PROXY STATEMENT

The enclosed proxy is solicited on behalf of our Board of Directors (the Board) for use at the annual meeting of our stockholders, to be held on Friday, May 13, 2005 at 9:00 a.m., local time, at the Museum of Contemporary Art, 700 Prospect Street, La Jolla, California. In addition to solicitation of proxies by mail, proxies may be solicited by our directors, officers and regular employees by personal interview, telephone or telegram, and we will request brokers and other fiduciaries to forward proxy soliciting material to the beneficial owners of shares which are held of record by them. We will pay the expense of all such solicitation, including printing and mailing. Any proxy may be revoked at any time before its exercise, by written notice to our Secretary or by attending the meeting and electing to vote in person. This Proxy Statement and the accompanying proxy were initially mailed to stockholders on or about April 12, 2005.

Only holders of record of our common stock at the close of business on March 28, 2005 will be entitled to vote at the meeting or any adjournment or postponement thereof. As of March 28, 2005, 3,089,493 shares of our common stock were outstanding.

Each share of our common stock that you own entitles you to one vote. Holders of shares of our voting stock are not entitled to cumulate their votes in the election of directors. A majority of the outstanding shares of our voting stock present in person or by proxy at the annual meeting shall constitute a quorum at the meeting. In determining whether a quorum exists at the meeting for purposes of all matters to be voted on, all votes for or against, all abstentions (including votes to withhold authority to vote in certain cases) and broker non-votes, will be counted.

The directors nominated shall be elected by a plurality of the votes cast at the annual meeting. This means that the director nominees with the most affirmative votes are elected to fill the available seats. Approval of proposals other than the election of directors requires the affirmative vote of a majority of our outstanding common stock present in person or by proxy at the annual meeting. Abstentions with respect to proposal 2 and 3 will be counted as present for purposes of determining whether quorum exists, while broker non-votes will not be counted present for purposes of determining whether quorum exists. Thus, an abstention will have the same effect as a vote against such proposals while a broker non-vote will have no effect.

PROPOSAL 1: ELECTION OF DIRECTORS

Three (3) of the five (5) nominees including Messrs. Morgan, Slepicka, and Campbell are independent within the meaning of NASD listing standards.

The Board has established an Audit Committee, a Compensation Committee, and a Nominating Committee.

The Audit Committee assists the Board in fulfilling its oversight responsibilities. The Board adopted a written charter of the Audit Committee in May 2000. The Audit Committee is responsible for, among other things, monitoring HyperFeed's financial reporting process and systems of internal controls regarding finance, accounting and legal compliance. Only outside directors who are not employees of HyperFeed may serve on the Audit Committee, and all members of the Audit Committee are independent within the meaning of NASD listing standards and Rule 10a-3 under the Securities Exchange Act of 1934, as amended. The Audit Committee is comprised of Messrs. Slepicka, Morgan, and Borling. Mr. Campbell will replace Mr. Borling upon his election as a director in May 2005. Mr. Slepicka is deemed to be an Audit Committee financial expert within the meaning of Rule 10a-3 under the Securities Exchange Act of 1934, as amended.

The Compensation Committee administers the Company's stock option plans, including the review and grant of stock options to officers and other employees under the Company's stock option plans. The Compensation Committee also reviews and approves various other company compensation policies and matters, and reviews and approves the salary and other matters relating to compensation of the chief executive officer of the Company. The Compensation Committee is comprised of two members, Messrs Langley and Slepicka. Mr. Slepicka is independent within the meaning of NASD listing standards.

The Compensation Committee met one time in 2004.

The Nominating Committee makes recommendations to the Board regarding the size and composition of the Board. The Nominating Committee establishes procedures for the nomination process, recommends candidates for election to the Board of Directors and nominates officers for election by the Board. The Nominating Committee is comprised of Messrs. Borling, Slepicka, and Hart. Two (2) of the three (3) members of the Nominating Committee, Messrs. Borling and Slepicka, are independent within the meaning of NASD listing standards.

The Nominating Committee does not have a charter nor does the Nominating Committee have a policy with regard to the consideration of any director candidates recommended by security holders. The Board of Directors believes that, in light of the Company's status as a controlled subsidiary of PICO Holdings, Inc., it is appropriate for the Nominating Committee to function without a charter or policy with regard to the consideration of any director candidates recommended by security holders.

The Nominating Committee did not meet in 2004.

During the year ended December 31, 2004, the Board held five meetings. No director attended less than 75% of all the meetings of the Board and the committees on which he served in 2004.

Any stockholder who wishes to communicate directly with our Board of Directors may do so by writing to HyperFeed Board of Directors, c/o Corporate Secretary, 300 South Wacker Dr., Suite 300, Chicago IL 60606. The Corporate Secretary will provide all such communications to the Board of Directors on a confidential basis as soon as reasonably practicable following receipt.

The Company has adopted a Code of Ethics that applies to all of the Company's employees, including the Company's principal executive officer, principal financial officer, and principal accounting officer. Stock Plans

EMPLOYEE STOCK PURCHASE PLAN. We currently have reserved an aggregate of 200,000 shares of common stock for issuance under our 1995 Employee Stock Purchase Plan (the "Plan"), as amended. The Plan is intended to qualify under Section 423 of the Internal Revenue Code of 1986 and permits our eligible employees to purchase common stock through payroll deductions of up to 10% of their annual salary in any calendar year to a maximum of \$5,000 per offering. The Plan has four three-month offering periods beginning on the first day of each quarter. No employee may purchase more than 5% of our outstanding voting capital stock or an amount more than \$20,000 worth of stock in any

calendar year. The purchase price of common stock purchased under the Plan equals 85% of the market value of the common stock, as calculated in the Plan, on the first or last day of an offering period, whichever is lower. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee is comprised solely of independent directors within the meaning of NASD listing standards and Rule 10a-3 under the Securities Exchange Act of 1934, as amended, and it operates under a written charter adopted by the Board of Directors in May 2000. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. Mr. Slepicka is an Audit Committee financial expert within the meaning of Rule 10a-3 under the Securities Exchange Act of 1934, as amended.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities. The Audit Committee's primary duties and responsibilities are to monitor the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and legal compliance and to monitor the independence and performance of the Company's independent auditors.

The Audit Committee is responsible for reviewing and pre-approving any non-audit services to be performed by the Company's independent auditors. The Audit Committee reviews and, if appropriate, approves non-audit service engagements, taking into account the proposed scope of the non-audit services, the proposed fees for the non-audit services, whether the non-audit services are permissible under applicable law or regulation and the likely impact of the non-audit services on the independence of the independent auditors.

The Audit Committee has reviewed and discussed with the management of HyperFeed and Deloitte & Touche LLP (Deloitte), the Company's independent auditors, the audited financial statements of the Company contained in the Company's annual report to stockholders for the fiscal year ended December 31, 2004. The Audit Committee also has discussed with representatives of Deloitte the matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, Communication with Audit Committees).

The Audit Committee has received and reviewed the written disclosures and letter from Deloitte required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with Deloitte their independence. The Audit Committee also has considered whether the provision of other non-audit services to the Company by Deloitte is compatible with maintaining their independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

To Our Stockholders:

In October 1997, the Board established a Compensation Committee for administering our executive compensation programs. Prior to that time, the entire Board was generally responsible for administering the programs. The Compensation Committee also assumed responsibility for administering our Option Plans from our Incentive Stock Committee.

Compensation Philosophy

Our executive compensation program is intended to attract, develop, reward and retain quality management talent. It is our philosophy that executive compensation should recognize an individual's contribution to us and should be competitive with compensation offered by other computer software and service companies. To further align executive officers' interests with those of the stockholders, our executive compensation program also relies on stock option awards.

Compensation Components

The components of our executive compensation program are as follows: base salary, bonus and stock option awards.

Base Salary. The Board establishes the base salary to be paid to our chief executive officer based upon recommendations from the Compensation Committee. In determining their recommendations, the Committee takes into account several factors such as an individual's experience, responsibilities, management and leadership abilities, and job performance in the prior year.

Bonus. For 2004, the Compensation Committee and the Board approved guidelines for the payment of cash bonuses to executives based upon improvements in the operating performance of the Company. Messrs. Pluschkell, Guerrero, Wojciechowski, and Wagner received bonus payments for 2003 that were paid in during first quarter 2004. No bonuses were awarded in 2004.

Stock Options. The Board believes stock options are a key long-term incentive vehicle because they provide executives with the opportunity to acquire or increase an equity interest in us and to share in the appreciation of the value of our common stock. Stock option grants, therefore, directly align the executive's interest with those of the stockholders.

Edgar Filing: HYPERFEED TECHNOLOGIES INC - Form DEF 14A

Stock options are granted to the executive officers and other key managers by our Compensation Committee (formerly our Incentive Stock Committee) under our 1999 Combined Incentive Stock and Non-Statutory Option Plan generally every 12 months. Options are generally granted with a three-year vesting and a five-year exercise period in order to encourage executives and managers to take a long-term view of the impact of their individual contributions to us. In determining the number of options to be awarded to each individual, the Committee considers the executive's level of management responsibility and potential impact on our profitability and growth. During the 2004 fiscal year, options were granted to Messrs. Pluschkell, Wojciechowski, and Frapart at an option price equal to or greater than the fair market value of our stock on the date of grant.

Chief Executive Officer Compensation

The Compensation Committee and Board establish the compensation of our Chief Executive Officer. In determining the level of compensation, the Committee and Board consider a variety of factors, such as experience, effectiveness as a manager, leadership skills, and job performance in the prior year, as well as the market value of Chief Executive Officers of similar companies in similar industries.
