**Regulatory Update**

CommScope re-filed its registration statement on Form S-4, which included an amended preliminary prospectus and Andrew's proxy statement, with the US Securities and Exchange Commission on Wednesday, September 26. The updated S-4 amended the original filing of August 13 to address questions raised by the commission. The definitive proxy statement/prospectus is expected to be sent to Andrew shareholders shortly after the registration statement is declared effective by the SEC. It is a detailed document that will provide shareholders with the information necessary to evaluate and vote on the proposed merger.

Meanwhile, we continue to work with the Department of Justice. We do not know when a decision will be reached by the DOJ on its antitrust review of the transaction, but we are working hard to fulfill the DOJ's requests and bring a positive outcome as soon as possible. We continue to expect to close the transaction before the end of 2007.

Finally, the proposed transaction was cleared recently by two other jurisdictions - Russia and Taiwan - that had been reviewing it. In addition to the US and European Commission, approval is needed from South Africa before the transaction can close.

### **Transition Teams**

With more than 50 teams working to determine the best way to combine various key functions in the two companies, there is a tremendous amount of planning and strategizing taking place as we work to transition toward a future combination of CommScope and Andrew. One of the first major milestones for each of the teams is development and agreement on high-level plans. These plans are intended to set each functional area's broad structure and direction, from which key tactics and major actions will be developed on the road toward post-close integration. High-level plans were submitted to the transition steering committee the week of September 24, and are being

presented in face-to-face meetings in Hickory, N.C., with Andrew's Bob Hudzik and CommScope's Brian Garrett, Eddie Edwards, and Ted Hally through mid October. Once those plans are approved by the executive steering committee, the detailed planning phase will begin with the intention of completion by the time the acquisition is closed.

### **Manufacturing Visits**

The executive steering committee of Bob Hudzik, Eddie Edwards and Ted Hally has been conducting visits to many of Andrew's manufacturing locations as part of the transition planning process. Site visits have been made to Buchdorf, Germany; Brno, Czech Republic; Agrate, Italy; Lochgelly, Scotland; Stratford, England; Warren, N.J.; Joliet, Ill.; and Forrest, Va. The visits enabled leaders to gain a deeper understanding of business operations and meet the local management teams and employees. The next site visits are planned for mid-October in Suzhou, China, and Goa, India.

### **Employee Frequently Asked Questions**

Employees from both companies have asked many good questions about our proposed combination. We will attempt to answer several of them in each issue of Transition News. You can submit transition questions to: [communications@commscope.com](mailto:communications@commscope.com)

Additionally, we encourage you to discuss issues and concerns with your manager or Human Resources contact, as we may not be able to answer all questions in upcoming news updates. Here are some recently submitted questions:

*After closing the transaction, will Andrew's sales quotas need to be changed?*

A: Andrew has completed its planning for fiscal year 2008, which began October 1. These plans will be updated to reflect the transition plans and strategies, and adjusted to reflect CommScope's calendar-year fiscal cycle.

*What fiscal cycle will be used by the company after the transaction is closed?*

CommScope's fiscal year runs from January 1 to December 31, and that will remain in effect.

*Which company should sign agreements with suppliers or customers prior to the transaction closing?*

## Edgar Filing: ANDREW CORP - Form 425

A: Until the transaction is completed, both companies remain fully independent of each other. Andrew continues to be responsible for its own legal agreements with customers and suppliers.

*In the last Transition News, it was noted that the exchange of Andrew stockholders' shares will be handled by Mellon, CommScope's exchange agent. Does that also apply to stock options or restricted stock units held by employees or retirees?*

---

A: Yes. Prior to the merger closing, holders of Andrew stock options and restricted stock units will receive written instructions from Mellon Investor Services LLC, acting as CommScope's exchange agent, explaining how options and restricted stock will be handled.
