Gaming and Leisure Properties, Inc.

Notes to the Condensed Consolidated Financial Statements

(unaudited)

1. Organization and Operations

On November 15, 2012, Penn National Gaming, Inc. (Penn) announced that it intended to pursue a plan to separate the majority of its operating assets and real property assets into two publicly traded companies including an operating entity, and, through a tax-free spin-off of its real estate assets to holders of its common and preferred stock, a newly formed publicly traded real estate investment trust (REIT), Gaming and Leisure Properties, Inc. (GLPI) (the Spin-Off).

GLPI and subsidiaries (the Company) was incorporated on February 13, 2013, as a wholly-owned subsidiary of Penn. In connection with the Spin-Off, which was completed on November 1, 2013, Penn contributed to GLPI, through a series of internal corporate restructurings, substantially all of the assets and liabilities associated with Penn's real property interests and real estate development business, as well as the assets and liabilities of Hollywood Casino Baton Rouge and Hollywood Casino Perryville, which are referred to as the TRS Properties, in a tax-free distribution. The Company intends to elect on its United States (U.S.) federal income tax return for its taxable year beginning on January 1, 2014 to be treated as a REIT and the Company, together with an indirectly wholly-owned subsidiary of the Company, GLP Holdings, Inc., intend to jointly elect to treat each of GLP Holdings, Inc., Louisiana Casino Cruises, Inc. and Penn Cecil Maryland, Inc. as a taxable REIT subsidiary (a TRS) effective on the first day of the first taxable year of GLPI as a REIT. As a result of the Spin-Off, GLPI owns substantially all of Penn's former real property assets and leases back most of those assets to Penn for use by its subsidiaries, under a master lease, a triple-net operating lease with an initial term of 15 years with no purchase option, followed by four 5 year renewal options (exercisable by Penn) on the same terms and conditions (the Master Lease), and GLPI also owns and operates the TRS Properties through an indirect wholly-owned subsidiary, GLP Holdings, Inc.

Prior to the Spin-Off, GLPI and Penn entered into a Separation and Distribution Agreement setting forth the mechanics of the Spin-Off, certain organizational matters and other ongoing obligations of Penn and GLPI. Penn and GLPI or their respective subsidiaries, as applicable, also entered into a number of other agreements prior to the Spin-Off to provide a framework for the restructuring and for the relationships between GLPI and Penn after the Spin-Off.

GLPI's primary business consists of acquiring, financing, and owning real estate property to be leased to gaming operators in triple net lease arrangements. As of March 31, 2014, GLPI's portfolio consisted of 22 gaming and related facilities, which included the TRS Properties, the real property associated with 19 gaming and related facilities of Penn (including two properties under development in Dayton, Ohio and Mahoning Valley, Ohio), and the real property associated with the Casino Queen in East St. Louis, Illinois, that was acquired in January 2014. These facilities are geographically diversified across 13 states. GLPI expects to grow its portfolio by pursuing opportunities to acquire additional gaming facilities to lease to gaming operators under prudent terms, which may or may not include Penn.

In connection with the Spin-Off, Penn allocated its accumulated earnings and profits (as determined for U.S. federal income tax purposes) for periods prior to the consummation of the Spin-Off between Penn and GLPI. In connection with its election to be taxed as a REIT for U.S. federal income tax purposes, GLPI declared a special dividend to its shareholders to distribute any accumulated earnings and profits relating to the real

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

property assets and attributable to any pre-REIT years, including any earnings and profits allocated to GLPI in connection with the Spin-Off, to comply with certain REIT qualification requirements (the "Purging Distribution"). The Purging Distribution, which was paid on February 18, 2014, totaled approximately \$1.05 billion and was comprised of cash and GLPI common stock. See Note 8 for further details.

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") for interim financial information and with the instructions for Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete consolidated financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included.

The condensed consolidated financial statements include the accounts of GLPI and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Table of Contents

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses for the reporting periods. Actual results could differ from those estimates.

Operating results for the three months ended March 31, 2014 are not necessarily indicative of the results that may be expected for the year ending December 31, 2014. The notes to the consolidated financial statements contained in the Annual Report on Form 10-K for the year ended December 31, 2013 (our Annual Report) should be read in conjunction with these condensed consolidated financial statements. The December 31, 2013 financial information has been derived from the Company's audited consolidated financial statements.

2. Summary of Significant Accounting Policies

Fair Value of Financial Instruments

The following methods and assumptions are used to estimate the fair value of each class of financial instruments for which it is practicable to estimate:

Cash and Cash Equivalents

The fair value of the Company's cash and cash equivalents approximates the carrying value of the Company's cash and cash equivalents, due to the short maturity of the cash equivalents.

Long-term Debt

The fair value of the senior notes and senior unsecured credit facility is estimated based on quoted prices in active markets and as such is a Level 1 measurement as defined under ASC 820 Fair Value Measurements and Disclosures.

The estimated fair values of the Company's financial instruments are as follows (in thousands):

	March 31, 2014		December 31, 2013	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial assets:				

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

Cash and cash equivalents	\$	48,278	\$	48,278	\$	285,221	\$	285,221
Financial liabilities:								
Long-term debt								
Senior unsecured credit facility		450,000		441,000		300,000		294,750
Senior notes		2,050,000		2,114,250		2,050,000		2,058,750

Comprehensive Income

Comprehensive income includes net income and all other non-owner changes in shareholders' equity during a period. The Company did not have any non-owner changes in shareholders' equity for the three months ended March 31, 2014 and 2013, and comprehensive income for the three months ended March 31, 2014 and 2013 was equivalent to net income for those time periods.

Revenue Recognition and Promotional Allowances

The Company recognizes rental revenue from tenants, including rental abatements, lease incentives and contractually fixed increases attributable to operating leases, on a straight-line basis over the term of the related leases when collectability is reasonably assured. Contingent rental income is recognized once the lessee achieves the specified target. Recognition of rental income commences when control of the facility has been transferred to the tenant. For facilities being jointly developed with the tenant, the Company retains control of the assets to be leased until operations commence and control is transferred to the tenant.

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

Table of Contents

As of March 31, 2014, all but three of the Company's properties were leased to a subsidiary of Penn under the Master Lease. The obligations under the Master Lease are guaranteed by Penn and by most Penn subsidiaries that occupy and operate the facilities leased under the Master Lease. A default by Penn or its subsidiaries with regard to any facility will cause a default with regard to the Master Lease. In January 2014, GLPI completed the asset acquisition of Casino Queen in East St. Louis, Illinois. GLPI subsequently leased the property back to Casino Queen on a triple net basis on terms similar to those in the Master Lease.

The rent structure under the Master Lease with Penn includes a fixed component, a portion of which is subject to an annual 2% escalator if certain rent coverage ratio thresholds are met, and a component that is based on the performance of the facilities, which is adjusted, subject to certain floors (i) every 5 years by an amount equal to 4% of the average change to net revenues of all facilities under the Master Lease (other than Hollywood Casino Columbus and Hollywood Casino Toledo) during the preceding five years, and (ii) monthly by an amount equal to 20% of the change in net revenues of Hollywood Casino Columbus and Hollywood Casino Toledo during the preceding month. In addition to rent, all properties under the Master Lease with Penn are required to pay the following: (1) all facility maintenance, (2) all insurance required in connection with the leased properties and the business conducted on the leased properties, (3) taxes levied on or with respect to the leased properties (other than taxes on the income of the lessor) and (4) all utilities and other services necessary or appropriate for the leased properties and the business conducted on the leased properties.

Additionally, in accordance with ASC 605, Revenue Recognition, the Company records revenue for the real estate taxes paid by its tenants on the leased properties under the Master Lease with an offsetting expense in real estate taxes within the consolidated statement of income as the Company has concluded it is the primary obligor under the Master Lease.

Gaming revenue generated by the TRS Properties mainly consists of video lottery gaming revenue, and to a lesser extent, table game and poker revenue. Video lottery gaming revenue is the aggregate net difference between gaming wins and losses with liabilities recognized for funds deposited by customers before gaming play occurs, for ticket-in, ticket-out coupons in the customers' possession, and for accruals related to the anticipated payout of progressive jackpots. Progressive slot machines, which contain base jackpots that increase at a progressive rate based on the number of coins played, are charged to revenue as the amount of the jackpots increases. Table game gaming revenue is the aggregate of table drop adjusted for the change in aggregate table chip inventory. Table drop is the total dollar amount of the currency, coins, chips, tokens, outstanding counter checks (markers), and front money that are removed from the live gaming tables. Additionally, food and beverage revenue is recognized as services are performed.

The following table discloses the components of gaming revenue within the condensed consolidated statements of income for the three months ended March 31, 2014 and 2013:

	Three Months Ended March 31,	
	2014	2013

Table game	4,940	3,448
Poker	434	280
Total gaming revenue, net of cash incentives	\$ 38,755	\$ 41,080

Gaming revenue is recognized net of certain sales incentives in accordance with ASC 605-50, Revenue Recognition Customer Payments and Incentives. The Company records certain sales incentives and points earned in point-loyalty programs as a reduction of revenue.

Gaming and Admission Taxes

For the TRS Properties, the Company is subject to gaming and admission taxes based on gross gaming revenues in the jurisdictions in which it operates. The Company primarily recognizes gaming tax expense based on the statutorily required percentage of revenue that is required to be paid to state and local jurisdictions in the states where or in which wagering occurs. At Hollywood Casino Baton Rouge, the gaming admission tax is based on graduated tax rates. The Company records gaming and admission taxes at the Company's estimated effective gaming tax rate for the year, considering estimated taxable gaming revenue and the applicable rates. Such estimates are adjusted each interim period. If gaming tax rates change during the year, such changes are applied prospectively in the determination of gaming tax expense in future interim periods. For the three months ended March 31, 2014 and 2013, these expenses, which are recorded within gaming expense in the condensed consolidated statements of income, totaled \$17.3 million, and \$18.7 million, respectively.

Earnings Per Share

The Company calculates earnings per share (EPS) in accordance with ASC 260, Earnings Per Share. Basic EPS is computed by dividing net income applicable to common stock by the weighted-average number of common shares outstanding during the period, excluding net income attributable to participating securities (unvested restricted stock awards). Diluted EPS reflects the additional dilution for all potentially-dilutive securities such as stock options and unvested restricted shares. Basic and diluted EPS for the three months ended March 31, 2013 were retroactively restated for the number of GLPI basic and diluted shares outstanding immediately following the Spin-Off and to include the shares issued as part of the Purge Distribution.

Stock-Based Compensation

The Company accounts for stock compensation under ASC 718, Compensation - Stock Compensation, which requires the Company to expense the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award. This expense is recognized ratably over the requisite service period following the date of grant. The fair value for stock options is estimated at the date of grant using the Black-Scholes option-pricing model. There were no stock option grants awarded in the first quarter 2014.

Additionally, the cash-settled phantom stock units (PSU) entitle employees to receive cash based on the fair value of the Company's common stock on the vesting date. These PSUs are accounted for as liability awards and are re-measured at fair value each reporting period until they become vested with compensation expense being recognized over the requisite service period in accordance with ASC 718-30, Compensation-Stock Compensation, Awards Classified as Liabilities.

In addition, the Company's stock appreciation rights (SAR) are accounted for as liability awards since they will be settled in cash. The fair value of these awards is calculated during each reporting period and estimated using the Black-Scholes option pricing model.

In connection with the Spin-Off of GLPI, employee stock options and cash settled stock appreciation rights of Penn were converted through the issuance of GLPI employee stock options and GLPI cash settled stock appreciation rights and an adjustment to the exercise prices of their Penn awards. The number of options and cash settled stock appreciation rights, subject to and the exercise price of each converted award was adjusted to preserve the same intrinsic value of the awards that existed immediately prior to the Spin-Off.

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

Holders of outstanding restricted stock awards and cash settled phantom stock unit awards received an additional share of restricted stock or cash settled phantom stock unit awards in GLPI common stock at the Spin-Off so that the intrinsic value of these awards were equivalent to those that existed immediately prior to the Spin-Off.

The adjusted options and SARs, as well as the restricted stock awards and PSUs, otherwise remain subject to their original terms, except that for purposes of the adjusted Penn awards (including in determining exercisability and the post-termination exercise period), continued service with GLPI following the distribution date shall be deemed continued service with Penn.

As of March 31, 2014, there was \$5.8 million of total unrecognized compensation cost for stock options that will be recognized over the grants remaining weighted average vesting period of 1.47 years. For the three months ended March 31, 2014, the Company recognized \$1.4 million of compensation expense associated with these awards. In addition, the Company also recognized \$3.3 million of compensation expense for the three months ended March 31, 2014, relating to the first quarter \$.52 dividend paid on vested employee stock options.

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

Table of Contents

As of March 31, 2014, there was \$6.4 million of total unrecognized compensation cost for restricted stock awards that will be recognized over the grants remaining weighted average vesting period of 3.28 years. For the three months ended March 31, 2014, the Company recognized \$0.6 million of compensation expense associated with these awards.

The following table contains information on restricted stock award activity for the three months ended March 31, 2014.

	Number of Award Shares
Outstanding at December 31, 2013	419,067
E&P Purge	106,261
Granted	64,279
Released	(110,714)
Canceled	(37,274)
Outstanding at March 31, 2014	441,619

In addition, there was \$8.1 million of total unrecognized compensation cost at March 31, 2014, which will be recognized over the awards remaining weighted average vesting period of 2.37 years, for Penn and GLPI PSUs held by GLPI employees that will be cash-settled by GLPI. For the three months ended March 31, 2014, the Company recognized \$0.4 million of compensation expense associated with these awards. In addition, the Company also recognized \$0.4 million for the three months ended March 31, 2014, relating to the purge distribution dividend and the first quarter \$.52 dividend paid on unvested PSUs.

Additionally, there was \$0.3 million of total unrecognized compensation cost at March 31, 2014, which will be recognized over the grants remaining weighted average vesting period of 1.62 years, for Penn and GLPI SARs held by GLPI employees that will be cash-settled by GLPI. For the three months ended March 31, 2014, the Company recognized \$21 thousand of compensation expense associated with these awards.

Upon the declaration of the Purging Distribution, GLPI options and GLPI SARs were adjusted in a manner that preserved both the pre-distribution intrinsic value of the options and SARs and the pre-distribution ratio of the stock price to exercise price that existed immediately before the Purging Distribution. Additionally, upon declaration of the Purging Distribution, holders of GLPI PSUs were credited with the special dividend, which will accrue and be paid, if applicable, on the vesting date of the related PSU. Holders of GLPI restricted stock were entitled to receive the special dividend with respect to such restricted stock on the same date or dates that the special dividend was payable on GLPI common stock to shareholders of GLPI generally.

3. Acquisitions

In January 2014, the Company completed the asset acquisition of the real property associated with the Casino Queen in East St. Louis, Illinois for \$140.7 million, including transaction fees of \$0.7 million. Simultaneously with the acquisition, GLPI also provided Casino Queen with a \$43 million, five year term loan at 7% interest, pre-payable at any time, which, together with the sale proceeds, completely refinanced and retired all of Casino Queen's outstanding long-term debt obligations. As of March 31, 2014, the balance of this loan was \$41 million, due to principal and interest payments made. GLPI leased the property back to Casino Queen on a triple net basis on terms similar to those in the Master Lease and will result in approximately \$14 million in annual rent. The lease has an initial term of 15 years, and the tenant has an option to renew it at the same terms and conditions for four successive five year periods.

The Company participates in a \$1,000.0 million senior unsecured credit facility (the "Credit Facility"), consisting of a \$700.0 million revolving credit facility and a \$300.0 million Term Loan A facility. The Credit Facility matures on October 28, 2018. At March 31, 2014, the Credit Facility had a gross outstanding balance of \$450 million, consisting of the \$300 million Term Loan A facility and \$150 million of borrowings under the revolving credit facility. As of March 31, 2014, \$550 million remained available under the Credit Facility.

The Credit Facility contains customary covenants that, among other things, restrict, subject to certain exceptions, the ability of GLPI and its subsidiaries, to grant liens on their assets, incur indebtedness, sell assets, make investments, engage in acquisitions, mergers or consolidations or pay certain dividends and other restricted payments. The Credit Facility contains the following financial covenants, which are measured quarterly on a trailing four-quarter basis: a maximum total debt to total asset value ratio, a maximum senior secured debt to total asset value ratio, a maximum ratio of certain recourse debt to unencumbered asset value and a minimum fixed charge coverage ratio. In addition, GLPI is required to maintain a minimum tangible net worth. GLPI is required to maintain its status as a REIT on and after the effective date of its election to be treated as a REIT, which election GLPI intends to make on its U.S. federal income tax return for its first full fiscal year following the Spin-Off. GLPI is permitted to pay dividends to its shareholders as may be required in order to maintain REIT status, subject to the absence of payment or bankruptcy defaults. GLPI is also permitted to make other dividends and distributions subject to pro forma compliance with the financial covenants and the absence of defaults. The Credit Facility also contains certain customary affirmative covenants and events of default. Such events of default include the occurrence of a change of control and termination of the Master Lease (subject to certain replacement rights). The occurrence and continuance of an event of default under the Credit Facility will enable the lenders under the Credit Facility to accelerate the loans, and terminate the commitments, thereunder.

The Notes contain covenants limiting the Company's ability to: incur additional debt and use their assets to secure debt; merge or consolidate with another company; and make certain amendments to the Master Lease. The Notes also require the Company to maintain a specified ratio of unencumbered assets to unsecured debt. These covenants are subject to a number of important and significant limitations, qualifications and exceptions.

At March 31, 2014, the Company was in compliance with all required covenants.

7. Commitments and Contingencies

Litigation

Pursuant to a Separation and Distribution Agreement between Penn and GLPI, any liability arising from or relating to legal proceedings involving the businesses and operations of Penn's real property holdings prior to the Spin-Off (other than any liability arising from or relating to

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

legal proceedings where the dispute arises from the operation or ownership of the TRS Properties) will be retained by Penn and Penn will indemnify GLPI (and its subsidiaries, directors, officers, employees and agents and certain other related parties) against any losses it may incur arising from or relating to such legal proceedings.

The Company is subject to various legal and administrative proceedings relating to personal injuries, employment matters, commercial transactions, and other matters arising in the normal course of business. The Company does not believe that the final outcome of these matters will have a material adverse effect on the Company's consolidated financial position or results of operations. In addition, the Company maintains what it believes is adequate insurance coverage to further mitigate the risks of such proceedings. However, such proceedings can be costly, time consuming, and unpredictable and, therefore, no assurance can be given that the final outcome of such proceedings may not materially impact the Company's financial condition or results of operations. Further, no assurance can be given that the amount or scope of existing insurance coverage will be sufficient to cover losses arising from such matters.

8. Dividends

On February 18, 2014, GLPI made the Purging Distribution, which totaled \$1.05 billion and was comprised of cash and GLPI common stock, to distribute the accumulated earnings and profits related to the real property assets and attributable to any pre-REIT years, including any earnings and profits allocated to GLPI in connection with the Spin-Off. Shareholders were given the option to elect either an all-cash or all-stock dividend, subject to a total cash limitation of \$210 million. Of the 88,691,827 shares of common stock outstanding on the record date, approximately 54.3% elected the cash distribution and approximately 45.7% elected a stock distribution or made no election. Shareholders electing cash received \$4.358049 plus 0.195747 additional GLPI shares per common share held on the record date. Approximately 22.0 million shares were issued in connection with this dividend payment. In addition, cash distributions were made to GLPI and Penn employee restricted stock award holders in the amount of \$1 million for the purging distribution. GLPI and Penn have jointly requested a Pre-Filing Agreement from the Internal Revenue Service pursuant to Revenue Procedure 2009-14 to confirm the appropriate allocation of Penn's historical earnings and profits between GLPI and Penn. The outcome of this request may affect the amount of the dividend required to be paid by GLPI to its shareholders prior to December 31, 2014.

Additionally, on February 18, 2014, the Company's Board of Directors declared its first quarterly dividend of \$0.52 per common share, which was paid on March 28, 2014, in the amount of \$58 million, to shareholders of record on March 7, 2014. ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Our Operations

On November 15, 2012, Penn announced that it intended to pursue a plan to separate the majority of its operating assets and real property assets into two publicly traded companies including an operating entity, and, through a tax-free spin-off of its real estate assets to holders of its common and preferred stock, a newly formed publicly traded REIT.

The Company was incorporated in Pennsylvania on February 13, 2013, as a wholly-owned subsidiary of Penn. In connection with the Spin-Off, which was completed on November 1, 2013, Penn contributed to GLPI through a series of internal corporate restructurings substantially all of the assets and liabilities associated with Penn's real property interests and real estate development business, as well as the assets and liabilities of Hollywood Casino Baton Rouge and Hollywood Casino Perryville, which are referred to as the TRS Properties, in a tax-free distribution. We intend to elect on our U.S. federal income tax return for our taxable year beginning on January 1, 2014 to be treated as a REIT and we, together with an indirectly wholly-owned subsidiary of the Company, GLP Holdings, Inc., intend to jointly elect to treat each of GLP Holdings, Inc., Louisiana Casino Cruises, Inc. and Penn Cecil Maryland, Inc. as a taxable REIT subsidiary effective on the first day of the first taxable year of GLPI as a REIT. As a result of the Spin-Off, GLPI owns substantially all of Penn's former real property assets and leases back most of those assets to Penn for use by its subsidiaries, under the Master Lease, and GLPI also owns and operates the TRS Properties through an indirect, wholly-owned subsidiary, GLP Holding, Inc. The assets and liabilities of GLPI were recorded at their respective historical carrying values at the time of the Spin-Off.

Prior to the Spin-Off, GLPI and Penn entered into a Separation and Distribution Agreement setting forth the mechanics of the Spin-Off, certain organizational matters and other ongoing obligations of Penn and GLPI. Penn and GLPI or their respective subsidiaries, as applicable, also entered into a number of other agreements prior to the Spin-Off to provide a framework for the restructuring and for the relationships between GLPI and Penn after the Spin-Off.

GLPI's primary business consists of acquiring, financing and owning real estate property to be leased to gaming operators in triple net lease arrangements. As of March 31, 2014, GLPI's portfolio consisted of 22 gaming and related facilities, which included the TRS Properties, the real property associated with 19 gaming and related facilities of Penn (including two properties under development in Dayton, Ohio and Mahoning Valley, Ohio), and the real property associated with the Casino Queen acquired in January 2014. These facilities are geographically diversified across 13 states.

We expect to grow our portfolio by aggressively pursuing opportunities to acquire additional gaming facilities to lease to gaming operators under prudent terms, which may or may not include Penn. We believe that a number of gaming operators would like to de-lever or are seeking liquidity while continuing to generate the benefits of continued operations, which may present significant expansion opportunities for us to pursue. Of particular significance, we believe that a number of gaming operators would be willing to enter into transactions designed to monetize their real estate assets (i.e., gaming facilities) through sale-leaseback transactions with an unrelated party not perceived to be a competitor. These gaming operators could use the proceeds from the sale of those assets to repay debt and rebalance their capital structures, while maintaining the use of the sold gaming facilities through long term leases. Additionally, we believe we have the ability to leverage the expertise our management team has developed over the years to secure additional avenues for growth beyond the gaming industry. Accordingly, we anticipate we will be able to effect strategic acquisitions unrelated to the gaming industry as well as other acquisitions that may prove complementary to GLPI's gaming facilities.

In connection with the Spin-Off, Penn allocated its accumulated earnings and profits (as determined for U.S. federal income tax purposes) for periods prior to the consummation of the Spin-Off between Penn and GLPI. In connection with its election to be taxed as a REIT for U.S. federal income tax purposes, GLPI declared a special dividend to its shareholders to distribute any accumulated earnings and profits relating to the real property assets and attributable to any pre-REIT years, including any earnings and profits allocated to GLPI in connection with the Spin-Off, to comply with certain REIT qualification requirements. The Purging Distribution, which was paid on February 18, 2014, totaled approximately \$1.05 billion and was comprised of cash and GLPI common stock. Gaming and Leisure Properties, Inc. (GLPI) and Penn National Gaming, Inc. (Penn) have jointly requested a Pre-Filing Agreement from the Internal Revenue Service pursuant to Revenue Procedure 2009-14 to confirm the appropriate allocation of Penn's historical earnings and profits between GLPI and Penn. The outcome of this request may affect the amount of the dividend required to be paid by GLPI to its shareholders prior to December 31, 2014. See Note 8 for further details.

Table of Contents

As of March 31, 2014, the majority of our earnings are the result of the rental revenue from the lease of our properties to a subsidiary of Penn pursuant to the Master Lease. The Master Lease is a triple-net operating lease with an initial term of 15 years, with no purchase option, followed by four 5 year renewal options (exercisable by Penn) on the same terms and conditions. The rent structure under the Master Lease includes a fixed component, a portion of which is subject to an annual 2% escalator if certain rent coverage ratio thresholds are met, and a component that is based on the performance of the facilities, which is adjusted, subject to certain floors (i) every 5 years by an amount equal to 4% of the average change to net revenues of all facilities under the Master Lease (other than Hollywood Casino Columbus and Hollywood Casino Toledo) during the preceding five years, and (ii) monthly by an amount equal to 20% of the change in net revenues of Hollywood Casino Columbus and Hollywood Casino Toledo during the preceding month. In addition to rent, the tenant is required to pay the following: (1) all facility maintenance, (2) all insurance required in connection with the leased properties and the business conducted on the leased properties, (3) taxes levied on or with respect to the leased properties (other than taxes on the income of the lessor) and (4) all utilities and other services necessary or appropriate for the leased properties and the business conducted on the leased properties.

Additionally, in accordance with ASC 605, Revenue Recognition (ASC 605), the Company records revenue for the real estate taxes paid by its tenants on the leased properties with an offsetting expense in general and administrative expense within the consolidated statement of income as the Company believes it is the primary obligor.

Gaming revenue for our TRS properties is derived primarily from gaming on slot machines and to a lesser extent, table game and poker revenue, which is highly dependent upon the volume and spending levels of customers at our TRS Properties. Other TRS revenues are derived from our dining, retail, and certain other ancillary activities.

Segment Information

Consistent with how our Chief Operating Decision Maker reviews and assesses our financial performance, we have two reportable segments, GLP Capital and the TRS Properties. The GLP Capital reportable segment consists of the leased real property and represents the majority of our business. The TRS Properties reportable segment consists of Hollywood Casino Perryville and Hollywood Casino Baton Rouge.

Executive Summary

Financial Highlights

We reported net revenues and income from operations of \$158.3 million and \$74.3 million, respectively, for the three months ended March 31, 2014 compared to \$42.6 million and \$6.8 million, respectively, for the corresponding period in the prior year. The major factors affecting our results for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, were:

- Rental revenue of \$118.1 million for the three months ended March 31, 2014 and zero for the three months ended March 31, 2013 as we had not yet entered into a lease with Penn.

- Increased depreciation expense of \$22.9 million for the three months ended March 31, 2014, compared to the corresponding period in the prior year, primarily due to the real property assets transferred to GLPI as part of the Spin-Off.
- Interest expense of \$29 million for the three months ended March 31, 2014 related to our fixed and variable rate borrowings entered into in connection with the Spin-Off.
- Increased General and Administrative expenses of \$15.0 million for the three months ended March 31, 2014, primarily resulting from general and administrative expenses for our GLP Capital segment of \$14.8 million for the three months ended March 31, 2014, which included compensation expense of \$3.2 million, stock based compensation charges of \$6.1 million, legal expenses of \$1.0 million, rent expense for those leases assigned to GLPI as part of the Spin-Off for \$0.7 million, and transition services fees of \$0.8 million for the three months ended March 31, 2014.
- Net income increased by \$41.1 million for the three months ended March 31, 2014, as compared to the corresponding period in the prior year, primarily due to the variances explained above.

Segment Developments

The following are recent developments that have had or will have an impact on us by segments:

GLP Capital

- In June 2012, Penn announced that it had filed applications with the Ohio Lottery Commission for Video Lottery Sales Agent Licenses for its Ohio racetracks, and with the Ohio State Racing Commission for permission to relocate the racetracks. In connection with the Spin-Off, Penn transferred these properties to us and we received the appropriate approvals from the Ohio regulatory bodies to participate in the development of the new racetracks. The new Mahoning Valley facility, which will be a thoroughbred track and feature approximately 850 video lottery terminals, will be located on 193 acres in Mahoning Valley's CentrepoinTE Business Park near the intersection of Interstate 80 and Ohio Route 46. The Dayton facility, which will be a standardbred track and feature approximately 1,000 video lottery terminals, will be located on 119 acres on the site of an abandoned Delphi Automotive plant near Wagner Ford and Needmore roads in North Dayton. We expect both facilities to open in the fall of 2014. GLPI's share of the budget for these two projects is limited solely to real estate construction costs which are budgeted at \$100.0 million and \$89.5 million for the Mahoning Valley and Dayton facilities, respectively, of which \$35.5 million and \$39.1 million have been incurred through March 31, 2014. Penn expects to open these facilities in the fall of 2014 at which time these two facilities will be added to the Master Lease.
- In April, Iowa Racing and Gaming Commission ruled that Argosy Casino Sioux City must cease operations by July 1, 2014, which will result in reduced rental revenue in the amount of \$3.1 million in the second half of 2014.
- On December 9, 2013, GLPI announced that it had entered into an agreement to acquire the real estate assets associated with the Casino Queen in East St. Louis, Illinois. The casino and adjacent land cover approximately 78 acres and include a 157 room hotel and a 38,000 square foot casino. The transaction closed in January 2014. See Note 3 to the condensed consolidated financial statements for further details.

TRS Properties

- Hollywood Casino Perryville faced increased competition and its results have been negatively impacted by the opening of a casino complex, Maryland Live!, at the Arundel Mills mall in Anne Arundel, Maryland. The casino opened on June 6, 2012 with approximately 3,200 slot machines and significantly increased its slot machine offerings by mid-September 2012 to approximately 4,750 slot machines. In addition, the Anne Arundel facility opened table games on April 11, 2013, and opened a 52 table poker room in late August 2013. Finally, additional competition is expected for Hollywood Casino Perryville with the planned mid 2014 opening of a new \$400 million casino facility in Baltimore City County.
- In November 2012, voters approved legislation authorizing a sixth casino in Prince George's County and the ability to add table games to Maryland's five existing and planned casinos. The new law also changes the tax rate casino operators pay the state, varying from casino

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

to casino, allows all casinos in Maryland to be open 24 hours per day for the entire year, and permits casinos to directly purchase slot machines in exchange for gaming tax reductions. For our Hollywood Casino Perryville facility, table games were opened on March 5, 2013 and the tax rate will decrease upon the opening of the Prince George casino from 67 percent to 61 percent with an option for an additional 5 percent reduction if an independent commission agrees. In December 2013, the license for the sixth casino in Prince George's County was granted. The proposed \$925 million casino, which can not open until the earlier of July 2016 or 30 months after the casino being built in Baltimore opens, will adversely impact Hollywood Casino Perryville's financial results.

- A new riverboat casino and hotel in Baton Rouge, Louisiana, L'Auberge, opened on September 1, 2012. The opening of this riverboat casino has and will continue to have an adverse effect on the financial results of Hollywood Casino Baton Rouge.

Critical Accounting Estimates

We make certain judgments and use certain estimates and assumptions when applying accounting principles in the preparation of our consolidated financial statements. The nature of the estimates and assumptions are material due to

Table of Contents

the levels of subjectivity and judgment necessary to account for highly uncertain factors or the susceptibility of such factors to change. We have identified the accounting for income taxes, real estate investments, and goodwill and other intangible assets as critical accounting estimates, as they are the most important to our financial statement presentation and require difficult, subjective and complex judgments.

We believe the current assumptions and other considerations used to estimate amounts reflected in our consolidated financial statements are appropriate. However, if actual experience differs from the assumptions and other considerations used in estimating amounts reflected in our consolidated financial statements, the resulting changes could have a material adverse effect on our consolidated results of operations and, in certain situations, could have a material adverse effect on our consolidated financial condition.

For further information on our critical accounting estimates, see Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations and the notes to our audited consolidated financial statements included in our Annual Report. There has been no material change to these estimates for the three months ended March 31, 2014.

Results of Operations

The following are the most important factors and trends that contribute to our operating performance:

- The fact that a wholly-owned subsidiary of Penn is the lessee of substantially all of our properties pursuant to the Master Lease and accounts for a significant portion of our revenues. We expect to grow our portfolio by pursuing opportunities to acquire additional gaming facilities to lease to gaming operators under prudent terms, which may or may not include Penn.
- The fact that the rules dealing with U.S. federal income taxation are constantly under review by persons involved in the legislative process and by the IRS and the Treasury. Changes to the tax laws or interpretations thereof, with or without retroactive application, could materially and adversely affect GLPI investors or GLPI.
- The successful execution of the development and construction activities currently underway at the two Ohio properties, as well as the risks associated with the costs, regulatory approval and timing of these activities.
- The risks related to economic conditions and the effect of such conditions on consumer spending for leisure and gaming activities, which may negatively impact our gaming tenants and operators.

Adjusted EBITDA, FFO and AFFO

Adjusted EBITDA, Funds From Operations (FFO) and Adjusted Funds From Operations (AFFO) are non-GAAP financial measures used by the Company as performance measures for benchmarking against the Company's peers and as internal measures of business operating performance. The Company believes Adjusted EBITDA, FFO, and AFFO provide a meaningful perspective of the underlying operating performance of the Company's current business. This is especially true since these measures exclude real estate depreciation and we believe that real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time.

FFO is a non-GAAP financial measure that is considered a supplemental measure for the real estate industry and a supplement to GAAP measures. The National Association of Real Estate Investment Trusts defines FFO as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and real estate depreciation. We have defined AFFO as FFO excluding stock based compensation expense, debt issuance costs amortization and other depreciation expense reduced by maintenance capital expenditures. Finally, we have defined Adjusted EBITDA as net income excluding interest, taxes on income, depreciation, and gains (or losses) from sales of property, management fees, and stock based compensation expense.

Adjusted EBITDA, FFO, and AFFO are not recognized terms under GAAP. Because certain companies do not calculate Adjusted EBITDA, FFO and AFFO in the same way and certain other companies may not perform such calculation, those measures as used by other companies may not be consistent with the way the Company calculates such measures and should not be considered as alternative measures of operating profit or net income. The Company's presentation of these measures does not replace the presentation of the Company's financial results in accordance with GAAP.

The reconciliation of the Company's net income per GAAP to Adjusted EBITDA, FFO and AFFO for the three months ended March 31, 2014 and 2013 is as follows:

FFO, AFFO, and Adjusted EBITDA, for our GLP Capital segment were \$65.5 million, \$69.4 million and \$93.3 million, respectively, for the three months ended March 31, 2014.

Net income for our TRS Properties segment decreased by \$0.9 million for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, primarily due to additional competition, which negatively impacted Hollywood Casino Baton Rouge, namely the opening of the new L'Auberge riverboat casino and hotel in Baton Rouge, Louisiana on September 1, 2012. FFO for our TRS Properties segment decreased by \$0.8 million for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, primarily due to the decrease in net income described above. AFFO for our TRS Properties segment decreased by \$1.2 million for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, primarily due to the decrease described above as well as a \$0.5 million decrease in depreciation at Hollywood Casino Perryville, due to certain equipment purchased at opening, now being fully depreciated. Adjusted EBITDA for our TRS Properties segment decreased by \$0.7 million for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, primarily due to the decrease described above.

Total rental revenue

For the three months ended March 31, 2014, rental income was \$118.1 million for our GLP Capital segment, which included \$12 million of revenue for the real estate taxes paid by our tenants on the leased properties. In accordance with ASC 605, the Company is required to present the real estate taxes paid by its tenants on the leased properties as revenue with an offsetting expense as the Company believes it is the primary obligor.

Gaming revenue

Gaming revenue for our TRS Properties segment decreased by \$2.3 million, or 5.7%, for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, due to decreased gaming revenue at Hollywood Casino Baton Rouge of \$2.6 million from the impact of L Aubege riverboat casino and hotel in Baton Rouge, Louisiana opening on September 1, 2012.

Operating Expenses

Operating expenses for the three months ended March 31, 2014 and 2013 were as follows (in thousands):

Gaming expense

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

Gaming expense for our TRS Properties segment decreased by \$1.6 million, or 6.8%, for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, primarily due to a \$0.8 million decrease in gaming taxes resulting from decreased taxable gaming revenue at Hollywood Casino Baton Rouge and a \$0.6 million slot tax reduction due to implementation of table games at Hollywood Casino Perryville.

Real estate taxes

Real estate taxes increased by \$12 million, or 2959.9%, for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, primarily due to the real estate taxes paid by our tenants on the leased properties in our GLP Capital segment. Although this amount is paid by our tenants, we are required to present this amount in both revenues and expense for financial reporting purposes under ASC 605.

General and administrative expense

General and administrative costs include items such as compensation costs (including stock based compensation awards), professional services, rent expense and costs associated with development activities. In addition, Penn provides GLPI with certain administrative and support services on a transitional basis pursuant to the Transition Services

Agreement. The fees charged to GLPI for Transition Services furnished pursuant to this agreement are determined based on fixed percentages of Penn's internal costs which percentages are intended to approximate the actual cost incurred by Penn in providing the Transition Services to GLPI for the relevant period. Under the Transition Services Agreement, Penn will provide these services for a period of up to two years, unless terminated sooner by GLPI.

General and administrative expenses increased by \$15 million, or 252.6%, for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, primarily resulting from general and administrative expenses for our GLP Capital segment of \$14.8 million for the three months ended March 31, 2014, which included compensation expense of \$3.2 million, stock based compensation charges of \$6.1 million, legal expenses of \$1 million, rent expense for those leases assigned to GLPI as part of the Spin-Off for \$0.7 million, and transition services fees of \$0.8 million for the three months ended March 31, 2014.

Depreciation expense

Depreciation expense increased by \$22.9 million, or 639.2%, to \$26.5 million for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, primarily due to the real property assets transferred to GLPI as part of the Spin-Off in our GLP Capital segment.

Interest expense

For the three months ended March 31, 2014, interest expense was \$29 million related to our fixed and variable rate borrowings.

Management fee

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

Management fees decreased by \$1.3 million, for the three months ended March 31, 2014, as compared to the three months ended March 31, 2013, due to the management agreement with Penn terminating on November 1, 2013 in connection with the Spin-Off.

Taxes

Our effective tax rate (income taxes as a percentage of income from operations before income taxes) decreased to 3.5% for the three months ended March 31, 2014, as compared to 41.9% for the three months ended March 31, 2013, primarily due to the Company intending to elect to be taxed as a REIT for our taxable year beginning on January 1, 2014. As a REIT, we will no longer be required to pay federal corporate income tax on earnings from operation of the REIT that are distributed to our shareholders. We will continue to be required to pay federal and state corporate income taxes on earnings of our TRS Properties.

Liquidity and Capital Resources

Our primary sources of liquidity and capital resources are cash flow from operations, borrowings from banks and proceeds from the issuance of debt and equity securities.

Net cash provided by operating activities was \$79.7 million during the three months ended March 31, 2014, while \$3.8 million in net cash was used during the three months ended March 31, 2013. The increase in net cash provided by

operating activities of \$83.5 million for the three months ended March 31, 2014 compared to the corresponding period in the prior year was primarily comprised of an increase in cash receipts from customers/tenants of \$116.9 million, an increase in cash paid to suppliers and vendors of \$22.5 million, an increase in cash paid to employees of \$9.5 million, and a net decrease of \$0.8 million related to cash paid for taxes and intercompany federal and state income tax transfers with Penn by our TRS Properties prior to the Spin-Off, all of which were partially offset by an increase in cash paid for interest of \$2.1 million. The increase in cash receipts collected from our customers/tenants for the three months ended March 31, 2014 compared to the corresponding period in the prior year was primarily due to three months of rental income of \$118.1 million partially offset by a decrease of \$2.4 million in our TRS properties' net revenues due to the impact of new competition previously mentioned in their respective markets.

Net cash used in investing activities totaled \$210.0 million and \$0.9 million for the three months ended March 31, 2014 and 2013, respectively. The increase in net cash used in investing activities of \$209.1 million for the three months ended March 31, 2014 compared to the corresponding period in the prior year was primarily due to a \$140.7 million dollar payment associated with the Casino Queen asset acquisition along with the \$43 million, five year term loan to Casino Queen, less \$2 million of principal payments for the quarter ended March 31, 2014, as well as increased capital expenditures of \$23.9 million primarily related to construction spend at the two facilities under development in Ohio.

Financing activities used net cash of \$106.7 million during the three months ended March 31, 2014 and provided cash of \$7.3 million during the three months ended March 31, 2013. Net cash used in financing activities for the three months ended March 31, 2014 included dividend payments of \$270.0 million, partially offset by net proceeds from the issuance of long-term debt, net of repayments of long-term debt of \$150 million.

Capital Expenditures

Capital expenditures are accounted for as either capital project or capital maintenance (replacement) expenditures. Capital project expenditures are for fixed asset additions that expand an existing facility or create a new facility. Capital maintenance expenditures are expenditures to replace existing fixed assets with a useful life greater than one year that are obsolete, worn out or no longer cost effective to repair.

Capital expenditures totaled \$24.0 million for the three months ended March 31, 2014 and primarily consisted of \$9.6 million and \$12.9 million for the real estate related construction costs of the Mahoning Valley facility and the Dayton facility, respectively.

In June 2012, Penn announced that it had filed applications with the Ohio Lottery Commission for Video Lottery Sales Agent Licenses for its Ohio racetracks, and with the Ohio State Racing Commission for permission to relocate the racetracks. In connection with the Spin-Off, Penn transferred these properties to us and we received the appropriate approvals from the Ohio regulatory bodies to participate in the development of the new racetracks. The new Mahoning Valley facility, which will be a thoroughbred track and feature approximately 850 video lottery terminals, will be located on 193 acres in Mahoning Valley's CentrepoinTE Business Park near the intersection of Interstate 80 and Ohio Route 46. The Dayton facility, which will be a standardbred track and feature approximately 1,000 video lottery terminals, will be located on 119 acres on the site of an abandoned Delphi Automotive plant near Wagner Ford and Needmore roads in North Dayton. We expect both facilities to open in the fall of 2014. Upon the opening of the new facilities, both will be added to the Master Lease. GLPI's share of the budget for these two projects is limited solely to real estate construction costs, which are budgeted at \$100.0 million and \$89.5 million for the Mahoning Valley and Dayton facilities, respectively, of which \$35.5 million and \$39.0 million have been incurred through March 31, 2014.

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

During the three months ended March 31, 2014, we spent approximately \$0.9 million for capital maintenance expenditures. The majority of the capital maintenance expenditures were for slot machines and slot machine equipment at our TRS properties. Our tenants are responsible for capital maintenance expenditures at our leased properties.

Debt

The Company participates in a \$1,000.0 million senior unsecured credit facility (the "Credit Facility"), consisting of a \$700.0 million revolving credit facility and a \$300.0 million Term Loan A facility. The Credit Facility matures on October 28, 2018. At March 31, 2014, the Credit Facility had a gross outstanding balance of \$450 million, consisting of the \$300 million Term Loan A facility and \$150 million of borrowings under the revolving credit facility. As of March 31, 2014, \$550 million remained available under the Credit Facility.

The Credit Facility contains customary covenants that, among other things, restrict, subject to certain exceptions, the ability of GLPI and its subsidiaries, to grant liens on their assets, incur indebtedness, sell assets, make investments, engage in acquisitions, mergers or consolidations or pay certain dividends and other restricted payments. The Credit

Table of Contents

Facility contains the following financial covenants, which are measured quarterly on a trailing four-quarter basis: a maximum total debt to total asset value ratio, a maximum senior secured debt to total asset value ratio, a maximum ratio of certain recourse debt to unencumbered asset value and a minimum fixed charge coverage ratio. In addition, GLPI is required to maintain a minimum tangible net worth. GLPI is required to maintain its status as a REIT on and after the effective date of its election to be treated as a REIT, which election GLPI intends to make on its U.S. federal income tax return for its first full fiscal year following the Spin-Off. GLPI is permitted to pay dividends to its shareholders as may be required in order to maintain REIT status, subject to the absence of payment or bankruptcy defaults. GLPI is also permitted to make other dividends and distributions subject to pro forma compliance with the financial covenants and the absence of defaults. The Credit Facility also contains certain customary affirmative covenants and events of default. Such events of default include the occurrence of a change of control and termination of the Master Lease (subject to certain replacement rights). The occurrence and continuance of an event of default under the Credit Facility will enable the lenders under the Credit Facility to accelerate the loans, and terminate the commitments, thereunder.

The Notes contain covenants limiting the Company's ability to: incur additional debt and use their assets to secure debt; merge or consolidate with another company; and make certain amendments to the Master Lease. The Notes also require the Company to maintain a specified ratio of unencumbered assets to unsecured debt. These covenants are subject to a number of important and significant limitations, qualifications and exceptions.

At March 31, 2014, the Company was in compliance with all required covenants.

Table of Contents**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

We face market risk exposure in the form of interest rate risk. These market risks arise from our debt obligations. We have no international operations. Our exposure to foreign currency fluctuations is not significant to our financial condition or results of operations.

GLPI's primary market risk exposure is interest rate risk with respect to its indebtedness of \$2,500.0 million at March 31, 2014. Furthermore, \$2,050.0 million of our obligations are the senior unsecured notes that have fixed interest rates with maturing dates ranging from four to nine years. An increase in interest rates could make the financing of any acquisition by GLPI more costly as well as increase the costs of its variable rate debt obligations. Rising interest rates could also limit GLPI's ability to refinance its debt when it matures or cause GLPI to pay higher interest rates upon refinancing and increase interest expense on refinanced indebtedness. GLPI may manage, or hedge, interest rate risks related to its borrowings by means of interest rate swap agreements. GLPI also expects to manage its exposure to interest rate risk by maintaining a mix of fixed and variable rates for its indebtedness. However, the REIT provisions of the Code substantially limit GLPI's ability to hedge its assets and liabilities.

The table below provides information at March 31, 2014 about our financial instruments that are sensitive to changes in interest rates. For debt obligations, the table presents notional amounts maturing during the year and the related weighted-average interest rates by maturity dates. Notional amounts are used to calculate the contractual payments to be exchanged by maturity date and the weighted-average interest rates are based on implied forward LIBOR rates at March 31, 2014.

Long-term debt:

					4.38%		5.04%		
Variable rate	\$	\$	\$	\$	\$	450,000	\$	\$	441,000

ITEM 4. CONTROLS AND PROCEDURES**Evaluation of Controls and Procedures**

Edgar Filing: Gaming & Leisure Properties, Inc. - Form 10-Q

The Company's management, under the supervision and with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of the Company's disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), as of March 31, 2014, which is the end of the period covered by this Quarterly Report on Form 10-Q. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well-designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on this evaluation, our principal executive officer and principal financial officer concluded that the Company's disclosure controls and procedures were effective as of March 31, 2014 to ensure that information required to be disclosed by the Company in reports we file or submit under the Exchange Act is (i) recorded, processed, summarized, evaluated and reported, as applicable, within the time periods specified in the United States Securities and Exchange Commission's rules and forms and (ii) accumulated and communicated to the Company's management, including the Company's principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosures.
