Meetings of the Board of Directors

The Board of Directors of the Company held six meetings during 2005. With the exception of Mr. Ross, each director attended at least 75% of the aggregate number of all meetings of the Board of Directors and its committees during such fiscal year. All of the Company's directors are encouraged to attend the Company's annual meeting of stockholders. Eight of the Company's directors were in attendance at the Company's 2005 annual meeting.

Committees

The Board of Directors does not have a nominating committee. Director nominees are selected by a majority of the independent directors, as defined by the listing standards of the Nasdaq Stock Market. The Company's current independent directors are Messrs. William C. Curry, Peter R. Worrell, Michael J. Ross, David B. Gould and Thomas W. Oberdorf. The Board of Directors has determined that Marc Kozin, if elected, will qualify as an independent director. The Board of Directors believes that it is appropriate for the Company not to have a nominating committee because all its independent directors lead the nomination process and the establishment of a nominating committee would be redundant. The Board of Directors does not have a charter for nomination of directors.

The independent members of the Company's Board of Directors may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the independent members of the Company's Board of Directors may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to recommend a candidate for director for election at the 2006 Annual Meeting of Stockholders, it must follow the procedures described in *Stockholder Proposals and Recommendations For Director*.

Compensation

The Board of Directors has a Compensation Committee, which met on seven occasions in 2005, and is currently composed of Messrs. Curry, Ross, and Oberdorf. The functions of the Compensation Committee include determining salaries, individuals to whom stock options are granted, and the terms upon which option grants are made, incentive plans, benefits and overall compensation.

Audit

The Board of Directors has an Audit Committee, which met five times in 2005, and is currently composed of Messrs. Curry, Gould and Oberdorf. The Audit Committee operates pursuant to a written charter (the *Audit Committee Charter*) that was adopted by the Board of Directors and that complies with currently applicable SEC and Nasdaq rules. Under the provisions of the *Audit Committee Charter*, the primary functions of the Audit Committee are to assist the Board of Directors with the oversight of (i) the Company's financial reporting process, accounting functions and internal controls and (ii) the qualifications, independence, appointment, retention, compensation and performance of the Company's registered public accounting firm. The Audit Committee is also responsible for the maintenance of *whistle-blowing* procedures, and the oversight of certain other compliance matters. See *Report of the Audit Committee* below.

The Board of Directors has determined that the current members of the Audit Committee are independent directors, as defined by the *Audit Committee Charter* and the current listing standards of the Nasdaq Stock Market. The Board of Directors has determined that Mr. Oberdorf qualifies as an *audit*

committee financial expert, as defined by applicable SEC rules, and satisfies the financial sophistication standards of the Nasdaq Stock Market.

Audit Fees. The Company incurred an aggregate of \$115,000 and \$34,125 in fees and expenses for audit services from Carlin, Charron and Rosen, LLP and PricewaterhouseCoopers LLP, respectively, for the year ended December 31, 2005. The Company incurred \$160,000 in fees and expenses for audit services from PricewaterhouseCoopers LLP for the fiscal year ended December 31, 2004. Audit fees include fees and expenses for professional services rendered in connection with the audit of the Company's financial statements for those years, reviews of the financial statements included in each of the Company's Quarterly Reports on Form 10-Q during those years and fees for services related to registration statements, consents and assistance with and review of documents filed with the SEC.

Audit-Related Fees. The Company did not incur any audit-related fees in the fiscal years ended December 31, 2005 and December 31, 2004 from Carlin, Charron and Rosen, LLP or PricewaterhouseCoopers LLP.

Tax Fees. The Company did not incur any tax fees for the fiscal years ended December 31, 2005 and December 31, 2004 from Carlin Charron & Rosen, LLP or PricewaterhouseCoopers LLP.

All Other Fees. The Company incurred no other fees for the fiscal years ended December 31, 2005 and December 31, 2004 from Carlin Charron & Rosen, LLP or PricewaterhouseCoopers LLP.

The Audit Committee has considered whether the provision of non-audit services by the Company's independent auditor is compatible with maintaining auditor independence, and believes that the provision of such services is compatible.

Report of the Audit Committee

The Audit Committee has:

- Reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2005;
- Discussed with Carlin Charron & Rosen, LLP, the Company's independent auditor, the matters required to be discussed by Statement on Auditing Standards 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants;

By the Audit Committee of the Board of Directors:

Thomas W. Oberdorf

Audit Committee Policy on Pre-Approval of Services of Independent Auditors

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services.

Independent Auditors

As previously disclosed on a Form 8-K filed by the Company on July 8, 2005, and in the Company's Annual report on Form 10-K for the year ended December 31, 2005, filed by the Company on March 24, 2006, the Audit Committee of the Board of Directors of the Company, effective on July 5, 2005, dismissed PricewaterhouseCoopers, L.L.P. (PwC) as the Company's independent registered public accounting firm. The reports issued by PwC on the Company's financial statements as of December 31, 2003 and December 31, 2004, and for the years ended December 31, 2003 and December 31, 2004, did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principle. During the years ended December 31, 2003 and December 31, 2004, and through July 5, 2005: (i) there were no disagreements with PwC on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to PwC's satisfaction, would have caused them to make reference thereto in their report of the Company's financial statements for such years; and (ii) there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

Effective as of July 5, 2005 the Company engaged Carlin, Charron & Rosen LLP (CCR) to serve as the Company's independent public accountants for the fiscal year ended December 31, 2005. The Audit Committee of the Company approved the engagement of CCR. During the years ended December 31, 2003 and December 31, 2004, and through July 5, 2005, the Company did not consult with CCR with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters, including disagreements or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Carlin, Charron & Rosen, LLP has continuously served as the Company's independent public accountants since its engagement, discussed above, on July 8, 2005. The Audit Committee plans to appoint Carlin, Charron & Rosen, LLP, independent accountants, to audit the consolidated financial statements of the Company for the year ending December 31, 2006. The Company is advised that no member of Carlin, Charron & Rosen, LLP has any direct financial interest or material indirect financial interest in the Company since the date of its engagement, July 8, 2005, or has had any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee since such date.

A representative of Carlin, Charron & Rosen, LLP is expected to be present at the Meeting and will be given the opportunity to make a statement if so desired. The representative will be available to respond to appropriate questions.

The indemnification agreements provide that the Company will pay certain amounts incurred by a director in connection with any civil or criminal action or proceeding and specifically including actions by or in the name of the Company (derivative suits) where the individual's involvement is by reason of the fact that he is or was a director. Such amounts include, to the maximum extent permitted by law, attorney's fees, judgments, civil or criminal fines, settlement amounts, and other expenses customarily incurred in connection with legal proceedings. In April 2000 the Company entered into an employment agreement with R. Jeffrey Bailly, its President and Chief Executive Officer, which is terminable by either party at any time, except as provided below. The Agreement provides that Mr. Bailly will receive a minimum annual salary of \$200,000 and consideration for discretionary bonuses. Mr. Bailly's agreement prohibits him from competing with the Company during the term of his employment and for a period of eighteen months thereafter. Pursuant to the agreement, the Company agreed to issue Mr. Bailly 10,000 shares of its Common Stock on January 1, 2001, provided that Mr. Bailly remains employed with the Company. Further, pursuant to the agreement, the Company agreed to grant Mr. Bailly immediately exercisable nonqualified stock options to acquire 125,000 shares of Common Stock. The employment agreement provides Mr. Bailly with certain other benefits, including the opportunity to participate in the Company's stock option plans, insurance plans and other employment benefits as may be generally available to senior executives of the Company.

1993 Stock Option Plan. Effective October 1993, the Company adopted the 1993 Stock Option Plan (the 1993 Plan). The purpose of the 1993 Plan is to benefit the Company through the maintenance and development of its businesses by offering certain present and future key individuals a favorable opportunity to become holders of stock in the Company over a period of years, thereby giving them a permanent stake in the growth and prosperity of the Company. As of April 22, 2006, there are 311,293 shares of Common Stock available for issuance under the 1993 Plan. The 1993 Plan may be administered by the Board of Directors of the Company or by a committee appointed by the Board of Directors. Employees of the Company (including officers and directors of the Company who are also employees), as well as certain consultants and advisors of the Company, are eligible to receive grants of options under the 1993 Plan. Under the 1993 Plan, the Company may grant both incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986 (incentive stock options) and other options which are not qualified as incentive stock options (nonqualified stock options). Unless otherwise determined by the Board of Directors or the committee, all options granted under the 1993 Plan vest at the rate of 25% per year, with the first installment vesting at the end of one year from the date of grant.

Compensation Committee Interlocks and Insider Participation

Decisions regarding executive compensation are made by the Compensation Committee of the Board of Directors, which in 2005 was composed of Messrs. Curry, Ross and Oberdorf. None of these members of the Compensation Committee has ever been an officer or employee of the Company or any of its subsidiaries and no executive officer of the Company serves on the board of directors of any company at which any of the Compensation Committee members is employed.

Compensation Committee and Board of Directors Report

The primary objectives of the Compensation Committee in developing executive compensation policies are to attract, motivate and retain superior talent to enable the Company to achieve its business objectives and to align the financial interests of its executive officers with the stockholders of the Company.

The compensation of executive officers consists of base compensation, bonus, the grant of options and participation in benefit plans generally available to employees. In setting compensation, the Compensation Committee strives to maintain base compensation for the Company's executive officers at levels which the Compensation Committee believes are competitive with the compensation of comparable executive officers in similarly situated companies, while relying upon stock options and the bonus plan to provide significant performance incentives.

Executive officers are eligible to participate in the bonus plan which is administered by the Compensation Committee. Under the plan, executive officers may receive bonuses derived from a formula tied to the Company's income. In addition, executive officers, including R. Jeffrey Bailly, may receive discretionary bonuses payable in cash or the Company's common stock based upon a subjective evaluation of the performance of the Company and their contributions to the Company.

Each of the executive officers and all key employees are eligible to receive grants of options under the 1993 Stock Option Plan. The 1993 Stock Option Plan is used to align a portion of the officer's compensation with the stockholders' interests and the long-term success of the Company. In determining the number of options to be granted to each executive officer, the Compensation Committee reviews recommendations provided by R. Jeffrey Bailly and makes a subjective determination regarding those recommendations based upon the following criteria: (i) the individual performance and position of responsibility of the executive officer, (ii) the number of options held by the executive officer, and (iii) the financial performance of the Company. No particular weight is given to any of these factors, rather each executive officer's total compensation package is reviewed as a whole. During the fiscal year ended

December 31, 2005, the Company granted options to purchase 100,000 shares to executive officers other than Mr. Bailly as a group under the 1993 Stock Option Plan.

For 2005, R. Jeffrey Bailly received the following compensation: (i) a salary of \$250,000; (ii) a bonus valued at \$80,000, which was comprised of \$40,000 in cash and 13,841 fully vested shares of the Company's Common Stock; (iii) an additional 25,000 fully vested shares of the Company's Common Stock; and (iv) \$71,460 to defray the taxes attributable to Mr. Bailly's receipt of shares of the Company's Common Stock. The Company's Board of Directors conducted a survey of salaries of chief executive officers at the time it negotiated Mr. Bailly's employment agreement. Based upon that information and the Company's experience since that time, the Company believes that Mr. Bailly's aggregate fiscal 2005 compensation was comparable to the compensation of chief executive officers of similar companies.

The Compensation Committee of the Board of Directors has engaged The Wilson Group, a Massachusetts-based compensation consulting firm, to do a comparative market study of the compensation programs of the chief executive and other corporate officers to help ensure that the Company's compensation programs are appropriate and in line with its stated objectives.

Voting Procedures

The votes of stockholders present in person or represented by proxy at the Meeting will be tabulated by an inspector of elections appointed by the Company. A quorum, consisting of a majority of shares of all stock issued, outstanding and entitled to vote at the Meeting, will be required to be present in person or by proxy for consideration of the proposal to elect directors. Shares of Common Stock held of record by brokers who return a signed and dated proxy but who fail to vote (a broker nonvote) on the election of directors will count toward the quorum but will have no effect on the proposal not voted.

Reporting Under Section 16(a) of the Securities Exchange Act of 1934
