Item 2.02 Results of Operations and Financial Condition

On July 6, 2006, the Company filed a current report on Form 8-K, which included a press release containing the Company's preliminary sales results for the second quarter ended July 1, 2006. The Company has filed the attached press release which corrects the earlier press release which understated the sales results for the second quarter of 2005 by \$500,000. The first paragraph of the earlier press release should have reported that the sales for the second quarter ended on July 2, 2005 were \$24.9 million and not \$24.4 million. As a consequence of this understatement, second quarter results for 2006 increased by \$6.5 million and not \$7.0 million, or 26.0% instead of 28.9%. The sales and comparable store results for the second quarter ended July 1, 2006 remained unchanged at \$31.4 million and 3.9%, respectively.
