## Debt Refinancing

Danaos Corporation ( Danaos or the Company ) consummated its previously announced debt refinancing on August 10, 2018 (the Closing Date ). The Company s press release announcing the closing is filed as Exhibit 99.1 hereto. The debt refinancing transaction (the Refinancing ) included the Company s entry into new credit facilities, including through the amendment and restatement of certain previous credit facilities, resulting in a \$551 million reduction in the Company s debt, reset financial and certain other covenants, modified interest rates and amortization profiles and the extension of debt maturities by approximately five years to December 31, 2023 (or, in some cases, June 30, 2024). In the Refinancing, the Company issued to certain of its lenders an aggregate of 99,342,271 shares of the Company s common stock (the Common Stock ) on the Closing Date, representing 47.5% of the Company s issued and outstanding Common Stock after giving effect to such issuance. The issuance ratably diluted existing holders of the Common Stock.

## Forward-Looking Statements

Matters discussed in this report may constitute forward-looking statements within the meaning of the safe harbor provisions of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts. The forward-looking statements in this report are based upon various assumptions. Although Danaos Corporation believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, Danaos Corporation cannot assure you that it will achieve or accomplish these expectations, beliefs or projections. Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the effects of the refinancing transactions; compliance with the terms of the agreements entered into in connection with the refinancing transactions; the strength of world economies and currencies, general market conditions, including changes in charter hire rates and vessel values, charter counterparty performance, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled dry-docking, changes in Danaos operating expenses, including bunker prices, dry-docking and insurance costs, ability to obtain financing and comply with covenants in our financing arrangements, actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists.
