Annual Meeting of Shareholders
April 19, 2016

PROXY STATEMENT

GENERAL INFORMATION

Proxy Solicitation

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Shenandoah Telecommunications Company for use at Shenandoah Telecommunications Company's 2016 annual meeting of shareholders to be held in the auditorium of the Company's offices at 500 Shentel Way, Edinburg, Virginia, on Tuesday, April 19, 2016, at 11:00 a.m., local time. The purpose of the annual meeting and the matters to be acted upon are set forth in the accompanying notice of annual meeting.

The Company will pay the cost of this proxy solicitation. In addition to the solicitation of proxies by electronic delivery, officers and other employees of the Company may solicit proxies by personal interview, telephone and e-mail. None of these individuals will receive compensation for such services, which will be performed in addition to their regular duties. The Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation material for shares held of record by them to the beneficial owners of such shares. The Company will reimburse such persons for their reasonable out-of-pocket expenses in forwarding such material.

A list of shareholders entitled to vote at the annual meeting will be open to the examination of any shareholder, for any purpose germane to the meeting, during ordinary business hours for a period of ten days before the meeting at the Company's offices at 500 Shentel Way, Edinburg, Virginia, and at the time and place of the meeting during the whole time of the meeting.

This proxy statement and the enclosed voting instructions are first being delivered to the Company's shareholders on or about March 10, 2016. In accordance with the rules of the Securities and Exchange Commission, we are furnishing certain proxy materials (Proxy Statement, Proxy Card and Annual Report on Form 10-K) by providing access to these materials electronically on the Internet. As such, we are not mailing a printed copy of these proxy materials to each shareholder of record or beneficial owner, and our shareholders will not receive printed copies of these proxy materials unless they request this form of delivery. Printed copies will be provided upon request at no charge. We are delivering a Notice of Meeting and a Notice of Internet Availability of Proxy Materials ("Notice of Internet Availability") to our shareholders on or about March 10, 2016. The Notice of Internet Availability is in lieu of mailing the printed proxy materials, and contains instructions for our shareholders as to how they may: (1) access and review our proxy materials on the Internet; (2) submit their proxy; and (3) receive printed proxy materials. Shareholders may request to receive printed proxy materials by mail or electronically by e-mail on an ongoing basis by following the instructions in the Notice of Internet Availability. We believe that providing proxy materials electronically will enable us to save costs associated with printing and delivering the materials and reduce the environmental impact of our annual meetings. A request to receive proxy materials in printed form will remain in effect until such time as the

shareholder elects to terminate it.

Voting and Revocability of Proxies

Shares of the Company's common stock represented by a properly executed proxy, if such proxy is received in time and not revoked, will be voted at the annual meeting in accordance with the instructions indicated in such proxy. If no instructions are indicated, such shares will be voted FOR: (1) the election of the three director nominees to the Company's Board of Directors; (2) auditor ratification; and (3) the approval, in a non-binding vote, of the named executive officer compensation. Discretionary authority is provided in the proxy as to any matters not specifically referred to in the proxy. Management is not aware of any other matters that are likely to be brought before the annual meeting. If any other matter is properly presented at the annual meeting for action, including a proposal to adjourn or postpone the annual meeting to permit the Company to solicit additional proxies in favor of any proposal, the persons named in the proxy will vote on such matter in their own discretion.

A shareholder executing a proxy may revoke the proxy at any time before it is exercised by giving written notice revoking the proxy to the Company's Secretary, by subsequently filing another proxy bearing a later date or by attending the annual meeting and voting in person. Attending the annual meeting will not automatically revoke the shareholder's proxy. All written notices of revocation or other communications with respect to revocation of proxies should be addressed to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary.

Voting Procedure

All holders of record of the common stock at the close of business on February 26, 2016, will be eligible to vote at the annual meeting. Each holder of common stock is entitled to one vote at the annual meeting for each share held by such shareholder. As of February 26, 2016, there were 48,651,805 shares of common stock outstanding.

A majority of the shares of common stock issued and outstanding and entitled to vote at the annual meeting, present in person or represented by proxy, will constitute a quorum at the annual meeting. Votes cast in person or by proxy at the annual meeting will be tabulated by the inspectors of election appointed for the annual meeting, who will determine whether or not a quorum is present. Abstentions and any broker non-votes, which are described below, will be counted for purposes of determining the presence of a quorum at the annual meeting.

The election of directors requires the affirmative vote of a majority of the votes cast for the election of directors. Accordingly, the directorships to be filled at the annual meeting will be filled by the nominees receiving more than half of the votes cast in favor of their election. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees.

The proposal to ratify the Audit Committee's selection of KPMG LLP as the Company's independent registered public accounting firm for 2016 will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against approval of the proposal. Abstentions and broker non-votes will have no effect on the outcome of the vote on this proposal.

The proposal to approve, in a non-binding vote, the named executive officer compensation will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against the proposal. Abstentions and broker non-votes will have no effect on the outcome of the vote on this proposal.

Broker-dealers who hold their customers' shares in street name may, under the applicable rules of the exchanges and other self-regulatory organizations of which the broker-dealers are members, vote the shares of their customers on routine proposals, which under such rules typically include the ratification of auditors, when they have not received instructions from their customers. Under these rules, brokers may not vote shares of their customers on non-routine matters without instructions from their customers. A broker non-vote occurs with respect to any proposal when a broker holds shares of a customer in its name and is not permitted to vote on that proposal without instruction from the

beneficial owner of the shares and no instruction is given. A broker non-vote will not affect whether any proposal to be acted upon at the annual meeting is approved.

ELECTION OF DIRECTORS

Nominees for Election as Directors

The Company's articles of incorporation provide that the Board of Directors is to be divided into three classes of directors, with the classes to be as nearly equal in number as possible. The terms of office of the three current classes of directors expire at this annual meeting, at the annual meeting of shareholders in 2017 and at the annual meeting of shareholders in 2018, respectively. Upon the expiration of the term of office of each class, the nominees for such class will be elected for a term of three years to succeed the directors whose terms of office expire.

Christopher E. French, Dale S. Lam and James E. Zerkel II have been nominated for election to the class with a three-year term that will expire at the annual meeting of shareholders in 2019. All nominees are incumbent directors who have served on the Board of Directors since 1996, 2004 and 1985, respectively.

- 5 -

All three nominees were nominated for election by the Board of Directors and recommended for nomination by the Nominating and Corporate Governance Committee, which consists of Mr. Arthur, Mr. Burch, Mr. Lam, and Mr. Zerkel, each of whom is an “independent director,” as that term is defined in Nasdaq Marketplace Rule 4200(a)(15).

Director Nomination Process

The Board of Directors has, by resolution, adopted a director nomination policy. The purpose of the nomination policy is to describe the process by which candidates for possible inclusion in the Company’s recommended slate of director nominees are selected. The nomination policy is administered by the Nominating and Corporate Governance Committee of the Board of Directors.

The Nominating and Corporate Governance Committee takes a variety of factors into account in selecting candidates for nomination as directors, including the Company’s current needs and the qualities needed for Board service; experience and achievement in business, finance, technology or other areas relevant to the Company’s activities; the candidate’s reputation, ethical character and maturity of judgment; the desirability of establishing a diversity of viewpoints, backgrounds and experiences among Board members; the candidate’s independence under SEC and Nasdaq Marketplace Rules; the candidate’s service on other Boards of Directors; the absence of conflicts of interest that might impede the proper performance of the candidate’s responsibilities as a director; the candidate’s ability to devote sufficient time to Board matters; and the candidate’s ability to work effectively and collegially with other Board members. The Committee does not give particular weight to any one factor, but instead considers how the attributes of a candidate or nominee would enhance the Board’s overall qualifications and effectiveness. In the case of an incumbent director whose term of office is set to expire, the Nominating and Corporate Governance Committee will review such director’s overall service to the Company during his or her term, including the number of meetings attended, level of participation, quality of performance, and any transactions of such directors with the Company during the term. For those potential new director candidates who appear upon first consideration to meet the Board’s selection criteria, the Nominating and Corporate Governance Committee will conduct appropriate inquiries into their background and qualifications and, depending on the result of such inquiries, arrange for in-person meetings with the potential candidates. The effectiveness of the Nominating and Corporate Governance Committee’s candidate selection criteria is assessed through the Committee’s annual review of policies regarding Board and committee membership.

The Nominating and Corporate Governance Committee may use multiple sources for identifying director candidates, including its own contacts and referrals from other directors, members of management, the Company’s advisors, and executive search firms. The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders and will evaluate such director candidates in the same manner in which it evaluates candidates recommended by other sources. In making recommendations for director nominees for the annual meeting of shareholders, the Nominating and Corporate Governance Committee will consider any written recommendations of director candidates by shareholders received by the Secretary of the Company not later than 120 days before the anniversary of the previous year’s annual meeting of shareholders. Recommendations must include the candidate’s name and contact information and a statement of the candidate’s background and qualifications, and must be mailed to Shenandoah Telecommunications Company, 500 Shentel Way, P.O. Box 459, Edinburg, Virginia 22824, Attention: Corporate Secretary.

The nomination policy is intended to provide a flexible set of guidelines for the effective functioning of the Company’s director nomination process. The Nominating and Corporate Governance Committee intends to review the nomination policy at least annually and anticipates that modifications may be necessary from time to time as the Company’s needs and circumstances evolve, and as applicable legal or listing standards change. The Nominating and Corporate Governance Committee may amend the nomination policy at any time, in which case the most current version will be available on the Company’s website at www.shentel.com.

Approval of Nominees

Approval of the nominees requires the affirmative vote of a majority of the votes cast at the annual meeting. Unless authority to do so is withheld, it is the intention of the persons named in the proxy to vote such proxy FOR the election of each of the nominees. In the event that any nominee should become unable or unwilling to serve as a director, the persons named in the proxy intend to vote for the election of such substitute nominee for director as the Board of Directors may recommend. It is not anticipated that any nominee will be unable or unwilling to serve as a director.

- 6 -

The Board of Directors unanimously recommends that the shareholders of the Company vote FOR the election of the nominees to serve as directors.

During 2015 each director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and of each committee of the Board of Directors on which such director served. In addition, the independent directors, under the leadership of Mr. Arthur as the Lead Independent Director, met without management present ten times during 2015.

All of the Company's directors attended the Company's annual meeting of shareholders in 2015. The Board of Directors has adopted a policy that all directors should attend the annual meeting of shareholders.

The Board of Directors currently has a standing Audit Committee, a standing Compensation Committee, and a standing Nominating and Corporate Governance Committee.

The Audit Committee, which held eight meetings during 2015, consists of Mr. Lam, who is the Chair, Ms. St. John, and Mr. Arthur. The Board of Directors has determined that each Audit Committee member meets the independence requirements applicable to audit committee members under the Nasdaq Marketplace Rules and rules of the SEC. The Board of Directors has determined that Mr. Lam and Ms. St. John are "audit committee financial experts," as such term is defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC, and are independent of management. The Audit Committee is responsible, among its other duties, for engaging, overseeing, evaluating and replacing the Company's independent auditors; pre-approving all audit and non-audit services by the independent auditors; reviewing the scope of the audit plan and the results of each audit with management and the independent auditors; reviewing the adequacy of the Company's system of internal accounting controls and disclosure controls and procedures; reviewing the financial statements and other financial information included in the Company's annual and quarterly reports filed with the SEC; and, providing oversight of the Company's enterprise risk management process. The Audit Committee's duties are set forth in the Committee's charter, a copy of which is available on the Company's website at www.shentel.com.

The Compensation Committee, which held seven meetings during 2015, consists of Dr. Fitzsimmons, who is the Chair, Mr. Flora, Mr. Koontz and Mr. Zerkel, all of whom meet the independence requirements prescribed by the Nasdaq Marketplace Rules. The Compensation Committee is responsible, among its other duties, for establishing compensation philosophy, considering and making recommendations to the Board of Directors concerning the salaries and incentive compensation awards for the top levels of management of the Company (including the Chief Executive Officer), considering and making recommendations to the Board of Directors with respect to programs for human resource development and management organization and succession, overseeing the Company's employee benefit and incentive plans (including the Company's stock incentive plans) and for administering such plans, as well as overseeing the Company's stock ownership guidelines for officers and directors. The Compensation Committee's duties are set forth in the Committee's charter, a copy of which is available on the Company's website at www.shentel.com.

For 2015, the Board of Directors did not delegate to the Compensation Committee the authority to determine the overall compensation of the Company's Chief Executive Officer or Chief Operating Officer. Instead, in accordance with the Nasdaq Marketplace Rules, the compensation of the Chief Executive Officer and Chief Operating Officer was determined by the Board of Directors upon the recommendation of the Compensation Committee. Compensation of all other executive officers was determined in accordance with the Nasdaq Marketplace Rules by the Compensation Committee.

The Compensation Committee engaged Frederic W. Cook & Co., Inc. ("Frederic Cook"), a company that consults on employee benefits and compensation issues, to provide a review and assessment of the Company's executive compensation practices and to recommend possible changes that should be considered to those practices. Frederic Cook was also asked to make recommendations regarding the structure of executive compensation, including the relative levels of base salaries, short-term incentive compensation, and long-term equity-based compensation. Frederic Cook also provided advice regarding the composition of the peer group used in evaluating the Company's executive compensation practices.

The Company's Chief Executive Officer is responsible for reviewing the performance of the executive officers who report to him, which included each of the Company's named executive officers identified in this proxy statement, and bringing individual recommendations for those officers to the independent directors for their review, consideration and approval. In addition, the Chief Executive Officer and the Company's Chief Operating Officer are responsible for establishing individual performance objectives for the payment of annual incentive bonuses to the other executive officers.

The Nominating and Corporate Governance Committee, which held two meetings during 2015, consists of Mr. Arthur, who is the Chair, Mr. Burch, Mr. Lam and Mr. Zerkel, all of whom meet the independence requirements prescribed by the Nasdaq Marketplace Rules. The committee is responsible for recommending candidates for election to the Board of Directors for approval and nomination by the Board of Directors. The committee is also responsible for making recommendations to the Board of Directors or otherwise acting with respect to corporate governance matters, including Board size, director independence and membership qualifications. In addition, the committee is responsible for new director orientation, committee structure and membership, communications with shareholders, Board and committee self-evaluations, and exercising oversight with respect to the Company's code of conduct, insider trading policy, corporate governance guidelines and other policies and procedures regarding adherence with legal requirements. The charter of the Nominating and Corporate Governance Committee is available on the Company's website at www.shentel.com.

Leadership Structure and the Board's Role in Risk Oversight

Leadership Structure. Leadership of the Board of Directors consists of two positions, the Board's Chairman and the Board's Lead Independent Director. Mr. French serves as Chairman and Mr. Arthur serves as Lead Independent Director.

The Company combines the roles of Chairman and Chief Executive Officer. The Board has given careful consideration to the merits of separating its roles of Chairman and Chief Executive Officer and has determined that the Company and its shareholders are best served by having Mr. French serve as both Chairman of the Board of Directors and Chief Executive Officer. Mr. French's combined role as Chairman and Chief Executive Officer promotes unified leadership and direction for the Board and executive management and it allows for a single, clear focus for the chain of command to execute the Company's strategic initiatives and business plans. Mr. French receives assistance with his Board and executive management responsibilities from the Lead Independent Director and the Chief Operating Officer, respectively.

- 10 -

Requiring that the Chairman of the Board be an independent director is not necessary to ensure that our Board provides independent and effective oversight of the Company's business and affairs. Such oversight is maintained through the composition of our Board, the strong leadership of our independent directors and Board committees, and our corporate governance structures and processes.

The Board of Directors is composed of independent, active and effective directors. Eight out of our nine directors meet the independence requirements of the Nasdaq Marketplace Rules. Mr. French is the only member of executive management who is also a director.

The Board of Directors and its committees vigorously oversee the effectiveness of the Company's policies and management's decisions, including the execution of key strategic initiatives. Each of the Board's committees is composed entirely of independent directors. Consequently, independent directors directly oversee such critical matters as the integrity of the Company's financial statements, the compensation of executive management, including Mr. French's compensation, the selection and evaluation of directors, and the development and implementation of corporate governance programs. The Compensation Committee, together with the other independent directors, conducts an annual performance review of the Chief Executive Officer, assessing the Company's financial and non-financial performance and the quality and effectiveness of Mr. French's leadership.

The Board designated Mr. Arthur as Lead Independent Director in 2009, formally recognizing the role he has served for many years. In this role, Mr. Arthur leads all meetings of independent directors, assists with ensuring the proper functioning of the Board such as maintaining the Board's focus on strategic issues, and ensures appropriate participation in discussions and meetings by all Board members. In addition to their reliance upon the Lead Independent Director, the Board and each Board committee have complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate.

Board Role in Risk Oversight. The Board discharges its risk oversight primarily through its committees, each of which reports its activities to the Board. The Audit Committee has responsibility to monitor that the Company's risk management process is followed. The additional risk oversight responsibilities of the committees include:

Audit Committee. The Audit Committee has primary responsibility for the integrity of the Company's financial statements and financial reporting process and the Company's systems of internal accounting and financial controls; the performance of the third parties engaged to perform internal control testing to support management's assessment of internal control; the annual independent audit of the Company's financial statements, including the engagement of, and the evaluation of the qualifications, independence and performance of, the independent auditors; and the Company's compliance with legal and regulatory requirements, including the Company's disclosure controls and procedures. As part of its duties, the Audit Committee discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures. The Committee also reviews the Company's risk assessment and risk management policies.

Compensation Committee. The Compensation Committee is responsible for exercising oversight with respect to potential compensation-related risks, including management's assessment of risks related to employee compensation programs.

Nominating and Corporate Governance. The Nominating and Corporate Governance Committee receives periodic reports with respect to compliance with the Company's Code of Business Conduct and Ethics, and acts upon any request by executive officers for waivers under the Code of Business Conduct and Ethics, Insider Trading Policy and Corporate Governance Guidelines. The Committee periodically reviews and assesses the adequacy of the Code of Business Conduct and Ethics, Insider Trading Policy and Corporate Governance Guidelines, and makes recommendations to the Board regarding any desirable revisions.

Director Compensation

During 2015, directors who are not employees of the Company received a cash retainer fee of \$2,917 per month. Committee members of the Audit, Compensation and Nominating and Corporate Governance Committee received additional cash retainer fees of \$625, \$417 and \$208 per month, respectively. Directors who served as committee chairs for the Audit, Compensation and Nominating and Corporate Governance Committees, and the Lead Independent Director received additional monthly cash retainer fees of \$333, \$250, \$167 and \$167, respectively. It is the Company's policy that directors will not receive per-meeting fees unless the number of committee meetings in any given year exceeds a preset number of committee meetings expected to be held during the year. If such a circumstance occurs, directors who are members of the Audit, Compensation and Nominating and Corporate Governance committees would be paid \$1,071, \$1,000 and \$833, respectively, per additional meeting. Additional meeting fees were paid for one Audit Committee meeting and two Compensation Committee meetings during 2015. All directors' fees are paid in arrears on a monthly basis. In addition to cash compensation, the Board may determine, from time to time, to award stock options or restricted stock as compensation to non-employee directors. On February 18, 2015, each non-employee director was awarded a grant of 1,999 shares of restricted stock with a fair value of \$30.02 per share. All of such shares vest ratably on each of the next three anniversaries of the grant date.

In lieu of receiving their fees in cash, each director can elect to have some or all of his or her fees paid in unrestricted shares of the Company's common stock with such shares being issued to the director out of the shares reserved for issuance under the Company's 2014 Equity Incentive Plan. The award of shares in lieu of cash uses the closing price as of the last trading day of the month for which the fees are being paid and the shares are held in book entry. Any cash in lieu of fractional shares resulting from the transfer of whole shares is paid out in accordance with the same methodology used in the Company's Dividend Reinvestment Plan. A director's election to receive shares in lieu of cash must have been made by July 1 of each year, and may only be changed on an annual basis.

All directors are reimbursed for the out-of-pocket expenses they incur in attending director education programs. Additionally, directors are reimbursed for documented mileage and other related expenses incurred for travel to and from Board and committee meetings.

The following table sets forth the compensation paid to the non-employee directors of the Company for their service in 2015.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis describes the Company's compensation program for its executive officers, including its Chief Executive Officer and other "named executive officers" identified in the 2015 Summary Compensation Table below, and explains how the Company's independent directors determined the levels and forms of the compensation that was earned by or paid to the executive officers for 2015. In addition to the matters described below, the independent directors considered the results of the advisory vote by shareholders on the "say-on-pay" proposal presented to shareholders at the April 22, 2014 Annual Meeting of Shareholders in determining the levels and forms of compensation that were earned by or paid to the named executive officers in 2015. As reported in the Company's Current Report on Form 8-K, filed with the SEC on April 22, 2014, more than 96% of the votes cast on the say-on-pay proposal were in favor of our named executive officer compensation. Accordingly, the Company did not make any changes to our executive compensation program as a result of the vote results.

The Compensation Committee engaged Frederic W. Cook & Co., Inc. ("Frederic Cook"), a company that consults on employee benefits and compensation issues, to provide a review and assessment of the Company's executive compensation practices and to recommend possible changes that should be considered to those practices. Frederic Cook was also asked to make recommendations regarding the structure of executive compensation, including the relative levels of base salaries, short-term incentive compensation, and long-term equity-based compensation. Frederic Cook also provided advice regarding the composition of the peer group used in evaluating the Company's executive compensation practices.

The Company's executive compensation program serves to attract and retain the management talent needed to successfully lead our Company and increase shareholder value. It rewards executives for using their knowledge and skill to meet defined objectives set by the Board, and motivates their behavior by rewarding desired performance or the meeting of established corporate objectives.

The Company's executive compensation program primarily consists of base salary, annual incentive bonuses, long-term incentives in the form of equity-based compensation, and retirement compensation. Base salary represents the fixed component of the Company's executive compensation program and is designed to provide compensation to executives based upon their experience, duties and scope of responsibilities. Annual incentive bonuses represent a variable component of compensation, and are intended to compensate executives for specific achievements or improvements in the Company's performance and individual accomplishments toward specific objectives. Long-term, equity-based incentive compensation represents a variable component which seeks to reward executives for performance that maximizes long-term shareholder value, while further aligning the executives' financial interests with those of our shareholders, and also serves as a retention tool. Retirement compensation is a variable component of compensation and is designed to allow the participants to accumulate assets which will assist in meeting their post-retirement needs.

All incentive compensation (both cash and equity compensation) received by executive officers and certain other employees of the Company ("Senior Management") is subject to reduction, cancellation, forfeiture and recoupment under the Company's Executive Compensation Recovery Policy (the "Recovery Policy"). Currently, individual compensation is subject to recovery from a member of Senior Management who, as a result of his or her misconduct, received incentive compensation in excess of compensation that would have been paid had such misconduct not occurred. For purposes of the Recovery Policy, "misconduct" includes gross negligence, willful misconduct, fraudulent or deceitful activity, as well as any failure to act (including a failure to adequately supervise other employees) in circumstances where such employee knew, or reasonably should have known, that action was required. Excess compensation is subject to recovery by the Company if the misconduct is identified or alleged within a period of three years from the later of the date of receipt of the subject compensation, or the most recent date of misconduct. The Board of Directors has full discretion whether to seek recovery of incentive compensation and to determine the

amount of such compensation that is subject to recovery. The Recovery Policy is intended to supplement, but not limit or constrain, any statutory or regulatory right or obligation of the Company to recover compensation from its employees (including, without limitation, the requirements of the Sarbanes-Oxley Act of 2002 and Section 16(b) of the Securities Exchange Act of 1934, as amended).

- (b) The Company maintains an Executive Supplemental Retirement Plan for certain of its executive officers, but discontinued contributions to the Plan as of June 2010.

The Company further believes that perquisites for executive officers should be extremely limited in scope and value, and has historically provided few perquisites. The following table lists the perquisites offered, and which employees are eligible to receive them:

Type of Perquisites	Executive Officers	Full-time Employees
Employee Discounts (a)	X	X

(a) All employees are eligible for discounts on Company services.

The Company encourages the spouses of executive officers and certain employees to accompany them to certain Company sponsored events (such as industry association conventions and conferences). The Company reimburses the executive or employee for the cost of the spouse's travel and expenses, and adds such reimbursements to taxable pay for W-2 purposes. The Company does not gross up pay to cover the taxes on such reimbursements.

(c) The Company does not own, lease, or use private aircraft.

(d) The Company does, under certain circumstances, provide hiring/relocation bonuses to newly hired employees and executive officers that may, in whole or in part, be used for temporary living expenses.

Base Salaries

Base salaries reflect the scope of an executive's responsibilities and his or her performance in directing and managing the efforts of the Company or the business unit for which the executive is responsible. Base salaries are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the executive, and the competitive marketplace for recruiting executive talent. Base salaries are reviewed annually by the Compensation Committee, taking into consideration such factors as individual performance and responsibilities, changes to cost of living, the executive's potential overall compensation package and general economic conditions. Comparisons to base salaries for comparable positions at public companies considered to be peers of the Company are also taken into consideration. For decisions made regarding changes to executive compensation in 2015, the Compensation Committee reviewed compensation data disclosed in the proxy filings of the following companies: Alaska Communications Systems Group Inc.; Atlantic Tele-Network Inc.; Boingo Wireless Inc.; Cbeyond Inc.; Cogent Communications Group Inc.; Consolidated Communications Holdings Inc.; Fairpoint Communications Inc.; General Communication Inc.; Hawaiian Telcom Holdco, Inc; Hickory Tech Corporation; Lumos Networks Corp.; NTELOS Holdings Corp.; Otelco Inc.; and, USA Mobility Inc. These companies were selected for comparison because they reflect similar company attributes and core competencies for executive talent, and reflect the labor market for the Company's executive talent, in terms of both industry and organizational complexity. Although the Compensation Committee generally believes that the target total compensation should be at the median of the peer group, the Company does not specifically "benchmark" compensation for specific executives or strive to pay our executive officers, including the named executive officers, at a particular level of compensation. Instead, the Compensation Committee used the information to understand the range of compensation among these comparison companies and to obtain a general understanding of compensation practices.

Annual Incentive Bonuses

Annual bonuses are intended to focus the executive's energy into improving corporate performance based on priorities set by the Board and to reward the executives for the achievement of specific objectives that are deemed to be important to the ongoing success of the Company. Annual bonuses are relative to a percentage of base salary. Target bonuses for executives were 90%, 63%, 54%, 54% and 54% for the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Senior Vice President-Marketing and Sales, and Senior Vice President-Engineering and Network Planning, respectively. Annual bonuses for salaried employees, including the named executive officers, have been based upon the achievement of a combination of company-wide financial and service performance goals and achievement of individual objectives. For 2015, the company-wide objectives represented 80% of the total target for the Chief Executive Officer, Chief Operating Officer and Chief Financial Officer; and 20% for the Senior Vice President-Marketing and Sales and Senior Vice President-Engineering and Network Planning. Individual achievement by those executives in certain pre-determined areas of focus represented 20% of the total target for the Chief Executive Officer, Chief Operating Officer and Chief Financial Officer; and 80% of the total target for the Senior Vice President-Marketing and Sales and Senior Vice President-Engineering and Network Planning. Individual objectives for the Chief Executive Officer and Chief Operating Officer were established by the independent directors. Individual objectives for the Chief Financial Officer and other named executive officers were established by the Chief Executive Officer. Each officer's actual bonus can range up to 150% of the target bonus for exceeding all of the goals and objectives reflected in a given year's plan. The actual bonus can also range as low as zero in the event there is a failure to achieve any of the goals or objectives, or additional effort is not required to achieve the objectives, in a given year's plan.

For 2015, company-wide performance goals consisted of three components for the Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer and consisted of one component for the Senior Vice President-Marketing and Sales, and Senior Vice President-Engineering and Network Planning. The first component, representing 70% of the total target for the Chief Executive Officer and Chief Operating Officer, 60% of the total target for the Chief Financial Officer, and 20% of the total target for the Senior Vice President-Marketing and Sales, and Senior Vice President-Engineering and Network Planning, was a financial objective based on adjusted operating income, which the Company believes is a key driver to creating long-term shareholder value. Adjusted operating income was defined as operating income before depreciation and amortization (OIBDA), excluding accrued expenses for the current year's incentive plan and expenses relating to the Executive Supplemental Retirement Plan.

The target levels of adjusted operating income for the named executive officers were: a minimum of approximately \$132.7 million (below which no bonus would be earned on this component); a goal of approximately \$135.4 million (which represented 100% achievement toward this component); and a high of approximately \$138.0 million (which represented 150% achievement, and beyond which no additional bonus would be earned on this component). The independent directors set the \$135.4 million goal after taking into account the Company's operating budget for 2015 and the Company's 2014 adjusted operating income. The goal represented approximately a 2.7% increase from 2014's adjusted operating income, which was \$131.8 million. The maximum threshold of \$138.0 million represented approximately a 4.7% increase over 2014's adjusted operating income, and was viewed as evidencing high achievement.

Calculated with the exclusions described above, the 2015 adjusted operating income was \$148.6 million. Based upon these results and after considering whether any unusual items impacted the financial accomplishments in 2015, it was determined by the Company's independent directors that the \$138.0 million maximum threshold had been exceeded, resulting in a 150% achievement for the financial objective.

The two other company-wide performance goals for 2015 for the Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer were customer growth in the number of post-paid customers in our PCS business and growth in Revenue Generating Units (RGUs) in the Cable business. These measures were chosen as performance objectives because of the Company's belief that increased customer growth reflects that the Company is providing good service and is a direct measure of how well the Company is performing in these business segments against alternative services. The goal for net customer additions anticipated continued growth over 2014 results, and the goal for Cable RGUs represented significant growth in RGUs over 2014 results. The growth in net additions in our PCS business was based on expectations for demand for wireless services continuing to be driven by demand for smartphones and additional mobile data capabilities, and decreasing levels of churn. The budgeted growth in net additions in our Cable business was based on expected gains resulting from demand for new services and upgrades.

The growth components were weighted equally, and collectively represented 10% of the total target bonus for the Chief Executive Officer and Chief Operating Officer, 20% of the total target bonus for the Chief Financial Officer. The targets were a minimum of 19,208 net post-paid PCS additions and 8,420 net cable segment RGU additions (below which no bonus would be earned on either component), goals of 21,342 net post-paid PCS additions and 9,355 net cable segment RGU additions (which represented 100% achievement toward each component) and highs of 23,476 net post-paid PCS additions and 9,823 net cable segment RGU additions (which represented 150% achievement, and beyond which no additional bonus would be earned on these components).

In 2015, actual net post-paid additions in the PCS business were 24,645, which exceeded the maximum threshold, resulting in a 150% achievement for this component for the Company's employees, including the named executive officers. Actual 2015 net RGU additions in the Cable business were 4,355, which did not meet the minimum threshold, resulting in a 0% achievement for this component for the Company's employees, including the Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer.

For 2015, individual objectives represented 20% of the total potential achievement toward the incentive bonuses of the Chief Executive Officer and Chief Operating Officer, and were based on the financial performance of the Cable segment. The performance of the Cable segment was measured against thresholds of operating income before depreciation and amortization, which the Board of Directors viewed as an important performance measure of these operations. The targets were a minimum of approximately \$20.2 million (below which no bonus would be earned on this component), a goal of approximately \$22.0 million (which represented 100% achievement toward this component) and a high of approximately \$22.8 million (which represented 150% achievement, and beyond which no additional bonus would be earned on this component).

The actual performance of the Cable segment exceeded the maximum threshold, and resulted in a 150% achievement for this component for the Chief Executive Officer and Chief Operating Officer.

The Chief Financial Officer's individual objective represented 20% of the total potential achievement toward her incentive bonus and was based upon achievements related to support of the company's acquisition efforts and improvements in the Company's internal controls and processes, which were weighted 80% and 20% respectively. As a result of exceeding expectations in the support of the company's acquisition efforts, and less than targeted improvements in internal controls and processes, the Chief Financial Officer achieved a weighted performance of 112% of her individual goal.

For 2015, individual objectives represented 80% of the total potential achievement toward the incentive bonuses of the Senior Vice President-Marketing and Sales, and Senior Vice President-Engineering and Network Planning. The

individual objectives were based upon achievements related to financial results and to customer and sales growth, which were equally weighted, for the PCS segment and the Wireline segment, respectively. The financial targets are based on 2015 OIBDA with achievement levels relative to budget of 92%, 96%, 100% and 104% tied to corresponding payout levels of 0%, 50%, 100% and 150%, respectively. The customer growth target for the Senior Vice President-Marketing and Sales was the same as the Wireless segment sales objectives used for the overall company results. The sales growth target for the Senior Vice President-Engineering and Network Planning was based on budgeted revenues from new fiber sales contracts. For both executives, achievement levels relative to budget of 92%, 96%, 100% and 104% were tied to corresponding payout levels of 0%, 50%, 100% and 150% respectively. The Senior Vice President-Marketing and Sales, and Senior Vice President-Engineering and Network Planning both achieved a weighted performance of 150% of their individual goals.

- 16 -

Based on these assessments and results the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Senior Vice President-Marketing and Sales, and Senior Vice President-Engineering and Network Planning, achieved 150%, 150%, 112%, 150% and 150% of target, respectively, for their personal objectives. Along with the combined performance on the company-wide objectives, the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Senior Vice President-Marketing and Sales, and Senior Vice President-Engineering and Network Planning achieved 143%, 143%, 127%, 150%, and 150%, respectively, of their total targeted bonus.

Long-Term Equity-Based Compensation

Equity-based compensation is intended to focus each of the executives on the long-term, overall impact of their decisions on the Company as a whole, as opposed to the shorter, annual time frame associated with the annual incentive bonuses. Equity-based compensation also aligns the executives' interests more closely to those of the Company's shareholders by generally rewarding executives in proportion to increases in value seen by the entire shareholder base. Due to the long-term nature of this component of compensation, it also serves as a retention tool, helping the Company retain desired management talent.

As part of their overall review of executive compensation, and based on the history of prior equity grants, the Compensation Committee recommended, and the Board of Directors approved, a grant of restricted stock units in February 2015 to the named executive officers and other management employees.

The Company does not have a program, plan or practice to time equity awards, including option grants, to its executive officers or employees in coordination with the release of material non-public information. The grant date of long-term equity awards for our executive officers is the date of the Board of Directors meeting at which the award determinations are made. The exercise price of stock options issuable under the Company's 2014 Equity Incentive Plan is the closing price of the common stock as reported on the Nasdaq Global Select Market on the grant date.

Retirement Compensation

The Company maintains a defined contribution Executive Supplemental Retirement Plan. Vesting in the Executive Supplemental Retirement Plan is subject to a ten-year service requirement. The Company discontinued contributions to the Executive Supplemental Retirement Plan during 2010.

For all periods shown, amounts represent grant date fair values for awards of non-vested shares. See footnote 10 to (a) the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, for details of the valuation of these awards.

For all periods shown, amounts represent grant date fair values of awards of options made to those individuals for (b) the year shown. See footnote 10 to the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, for details of the valuation of these awards.

(c) Amounts for each year were earned for performance in that year and were paid in the first fiscal quarter of the following year.

Amounts for all years include employer and matching contributions to the Company's 401(k) plan and employer (d) contributions to health spending accounts for each named officer; and, for Mr. French and Mr. Pirtle, a 2013 payout for excess accumulated paid time off.

The Company's executive officers do not have employment agreements, and thus are not entitled to any additional benefits upon separation from the Company or following a change in control. Vested stock options must be exercised

before separation from the Company (except in the case of retirement) and unvested stock and options at separation are forfeited (except in the case of retirement). If an employee is at least fifty-five years old at retirement and has completed at least ten years of continuous service with the Company, the equity awards will continue to vest according to the agreed-upon vesting schedule, if so provided in the applicable award agreement.

Grants of Plan-Based Awards

The following table presents information with respect to the grants of plan-based awards by the Company to the named executive officers during 2015. The number of shares in the table below has been adjusted to reflect the two-for-one stock split effective for all holders of record at the close of business on December 31, 2015.

All executive officers were granted Relative Total Shareholder Return performance units (“RTSR Awards”) on February 18, 2015. Pursuant to the terms of the RTSR Awards, the Company’s stock performance over a three-year period ended December 31, 2017 will be compared to a group of 38 peer companies, and the actual number of shares to be issued will be determined based upon the performance of the company’s stock as compared with that of the peer group. A target number of performance units (as shown in the 2015 Grants of Plan-Based Awards Table, below) was established for each executive officer at the time of the grant. The actual number of shares to be issued ranges from 0 shares (if the Company’s stock performance is in the bottom 25% of the peer group) to 150% of the target shares (if the Company’s stock performance is in the top 25% of the peer group). Subject to requirements relating to continued employment with the Company, and to special vesting provisions in case of a change of control, the shares will vest on the date (which will be no earlier than January 1 and no later than March 15, 2018) that the Compensation Committee makes the determination of the Company’s performance relative to the peer group.

Nonqualified Defined Contribution Plan

In March 2007, effective January 1, 2007, the Company amended the Executive Supplemental Retirement Plan to convert it from a defined benefit plan to a defined contribution plan. The Company discontinued contributions to the plan effective June 2010. Participants may direct their balances to a variety of investment options, and returns on these investment options will be reflected as gains or losses in the participants' accounts under this plan. The Company will also reflect those gains or losses as investment gains or losses on its financial statements. The Company elected to establish a rabbi trust and to contribute amounts to the rabbi trust equal to the participants' opening balances in the plan, as well as Company contributions required under the plan, and to make investments under the rabbi trust as directed by the participants' election choices.

Potential Payments Upon Termination or Change in Control

As previously noted, the Company's named executive officers do not have employment or change of control agreements. Upon termination of employment, whether by resignation, change of control, severance, retirement, or other reason, all officers are eligible to receive lump-sum distributions of their vested accumulated benefits under the Executive Supplemental Retirement Plan and all previously vested stock or stock option grants outstanding at the time of termination of employment. Vesting of equity-based compensation does not automatically accelerate upon a change of control, except for any unvested performance shares granted on February 18, 2015 which will vest upon change of control. In addition, certain of the equity-based compensation will continue to vest following retirement for executive officers who are at least 55 years of age and have completed at least 10 years of continuous service with the Company as of the date of retirement. Such vesting will be in accordance with the original vesting schedule determined at the date of grant. As of December 31, 2015, Ms. Skolits was not vested in the aggregate balance in the Executive Supplemental Retirement Plan. Vested stock options as of December 31, 2015, are shown in the Equity Awards Outstanding table. No other payments to any officers would be triggered by such officer's termination of employment.

The Company also leases a small parcel of land to Holtzman Oil Corporation, and sells telephone and internet services to Holtzman Oil Corporation. Mr. Koontz is a Vice President of Holtzman Oil Corporation. For the period from January 1, 2015 through December 31, 2015, total purchases were approximately \$133,600. For the period from January 1, 2015 through December 31, 2015, the Company received rent in the amount of \$504, and received payment for services in the amount of approximately \$50,100, from Holtzman Oil Corporation. SHAREHOLDER RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed KPMG LLP as the Company's independent registered public accounting firm for the Company's fiscal year ending December 31, 2016. Our shareholders are asked to ratify that appointment at the annual meeting. In accordance with its charter, the Audit Committee will periodically assess

the suitability of our incumbent independent registered public accounting firm taking into account all relevant facts and circumstances, including the possible consideration of the qualifications of other accounting firms. If the shareholders do not ratify the appointment of KPMG LLP, the Audit Committee will reconsider whether or not to retain KPMG LLP as the Company's independent registered public accounting firm. Even if the appointment of KPMG LLP is ratified by the shareholders, the Audit Committee may change the appointment at any time if it determines that a change would be in the best interests of the Company and its shareholders.

- 22 -

Representatives of KPMG LLP are expected to attend the annual meeting, will have the opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions from shareholders.

KPMG LLP served as the Company's independent registered public accounting firm for the Company's fiscal years ended December 31, 2014 and 2015. The following sets forth the aggregate fees billed by KPMG LLP to the Company for those fiscal years.

	2014	2015
Audit services	\$585,000	\$674,500
Audit-related services	15,500	17,200
Tax services	--	--
All other services	--	--
Total	\$606,500	\$691,700

In making its appointment of KPMG LLP as the Company's independent registered public accounting firm for the Company's fiscal year ending December 31, 2016, the Audit Committee considered whether KPMG LLP's provision of non-audit services is compatible with maintaining KPMG LLP's independence. KPMG LLP does not presently provide any non-audit services to the Company.

Audit Fees

Audit services include services performed by KPMG LLP to comply with generally accepted auditing standards related to the audit of the Company's consolidated financial statements and review of interim consolidated financial statements. The audit fees shown above for the 2014 and 2015 fiscal years were incurred principally for services rendered in connection with the audits of the Company's consolidated financial statements and for work relating to the PCS subsidiary, and included the audits of the Company's internal control over financial reporting and limited quarterly review services.

Audit-Related Fees

Audit-related services include assurance and related services that are customarily performed by independent registered public accounting firms. Audit-related fees for both 2014 and 2015 include amounts incurred in connection with audits of the Company's defined-contribution 401(k) plan.

Tax Fees

There were no tax services provided by KPMG LLP for the 2014 and 2015 fiscal years.

All Other Fees

There were no other services provided by KPMG LLP which would be classified as "all other fees" for the 2014 and 2015 fiscal years.

Pre-Approval of Audit and Permissible Non-Audit Services

The Audit Committee is responsible for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. The Audit Committee pre-approves all audit and permissible non-audit services provided by such firm. For both types of pre-approval, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence.

The Board of Directors unanimously recommends that the shareholders of the Company vote FOR the ratification of the appointment of KPMG LLP.

Report of the Audit Committee

The Audit Committee of the Company's Board of Directors is a standing committee composed of three non-employee directors who meet the independence and expertise requirements of the listing standards of the Nasdaq Stock Market.

During the fiscal year ended December 31, 2015, the Audit Committee reviewed with the Company's management, Grant Thornton, LLP (who serves as the Company's consultant engaged to perform internal control testing), and KPMG LLP (the Company's independent registered public accounting firm), the scope of the annual audit and audit plans, the results of internal control testing and external audit examinations, the evaluation of the Company's system of internal control, the quality of the Company's financial reporting, and the Company's process for legal and regulatory compliance. The Audit Committee also monitored the progress and results of the testing of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

Management is responsible for the Company's system of internal control, the financial statements and the financial reporting process, and the assessment of the effectiveness of internal control over financial reporting. KPMG LLP is responsible for performing an integrated audit and issuing reports on the following: (1) the Company's consolidated financial statements; and (2) the Company's internal control over financial reporting. As provided in its charter, the Audit Committee's responsibilities include monitoring and overseeing these processes.

Consistent with this oversight responsibility, KPMG LLP reports directly to the Audit Committee. The Audit Committee appointed KPMG LLP as the Company's independent registered public accounting firm and approved the firm's compensation.

The Audit Committee discussed with KPMG LLP the matters required to be discussed by the Nasdaq Stock Market, the Securities and Exchange Commission, the Public Company Accounting Oversight Board, and the American Institute of Certified Public Accountants. In addition, KPMG LLP provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding that firm's communications with the Audit Committee concerning independence and the Audit Committee has discussed with KPMG LLP the firm's independence.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, the inclusion of the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, for filing with the Securities and Exchange Commission.

Respectfully submitted,

THE AUDIT COMMITTEE

Dale S. Lam, Chair
Douglas C. Arthur
Jonelle St. John

NON-BINDING VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

In accordance with Section 14A of the Exchange Act and the SEC's rules thereunder, the Board of Directors is asking shareholders to approve, in a non-binding vote, the Company's named executive officer compensation as disclosed in this proxy statement.

As described above in the “Compensation Discussion and Analysis” section of this proxy statement, the Compensation Committee has structured our executive compensation program to attract and retain the management talent needed to successfully lead our Company and increase shareholder value.

The Board urges shareholders to read the Compensation Discussion and Analysis beginning on page 13 of this proxy statement, which describes in more detail how the Company’s executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table appearing on page 18, and other related compensation tables and narratives of this proxy statement, which provide detailed information on the compensation of our named executive officers. The Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement reflects and supports these compensation policies and procedures.

A vote on this resolution, commonly referred to as a “say-on-pay” resolution, is not binding on the Board of Directors or the Company. Although the vote is non-binding, the Board and the Compensation Committee will review and consider the voting results when evaluating our executive compensation program.

This proposal will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against the proposal.

The Board of Directors unanimously recommends that stockholders vote “FOR” the approval of the compensation of the Company’s named executive officers.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company’s directors and executive officers and persons who own more than 10% of a registered class of the Company’s equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of the common stock and other equity securities of the Company. The reporting persons are required by rules of the SEC to furnish the Company with copies of all Section 16(a) reports they file. On March 31, 2015, Tracy Fitzsimmons, filed a Form 4 report to correct an inadvertent failure to timely report the sale of 4 shares on February 25, 2015. Based solely upon a review of Section 16(a) reports furnished to the Company for 2015 or written representations that no other reports were required, the Company believes that the foregoing reporting persons complied with all filing requirements for fiscal year 2015.

SHAREHOLDER PROPOSALS FOR THE ANNUAL MEETING IN 2017

Under SEC rules, in order for shareholder proposals to be presented at the Company’s annual meeting of shareholders in 2017, such proposals must be received by the Company’s secretary at the Company’s principal office in Edinburg, Virginia, no later than November 10, 2016. The submission by a shareholder of a proposal for inclusion in the proxy statement is subject to regulation by the SEC.

In addition, the Company’s bylaws require that notice of proposals by shareholders to be brought before any annual meeting generally must be delivered to the Company not less than 120 days before the meeting. The notice shall set forth as to each matter the shareholder proposes to bring before the annual meeting: (a) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting; (b) the name and record address of the shareholder proposing such business; (c) the class, series and number of shares of the Company’s stock that are beneficially owned by the shareholder proposing such business; and (d) any material interest of the shareholder in such business.

The provisions in the Company’s bylaws concerning notice of proposals by shareholders are not intended to affect any rights of shareholders to request inclusion of proposals in the Company’s proxy statement pursuant to Rule 14a-8 under

the Securities Exchange Act of 1934.
