy statement for the Annual Meeting of Shareholders for fiscal 2004 must be received no later than a reasonable time before the Company prints and mails its proxy material for such Annual Meeting. If a shareholder intends to submit a proposal for consideration at such Annual Meeting by means other than the inclusion of the proposal in the Company's proxy statement for such Annual Meeting, the shareholder must notify the Company of such intention no later than a reasonable time before the Company prints and mails its proxy material for such Annual Meeting, or risk management exercising discretionary voting authority with respect to the management proxies to defeat such proposal when and if presented at such Annual Meeting. The Company currently anticipates mailing the proxy material for its Annual Meeting for fiscal 2004 on or before Friday, August 20,

2004. The Company shall advise its shareholders of any change in the contemplated mailing date for its proxy material for the Annual Meeting of Shareholders for fiscal 2004 by notice in its earliest possible Quarterly Report on Form 10-QSB or by other appropriate notice.
