PROXY STATEMENT

GENERAL INFORMATION REGARDING SOLICITATION AND VOTING

General

This proxy statement will first be made available to stockholders on or about April 27, 2018. This proxy statement is furnished by the Board of Directors (the “Board”) in connection with its solicitation of proxies for Four Corners Property Trust, Inc.’s 2018 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Friday, June 15, 2018, at 9:00 a.m., Pacific Time, via live webcast at www.virtualshareholdermeeting.com/FCPT2018 and in-person at the Acqua Hotel, 555 Redwood Highway, Mill Valley, California 94941, and any postponements or adjournments thereof. Unless the context requires otherwise, references in this proxy statement to “we,” “our,” “us” and the “Company” refer to Four Corners Property Trust, Inc., a Maryland corporation, together with its consolidated subsidiaries.

Pursuant to rules adopted by the U.S. Securities and Exchange Commission (“SEC”), we have elected to provide access to our proxy materials via the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the “Notice”) to our stockholders entitled to notice of and to vote at the Annual Meeting and at any postponement or adjournment thereof. The Notice is being mailed to stockholders on or about April 27, 2018. Stockholders will have the ability to access the proxy materials at www.proxyvote.com or request to receive a printed set of the proxy materials by mail or an electronic set of materials by email. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We believe these rules allow us to provide our stockholders with the information they need, while lowering the cost of delivery and reducing the environmental impact of our Annual Meeting.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE 2018 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 15, 2018. Our Proxy Statement and 2017 Annual Report to Stockholders are available at www.proxyvote.com.

Certain of our directors, officers and employees may solicit proxies by telephone, personal contact or other means of communication. They will not receive any additional compensation for these activities. In addition, brokers, banks and other persons holding common stock on behalf of beneficial owners will be requested to solicit proxies or authorizations from beneficial owners. We will bear all costs incurred in connection with the preparation, assembly and mailing of the proxy materials and the solicitation of proxies and, upon request, will reimburse brokers, banks and other nominees, fiduciaries and custodians for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of our common stock.

No person is authorized to give any information or to make any representation not contained in this proxy statement, and, if given or made, you should not rely on that information or representation as having been authorized by us. The delivery of this proxy statement does not imply that the information herein has remained unchanged since the date of this proxy statement.

Four Corners Property Trust, Inc.

We were formed as a Maryland corporation on July 2, 2015, and on November 9, 2015, Darden Restaurants, Inc. (“Darden”) completed a separation and spin-off transaction pursuant to which Darden contributed to us select real estate and restaurant assets in exchange for our shares of common stock, which Darden subsequently distributed to its stockholders on a pro rata basis (the “Spin-Off”). Our objective is to grow and diversify our portfolio through the acquisition of well-located restaurant properties with leading restaurant operators and franchisees.

Questions and Answers Regarding the Annual Meeting

What is the purpose of the Annual Meeting?

The purpose of the Annual Meeting is to:

consider and vote upon the election of seven directors to the Board named in this proxy statement to serve until the 2019 Annual Meeting of Stockholders and until their successors are duly elected and qualify (“Proposal One”);

consider and vote upon the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018 (“Proposal Two”); and

consider and vote to approve, on a non-binding advisory basis, the compensation of our named executive officers (“Proposal Three”).

The proposals set forth in this proxy statement constitute the only business that the Board intends to present at the Annual Meeting. The proxy does, however, confer discretionary authority upon the proxy holders named on the proxy card or their substitutes, to vote on any other business that may properly come before the Annual Meeting. If the Annual Meeting is postponed or adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have revoked your proxy.

Who is entitled to vote at the Annual Meeting?

The close of business on Wednesday, April 18, 2018, has been fixed as the record date (the “Record Date”) for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. Only stockholders of record as of the close of business on the Record Date are entitled to receive notice of, to attend, and to vote at the Annual Meeting. On the Record Date, our outstanding voting securities consisted of 61,391,187 shares of common stock. Each share of common stock is entitled to one vote. Votes may not be cumulated in the election of directors.

How do I vote?

If your shares are registered directly in your name with our transfer agent, Broadridge Corporate Issuer Solutions, you are considered the stockholder of record with respect to those shares, and the Notice was sent directly to you by us. You may authorize your proxy in the following ways:

Table of Contents

· Via the Internet by following the instructions provided in the Notice;

· If you request printed copies of the proxy materials by mail, by filling out the proxy card included with the materials;
or

· By calling the toll-free number found on the proxy card or the Notice.

Proxies properly authorized via one of the methods discussed above will be voted in accordance with the instructions contained therein. If the proxy is authorized but voting directions are not made, the proxy will be voted “FOR” each of the seven director nominees, “FOR” the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018, and “FOR” the approval of the compensation of our named executive officers.

If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in “street name,” and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. Those instructions are contained in a “voting instruction form.” You should instruct your broker or nominee how to vote your shares by following the voting instructions provided by your broker or nominee.

If your shares of common stock are held through a broker, bank or other nominee, under applicable rules of the New York Stock Exchange (the “NYSE”) (the exchange on which our common stock is traded), the brokers will vote your shares according to the specific instructions they receive from you. If a broker that holds shares of our common stock for a beneficial owner does not receive voting instructions from that owner, the broker may vote on the proposal if it is considered a “routine” matter under the NYSE’s rules, including this year’s ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018. Pursuant to the rules of the NYSE, the election of directors and the non-binding advisory vote on executive compensation are not “routine” matters as to which brokers, banks or other nominees may vote in their discretion on behalf of clients who have not furnished voting instructions. When a broker, bank or other nominee does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner, it is referred to as a “broker non-vote.”

How can I attend the Annual Meeting?

The Annual Meeting will be held on Friday, June 15, 2018, at 9:00 a.m., Pacific Time, via live webcast at www.virtualshareholdermeeting.com/FCPT2018 and in-person at the Acqua Hotel, 555 Redwood Highway, Mill Valley, California 94941. To enter the live webcast and have the ability to submit questions during the Annual Meeting, please have your unique control number available, which is provided in the Notice or proxy card. You may vote electronically during the Annual Meeting at www.proxyvote.com by entering your unique control number and following the instructions.

If you would like to attend the Annual Meeting in person, you will need your proof of identification along with either your Notice or proof of stock ownership. If your shares are held beneficially in the name of a broker, bank or other nominee and you wish to be admitted to attend the Annual Meeting, you must present proof of your ownership of Four Corners Property Trust, Inc. stock, such as a bank or brokerage account statement.

Table of Contents

What will constitute a quorum at the Annual Meeting?

Presence in person (including by means of remote communication) at the Annual Meeting or by proxy of stockholders entitled to cast a majority of all the votes entitled to be cast at such meeting constitutes a quorum. If the shares present in person (including by means of remote communication) or by proxy at the Annual Meeting do not constitute a quorum, the Annual Meeting may be adjourned by the chairperson of the Annual Meeting to a date not more than 120 days after the Record Date without notice other than announcement at the Annual Meeting. Shares that are voted “FOR,” “AGAINST” or “ABSTAIN” will be treated as being present at the Annual Meeting for purposes of establishing a quorum. Accordingly, if you are a stockholder of record as of the Record Date and have returned a valid proxy or attend the virtual Annual Meeting in person (including by means of remote communication), your shares will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters at the Annual Meeting. “Broker non-votes” will also be counted as present for purposes of determining the presence of a quorum.

How many votes are needed for the proposals to pass?

The proposals to be voted on at the Annual Meeting have the following voting requirements:

Proposal One: Pursuant to our bylaws, in an uncontested election, the seven director nominees will be elected by a majority of votes cast. This means that the number of votes “FOR” a director’s election exceeds the number of votes “AGAINST” the director’s election. Cumulative voting is not permitted. Abstentions and broker non-votes, if any, will not be counted as votes cast on Proposal One and will have no effect on this proposal. However, under our Bylaws, if a director nominee in an uncontested election does not receive at least a majority of the votes cast for the election of directors at any meeting at which a quorum is present, the director must promptly tender his or her resignation to the Board and remain a director until the Board appoints an individual to fill the office held by such director.

Proposals Two and Three: You may vote “FOR,” “AGAINST” or “ABSTAIN” on Proposals Two and Three. To be approved, each of Proposal Two and Three must receive the affirmative vote of a majority of the votes cast, in person (including by means of remote communication) or by proxy, at the Annual Meeting. Abstentions and broker non-votes, if any, will not be counted as votes cast on Proposals Two or Three and will have no effect on the result of these votes. While the vote on Proposal Three is advisory in nature and non-binding, the Board will review the voting results and expects to take them into consideration when making future decisions regarding the compensation of our named executive officers. Proposal Two is considered a discretionary matter and a broker, bank or other nominee will be permitted to exercise his/her discretion. Accordingly, we do not expect any broker non-votes with respect to Proposal Two.

What are the Board’s voting recommendations?

The Board recommends that you vote as follows:

- “FOR” each of the seven director nominees set forth in Proposal One;
- “FOR” Proposal Two, relating to the ratification of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and
- “FOR” Proposal Three, relating to the approval of the compensation of our named executive officers.

Table of Contents

Any properly authorized proxy as to which no instructions are given will be voted in accordance with the foregoing recommendations.

Can I change my vote after I have voted?

You may revoke your proxy at any time prior to it being exercised by (i) delivering a written notice of revocation to our Secretary, (ii) filing a duly executed proxy bearing a later date with us or (iii) voting in-person at the Annual Meeting, or electronically during the Annual Meeting at www.virtualshareholdermeeting.com/FCPT2018 when you enter your unique control number. If you attend the Annual Meeting in person (including by means of remote communication), you may vote in-person or electronically, as applicable, whether or not you have previously given a proxy, but your attendance (without further action) at the Annual Meeting will not constitute revocation of a previously given proxy. If you hold your shares through a broker, bank or other nominee holder, only they can revoke your proxy on your behalf.

PROPOSAL ONE: ELECTION OF DIRECTORS

The Board currently has seven directors. The seven persons named below, each of whom currently serves on our Board, have been recommended by our Nominating and Governance Committee and nominated by our Board to serve on the Board until our 2019 Annual Meeting of Stockholders and until their respective successors are elected and qualify. Each of the director nominees has consented to being named in this proxy statement and to serve as a director if elected. Based on its review of the relationships between the director nominees and the Company, the Board has determined that all of our directors, other than William H. Lenehan, our President and Chief Executive Officer, are independent under applicable SEC and NYSE rules.

The Board has no reason to believe that any of the persons named below as a nominee for our Board will be unable, or will decline, to serve as a member of the Board if elected. If any nominee is unavailable for election or service, the Board may designate a substitute nominee and the persons designated as proxy holders on the proxy card will vote for the substitute nominee recommended by the Board.

Under the Nominating and Governance Committee’s Director Nomination Protocol, in general, while there are no specific minimum qualifications for nominees, any candidate for service on the Board should possess the highest personal and professional ethics and be committed to representing the long-term interests of our stockholders. See “Corporate Governance—Identifying and Evaluating Director Nominees.”

PROPOSAL TWO: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board, which is composed entirely of independent directors, has appointed KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2018. Although stockholder approval is not required, we desire to obtain from our stockholders an indication of their approval or disapproval of the Audit Committee’s action in appointing KPMG LLP as the independent registered public accounting firm of the Company for 2018. If our stockholders do not ratify and approve this appointment, the appointment will be reconsidered by the Audit Committee and our Board.

A representative of KPMG LLP will be present at our Annual Meeting, where the representative will be afforded an opportunity to make a statement and to respond to appropriate questions.

THE BOARD RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2018.

PROPOSAL THREE: ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 (the “Exchange Act”), we are presenting this proposal, commonly known as a “say-on-pay” proposal, to provide stockholders the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers as described in this proxy statement.

We believe our executive compensation policies and procedures are centered on pay-for-performance principles and are closely aligned with the long-term interests of our stockholders. As described under the heading “Compensation Discussion and Analysis,” our executive compensation program is designed to attract and retain outstanding executives, to reward them for superior performance and to ensure that compensation provided to them remains competitive. We seek to align the interests of our executives and stockholders by tying compensation to the achievement of key operating objectives that we believe enhance stockholder value over the long term and by encouraging executive share ownership so that a portion of each executive’s compensation is tied directly to stockholder value.

Accordingly, we ask our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

While the vote on this resolution is advisory in nature and therefore will not bind us to take any particular action, our Board intends to carefully consider the stockholder vote resulting from the proposal in making future decisions regarding the compensation of our named executive officers.

THE BOARD RECOMMENDS A VOTE “FOR” APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

Our Board

Our Board currently consists of seven directors. Our charter and bylaws provide that the number of directors constituting our Board may be increased or decreased by a majority vote of our entire Board, provided the number of directors may not be decreased to fewer than one, the minimum number required under the Maryland General Corporate Law nor, unless our bylaws are amended, more than 15 directors.

During 2017, the Board held ten meetings. Each member of the Board attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board (held during the period for which such person has been a director) and (ii) the total number of meetings held by all committees of the Board on which such person served (during the periods that such person served).

There are no family relationships among our executive officers and directors.

Identifying and Evaluating Director Nominees.

Our Nominating and Governance Committee has adopted a Director Nomination Protocol that, together with our Bylaws, describes in detail the process we use to fill vacancies and add new members to the Board. The Director Nomination Protocol is available at www.fcpt.com under Investor Relations — Corporate Governance, as Appendix A to the Nominating and Governance Committee charter.

In identifying or selecting nominees for the Board, the Company's Corporate Governance Guidelines and related Director Nomination Protocol provide that the Company seeks board members who will bring to the board a deep and wide range of experience in the business world, and have diverse problem-solving talents. We seek people who have demonstrated high achievement in business or another field, so as to enable them to provide strategic support and guidance for the Company. Under the Director Nomination Protocol, in general, while there are no specific minimum qualifications for nominees, any candidate for service on the Board should possess the highest personal and professional ethics and be committed to representing the long-term interests of our stockholders in a manner consistent with our core values (integrity and fairness, respect and caring, diversity, always learning—always teaching, teamwork and excellence). While the Board does not have a formal diversity policy, the guidelines further provide that the Company strives to maintain a board that reflects the gender, ethnic, racial and other diversity of our work force and restaurant guests, and also fosters diversity of thought. The guidelines further note that recruiting, hiring and nurturing the careers of women and minorities and increasing the diversity of our suppliers are top priorities, and that the Company also intends to maintain the diversity of its Board.

We also will consider the candidate's independence under applicable NYSE listing standards and our Corporate Governance Guidelines. In identifying and evaluating nominees for the Board, the Board assesses the background of each candidate in a number of different ways including a wide variety of qualifications, attributes and other factors and recognizes that diverse viewpoints and experiences enhance the Board's effectiveness. When reviewing and making initial recommendations on new candidates, the Nominating and Governance Committee considers how each prospective member's unique background, expertise and experience will contribute to the Board's overall perspective and ability to govern. The Nominating and Governance Committee also considers recommendations for director candidates provided by third-party search firms, which the Company retains from time to time, including during 2017 with respect to Messrs. Jemley and Hirschhorn, to help identify potential candidates.

Table of Contents

Candidates Recommended by Stockholders. Under the Nominating and Governance Committee's Director Nomination Protocol, stockholders may recommend nominees for director to the Nominating and Governance Committee, and the Nominating and Governance Committee will consider candidates recommended by stockholders. The Nominating and Governance Committee will evaluate nominees recommended by stockholders in the same manner as those recommended by the Nominating and Governance Committee. Stockholders wishing to submit recommendations of director candidates for consideration by the Nominating and Governance Committee should send the candidate's name and qualification to our Corporate Secretary at 591 Redwood Highway, Suite 1150, Mill Valley, California 94941.

Board Leadership Structure

The Company's Corporate Governance Guidelines provide that the positions of Chairperson of the Board and CEO be held by separate persons and that the position of Chairperson be held by an independent director. The Board believes that separating the roles of Chairperson and CEO allows for better alignment of corporate governance with stockholder interests and aids in the Board's oversight of management and the Board's ability to carry out its roles and responsibilities on behalf of the stockholders. The Board also believes that the separation of the roles of Chairperson and CEO allows the CEO to focus more of his time and energy on operating and managing the Company and leverages the Chairperson's experience. The Chairperson presides at all executive sessions of independent directors. The current Chairperson of the Board is John S. Moody, who has extensive experience as a director and executive in numerous real estate companies, including several REITs. For more information, see Mr. Moody's biography above under "Proposal One: Election Of Directors."

In the event the Chairperson is not independent, the independent directors will designate one independent director to serve as the Lead Director until an independent Chairperson is appointed. The Lead Director, if any, will preside at all meetings of the Board at which the non-independent Chairperson of the Board is not present, including the Board's executive sessions of independent directors, and serve as liaison between a non-independent Chairperson of the Board and the independent directors. The independent Chairperson approves Board meeting agendas, including approving meeting schedules to assure that there is sufficient time for discussion of all agenda items, and other information sent to the Board, advises the committee chairs with respect to agendas and information needs relating to committee meetings, and performs other duties as the Board may from time to time delegate to assist the Board in fulfilling its responsibilities. The Lead Director, if any, will serve for a term as the Board determines but not less than one year. The independent directors may meet without management present at any other times as determined by the independent Chairperson or Lead Director, as applicable.

Committees of the Board of Directors

Our Board has a standing Audit Committee, Compensation Committee and Nominating and Governance Committee. Each of these committees must be composed exclusively of independent directors. The Audit Committee must have at least three directors; the Compensation Committee and Nominating and Governance Committee must each have at least two directors. Our Board has also established a standing Investment Committee and may from time to time establish other committees to facilitate the management of the Company.

- review major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company’s selection or application of accounting principles, and major issues as to the adequacy of the Company’s internal controls over financial reporting;

- review and discuss with the independent auditor any audit problems or difficulties encountered during the course of the audit and management’s response thereto;
- pre-approve all non-audit services to be performed by the independent auditor in accordance with the policy regarding such pre-approval adopted by the Audit Committee;

meet with the independent auditor prior to the audit to review its audit plan, including staffing, the scope of its audit and general audit approach;

The Board has determined that each member of the Audit Committee is independent under the independence requirements set forth by the SEC, in the NYSE listing requirements and the Audit Committee charter. The Board has determined that each member of the Audit Committee is financially literate in accordance with the NYSE listing requirements and that Ms. Ogilvie and Messrs. Hansen, Jemley, and Szurek are each an "audit committee financial expert" under applicable SEC rules and regulations. The Audit Committee met eight times in 2017.

Nominating and Governance Committee

The primary responsibilities of the Nominating and Governance Committee are to, among other things:

· annually review and approve the objective performance measures and the performance targets for executive officers participating in the Company's long-term incentive plans and certify the performance results under such measures and targets;

· review and make recommendations to our Board, as appropriate, regarding employment agreements, severance arrangements and plans and change in control arrangements for the President and Chief Executive Officer and executive officers;

· oversee the annual review of our compensation policies and practices for all employees;

· administer, or delegate, as appropriate, our various employee benefit programs.

The Compensation Committee makes compensation decisions for our executive officers after careful review and analysis of appropriate performance information and market compensation data. The Compensation Committee determines the compensation for the Chief Executive Officer. The Chief Executive Officer provides recommendations to the Compensation Committee on the compensation for each executive officer other than himself. The Chief Executive Officer does not make recommendations with respect to his own compensation. The Chief Executive Officer's recommendations for the other executive officers are based on his personal review of their performance, job responsibilities and importance to our overall business strategy. Although the Chief Executive Officer's recommendations are given significant weight, the Compensation Committee retains full discretion when determining compensation for all executive officers.

Under its charter, the Compensation Committee has the power to delegate the approval of grants to non-executive officers of stock options, restricted stock, restricted stock units and other equity awards under the Four Corners Property Trust, Inc. 2015 Omnibus Incentive Plan, as amended (the "2015 Plan"). The Compensation Committee delegated such authority with respect to non-executive officers to our President and Chief Executive Officer in February 2016. The Compensation Committee has the power under its charter to delegate its authority to subcommittees if determined by the Compensation Committee to be necessary or advisable. The Compensation Committee has not delegated its authority to subcommittees.

Table of Contents

For fiscal year 2017, the Compensation Committee engaged the services of Semler Brossy Consulting Group (“Semler Brossy”), an executive compensation consultant, to provide advice and counsel in carrying out its duties. Semler Brossy provided the Compensation Committee with market data on executive pay practices and levels, and provided recommendations regarding the structure of executive employment arrangements, pay opportunities and equity based incentives.

The Compensation Committee has the sole authority to approve the compensation consultant’s fees and terms of its engagement. The Compensation Committee has reviewed its relationship with Semler Brossy to ensure that it believes that Semler Brossy is independent from management. This review process includes a review of the services Semler Brossy provides, the quality of those services and fees associated with the services during the fiscal year, as well as consideration of the factors impacting independence that are set forth in NYSE rules.

The Board has determined that each member of the Compensation Committee meets the independence requirements set forth by the SEC and in the NYSE listing requirements and the Compensation Committee charter. The Compensation Committee met six times in 2017.

Investment Committee

The primary responsibilities of the Investment Committee are to, among other things:

- adopt investment policies for the Company and review such policies to determine that such policies are in the best interests of the Company’s stockholders;

- review information provided by management regarding certain potential acquisitions, dispositions, significant lease extensions, significant capital investments and real estate financing arrangements, and convene with management as needed to discuss and assess such opportunities;

- when appropriate, after review of management’s proposal, recommend to the Board approval of certain proposed acquisitions, dispositions, significant lease extensions, significant capital investments or real estate financing arrangements, provided always that such transaction falls within the Company’s strategy (previously approved by the Board) or, if not, the Investment Committee should explain the exception within their recommendation;

- review and provide oversight regarding the management and performance of the Company’s assets; and

- evaluate the investment performance of the Company’s portfolio based on benchmarks that the Board or the Investment Committee may select.

The Investment Committee met seven times in 2017.

Board Oversight of Risk Management

The ultimate responsibility for risk oversight rests with the Board. The Board assesses major risks facing the Company and reviews options for their mitigation. Our Corporate Governance Guidelines provide that the Board may delegate primary responsibility for oversight of specific risks to the committees of the Board.

Table of Contents

The Compensation Committee: (i) provides oversight of the risks associated with the responsibilities in its charter; (ii) reviews our incentive and other compensation arrangements to confirm that compensation does not encourage unnecessary or excessive risk taking and review and discuss, at least annually, the relationship between risk management policies and practices, corporate strategy and executive compensation; (iii) participates at least annually in a joint meeting with the Audit Committee to oversee management's risk assessment of the Company's compensation policies and practices; and (iv) discusses with the Company's management any disclosures required by Item 402(s) of Regulation S-K relating to the Company's compensation risk management.

The Nominating and Governance Committee is responsible for assessing the Board's role in risk oversight and recommending appropriate disclosures for approval by the Board. In addition, the Nominating and Governance Committee oversees risks related to the Company's corporate governance, director succession planning, political and charitable contributions, insider trading and reputational risk to the extent such risk arises from the topics under discussion.

The charter for the Audit Committee requires, among other responsibilities, that it reviews the integrity of our internal controls over financial reporting, including the process for assessing risk of fraudulent financial reporting and detection of material control weaknesses. The Audit Committee also reviews significant financial risk exposures, including off-balance sheet financing, if any, and the steps management has taken to monitor and report such exposures. The Audit Committee also oversees the Company's enterprise risk management process and evaluates the policies and practices developed and implemented by management with respect to risk assessment and risk management.

The Board believes that the composition of its committees, and the distribution of the particular expertise of each committee's members, makes this an appropriate structure to effectively monitor the risks discussed above.

Corporate Governance Guidelines

The Board has adopted a set of governance guidelines, the Four Corners Property Trust, Inc. Corporate Governance Guidelines, which are designed to promote the continued vitality of the Board and excellence in the execution of its duties. The Board reviews our Corporate Governance Guidelines at least annually and updates them as necessary to reflect improved corporate governance practices and changes in regulatory requirements. A copy of the Corporate Governance Guidelines is available on our website at www.fcpt.com under Investor Relations – Corporate Governance.

The Code of Business Conduct and Ethics sets forth our policy to operate within the letter and spirit of all applicable laws and regulations, while conducting our business with regard to our core values of integrity and fairness, respect and caring, diversity, teamwork and excellence. A copy of the Code of Business Conduct and Ethics is available on our website at www.fcpt.com under Investor Relations — Corporate Governance. Director Compensation Policy

The director compensation policy provides that each non-employee director will receive (i) a base annual cash retainer of \$50,000 and (ii) an annual award of \$65,000 in restricted stock units (“RSUs”) of the Company, which will vest on the first anniversary of the applicable grant date. The Compensation Committee modified the director compensation policy in December 2017 to provide that annual awards of RSUs will vest in full on the one-year anniversary of the grant date instead of in four quarterly installments. The Compensation Committee also determined that annual awards of RSUs will be granted to directors each calendar year on the date of our annual meeting of stockholders, commencing with the 2018 meeting, instead of in December of each calendar year. In connection with this modification, the Compensation Committee granted a pro-rated annual award of RSUs to each non-employee director on December 12, 2017, in respect of his or her service for the period from December 23, 2017 through the date of our 2018 annual meeting of stockholders, as described below in the section entitled “Equity Awards Granted to Directors in 2017.” Each new member of the Board, upon being appointed to the Board, shall receive an award of RSUs prorated to the annual grant date of the director awards.

Each non-employee director will receive an award of dividend equivalent rights (“DERs”) with respect to each RSU granted to the director for all dividends and distributions in cash, shares of the Company’s common stock or other property which are paid on one share of the Company’s common stock, and all such DERs will be deemed to be reinvested in additional RSUs as of the payment date for such dividend or distribution. Each additional RSU that results from such deemed reinvestment of DERs will be subject to the same terms and conditions (including vesting) as the underlying RSU. Each non-employee director may (but is not required to) elect to defer the receipt of shares of the Company’s common stock that would otherwise be payable upon vesting of the RSU, including annual RSU awards and any additional RSUs received as a result of the deemed reinvestment of DERs, in accordance with procedures as may be established by the Compensation Committee.

Under the director compensation policy, the non-executive Chairperson of the Board or lead independent director, if appointed, will receive an additional cash retainer of \$25,000, payable in quarterly installments, in arrears, and an annual award of \$25,000 in RSUs, which will vest on the first anniversary of the applicable grant date. The chairpersons of the Audit Committee, Compensation Committee, Nominating and Governance Committee and Investment Committee of the Board will receive additional annual cash retainers as follows: \$15,000 to the Chairperson of the Audit Committee; \$10,000 to the Chairperson of the Compensation Committee; and \$7,500 to each of the Chairperson of the Nominating and Governance Committee and the Investment Committee, in each case payable in quarterly installments, in arrears.

Non-employee directors may elect to receive all or a portion of any annual cash retainer (including cash retainers for service as chairperson of any committee or for service as non-executive Chairperson of the Board or lead independent director) in fully vested RSUs. Each non-employee director will receive an award of DERs with respect to each such RSU granted to the director in lieu of his or her annual cash retainer. Each non-employee director may (but is not required to) elect to defer the receipt of shares of the Company’s common stock that would otherwise be payable upon vesting of any such RSUs in accordance with procedures as may be established by the Compensation Committee. The Company will also reimburse each of the directors for his or her out-of-pocket expenses incurred in connection with the performance of Board duties.

Equity Awards Granted to Directors in 2017

On December 12, 2017, Mr. Moody was granted an award of 1,672 RSUs and each other non-employee director was granted an award of 1,208 RSUs. As discussed above in the section entitled “Director Compensation Policy,” these awards represent a pro-rated annual equity award and, solely for Mr. Moody, a pro-rated annual equity award for serving as non-executive Chairperson of the Board, in respect of his or her service for the period from December 23, 2017 through the date of our 2018 annual meeting of stockholders. Each such award is scheduled to vest on June 15, 2018, and will be settled in stock following vesting.

On November 9, 2017, Mr. Hirschhorn was granted an award of 362 RSUs in connection with his appointment to the Board on such date, with such award representing the pro-rated annual equity award component of his annual director compensation. This award vested on December 23, 2017 and was settled in shares of our common stock.

On September 14, 2017, Mr. Jemley was granted an award of 1,305 RSUs in connection with his appointment to the Board on June 28, 2017, with such award representing the pro-rated annual equity award component of his annual director compensation. This award was scheduled to vest in quarterly installments over a one-year period. In November 2017, the Compensation Committee adjusted the vesting schedule of this award to align it with the vesting schedule of RSUs held by our other non-employee directors. Accordingly, this award vested on December 23, 2017 and was settled in shares of our common stock.

Director Stock Ownership Policy

We believe that equity ownership by our non-employee directors can help align their interests with our stockholders’ interests. To that end, the Nominating and Governance Committee adopted a Director Stock Ownership Policy in 2017 that applies to all of our non-employee directors. Pursuant to such policy, each non-employee director is required to own shares of our common stock or common stock equivalents that have a market value equal to at least \$400,000. Each director is required to retain 75% of net shares (after payment of applicable taxes) received by the director from any equity award until the applicable stock ownership requirement is achieved.

Director Compensation Table

The following table presents information regarding the compensation earned in 2017 by non-employee directors who served on the Board during the year. The compensation paid to Mr. Lenehan is presented below in the section entitled “Executive Compensation—2017 Summary Compensation Table.” Mr. Lenehan does not receive any compensation for his services as a member of the Board.

(1) Amounts reported in fiscal 2017 include the aggregate grant date fair value of the RSUs granted to the non-employee directors in 2017, each calculated in accordance with FASB ASC Topic 718. The grant date fair

value of the RSUs granted to the non-employee directors on December 12, 2017 (\$43,154 for Mr. Moody and \$31,178 for each other non-employee director) is equal to the number of RSUs granted to the director (1,672 for Mr. Moody and 1,208 for each other director) multiplied by the closing market price of our common stock on the date of grant (\$25.81). The grant date fair value of the RSUs granted to Mr. Hirschhorn on November 9, 2017 (\$9,445) is equal to the number of RSUs granted to him (362) multiplied by the closing market price of our common stock on the date of grant (\$26.09). The grant date fair value of the RSUs granted to Mr. Jemley on September 14, 2017 (\$33,304) is equal to the number of RSUs granted to him (1,305) multiplied by the closing market price of our common stock on June 28, 2017, which is the date of Mr. Jemley's appointment to our Board (\$25.52). As of December 31, 2017, the non-employee directors held the following number of RSUs: Mr. Moody, 1,672 RSUs; Mr. Hansen, 1,208 RSUs; Mr. Hirschhorn, 1,208 RSUs; Mr. Jemley, 1,208 RSUs; Ms. Ogilvie, 9,142 RSUs; and Mr. Szurek, 9,142 RSUs.

EXECUTIVE COMPENSATION
COMPENSATION DISCUSSION AND ANALYSIS

Introductory Note

This section summarizes the material components of our executive compensation program for our named executive officers. Each of our executives described above in the section entitled “Executive Compensation” was a named executive officer for 2017.

Overview of Company Performance during 2017

2017 was a year of significant accomplishment for the Company. We made substantial progress in building out our team and executing on our strategic plan, which includes growing and diversifying our property portfolio. More specifically, we accomplished the following during 2017 while delivering a total stockholder return of 30.3%:

Generated FFO of \$1.36 per diluted share and Adjusted FFO of \$1.29 per diluted share, reflecting an increase of 0.7% and 5.7%, respectively, from the prior year;¹

· Increased dividends by over 13% to \$1.10 per share per year;

· Achieved an investment grade rating of BBB- from Fitch Ratings;

· Continued to develop the acquisition team’s capabilities through training and recruiting;

· Fostered a team-oriented culture that we believe will provide a competitive advantage over the long term;

· Conducted significant investor outreach, which resulted in a stockholder base that is consistent with a large-cap REIT and supportive of an advantageous cost of capital;

· Disposed of three restaurant properties for a gross sales price of \$16.1 million, representing a weighted average capitalization rate of 4.9%, and used the proceeds in 1031 Exchanges to acquire multiple restaurants with going-in cash capitalization rates of 6.7-7.4%;

· Tightly managed overhead costs resulting in industry low whole-dollar general and administrative expenses that were below budget;

· Entered into a definitive agreement to acquire 41 restaurant properties from Washington Prime Group Inc. (“WPG”) for a purchase price of approximately \$67.2 million cash, consisting entirely of outparcels to WPG properties located in Colorado, Connecticut, Florida, Illinois, Indiana, Iowa, Maryland, New Jersey, Ohio, Pennsylvania, Texas and Virginia. We closed on the purchase of the first 10 properties in January 2018;

· Engaged in 10 acquisition transactions for a total investment of \$98.6 million in our leasing portfolio representing 43 properties and 9 brands, including Bob Evans, Burger King, Red Lobster, Taco Bell and Buffalo Wild Wings; and

¹ For a calculation of FFO per share and AFFO per share, see pages 43-44 of our Annual Report on Form 10-K filed with the SEC on February 27, 2018, which also includes a GAAP reconciliation of these non-GAAP measures.

Sold 1,347,010 shares under the At-The-Market (ATM) program at a weighted-average selling price of \$24.35 per share, for net process of approximately \$32.3 million, after issuance costs, which we employed to fund acquisitions and for general corporate purposes.

Compensation Philosophy and Objectives

Our compensation program is a pay for performance model based upon the philosophy that we should incentivize our named executive officers to improve our financial performance, profitably grow our business and increase stockholder value, and reward them only if they attain these objectives. More specifically, our program is designed to support and reward executive officers for the effective stewardship of our existing asset base, accretive acquisitions to increase that asset base, efficiency in our operations, raising and use of capital to reduce the cost of capital for such acquisitions, and, over time, profitable growth of the business. As such, a large portion of each named executive officer's compensation package consists of short-term and long-term incentive awards that pay out only upon the achievement of corporate and individual performance objectives, including equity awards that are linked to increases in stock value over time. Our compensation program does not reward our named executive officers for the mere accumulation of additional properties. Rather, the performance objectives established by the Compensation Committee are designed to reward our executives for the successful execution of our acquisition strategy, which entails growing and diversifying our existing restaurant portfolio with the purchase of nationally recognized branded restaurants that are well located and have creditworthy tenants whose operating cash flows are expected to meaningfully exceed their lease payments to us.

Our compensation program is designed to accomplish the following key objectives:

1. Attract and engage effective executive officers who create long-term value for our stockholders;
2. Align the long-term interests of our executive officers with the interests of the Company and our stockholders;
3. Reward financial and operating performance and leadership excellence; and
4. Motivate executives to remain at the Company for the long-term.

To align with these objectives, we compensate our named executive officers using a combination of the following components: (i) base salary, (ii) annual incentive compensation (payable in cash up to target awards, and then in shares for any above target awards, (iii) long-term equity incentive compensation and (iv) broad-based health and welfare benefits that are made available to all of our employees.

The following charts illustrate the target mix for fiscal 2017 between compensation elements for our Chief Executive Officer ("CEO") and the average target mix of our other named executive officers. In comparison with our peers, the target mix for fiscal 2017 resulted in the cash portion of the compensation being more modest and the equity portion of the total compensation being more performance-based.

Checklist of Compensation Practices

Highlighted below are certain compensation practices that we have used and others that we have avoided because we believe doing so is in the best interests of our stockholders:

28

Table of Contents

Pay for Performance. A significant portion of each named executive officer's total target compensation is at-risk and can only be earned based on the achievement of certain pre-established performance criteria. Our performance-based restricted stock awards, which constitute 60% of the long-term incentive compensation awards that we grant to our named executive officers, are earned based on the Company's total stockholder return relative to the total stockholder returns of the companies in a comparison group of similarly situated companies over a three-year performance period. Our annual incentive compensation program does not reward the mere accumulation of additional properties, but rather is designed to reward our executives for growing and diversifying our existing restaurant portfolio with the purchase of nationally recognized branded restaurants that are well located and have creditworthy tenants.

Stock Ownership Requirements. We have ownership requirements in place for the CEO and other named executive officers, as well as for our non-employee directors.

Clawback of Equity-Based Compensation. Equity awards granted to our named executive officers are subject to clawback in specified circumstances, including if there is a restatement of our financial statements due to fraud in which the executive participated.

No Single-Trigger Change in Control Provisions. Upon a change in control in which equity awards are being assumed or continued, a qualified termination must occur for the awards to accelerate.

No Gross-Ups. We do not have any arrangements requiring us to gross-up compensation to cover taxes owed by the executives, including excise taxes payable by an executive in connection with a change in control.

No Dividends Paid on Unvested Performance-Based Restricted Stock Awards. Dividends on shares of performance-based restricted stock are reinvested in additional shares, which will not be issued to the executive unless and until the underlying restricted shares become earned and vested.

No Executive Perquisites. We do not provide any supplemental executive retirement plans, company cars, club memberships or other executive perquisites. The only perquisite is a membership for a gym, which is offered to all corporate employees.

No Hedging or Pledging of Company Stock. Our Insider Trading Policy prohibits our officers, directors and other employees from engaging in hedging and pledging activities.

Independent Compensation Consultant. The Compensation Committee retains an independent compensation consultant to review and provide input to our executive compensation programs and practices.

Compensation Determination Process

Role of the Compensation Committee

The Compensation Committee makes compensation decisions for our named executive officers after careful review and analysis of performance information and market compensation data. The Compensation Committee annually reviews and approves the corporate goals and objectives relevant to the compensation of the CEO, evaluates the CEO's performance in light of such goals and objectives, and makes recommendations to the other independent directors on our Board who will, together with the Compensation Committee, determine and approve the CEO's compensation, including the annual base salary level, annual cash bonus opportunity level, and long-term incentive compensation based on this evaluation. In evaluating and recommending the total compensation opportunity for the CEO (including the long-term incentive component), the Compensation Committee may consider a number of factors, including, but not limited to, the Company's performance and relative stockholder return, compensation opportunities (including the value of equity incentives) of chief executive officers at comparable companies, and historical opportunities and

outcomes for the CEO (including prior equity grants). The CEO is not present during any Compensation Committee deliberations or voting with respect to his compensation.

Table of Contents

The Compensation Committee also annually reviews and approves the compensation of and compensation policy for our other named executive officers and evaluates the performance of such officers before approving their annual base salary level, annual cash bonus opportunity level, and long-term incentive compensation.

Role of CEO in Compensation Decisions

The CEO provides recommendations to the Compensation Committee on the compensation for each named executive officer other than himself. The CEO does not make recommendations with respect to his own compensation. The CEO's recommendations for the other executive officers are based on his personal review of their performance, job responsibilities, and importance to our overall business strategy. Although the CEO's recommendations are given significant weight, the Compensation Committee retains full discretion when determining compensation for all named executive officers.

Role of the Compensation Consultant

In 2017, the Compensation Committee engaged Semler Brossy as an independent compensation consultant to advise it on matters related to the compensation of our executive officers and directors. The role of the compensation consultant is to serve as an objective third-party advisor to the Compensation Committee on compensation arrangements, assessing reasonableness of compensation levels in comparison with those of similarly situated companies and the appropriateness of the compensation program structure in supporting the Company's strategic objectives. The compensation consultant reports directly to the Compensation Committee and the Compensation Committee may replace the compensation consultant at any time. In 2017, Semler Brossy supported the Compensation Committee by (i) attending Compensation Committee meetings, (ii) preparing and presenting analyses on compensation levels, including competitive assessments of the Company's practices and policies and (iii) assisting the Company in preparing compensation-related materials and disclosure as requested by the Company. Semler Brossy provided no other services to and received no other fees or compensation from the Company.

In 2017, the Compensation Committee considered Semler Brossy's independence and the existence of potential conflicts of interest with Semler Brossy, including by considering the factors prescribed by the NYSE listing rules and SEC rules. Based on such evaluation, the Compensation Committee determined that no conflict of interest exists.

Use of Benchmarking and Peer Group Data

The Compensation Committee uses peer group data as one tool in assessing and determining pay for our named executive officers, with secondary testing to a broader pay survey focused on the real estate industry. Competitive market data is intended to provide a framework for current market pay practices, trends, best practices, and overall industry performance. We believe this use of peer company data is consistent with how stockholders and proxy advisory firms use such data. However, over reliance on market data can provide an incomplete picture, and therefore we also factor in an individual's personal contributions to the organization, unique qualifications and skill sets, the particular circumstances of our Company at this time, and ultimately strive to create compensation magnitudes that are appropriate for the risk profile of our Company today and over the longer-term.

Table of Contents

The Compensation Committee has retained Semler Brossy to, among other things: (1) assist in benchmarking our executive compensation against our peers; and (2) analyze trends in compensation in the marketplace, generally, and specific compensation program design changes among our peers, more specifically.

In 2017, with recommendations from Semler Brossy, the Compensation Committee selected the companies to be included in our peer group based on a number of factors, including company size (particularly enterprise value and assets), business focus, complexity of operations, and geographic reach. The Compensation Committee, with advice from Semler Brossy, annually reviews our peer group and may update its composition to better reflect our competitive landscape or, if necessary, to account for any corporate changes, including acquisitions and dispositions. The following peer group was used by the Compensation Committee in 2017 for benchmarking and reviewing the executive compensation program, which is the same peer group that was used by the Compensation Committee in 2016, except that IRC Retail Centers, Inc. was removed from the peer group as a result of its acquisition by another entity:

Elements of Compensation

Base Salary

We pay our named executive officers base salaries in keeping with the scope, prominence, and impact of their respective positions, as well as competitive requirements. Base salaries provide a predictable, stable source of cash income to help retain and motivate our executives.

Each year, the Compensation Committee makes a recommendation to the other independent directors on our Board regarding the CEO's annual base salary level. The Compensation Committee's recommendation is based on a comprehensive review of the CEO's performance, including reference to certain Company and individual objectives established by the Compensation Committee for such year. Based on this recommendation, the other independent directors, together with the Compensation Committee, determine and approve the CEO's annual base salary level. The Compensation Committee also annually evaluates the performance of our other named executive officers and, based on such evaluation (and recommendations received from the CEO), approves their annual base salary levels.

Table of Contents

In March 2017, the Compensation Committee and, with respect to Mr. Lenehan only, the other independent directors on our Board, approved an increase of approximately 5% in the annual base salary of each of Messrs. Lenehan, Morgan and Brat, as shown in the table below. The Compensation Committee approved these increases in recognition of each named executive officer's contribution to the Company's strong performance in 2016, its first full year as a stand-alone, public company.

Named Executive

Officer	2016 Base Salary	2017 Base Salary	Percent Change	
William H. Lenehan	\$ 475,000	\$ 500,000	5.3	%
Gerald R. Morgan	\$ 340,000	\$ 357,000	5.0	%
James L. Brat	\$ 275,000	\$ 288,750	5.0	%

Annual Incentive Compensation

The Company's named executive officers were eligible to earn annual bonuses for the calendar year 2017 based on the achievement of performance objectives established by the Compensation Committee. The purpose of our annual incentive compensation program is to motivate the achievement of corporate and individual strategic objectives on an annual basis and to reward financial and operating performance and leadership excellence.

The target annual bonus opportunities of the named executive officers for calendar year 2017 were as follows, pursuant to the executives' letter agreements with the Company, which are described below in the section entitled "Executive Compensation – Narrative Description to Summary Compensation Table and Grants of Plan-Based Awards Table – Letter Agreements with Named Executive Officers": (i) Mr. Lenehan – 100% of annual base salary (i.e., \$500,000); (ii) Mr. Morgan – 65% of annual base salary (i.e., \$232,050); and (iii) Mr. Brat – 60% of annual base salary (i.e., \$173,250). Each executive was eligible to earn an annual bonus for 2017 in an amount that ranged from 0% to 150% of his target annual bonus opportunity.

In order for our named executive officers to earn an annual bonus under our annual incentive compensation program for calendar year 2017, the Company had to satisfy an objective, minimum performance requirement established by the Compensation Committee, and the executives had to achieve certain performance objectives that were established by the Compensation Committee, as described below. The objective, minimum performance requirement for 2017 was the Company's achievement of a level of Adjusted Funds From Operations, or AFFO, equal to at least 95% of the Company's annual AFFO budget for 2017, which was \$75.0 million. AFFO is a non-GAAP measure that is used as a supplemental operating measure for comparing year-over-year ability to fund dividend distribution from operating activities. The Compensation Committee determined that the minimum performance requirement for 2017 was satisfied. Specifically, it determined that the Company's AFFO for calendar year 2017 was \$78.6 million, which is greater than 95% of the Company's annual AFFO budget for 2017 (\$75.0 million). See pages 43–44 of our Annual Report on Form 10-K for the year ended December 31, 2017 for a reconciliation of GAAP net income to AFFO.

Based upon the Company having satisfied the minimum AFFO performance requirement for 2017, the named executive officers were eligible to earn an annual bonus for 2017 subject to the achievement of performance objectives that were established by the Compensation Committee for 2017 and that related to the following performance categories, which are described in more detail below: (i) acquisition strategy, (ii) shared strategic objectives, and (iii) individual performance. The relative weighting of each performance objective category and the maximum amount that each executive could earn in each category are set forth in the table below.

Table of Contents

Performance Category	Weighting (as a % of the executive's target opportunity)	Maximum Amount that could be Earned by an Executive (as a % of the executive's target opportunity)
Acquisition strategy ¹	50%	75%
Shared strategic objectives ²	30%	45%
Individual performance objectives ³	20%	30%
Total	100%	150%

(1) Acquisition Strategy. This performance category was measured based on the Company's achievement of objectives related to the investment process. This encompasses recruiting and training acquisition personnel, establishing a credit focused underwriting process, and a thorough due diligence process. Our acquisition process is founded on the analogy of a "strike zone." This compares the Company's assessment of the quality of the acquisition opportunity to both its expected unlevered return and the Company's estimate of its long-term cost of capital. Please see page 19 of the investor presentation furnished to the SEC in a Current Report on Form 8-K filed on November 13, 2017 for an illustration of such process. Such report and the information furnished with it shall not be deemed to be incorporated into this proxy statement.

(2) Shared Strategic Objectives. This performance category was measured with consideration to the following key focus areas for 2017: focusing on out-parcel acquisition transactions with distressed mall and shopping center REITs; evolving underwriting criteria to incorporate learning to date; obtaining investment grade rating and demonstrating access to efficient, long-term capital markets; growing distributions and maintaining conservative financial leverage; building out our systems to qualify potential acquisition/investment targets; building a culture of accountability, ethics, and compliance throughout the organization; and building our core team and our business platform, more broadly.

(3) Individual Performance Objectives. The Compensation Committee established a number of different individual performance objectives for each named executive officer, which fell into the following categories: (i) for Mr. Lenehan – strategic vision, leadership, financial results and performance, key relationships and people management; (ii) for Mr. Morgan – internal audit, financial reporting and controls, capital markets, debt rating, and executive management; and (iii) for Mr. Brat – legal oversight and compliance, executive management, property management and operations at our six LongHorn Steakhouse restaurants located in the San Antonio, Texas area.

The Compensation Committee determined each executive's annual bonus amount for 2017 based on its evaluation of the executive's achievement of the performance objectives described above. Based on the Compensation Committee's assessment of each executive's achievement of the applicable performance objectives, the Compensation Committee and, with respect to Mr. Lenehan only, the other independent directors on our Board, approved the following annual bonus amounts for the executives for 2017: (i) Mr. Lenehan, \$687,500; (ii) Mr. Morgan, \$319,069; and (iii) Mr. Brat, \$238,219. Each executive's annual bonus amount was equal to 137.5% of his target annual bonus opportunity for 2017. The above-target portion of these annual bonus amounts was paid in shares, as described below, to underscore an ownership ethic among our senior-most executives and align their interests with shareholders'.

Table of Contents

The named executive officers were paid their annual bonuses for 2017 as follows: (i) an amount equal to the executive's 2017 target annual bonus opportunity was paid to the executive in a cash lump sum (i.e., \$500,000 for Mr. Lenehan, \$232,050 for Mr. Morgan and \$173,250 for Mr. Brat), and (ii) an amount equal to the excess of the annual bonus earned by the executive over his target annual bonus opportunity was paid to the executive in the form of fully vested shares of our common stock, which were issued to Mr. Lenehan on January 26, 2018, and to Messrs. Morgan and Brat on January 22, 2018, in each case under our 2015 Plan. The number of shares issued to each executive was determined based on the closing price of the Company's common stock on January 26, 2018 (for Mr. Lenehan) or January 22, 2018 (for Messrs. Morgan and Brat). The executives were issued the following number of shares: (i) Mr. Lenehan – 7,771 shares; (ii) Mr. Morgan – 3,607 shares; and (iii) Mr. Brat – 2,693 shares.

Long-Term Incentive Compensation

In March 2017, each named executive officer was granted an annual long-term equity incentive award under the 2015 Plan for calendar year 2017. The Compensation Committee grants long-term equity incentive awards in order to attract and retain talented executives, to motivate future performance and to link compensation to performance of the Company's stock over a multi-year period. The Compensation Committee believes that long-term equity incentive awards align the long-term interests of the executives with the interests of the Company and the Company's stockholders.

In March 2017, the Compensation Committee and, with respect to Mr. Lenehan only, the other independent directors on our Board, approved an increase in each named executive officer's aggregate target value for his annual long-term incentive award in recognition of each executive's strong performance during calendar year 2016 and to motivate future performance and further align the interests of our named executive officers and our stockholders. The executives' aggregate target values for the 2017 annual long-term incentive award were as follows: (i) Mr. Lenehan – \$1,400,000; (ii) Mr. Morgan – \$415,000; and (iii) Mr. Brat – \$225,000. Each executive's long-term equity incentive award for calendar year 2017 was granted 60% in the form of performance-based restricted stock and 40% in the form of time-based restricted stock.

On March 9, 2017, the Compensation Committee (and, in the case of Mr. Lenehan, all of the independent directors on our Board) approved the following annual long-term equity incentive awards to the named executive officers: (i) Mr. Lenehan – 25,907 shares of time-based restricted stock and a target award of 38,860 shares of performance-based restricted stock; (ii) Mr. Morgan – 7,679 shares of time-based restricted stock and a target award of 11,519 shares of performance-based restricted stock; and (iii) Mr. Brat – 4,164 shares of time-based restricted stock and a target award of 6,245 shares of performance-based restricted stock. The total number of shares of restricted stock awarded to each executive was determined by dividing the aggregate target value of the annual long-term incentive award, being \$1,400,000 for Mr. Lenehan, \$415,000 for Mr. Morgan and \$225,000 for Mr. Brat, by the average closing price of the Company's common stock for the five consecutive trading days ending on the grant date.

The material terms of these awards are described below in the section entitled "Executive Compensation – Narrative Description to Summary Compensation Table and Grants of Plan-Based Awards Table – 2017 Long-Term Equity Incentive Awards."

Clawback. The time-based restricted stock and performance-based restricted stock award agreements each provide that if (i) the Company is required to restate its financial statements due to fraud and (ii) the Compensation Committee determines that the executive has knowingly participated in such fraud, then the Compensation Committee may, at any time within two years following such restatement, require the executive to (a) return to the Company any shares that vested under the award agreement and any distributions received by the executive with respect to such shares and (b) pay to the Company the amount of any proceeds received by the executive from the disposition of any such shares, in each case during the period commencing two years before the beginning of the restated financial period and ending on the date of such Compensation Committee determination. The award agreements also provide that the shares issued

to the executive under the award agreements, any distributions received by the executive with respect to such shares, and any proceeds received by the executive from the disposition of any such vested shares will be subject to mandatory repayment by the executive to the Company to the extent the executive is, or in the future become, subject to (A) any “clawback” or recoupment policy that is adopted by the Company or (B) any applicable laws which impose mandatory recoupment.

Restrictive Covenants. The time-based restricted stock and performance-based restricted stock award agreements each contain certain restrictive covenant provisions, including restrictive covenants relating to the non-disclosure of confidential information and trade secrets, non-competition, non-solicitation of vendors, suppliers and licensees, and non-recruitment of employees. The non-competition, non-solicitation and non-recruitment covenants run for twenty-four months following the executive's termination of employment for any reason, provided that, if the executive is a resident of California and subject to its laws, then the non-competition covenant will not apply and the non-solicitation and non-recruitment covenants will be limited to apply only where the executive uses or discloses confidential information or trade secrets when engaging in the restricted activities. Each of our named executive officers is a resident of California.

Letter Agreements with Named Executive Officers

We have letter agreements with our named executive officers, pursuant to which the executives are entitled to receive severance benefits in connection with certain terminations of employment. The material terms of these agreements are described below in the section entitled "Executive Compensation – Narrative Description to Summary Compensation Table and Grants of Plan-Based Awards Table – Letter Agreements with Named Executive Officers."

Other Employee Benefits and Perquisites

We provide to all of our corporate employees, including our named executive officers, broad-based health and welfare benefits that are intended to attract and retain employees while providing them with health and welfare security. Our named executive officers are eligible to receive the same benefits, including life and health benefits and vacation, holiday and sick time, that are available to all other corporate employees. We do not provide executive perquisites to our named executive officers.

Other Compensation Practices and Policies

Stock Ownership Policy

We believe that equity ownership by our named executive officers can help align their interests with our stockholders' interests. To that end, the Compensation Committee adopted a stock ownership policy in 2017 that applies to all of our named executive officers. Pursuant to such stock ownership policy, (i) the CEO is required to own shares of our common stock or common stock equivalents that have a market value equal to at least six times the CEO's annual base salary, and (ii) each other named executive officer is required to own shares of our common stock or common stock equivalents that have a market value equal to at least three times the executive's annual base salary. Each executive is required to retain 50% of net shares (after payment of applicable taxes) received by the executive from any equity award until the applicable stock ownership requirement is achieved.

Prohibition on Short Sales, Hedging, Pledging and Margin Accounts

Our Insider Trading Policy prohibits our officers, directors and all other employees from (i) engaging in short sales, (ii) buying or selling put or call positions or other derivative securities based on our securities, (iii) buying financial instruments designed to hedge or offset any decrease in the market value of our securities, and (iv) frequent trading of our securities to take advantage of fluctuations in share price. In addition, all of our officers and directors are prohibited from holding out securities in margin accounts or otherwise pledging our securities as collateral.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, prohibits publicly held corporations from taking a tax deduction for annual compensation in excess of \$1 million paid to any of the corporation's "covered employees." Prior to the enactment of the Tax Cuts and Jobs Act, which was signed into law on December 22, 2017 (the "TCJA"), a publicly held corporation's covered employees included its chief executive officer and three other most highly compensated executive officers (other than the chief financial officer), and certain "performance-based compensation" was excluded from the \$1 million cap. The TCJA made certain changes to Section 162(m), effective for taxable years beginning after December 31, 2017. These changes include, among others, expanding the definition of "covered employee" to include the chief financial officer and repealing the performance-based compensation exception to the \$1 million cap, subject to a transition rule for remuneration provided pursuant to a written binding contract which was in effect on November 2, 2017, and which was not modified in any material respect on or after that date.

As an UPREIT, substantially all of the services rendered by the Company's executive officers are performed on behalf of the Company's operating partnership, for which a wholly owned subsidiary of the Company serves as the sole general partner. The Internal Revenue Service has issued a series of private letter rulings which indicate that compensation paid by an operating partnership to executive officers of a real estate investment trust that serves as its general partner is not subject to limitation under Section 162(m) to the extent such compensation is attributable to services rendered to the operating partnership. The Company has not obtained a ruling on this issue, but has no reason to believe that the same conclusion would not apply to it. Since the Company qualifies as a REIT under the Internal Revenue Code and is generally not subject to federal income taxes, if compensation were required to (but did not) qualify for deduction under Section 162(m), the payment of compensation that fails to satisfy the requirements of Section 162(m) would not have a material adverse consequence to the Company, provided the Company continues to distribute 100% of its taxable income. If the Company does not distribute 100% of its taxable income, it could fail to comply with REIT distribution requirements and/or incur an entity-level U.S. federal income tax. The Compensation Committee considers the impact of Section 162(m) in developing, implementing and administering the Company's compensation programs. However, the Compensation Committee balances this consideration with the Company's primary goal of structuring compensation programs to attract, motivate, and retain highly talented executives. In light of this balance and the need to maintain flexibility in administering compensation programs, the Compensation Committee may authorize compensation in any year that exceeds \$1 million and does not meet the required standards for deductibility.

2018 Compensation Actions

Base Salaries

In January 2018, the Compensation Committee and, with respect to Mr. Lenehan only, the other independent directors on our Board, approved an increase in the annual base salary of each of Messrs. Lenehan, Morgan and Brat, as shown in the table below. The Compensation Committee approved these increases in recognition of each named executive officer's contribution to the Company's strong performance in 2017, taking into account the base salaries of counterpart executive officers at the Company's peers.

Named Executive

Officer	2017 Base Salary	2018 Base Salary	Percent Change	
William H. Lenehan	\$ 500,000	\$ 525,000	5.0	%

Long-Term Incentive Compensation

In January 2018, the Compensation Committee and, in February 2018, with respect to Mr. Lenehan only, the other independent directors on our Board, approved an increase in each named executive officer's aggregate target value for his annual long-term incentive award in recognition of each executive's strong performance during calendar year 2017 and to motivate future performance and further align the interests of our named executive officers and our stockholders. In approving these increases, the Compensation Committee and the other independent directors on our Board also considered the compensation of counterpart executive officers at the Company's peers. The executives' aggregate target values for the 2018 annual long-term incentive award are as follows: (i) Mr. Lenehan – \$1,590,000; (ii) Mr. Morgan – \$485,500; and (iii) Mr. Brat – \$275,500. The executives were granted the following annual long-term equity incentive awards under the 2015 Plan on February 4, 2018 (for Mr. Lenehan) or January 29, 2018 (for Messrs. Morgan and Brat): (x) Mr. Lenehan – 27,249 shares of time-based restricted stock and a target award of 40,874 shares of performance-based restricted stock; (y) Mr. Morgan – 8,058 shares of time-based restricted stock and a target award of 12,087 shares of performance-based restricted stock; and (z) Mr. Brat – 4,573 shares of time-based restricted stock and a target award of 6,859 shares of performance-based restricted stock. The total number of shares of restricted stock awarded to each executive was determined by dividing each executive's aggregate target value, as set forth above, by the average closing price of the Company's common stock for the five consecutive trading days ending on the applicable grant date.

These awards have the same terms and conditions as the corresponding awards granted in 2017, as described below in the section entitled "Executive Compensation – Narrative Description to Summary Compensation Table and Grants of Plan-Based Awards Table – 2017 Long-Term Equity Incentive Awards," except that the performance period for the performance-based restricted stock awards runs from January 1, 2018 to December 31, 2020.

Amounts include the aggregate grant date fair value of the time-based restricted stock and performance-based restricted stock awards granted to the named executive officers on March 9, 2017, each calculated in accordance with FASB ASC Topic 718. The grant date fair value of the time-based restricted stock award granted to Messrs. (2) Lenehan, Morgan and Brat (\$560,006, \$165,989 and \$90,009, respectively) is equal to the average closing price of our common stock for the five consecutive trading days ending on the grant date (\$21.62) multiplied by the number of shares of restricted stock granted to each executive (25,907, 7,679 and 4,164, respectively).

The grant date fair value of the performance-based restricted stock award granted to each executive is as follows: Mr. Lenehan - \$1,388,776; Mr. Morgan - \$411,673; and Mr. Brat - \$223,196. The grant date fair value of each performance-based restricted stock award was estimated on the grant date using a Monte Carlo Simulation Model and assumes that the maximum level of performance will be achieved, as such level of achievement represents the probable outcome of the applicable performance measure as of the grant date. More information on the assumptions made when calculating the grant date fair values of the performance-based restricted stock awards is found in Note 11 (Stock-Based Compensation) to our Consolidated Financial Statements in Part II, Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2017.

(3) Amounts include the aggregate grant date fair value of the time-based restricted stock and performance-based restricted stock awards granted to Mr. Lenehan on February 8, 2016 and to Messrs. Morgan and Brat on February 3, 2016, each calculated in accordance with FASB ASC Topic 718. The grant date fair value of the time-based restricted stock award granted to Mr. Lenehan (\$500,004) is equal to the average closing price of our common stock for the five consecutive trading days ending on the grant date (\$16.32) multiplied by the number of shares of restricted stock granted to him (30,630). The grant date fair value of the time-based restricted stock award granted

to each of Messrs. Morgan and Brat (\$147,994 and \$80,004, respectively) is equal to the average closing price of our common stock for the five consecutive trading days ending on the grant date (\$16.85) multiplied by the number of shares of restricted stock granted to each executive (8,783 and 4,748, respectively).

Table of Contents

The grant date fair value of the performance-based restricted stock award granted to each executive is as follows: Mr. Lenehan - \$1,267,094; Mr. Morgan - \$374,760; and Mr. Brat - \$202,753. The grant date fair value of each performance-based restricted stock award was estimated on the grant date using a Monte Carlo Simulation Model and assumes that the maximum level of performance will be achieved, as such level of achievement represents the probable outcome of the applicable performance measure as of the grant date. More information on the assumptions made when calculating the grant date fair values of the performance-based restricted stock awards is found in Note 11 (Stock-Based Compensation) to our Consolidated Financial Statements in Part II, Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2016.

Amounts include the aggregate grant date fair value of the restricted stock units granted to the named executive officers in 2015, each calculated in accordance with FASB ASC Topic 718. More information on the assumptions (4) made when calculating the grant date fair value of the restricted stock units is found in Note 9 (Stock-Based Compensation) to our Consolidated Financial Statements in Part II, Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2015.

Amounts reported in fiscal 2017, fiscal 2016 and fiscal 2015 reflect cash incentive awards earned by our named executive officers under our annual incentive compensation program for each such year. These awards were based on pre-established, performance-based targets, the outcome of which was uncertain at the time the targets were established, and, therefore, are reportable as “Non-Equity Incentive Plan Compensation” rather than as “Bonus.” The portion of each executive’s earned cash incentive award in excess of his target annual bonus opportunity for fiscal (5) 2017 (\$187,500 for Mr. Lenehan, \$87,019 for Mr. Morgan and \$64,969 for Mr. Brat) was paid to the executive in the form of fully vested shares of our common stock at the election of the Company, which were issued to Mr. Lenehan on January 26, 2018 and to Messrs. Morgan and Brat on January 22, 2018 under our 2015 Plan. The number of shares issued to each executive (7,771 to Mr. Lenehan; 3,607 to Mr. Morgan; and 2,696 to Mr. Brat) was determined based on the closing price of the Company’s common stock on such date. See the section above entitled “Compensation Discussion and Analysis-Elements of Compensation-Annual Incentive Compensation” for additional information about our annual incentive compensation program for fiscal 2017.

For fiscal 2016, the portion of each executive’s earned cash incentive award in excess of his target annual bonus opportunity (\$23,750 for Mr. Lenehan, \$11,050 for Mr. Morgan and \$8,250 for Mr. Brat) was paid to the executive in the form of fully vested shares of our common stock at the election of the Company, which were issued to each executive on March 9, 2017 under our 2015 Plan. The number of shares issued to each executive (1,099 to Mr. Lenehan; 511 to Mr. Morgan; and 382 to Mr. Brat) was determined based on the average closing price of the Company’s common stock for the five consecutive trading days ending on such date.

For fiscal 2015, these amounts were paid at target, based on the annual incentive target percentage of base salary outlined in each executive’s letter agreement with the Company, prorated for each executive’s service during fiscal 2015.

(6) Amounts consist of company contributions to 401(k) plans and, in fiscal year 2015, relocation expenses paid to Mr. Morgan in the amount of \$20,034 and to Mr. Brat in the amount of \$5,000.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

2017 Long-Term Equity Incentive Awards

The Company provides long-term equity incentive awards to certain employees, officers and directors of the Company and its affiliates pursuant to the 2015 Plan. The purpose of the 2015 Plan is to provide eligible individuals with an incentive to contribute to the success of the Company and to operate and manage the Company’s business in a manner that will provide for the Company’s long-term growth and profitability and that will benefit its stockholders and other important stakeholders, including its employees and customers, and to provide a means of recruiting,

rewarding, and retaining key personnel. The 2015 Plan is administered by the Compensation Committee, which has the authority to select persons to whom awards will be granted and to determine the terms and conditions of such awards. The following types of awards may be granted under the 2015 Plan, subject to the limitations set forth in the 2015 Plan: stock options; stock appreciation rights; restricted stock; restricted stock units; deferred stock units; unrestricted stock, dividend equivalent rights; performance shares and other performance-based awards; other equity-based awards; and cash bonus awards.

Time-Based Restricted Stock. The shares of time-based restricted stock granted to each executive in 2017 vest in equal installments on each of the first three anniversaries of the grant date, subject to the executive's continuous employment with the Company through the applicable vesting date. If, after the first anniversary of the grant date, the executive's employment is terminated by the Company for any reason other than "cause" (as defined in the 2015 Plan), death or "disability" (as defined in the applicable award agreement), or the executive resigns for "good reason" (as defined in the applicable award agreement), then the executive will become vested in a pro-rated number of shares, which will be determined based on the number of full months during the 36-month vesting period that the executive was employed by the Company, plus six additional months of service credit. If, within two years after the date of the consummation of a "change in control" (as defined in the 2015 Plan), the executive's employment is terminated by the Company for any reason other than cause, death or disability, or the executive resigns for good reason, then the executive will become immediately vested in all of the shares. If the executive dies or becomes disabled prior to the vesting of the shares, then the executive will become immediately vested in all of the shares. All dividends paid with respect to the shares will be reinvested in additional shares of restricted stock, which will be subject to the same vesting, forfeiture and other provisions that apply to the underlying shares of restricted stock.

Performance-Based Restricted Stock. The shares of performance-based restricted stock granted to each executive in 2017 (the "Target Shares") become vested based on the Company's achievement of a performance measure approved by the Compensation Committee over a three-year performance period commencing on January 1, 2017 and ending on December 31, 2019 (the "Performance Period"). The performance measure is the Company's total stockholder return ("TSR") relative to the TSRs of the companies in a comparison group selected by the Compensation Committee. Each executive will become vested in between 0% and 200% of his Target Shares, based on the achievement of the performance measure. After the Company's TSR percentile is determined, the number of shares of restricted stock that vest will be determined by multiplying the executive's Target Shares by the applicable percentage listed in the table below. If more than 100% of the Target Shares become vested, then the executive will be issued additional shares (the "Additional Shares") on the date on which the Compensation Committee certifies the level of achievement of the performance measure.

Company TSR Relative to Comparison Group ¹ TSRs over Performance Period	Percentage of Target Shares that Vest ²
Maximum (75th Percentile)	200%
Target (50th Percentile)	100%
Threshold (33rd Percentile)	50%
Below Threshold (<33rd Percentile)	0%

(1) The comparison group consists of the following companies: Agree Realty Corp., EPR Properties, Gaming & Leisure Properties, Inc., Gladstone Commercial Corp., Global Net Lease, Inc., Gramercy Property Trust, Lexington Realty Trust, Monmouth Real Estate Investment Corp., National Retail Properties, Inc., One Liberty Properties, Inc., Realty Income Corp., Select Income REIT, Spirit Realty Capital, Inc., Store Capital Corp. and VEREIT, Inc.

(2) To the extent performance falls between two levels in the table above, linear interpolation will apply in determining the percentage of the Target Shares that vest.

Table of Contents

Except as described below, an executive must remain employed through the end of the Performance Period in order to vest in any of his shares. If the executive's employment is terminated by the Company for cause following the end of the Performance Period and prior to the date on which the Compensation Committee certifies the level of achievement of the performance measure, then the executive will forfeit all of his Target Shares and his right to receive any Additional Shares.

If, after the first anniversary of the grant date, the executive's employment is terminated by the Company for any reason other than cause, death or disability, or the executive resigns for good reason, then the executive will become vested in the number of Target Shares, if any, and will be issued the number of Additional Shares, if any, determined following the end of the Performance Period based on actual performance, in each case on a pro rata basis, determined based on the number of full months that the executive was employed by the Company during the Performance Period through his date of termination. If, within two years after the date of the consummation of a change in control, the executive's employment is terminated by the Company for any reason other than cause, death or disability, or the executive resigns for good reason, then the executive will become immediately vested in the number of Target Shares, if any, and will be issued the number of Additional Shares, if any, determined based on actual performance measured through the date of the change in control. If the executive dies or becomes disabled prior to the vesting of the Target Shares, the executive will become immediately vested in 100% of his Target Shares.

All dividends paid with respect to the Target Shares will be reinvested in additional shares of stock, which will be subject to the same vesting, forfeiture and other provisions that apply to the underlying Target Shares.

Table of Contents

These awards consist of shares of performance-based restricted stock, which vest based on the achievement of a performance measure over a three-year performance period commencing on January 1, 2017 and ending on December 31, 2019 (with respect to the awards granted in 2017), or January 1, 2016 and ending on December 31, 2018 (with respect to the awards granted in 2016). The number in the table reflects the number of shares of (2) restricted stock that the executive will earn based on achieving the maximum level of performance. The level of achievement assumed for each award is the next higher performance level (i.e., target or maximum) that exceeds the actual performance level achieved in respect of each award calculated as of December 31, 2017, in accordance with SEC rules. The number of shares of restricted stock, if any, that will be earned by the executive will depend on the actual performance level achieved by the Company for the applicable three-year performance period.

These awards consist of shares of time-based restricted stock, which vest in equal installments on each of the first (3) three anniversaries of the grant date, subject to the executive's continued employment with the Company through the applicable vesting date.

(4) These awards consist of restricted stock units, which vest on December 23, 2018, subject to the executive's continued employment on the vesting date.

Option Exercises and Stock Vested

The following table sets forth information with respect to the stock vested for each named executive officer during the fiscal year ended December 31, 2017. We do not have any outstanding options.

Name	Stock Awards

William H. Lenehan	10,210	217,881
Gerald R. Morgan	2,927	62,462
James L. Brat	1,582	33,760

(1) Reflects shares of time-based restricted stock that vested on February 8, 2017 (for Mr. Lenehan) or February 3, 2017 (for Messrs. Morgan and Brat).

(2) The value realized upon vesting equals the closing market price of our common stock on the date of vesting (\$21.34) multiplied by the number of shares that vested.

Potential Payments Upon Termination or Change in Control

The following table sets forth quantitative information with respect to potential payments and benefits to each of our named executive officers in connection with a termination of employment or a change in control of the Company, assuming that the termination of employment and change in control each occurred on December 31, 2017. A description of these payments and benefits appears above in the section entitled “Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table.” The amounts reported in the “Stock Awards” column below are based on the closing price of our common stock on December 29, 2017 (\$25.70).

Mr. Lenehan’s letter agreement with the Company provides that if his employment is involuntarily terminated by (1) the Company not for cause or voluntarily terminated by Mr. Lenehan for good reason, he will be eligible to receive 18 months of base salary.

Our restricted stock unit, time-based restricted stock and performance-based restricted stock award agreements provide that if an executive’s employment is terminated by the Company for any reason other than cause, death or disability, or the executive resigns for good reason, in each case within two years after a change in control, then the executive will become immediately vested in all of his units or shares, as applicable. The performance-based (2) restricted stock awards will vest based on actual performance through the date of the change of control. We have assumed for purposes of the table above that performance will be achieved at the target level. The award agreements also provide that if the executive dies or becomes disabled prior to the vesting of the units or shares, as applicable, then he will become immediately vested in all of his units or shares, as applicable (with respect to the performance-based restricted stock award, 100% of the target shares will vest).

Our time-based and performance-based restricted stock award agreements provide that if, after the first anniversary of the grant date, an executive’s employment is terminated by the Company for any reason other than cause, death or disability, or the executive resigns for good reason, then the executive will become vested in a pro-rated number of shares, which will be determined based on the number of full months during the 36-month vesting period or

performance period, as applicable, that the executive was employed by the Company (plus six additional months of service credit in the case of time-based restricted stock awards). With respect to performance-based restricted stock awards, the number of shares that will vest (subject to pro-ration as described in the preceding sentence), if any, will be determined following the end of the performance period based on actual performance. We have assumed for purposes of the table above that performance will be achieved at the target level.

(3) Mr. Lenehan's letter agreement with the Company provides that if his employment is involuntarily terminated by the Company not for cause or voluntarily terminated by Mr. Lenehan for good reason, he will be eligible to receive 18 months of health care benefits coverage at the same level provided to him during the 90-day period prior to his termination.

PAY RATIO DISCLOSURE

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Mr. Lenehan, our President and Chief Executive Officer. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

We selected the median employee based on the 339 full-time and part-time workers employed by the company and its consolidated subsidiaries as of December 24, 2017. Over 95% of our employees work at one of the Company's consolidated subsidiaries that operates six LongHorn Steakhouse restaurants located in the San Antonio, Texas area (the "Kerrow Restaurant Operating Business"). To identify the "median employee" from our employee population, we compared the amount of salary, wages and tips of our employees as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for 2017. The compensation for employees who were not employed by us for the entire year was annualized to reflect compensation for the entire year. We did not apply any cost-of-living adjustments as part of the calculation. The foregoing compensation measure was applied consistently to all our employees included in the calculation.

Based on these calculations, our median employee is one of our Kerrow Restaurant Operating Business employees. This employee is paid on an hourly basis. The 2017 annual total compensation for our median employee, as determined based on SEC rules, was \$20,210. The 2017 annual total compensation for our CEO, as determined based on SEC rules, was \$3,147,082. The ratio of our CEO's annual total compensation to our median employee's annual total compensation for fiscal year 2017 is 156 to 1. Given the different methodologies that various public companies will use to determine an estimate of their pay ratio, the estimated ratio reported above should not be used as a basis for comparison between companies.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of securities ownership and changes in such ownership with the SEC. Executive officers, directors and greater than ten percent stockholders also are required by rules promulgated by the SEC to furnish us with copies of all Section 16(a) forms they file.

Based solely upon a review of Forms 3 and 4 and amendments thereto and written representations furnished to us during the most recent fiscal year, no person who at any time during the fiscal year was a director, officer or beneficial owner of more than 10% of any class of our equity securities failed to file on a timely basis, as disclosed in the above forms, reports required by Section 16(a) of the Exchange Act during the most recent fiscal year, except for two late reports each reporting two transactions for each of Messrs. Lenehan, Morgan and Brat, two late reports each reporting one transaction for each of Messrs. Hansen, Moody, Szurek and Ogilvie, and one late Form 3 for Mr. Jemley.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Procedures for Approval of Related Party Transactions

Our Board has adopted a policy regarding the approval of any “interested transaction,” which is any transaction or series of transactions in which we or any of our subsidiaries is or are to be a participant, the amount involved exceeds \$50,000, and a “related person” (as defined under SEC rules) has a direct or indirect material interest. The Board will take into account, among other facts and circumstances it deems appropriate, whether the interested transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, and the extent of the related party’s interest in the transaction. Our policy requires any director who may be interested in an interested transaction to recuse himself or herself from any consideration of such transaction. If an interested transaction will be ongoing, the Board may establish guidelines for the Company’s management to follow in its dealings with the related party.

In 2017, the Company had no related party transactions that exceeded the “interested transaction” threshold.
