*Amount represents securities available under the Broad-Based Plan. See Equity Compensation Plans Not Approved by Security Holders below for additional information on the material features of the plan.*

*Equity Compensation Plans Not Approved by Security Holders*

The Company's Broad-Based Plan has not been approved by security holders. The Broad-Based Plan provides for nonqualified stock options that generally vest over a three-year period and expire ten years from the date of grant, and are granted to eligible employees other than officers and directors of the Company. The terms of the Broad-Based Plan state that the total number of shares authorized is 5.0 percent of the outstanding shares of the Common Stock of the Company, increased automatically if there is an increase in the Company's outstanding shares. However, in anticipation of the implementation of NYSE Rule 303A.08, which does not permit automatic increases in shares available based upon a formula in the plan (also known as an evergreen formula) unless a plan has been approved by stockholders and is not more than 10 years in length, the Company ceased using the evergreen feature of the Broad-Based Plan effective June 30, 2003. On June 30, 2003, there were 76,241 shares available under the Broad-Based Plan. On December 31, 2003, there were 121,904 shares available under the Broad-Based Plan. On September 30, 2004, there were 38,790 shares available under the Broad-Based Plan. The decrease in available shares under the Broad-Based Plan between December 31, 2003 and September 30, 2004 was due to issuance of stock options to employees.
