Item 1.01 Entry into a Material Definitive Agreement

On February 5, 2018, Kosmos Energy Ltd. (the **Company**) amended and restated its existing commercial debt facility (under which the Company's indirect subsidiaries, Kosmos Energy Finance International, Kosmos Energy Senegal and Kosmos Energy Mauritania, are the borrowers) by entering an amended and restated facility agreement (the **A&R RBL**), and certain ancillary documents. The A&R RBL will be effective upon satisfaction of customary conditions.

The A&R RBL makes certain amendments to the terms of the existing amended and restated commercial debt facility, subject to certain conditions and exceptions, including without limitation:

- the extension of the maturity date to March 31, 2025 (unless otherwise terminated pursuant to the A&R RBL);
- the extension of the amortization schedule such that amortization of principal is to commence in March 31, 2022 and continue in equal amounts every six months thereafter until the maturity date;
- commitment fees lowered from 40% to 30% of the applicable interest margin;
- maintaining interest margin at LIBOR plus 3.25% for the next four years;
- the inclusion of the Company's recently acquired producing assets in Equatorial Guinea in the calculation of borrowing base amounts as well as the Company's option to include the Greater Tortue development in the future following final investment decision, up to \$500 million in the aggregate; and
- the addition of Kosmos Energy Finance International, Kosmos Energy Investments Senegal Limited, Kosmos Energy Equatorial Guinea, Kosmos Energy Senegal and Kosmos Energy Mauritania as additional guarantors and pledged subsidiaries.

As a result of these amendments, (i) total availability under the A&R RBL has been increased from \$1.3 billion to \$1.5 billion as of the date of effectiveness and (ii) the Company has the option, subject to certain conditions and exceptions, to increase total available commitments up to an additional \$500 million.

The Company expects to incur approximately \$25 million in fees and expenses associated with entering into the A&R RBL, which such fees and expenses are expected to be amortized over the term of the A&R RBL.

The A&R RBL contains other customary representations and warranties, covenants and informational undertakings, in each case, subject to certain exceptions and conditions. The A&R RBL also provides for certain customary events of default, including, among other things, payment defaults, breach of representations and warranties, covenant defaults, cross-defaults to certain indebtedness, certain events of insolvency, judgment defaults, and repudiation or rescission of certain documents supporting the A&R RBL. If such an event of default occurs, the agents under such A&R RBL are entitled to take various actions, including the cancellation of any outstanding commitments, acceleration of amounts due thereunder and taking certain permitted enforcement actions under the ancillary security documents, subject in each case to the terms of the A&R RBL and such security documents.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant
