**REGAL ENTERTAINMENT GROUP**

**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**MARCH 29, 2012 AND MARCH 31, 2011**

**1. THE COMPANY AND BASIS OF PRESENTATION**

Regal Entertainment Group (the Company, Regal, we or us) is the parent company of Regal Entertainment Holdings, Inc. ( REH ), which is the parent company of Regal Cinemas Corporation ( Regal Cinemas ) and its subsidiaries. Regal Cinemas' subsidiaries include Regal Cinemas, Inc. ( RCI ) and its subsidiaries, which include Edwards Theatres, Inc. ( Edwards ), Hoyts Cinemas Corporation ( Hoyts ) and United Artists Theatre Company ( United Artists ). The terms Regal or the Company, REH, Regal Cinemas, RCI, Edwards, Hoyts and United Artists shall be deemed to include the respective subsidiaries of such entities when used in discussions included herein regarding the current operations or assets of such entities.

Regal operates the largest theatre circuit in the United States, consisting of 6,587 screens in 523 theatres in 37 states and the District of Columbia as of March 29, 2012. The Company formally operates on a 52-week fiscal year with each quarter generally consisting of 13 weeks, unless otherwise noted. The Company's fiscal year ends on the first Thursday after December 25, which in certain years results in a 53-week fiscal year.

For a discussion of significant transactions that have occurred through December 29, 2011, please refer to the notes to the consolidated financial statements included in Part II, Item 8 of our annual report on Form 10-K filed on February 27, 2012 with the Securities and Exchange Commission (the Commission) (File No. 001-31315) for the fiscal year ended December 29, 2011 (the 2011 Audited Consolidated Financial Statements). For a summary of our significant accounting policies, please refer to Note 2 to the 2011 Audited Consolidated Financial Statements.

During the quarter ended March 29, 2012, the Company adopted FASB Accounting Standards Update No. 2011-05, *Presentation of Comprehensive Income*, ( ASU 2011-05 ), which amends the presentation of comprehensive income and allows an entity the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. Under ASU 2011-05, the Company is required to present each component of net income along with total net income, each component of other comprehensive income along with a total for other comprehensive income, and a total amount for comprehensive income. The guidance eliminates the option to present the components of other comprehensive income as part of the statement of changes in stockholders' equity. ASU 2011-05 became effective for the Company as of the beginning of fiscal 2012 and has been applied retrospectively herein.

The Company has prepared the unaudited condensed consolidated balance sheet as of March 29, 2012 and the unaudited condensed consolidated statements of income (loss), comprehensive income (loss), and cash flows for the quarters ended March 29, 2012 and March 31, 2011 in accordance with U.S. generally accepted accounting principles for interim financial information and the rules and regulations of the

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

Commission. Accordingly, certain information and footnote disclosures typically included in an annual report have been condensed or omitted for this quarterly report. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly in all material respects the financial position, results of operations and cash flows for all periods presented have been made. The December 29, 2011 unaudited condensed consolidated balance sheet information is derived from the 2011 Audited Consolidated Financial Statements. These unaudited condensed consolidated financial statements should be read in conjunction with the 2011 Audited Consolidated Financial Statements and notes thereto. The results of operations for the quarter ended March 29, 2012 are not necessarily indicative of the operating results that may be achieved for the full 2012 fiscal year.

Table of Contents**2. INVESTMENTS***Investment in Digital Cinema Implementation Partners*

We maintain an investment in Digital Cinema Implementation Partners, LLC, a Delaware limited liability company ( DCIP ). DCIP is a joint venture company formed by Regal, AMC Entertainment, Inc. ( AMC) and Cinemark, Inc. ( Cinemark ). Regal holds a 46.7% economic interest in DCIP as of March 29, 2012 and a one-third voting interest along with each of AMC and Cinemark. Since the Company is not the primary beneficiary of DCIP or any of its subsidiaries, it accounts for its investment in DCIP under the equity method of accounting. The Company's investment in DCIP is included as a component of Other Non-Current Assets in the accompanying unaudited condensed consolidated balance sheets. The changes in the carrying amount of our investment in DCIP for the quarter ended March 29, 2012 are as follows (in millions):

Balance as of December 29, 2011	\$	48.3
Equity contributions		3.0
Equity in income of DCIP(1)		3.1
Balance as of March 29, 2012	\$	54.4

(1) Represents the Company's share of the net income of DCIP. Such amount is presented as a component of Other, net in the accompanying unaudited condensed consolidated statement of income.

DCIP funds the cost of conversion to digital projection principally through the collection of virtual print fees from motion picture studios and equipment lease payments from participating exhibitors, including us. In accordance with the master equipment lease agreement (the Master Lease ), the digital projection systems are leased from Kasima, LLC under a twelve-year term with ten one-year fair value renewal options. The Master Lease also contains a fair value purchase option. Under the Master Lease, the Company pays annual minimum rent of \$1,000 per digital projection system from the effective date of the agreement through the end of the lease term and is, upon certain conditions described below, subject to incremental annual rent of \$2,000 per digital projection system beginning at six and a half years from the effective date of the agreement through the end of the lease term. In the event that the junior capital raised by DCIP in the initial financing transactions remains outstanding at any time on or after the date that is six and a half years after the closing date of March 2010, the holders of the related notes will have the right to require the Company and other participating exhibitors to make incremental minimum rent payments of \$2,000 per digital projection system per year through the earlier of the end of the lease term or until such notes are repaid. The Company considers both the \$1,000 minimum rental and the incremental minimum rental payment of \$2,000 per digital projection system to be minimum rents and accordingly has recorded such rents on a straight-line basis in its consolidated financial statements. The Company is also subject to various types of other rent if such digital projection systems do not meet minimum performance requirements as outlined in the Master Lease. Certain of the other rent payments are subject to either a monthly or an annual maximum. The Company accounts for the Master Lease as an operating lease for accounting purposes. During the quarters ended March 29, 2012 and March 31, 2011, the Company incurred total rent of approximately \$2.7 million and \$1.3 million, respectively, associated with the leased digital projection systems.

During the quarter ended March 29, 2012, we installed 621 digital projection systems and operated 5,342 screens outfitted with digital projection systems as of March 29, 2012.

*Investment in National CineMedia, LLC*

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

We maintain an investment in National CineMedia, LLC ( National CineMedia or NCM ). National CineMedia primarily concentrates on in-theatre advertising for its theatrical exhibition partners, which includes us, AMC and Cinemark.

As described further in Note 4 to the 2011 Audited Consolidated Financial Statements, on February 13, 2007, National CineMedia, Inc. ( NCM, Inc. ), an entity that serves as the sole manager of National CineMedia, completed an IPO of its common stock. In connection with the IPO of NCM, Inc., Regal, AMC and Cinemark amended and restated the operating agreement of National CineMedia and other ancillary agreements. The formation of National CineMedia, related IPO of NCM, Inc. and other related transactions are further described in Note 4 to the 2011 Audited Consolidated Financial Statements.

As described further below, during the quarter ended March 29, 2012, the Company received from National CineMedia approximately 0.1 million newly issued common units of National CineMedia ( Additional Investments

Table of Contents

Tranche ) as a result of the annual adjustment provisions of the Common Unit Adjustment Agreement. The Company follows the guidance in ASC 323-10-35-29 (formerly EITF 02-18, *Accounting for Subsequent Investments in an Investee after Suspension of Equity Loss Recognition*) by analogy, which also refers to AICPA Technical Practice Aid 2220.14, which indicates that if a subsequent investment is made in an equity method investee that has experienced significant losses, the investor must determine if the subsequent investment constitutes funding of prior losses. The Company concluded that the construction or acquisition of new theatres that has led to the common unit adjustments included in its Additional Investments Tranche equates to making additional investments in National CineMedia. The Company evaluated the receipt of the additional common units in National CineMedia and the assets exchanged for these additional units and has determined that the right to use its incremental new screens would not be considered funding of prior losses. As such, the Additional Investments Tranche is accounted for separately from the Company's Initial Investment Tranche (as defined and described more fully in Note 4 to the 2011 Audited Consolidated Financial Statements) following the equity method with undistributed equity earnings included as a component of Earnings recognized from NCM in the accompanying unaudited condensed consolidated financial statements.

Pursuant to the terms of the tax receivable agreement described more fully in Note 4 to the 2011 Audited Consolidated Financial Statements, the Company received payments of \$8.5 million from NCM, Inc. during the quarter ended March 29, 2012 with respect to NCM, Inc.'s 2010 and 2011 taxable years. During the quarter ended March 31, 2011, the Company received payments of \$6.8 million with respect to NCM, Inc.'s 2010 taxable year. Such payments are accounted for using the equity method as described further below.

We account for our investment in National CineMedia following the equity method of accounting and such investment is included as a component of Other Non-Current Assets in the accompanying unaudited condensed consolidated balance sheets. Below is a summary of activity with National CineMedia included in the Company's unaudited condensed consolidated financial statements as of and for the quarter ended March 29, 2012:

	Investment in NCM	As of the period ended Deferred Revenue	Cash Received (Paid)	For the period ended Earnings recognized from NCM	Other NCM Revenues
Balance as of December 29, 2011	\$ 76.8	\$ (349.5)	\$ 47.8	\$ (37.9)	\$ (14.7)
Receipt of additional common units(1)	0.8	(0.8)			
Receipt of excess cash distributions(2)	(1.7)		8.6	(6.9)	
Receipt under tax receivable agreement(2)	(1.7)		8.5	(6.8)	
Revenues earned under ESA(3)			3.3		(3.3)
Amortization of deferred revenue(4)		1.4			(1.4)
Equity in earnings attributable to additional common units(5)	0.1			(0.1)	
Balance as of and for the period ended March 29, 2012	\$ 74.3	\$ (348.9)	\$ 20.4	\$ (13.8)	\$ (4.7)

(1) On March 15, 2012, we received from National CineMedia approximately 0.1 million newly issued common units of National CineMedia in accordance with the annual adjustment provisions of the Common Unit Adjustment Agreement. The Company recorded the additional common units (Additional Investments Tranche) at fair value using the available closing stock price of NCM, Inc. as of the date on which the units were received. With respect to the common units received on March 15, 2012, the Company recorded an increase to its investment in National CineMedia of \$0.8 million with a corresponding increase to deferred revenue. This amount is being amortized to advertising revenue over the remaining term of the exhibitor services agreement between RCI and National CineMedia (ESA) following the units of revenue method as described in (4) below. This transaction caused a proportionate increase in the Company's Additional Investments Tranche and increased our ownership share in National CineMedia to 22.1 million common units. As a result, on a fully diluted basis, we own a 19.8% interest in NCM, Inc. as of March 29, 2012.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

(2) During the quarters ended March 29, 2012 and March 31, 2011, the Company received \$17.1 million and \$16.4 million, respectively, in cash distributions from National CineMedia (including payments received under the tax receivable agreement).

Approximately \$3.4 million and \$2.9 million of these cash distributions received during the quarters ended March 29, 2012 and March 31, 2011, respectively, were attributable to the Additional Investments Tranche and were recognized as a reduction in our investment in National CineMedia. The remaining amounts were recognized in equity earnings during each of these periods and have been included as components of Earnings recognized from NCM in the accompanying unaudited condensed consolidated financial statements.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

### Table of Contents

(3) The Company recorded other revenues, excluding the amortization of deferred revenue, of approximately \$3.3 million and \$1.9 million for the quarters ended March 29, 2012 and March 31, 2011, respectively, pertaining to our agreements with National CineMedia, including per patron and per digital screen theatre access fees (net of payments of \$3.7 million and \$3.1 million for the quarters ended March 29, 2012 and March 31, 2011, respectively, for on-screen advertising time provided to our beverage concessionaire) and other NCM revenue. These advertising revenues are presented as a component of Other operating revenues in the Company's unaudited condensed consolidated financial statements.

(4) Amounts represent amortization of ESA modification fees received from NCM to advertising revenue utilizing the units of revenue amortization method. These advertising revenues are presented as a component of Other operating revenues in the Company's unaudited condensed consolidated financial statements.

(5) Amounts represent the Company's share in the net income of National CineMedia with respect to the Additional Investments Tranche. Such amounts have been included as a component of Earnings recognized from NCM in the unaudited condensed consolidated financial statements.

In addition, as of March 29, 2012, approximately \$2.3 million and \$2.9 million due from/to National CineMedia were included in Trade and other receivables, net and Accounts payable, respectively. As of December 29, 2011, approximately \$1.9 million and \$2.0 million due from/to National CineMedia were included in Trade and other receivables, net and Accounts payable, respectively.

Summarized unaudited consolidated statements of operations information for National CineMedia for the quarters ended December 29, 2011 and December 30, 2010 is as follows (in millions):

[REDACTED]				
Revenues	\$	114.6	\$	118.1
Income from operations		54.5		53.8
Net income		35.2		46.8

As of the date of this quarterly report on Form 10-Q (this Form 10-Q), no summarized financial information for National CineMedia was available for the quarter ended March 29, 2012.

### ***Other Investments***

During the quarter ended March 31, 2011, we announced the creation of Open Road Films, a new distribution company jointly owned by us and AMC. The Company's cumulative cash investment in Open Road Films totaled \$20.0 million as of March 29, 2012. We account for our investment in Open Road Films following the equity method of accounting. For the quarter ended March 29, 2012, the Company recorded a loss of approximately \$0.3 million, representing its share of the net loss of Open Road Films. The carrying value of the Company's investment in Open Road Films as of March 29, 2012 was approximately \$4.9 million and is included in the unaudited condensed consolidated balance sheet

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

as a component of Other Non-Current Assets.

The Company also maintains an investment in RealD, Inc., an entity specializing in the licensing of 3D technologies. The carrying value of the Company's investment in RealD, Inc. as of March 29, 2012 was approximately \$15.9 million. See Note 10 Fair Value of Financial Instruments for a discussion of fair value

Table of Contents

estimation methods and assumptions with respect to the Company's investment in RealD, Inc. The Company has recorded this investment within Other Non-Current Assets.

**3. DEBT OBLIGATIONS**

Debt obligations at March 29, 2012 and December 29, 2011 consist of the following (in millions):

	March 29, 2012	December 29, 2011
Regal Cinemas Amended Senior Credit Facility, net of debt discount	\$ 995.9	\$ 998.5
Regal 91/8% Senior Notes, including premium	534.5	534.8
Regal Cinemas 85/8% Senior Notes, net of debt discount	392.9	392.7
Lease financing arrangements, weighted average interest rate of 11.28%, maturing in various installments through January 2021	64.6	66.0
Capital lease obligations, 8.5% to 10.3%, maturing in various installments through December 2017	12.2	13.3
Other	10.0	11.0
Total debt obligations	2,010.1	2,016.3
Less current portion	21.1	20.6
Total debt obligations, less current portion	\$ 1,989.0	\$ 1,995.7

**Regal Cinemas Sixth Amended and Restated Credit Agreement** As described further in Note 5 to the 2011 Audited Consolidated Financial Statements, on May 19, 2010, Regal Cinemas entered into a sixth amended and restated credit agreement (the Amended Senior Credit Facility), with Credit Suisse AG, Cayman Islands Branch, as Administrative Agent (Credit Suisse) and the lenders party thereto (the Lenders) which amended, restated and refinanced the fifth amended and restated credit agreement (the Prior Senior Credit Facility) among Regal Cinemas, Credit Suisse, Cayman Islands Branch, and the lenders party thereto. The Amended Senior Credit Facility consisted of a term loan facility (the Term Facility) in an aggregate principal amount of \$1,250.0 million with a final maturity date in November 2016 and a revolving credit facility (the Revolving Facility) in an aggregate principal amount of \$85.0 million with a final maturity date in May 2015.

On February 23, 2011, Regal Cinemas entered into a permitted secured refinancing agreement (the Refinancing Agreement) with Regal, the Guarantors, Credit Suisse, and the Lenders, which amended and refinanced the Term Facility under the Amended Senior Credit Facility. Pursuant to the Refinancing Agreement, Regal Cinemas consummated a permitted secured refinancing of the Term Facility in the amount of \$1,006.0 million, and in accordance therewith, the Lenders advanced term loans in an aggregate principal amount of \$1,006.0 million with a final maturity date in August 2017 (the New Term Loans). Together with other amounts provided by Regal Cinemas, proceeds of the New Term Loans were applied to repay all of the outstanding principal and accrued and unpaid interest on the Term Facility under the Amended Senior Credit Facility in effect immediately prior to the making of the New Term Loans.

In addition to extending the maturity date of the New Term Loans, the Refinancing Agreement also amended the Amended Senior Credit Facility by reducing the interest rate on the New Term Loans, by providing, at Regal Cinemas' option, either a base rate or an adjusted LIBOR rate plus, in each case, an applicable margin that is determined according to the consolidated leverage ratio of Regal Cinemas and its subsidiaries. Such applicable margin will be either 2.00% or 2.25% in the case of base rate loans and either 3.00% or 3.25% in the case of LIBOR rate loans. Interest is payable (a) in the case of base rate loans, quarterly in arrears, and (b) in the case of LIBOR rate loans, at the end of each interest period, but in no event less often than every three months. The Refinancing Agreement also amended the Second Amended and Restated Guaranty and Collateral Agreement, dated May 19, 2010, to exclude Margin Stock (as such term is defined therein) from the grant of

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

the security interest in the Collateral (as such term is defined therein) used to secure the obligations under the Amended Senior Credit Facility.

In connection with the additional offerings of the Company's 9 1/8% Senior Notes (defined below) during the quarter ended March 31, 2011 described below, the Company used a portion of the net proceeds to repay approximately \$234.6 million of the Amended Senior Credit Facility. As a result of this repayment, coupled with the execution of the Refinancing Agreement, the Company recorded an aggregate loss on extinguishment of debt of approximately \$21.9 million during the quarter ended March 31, 2011.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

### Table of Contents

As of March 29, 2012 and December 29, 2011, borrowings of \$995.9 million and \$998.5 million (net of debt discount), respectively, were outstanding under the New Term Loans at an effective interest rate of 5.01% (as of March 29, 2012) and 4.96% (as of December 29, 2011), after the impact of the interest rate swaps described below is taken into account.

**Regal 91/8% Senior Notes** On August 10, 2010, Regal entered into an Underwriting Agreement with Credit Suisse Securities (USA) LLC, Barclays Capital Inc., Banc of America Securities LLC and Deutsche Bank Securities Inc., as the representatives of the underwriters, with respect to the Company's issuance and sale of \$275.0 million in aggregate principal amount of the Company's 91/8% Senior Notes (the "91/8% Senior Notes"). On August 16, 2010, the Company issued the 91/8% Senior Notes under the Indenture with Wells Fargo Bank, National Association, as trustee (the "Trustee"). The net proceeds from the offering, after deducting offering expenses paid by the Company, were approximately \$269.5 million. The Company used a portion of the net proceeds from the offering to repurchase a portion of the 6¼% Convertible Senior Notes as described below under the heading "Regal 6¼% Convertible Senior Notes."

On January 4, 2011, Regal issued and sold \$150.0 million in aggregate principal amount of the Company's 91/8% Senior Notes at a price equal to 104.5% of their face value. The notes were issued under an existing Indenture entered into by and between the Company and the Trustee, as supplemented by the First Supplemental Indenture, dated January 7, 2011. In addition, on February 10, 2011, Regal issued and sold \$100.0 million in aggregate principal amount of the Company's 91/8% Senior Notes at a price equal to 104.5% of their face value. The notes were issued on February 15, 2011 under an existing Indenture entered into by and between the Company and the Trustee, as supplemented by the First Supplemental Indenture, and the Second Supplemental Indenture, dated February 15, 2011. The notes issued in 2011 constitute additional securities under the existing Indenture and are treated as a single series with, and have the same terms as, and will be fungible with, the \$275.0 million aggregate principal amount of the Company's 91/8% Senior Notes previously issued under the Indenture in 2010. The net proceeds from the 2011 offerings, after deducting underwriting discounts and commissions by the Company, were approximately \$257.8 million. The Company used the net proceeds to repay approximately \$234.6 million of the Amended Senior Credit Facility and for general corporate purposes.

The 91/8% Senior Notes bear interest at a rate of 9.125% per year, payable semiannually in arrears in cash on February 15 and August 15 of each year. The 91/8% Senior Notes mature on August 15, 2018. The 91/8% Senior Notes are the Company's senior unsecured obligations. They rank on parity with all of the Company's existing and future senior unsecured indebtedness and prior to all of the Company's subordinated indebtedness. The 91/8% Senior Notes are effectively subordinated to all of the Company's future secured indebtedness to the extent of the assets securing that indebtedness and to any indebtedness and other liabilities of the Company's subsidiaries. None of the Company's subsidiaries initially guarantee any of the Company's obligations with respect to the 91/8% Senior Notes.

Prior to August 15, 2014, the Company may redeem all or any part of the 91/8% Senior Notes at its option at 100% of the principal amount plus a make-whole premium. The Company may redeem the 91/8% Senior Notes in whole or in part at any time on or after August 15, 2014 at the redemption prices specified in the Indenture. In addition, prior to August 15, 2013, the Company may redeem up to 35% of the original aggregate principal amount of the 91/8% Senior Notes from the net proceeds of certain equity offerings at the redemption price specified in the Indenture.

If the Company undergoes a change of control (as defined in the Indenture), holders may require the Company to repurchase all or a portion of their 91/8% Senior Notes at a price equal to 101% of the principal amount of the 91/8% Senior Notes being repurchased, plus accrued and unpaid interest, if any, to the repurchase date.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

The Indenture contains covenants that limit the Company's (and its restricted subsidiaries') ability to, among other things: (i) incur additional indebtedness; (ii) pay dividends on or make other distributions in respect of its capital stock, purchase or redeem capital stock, or purchase, redeem or otherwise acquire or retire certain subordinated obligations; (iii) enter into certain transactions with affiliates; (iv) permit, directly or indirectly, it to create, incur, or suffer to exist any lien, except in certain circumstances; (v) create or permit encumbrances or restrictions on its ability to pay dividends or make distributions on its capital stock, make loans or advances to its subsidiaries (or the Company), or transfer any properties or assets to its subsidiaries (or the Company); and (vi) merge or consolidate with other companies or transfer all or substantially all of its assets. These covenants are,

Table of Contents

however, subject to a number of important limitations and exceptions. The Indenture contains other customary terms, including, but not limited to, events of default, which, if any of them occurs, would permit or require the principal, premium, if any, interest and any other monetary obligations on all the then outstanding 91/8% Senior Notes to be due and payable immediately.

**Regal Cinemas 85/8% Senior Notes** On July 15, 2009, Regal Cinemas issued \$400.0 million in aggregate principal amount of the 85/8% Senior Notes due 2019 (the 85/8% Senior Notes ) at a price equal to 97.561% of their face value in a transaction exempt from registration under the Securities Act of 1933, as amended (the Securities Act ). Interest on the 85/8% Senior Notes is payable semi-annually in arrears on January 15 and July 15 of each year, beginning on January 15, 2010. The 85/8% Senior Notes will mature on July 15, 2019.

The net proceeds from the offering, after deducting the initial purchase discount (approximately \$9.8 million) and offering expenses paid by the Company, were approximately \$381.3 million. The Company used all of the net proceeds from the offering to repay a portion of the Prior Senior Credit Facility.

The 85/8% Senior Notes are Regal Cinemas' general senior unsecured obligations and rank equally in right of payment with all of its existing and future senior unsecured indebtedness; and senior in right of payment to all of Regal Cinemas' existing and future subordinated indebtedness. The 85/8% Senior Notes are effectively subordinated to all of Regal Cinemas' existing and future secured indebtedness, including all borrowings under the Amended Senior Credit Facility, to the extent of the value of the collateral securing such indebtedness, and are structurally subordinated to all existing and future indebtedness and other liabilities of any of Regal Cinemas' subsidiaries that are not guarantors of the 85/8% Senior Notes.

The 85/8% Senior Notes are fully and unconditionally guaranteed on a joint and several senior unsecured basis by Regal and all of Regal Cinemas' existing and future domestic restricted subsidiaries that guarantee its other indebtedness (collectively, with Regal, the Note Guarantors ). The guarantees of the 85/8% Senior Notes are the Note Guarantors' general senior unsecured obligations and rank equally in right of payment with all of the Note Guarantors' existing and future senior unsecured indebtedness, including the 91/8% Senior Notes and rank senior in right of payment to all of the Note Guarantors' existing and future subordinated indebtedness. The 85/8% Senior Notes are effectively subordinated to all of the Note Guarantors' existing and future secured indebtedness, including the guarantees under the Amended Senior Credit Facility, to the extent of the value of the collateral securing such indebtedness, and are structurally subordinated to all existing and future indebtedness and other liabilities of any of the Note Guarantors' subsidiaries that is not a guarantor of the 85/8% Senior Notes.

**Regal 6¼% Convertible Senior Notes** As further described in Note 5 to the 2011 Audited Consolidated Financial Statements, on March 10, 2008, Regal issued \$200.0 million aggregate principal amount of 6¼% convertible senior notes due March 15, 2011 (the 6¼% Convertible Senior Notes ).

Subsequent to the issuance of the 91/8% Senior Notes described above, during the year ended December 30, 2010, the Company used a portion of the net proceeds from the offering to repurchase a total of approximately \$125.3 million aggregate principal amount of the 6¼% Convertible Senior Notes, in a series of privately negotiated transactions. As a result of the repurchases, the Company recorded a \$5.2 million loss on extinguishment of debt during the year ended December 30, 2010. During March 2011, we redeemed the remaining \$74.7 million aggregate principal amount of the 6¼% Convertible Senior Notes at a redemption price of 100% of their principal amount, plus accrued interest.

*Interest Rate Swaps*

As of March 29, 2012 and December 29, 2011, the Company maintained three effective hedging relationships via three distinct interest rate swap agreements (with maturity terms ranging from March 31, 2012 through June 30, 2012), which require Regal Cinemas to pay interest at various fixed rates ranging from 2.22% to 2.53% and receive interest at a variable rate. These three interest rate swap agreements were designated to hedge \$800.0 million of variable rate debt obligations at an effective rate of approximately 5.36% as of March 29, 2012 and December 29, 2011.

Table of Contents

Under the terms of the Company's effective interest rate swap agreements as of March 29, 2012, Regal Cinemas receives interest at a variable rate based on the 3-month LIBOR. The 3-month LIBOR rate on each reset date determines the variable portion of the interest rate-swaps for the following three-month period. The interest rate swaps settle any accrued interest for cash on the last day of each calendar quarter, until expiration. At such dates, the differences to be paid or received on the interest rate swaps will be included in interest expense. No premium or discount was incurred upon the Company entering into the interest rate swaps, because the pay and receive rates on the interest rate swaps represented prevailing rates for each counterparty at the time the interest rate swaps were entered into. The interest rate swaps qualify for cash flow hedge accounting treatment and as such, the Company has effectively hedged its exposure to variability in the future cash flows attributable to the 3-month LIBOR on \$800.0 million of variable rate obligations. The change in the fair values of the interest rate swaps is recorded on the Company's consolidated balance sheet as an asset or liability with the effective portion of the interest rate swaps' gains or losses reported as a component of other comprehensive income (loss) and the ineffective portion reported in earnings (interest expense). As interest expense is accrued on the debt obligation, amounts in accumulated other comprehensive income (loss) related to the designated hedging instruments (the three effective interest rate swaps) will be reclassified into earnings to obtain a net cost on the debt obligation equal to the effective yield of the fixed rate of each swap.

In addition, during the year ended December 29, 2011, Regal Cinemas entered into two additional hedging relationships via two distinct interest rate swap agreements with effective dates beginning on June 30, 2012 and December 31, 2012 and maturity terms ending on June 30, 2015 and December 31, 2015, respectively. These swaps will require Regal Cinemas to pay interest at fixed rates ranging from 1.35% to 1.82% and receive interest at a variable rate. The interest rate swaps are designated to hedge \$300.0 million of variable rate debt obligations.

See Note 10 "Fair Value of Financial Instruments" for discussion of the Company's interest rate swaps' fair value estimation methods and assumptions.

**Other Long-Term Obligations** Other long-term obligations not explicitly discussed herein are described in Note 5 to the 2011 Audited Consolidated Financial Statements and incorporated by reference herein.

#### 4. INCOME TAXES

The provision for (benefit from) income taxes of \$25.2 million and \$(14.3) million for the quarters ended March 29, 2012 and March 31, 2011, respectively, reflect effective tax rates of approximately 35.2% and 37.6%, respectively. The decrease in the effective tax rate for the quarter ended March 29, 2012 is primarily attributable to changes in uncertain tax positions with state taxing authorities resulting from the lapse of statutes of limitations. The effective tax rates for the quarters ended March 29, 2012 and March 31, 2011 also reflect the impact of certain non-deductible expenses and income tax credits.

In assessing the realizable value of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which these temporary differences become deductible. The Company has recorded a valuation allowance against deferred tax assets at March 29, 2012 and December 29, 2011 totaling \$16.0 million as management believes it is more likely than not that certain deferred tax assets will not be realized in future tax periods. Future reductions in the valuation allowance associated with a change in management's determination of the Company's ability to realize these deferred tax assets will result in a decrease in the provision for income taxes.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

Exclusive of interest and penalties, gross unrecognized tax benefits associated with state tax positions decreased \$4.7 million during the quarter ended March 29, 2012 resulting from the expiration of statutes of limitations. Gross unrecognized tax benefits total \$17.1 million and \$21.8 million as of March 29, 2012 and December 29, 2011, respectively.

Accrued gross interest and penalties related to unrecognized tax benefits decreased \$1.3 million during the quarter ended March 29, 2012 resulting primarily from the expiration of statutes of limitations. Accrued gross interest and penalties related to unrecognized tax benefits total \$2.3 million and \$3.6 million as of March 29, 2012 and December 29, 2011, respectively.

Table of Contents

The Company and its subsidiaries collectively file income tax returns in the U.S. federal jurisdiction and various state jurisdictions. The Company is not subject to U.S. federal examinations by tax authorities for years before 2008, and with limited exceptions, is not subject to state income tax examinations for years before 2007. However, the taxing authorities still have the ability to review the propriety of tax attributes created in closed tax years if such tax attributes are utilized in an open tax year.

As further described in Note 2 Investments, the Company maintains an investment in National CineMedia, a pass-through entity for federal income tax purposes. The Internal Revenue Service ( IRS ) is currently examining National CineMedia's 2007 and 2008 income tax returns and has proposed an adjustment related to agreements entered into in conjunction with NCM Inc.'s IPO. Management is currently evaluating the proposed adjustment but does not anticipate the adjustment would result in a material change to the Company's results of operations or financial position. The Company believes that it is reasonably possible that an increase in unrecognized tax benefits related to this position may be necessary within the next twelve months, however the amount of such unrecognized tax benefits is not reasonably estimable as of March 29, 2012.

## 5. CAPITAL STOCK AND SHARE-BASED COMPENSATION

### *Capital Stock*

As of March 29, 2012, the Company's authorized capital stock consisted of:

- 500,000,000 shares of Class A common stock, par value \$0.001 per share;
- 200,000,000 shares of Class B common stock, par value \$0.001 per share; and
- 50,000,000 shares of preferred stock, par value \$0.001 per share.

Of the authorized shares of Class A common stock, 18.0 million shares were sold in connection with the Company's initial public offering in May 2002. The Company's Class A common stock is listed on the New York Stock Exchange under the trading symbol RGC. As of March 29, 2012, 131,567,629 shares of Class A common stock were outstanding. Of the authorized shares of Class B common stock, 23,708,639 shares were outstanding as of March 29, 2012, all of which are beneficially owned by Anschutz Company ( Anschutz ). Each share of Class B common stock converts into a single share of Class A common stock at the option of the holder or upon certain transfers of a holder's Class B common stock. Each holder of Class B common stock is entitled to ten votes for each outstanding share of Class B common stock owned by that stockholder on every matter properly submitted to the stockholders for their vote. Of the authorized shares of the preferred stock, no shares were issued and outstanding as of March 29, 2012. The Class A common stock is entitled to a single vote for each outstanding share of Class A common stock on every matter properly submitted to the stockholders for a vote. Except as required by law, the Class A and Class B common stock vote together as a single class on all matters submitted to the stockholders. The material terms and provisions of the Company's certificate of incorporation affecting the relative rights of the Class A common stock and the Class B common stock are described in Note 9 to the 2011

Audited Consolidated Financial Statements.

***Warrants***

No warrants to acquire the Company's Class A or Class B common stock were outstanding as of March 29, 2012.

***Share-Based Compensation***

In 2002, the Company established the Regal Entertainment Group Stock Incentive Plan (the "Incentive Plan"), which provides for the granting of incentive stock options and non-qualified stock options to officers, employees and consultants of the Company. As described below under "Restricted Stock" and "Performance Share Units," the Incentive Plan also provides for grants of restricted stock and performance shares that are subject to

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

### Table of Contents

restrictions and risks of forfeiture. Readers should refer to Note 9 to the 2011 Audited Consolidated Financial Statements for additional information related to these awards and the Incentive Plan.

### *Stock Options*

As of March 29, 2012, options to purchase a total of 307,624 shares of Class A common stock were outstanding under the Incentive Plan, and 517,806 shares remain available for future issuance under the Incentive Plan. There were no stock options granted during the quarters ended March 29, 2012 and March 31, 2011 and no compensation expense related to stock options was recorded during the quarters ended March 29, 2012 and March 31, 2011.

The Company receives a tax deduction for certain stock option exercises during the period the options are exercised, generally for the excess of the price at which the stock is sold over the exercise price of the options. The Company is required to report excess tax benefits from the award of equity instruments as financing cash flows. Excess tax benefits are recorded when a deduction reported for tax return purposes for an award of equity instruments exceeds the cumulative compensation cost for the instruments recognized for financial reporting purposes. For the quarter ended March 29, 2012, the unaudited condensed consolidated statement of cash flows reflects approximately \$0.3 million of excess tax benefits as financing cash flows. Net cash proceeds from the exercise of stock options were \$0.8 million for the quarter ended March 29, 2012. The actual income tax benefit realized from stock option exercises was approximately \$0.5 million for the same period. For the quarter ended March 31, 2011, the unaudited condensed consolidated statement of cash flows reflects less than \$0.1 million of excess tax benefits as financing cash flows. Net cash proceeds from the exercise of stock options were less than \$0.1 million for the quarter ended March 31, 2011. The actual income tax benefit realized from stock option exercises was approximately \$0.1 million for the same period.

The following table represents stock option activity for the quarter ended March 29, 2012:

	Number of Shares	Weighted Average Exercise Price	Weighted Average Contract Life (Yrs.)
Outstanding options at beginning of period	454,951	\$ 8.69	0.85
Granted during the period			
Exercised during the period	(147,327)	5.20	
Forfeited during the period			
Outstanding options at end of period	307,624	10.36	0.85
Exercisable options at end of period	307,624	10.36	0.85

### *Restricted Stock*

The Incentive Plan also provides for restricted stock awards to officers, directors and key employees. Under the Incentive Plan, shares of Class A common stock of the Company may be granted at nominal cost to officers, directors and key employees, subject to a continued employment restriction. On January 11, 2012, 327,287 restricted shares were granted under the Incentive Plan at nominal cost to officers, directors and key employees. These awards vest 25% at the end of each year for four years in the case of officers and key employees and vest 100% at the end of one year in the case of directors. The closing price of the Company's Class A common stock on the date of this grant was \$12.30 per share.

During the quarter ended March 29, 2012, the Company withheld approximately 129,921 shares of restricted stock at an aggregate cost of approximately \$1.6 million, as permitted by the applicable equity award agreements, to satisfy employee tax withholding requirements related to the vesting of 423,244 restricted stock awards. In addition, during the quarter ended March 29, 2012, 360,489 performance share awards (originally granted on January 14, 2009) were effectively converted to shares of restricted common stock. As of the calculation date, which was January 14, 2012, threshold performance goals for these awards were satisfied, and therefore, all 360,489 outstanding performance shares were converted to restricted shares as of January 14, 2012. These awards are scheduled to fully vest on January 14, 2013, the one year anniversary of the calculation date.

Table of Contents

During the quarters ended March 29, 2012 and March 31, 2011, the Company recognized approximately \$1.1 million of share-based compensation expense related to restricted share grants. Such expense is presented as a component of General and administrative expenses. The compensation expense for these awards was determined based on the market price of our stock at the date of grant applied to the total numbers of shares that were anticipated to fully vest. As of March 29, 2012, we have unrecognized compensation expense of \$10.0 million associated with restricted stock awards.

The following table represents the restricted stock activity for the quarter ended March 29, 2012:

Unvested at beginning of period	950,318
Granted during the period	327,287
Vested during the period	(423,244)
Forfeited during the period	(1,547)
Conversion of performance shares during the period	360,489
Unvested at end of period	1,213,303

During the quarter ended March 29, 2012, the Company paid one cash dividend of \$0.21 on each share of outstanding restricted stock totaling approximately \$0.2 million.

*Performance Share Units*

The Incentive Plan also provides for grants in the form of performance share units to officers, directors and key employees. Performance share agreements are entered into between the Company and each grantee of performance share units (each, a Performance Agreement). The initial original Performance Agreement covered performance share grants issued through the year ended December 31, 2009, and is described in Note 9 to the 2011 Audited Consolidated Financial Statements (each, a 2006 Performance Agreement).

In 2009, the Company adopted an amended and restated form of Performance Agreement (each, a 2009 Performance Agreement). On January 11, 2012, 326,072 performance shares were granted under the Incentive Plan at nominal cost to officers and key employees. Under the 2009 Performance Agreement, which is described in the section entitled Compensation Discussion and Analysis Elements of Compensation Performance Shares, of our 2012 proxy statement, each performance share represents the right to receive from 0% to 150% of the target numbers of shares of restricted Class A common stock. The number of shares of restricted common stock earned will be determined based on the attainment of specified performance goals by January 11, 2015 (the third anniversary of the grant date) set forth in the 2009 Performance Agreement. Such performance shares vest on January 11, 2016 (the fourth anniversary of their respective grant date). The shares are subject to the terms and conditions of the Incentive Plan. The closing price of the Company's Class A common stock on the date of this grant was \$12.30 per share, which approximates the respective grant date fair value of the awards.

Pursuant to the terms and conditions of the 2006 and 2009 Performance Agreements, grantees will be issued shares of restricted common stock of the Company in an amount determined by the attainment of Company performance criteria set forth in each Performance Agreement. The shares of restricted common stock received upon attainment of the performance criteria will be subject to further vesting over a period of time, provided the grantee remains a service provider to the Company during such period.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

During the quarters ended March 29, 2012 and March 31, 2011, the Company recognized approximately \$1.0 million and \$0.8 million, respectively, of share-based compensation expense related to performance share grants. Such expense is presented as a component of General and administrative expenses. As of March 29, 2012, we have unrecognized compensation expense of \$11.8 million associated with performance share units. During the quarter ended March 29, 2012, 224,735 performance share awards were effectively cancelled. These awards were scheduled to vest on January 16, 2012, the one year anniversary of the calculation date. As of the calculation date, which was January 16, 2011, threshold performance goals were not satisfied, and therefore, all 224,735 restricted shares under this performance grant were cancelled as of January 16, 2012. During the quarter ended March 29, 2012, 360,489 performance share awards (originally granted on January 14, 2009) were effectively converted to shares of restricted common stock. As of the calculation date, which was January 14, 2012, threshold

Table of Contents

performance goals for these awards were satisfied, and therefore, all 360,489 outstanding performance shares were converted to restricted shares as of January 14, 2012.

The following table summarizes information about the Company's number of performance shares for the quarter ended March 29, 2012:

Unvested at beginning of period	1,227,207
Granted (based on target) during the period	326,072
Cancelled/forfeited during the period	(228,060)
Conversion to restricted shares during the period	(360,489)
Unvested at end of period	964,730

In connection with the conversion of the above 360,489 performance shares, during the quarter ended March 29, 2012, the Company paid a cumulative cash dividend of \$3.68 (representing the sum of all cash dividends paid from January 14, 2009 through January 14, 2012) on each performance share converted, totaling approximately \$1.3 million. The above table does not reflect the maximum or minimum number of shares of restricted stock contingently issuable. An additional 0.5 million shares of restricted stock could be issued if the performance criteria maximums are met.

**6. COMMITMENTS AND CONTINGENCIES**

The Company is presently involved in various judicial, administrative, regulatory and arbitration proceedings concerning matters arising in the ordinary course of business operations, including but not limited to, personal injury claims, landlord-tenant disputes, employment and other contractual matters, some of which are described below. Many of these proceedings are at preliminary stages, and many of these cases seek an indeterminate amount of damages.

With respect to certain matters described herein, management has estimated the upper end of the range of reasonably possible loss to be approximately \$1.9 million. Under ASC Topic 450, *Contingencies - Loss Contingencies*, an event is reasonably possible if the chance of the future event or events occurring is more than remote but less than likely and an event is remote if the chance of the future event or events occurring is slight. Thus, references to the upper end of the range of reasonably possible loss for cases in which the Company is able to estimate a range of reasonably possible loss mean the upper end of the range of loss for cases for which the Company believes the risk of loss is more than slight.

Management is unable to estimate a range of reasonably possible loss for cases described below in which damages have not been specified and (i) the proceedings are in early stages, (ii) there is uncertainty as to the likelihood of a class being certified or the ultimate size of the class, (iii) there is uncertainty as to the outcome of pending appeals or motions, (iv) there are significant factual issues to be resolved, and/or (v) there are novel legal issues presented. However, for these cases, management does not believe, based on currently available information, that the outcomes of these proceedings will have a material adverse effect on the Company's financial condition, though the outcomes could be material to the Company's operating results for any particular period, depending, in part, upon the operating results for such period.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

In situations where management believes that a loss arising from such proceedings is probable and can reasonably be estimated, the Company records the amount of the loss, or the minimum estimated liability when the loss is estimated using a range and no amount within the range is more probable than another. As additional information becomes available, any potential liability related to these proceedings is assessed and the estimates are revised, if necessary. The amounts reserved for such proceedings (primarily landlord-tenant disputes) totaled approximately \$8.0 million as of March 29, 2012. Management believes any additional liability with respect to these claims and disputes will not be material in the aggregate to the Company's consolidated financial position, results of operations or cash flows.

Our theatres must comply with Title III of the Americans with Disabilities Act of 1990 (the ADA) to the extent that such properties are public accommodations and/or commercial facilities as defined by the ADA. Compliance with the ADA requires that public accommodations reasonably accommodate individuals with disabilities and that new construction or alterations made to commercial facilities conform to accessibility guidelines unless structurally impracticable for new construction or technically infeasible for alterations. Non-compliance with the ADA could result in the imposition of injunctive relief, fines, awards of damages to private litigants and additional capital expenditures to remedy such non-compliance.

In prior years, private litigants and the Department of Justice (DOJ) had filed claims against the Company alleging that a number of theatres with stadium seating violated the ADA because these theatres allegedly failed to provide wheelchair-bound patrons with lines of sight comparable to those available to other members of the

Table of Contents

general public and denied persons in wheelchairs access to the stadium portion of the theatres. On June 8, 2005, Regal reached an agreement with the DOJ resolving and dismissing the private litigants' claims and all claims made by the United States under the ADA. On December 9, 2010, the parties renewed the Consent Decree for another three year term. From time to time, the Company receives claims that the stadium seating offered by theatres allegedly violates the ADA. In these instances, the Company seeks to resolve or dismiss these claims based on the terms of the DOJ settlement or under applicable ADA standards.

The Company believes that it is in substantial compliance with all current applicable regulations relating to accommodations for the disabled. The Company intends to comply with future regulations in this regard and except as set forth above, does not currently anticipate that compliance will require the Company to expend substantial funds.

In addition, from time to time, the Company receives letters from the state officials in states where we operate theatres regarding investigation into the accessibility of theatres to persons with visual impairments or that are deaf or hard of hearing. On July 20, 2010, the DOJ issued Advance Notice of Proposed Rulemaking concerning the provision of closed captioning and descriptive audio within the theatre environment. Significantly, this is the first time the DOJ has stated that open captioning may not be required by the ADA. However, by so stating, the DOJ has implied that closed captioning may be required. The Company believes it provides the members of the visually and hearing impaired communities with reasonable access to the movie-going experience but has announced its intention to deploy new digital captioning and descriptive video systems during 2012 and 2013 that should meet all such potential requirements or expectations of any federal, state or individual concerns.

The Company's theatre operations are also subject to federal, state and local laws governing such matters as wages, working conditions, citizenship and health and sanitation and environmental protection requirements. We believe that we are in compliance with such current applicable laws and regulations.

## **7. RELATED PARTY TRANSACTIONS**

During the quarters ended March 29, 2012 and March 31, 2011, Regal Cinemas incurred less than \$0.1 million of expenses payable to Anschutz affiliates for certain advertising services. Also during the quarters ended March 29, 2012 and March 31, 2011, Regal Cinemas received less than \$0.1 million from an Anschutz affiliate for rent and other expenses related to a theatre facility.

During each of the quarters ended March 29, 2012 and March 31, 2011, the Company received approximately \$0.1 million from an Anschutz affiliate for management fees related to a theatre site in Los Angeles, California.

## **8. EARNINGS (LOSS) PER SHARE**

We compute earnings (loss) per share of Class A and Class B common stock using the two-class method. Basic earnings (loss) per share is computed using the weighted average number of common shares outstanding during the period. Diluted earnings (loss) per share is computed using the weighted average number of common shares and, if dilutive, common stock equivalents outstanding during the period. Potential

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

common stock equivalents consist of the incremental common shares issuable upon the exercise of common stock options, restricted stock and performance shares, the assumed conversion of the 6¼% Convertible Senior Notes and the warrant issued in connection with the 6¼% Convertible Senior Notes. The dilutive effect of outstanding stock options, restricted shares, performance shares and the warrant issued in connection with the 6¼% Convertible Senior Notes is reflected in diluted earnings (loss)

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

### Table of Contents

per share by application of the treasury-stock method. The dilutive effect of assumed conversion of the 6¼% Convertible Senior Notes is reflected in diluted earnings (loss) per share by application of the if-converted method. In addition, the computation of the diluted earnings (loss) per share of Class A common stock assumes the conversion of Class B common stock, while the diluted earnings (loss) per share of Class B common stock does not assume the conversion of those shares.

The rights, including the liquidation and dividend rights, of the holders of our Class A and Class B common stock are identical, except with respect to voting. The undistributed earnings (loss) for the periods presented are allocated based on the contractual participation rights of the Class A and Class B common shares as if the earnings (loss) for the periods presented had been distributed. As the liquidation and dividend rights are identical, the undistributed earnings are allocated on a proportionate basis. Further, as we assume the conversion of Class B common stock in the computation of the diluted earnings (loss) per share of Class A common stock, the undistributed earnings (loss) are equal to net income attributable to controlling interest for that computation.

The following table sets forth the computation of basic and diluted earnings (loss) per share of Class A and Class B common stock (in millions, except share and per share data):

	Quarter Ended March 29, 2012		Quarter Ended March 31, 2011	
	Class A	Class B	Class A	Class B
<b>Basic earnings (loss) per share:</b>				
<b>Numerator:</b>

- (1) No amount reported as the impact on earnings (loss) per share of Class A common stock would have been antidilutive.

## 9. RECENT ACCOUNTING PRONOUNCEMENTS

In January 2010, the FASB issued Accounting Standards Update ( ASU ) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) Improving Disclosures about Fair Value Measurements*, ( ASU 2010-06 ). This Update provides a greater level of disaggregated information and enhanced disclosures about valuation techniques and inputs to fair value measurements. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009 and became effective for the Company as of April 1, 2010 except for certain disclosure requirements. Disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years and became effective for the Company as of the beginning of fiscal 2011.

In May 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurements (Topic 820) Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, ( ASU 2011-04 ). This Update clarifies the wording and disclosures required in ASC Topic 820, *Fair Value Measurement* ( ASC 820 ), to converge with those used in International Financial Reporting Standards. The update explains how to measure and disclose fair value under ASC 820. However, the FASB does not expect the changes in this update to alter the current application of the requirements in ASC 820. ASU 2011-04 is effective for interim and annual periods beginning after December 15, 2011. ASU 2011-04 became effective for the Company as of the beginning of fiscal 2012.

In September 2011, the FASB issued ASU No. 2011-08, *Intangibles Goodwill and Other (Topic 350) Testing Goodwill for Impairment* ( ASU 2011-08 ), to allow entities to use a qualitative approach to test goodwill for impairment. ASU 2011-08 permits an entity to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying value. If it is concluded that this is the case, it is necessary to perform the currently prescribed two-step goodwill impairment test. Otherwise, the two-step goodwill impairment test is not required. ASU 2011-08 is effective for interim and annual periods beginning after December 15, 2011, with early adoption permitted. ASU 2011-08 became effective for the Company as of the beginning of fiscal 2012.

In December 2011, the FASB issued ASU No. 2011-12, *Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in ASU 2011-05* ( ASU 2011-12 ). ASU 2011-12 defers the specific requirement within ASU 2011-05 to present on the face of the financial statements items that are reclassified from accumulated other comprehensive income to net income separately with their respective components of net income and other comprehensive income. This guidance is effective for interim and annual periods beginning after December 15, 2011, and is to be applied retrospectively. ASU 2011-12 became effective for the Company as of the beginning of fiscal 2012 and has been applied retrospectively.

## 10. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the entity transacts. The inputs used to develop these fair value measurements are established in a hierarchy, which ranks the quality and reliability of the information used to determine fair value. The fair value classification is based on levels of inputs. Assets and liabilities that are carried at fair value are classified and disclosed in one of the following categories described in ASC Topic 820:

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

Table of Contents

The following table summarizes the fair value hierarchy of the Company's financial assets and liabilities carried at fair value on a recurring basis as of March 29, 2012:

	Total Carrying Value at March 29, 2012	Fair Value Measurements at March 29, 2012 Using		
		Quoted prices in active market (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
(in millions)				
<b>Assets:</b>				
Equity securities, available-for-sale(1)	\$ 15.9	\$ 15.9	\$	\$
Total assets at fair value	\$ 15.9	\$ 15.9	\$	\$
<b>Liabilities:</b>				
Interest rate swaps(2)	\$ 12.8	\$	\$ 12.8	\$
Total liabilities at fair value	\$ 12.8	\$	\$ 12.8	\$

(1) The Company maintains an investment in RealD, Inc., an entity specializing in the licensing of 3D technologies. In connection with the RealD, Inc. motion picture license agreement, the Company received 1,222,780 shares of RealD, Inc. common stock during fiscal 2010. The fair value of the RealD, Inc. shares is determined using RealD, Inc.'s publicly traded common stock price, which falls under Level 1 of the valuation hierarchy. The held shares of RealD, Inc. stock are accounted for as available-for-sale equity securities and recurring fair value adjustments to these shares are recorded to Other Non-Current Assets with a corresponding entry to Accumulated other comprehensive loss, net on a quarterly basis. During the quarter ended March 29, 2012, the Company recorded an increase to its investment in RealD, Inc. of approximately \$6.1 million and a corresponding entry (\$3.7 million, net of tax) to Accumulated other comprehensive loss, net.

(2) The fair value of the Company's interest rate swaps described in Note 3 Debt Obligations is based on Level 2 inputs, which include observable inputs such as dealer quoted prices for similar assets or liabilities, and represents the estimated amount Regal Cinemas would receive or pay to terminate the agreements taking into consideration various factors, including current interest rates, credit risk and counterparty credit risk. The counterparties to the Company's interest rate swaps are major financial institutions. The Company evaluates the bond ratings of the financial institutions and believes that credit risk is at an acceptably low level. As of March 29, 2012, the aggregate fair value the Company's interest rate swaps was determined to be approximately \$(12.8) million, which was recorded as components of Other Non-Current Liabilities (\$5.2 million) and Accrued expenses (\$7.6 million) with a corresponding amount of \$(7.8) million, net of tax, recorded to Accumulated other comprehensive loss, net. As of December 29, 2011, the aggregate fair value the Company's interest rate swaps was determined to be approximately \$(15.0) million, which was recorded as components of Other Non-Current Liabilities (\$4.5 million) and Accrued expenses (\$10.5 million) with a corresponding amount of \$(9.1) million, net of tax, recorded to Accumulated other comprehensive loss, net. These interest rate swaps exhibited no ineffectiveness during the quarters ended March 29, 2012 and March 31, 2011 and accordingly, the net gain on the swaps of \$1.3 million and \$5.4 million, respectively, were reported as a component of other comprehensive income for the quarters ended March 29, 2012 and March 31, 2011.

In addition, the Company is required to disclose the fair value of financial instruments that are not recognized in the statement of financial position for which it is practicable to estimate that value. The methods and assumptions used to estimate the fair value of each class of financial instrument are as follows:

*Cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities:*

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

The carrying amounts approximate fair value because of the short maturity of these instruments.

### *Long-Lived Assets, Intangible Assets and Other Investments*

As further described in Note 2 to the 2011 Audited Consolidated Financial Statements and incorporated by reference herein, the Company regularly reviews long-lived assets (primarily property and equipment), intangible assets and investments in non-consolidated entities accounted for under the equity method, for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be fully recoverable. When the estimated fair value is determined to be lower than the carrying value of the asset, an impairment charge is recorded to write the asset down to its estimated fair value.

The Company's analysis relative to long-lived assets resulted in the recording of impairment charges of \$6.7 million for the quarter ended March 31, 2011. The long-lived asset impairment charges recorded were specific to theatres that were directly and individually impacted by increased competition, adverse changes in market demographics or adverse changes in the development or the conditions of the areas surrounding the theatre. No

Table of Contents

impairment relative to such long-lived assets was recorded during the quarter ended March 29, 2012. In addition, the Company did not record an impairment of any intangible assets or investments in non-consolidated subsidiaries accounted for under the equity method for the quarters ended March 29, 2012 and March 31, 2011.

*Long term obligations, excluding capital lease obligations, lease financing arrangements and other:*

The fair value of the Amended Senior Credit Facility described in Note 3 Debt Obligations, which consists of the New Term Loans and the Revolving Facility, is estimated based on quoted prices (Level 2 inputs as described in ASC Topic 820) as of March 29, 2012 and December 29, 2011. The associated interest rates are based on floating rates identified by reference to market rates and are assumed to approximate fair value. The fair values of the 91/8% Senior Notes and the 85/8% Senior Notes are estimated based on quoted prices (Level 1 inputs as described in ASC Topic 820) for these issuances as of March 29, 2012 and December 29, 2011. The aggregate carrying values and fair values of long-term debt at March 29, 2012 and December 29, 2011 consist of the following:

	March 29, 2012	(in millions)		December 29, 2011
Carrying value	\$	1,923.3	\$	1,926.0
Fair value	\$	2,015.7	\$	1,989.8

**11. SUBSEQUENT EVENTS**

On March 31, 2012, one of our interest rate swap agreements designated to hedge approximately \$250.0 million of variable rate obligations matured. This swap required Regal Cinemas to pay interest at 2.353% and receive interest of a variable rate.

On May 1, 2012, the Company declared a cash dividend of \$0.21 per share on each share of the Company's Class A and Class B common stock (including outstanding restricted stock), payable on June 15, 2012, to stockholders of record on June 5, 2012.

**12. CONDENSED CONSOLIDATING FINANCIAL INFORMATION**

On July 15, 2009, Regal Cinemas issued \$400.0 million in aggregate principal amount of the 85/8% Senior Notes. The 85/8% Senior Notes are fully and unconditionally guaranteed on a joint and several senior unsecured basis by Regal and all of Regal Cinemas' existing and future domestic restricted subsidiaries that guarantee Regal Cinemas' other indebtedness (the "Subsidiary Guarantors").

The following condensed consolidating financial information, which has been prepared in accordance with the requirements for presentation of Rule 3-10(d) of Regulation S-X promulgated by the Commission, presents the condensed consolidating financial information separately for:

Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

- (i) Regal, which is a guarantor of the 85/8% Senior Notes;
  
- (ii) Regal Cinemas, which is the issuer of the 85/8% Senior Notes;
  
- (iii) The Subsidiary Guarantors, on a combined basis, which are guarantors of the 85/8% Senior Notes;
  
- (iv) The non-guarantor subsidiaries, on a combined basis, which are not guarantors of the 85/8% Senior Notes;
  
- (v) Consolidating entries and eliminations representing adjustments to (a) eliminate intercompany transactions between or among Regal, Regal Cinemas, the Subsidiary Guarantors and the non-guarantor subsidiaries, (b) eliminate the investments in our subsidiaries and (c) record consolidating entries; and
  
- (vi) Regal and its subsidiaries on a consolidated basis.

**Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*Some of the information in this Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). All statements other than statements of historical facts included in this Form 10-Q, including, without limitation, certain statements under Management's Discussion and Analysis of Financial Condition and Results of Operations, may constitute forward-looking statements. In some cases you can identify these forward-looking statements by words like may, will, should, expects, plans, anticipates, believes, estimates, predicts, potential or continue or the negative of those words and other comparable words. These forward-looking statements involve risks and uncertainties. Our actual results could differ materially from those indicated in these statements as a result of certain factors as more fully discussed under the heading Risk Factors contained in our annual report on Form 10-K filed on February 27, 2012 with the Commission (File No. 001-31315) for the Company's fiscal year ended December 29, 2011. The following discussion and analysis should be read in conjunction with the unaudited condensed consolidated financial statements and notes thereto included herein.*

**Overview and Basis of Presentation**

We conduct our operations through our wholly owned subsidiaries. We operate the largest and most geographically diverse theatre circuit in the United States, consisting of 6,587 screens in 523 theatres in 37 states and the District of Columbia as of March 29, 2012. We believe the size, reach and quality of our theatre circuit provide an exceptional platform to realize economies of scale from our theatre operations. We also maintain an investment in National CineMedia, which concentrates on in-theatre advertising. The Company manages its business under one reportable segment: theatre exhibition operations.

We generate revenues primarily from admissions and concession sales. Additional revenues are generated by our vendor marketing programs, our relationship with National CineMedia, our gift card and discount ticket programs and various other activities in our theatres. Film rental costs depend on a variety of factors, including the prospects of a film, the popularity and box office revenues of a film, and such film rental costs generally increase as the admissions revenues generated by a film increase. Because we purchase certain concession items, such as fountain drinks and popcorn, in bulk and not pre-packaged for individual servings, we are able to improve our margins by negotiating volume discounts. Other operating expenses consist primarily of theatre labor and occupancy costs.

The Company's revenues are usually seasonal, coinciding with the timing of releases of motion pictures by the major distributors. Generally, motion picture studios release the most marketable motion pictures during the summer and holiday seasons. The unexpected emergence or continuance of a hit film during other periods can alter the traditional pattern. The timing of movie releases can have a significant effect on the Company's results of operations, and the results of one fiscal quarter are not necessarily indicative of the results for the next or any other fiscal quarter. The seasonality of motion picture exhibition, however, has become less pronounced as motion picture studios are releasing motion pictures somewhat more evenly throughout the year. The Company does not believe that inflation has had a material impact on its financial position or results of operations.

For a summary of industry trends as well as other risks and uncertainties relevant to the Company, see Business Industry Overview and Trends and Risk Factors contained in our annual report on Form 10-K for the fiscal year ended December 29, 2011 and incorporated herein by reference and Results of Operations below.

**Critical Accounting Estimates**

For a discussion of accounting policies that we consider critical to our business operations and the understanding of our results of operations and affect the more significant judgments and estimates used in the preparation of our unaudited condensed consolidated financial statements, please refer to Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations - Critical Accounting Estimates - contained in our annual report on Form 10-K for the fiscal year ended December 29, 2011 and incorporated

Table of Contents

by reference herein. As of March 29, 2012, there were no significant changes in our critical accounting policies or estimation procedures.

**Significant Events**

For a discussion of other significant operating, financing and investing transactions which have occurred through December 29, 2011, please refer to Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources included in Part II, Item 7 of our annual report on Form 10-K for the fiscal year ended December 29, 2011 and incorporated herein by reference.

During the quarter ended March 29, 2012 ( Q1 2012 Period ), we continued to make progress with respect to the following strategic initiatives:

- We demonstrated our commitment to providing incremental value to our stockholders. Total cash dividends distributed to our stockholders during the Q1 2012 Period totaled approximately \$33.9 million.
- We closed 4 theatres with 27 screens, ending the Q1 2012 Period with 523 theatres and 6,587 screens.
- We continued to embrace innovative concepts to deliver a premium movie-going experience for our customers on three complementary fronts:

Our IMAX® footprint consisted of a total of 66 IMAX® screens as of March 29, 2012. We believe that expanding our IMAX® footprint will continue to have a positive impact on our operating results. To that end, we installed one additional IMAX® theatre system during April 2012 and expect to expand our IMAX® footprint to between 70 to 75 auditoriums by the end of 2012. During the Q1 2012 Period, we added our proprietary large screen format known as Regal Premium Experience ( RPXSM ) to one auditorium, bringing our total to 18 RPXSM screens as of as of March 29, 2012. We have been encouraged by the results of RPXSM screens and expect to expand our RPXSM footprint to between 30 and 35 auditoriums by the end of 2012. We believe the installation of IMAX® theatres systems and the conversion of existing auditoriums to RPXSM auditoriums allow us to offer our patrons premium movies and all-digital large format experiences that we believe generate incremental revenue and cash flows for the Company.

Second, to continually address consumer trends and customer preferences, we have expanded our menu of food and beverage products to include hot made-to-order meals, customizable coffee, healthy snacks, alcohol and other specialty products in select theatres. To that end, during the Q1 2012 Period, we offered expanded food items in 28 theatres and also offered beer and wine in other locations. We expect to offer expanded food items in approximately 10 to 15 additional theatres during the second quarter of 2012. We believe that the enhancement of our food and beverage offerings has had a positive effect on our attendance and operating results and expect to continue to invest in such food and beverage offerings in our theatres.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

Third, we continued our focus on interactive marketing programs aimed at increasing attendance and enhancing the overall customer experience. For example, during the Q1 2012 Period, we launched a new mobile application designed to give customers quick access to box office information via their Apple iPhone® or Android™ phone. The application provides customers the ability to find films, movie information, showtimes, special offers from Regal and purchase tickets for local theatres, thereby expediting the admissions process. Additionally, the application will help customers stay up-to-date on the latest coupons, sweepstakes, and Regal Crown Club® loyalty program promotions.

- Finally, we continue to believe that Open Road Films has a unique opportunity to fill a gap in the marketplace created by the major studios' big-budget franchise film strategy by marketing smaller budget films in a cost-effective manner which we believe will drive additional patrons to our

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

### Table of Contents

theaters and generate a return on our capital investment. During the Q1 2012 Period, Open Road Films released *The Grey* and *Silent House*, in addition to releasing *Killer Elite* on DVD. Open Road Films expects to distribute a total of approximately six to eight films during fiscal 2012 and eventually distribute approximately eight to ten films per year. As of March 29, 2012, we have invested \$20.0 million in cash in Open Road Films and ultimately expect to invest up to \$30.0 million in this joint venture. We account for our investment in Open Road Films using the equity method of accounting. We believe our investment in Open Road Films will generate incremental value for our stockholders.

### Results of Operations

Based on our review of industry sources, North American box office revenues for the time period that corresponds to Regal's first fiscal quarter of 2012 were estimated to have increased by approximately 20 to 21 percent in comparison to the first quarter of 2011. The industry's box office results were positively impacted by strong attendance from premium format pictures during the first quarter of 2012, including *The Hunger Games* and *Dr. Suess' The Lorax*, and the commercial appeal of the overall film slate during the quarter.

The following table sets forth the percentage of total revenues represented by certain items included in our unaudited condensed consolidated statements of income (loss) for the Q1 2012 Period and the quarter ended March 31, 2011 ( Q1 2011 Period ) (dollars in millions, except average ticket prices and average concessions per patron):

	Q1 2012 Period		Q1 2011 Period

\* *Not meaningful*

(1) Percentage of revenues calculated as a percentage of admissions revenues.

Table of Contents

(2) Percentage of revenues calculated as a percentage of concessions revenues.

(3) Percentage of revenues calculated as a percentage of total revenues.

(4) Calculated as admissions revenues/attendance.

(5) Calculated as concessions revenues/attendance.

***Admissions***

During the Q1 2012 Period, total admissions revenues increased \$79.7 million, or 20.2%, to \$474.1 million, from \$394.4 million in the Q1 2011 Period. A 16.1% increase in attendance, coupled with a 3.6% increase in average ticket prices, led to the increase in the Q1 2012 Period admissions revenues. We believe that our attendance is primarily dependent upon the commercial appeal of content released by the motion picture studios. The Q1 2012 Period increase in attendance was primarily attributable to strong attendance from premium format pictures during the first quarter of 2012, including *The Hunger Games* and *Dr. Seuss' The Lorax*, and the commercial appeal of the overall film slate during the Q1 2012 Period as compared to that of the Q1 2011 Period. For the Q1 2012 Period, the average ticket price increased 3.6% due the success of premium-priced films exhibited during the period and from selective price increases identified during our ongoing periodic pricing reviews (which include analysis of various factors such as general inflationary trends and local market conditions). Based on our review of certain industry sources, the increase in our admissions revenues on a per screen basis exceeded the industry's results for the Q1 2012 Period as compared to the Q1 2011 Period.

***Concessions***

Total concessions revenues increased \$28.7 million, or 19.0%, to \$180.0 million in the Q1 2012 Period, from \$151.3 million in the Q1 2011 Period. Average concessions revenues per patron during the Q1 2012 Period increased 2.4%, to \$3.35, from \$3.27 for the Q1 2011 Period. The increase in total concessions revenues during the Q1 2012 Period was attributable to the aforementioned increase in attendance during the period coupled with an increase in average concessions revenues per patron. The increase in average concessions revenues per patron for the Q1 2012 Period was primarily a result of an increase in popcorn and beverage sales volume during the period.

***Other Operating Revenues***

During the Q1 2012 Period, other operating revenues increased \$5.6 million, or 22.2%, to \$30.8 million, from \$25.2 million in the Q1 2011 Period. Included in other operating revenues are the theatre access fees paid by National CineMedia (net of payments for onscreen advertising time provided to our beverage concessionaire), revenues from our vendor marketing programs and other theatre revenues, including revenue

related to our gift card and discount ticket programs. The increase in other operating revenues during the Q1 2012 Period was primarily driven by increases in revenues from our vendor marketing programs, increases in attendance-driven theatre access fees and increases in advance ticketing revenues.

***Film Rental and Advertising Costs***

Film rental and advertising costs as a percentage of admissions revenues increased to 49.9% during the Q1 2012 Period from 49.7% in the Q1 2011 Period. The increase in film rental and advertising costs as a percentage of admissions revenues during the Q1 2012 Period was primarily attributable to higher film costs associated with the success of the top tier films exhibited during the Q1 2012 Period. Film rental and advertising costs as a percentage of admissions revenues for the Q1 2012 Period was in line with the Company's historical first quarter average.

***Cost of Concessions***

For the Q1 2012 Period, cost of concessions as a percentage of concessions revenues was approximately 13.2%, compared to 13.5% for the Q1 2011 Period. The decrease in cost of concessions as a percentage of concessions revenues during the Q1 2012 Period as compared to the Q1 2011 Period was primarily related to an increase in the amount of vendor marketing revenue recorded as a reduction of cost of concessions during the period.

Table of Contents

***Rent Expense***

Rent expense increased by \$0.4 million, or 0.4%, to \$94.1 million in the Q1 2012 Period, from \$93.7 million in the Q1 2011 Period. The increase in rent expense during the Q1 2012 Period was primarily attributable increases in contingent rent associated with the increase in admissions and concessions revenues during the Q1 2012 Period.

***Other Operating Expenses***

During the Q1 2012 Period, other operating expenses increased by \$1.5 million, or 0.9%, to \$176.8 million, from \$175.3 million in the Q1 2011 Period. The increase in other operating expenses during the Q1 2012 Period was attributable to an increase in costs associated with higher premium-priced film revenues, partially offset by a reduction in certain non-rent occupancy costs. The reduction in other operating expenses as a percentage of total revenues during the Q1 2012 Period was the result of our continued focus and ability to control variable costs.

***General and Administrative Expenses***

General and administrative expenses decreased \$1.0 million, or 6.0%, to \$15.8 million during the Q1 2012 Period, from \$16.8 million in the Q1 2011 Period. As a percentage of total revenues, general and administrative expenses decreased to 2.3% during the Q1 2012 Period, from 2.9% in the Q1 2011 Period. The decrease in general and administrative expenses during the Q1 2012 Period was primarily attributable to reductions in corporate payroll and travel expenses, and to a lesser extent, decreases in legal and professional fees incurred during the period, partially offset by an increase in stock-based compensation expense.

***Depreciation and Amortization***

During the Q1 2012 Period, depreciation and amortization expense decreased \$5.1 million, or 9.8%, to \$46.9 million, from \$52.0 million in the Q1 2011 Period. The decrease in depreciation and amortization expense during the Q1 2012 Period as compared to the Q1 2011 Period was primarily due to a reduction in depreciation related to the replacement of owned 35mm film projectors with leased digital projection systems.

***Income from Operations***

Income from operations increased \$81.1 million to \$90.8 million during the Q1 2012 Period, from \$9.7 million in the Q1 2011 Period. The net increase in income from operations during the Q1 2012 Period as compared to the Q1 2011 Period was primarily attributable to the increase in total revenues and a \$6.7 million lower loss on disposal and impairment of operating assets during for the Q1 2012 Period, partially offset by increases in certain Q1 2012 Period variable operating expense line items described above.

*Interest Expense, net*

During the Q1 2012 Period, net interest expense decreased \$3.0 million, or 7.7%, to \$36.0 million, from \$39.0 million in the Q1 2011 Period. The decrease in net interest expense during the Q1 2012 Period was principally due to a lower effective interest rate on our Term Facility as a result of a change in our interest rate swap portfolio subsequent to the Q1 2011 Period, lower non-cash interest expense and a reduction in interest expense resulting from the repurchases of our 6¼% Convertible Senior Notes during the Q1 2011 Period, partially offset by incremental interest expense associated with Q1 2011 Period issuance of \$250.0 million in aggregate principal amount of our 91/8% Senior Notes.

*Earnings Recognized from NCM*

Earnings recognized from NCM increased \$0.2 million, or 1.5%, to \$13.8 million in the Q1 2012 Period, from \$13.6 million in the Q1 2011 Period. The Company received \$17.1 million and \$16.4 million, respectively, in cash distributions from National CineMedia (including payments received of \$8.5 million and \$6.8 million, respectively, under the tax receivable agreement described more fully in Note 4 to the 2011 Audited Consolidated Financial Statements) during the Q1 2012 Period and Q1 2011 Period. Approximately \$3.4 million and \$2.9 million, respectively, of these cash distributions received during the Q1 2012 Period and the Q1 2011 Period were recognized as a reduction in our investment in National CineMedia. The remaining amounts were recognized in

Table of Contents

equity earnings during each of these periods and have been included as a component of Earnings recognized from NCM in the accompanying unaudited condensed consolidated financial statements.

***Income Taxes***

The provision for (benefit from) income taxes of \$25.2 million and \$(14.3) million for the Q1 2012 Period and the Q1 2011 Period, respectively, reflect effective tax rates of approximately 35.2% and 37.6%, respectively. The decrease in the effective tax rate for the Q1 2012 Period is primarily attributable to changes in uncertain tax positions with state taxing authorities resulting from the lapse of statutes of limitations. The effective tax rates for such periods also reflect the impact of certain non-deductible expenses and income tax credits.

***Net Income (Loss) Attributable to Controlling Interest***

Net income attributable to controlling interest for the Q1 2012 Period was \$46.3 million, which represents an increase of \$69.9 million, from net loss attributable to controlling interest of \$(23.6) million during the Q1 2011 Period. The increase in net income attributable to controlling interest for the Q1 2012 Period was primarily attributable to an increase in operating income as described above, the Q1 2011 Period loss on debt extinguishment associated with the Amended Senior Credit Facility, partially offset by an increase in the provision for income taxes during the Q1 2012 Period.

**Liquidity and Capital Resources**

On a consolidated basis, we expect our primary uses of cash to be for operating expenses, capital expenditures, investments, general corporate purposes related to corporate operations, debt service and the Company's quarterly dividend payments. The principal sources of liquidity are cash generated from operations, cash on hand and borrowings under the Amended Senior Credit Facility described below. Under the terms of the Amended Senior Credit Facility and the 85/8% Senior Notes issued during fiscal 2009, Regal Cinemas is restricted as to how much it can advance or distribute to Regal, its indirect parent. Since Regal is a holding company with no significant assets other than the stock of its subsidiaries, this restriction could impact Regal's ability to effect future debt or dividend payments, pay corporate expenses or redeem, repurchase or retire for cash its 91/8% Senior Notes. In addition, as described further below, the Indenture under which the 91/8% Senior Notes are issued limits the Company's (and its restricted subsidiaries') ability to, among other things, incur additional indebtedness, pay dividends on or make other distributions in respect of its capital stock, purchase or redeem capital stock, make loans or advances to its subsidiaries (or the Company), or purchase, redeem or otherwise acquire or retire certain subordinated obligations.

***Operating Activities***

Our revenues are generated principally through admissions and concessions sales with proceeds received in cash or via credit cards at the point of sale. Our operating expenses are primarily related to film and advertising costs, rent and occupancy, and payroll. Film costs are ordinarily paid to distributors within 30 days following receipt of admissions revenues and the cost of the Company's concessions are generally paid to vendors approximately 30 to 35 days from purchase. Our current liabilities generally include items that will become due within 12 months. In

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

addition, from time to time, we use cash from operations and borrowings to fund dividends in excess of net income attributable to controlling interest and cash flows from operating activities less cash flows from investing and other financing activities. As a result, at any given time, our balance sheet may reflect a working capital deficit.

As further described in Note 2 Investments, the Company maintains an investment in National CineMedia, a pass-through entity for federal income tax purposes. The IRS is currently examining National CineMedia's 2007 and 2008 income tax returns and has proposed an adjustment related to agreements entered into in conjunction with NCM Inc.'s IPO. Management is currently evaluating the proposed adjustment but does not anticipate the adjustment would result in a material change to the Company's results of operations or financial position. The Company believes that it is reasonably possible that an increase in unrecognized tax benefits related to this position may be necessary within the next twelve months, however the amount of such unrecognized tax benefits is not reasonably estimable as of March 29, 2012.

Table of Contents

Net cash flows provided by operating activities totaled approximately \$117.5 million and \$42.2 million for the Q1 2012 Period and the Q1 2011 Period, respectively. The \$75.3 million increase in net cash flows generated by operating activities for the Q1 2012 Period as compared to the Q1 2011 Period was caused by a \$54.1 million increase in net income excluding non-cash items coupled with a positive fluctuation in working capital activity of approximately \$21.2 million. Working capital activity was primarily impacted by positive fluctuations in accounts payable activity (primarily film rental liabilities) during the Q1 2012 Period as compared to the Q1 2011 Period. The positive fluctuation in accounts payable activity was primarily due to the timing of film and certain other vendor payments associated with increased attendance and admissions revenues at our theaters during the latter part of the Q1 2012 Period.

*Investing Activities*

Our capital requirements have historically arisen principally in connection with acquisitions of theatres, new theatre construction, strategic partnerships, adding new screens to existing theatres, upgrading the Company's theatre facilities and replacing equipment. We fund the cost of capital expenditures through internally generated cash flows, cash on hand, proceeds from disposition of assets and financing activities.

We maintain an investment in DCIP, a joint venture company formed by Regal, AMC and Cinemark. During the quarter ended March 29, 2012, the Company effected equity contributions of approximately \$3.0 million to DCIP, and expects to make additional equity contributions in the future. DCIP's initial financing, coupled with a second round of financing completed in March 2011 (which consisted of a new \$220.0 million term loan facility), will cover the cost of conversion to digital projection for our entire circuit. DCIP funds the cost of conversion to digital projection principally through the collection of virtual print fees from motion picture studios and equipment lease payments from participating exhibitors, including us. In accordance with the Master Lease, the digital projection systems are leased from Kasima, LLC under a twelve-year term with ten one-year fair value renewal options. The Master Lease also contains a fair value purchase option. Under the Master Lease, the Company pays annual minimum rent of \$1,000 per digital projection system from the effective date of the agreement through the end of the lease term and is, upon certain conditions described below, subject to incremental annual rent of \$2,000 per digital projection system beginning at six and a half years from the effective date of the agreement through the end of the lease term. In the event that the junior capital raised by DCIP in the initial financing transactions remains outstanding at any time on or after the date that is six and a half years after the closing date of March 2010, the holders of the related notes will have the right to require the Company and other participating exhibitors to make incremental minimum rent payments of \$2,000 per digital projection system per year through the earlier of the end of the lease term or until such notes are repaid. The Company considers both the \$1,000 minimum rental and the incremental minimum rental payment of \$2,000 per digital projection system to be minimum rents and accordingly has recorded such rents on a straight-line basis in its consolidated financial statements. The Company is also subject to various types of other rent if such digital projection systems do not meet minimum performance requirements as outlined in the Master Lease. Certain of the other rent payments are subject to either a monthly or an annual maximum. The Company accounts for the Master Lease as an operating lease for accounting purposes. During the quarters ended March 29, 2012 and March 31, 2011, the Company incurred total rent of approximately \$2.7 million and \$1.3 million, respectively, associated with the leased digital projection systems.

During the year ended December 29, 2011, we completed our deployment of 3D compatible digital projection systems across our circuit. We believe the installation of 3D digital projection systems and IMAX® theatres systems and the conversion of existing auditoriums to RPXSM auditoriums allow us to offer our patrons premium 3D movies and large all-digital format experiences that we believe generate incremental revenue and cash flows for the Company. As of March 29, 2012, we operated 5,342 screens outfitted with digital projection systems. We expect to outfit substantially all of our screens with digital projection systems by late 2012 or early 2013.

We intend to continue to grow our theatre circuit through selective expansion and acquisition opportunities. The Company has a formal and intensive review procedure for the authorization of capital projects, with the most important financial measure of acceptability for a discretionary non-maintenance capital project being whether its projected discounted cash flow return on investment meets or exceeds the Company's internal

rate of return targets.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

### Table of Contents

The credit crisis of late 2008 and early 2009 negatively impacted real estate development and caused a temporary slowdown in our building program in fiscal 2010 and 2011. We currently expect capital expenditures (net of proceeds from asset sales) for theatre development, expansion, upgrading and replacements to return to more normalized levels and in the range of approximately \$105.0 million to \$120.0 million in fiscal year 2012, exclusive of acquisitions.

As described more fully in Note 2 Investments, during the Q1 2012 Period, we received from National CineMedia approximately 0.1 million newly issued common units of National CineMedia in accordance with the annual adjustment provisions of the Common Unit Adjustment Agreement. This transaction caused a proportionate increase in the Company's Additional Investments Tranche and increased our ownership share in National CineMedia to 22.1 million common units. As a result, on a fully diluted basis, we own a 19.8% interest in NCM, Inc. as of March 29, 2012.

During the fiscal 2011, we announced the creation of Open Road Films. We continue to believe that Open Road Films has a unique opportunity to fill a gap in the marketplace created by the major studios' big-budget franchise film strategy by marketing smaller budget films in a cost-effective manner which we believe will drive additional patrons to our theaters and generate a return on our capital investment. Open Road Films expects to eventually distribute approximately eight to ten films per year. As of March 29, 2012, we have invested \$20.0 million in cash contributions in Open Road Films and ultimately expect to invest up to \$30.0 million in this new joint venture. We account for our investment in Open Road Films using the equity method of accounting.

Net cash flows used in investing activities totaled approximately \$13.9 million and \$28.8 million for the Q1 2012 Period and the Q1 2011 Period, respectively. The \$14.9 million decrease in cash flows used in investing activities during the Q1 2012 Period, as compared to the Q1 2011 Period, was primarily attributable to an \$8.8 million reduction in net capital expenditures during the Q1 2012 Period and a \$6.1 million decrease in cash contributions to our various investments in non-consolidated entities during the Q1 2012 Period as compared to the Q1 2011 Period.

### *Financing Activities*

On January 4, 2011, Regal issued and sold \$150.0 million in aggregate principal amount of the Company's 9 1/8% Senior Notes at a price equal to 104.5% of their face value. The notes were issued under an existing Indenture entered into by and between the Company and the Trustee, dated August 16, 2010, as supplemented by a First Supplemental Indenture, dated January 7, 2011. In addition, on February 10, 2011, Regal issued and sold \$100.0 million in aggregate principal amount of the Company's 9 1/8% Senior Notes at a price equal to 104.5% of their face value. The notes were issued on February 15, 2011 under an existing Indenture entered into by and between the Company and the Trustee, as supplemented by the First Supplemental Indenture, and a Second Supplemental Indenture, dated February 15, 2011. The notes issued in 2011 constitute additional securities under the existing Indenture and are treated as a single series with, and have the same terms as, and will be fungible with, the \$275.0 million in aggregate principal amount of the Company's 9 1/8% Senior Notes described herein and previously issued under the Indenture on August 16, 2010. The net proceeds from the 2011 offerings, after deducting underwriting discounts and commissions by the Company, were approximately \$257.8 million. The Company used the net proceeds to repay approximately \$234.6 million of the Amended Senior Credit Facility and for general corporate purposes. As a result of this repayment, coupled with the execution of the Refinancing Agreement described below, the Company recorded an aggregate loss on extinguishment of debt of approximately \$21.9 million during the quarter ended March 31, 2011.

On February 23, 2011, Regal Cinemas entered into the Refinancing Agreement with Regal, the Guarantors, Credit Suisse, and the Lenders, which amends and refinances the Term Facility under the Amended Senior Credit Facility described further in Note 5 to the 2011 Audited

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

Consolidated Financial Statements. Pursuant to the Refinancing Agreement, Regal Cinemas consummated a permitted secured refinancing of the Term Facility in the amount of \$1,006.0 million, and in accordance therewith, the Lenders advanced the New Term Loans in an aggregate principal amount of \$1,006.0 million with a final maturity date in August 2017. Together with other amounts provided by Regal Cinemas, proceeds of the New Term Loans were applied to repay all of the outstanding principal and accrued and unpaid interest on the Term Facility under the Amended Senior Credit Facility in effect immediately prior to the making of the New Term Loans.

Table of Contents

In addition to extending the maturity date of the New Term Loans, the Refinancing Agreement also amends the Amended Senior Credit Facility by reducing the interest rate on the New Term Loans, by providing, at Regal Cinemas' option, either a base rate or an adjusted LIBOR rate plus, in each case, an applicable margin that is determined according to the consolidated leverage ratio of Regal Cinemas and its subsidiaries. Such applicable margin will be either 2.00% or 2.25% in the case of base rate loans and either 3.00% or 3.25% in the case of LIBOR rate loans. The Refinancing Agreement also amends the Second Amended and Restated Guaranty and Collateral Agreement, dated May 19, 2010, to exclude Margin Stock (as defined therein) from the grant of the security interest in the Collateral (as defined therein) used to secure the obligations under the Amended Senior Credit Facility.

As of March 29, 2012, we had approximately \$995.9 million aggregate principal amount outstanding under the New Term Loans, \$534.5 million aggregate principal amount outstanding (including premium) under the 91/8% Senior Notes and \$392.9 million aggregate principal amount outstanding (net of debt discount) under the 85/8% Senior Notes. As of March 29, 2012, we had approximately \$2.7 million outstanding in letters of credit, leaving approximately \$82.3 million available for drawing under the Revolving Facility.

As of March 29, 2012, we are in full compliance with all agreements, including all related covenants, governing our outstanding debt obligations.

On May 1, 2012, the Company declared a cash dividend of \$0.21 per share on each share of the Company's Class A and Class B common stock (including outstanding restricted stock), payable on June 15, 2012, to stockholders of record on June 5, 2012. These dividends have been or will be funded through cash flow from operations and available cash on hand. We, at the discretion of the board of directors and subject to applicable law, anticipate paying regular quarterly dividends on our Class A and Class B common stock for the foreseeable future. The amount, if any, of the dividends to be paid in the future will depend upon our then available cash, anticipated cash needs, overall financial condition, loan agreement restrictions, future prospects for earnings and cash flows, as well as other relevant factors.

Net cash flows used in financing activities were approximately \$40.4 million and \$96.5 million for the Q1 2012 Period and the Q1 2011 Period, respectively. The \$56.1 million decrease in cash flows used in financing activities during the Q1 2012 Period as compared to the Q1 2011 Period was primarily attributable to a decrease in net payments on long-term debt obligations of \$237.4 million, the impact of \$74.7 million of cash used to redeem our 6¼% Convertible Senior Notes during the Q1 2011 Period and the impact of cash used for debt acquisition costs during the Q1 2011 Period, partially offset by the impact of receiving \$261.3 million in gross proceeds from the issuance of our 91/8% Senior Notes in the Q1 2012 Period.

**EBITDA**

Earnings before interest, taxes and depreciation and amortization (EBITDA) was approximately \$154.4 million and \$53.1 million for the Q1 2012 Period and the Q1 2011 Period, respectively. The increase in EBITDA for the Q1 2012 Period was primarily attributable to an increase in operating income for the Q1 2012 Period as compared to the Q1 2011 Period and the impact of the \$21.9 million (\$13.6 million after related tax effects) loss on debt extinguishment recorded during the Q1 2011 Period. The Company uses EBITDA as a supplemental liquidity measure because we find it useful to understand and evaluate our capacity, excluding the impact of interest, taxes, and non-cash depreciation and amortization charges, for servicing our debt, paying dividends and otherwise meeting our cash needs, prior to our consideration of the impacts of other potential sources and uses of cash, such as working capital items. We believe that EBITDA is useful to investors for these purposes as well. EBITDA should not be considered an alternative to, or more meaningful than, net cash provided by or used in operating activities, as determined in accordance with U.S. generally accepted accounting principles (GAAP), since it omits the impact of interest, taxes and changes in working capital that use or provide cash (such as receivables, payables and inventories) as well as the sources or uses of cash associated with

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

changes in other balance sheet items (such as long-term loss accruals and deferred items). Because EBITDA excludes depreciation and amortization, EBITDA does not reflect any cash requirements for the replacement of the assets being depreciated and amortized, which assets will often have to be replaced in the future. Further, EBITDA, because it also does not reflect the impact of debt service, income taxes, cash dividends, capital expenditures and other cash commitments from time to time as described in more detail elsewhere in this Form 10-Q, does not represent how much discretionary cash we have

Table of Contents

available for other purposes. Nonetheless, EBITDA is a key measure expected by and useful to our fixed income investors, rating agencies and the banking community all of whom believe, and we concur, that these measures are critical to the capital markets analysis of our ability to service debt, fund capital expenditures, pay dividends and otherwise meet cash needs, respectively. We also evaluate EBITDA because it is clear that movements in these non-GAAP measures impact our ability to attract financing and pay dividends. EBITDA, as calculated, may not be comparable to similarly titled measures reported by other companies. A reconciliation of EBITDA to net cash provided by operating activities is calculated as follows (in millions):

	Q1 2012 Period		Q1 2011 Period	
EBITDA	\$	154.4	\$	53.1
Interest expense, net		(36.0)		(39.0)
(Provision for) benefit from income taxes		(25.2)		14.3
Deferred income taxes		7.7		(12.9)
Changes in operating assets and liabilities		11.7		(9.5)
Loss on debt extinguishment				21.9
Other items, net		4.9		14.3
Net cash provided by operating activities	\$	117.5	\$	42.2

**Contractual Cash Obligations and Commitments**

For a summary of our contractual cash obligations and commitments and off-balance sheet arrangements as of December 29, 2011, please refer to Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations Contractual Cash Obligations and Commitments contained in our annual report on Form 10-K for the fiscal year ended December 29, 2011 and incorporated by reference herein. As of March 29, 2012, there were no material changes outside the ordinary course of our business in our contractual cash obligations and commitments. We believe that the amount of cash and cash equivalents on hand, cash flow expected from operations and availability under our Revolving Facility will be adequate for the Company to execute its business strategy and meet anticipated requirements for lease obligations, capital expenditures, working capital and debt service for the next 12 months.

**Recent Accounting Pronouncements**

For a discussion of the recent accounting pronouncements relevant to our operations, please refer to the information provided under Note 9 Recent Accounting Pronouncements of our notes to the accompanying unaudited condensed consolidated financial statements included in Part I, Item 1 (Financial Statements) of this Form 10-Q, which information is incorporated by reference herein.

**Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

The Company is exposed to various market risks including interest rate risk and equity price risk. The Company's interest rate risk is confined to interest rate exposure of its and its wholly owned subsidiaries debt obligations that bear interest based on floating rates. The Amended Senior Credit Facility provides variable rate interest that could be adversely affected by an increase in interest rates. Borrowings under the New Term Loans bear interest, at Regal Cinemas' option, at either a base rate or an adjusted LIBOR rate or the base rate plus, in each case, an applicable margin.

## Edgar Filing: REGAL ENTERTAINMENT GROUP - Form 10-Q

Under the terms of the Company's effective interest rate swap agreements (which hedge an aggregate of \$800.0 million of variable rate debt obligations as of March 29, 2012) described in Note 3 Debt Obligations, Regal Cinemas pays interest at various fixed rates ranging from 2.22% to 2.53% and receives interest at a variable rate based on the 3-month LIBOR.

As of March 29, 2012 and December 29, 2011, borrowings of \$995.9 million and \$998.5 million (net of debt discount), respectively, were outstanding under the New Term Loans at an effective interest rate of 5.01% (as of March 29, 2012) and 4.96% (as of December 29, 2011), after the impact of the interest rate swaps is taken into account. A hypothetical change of 10% in the Company's effective interest rate under the New Term Loans as of March 29, 2012, would increase or decrease interest expense by \$1.2 million for the quarter ended March 29, 2012.

Table of Contents

In addition, the Company is exposed to equity price risk associated with approximately 1.2 million shares of stock held in RealD, Inc. as described further in Note 10 Fair Value of Financial Instruments. Such shares of stock are accounted for as available for sale securities with recurring fair value adjustments recorded as a component of accumulated other comprehensive loss/income (net of related tax effects).

**Item 4. CONTROLS AND PROCEDURES**

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit to the Commission under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified by the Commission's rules and forms, and that information is accumulated and communicated to our management, including our principal executive, principal financial and principal accounting officers (whom we refer to in this periodic report as our Certifying Officers), as appropriate to allow timely decisions regarding required disclosure. Our management evaluated, with the participation of our Certifying Officers, the effectiveness of our disclosure controls and procedures as of March 29, 2012, pursuant to Rule 13a-15(b) under the Exchange Act. Based upon that evaluation, our Certifying Officers concluded that, as of March 29, 2012, our disclosure controls and procedures were effective.

There were no changes in our internal control over financial reporting that occurred during our most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**PART II OTHER INFORMATION**

**Item 1. LEGAL PROCEEDINGS**

Information required to be furnished by us under this Part II, Item 1 (Legal Proceedings) is incorporated by reference to Note 6 Commitments and Contingencies of our notes to the accompanying unaudited condensed consolidated financial statements included in Part I, Item 1 (Financial Statements) of this quarterly report on Form 10-Q.

**Item 1A. RISK FACTORS**

There have been no material changes from risk factors as previously disclosed in our annual report on Form 10-K filed on February 27, 2012 with the Commission (File No. 001-31315) for the fiscal year ended December 29, 2011.

**Item 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

## ISSUER PURCHASES OF EQUITY SECURITIES FOR THE QUARTER ENDED MARCH 29, 2012

Period	(a) Total Number of Shares Purchased	(b) Average Price Paid per Share	(c) Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs	(d) Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet be Purchased Under the Plans or Programs
December 30, 2011 - January 31, 2012	129,921	\$ 12.32		\$
February 1, 2012 - February 29, 2012				
March 1, 2012 - March 29, 2012				
<b>Total</b>	129,921	\$ 12.32		\$

- (1) During the quarter ended March 29, 2012, the Company withheld approximately 129,921 shares of restricted stock at an aggregate cost of approximately \$1.6 million as permitted by the applicable equity award agreements, to satisfy employee tax withholding requirements related to the vesting of restricted stock awards.
