Item 1.01. Entry into a Material Definitive Agreement

The Board of Directors of Input/Output, Inc. (the Company) has approved the 2005 Management Incentive Compensation Plan (the Plan). Below is a summary of the Plan.

The Plan was established to provide all employees the opportunity to share in the performance of the Company and its subsidiaries through the achievement of established financial and individual objectives. Performance under the Plan is measured on the fiscal (calendar) year and payments under the Plan are made annually.

All full-time employees are eligible to participate in the Plan. Temporary employees, contractors and consultants are not eligible to participate. Employees whose employment begins after the start of the Plan year on January 1, 2005, will be eligible to participate in the Plan and will receive a prorated bonus based upon the actual date of hire. Employees who are eligible to participate in any other cash bonus incentive plan of the Company are not eligible to participate in the Plan. The named executive officers of the Company may participate in the Plan.

A target award is established for each participant at the beginning of a Plan year based on an established target dollar amount or on a percentage of the participant's eligible earnings. The award earned will be based on the achievement of stated business performance goals determined by the Compensation Committee of the Board of Directors and individual performance goals determined by the employee and the employee's supervisor. Business performance will be measured with respect to operating earnings and such other factors as may be determined by the Compensation Committee. Awards will be calculated after the close of each Plan year on which the awards are based. All earned awards will be paid in cash as soon as administratively practicable following the close of a Plan year.
