The additional disclosures are set forth below. Underlined text shows text being added to a referenced disclosure in the Proxy Statement. ~~Strikethrough text~~ shows text in the referenced disclosure that is being deleted.

1. The section of the Proxy Statement entitled “SAIC PROPOSAL I AND ENGILITY PROPOSAL I: THE MERGER AND THE STOCK ISSUANCE – Background of the Merger” is hereby amended as follows:

a) Amend and restate the third paragraph under the heading “Background of the Merger” as follows:

. . . . To facilitate the exchange of confidential information and further discussions, Engility and SAIC entered into a non-disclosure agreement on February 26, 2018 (which was subsequently amended on July 31, 2018 to, among other things, add customary “standstill” provisions that would terminate in certain situations, including the entry by Engility into a combination agreement with a third party that, if consummated, would result in a third party acquiring at least a majority of the outstanding equity securities of Engility or at least a majority of the assets of Engility).

b) Amend and restate the second sentence of the last paragraph on page 44 of the Proxy Statement as follows:

. . . . Following this conversation, Engility entered into a non-disclosure agreement with Company A on that same date to facilitate the mutual exchange of confidential information (which was subsequently amended on July 12, 2018 to, among other things, add customary “standstill” provisions that would terminate in certain situations, including the entry by Engility into a combination agreement with a third party that, if consummated, would result in a third party acquiring at least a majority of the outstanding equity securities of Engility or at least a majority of the assets of Engility).

c) Amend and restate the eighth full paragraph on page 45 of the Proxy Statement as follows:

On July 2, 2018, Engility entered into a non-disclosure agreement with Company C to facilitate the exchange of confidential information and further discussions between Engility and Company C. The non-disclosure agreement with Company C included customary “standstill” provisions that would terminate in certain situations, including the entry by Engility into a combination agreement with a third party that, if consummated, would result in a third party acquiring at least a majority of the outstanding equity securities of Engility or at least a majority of the assets of Engility.

d) Amend and restate the fourth paragraph from the bottom of page 45 of the Proxy Statement as follows:

On July 10, 2018, Company B entered into a non-disclosure agreement with Engility to facilitate the exchange of confidential information and further discussions between Engility and Company B. The non-disclosure agreement with Company B included customary “standstill” provisions that would terminate in certain situations, including the entry by Engility into a combination agreement with a third party that, if consummated, would result in a third party acquiring at least a majority of the outstanding equity securities of Engility or at least a majority of the assets of Engility.

e) Amend and restate the last sentence of the third full paragraph on page 47 of the Proxy Statement as follows:

. . . Company D entered into a non-disclosure agreement with Engility on July 25, 2018 and met with members of Engility management on July 26, 2018. The non-disclosure agreement with Company D included customary “standstill” provisions that would terminate in certain situations, including the entry by Engility into a combination agreement with a third party that, if consummated, would result in a third party acquiring at least a majority of the outstanding equity securities of Engility or at least a majority of the assets of Engility.

2. The section of the Proxy Statement entitled “Opinion of Engility’s Financial Advisor” and the heading “Summary of Financial Analyses” is hereby amended as follows:

a) The third bullet point under the subsection “Engility Discounted Cash Flow Analyses” is hereby amended as follows:

In estimating Engility’s terminal/continuing value, Guggenheim Securities used a reference range of perpetual growth rates of Engility’s terminal year normalized after-tax unlevered free cash flow of 2.00% - 3.00%. The terminal/continuing values implied by the foregoing perpetual growth rate reference range were cross-checked for reasonableness by reference to Engility’s implied terminal year EBITDA multiples, which ranged from 8.7x to 12.1x.

b) The last paragraph on page 80 of the Proxy Statement under the subsection “Engility Selected Publicly Traded Companies Analysis” is hereby amended as follows:

Guggenheim Securities’ selected publicly traded companies analysis resulted in an overall reference range of (i) \$26.45 - \$48.36 per share excluding the estimated present value of Engility’s existing tax benefits (\$27.84-\$48.36 per share based on CY2018E EBITDA and \$26.45 - \$42.69 per share based on CY2019E EBITDA) and (ii) \$31.90 - \$54.07 per share including the estimated present value of Engility’s existing tax benefits (\$33.29 to \$54.07 per share based on CY2018E EBITDA and \$31.90 - \$48.40 per share based on CY2019E EBITDA) for purposes of evaluating Engility’s common stock on a stand-alone public market trading basis.

c) The third bullet under the subsection “SAIC Discounted Cash Flow Analyses” is hereby amended as follows:

In estimating SAIC’s terminal/continuing value, Guggenheim Securities used a reference range of perpetual growth rates of SAIC’s terminal year normalized after-tax unlevered free cash flow of 2.00% - 3.00%. The terminal/continuing values implied by the foregoing perpetual growth rate reference range were cross-checked for reasonableness by reference to SAIC’s implied terminal year EBITDA multiples, which ranged from 9.3x to 13.8x.

d) The last paragraph under the subsection “SAIC Selected Publicly Traded Companies Analysis” is hereby amended as follows:

Guggenheim Securities’ selected publicly traded companies analysis resulted in an overall reference range of \$66.00 - \$100.44 per share (\$66.94-\$100.44 per share based on CY2018E EBITDA and \$66.00-\$92.94 per share based on CY2019E EBITDA) for purposes of evaluating SAIC’s common stock on a stand-alone public market trading basis.

e) The first paragraph under the subsection “Other Financial Reviews and Analyses” is hereby amended as follows:

Engility Illustrative Has/Gets Analysis (Based on Market Approach). Guggenheim Securities analyzed the pro forma impact of the transaction on the SAIC stock price and the implied Engility attributable per share equity value assuming that the value of the combined company would be equal to (i) SAIC’s then-current enterprise value, plus (ii) Engility’s then-current enterprise value, plus (iii) the capitalized value of synergies assuming a 9.0x capitalization multiple, less (iv) typical adjustments from enterprise value to equity value including debt, cash, minority interest and the PV of tax benefits (including NOLs). The assumed value of the combined company, excluding the capitalized value of synergies, implied a weighted-average, tax-adjusted trading enterprise value / CY2019E EBITDA multiple (based on weighted-average EBITDA contribution) of 13.4x.

Under those assumptions, the implied Engility attributable equity value would be \$43.55 per share as compared to the then-current price of \$36.24. Guggenheim Securities noted that assuming a synergies capitalization multiple equal to the then-current weighted average trading enterprise value / CY2019E EBITDA multiple ~~(based on weighted average EBITDA contribution or 13.4x)~~ resulted in an implied Engility attributable equity value of \$45.95 per share as compared to the then-current price of \$36.24.

f) The third paragraph under the subsection “Other Considerations” on page 84 is hereby amended as follows:

Aside from its current engagement by Engility, Guggenheim Securities has not been previously engaged during the past two years by Engility, nor has Guggenheim Securities been previously engaged during the past two years by SAIC, to provide financial advisory, capital markets, ~~or other~~ investment banking ~~or other~~ services for which Guggenheim Securities received fees. Guggenheim Securities may seek to provide Engility and SAIC and their respective affiliates with certain financial advisory and investment banking services unrelated to the merger in the future, for which services Guggenheim Securities would expect to receive compensation.

3. The section of the Proxy Statement entitled “Certain Forecasts Prepared by Engility” and the heading “Summary of Certain Unaudited Forecasted Financial Information of Engility” is hereby amended as follows:

a) The table on page 93 of the Proxy Statement and the accompanying footnotes are hereby amended and restated as follows:

	2018E	2019E	2020E	2021E	2022E

b) The first footnote relating to the table on page 94 of the Proxy Statement is hereby amended as follows:

The adjustments made by Engility management to the SAIC unaudited forecasted financial information resulted primarily from changes to assumed re-compete and new business win rates based on Engility management’s view of the underlying assumptions, taking into consideration the current market conditions, competitive environment, as well as actual performance throughout the year. Engility management also made adjustments to the assumed margin profile of certain opportunities being competed (re-compete and new business). Lastly, Engility management adjusted the SAIC unaudited financial information to account for the delta between budgeted and actual performance during the first half of FY2019 (or the six month period beginning February 3, 2018 and ending August 3, 2018).
