Report of Independent Registered Public Accounting Firm

The 401(k) Plan Committee

PacWest Bancorp 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of PacWest Bancorp 401(k) Plan (the Plan) as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the year ended December 31, 2015, in conformity with accounting principles generally accepted in the United States of America.

The supplemental information in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015 has been subjected to audit procedures performed in conjunction with the audit of the Plan s financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but includes supplemental information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated in all material respects in relation to the financial statements as a whole.

PacWest Bancorp 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

(1) Description of the Plan

The following description of the PacWest Bancorp 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which provides retirement benefits for eligible employees of PacWest Bancorp and its subsidiaries (the Company) that have agreed to participate in the Plan. The Plan is administered by PacWest Bancorp (the Sponsoring Employer) who acts by and through its administrative committee, the 401(k) Plan Committee. The 401(k) Plan Committee is presently comprised of seven officers of Pacific Western Bank, a subsidiary of the Sponsoring Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee for the Plan is Fidelity Management Trust Company (Trustee).

(b) Contributions

Employees of the Company who are at least 18 years of age are eligible to participate in the Plan beginning the first day of the month following their hire date. Participants may contribute, under a salary reduction agreement, up to 60% of their eligible compensation, as defined, but not to exceed the dollar amount allowed by law, which was \$18,000 for 2015 and \$17,500 for 2014. The Company funds a matching contribution based on the calculation of annual compensation and deferrals. For the 2015 plan year, the matching contribution was determined to be a maximum amount of 50% of the first 6% of covered compensation. In addition participants may contribute amounts representing distributions (rollovers) from other tax favored plans, and participants age 50 and over may also make catch-up contributions up to \$6,000 for 2015 and \$5,500 for 2014 in accordance with Internal Revenue Code (IRC) regulations and limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan. Company matching contributions are invested at the participant's discretion in the same manner as the salary reduction contributions.

(c) Participant Accounts

Each participant account is credited with the participant's contributions, allocations of the Company's matching contribution and profit sharing contribution (if any), and earnings or losses. Earnings of the various funds are allocated to the participant balances according to the ratio that a participant's account balance or shares held in a given fund bears to the total of all account balances or shares held in the fund.

(d) Vesting

Participant contributions are immediately fully vested. Participants vest in the Company's matching contribution in accordance with the following schedule:

Years of service	Vesting percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

All nonvested amounts in a terminated participant's account are forfeited in accordance with Plan provisions, which allows for forfeited amounts to be utilized to pay Plan expenses or to offset employer contributions. At December 31, 2015 and 2014, the forfeited balances within the Plan totaled \$74,510 and \$49,719, respectively.

Table of Contents

(e) Benefit Payments

A participant may receive a distribution of his or her entire vested accrued benefit only upon the participant's termination of employment. While employed, a participant may receive a distribution of his or her rollover account and employee contribution deferrals for reason of financial hardship, in accordance with Plan provisions.

For distributions other than due to financial hardship, the method of payment shall be based on the participant's election and may be made in one or a combination of the following methods: a single lump sum; installments (if eligible as defined by the Plan); or direct transfer to an Individual Retirement Account (IRA) or tax favored plan that accepts the transfer. Distribution shall be made in cash or in-kind, in accordance with the participant's election and Plan provisions.

(f) Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to the lesser of 50% of the participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. Participants may only have one loan outstanding at a time. Such loans are collateralized by the participant's vested balance in the Plan and bear the prevailing interest rate used by lending institutions for loans made under similar circumstances. Interest rates at December 31, 2015 and 2014 ranged from 3.25% to 6.40% and 3.25% to 6.00%, respectively. The terms of these loans cannot exceed five years, except if the loan is used to purchase the principal residence of the participant, in which case the loan term may be extended for up to a period of 10 years. Principal and interest are paid ratably through participant payroll deductions. If a participant defaults on the loan, it is generally treated as a taxable distribution from the Plan (a Deemed Distribution).

(g) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(h) Investment Options

All accounts are invested in accordance with terms of the Plan document and investment options elected by participants. Participants direct the investment of their contributions and Company's matching contributions into various investment options offered by the Plan. If a participant does not choose an investment fund, the contributions are invested in the age appropriate target date fund. Participants may change their deferral percentage or investment direction at any time. Investment options offered by the Plan include money market funds, mutual funds, a common collective trust fund and PacWest Bancorp common stock. Contributions or transfers into PacWest Bancorp common stock are limited to no more than 25% of either the future contributions or total participant account balance.

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets in the statements of net assets available for benefits along with the additions and deductions presented in the statement of changes in net assets available for benefits. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

Table of Contents

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments purchased, sold and held during the year.

(d) Notes Receivable from Participants

The notes receivable from participants are valued at cost plus any accrued but unapplied interest, which approximates fair value. If a participant ceases to make note repayments and the Plan administrator deems the note to be in default, the participant note balance is reduced and a Deemed Distribution is recorded.

(e) Payment of Participant Benefits

Participant benefits are recorded when paid.

(f) Administrative Expenses

Administrative expenses of the Plan are paid from forfeited amounts or by the Company, except for loan fees and maintenance fees for ex-employees which are charged to the applicable participant accounts. The Company is also a party-in-interest and the Trustee charges fees to the participant for processing loan application transactions. See Note (4), *Party-in-Interest Transactions*, for additional party-in-interest information. The administrative fees paid by the Plan in 2015 totaled \$39,579.

(g) Risks and Uncertainties

The Plan provides for various investment options in money market funds, mutual funds, PacWest Bancorp common stock, corporate debt, and government securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of the Plan's investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

(h) New Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or Its Equivalent)* (ASU 2015-07). The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the

Edgar Filing: PACWEST BANCORP - Form 11-K

NAV per share practical expedient. ASU 2015-07 is effective for interim and annual reporting periods beginning after December 15, 2015 and early adoption is permitted. The Plan adopted ASU 2015-07 effective December 31, 2015 and the new guidance has been applied on a retrospective basis.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (ASU 2015-12). Part I of ASU 2015-12 eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of ASU 2015-12 eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of ASU 2015-12 allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. ASU 2015-12 is effective for interim and annual reporting periods beginning after December 15, 2015 and early adoption is permitted. Plans may early adopt any of the Parts of ASU 2015-12 without early adopting the other Parts. The Plan adopted Parts I and II of ASU 2015-12 effective December 31, 2015 and the new guidance has been applied on a retrospective basis. Part III of ASU 2015-12 is not applicable to the Plan.

Table of Contents*(i) Subsequent Events*

Plan management has evaluated events subsequent to December 31, 2015 and through the date that the accompanying financial statements were filed with the Securities and Exchange Commission, and have concluded there are no subsequent events that would require recognition in the accompanying financial statements.

(j) Concentration of Credit Risk

Investment in PacWest Bancorp common stock comprised approximately 7% and 8% of the Plan's net assets available for benefits as of December 31, 2015 and 2014, respectively. Generally, participants may not allocate more than 25% of their contributions into PacWest Bancorp common stock.

(3) Fair Value Measurements

The Plan utilizes a valuation hierarchy for disclosure of the inputs to the valuations used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on the Plan's own assumptions used to measure assets and liabilities at fair value. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2015

	Level 1	Total
Mutual Funds	\$ 70,972,766	\$ 70,972,766
Retirement Money Market Portfolio	4,515,236	4,515,236
PacWest Bancorp Common Stock	5,563,384	5,563,384
Total Investments at Fair Value	81,051,386	81,051,386
Collective Trust Measured at NAV*	1,177,166	1,177,166
	\$ 82,228,552	\$ 82,228,552

Assets at Fair Value as of December 31, 2014

Edgar Filing: PACWEST BANCORP - Form 11-K

	Level 1	Total
Mutual Funds	\$ 60,656,522	\$ 60,656,522
Retirement Money Market Portfolio	4,168,599	4,168,599
PacWest Bancorp Common Stock	5,682,072	5,682,072
Total Investments at Fair Value	70,507,193	70,507,193
Collective Trust Measured at NAV*	1,480,142	1,480,142
	\$ 71,987,335	\$ 71,987,335

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Table of Contents

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Retirement Money Market Portfolio

Retirement Money Market Portfolio funds are valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year-end.

PacWest Bancorp Common Stock

PacWest Bancorp common stock held in participant-directed accounts is stated at the fair value as quoted on a recognized securities exchange and is valued at the last reported sales price on the last business day of the Plan year.

Common Collective Trust Fund

A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015, and 2014, respectively.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo stable return fund	\$ 1,177,166	n/a	Daily	12 months

Edgar Filing: PACWEST BANCORP - Form 11-K

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo stable return fund	\$ 1,480,142	n/a	Daily	12 months

(4) Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, and therefore, these transactions qualify as party-in-interest transactions. Certain Plan investments are shares of common stock of PacWest Bancorp company stock, and thus, these are party-in-interest transactions.

(5) Income Taxes

The prototype plan adopted by the Company received a favorable tax determination letter on March 31, 2014, as part of a volume submitter plan from the Internal Revenue Service (IRS) stating that the Plan is qualified under IRC Section 401(a) and that the Plan is exempt from federal income taxes under provisions of Section 501(a). Although the Plan has been amended and restated, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Table of Contents

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

(6) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	December 31,	
	2015	2014
Net assets available for benefits per the financial statements	\$ 84,412,330	\$ 75,933,856
Less: Employer contributions receivable	(21,395)	(1,822,866)
Participant contributions receivable	(74,595)	(298,187)
Net assets available for benefits per the Form 5500	\$ 84,316,340	\$ 73,812,803

The following is a reconciliation of total investments and notes receivable from participants per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	December 31	
	2015	2014
Total investments per the financial statements	\$ 82,228,552	\$ 71,987,335
Notes receivable from participants per the financial statements	2,087,788	1,825,468
Total investments and notes receivable from participants per the Form 5500	\$ 84,316,340	\$ 73,812,803

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2015 to the Form 5500:

	Year Ended December 31, 2015
Increase in net assets available for benefits per the financial statements	\$ 8,478,474
Add: Prior year employer contributions receivable	1,822,866
Prior year participant contributions receivable	298,187
Less: Current year employer contributions receivable	(21,395)
Current year participant contributions receivable	(74,595)

Edgar Filing: PACWEST BANCORP - Form 11-K
