Section 8 - Other Events

Item 8.01 Other Events

Laureate Education, Inc. (the Company) has made the decision to change its revenue recognition policies for its international universities. The revenue recognition policy will remain unchanged for its online business. This decision was made to improve transparency and the connection among the Company's enrollments, revenues, and actual academic calendars. The Company will adopt this change prospectively, effective January 1, 2006.

This adoption is preferential and elective by the Company. The Company is presenting the quarterly historical results, including pro forma adjustments, for 2004 and 2005. In addition, the Company is restating quarterly historical results, including pro forma adjustments, for the same periods illustrating the change in the international revenue recognition. Included in the margins for 2004 and 2005 is non-cash stock compensation expense, which is a required disclosure beginning in 2006. The Company is providing its restated historical results for non-cash stock compensation on a go forward basis.

The Company recognizes this as a voluntary change in accounting method and filed the required preferability letter with the first quarter Form 10-Q.

The results filed in this document will be made available on Laureate Education's website at www.laureate-inc.com immediately after the filing of this document.
