Important Notice Concerning your Dynegy 401(k) Savings Plan¹ and Default Investment Options for the Dynegy Stock Fund Upon Closing of the Transactions with Affiliates of Icahn Enterprises L.P.

Dear Plan Participant:

As you may already be aware, on December 15, 2010, Dynegy Inc. (“Dynegy”) entered into a merger agreement (the “Merger Agreement”) providing for the acquisition of Dynegy by IEH Merger Sub LLC (“Parent”), which is a wholly owned subsidiary of Icahn Enterprises Holdings L.P. (“IEH”). Pursuant to the Merger Agreement, Parent and IEH, as a co-bidder, have made a tender offer to purchase all of the issued and outstanding shares of common stock of Dynegy (the “Common Stock”), including the associated rights issued pursuant to the Stockholder Protection Rights Agreement, dated as of November 22, 2010, and as amended on December 15, 2010 (as it may be further amended from time to time, the “Rights Agreement”), between Dynegy and Mellon Investor Services LLC, as rights agent (the “Rights”, and together with the Common Stock, the “Shares”), at a purchase price of \$5.50 per Share, in cash, without interest, less any applicable withholding taxes, upon the terms and subject to the conditions set forth in the Offer to Purchase, dated December 22, 2010 and in the related Letter of Transmittal (the “Offer”). After the completion of the Offer and the satisfaction or waiver of all of the applicable conditions set forth in the Merger Agreement, Merger Sub will be merged with and into Dynegy, with Dynegy surviving the Merger as a wholly-owned subsidiary of Parent (the “Merger”). In certain circumstances, the parties have agreed to complete the Merger without the prior completion of the Offer, after receipt of the approval of a majority of the issued and outstanding shares of Common Stock held by the Dynegy’s stockholders entitled to vote thereon for the adoption of the Merger Agreement.

Upon the earlier of the closing of the Offer or the Merger, Dynegy will make no new issuances of Shares. Therefore, those Dynegy 401(k) plans that provide for the funding and automatic investment of Dynegy’s matching contribution in Shares will instead fund those matching contributions with cash after the earlier of the Offer or Merger closing. Further, upon the closing of the Merger, Dynegy will cease to be a corporation with publicly traded common stock. Therefore, in connection with the closing of the Merger, each share of Common Stock then issued and outstanding (other than shares of Common Stock owned by Dynegy, Parent or Merger Sub, or any of their respective direct or indirect subsidiaries, and other than shares of Common Stock that are held by stockholders, if any, who are entitled to and have properly exercised their appraisal rights under Delaware law) will be converted into the right to receive \$5.50 in cash, without interest and less any applicable withholding taxes, and the Dynegy Stock Fund will cease to be an investment option under the Dynegy 401(k) plans. Assuming timely receipt of required regulatory approvals and satisfaction of other closing conditions, including approval by our stockholders of the proposal to adopt the Merger Agreement, we anticipate that the Merger will be completed in the first quarter of 2011.

¹ For participants in the Dynegy Inc. 401(k) Savings Plan, Dynegy Midwest Generation, Inc. 401(k) Savings Plan for Employees Covered Under a Collective Bargaining Agreement, Dynegy Midwest Generation, Inc. 401(k) Savings Plan, and Dynegy Northeast Generation, Inc. Savings Incentive Plan.

If you participate in one of the Dynegy 401(k) plans (collectively, the “401(k) Plans”) listed above and have a balance in the Dynegy Stock Fund at the time of the closing of the Merger, or if you have a balance in the Dynegy Stock Fund and elect to tender your shares in connection with the Offer, as described in more detail below, the proceeds from the sale of your shares will be credited to your 401(k) Plan account and invested in a Vanguard Target Retirement Fund, which is the default option for the 401(k) Plans.

Freeze Period Reminder

In connection with the closing of the Offer as well as in connection with the closing of the Merger, activity in your Dynegy Stock Fund will be temporarily restricted or “frozen” as explained in the “Notice to Participants of the Dynegy 401(k) Plans” (the “Tender Offer Notice”) and the “Important Notice Concerning a Dynegy Stock Fund Freeze for the Dynegy 401(k) Savings Plans” sent by Vanguard on January 3, 2011 and Dynegy on January 11, 2011, respectively.

While the freeze is in place, you will not be able to conduct any transactions involving the Dynegy Stock Fund. For example, you will not be able to move investments into or out of the Dynegy Stock Fund or request a distribution of any amounts invested in the Dynegy Stock Fund. You can find out whether the freeze period has started or ended by contacting Vanguard Participant Services at (800) 523-1188, Monday through Friday from 8:30 a.m. to 9 p.m., Eastern time. A notice will be sent to you as soon as administratively feasible once each freeze has lifted.

What will happen to my 401(k) Plan account in connection with the Offer closing and/or the Merger closing?

Offer closing

If you elect to tender your Shares held in the 401(k) Plan in connection with the Offer, you must follow the instructions provided in the Tender Offer Notice previously distributed by Vanguard on January 3, 2011. Upon the closing of the Offer, those Shares will be converted to cash and moved to the Vanguard Target Retirement Fund with the date closest to the year you will reach age 65. During the time that those assets are being converted from the Dynegy Stock Fund to the Target Retirement Fund, those amounts will be out of the market and will not receive any earnings or incur any losses based on market performance. The movement of those assets to the Target Retirement Fund will be completed as soon as administratively feasible following the closing of the Offer.

Elimination of the Dynegy Stock Fund investment option

As noted above, the Dynegy Stock Fund will be closed and eliminated as an investment option under the 401(k) Plans after the Merger has closed.

Assets invested in the Dynegy Stock Fund at Merger closing

If you did not elect to tender your Shares held in the 401(k) Plan in connection with the Offer and have 401(k) Plan assets invested in the Dynegy Stock Fund at the time of the closing of the Merger, when the freeze period begins those amounts will be converted to cash and moved to the Vanguard Target Retirement Fund with the date closest to the year you will reach age 65. During the time that those assets are being converted from the Dynegy Stock Fund to the Target Retirement Fund, those amounts will be out of the market and will not receive any earnings or incur any losses based on market performance. The movement of those assets to the Target Retirement Fund will be completed as soon as administratively feasible following the closing of the Merger.

Investment of post-Merger closing 401(k) Plan contributions designated for the Dynegy Stock Fund

If you have an election on file that your 401(k) Plan contributions be invested in the Dynegy Stock Fund, your election will be cancelled once the Merger has closed, and your future contributions will be invested in the Vanguard Target Retirement Fund with the date closest to the year you will reach age 65. You may change your allocation at any time.

Investments in Target Retirement Funds are subject to the risks of their underlying funds. The year in the fund name refers to the approximate year (the target date) when an investor in the fund would retire and leave the workforce. The fund will gradually shift its emphasis from more aggressive investments to more conservative ones based on its target date. An investment in a Target Retirement Fund is not guaranteed at any time, including on or after the target date.

Funding and investment of post-closing 401(k) Plan matching contributions

Following the Merger closing, Dynegy will continue to match your contributions in accordance with the provisions of your Dynegy 401(k) Plan (subject to Dynegy's right to amend those plans). However, if you participate in a Dynegy 401(k) Plan that currently provides for matching contributions to be funded and automatically invested in Shares, after the earlier of the closing of the Offer or the Merger, those matching contributions will no longer be funded and automatically invested in Shares. Instead, future matching contributions will be funded with cash and invested in the same way as your contributions, unless you change your election. After the earlier of the closing of the Offer or the Merger, you will be permitted to make separate investment elections for Dynegy's matching contributions and your voluntary contributions.

Note that, before and after the freeze periods, you can transfer money between plan investment options or redirect your contributions at any time. Any such election will be implemented as of the first administratively feasible pay period following the election. If you wish to elect an investment option different from the default investment option described above, you may make such an election at any time on or after the closing of the Offer and/or the Merger and the end of the applicable freeze period, and it will be implemented as of the first administratively feasible pay period following the election. Note, though, that requests to transfer funds from the Dynegy Stock Fund before the freeze will be subject to Dynegy's insider trading policy and any applicable window period group restrictions. (This policy and these restrictions do not apply if you are currently not an employee, officer or director of Dynegy.) If you are such an individual, review Dynegy's insider trading policy for more details and contact the Dynegy Legal Department for more information.

Review your investments

Because certain account activity will be restricted during the freeze periods, it is important that you review your current investments. For your long-term retirement needs, you should carefully consider the importance of a balanced and diversified investment portfolio, taking into account all your assets, income, and investments. Diversification does not ensure a profit or protect against a loss in a declining market, and all investing is subject to risk. You may want to consult with your own investment, financial and/or tax advisors before making decisions regarding your plan investments.
