Our Company

American Real Estate Partners, L.P., or AREP, is a master limited partnership formed in Delaware on February 17, 1987. We are a diversified holding company owning subsidiaries engaged in the following operating businesses: gaming, real estate and home fashion. On April 22, 2007, American Entertainment Properties Corp., or AEP, a wholly owned indirect subsidiary of AREP, entered into a Membership Interest Purchase Agreement with W2007/ACEP Holdings, LLC, an affiliate of Whitehall Street Real Estate Funds, a series of real estate investment funds affiliated with Goldman, Sachs & Co., or Whitehall Street Real Estate Funds, to sell all of the issued and outstanding membership interests of American Casino & Entertainment Properties, LLC, or ACEP, which comprises our gaming operations. The parties expect to close the transaction in approximately December 2007. On February 9, 2007, we entered into an agreement and plan of merger, pursuant to which we would acquire Lear Corporation, or Lear, a publicly traded company that provides automotive interior systems worldwide, for an aggregate consideration of approximately \$5.2 billion, including the assumption by the surviving entity of certain outstanding indebtedness of Lear and refinancing of Lear’s existing term loan and credit facility. The consummation of the transaction is subject to regulatory approvals and shareholder vote.

Our primary business strategy is to continually evaluate our existing operating businesses with a view to maximizing value to our unitholders. We may also seek to acquire additional businesses that are distressed or in out-of-favor industries and will consider the divestiture of businesses. In addition, we invest our available liquidity in debt and equity securities with a view to enhancing returns as we continue to assess further acquisitions of operating businesses.

Our general partner is American Property Investors, Inc., the general partner, or API, a Delaware corporation, which is indirectly wholly owned by Carl C. Icahn. We own our businesses and conduct our investment activities through a subsidiary limited partnership, American Real Estate Holdings Limited Partnership, or AREH, in which we own a 99% limited partnership interest, and its subsidiaries. API also acts as the general partner for AREH. API has a 1% general partnership interest in each of us and AREH. As of March 31, 2007, affiliates of Mr. Icahn beneficially owned 55,655,382 units representing AREP limited partner interests, or the depositary units, representing approximately 90.0% of the outstanding depositary units, and 10,304,013 cumulative pay-in-kind redeemable preferred units, representing AREP limited partner interests, or the preferred units, representing approximately 86.5% of the outstanding preferred units.

Our depositary units, representing limited partnership interests, trade on the New York Stock Exchange under the symbol “ACP.”

Our principal executive offices are located at 767 Fifth Avenue, Suite 4700, New York, New York 10153. Our phone number is (212) 702-4300. Our web site address is <http://www.AREP.com>.

American Real Estate Finance Corp., or AREP Finance, a Delaware corporation, is our wholly owned subsidiary. AREP Finance was incorporated on April 19, 2004 and was formed solely for the purpose of serving as co-issuer of debt securities of AREP. AREP Finance does not and will not have any operations or assets and does not and will not have any revenues. AREP Finance’s principal business address is 767 Fifth Avenue, Suite 4700, New York, New York 10153 and its telephone number is (212) 702-4300.

Summary of the Exchange Offer

The Offering of the Private Notes	<p>On January 17, 2007, we issued \$500 million in aggregate principal amount of our private notes in an offering not registered under the Securities Act. At the time we issued the private notes on January 17, 2007, we entered into a registration rights agreement in which we agreed to offer to exchange the private notes for new notes which have been registered under the Securities Act. This exchange offer is intended to satisfy that obligation. The private notes issued January 17, 2007 were additional notes issued under an indenture dated February 7, 2005 as described elsewhere in this prospectus. On February 1, 2005, we issued and sold \$480.0 million of 7 1/8% senior notes due 2013, or the existing notes.</p>
The Exchange Offer	<p>We are offering to exchange the new notes which have been registered under the Securities Act for the private notes. As of this date, there is \$500 million aggregate principal amount of private notes outstanding.</p>
Required Representations	<p>In order to participate in this exchange offer, you will be required to make certain representations to us in a letter of transmittal, including that:</p> <ul style="list-style-type: none">·any new notes will be acquired by you in the ordinary course of your business;·you have not engaged in, do not intend to engage in, and do not have an arrangement or understanding with any person to participate in a distribution of the new notes; and·you are not an affiliate of our company.
Resale of New Notes	<p>We believe that, subject to limited exceptions, the new notes may be freely traded by you without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:</p> <ul style="list-style-type: none">·you are acquiring new notes in the ordinary course of your business;·you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate in the distribution of the new notes; and·you are not an affiliate of our company. <p>If our belief is inaccurate and you transfer any new note issued to you in the exchange offer without delivering a prospectus meeting the requirements of the Securities Act or without an exemption from registration of your new notes from such requirements, you may incur liability under the Securities Act. We do not assume, or indemnify you against, such liability.</p>

Each broker-dealer that is issued new notes for its own account in exchange for private notes which were acquired by such broker-dealer as a result of market-making or other trading activities also must acknowledge that it has not entered into any arrangement or understanding with us or any of our affiliates to distribute the new notes and will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the new notes issued in the exchange offer.

We have agreed in the registration rights agreement that a broker-dealer may use this prospectus for an offer to resell, resale or other retransfer of the new notes issued to it in the exchange offer.

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2007, unless extended, in which case the term “expiration date” shall mean the latest date and time to which we extend the exchange offer.

Exchange Agent

The Wilmington Trust Company is serving as the exchange agent. The address, telephone number and facsimile number of the exchange agent are set forth in this prospectus under the heading “The Exchange Offer — Exchange Agent.”

Consequences of Failure to Exchange Private Notes

If you do not exchange private notes for new notes, you will continue to be subject to the restrictions on transfer provided in the private notes and in the indenture governing the private notes. In general, the unregistered private notes may not be offered or sold, unless they are registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws.

Back to Table of Contents

The New Notes

The terms of the new notes we are issuing in this exchange offer and the private notes that are outstanding are identical in all material respects except:

.
The new notes will be registered under the Securities Act;

.
The new notes will not contain transfer restrictions and registration rights that relate to the private notes. The new notes will evidence the same debt as the private notes and will be governed by the same indenture. References to the notes include both private notes and new notes.

Issuer	AREP is a holding company. Its operations are conducted through its subsidiaries and substantially all of its assets consist of a 99% limited partnership interest in its subsidiary, AREH, which is a holding company for its operating subsidiaries and investments. The new notes will be guaranteed by AREH.
Co-Issuer	AREP Finance is a wholly owned subsidiary of AREP. It was formed solely for the purpose of serving as a co-issuer of debt securities of AREP in order to facilitate offerings of the debt securities. Other than as a co-issuer of the notes, AREP Finance does not and will not have any operations or assets and will not have any revenues. As a result, holders of the notes should not expect AREP Finance to participate in servicing any obligations on the new notes.
Notes Offered	\$500 million in aggregate principal amount of 7 1/8% senior notes due 2013.
Maturity	February 15, 2013.
Interest Payment Dates	February 15 and August 15 of each year, commencing February 15, 2007.
Guarantee	If we cannot make payments on the new notes when they are due, AREH must make them instead. Other than AREH, none of our subsidiaries will guarantee payments on the new notes.
Ranking	The new notes and the guarantee will rank equally with all of our and the guarantor's existing and future senior unsecured indebtedness, including our existing notes, and will rank senior to all of our and the guarantor's existing and future subordinated indebtedness. The new notes and the guarantee will be effectively subordinated to all of our and the guarantor's existing and future secured indebtedness, to the extent of the collateral securing such indebtedness. The new notes and the guarantee also will be effectively subordinated to all indebtedness and other liabilities, including trade payables, of all our subsidiaries other than AREH. As of March 31, 2007, the new notes and the guarantee would have been effectively subordinated to an aggregate of \$375.5 million of AREH's secured debt and our subsidiaries' debt, excluding trade payables.
Optional Redemption	We may, at our option, redeem some or all of the new notes at any time on or after February 15, 2009, at the redemption prices listed under "Description of Notes — Optional Redemption."

In addition, prior to February 15, 2008, we may, at our option, redeem up to 35% of the new notes with the proceeds of certain sales of our equity at the redemption price listed under “Description of Notes — Optional Redemption.” We may make the redemption only if, after the redemption, at least 65% of the aggregate principal amount of the notes issued remains outstanding.

Back to Table of Contents

Redemption Based on Gaming Laws	The new notes are subject to mandatory disposition and redemption requirements following certain determinations by applicable gaming authorities. On April 22, 2007, AEP entered into a Membership Interest Purchase Agreement with W2007/ACEP Holdings, LLC, an affiliate of Whitehall Street Real Estate Funds, to sell all of the issued and outstanding membership interests of ACEP which comprises our gaming operations. If the sale is consummated, the new notes will no longer be subject to redemption based on gaming laws.
Certain Covenants	<p>We will issue the new notes under the indenture with AREH and Wilmington Trust Company, as trustee acting on your behalf, dated February 7, 2005, which was established in connection with our existing notes. The indenture, among other things, restricts our and AREH's ability to:</p> <ul style="list-style-type: none">· incur additional debt;· pay dividends and make distributions;· repurchase equity securities;· create liens;· enter into transactions with affiliates; and· merge or consolidate. <p>Our subsidiaries other than AREH will not be restricted in their ability to incur debt, create liens or merge or consolidate.</p>
Absence of Established Market for Notes	The new notes will be new securities for which there is currently no market. We cannot assure you that a liquid market for the new notes will develop or be maintained.

RISK FACTORS

You should consider carefully each of the following risks and all other information contained in this prospectus before deciding to invest in the notes.

Risks Relating to the Exchange Offer

Holders who fail to exchange their private notes will continue to be subject to restrictions on transfer.

If you do not exchange your private notes for new notes in the exchange offer, you will continue to be subject to the restrictions on transfer of your private notes described in the legend on your private notes. The restrictions on transfer of your private notes arise because we issued the private notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer or sell the private notes if they are registered under the Securities Act and applicable state securities laws, or are offered and sold under an exemption from these requirements. We do not plan to register the private notes under the Securities Act.

Broker-dealers or holders of notes may become subject to the registration and prospectus delivery requirements of the Securities Act.

Any broker-dealer that:

- exchanges its private notes in the exchange offer for the purpose of participating in a distribution of the new notes or
 - resells new notes that were received by it for its own account in the exchange offer
- may be deemed to have received restricted securities and may be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction by that broker-dealer. Any profit on the resale of the new notes and any commission or concessions received by a broker-dealer may be deemed to be underwriting compensation under the Securities Act. In addition to broker-dealers, any holder of notes that exchanges its private notes in the exchange offer for the purpose of participating in a distribution of the new notes may be deemed to have received restricted securities and may be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction by that holder.

We cannot guarantee that there will be a trading market for the new notes.

The new notes are a new issue of securities and currently there is no market for them. We do not intend to apply to have the new notes listed or quoted on any exchange or quotation system. Accordingly, we cannot assure you that a liquid market will develop for the new notes.

The liquidity of any market for the new notes will depend on a variety of factors, including:

- the number of holders of the new notes;
- our performance; and
- the market for similar securities and the interest of securities dealers in making a market in the new notes.

A liquid trading market may not develop for the new notes.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the new notes. The market, if any, for the new notes may experience similar disruptions that may adversely affect the prices at which you may sell your new notes. If an active trading market does not develop or is not maintained, the market price and liquidity of the new notes may be adversely affected.

To the extent private notes are tendered and accepted in the exchange offer, the trading market, if any, for the private notes that are not so tendered would be adversely affected.

[Back to Table of Contents](#)

Risks Relating to Our Structure and Indebtedness

Our general partner and its control person could exercise their influence over us to your detriment.

Mr. Icahn, through affiliates, currently owns 100% of API, our general partner, and approximately 86.5% of our outstanding preferred units and approximately 90% of our depositary units and, as a result, has the ability to influence many aspects of our operations and affairs. API also is the general partner of AREH.

The interests of Mr. Icahn, including his interests in entities in which he and we have invested or may invest in the future, may differ from your interests as a noteholder and, as such, he may take actions that may not be in your interest. For example, if we encounter financial difficulties or are unable to pay our debts as they mature, Mr. Icahn's interests might conflict with your interests as a noteholder.

In addition, if Mr. Icahn were to sell, or otherwise transfer, some or all of his interests in us to an unrelated party or group, a change of control could be deemed to have occurred under the terms of the indenture governing the notes which would require us to offer to repurchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest and liquidated damages, if any, to the date of repurchase. However, it is possible that we will not have sufficient funds at the time of the change of control to make the required repurchase of notes.

We have engaged, and in the future may engage, in transactions with our affiliates.

We have invested and may in the future invest in entities in which Mr. Icahn also invests. We also have purchased and may in the future purchase entities or investments from him or his affiliates. Although API has never received fees in connection with our investments, our partnership agreement allows for the payment of these fees. Mr. Icahn may pursue other business opportunities in industries in which we compete and there is no requirement that any additional business opportunities be presented to us.

We have entered into an agreement and plan of merger pursuant to which we would acquire all of the issued and outstanding common stock of Lear for an aggregate consideration of approximately \$5.2 billion, including the assumption by the surviving entity of certain outstanding indebtedness of Lear and the refinancing of Lear's existing term loan and credit facility. Mr. Icahn beneficially owns approximately 16.0% of Lear's outstanding common stock. The consummation of the transaction is subject to regulatory approvals and shareholder vote.

Mr. Icahn previously proposed that we acquire his interest in American Railcar, Inc., or American Railcar, and Philip Services Corporation, or Philip Services. American Railcar is a publicly traded company that is primarily engaged in the business of manufacturing covered hoppers and tank railcars. Philip Services is an industrial services company that provides industrial outsourcing, environmental services and metal services to major industry sectors throughout North America. A committee of independent directors of the board was formed to consider those proposals. Currently, at Mr. Icahn's request, only the proposal regarding the potential acquisition of the metal services business of Philip Services is being considered by the committee. Any acquisition would be subject to, among other things, the negotiation, execution and closing of a definitive agreement and the receipt of a fairness opinion. We continuously identify, evaluate and engage in discussions concerning potential investments and acquisitions, including potential investments in and acquisitions of affiliates of Mr. Icahn. There cannot be any assurance that any potential transactions that we consider will be completed.

Certain of our management are committed to the management of other businesses.

Certain of the individuals who conduct the affairs of API, including the chairman of our board of directors, Mr. Icahn, our principal executive officer, Keith A. Meister, and our president, Peter K. Shea, are, and will be, committed to the management of other businesses owned or controlled by Mr. Icahn and his affiliates. Accordingly, these individuals may focus significant amounts of time and attention on managing these other businesses. Conflicts may arise in the future between our interests and other entities or business activities in which such individuals are involved. Conflicts of interest may arise as we may compete with such affiliates for the same assets, purchasers and sellers of assets or financings.

We and AREH are holding companies and will depend on the businesses of our subsidiaries to satisfy our obligations under the notes.

We and AREH are holding companies. In addition to cash and cash equivalents, U.S. government and agency obligations, marketable equity and debt securities and other short-term investments, our assets consist primarily of investments in our subsidiaries. Moreover, if we make significant investments in operating businesses, it is likely

Back to Table of Contents

that we will reduce the liquid assets at AREP and AREH in order to fund those investments and the ongoing operations of our subsidiaries. Consequently, our cash flow and our ability to meet our debt service obligations likely will depend on the cash flow of our subsidiaries and the payment of funds to us by our subsidiaries in the form of dividends, distributions, loans or otherwise.

The operating results of our subsidiaries may not be sufficient to make distributions to us. In addition, our subsidiaries are not obligated to make funds available to us for payment on the notes or otherwise, and distributions and intercompany transfers from our subsidiaries to us may be restricted by applicable law or covenants contained in debt agreements and other agreements to which these subsidiaries may be subject or enter into in the future. The terms of any borrowings of our subsidiaries or other entities in which we own equity may restrict dividends, distributions or loans to us. For example, the notes issued by our indirect wholly owned subsidiary, ACEP, contain restrictions on dividends and distributions and loans to us, as well as on other transactions with us. ACEP also has a credit agreement which contains financial covenants that have the effect of restricting dividends or distributions. This agreement precludes our receiving payments from the operations of our gaming properties which account for a significant portion of our revenues and cash flows. We have credit facilities for WestPoint International, Inc., or WPI, our majority owned subsidiary, and our real estate development properties that also restrict dividends, distributions and other transactions with us. To the degree any distributions and transfers are impaired or prohibited, our ability to make payments on the notes and other debt will be limited.

We, AREH or our subsidiaries may be able to incur substantially more debt.

We, AREH or our subsidiaries may be able to incur substantial additional indebtedness in the future. The terms of the indenture governing the notes described herein, as well as the indentures governing our 8.125% senior notes due 2012 and our Variable Rate Senior Convertible Notes due 2013, do not prohibit us or our subsidiaries from doing so. We and AREH may incur additional indebtedness if we comply with certain financial tests contained in the indentures that govern these notes, including the indenture governing the notes described herein. As of March 31, 2007, based upon these tests, we and AREH could have incurred up to approximately \$1.4 billion of additional indebtedness. If we complete the acquisition of Lear, and fund the acquisition with borrowings, as we currently contemplate, under the financial tests contained in the indentures (including the indenture governing the notes described herein), AREP and AREH will not be able to incur additional indebtedness. However, our subsidiaries, other than AREH are not subject to any of the covenants contained in the indentures (including the indenture governing the notes described herein), including the covenant restricting debt incurrence. If new debt is added to our, AREH's and our subsidiaries' current debt levels, the related risks that we, AREH and they now face could intensify.

The notes will be effectively subordinated to any secured indebtedness, and all the indebtedness and liabilities of our subsidiaries other than AREH.

The notes will be effectively subordinated to our and AREH's existing and future secured indebtedness to the extent of the collateral securing such indebtedness. We and AREH may be able to incur substantial additional secured indebtedness in the future. The terms of the indenture permit us and AREH to do so. The notes will also be effectively subordinated to all the indebtedness and liabilities, including trade payables, of all of our subsidiaries, other than AREH. In the event of a bankruptcy, liquidation or reorganization of any of our subsidiaries, other than AREH, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us.

Our subsidiaries, other than AREH, will not be subject to any of the covenants in the indenture for the notes and only AREH will guarantee the notes. We may not be able to rely on the cash flow or assets of our subsidiaries to pay our indebtedness.

Our subsidiaries, other than AREH, will not be subject to the covenants under the indenture for the notes. We may form additional subsidiaries in the future which will not be subject to the covenants under the indenture for the notes. Of our existing and future subsidiaries, only AREH is required to guarantee the notes. Our existing and future non-guarantor subsidiaries may enter into financing arrangements that limit their ability to make dividends, distributions, loans or other payments to fund payments in respect of the notes. Accordingly, we may not be able to rely on the cash flow or assets of our subsidiaries to pay the notes.

Risks Relating to the Notes

Our failure to comply with the covenants contained under any of our debt instruments, including the indenture governing the notes (including our failure as a result of events beyond our control), could result in an event of default which would materially and adversely affect our financial condition.

If there were an event of default under one of our debt instruments, the holders of the defaulted debt could cause all amounts outstanding with respect to that debt to be due and payable immediately. In addition, any event of default or declaration of acceleration under one debt instrument could result in an event of default under one or more of our other debt instruments, including the notes. It is possible that, if the defaulted debt is accelerated, our assets and cash flow may not be sufficient to fully repay borrowings under our outstanding debt instruments and we cannot assure you that we would be able to refinance or restructure the payments on those debt securities.

To service our indebtedness, we will require a significant amount of cash. Our ability to maintain our current cash position or generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, including the notes, and to fund operations will depend on existing cash balances and our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, regulatory and other factors that are beyond our control.

Our current businesses and businesses that we acquire may not generate sufficient cash to service our debt, including the notes. In addition, we may not generate sufficient cash flow from operations or investments and future borrowings may not be available to us in an amount sufficient to enable us to service our indebtedness, including the notes, or to fund our other liquidity needs. We may need to refinance all or a portion of our indebtedness, including the notes, on or before maturity. We cannot assure you that we will be able to refinance any of our indebtedness, including the notes, on commercially reasonable terms or at all.

The indenture does not restrict our ability to change our lines of business or invest the proceeds of asset sales and allows for the sale of all or substantially all of our and AREH's assets without the notes being assumed by the acquirers.

The indenture does not restrict in any way the businesses in which we may engage and if we were to change our current lines of business, in whole or in part, you would not be entitled to accelerated repayment of the notes. We also are not required to offer to purchase notes with the proceeds from asset sales, including in the event of the sale of all or substantially all of our assets or AREH's assets, and we may reinvest the proceeds without the approval of noteholders. In addition, we and AREH may sell all or substantially all of our and its assets without the notes being assumed by the acquirers.

We may not have sufficient funds necessary to finance the change of control offer required by the indenture.

Upon the occurrence of certain specific kinds of change of control events, we will be required to offer to repurchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest and liquidated damages, if any, to the date of repurchase. Mr. Icahn, through affiliates, currently owns 100% of API and approximately 90.0% of our outstanding depositary units and 86.5% of our outstanding preferred units. If he were to sell or otherwise transfer some or all of his interests in us to unrelated parties, a change of control could be deemed to have occurred under the terms of the indenture governing the notes. However, it is possible that we will not have sufficient funds at the time of the change of control to make the required repurchase of notes.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to return payments received from the guarantor.

Under the federal bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee could be voided, or claims in respect of a guarantee could be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee:

received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee; and

was insolvent or rendered insolvent by reason of such incurrence; or

Back to Table of Contents

.
was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or

.
intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

In addition, any payment by that guarantor pursuant to its guarantee could be voided and required to be returned to the guarantor, or to a fund for the benefit of the creditors of the guarantor.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

.
the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets; or

.
the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

.
it could not pay its debts as they become due.

On the basis of historical financial information, recent operating history and other factors, we believe that AREH, after giving effect to its guarantee of these notes, will not be insolvent, will not have unreasonably small capital for the businesses in which it is engaged and will not have incurred debts beyond its ability to pay such debts as they mature. We cannot assure you, however, as to what standard a court would apply in making these determinations or that a court would agree with our conclusions in this regard.

As a noteholder you may be required to comply with licensing, qualification or other requirements under gaming laws and could be required to dispose of the notes.

Currently, ACEP's casino assets are comprised of the Stratosphere Casino Hotel & Tower, the Arizona Charlie's Decatur, the Arizona Charlie's Boulder and the Aquarius Casino Resort. We may be required to disclose the identities of the holders of the notes to the Nevada gaming authorities upon request. The Nevada Gaming Commission may, in its discretion, require a holder of the notes to file an application, be investigated and be found suitable to hold the notes. In addition, the Nevada Gaming Commission may, in its discretion, require the holder of any debt security of a company registered by the Nevada Gaming Commission as a publicly-traded corporation to file an application, be investigated and be found suitable to own such debt security.

If a record or beneficial holder of a note is required by the Nevada Gaming Commission to be found suitable, such owner will be required to apply for a finding of suitability within 30 days after request of such gaming authority or within such earlier time prescribed by such gaming authority. The applicant for a finding of suitability must pay all costs of the application and investigation for such finding of suitability. If the Nevada Gaming Commission determines that a person is unsuitable to own such security, then, pursuant to the Nevada Gaming Control Act, we can be sanctioned, including the loss of our approvals, if, without the prior approval of the Nevada Gaming Commission, we:

.
pay to the unsuitable person any dividend, interest, or any distribution whatsoever;

.
recognize any voting right of the unsuitable person with respect to such securities;

.
pay the unsuitable person remuneration in any form; or

.
make any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation or similar transaction.

Each holder of the notes will be deemed to have agreed, to the extent permitted by law, that if the Nevada gaming authorities determine that a holder or beneficial owner of the notes must be found suitable, and if that holder or

beneficial owner either refuses to file an application or is found unsuitable, that holder shall, upon our request, dispose of its notes within 30 days after receipt of our request, or earlier as may be ordered by the Nevada gaming authorities. We will also have the right to call for the redemption of notes of any holder at any time to prevent the loss or material impairment of a gaming license or an application for a gaming license at a redemption price equal to:

Back to Table of Contents

the lesser of the cost paid by the holder or the fair market value of the notes, in each case, plus accrued and unpaid interest and liquidated damages, if any, to the earlier of the date of redemption, or earlier as may be required by the Nevada gaming authorities or the finding of unsuitability by the Nevada gaming authorities; or

such other lesser amount as may be ordered by the Nevada gaming authorities.

We will notify the trustee under the indenture in writing of any redemption as soon as practicable. We will not be responsible for any costs or expenses you may incur in connection with your application for a license, qualification or a finding of suitability, or your compliance with any other requirement of a gaming authority. The indenture also provides that as soon as a gaming authority requires you to sell your notes, you will, to the extent required by applicable gaming laws, have no further right:

to exercise, directly or indirectly, any right conferred by the notes or the indenture; or

to receive from us any interest, dividends or any other distributions or payments, or any remuneration in any form, relating to the notes, except the redemption price we refer to above.

On April 22, 2007, AEP entered into a Membership Interest Purchase Agreement with W2007/ACEP Holdings, LLC, an affiliate of Whitehall Street Real Estate Funds, to sell all of the issued and outstanding membership interests of ACEP which comprises our gaming operations.

Since we are a limited partnership, you may not be able to pursue legal claims against us in U.S. federal courts.

We are a limited partnership organized under the laws of the state of Delaware. Under the rules of federal civil procedure, you may not be able to sue us in federal court on claims other than those based solely on federal law, because of lack of complete diversity. Case law applying diversity jurisdiction deems us to have the citizenship of each of our limited partners. Because we are a publicly traded limited partnership, it may not be possible for you to sue us in a federal court because we have citizenship in all 50 U.S. states and operations in many states. Accordingly, you will be limited to bringing any claims in state court. Furthermore, AREP Finance, our corporate co-issuer for the notes, has only nominal assets and no operations. While you may be able to sue the corporate co-issuer in federal court, you are not likely to be able to realize on any judgment rendered against it.

We may be subject to the pension liabilities of our affiliates.

Mr. Icahn, through certain affiliates, currently owns 100% of API and approximately 90% of our outstanding depository units and 86.5% of our outstanding preferred units. Applicable pension and tax laws make each member of a "controlled group" of entities, generally defined as entities in which there are at least an 80% common ownership interest, jointly and severally liable for certain pension plan obligations of any member of the controlled group. These pension obligations include ongoing contributions to fund the plan, as well as liability for any unfunded liabilities that may exist at the time the plan is terminated. In addition, the failure to pay these pension obligations when due may result in the creation of liens in favor of the pension plan or the Pension Benefit Guaranty Corporation, or the PBGC, against the assets of each member of the controlled group.

As a result of the more than 80% ownership interest in us by Mr. Icahn's affiliates, we and our subsidiaries are subject to the pension liabilities of all entities in which Mr. Icahn has a direct or indirect ownership interest of at least 80%. One such entity, ACF Industries LLC, or ACF, is the sponsor of several pension plans which, as of December 31, 2006, were not underfunded on an ongoing actuarial basis but would be underfunded by approximately \$87.2million if those plans were terminated, as most recently reported by the plans' actuaries. These liabilities could increase or decrease, depending on a number of factors, including future changes in promised benefits, investment returns, and the assumptions used to calculate the liability. As members of the controlled group, we would be liable for any failure of ACF to make ongoing pension contributions or to pay the unfunded liabilities upon a termination of the ACF pension plans. In addition, other entities now or in the future within the controlled group that includes us may have pension plan obligations that are, or may become, underfunded and we would be liable for any failure of such entities to make ongoing pension contributions or to pay the unfunded liabilities upon a termination of such plans.

The current underfunded status of the ACF pension plans requires ACF to notify the PBGC of certain “reportable events,” such as if we cease to be a member of the ACF controlled group, or if we make certain extraordinary dividends or stock redemptions. The obligation to report could cause us to seek to delay or reconsider the occurrence of such reportable events.

Starfire Holding Corporation, or Starfire, which is 100% owned by Mr. Icahn, has undertaken to indemnify us and our subsidiaries from losses resulting from any imposition of certain pension funding or termination liabilities that may be imposed on us and our subsidiaries or our assets as a result of being a member of the Icahn controlled group. The Starfire indemnity (which does not extend to pension liabilities of our subsidiaries that would be imposed on us as a result of our interest in these subsidiaries and not as a result of Mr. Icahn's and his affiliates' more than 80% ownership interest in us) provides, among other things, that so long as such contingent liabilities exist and could be imposed on us, Starfire will not make any distributions to its stockholders that would reduce its net worth to below \$250.0 million. Nonetheless, Starfire may not be able to fund its indemnification obligations to us.

We are subject to the risk of possibly becoming an investment company.

Because we are a holding company and a significant portion of our assets may, from time to time, consist of investments in companies in which we own less than a 50% interest, we run the risk of inadvertently becoming an investment company that is required to register under the Investment Company Act of 1940, as amended, or the Investment Company Act. Registered investment companies are subject to extensive, restrictive and potentially adverse regulation relating to, among other things, operating methods, management, capital structure, dividends and transactions with affiliates. Registered investment companies are not permitted to operate their business in the manner in which we operate our business, nor are registered investment companies permitted to have many of the relationships that we have with our affiliated companies.

In order not to become an investment company required to register under the Investment Company Act, we monitor the value of our investments and structure transactions with an eye toward the Investment Company Act. As a result, we may structure transactions in a less advantageous manner than if we did not have Investment Company Act concerns, or we may avoid otherwise economically desirable transactions due to those concerns. In addition, events beyond our control, including significant appreciation or depreciation in the market value of certain of our publicly traded holdings, or adverse developments with respect to our ownership of certain of our subsidiaries, such as our loss of control of WPI, could result in our inadvertently becoming an investment company.

If it were established that we were an investment company, there would be a risk, among other material adverse consequences, that we could become subject to monetary penalties or injunctive relief, or both, in an action brought by the SEC, that we would be unable to enforce contracts with third parties or that third parties could seek to obtain rescission of transactions with us undertaken during the period it was established that we were an unregistered investment company.

We may become taxable as a corporation.

We believe that we have been and are properly treated as a partnership for federal income tax purposes. This allows us to pass through our income and deductions to our partners. However, the Internal Revenue Service, or IRS, could challenge our partnership status and we could fail to qualify as a partnership for past years as well as future years. Qualification as a partnership involves the application of highly technical and complex provisions of the Internal Revenue Code of 1986, as amended, or the Code. For example, a publicly traded partnership is generally taxable as a corporation unless 90% or more of its gross income is "qualifying" income, which includes interest, dividends, oil and gas revenues, real property rents, gains from the sale or other disposition of real property, gain from the sale or other disposition of capital assets held for the production of interest or dividends, and certain other items. We believe that in all prior years of our existence at least 90% of our gross income was qualifying income and we intend to structure our business in a manner such that at least 90% of our gross income will constitute qualifying income this year and in the future. However, there can be no assurance that such structuring will be effective in all events to avoid the receipt of more than 10% of non-qualifying income. If less than 90% of our gross income constitutes qualifying income, we may be subject to corporate tax on our net income at a federal rate of up to 35% plus possible state taxes. Further, if less than 90% of our gross income constituted qualifying income for past years, we may be subject to corporate level tax plus interest and possibly penalties. In addition, if we register under the Investment Company Act, it is likely that we would be treated as a corporation for U.S. federal income tax purposes. The cost of paying federal and possibly state income tax, either for past years or going forward, could be a significant liability and would reduce our funds available to make interest and principal payments on our debt securities, including the notes. To meet the qualifying income test, we may structure transactions in a manner that is less advantageous than if this were not a consideration,

or we may avoid otherwise economically desirable transactions. Recently proposed legislation may affect the status of publicly traded partnerships such as AREP. Although as proposed the legislation would not impact AREP's status as a partnership for tax purposes, it is unclear whether such legislation would be enacted or, if enacted, what its final form and effect would be.

Risks Relating to Our Business

General

In addition to the following risk factors specific to each of our businesses, all of our businesses are subject to the effects of the following:

- the continued threat of terrorism;
- economic downturn;
- loss of any of our or our subsidiaries' key personnel;
- the unavailability, as needed, of additional financing; and
- the unavailability of insurance at acceptable rates.

Our acquisition of Lear will require a significant investment or may not be successfully completed.

On February 9, 2007, we entered into an agreement and plan of merger, pursuant to which we would acquire Lear, a publicly traded company that provides automotive interior systems worldwide, for aggregate consideration of approximately \$5.2 billion, including the assumption by the surviving entity of certain outstanding indebtedness of Lear and the refinancing of Lear's existing term loan and credit facility. The consummation of the transaction is subject to regulatory approvals and shareholders vote. If we complete the acquisition of Lear, it would require a significant investment by us, including approximately \$1.3 billion in cash. Under the financial tests contained in the indentures that govern our notes described herein and the notes due 2012, AREP and AREH will not be able to incur additional indebtedness as a result of borrowings to finance the Lear acquisition, which may limit our flexibility in entering into future financing arrangements, including those to support our existing businesses or to acquire new businesses. Lear also has significant pension and related liabilities for which we could become liable as a member of a controlled group of entities.

Our agreement with Lear permitted Lear to solicit proposals from other potential purchasers for 45 days after the signing of the agreement and to respond to offers after that date and until Lear's stockholders approve the transaction with us. No competing proposals were received as of the date of this prospectus. We cannot assure you that we will be able to complete the transaction or that the completion of the transaction will be for the consideration described above. Furthermore, the proposed transaction is subject to additional risks and uncertainties, including, but not limited to, the satisfaction of conditions to closing, which requires Lear stockholder approval and U.S. and foreign antitrust approval. If we were to complete the acquisition, Lear's business and operations would be subject to various risks, including the uncertainty of its financial performance following completion of the proposed transaction; general conditions affecting the automotive industry, particularly in the United States; and general domestic and international market conditions. In addition, we have been named as defendants in various lawsuits challenging the transaction. Specifically, a consolidated action is pending in the Court of Chancery of the State of Delaware which alleges, among other things, that the purchase price is unfair to Lear stockholders. A preliminary injunction was issued requiring supplemental disclosure. The supplemental disclosure requirement has been satisfied and, consequently, the injunction has been dissolved. A consolidated action filed in Michigan state court making virtually identical allegations was dismissed by the court because of the prior-filed Delaware action. Plaintiffs in the Michigan state action have filed a motion for reconsideration which is pending. Finally, a complaint is pending in the United States District Court for the Eastern District of Michigan, which alleges that the transaction would violate certain provisions of the Employment Retirement Income Security Act (referred to as the Federal Action). Motions to dismiss the Federal Action have been fully briefed and await disposition, as does plaintiff's application for preliminary injunction. Based upon the above there is a risk that the transaction may be enjoined, or, if the transaction is completed, liability may nevertheless be imposed thereafter.

Gaming

Our sale of ACEP may not be successfully completed.

On April 22, 2007, AEP entered into a Membership Interest Purchase Agreement with Whitehall Street Real Estate Funds to sell all of the issued and outstanding membership interests of ACEP, which comprises our gaming operations. The transaction is subject to the approval of the Nevada Gaming Commission and the Nevada State Gaming Control Board, as well as customary conditions. The parties expect to close the transaction in approximately December 2007; however, we cannot assure you that we will be able to consummate the transaction.

The following risks relate to our current gaming operations.

The gaming industry is highly regulated. The gaming authorities and state and municipal licensing authorities have significant control over our operations.

Our properties currently conduct licensed gaming operations in Nevada. Various regulatory authorities, including the Nevada State Gaming Control Board and the Nevada Gaming Commission, require our properties to hold various licenses and registrations, findings of suitability, permits and approvals to engage in gaming operations and to meet requirements of suitability. These gaming authorities also control approval of ownership interests in gaming operations. These gaming authorities may deny, limit, condition, suspend or revoke our gaming licenses, registrations, findings of suitability or the approval of any of our ownership interests in any of our licensed gaming operations, any of which could have a significant adverse effect on our business, financial condition and results of operations, for any cause they may deem reasonable. If we violate gaming laws or regulations that are applicable to us, we may have to pay substantial fines or forfeit assets. If, in the future, we operate or have an ownership interest in casino gaming facilities located outside of Nevada, we would also be subject to the gaming laws and regulations of those other jurisdictions.

The sale of alcoholic beverages at our gaming properties is subject to licensing and regulation by local authorities. Any limitation, condition, suspension or revocation of, or disciplinary action with respect to, any such license would reduce the number of visitors to our casinos to the extent the availability of alcoholic beverages is important to them. Any reduction in our number of visitors will reduce our revenue and cash flow.

Rising operating costs for our gaming properties could have a negative impact on our profitability.

The operating expenses associated with our gaming properties could increase due to some of the following factors:

.
our properties use significant amounts of electricity, natural gas and other forms of energy, and energy price increases may reduce our profitability;

.
our properties use significant amounts of water and a water shortage may adversely affect our operations;

.
some of our employees are covered by collective bargaining agreements and we may incur higher costs or work slow-downs or stoppages due to union activities; and

.
our reliance on slot machine revenues and the concentration of manufacturing of slot machines in certain companies could impose additional costs on us.

We face substantial competition in the gaming industry.

The gaming industry in general, and the markets in which we compete in particular, are highly competitive:

.
we compete with many world-class destination resorts with greater name recognition and different attractions, amenities and entertainment options;

.
we compete with the continued growth of gaming on Native American tribal lands;

.
the existence of legalized gambling in other jurisdictions may reduce the number of visitors to our properties;

Back to Table of Contents

certain states have legalized, and others may legalize, casino gaming in specific venues, including race tracks and/or in specific areas, including metropolitan areas from which we traditionally attract customers; and

our properties also compete, and will in the future compete, with all forms of legalized gambling.

Many of our competitors have greater financial, selling and marketing, technical and other resources than we do. We may not be able to compete effectively with our competitors and we may lose market share, which could reduce our revenue and cash flow.

We cannot guarantee that we will be able to recover our investment made in connection with the acquisition of the Aquarius.

On May 19, 2006, our wholly owned subsidiary, AREP Laughlin Corporation, acquired the Aquarius Casino Resort, or the Aquarius, from affiliates of Harrah's Operating Company, Inc., or Harrah's, for approximately \$113.6 million, including working capital. Acquisitions generally involve significant risks, including difficulties in the assimilation of the operations, services and corporate culture of the acquired company.

Pursuant to Membership Interest Purchase Agreement that AEP has entered into with Whitehall Street Real Estate Funds to sell the issued and outstanding membership interests of ACEP, we have agreed to make capital expenditures, including \$10.5 million through 2007 to refurbish rooms, upgrade amenities and acquire new gaming equipment for the Aquarius.

There can be no assurance that this acquisition will be profitable or that we will be able to recover our investments either upon the sale of ACEP or, if the sale is not consummated, in our future gaming operations.

Real Estate Operations

Our investment in property development may be more costly than anticipated.

We have invested and expect to continue to invest in unentitled land, undeveloped land and distressed development properties. These properties involve more risk than properties on which development has been completed. Unentitled land may not be approved for development. These investments do not generate any operating revenue, while costs are incurred to obtain government approvals and develop the properties. Construction may not be completed within budget or as scheduled and projected rental levels or sales prices may not be achieved and other unpredictable contingencies beyond our control could occur. We will not be able to recoup any of such costs until such time as these properties, or parcels thereof, are either disposed of or developed into income-producing assets.

We may be subject to environmental liability as an owner or operator of development and rental real estate.

Under various federal, state and local laws, ordinances and regulations, an owner or operator of real property may become liable for the costs of removal or remediation of certain hazardous substances, pollutants and contaminants released on, under, in or from its property. These laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the release of such substances. To the extent any such substances are found in or on any property invested in by us, we could be exposed to liability and be required to incur substantial remediation costs. The presence of such substances or the failure to undertake proper remediation may adversely affect the ability to finance, refinance or dispose of such property. We generally conduct a Phase I environmental site assessment on properties in which we are considering investing. A Phase I environmental site assessment involves record review, visual site assessment and personnel interviews, but does not typically include invasive testing procedures such as air, soil or groundwater sampling or other tests performed as part of a Phase II environmental site assessment. Accordingly, there can be no assurance that these assessments will disclose all potential liabilities or that future property uses or conditions or changes in applicable environmental laws and regulations or activities at nearby properties will not result in the creation of environmental liabilities with respect to a property.

Home Fashion Operations

Pending legal proceedings may result in our ownership of WPI's common stock being reduced to less than 50%. A legal action in Delaware challenges the issuance to of the preferred stock of WPI. Uncertainties arising from these proceedings may adversely affect WPI's operations and prospects and the value of our investment in it.

We currently own approximately 67.7% of the outstanding shares of common stock and 100% of the preferred stock of WPI. As a result of the decision of the U.S. District Court for the Southern District of New York reversing certain provisions of the Bankruptcy Court order pursuant to which we acquired our ownership of a majority of the common stock of WPI, the proceedings in the Bankruptcy Court on remand and the proceedings in the Delaware action, our percentage of the outstanding shares of common stock of WPI could be reduced to less than 50% and perhaps substantially less and our ownership of the preferred stock of WPI could also be affected. The Bankruptcy Court entered a stay of its order on remand. On May 9, 2007, the District Court issued an order conditioning the continuation of the Bankruptcy Court's stay on the posting of a bond. No bond was posted. On May 22, 2007, WPI, its subsidiary WestPoint Home, Inc., and we filed a Petition for a Writ of Mandamus in the U.S. Court of Appeals for the Second Circuit requesting, among other relief, the reinstatement of the Sale Order. The Second Circuit scheduled oral argument on the Petition for Mandamus for June 26, 2007 and reinstated the stay pending its decision.

If we were to lose control of WPI, it could adversely affect the business and prospects of WPI and the value of our investment in it. In addition, we consolidated the balance sheet of WPI as of March 31, 2007 and WPI's results of operations for the period from the date of acquisition through March 31, 2007. If we were to own less than 50% of the outstanding common stock or the challenge to our preferred stock ownership is successful, we would have to evaluate whether we should consolidate WPI and if so our financial statements could be materially different than as presented as of March 31, 2007, December 31, 2006 and December 31, 2005 and for the periods then ended.

WPI acquired its business from the former owners through bankruptcy proceedings. We cannot assure you that it will be able to operate profitably.

WPI acquired the assets of WestPoint Stevens Inc., or WestPoint Stevens, as part of its bankruptcy proceedings. Certain of the issues that contributed to WestPoint Stevens' filing for bankruptcy, such as intense industry competition, the inability to produce goods at a cost competitive with overseas suppliers, the increasing prevalence of direct sourcing by principal customers and continued incurrence of overhead costs associated with an enterprise larger than the current business can profitably support, continue to exist and may continue to affect WPI's business operations and financial condition adversely. In addition, during the protracted bankruptcy proceedings of WestPoint Stevens, several of its customers reduced the volume of business done with WestPoint Stevens. We have installed new management to address these issues, but we cannot assure you that new management will be effective.

WPI operated at a loss during fiscal year 2006 as well as for the three months ended March 31, 2007, and we expect that WPI will continue to operate at a loss during fiscal year 2007. We cannot assure you that it will be able to operate profitably in the future.

The loss of any of WPI's large customers could have an adverse effect on WPI's business.

During fiscal year 2006 and the three-month period ended March 31, 2007, WPI's six largest customers accounted for approximately 50% and 52%, respectively, of its net sales. Other retailers have indicated that they intend to significantly increase their direct sourcing of home fashion products from foreign sources. The loss of any of WPI's largest accounts, or a material portion of sales to those accounts, would have an adverse effect upon its business, which could be material.

A portion of WPI's sales are derived from licensed designer brands. The loss of a significant license could have an adverse effect on WPI's business.

A portion of WPI's sales is derived from licensed designer brands. The license agreements for WPI's designer brands generally are for a term of two or three years. Some of the licenses are automatically renewable for additional periods, provided that sales thresholds set forth in the license agreements are met. The loss of a significant license could have an adverse effect upon WPI's business, which effect could be material. Under certain circumstances, these licenses can be terminated without WPI's consent due to circumstances beyond WPI's control.

A shortage of the principal raw materials WPI uses to manufacture its products could force WPI to pay more for those materials and, possibly, cause WPI to increase its prices, which could have an adverse effect on WPI's operations.

Any shortage in the raw materials WPI uses to manufacture its products could adversely affect its operations. The principal raw materials that WPI uses in the manufacture of its products are cotton of various grades and staple lengths and polyester and nylon in staple and filament form. Since cotton is an agricultural product, its supply and quality are subject to weather patterns, disease and other factors. The price of cotton is also influenced by supply and demand considerations, both domestically and worldwide, and by the cost of polyester. Although WPI has been able to acquire sufficient quantities of cotton for its operations in the past, any shortage in the cotton supply by reason of weather patterns, disease or other factors, or a significant increase in the price of cotton, could adversely affect its operations. The price of man-made fibers, such as polyester and nylon, is influenced by demand, manufacturing capacity and costs, petroleum prices, cotton prices and the cost of polymers used in producing these fibers. In particular, the effect of increased energy prices may have a direct impact upon the cost of dye and chemicals, polyester and other synthetic fibers. Any significant prolonged petrochemical shortages could significantly affect the availability of man-made fibers and could cause a substantial increase in demand for cotton. This could result in decreased availability of cotton and possibly increased prices and could adversely affect WPI's operations.

The home fashion industry is highly competitive and WPI's success depends on WPI's ability to compete effectively in the market.

The home fashion industry is highly competitive. WPI's future success will, to a large extent, depend on its ability to remain a low-cost producer and to remain competitive. WPI competes with both foreign and domestic companies on, among other factors, the basis of price, quality and customer service. In the home fashion market, WPI competes with many companies. WPI's future success depends on its ability to remain competitive in the areas of marketing, product development, price, quality, brand names, manufacturing capabilities, distribution and order processing. We cannot assure you of WPI's ability to compete effectively in any of these areas. Any failure to compete effectively could adversely affect WPI's sales and, accordingly, its operations. Additionally, the easing of trade restrictions over time has led to growing competition from low priced products imported from Asia and Latin America. The lifting of import quotas in 2005 has accelerated the loss of WPI's market share. There can be no assurance that the foreign competition will not grow to a level that could have an adverse effect upon WPI's ability to compete effectively.

WPI intends to increase the percentage of its products that are made overseas. There is no assurance that WPI will be successful in obtaining goods of sufficient quality on a timely basis and on advantageous terms. WPI will be subject to additional risks relating to doing business overseas.

WPI intends to increase the percentage of its products that are made overseas and may face additional risks associated with these efforts. Adverse factors that WPI may encounter include:

- .
logistical challenges caused by distance;
- .
language and cultural differences;
- .
legal and regulatory restrictions;
- .
the difficulty of enforcing agreements with overseas suppliers;
- .
currency exchange rate fluctuations;
- .
political and economic instability; and
- .
potential adverse tax consequences.

There has been consolidation of retailers of WPI's products that may reduce its profitability.

Retailers of consumer goods have become fewer and more powerful over time. As buying power has become more concentrated, pricing pressure on vendors has grown. With the ability to buy imported products directly from foreign sources, retailers' pricing leverage has increased and also allowed for growth in private label brands that displace and compete with WPI proprietary brands. Retailers' pricing leverage has resulted in a decline in WPI's

Back to Table of Contents

unit pricing and margins and resulted in a shift in product mix to more private label programs. If WPI is unable to diminish the decline in its pricing and margins, it may not be able to achieve or maintain profitability.

WPI is subject to various federal, state and local environmental and health and safety laws and regulations. If it does not comply with these regulations, it may incur significant costs in the future to become compliant.

WPI is subject to various federal, state and local laws and regulations governing, among other things, the discharge, storage, handling, usage and disposal of a variety of hazardous and non-hazardous substances and wastes used in, or resulting from, its operations, including potential remediation obligations under those laws and regulations. WPI's operations are also governed by federal, state and local laws and regulations relating to employee safety and health which, among other things, establish exposure limitations for cotton dust, formaldehyde, asbestos and noise, and which regulate chemical, physical and ergonomic hazards in the workplace. Consumer product safety laws, regulations and standards at the federal and state level govern the manufacture and sale of products by WPI. Although WPI does not expect that compliance with any of these laws and regulations will adversely affect its operations, we cannot assure you that regulatory requirements will not become more stringent in the future or that WPI will not incur significant costs to comply with those requirements.

Investments

We may not be able to identify suitable investments, and our investments may not result in favorable returns or may result in losses.

Our partnership agreement allows us to take advantage of investment opportunities we believe exist outside of our operating businesses. The equity securities in which we may invest may include common stock, preferred stock and securities convertible into common stock, as well as warrants to purchase these securities. The debt securities in which we may invest may include bonds, debentures, notes, or non-rated mortgage-related securities, municipal obligations, bank debt and mezzanine loans. Certain of these securities may include lower rated or non-rated securities which may provide the potential for higher yields and therefore may entail higher risk and may include the securities of bankrupt or distressed companies. In addition, we may engage in various investment techniques, including derivatives, options and futures transactions, foreign currency transactions, "short" sales and leveraging for either hedging or other purposes. We may concentrate our activities by owning significant or controlling interest in certain investments. We may not be successful in finding suitable opportunities to invest our cash and our strategy of investing in undervalued assets may expose us to numerous risks.

Our investments may be subject to significant uncertainties.

Our investments may not be successful for many reasons including, but not limited to:

-
- fluctuation of interest rates;
-
- lack of control in minority investments;
-
- worsening of general economic and market conditions;
-
- lack of diversification;
-
- fluctuation of U.S. dollar exchange rates; and
-
- adverse legal and regulatory developments that may affect particular businesses.

USE OF PROCEEDS

We will not receive any proceeds from the exchange of the new notes for the private notes pursuant to the exchange offer. On January 17, 2007, we issued and sold the private notes in a private offering, receiving net proceeds of approximately \$492.1 million, after deducting selling and offering expenses.

We intend to use the net proceeds of the private offering for general business purposes, including to pursue our primary business strategy of acquiring undervalued assets in either our existing lines of business or other businesses and to provide additional capital to grow our existing business.

We will use the net proceeds of the private offering and conduct our activities in a manner so as not to be deemed an investment company under the Investment Company Act. Generally, this means that we do not intend to enter the business of investing in securities and that no more than 40% of our total assets will be invested in securities. The portion of our assets invested in each type of security or any single issuer or industry will not be limited.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

In connection with the sale of the private notes, we and the initial purchaser entered into a registration rights agreement in which we and AREH agreed to:

.
file a registration statement with the SEC with respect to the exchange of the private notes for new notes, or the exchange offer registration statement, no later than July 16, 2007;

.
use all commercially reasonable efforts to have the exchange offer registration statement declared effective by the SEC on or prior to November 13, 2007; and

.
commence the offer to exchange new notes for the private notes and use all commercially reasonable efforts to issue on or prior to 30 business days, or longer if required by the federal securities laws, after the date on which the exchange offer registration statement was declared effective by the SEC, new notes in exchange for all private notes tendered prior to that date in the exchange offer.

We are making the exchange offer to satisfy certain of our obligations under the registration rights agreement. We filed a copy of the registration rights agreement as an exhibit to the exchange offer registration statement that includes this prospectus.

Resale of Exchange Notes

Under existing interpretations of the Securities Act by the staff of the SEC contained in several no-action letters to third parties, we believe that the new notes will generally be freely transferable by holders who have validly participated in the exchange offer without further registration under the Securities Act (assuming the truth of certain representations required to be made by each holder of notes, as set forth below). For additional information on the staff's position, we refer you to the following no-action letters: Exxon Capital Holdings Corporation, available April 13, 1988; Morgan Stanley & Co. Incorporated, available June 5, 1991; and Shearman & Sterling, available July 2, 1993. However, any purchaser of private notes who is one of our "affiliates" or who intends to participate in the exchange offer for the purpose of distributing the new notes or who is a broker-dealer who purchased private notes from us to resell pursuant to Rule 144A or any other available exemption under the Securities Act:

.
will not be able to tender its private notes in the exchange offer;

.
will not be able to rely on the interpretations of the staff of the SEC; and

.
must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the private notes unless such sale or transfer is made pursuant to an exemption from these requirements.

If you wish to exchange private notes for new notes in the exchange offer, you will be required to make representations in a letter of transmittal which accompanies this prospectus, including that:

.
you are not our "affiliate" (as defined in Rule 405 promulgated under the Securities Act);

.
any new notes to be received by you will be acquired in the ordinary course of your business;

.
you have no arrangement or understanding with any person to participate in the distribution of the new notes in violation of the provisions of the Securities Act;

.
if you are not a broker-dealer, you are not engaged in, and do not intend to engage in, a distribution of new notes; and

if you are a broker-dealer, you acquired the private notes for your own account as a result of market-making or other trading activities (and as such, you are a “participating broker-dealer”), you have not entered into any arrangement or understanding with AREP or an affiliate of AREP to distribute the new notes and you will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the new notes.

Back to Table of Contents

Rule 405 promulgated under the Securities Act provides that an “affiliate” of, or person “affiliated” with, a specified person, is a person that directly, or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the person specified.

The SEC has taken the position that participating broker-dealers may be deemed to be “underwriters” within the meaning of the Securities Act, and accordingly may fulfill their prospectus delivery requirements with respect to the new notes, other than a resale of an unsold allotment from the original sale of the notes, with the prospectus contained in the exchange offer registration statement. Under the registration rights agreement, we have agreed to use commercially reasonable efforts to allow participating broker-dealers and other persons, if any, subject to similar prospectus delivery requirements, to use the prospectus contained in the exchange offer registration statement in connection with the resale of the new notes for a period of 270 days from the issuance of the new notes.

Terms of the Exchange Offer

This prospectus and the accompanying letter of transmittal contain the terms and conditions of the exchange offer. Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, we will accept for exchange all private notes which are properly tendered and not withdrawn on or prior to 5:00 p.m., New York City time, on the expiration date. After authentication of the new notes by the trustee or an authentication agent, we will issue and deliver \$1,000 principal amount of new notes in exchange for each \$1,000 principal amount of outstanding private notes accepted in the exchange offer. Holders may tender some or all of their private notes in the exchange offer in denominations of \$1,000 and integral multiples thereof.

The form and terms of the new notes are identical in all material respects to the form and terms of the private notes, except that:

1.
the offering of the new notes has been registered under the Securities Act;
2.
the new notes generally will not be subject to transfer restrictions or have registration rights; and
3.
certain provisions relating to liquidated damages on the private notes provided for under certain circumstances will be eliminated.

The new notes will evidence the same debt as the private notes. The new notes will be issued under and entitled to the benefits of the indenture.

As of the date of this prospectus, \$500 million in aggregate principal amount of the additional private notes issued on January 17, 2007 is outstanding. In connection with the issuance of the private notes, we made arrangements for the private notes to be issued and transferable in book-entry form through the facilities of DTC, acting as a depository. The new notes will also be issuable and transferable in book-entry form through the DTC.

The exchange offer is not conditioned upon any minimum aggregate principal amount of private notes being tendered. However, our obligation to accept private notes for exchange pursuant to the exchange offer is subject to certain customary conditions that we describe under “— Conditions” below.

Holders who tender private notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of private notes pursuant to the exchange offer. We will pay all charges and expenses, other than certain applicable taxes, in connection with the exchange offer. See “— Solicitation of Tenders; Fees and Expenses” for more detailed information regarding the expenses of the exchange offer.

By executing or otherwise becoming bound by the letter of transmittal, you will be making the representations described under “— Procedures for Tendering” below.

Expiration Date; Extensions; Amendments

The term “expiration date” will mean 5:00 p.m., New York City time, on , 2007, unless we, in our sole discretion, extend the exchange offer, in which case the term “expiration date” will mean the latest date and time to which we extend the exchange offer.

To extend the exchange offer, we will:

Back to Table of Contents

.
notify the exchange agent of any extension orally or in writing; and
.

notify the registered holders of the private notes by means of a press release or other public announcement, each before 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date. We reserve the right, in our reasonable discretion:

.
to delay accepting any private notes;
.

to extend the exchange offer; or
.

if any conditions listed below under “— Conditions” are not satisfied, to terminate the exchange offer by giving oral or written notice of the delay, extension or termination to the exchange agent.

We will follow any delay in acceptance, extension or termination as promptly as practicable by oral or written notice to the registered holders. If we amend the exchange offer in a manner we determine constitutes a material change, we will promptly disclose the amendment in a prospectus supplement that we will distribute to the registered holders.

Interest on the New Notes

Interest on the new notes will accrue from the last interest payment date on which interest was paid on the private notes surrendered in exchange for new notes or, if no interest has been paid on the private notes, from the issue date of the private notes, January 17, 2007. Interest on the new notes will be payable semi-annually on February 15 and August 15 of each year, commencing on February 15, 2007.

Procedures for Tendering

You may tender your private notes in the exchange offer only if you are a registered holder of private notes. To tender in the exchange offer, you must:

.
complete, sign and date the letter of transmittal or a facsimile of the letter of transmittal;
.

have the signatures thereof guaranteed if required by the letter of transmittal; and
.

mail or otherwise deliver the letter of transmittal or such facsimile to the exchange agent, at the address listed below under “— Exchange Agent” for receipt prior to the expiration date.

In addition, either:

.
the exchange agent must receive certificates for the private notes along with the letter of transmittal into its account at DTC pursuant to the procedure described under “— Book-Entry Transfer” before the expiration date;
.

the exchange agent must receive a timely confirmation of a book-entry transfer, if the procedure is available, into its account at DTC pursuant to the procedure described under “— Book-Entry Transfer” before the expiration date; or
.

you must comply with the procedures described under “Guaranteed Delivery Procedures.”

Your tender, if not withdrawn before the expiration date, will constitute an agreement between you and us in accordance with the terms and subject to the conditions described in this prospectus and in the letter of transmittal. The method of delivery of private notes and the letter of transmittal and all other required documents to the exchange agent is at your election and risk. We recommend that, instead of delivery by mail, you use an overnight or hand delivery service. In all cases, you should allow sufficient time to ensure delivery to the exchange agent prior to the expiration date. You should not send letters of transmittal or private notes to us. You may request that your respective brokers, dealers, commercial banks, trust companies or nominees effect the transactions described above for you. If you are a beneficial owner whose private notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your private notes, you should contact such registered

Back to Table of Contents

holder promptly and instruct such registered holder to tender on your behalf. If you wish to tender on your own behalf, prior to completing and executing the letter of transmittal and delivering your private notes, you must either:

.
make appropriate arrangements to register ownership of your private notes in your name; or

.
obtain a properly completed bond power from the registered holder.

The transfer of record ownership may take considerable time unless private notes are tendered:

.
by a registered holder who has not completed the box entitled “Special Registration Instructions” or “Special Delivery Instruction” on the letter of transmittal; or

.
for the account of an “Eligible Institution” which is either:

.
a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc.;

.
a commercial bank or trust company located or having an office or correspondent in the United States; or

.
otherwise an “eligible guarantor institution” within meaning of Rule 17Ad-15 under the Exchange Act.

An Eligible Institution must guarantee the signatures on a letter of transmittal or a notice of withdrawal described below under “— Withdrawal of Tenders.”

If the letter of transmittal is signed by a person other than the registered holder, such private notes must be endorsed or accompanied by appropriate bond powers which authorize such person to tender the private notes on behalf of the registered holder, in either case signed as the name of the registered holder or holders appears on the private notes.

If the letter of transmittal or any private notes or bond powers are signed or endorsed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and unless waived by us, they must submit evidence satisfactory to us of their authority to so act with the letter of transmittal.

The letter of transmittal will include representations to us as set forth under “Resale of Exchange Notes.”

You should note that:

.
all questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of the tendered private notes will be determined by us in our sole discretion, which determination will be final and binding;

.
we reserve the absolute right to reject any and all private notes not properly tendered or any private notes the acceptance of which would, in our judgment or the judgment of our counsel, be unlawful;

.
we also reserve the absolute right to waive any irregularities or conditions of tender as to particular private notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of private notes must be cured within such time as we shall determine;

.
although we intend to notify holders of defects or irregularities with respect to any tender of private notes, neither we, the exchange agent nor any other person shall be under any duty to give notification of any defect or irregularity with respect to tenders of private notes, nor shall any of them incur any liability for failure to give such notification; and

.
tenders of private notes will not be deemed to have been made until such irregularities have been cured or waived. Any private notes received by the exchange agent that we determine are not properly tendered or the tender of which is otherwise rejected by us and as to which the defects or irregularities have not been cured or waived by us will be returned by the exchange agent to the tendering holder unless otherwise provided in the letter of transmittal, as soon as

practicable following the expiration date.

Book-Entry Transfer

The exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the private notes at DTC for the purpose of facilitating the exchange offer. Any financial institution that is a participant in DTC's system may make book-entry delivery of private notes by causing DTC to transfer such private notes into the exchange agent's account with respect to the private notes in accordance with DTC's Automated Tender Offer Program procedures for such transfer. However, the exchange for the private notes so tendered will only be made after timely confirmation of such book-entry transfer of private notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message and any other documents required by the letter of transmittal. The term "agent's message" means a message, transmitted by DTC and received by the exchange agent and forming a part of the confirmation of a book-entry transfer, which states that DTC has received an express acknowledgment from a participant that is tendering private notes that such participant has received the letter of transmittal and agrees to be bound by the terms of the letter of transmittal, and that we may enforce such agreement against the participant.

Although delivery of private notes may be effected through book-entry transfer into the exchange agent's account at DTC, you must transmit and the exchange agent must receive, the letter of transmittal (or facsimile thereof) properly completed and duly executed with any required signature guarantee and all other required documents prior to the expiration date, or you must comply with the guaranteed delivery procedures described below. Delivery of documents to DTC does not constitute delivery to the exchange agent.

Guaranteed Delivery Procedures

If you wish to tender your private notes but your private notes are not immediately available, or time will not permit your private notes or other required documents to reach the exchange agent before the expiration date, or the procedure for book-entry transfer cannot be completed on a timely basis, you may affect a tender if:

1.
the tender is made through an Eligible Institution;
2.
prior to the expiration date, the exchange agent receives from such Eligible Institution a properly completed and duly executed notice of guaranteed delivery, by facsimile transmittal, mail or hand delivery:
 - stating the name and address of the holder, the certificate number or numbers of such holder's private notes and the principal amount of such private notes tendered;
 - stating that the tender is being made thereby; and
 - guaranteeing that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or a facsimile thereof, together with the certificate(s) representing the private notes to be tendered in proper form for transfer, or confirmation of a book-entry transfer into the exchange agent's account at DTC of private notes delivered electronically, and any other documents required by the letter of transmittal, will be deposited by the Eligible Institution with the exchange agent; and
3.
such properly completed and executed letter of transmittal, or a facsimile thereof, together with the certificate(s) representing all tendered private notes in proper form for transfer, or confirmation of a book-entry transfer into the exchange agent's account at DTC of private notes delivered electronically and all other documents required by the letter of transmittal are received by the exchange agent within three New York Stock Exchange trading days after the expiration date.

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your private notes according to the guaranteed delivery procedures described above.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw tenders of private notes at any time prior to the expiration date.

For a withdrawal to be effective, the exchange agent must receive a written or facsimile transmission notice of withdrawal at its address set forth this prospectus prior to the expiration date. Any such notice of withdrawal must:
.
specify the name of the person who deposited the private notes to be withdrawn;

Back to Table of Contents

.
identify the private notes to be withdrawn, including the certificate number or number and principal amount of such private notes or, in the case of private notes transferred by book-entry transfer, the name and number of the account at DTC to be credited; and

.
be signed in the same manner as the original signature on the letter of transmittal by which such private notes were tendered, including any required signature guarantee.

We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, of such withdrawal notices, and our determination shall be final and binding on all parties. We will not deem any properly withdrawn private notes to have been validly tendered for purposes of the exchange offer, and we will not issue new notes with respect those private notes unless you validly retender the withdrawn private notes. You may retender properly withdrawn private notes following one of the procedures described above under “— Procedures for Tendering” at any time prior to the expiration date.

Conditions

Notwithstanding any other term of the exchange offer, we will not be required to accept for exchange, or exchange the new notes for, any private notes, and may terminate the exchange offer as provided in this prospectus before the acceptance of the private notes, if:

.
the exchange offer violates applicable law, rules or regulations or an applicable interpretation of the staff of the SEC;

.
an action or proceeding has been instituted or threatened in any court or by any governmental agency which might materially impair our ability to proceed with the exchange offer;

.
there has been proposed, adopted or enacted any law, rule or regulation that, in our reasonable judgment would impair materially our ability to consummate the exchange offer; or

.
all governmental approvals which we deem necessary for the completion of the exchange offer have not been obtained.

If we determine in our reasonable discretion that any of these conditions are not satisfied, we may:

.
refuse to accept any private notes and return all tendered private notes to you;

.
extend the exchange offer and retain all private notes tendered before the exchange offer expires, subject, however, to your rights to withdraw the private notes; or

.
waive the unsatisfied conditions with respect to the exchange offer and accept all properly tendered private notes that have not been withdrawn.

If the waiver constitutes a material change to the exchange offer, we will promptly disclose the waiver by means of a prospectus supplement that we will distribute to the registered holders of the private notes.

Exchange Agent

We have appointed Wilmington Trust Company, the trustee under the indenture, as exchange agent for the exchange offer. You should send all executed letters of transmittal to the exchange agent at one of the addresses set forth below. In such capacity, the exchange agent has no fiduciary duties and will be acting solely on the basis of directions of our company. Solicitation of Tenders; Fees and Expenses

We will pay all expenses of soliciting tenders pursuant to the exchange offer. We are making the principal solicitation by mail. Our officers and regular employees may make additional solicitations in person or by telephone or telecopier. We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to brokers, dealers or other persons soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse the exchange agent for its reasonable out-of-pocket costs and expenses in connection therewith.

We also may pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this prospectus, letters of transmittal and related documents to the beneficial owners of the private notes and in handling or forwarding tenders for exchange.

We will pay the expenses to be incurred in connection with the exchange offer, including fees and expenses of the exchange agent and trustee and accounting and legal fees and printing costs.

We will pay all transfer taxes, if any, applicable to the exchange of private notes for new notes pursuant to the exchange offer. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed by us directly to such tendering holder.

(1)

Represents our ratio of earnings to fixed charges for the periods indicated. For purposes of computing the ratio of earnings to fixed charges, earnings represent earnings from continuing operations before income taxes, equity in earnings (loss) of investees and minority interest plus fixed charges. Fixed charges include (a) interest on indebtedness (whether expensed or capitalized), (b) amortization premiums, discounts and capitalized expenses related to indebtedness and (c) the portion of rent expense we believe to be representative of interest. For fiscal years 2006 and 2005, fixed charges exceeded earnings by \$44.4 million and \$15.9 million, respectively. For the three months ended March 31, 2006, fixed charges exceeded earnings by \$19.3 million.

(2)

On July 1, 2003, we adopted Statement of Financial Accounting Standards No. 150 (SFAS 150), *Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity*. SFAS 150 requires that a financial instrument, which is an unconditional obligation, be classified as a liability. Previous guidance required an entity to include in equity financial instruments that the entity could redeem in either cash or stock. Pursuant, to SFAS 150, our

preferred units, which are an unconditional obligation, have been reclassified from “Partners equity” to a liability account in the consolidated balance sheets.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

The following unaudited pro forma condensed combined financial statements that follow are presented to give effect to:

the pending acquisition of Lear for an aggregate cash purchase price of approximately \$2.9 billion, funded in part by approximately \$1.3 billion from our cash and cash equivalents and investments;

the issuance of \$2.6 billion of notes to be issued to finance a portion of the Lear acquisition and finance and replace a portion of Lear's existing credit facilities; and

the pending sale of American Casino & Entertainment Properties LLC, or ACEP, our indirect wholly owned subsidiary.

The unaudited pro forma condensed combined financial statements are based on the historical financial statements of AREP, ACEP and Lear, as well as the assumptions and adjustments described below and in the accompanying notes to the unaudited pro forma condensed combined financial statements.

The unaudited pro forma condensed combined balance sheet as of March 31, 2007 is presented as if the pending acquisition of Lear and the notes to be issued to finance the Lear acquisition occurred on March 31, 2007. The unaudited pro forma condensed combined statements of operations for the three months ended March 31, 2007 and the fiscal year ended December 31, 2006 has been prepared to give effect to the unaudited pro forma adjustments necessary as if the pending acquisition of Lear and the notes to be issued to finance the Lear acquisition had taken place on January 1, 2006.

As described in Note 3 to the pro forma condensed combined financial statements, on October 16, 2006 and March 31, 2007, Lear completed the divestiture of substantially all of its European and North American interior businesses, respectively. Accordingly, the unaudited pro forma condensed combined statement of operations for the three months ended March 31, 2007 gives effect to the IAC North America Transaction (as defined below) as if it had occurred as of January 1, 2007. The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2006 gives effect to the IAC Europe Transaction (as defined below) and North America Transaction as if they had occurred as of January 1, 2006.

The unaudited pro forma condensed combined balance sheet as of March 31, 2007 is presented as if the pending sale of ACEP occurred on March 31, 2007. The unaudited pro forma condensed combined statements of operations for the three months ended March 31, 2007 and the years ended December 31, 2006, 2005 and 2004 has been prepared to give effect to the unaudited pro forma adjustments necessary as if the pending sale of ACEP had taken place on January 1, 2004. In accordance with SEC guidelines, such historical pro forma statements of operations are presented for discontinued operations that are not yet required to be reflected in historical statements.

The preliminary allocation of the purchase price of Lear used in the unaudited pro forma condensed combined financial statements is based upon preliminary estimates. The estimates and assumptions, some of which cannot be made prior to completion of the Lear acquisition, are subject to change upon the acquisition date and finalization of the valuation of Lear's assets and liabilities. Upon completion of the acquisition, AREP expects to make additional adjustments, and these valuations could change significantly from those used in the pro forma condensed combined financial data presented below. The final determination of the allocation of the purchase price will be based on the actual tangible and intangible assets of Lear that exist as of the acquisition date.

The unaudited pro forma condensed combined results do not purport to be indicative of the financial position and results of operations that we will obtain in the future, or that we would have obtained if the pending sale of ACEP and acquisition of Lear were effective as of the dates indicated above. The pro forma adjustments are based upon currently available information and upon certain assumptions that we believe are reasonable. The unaudited pro forma condensed combined financial statements should be read in conjunction with the historical consolidated financial statements of AREP and Lear included in their respective annual reports on Form 10-K and quarterly reports on Form 10-Q, and related amendments.

Back to Table of Contents**NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS****1. DESCRIPTION OF TRANSACTIONS*****Potential Acquisition***

On February 9, 2007, we entered into an agreement and plan of merger pursuant to which we would acquire Lear for an aggregate consideration of approximately \$5.2 billion, including the assumption by the surviving entity of certain outstanding indebtedness of Lear and the refinancing of Lear's existing term loan and credit facility. In connection with the planned merger, our subsidiary, AREP Car Holdings Corp., entered into a commitment letter with Bank of America, N.A., and Banc of America Securities LLC on February 8, 2007, pursuant to which Bank of America would act as the initial lender under two senior secured credit facilities in an aggregate principal amount of \$3.6 billion, consisting of a \$1.0 billion senior secured revolving facility and a \$2.6 billion senior secured term loan B facility. The credit facilities, along with cash on hand, are intended to refinance and replace Lear's existing credit facilities and to fund the transactions contemplated by the merger. We intend to fund approximately \$1.3 billion of the purchase price from our cash and cash equivalents and investments. The transaction is conditioned upon (i) clearance under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, and the applicable foreign antitrust laws of certain other jurisdictions, (ii) approval of the merger and adoption of the merger agreement by Lear stockholders and (iii) other customary closing conditions. AREP expects that the transaction will close on or about July 1, 2007, or shortly thereafter, provided the foregoing conditions which have not yet been satisfied or waived are satisfied or waived. There can be no assurance that we will be able to consummate the transaction.

Pending Sale of American Casino & Entertainment Properties LLC

On April 22, 2007, American Entertainment Properties Corp, or AEP, a wholly owned indirect subsidiary of AREP, entered into a Membership Interest Purchase Agreement with W2007/ACEP Holdings, LLC, an affiliate of Whitehall Street Real Estate Funds, a series of real estate investment funds affiliated with Goldman, Sachs & Co., to sell all of the issued and outstanding membership interests of ACEP, which comprises our gaming operations, for \$1.3 billion, plus or minus certain adjustments such as working capital, more fully described in the agreement. Pursuant to the terms of the agreement, AEP is required to cause ACEP to repay, from funds provided by AEP, the principal, interest, prepayment penalty or premium due on ACEP's 7.85% senior secured notes due 2012 and ACEP's senior secured credit facility. With this transaction, we anticipate realizing a gain of approximately \$0.57 billion on our investments in ACEP, after income taxes. ACEP's casino assets are comprised of the Stratosphere Casino Hotel & Tower, the Arizona Charlie's Decatur, the Arizona Charlie's Boulder and the Aquarius Casino Resort. The transaction is subject to the approval of the Nevada Gaming Commission and the Nevada State Gaming Control Board, as well as customary conditions. The parties expect to close the transaction in approximately December 2007; however, there can be no assurance that we will be able to consummate the transaction.

2. BASIS OF PRESENTATION

AREP accounts for acquisitions under Financial Accounting Standards Board Statement No. 141, *Business Combinations*. In accordance with business combination accounting, AREP will allocate the purchase price of Lear to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values. AREP's management has not yet determined the fair value of the assets and liabilities to be acquired as the acquisition has not yet been consummated. The final determination of such assumptions and estimates cannot be made until AREP completes the acquisition of Lear. Therefore, for purposes of the pro forma financial statements, the excess of the purchase price over the book value of Lear's assets and liabilities has been allocated to goodwill.

3. LEAR ACQUISITION

The purchase price and purchase price allocation below are preliminary estimates as the acquisition has not been completed and the date for which the assets to be acquired and liabilities to be assumed has not been determined.

[Back to Table of Contents](#)**NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS****3. LEAR ACQUISITION – (continued)*****Preliminary Purchase Price***

The total preliminary purchase price to be allocated is comprised of:

	(in 000s)
Purchase of outstanding common stock of Lear at \$36.00 per share	\$ 2,857,991
Less: amount to be allocated to the general partner(1)	(62,691)
Total preliminary purchase price to be allocated	\$ 2,795,300

(1)

As of March 31, 2007, Icahn Partners LP, Icahn Partners Master Fund LP, Koala Holding Limited Partnership and High River Limited Partnership, which are affiliates of Mr. Icahn, beneficially owned approximately 16% of Lear's outstanding common stock. In accordance with generally accepted accounting principles, in connection with the acquisition of Lear stock, the excess of cash disbursed over the historical cost of the shares beneficially owned by Mr. Icahn, which amounts to approximately \$62.7 million, will be charged to AREP's general partner's equity.

Preliminary Purchase Price Allocation

For purposes of the pro forma financial statements, AREP has used Lear's assets and liabilities as of March 31, 2007 as the basis for developing AREP's fair value estimates.

The total preliminary purchase price will be allocated to Lear's tangible and intangible assets acquired, and liabilities assumed based on their estimated fair values as of the acquisition date. The excess of the purchase price over the net tangible and identifiable intangible assets will be recorded as goodwill. For purposes of the accompanying pro forma financial statements, the total preliminary purchase price was allocated as follows:

	(in 000s)
Current assets	\$ 3,579,600
Property, plant & equipment, net	1,425,900
Investments	183,200
Other non current assets	347,300

Current liabilities	(3,671,000)
Long-term debt	(2,431,800)
Other non current liabilities and minority interests	(827,400)
Total preliminary purchase price allocation	\$ 2,795,300

Lear IAC Transaction

On October 16, 2006, Lear completed the contribution of substantially all of its European interior business to International Automotive Components Group, LLC ("IAC Europe"), its joint venture with WL Ross & Co. LLC and Franklin Mutual Advisers, LLC, in exchange for a one-third equity interest in IAC Europe (the "IAC Europe Transaction"). On March 31, 2007, Lear completed the transfer of substantially all of the assets of its North American interior business (as well as its interests in two China joint ventures) to International Automotive Components Group North America, Inc. ("IAC North America Transaction"). In addition, a wholly owned subsidiary of Lear contributed approximately \$27 million in cash to International Automotive Components Group North America, LLC ("IACNA") in exchange for a 25% equity interest in IACNA and warrants for an additional 7% of the current outstanding common equity of IACNA. In connection with the IAC North America Transaction, International Automotive Components Group North America, Inc. assumed the ordinary course liabilities of Lear's North American interior business, and

Lear retained certain pre-closing liabilities, including pension and postretirement liabilities incurred through the closing date of the transaction.

For accounting purposes, Lear's interests in IACNA and IAC Europe will be accounted for under the equity method of accounting. The pro forma adjustments related to Lear's accounting for these equity investments do not

reflect purchase accounting adjustments to be recorded by IACNA and IAC Europe and do not reflect the operations of other businesses acquired by IAC Europe. Consequently, the amounts reflected in Lear's unaudited pro forma condensed consolidated financial statements are subject to change.

DESCRIPTION OF NOTES

General

You can find the definitions of certain terms used in this description under the subheading “Certain Definitions.” In this description, the word “AREP” refers only to American Real Estate Partners, L.P., the words “AREP Finance” refer only to AREP Finance, the word “AREH” refers only to American Real Estate Holdings Limited Partnership, and the word “API” refers only to American Property Investors, Inc., and, in each case, not to any of their respective Subsidiaries. In addition, the word “notes” refers to the notes issued on January 17, 2007 together with the Existing Notes. For the avoidance of doubt, AREH will be deemed to be a Subsidiary of AREP for so long as AREH remains a Guarantor. The term “Issuers” refers to AREP and AREP Finance, collectively.

The Issuers issued the private notes, and will issue the new notes, under the indenture dated February 7, 2005 among the Issuers, AREH, as guarantor, and Wilmington Trust Company, as trustee. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939. The notes issued on January 17, 2007 were additional notes issued under the indenture described above. On February 1, 2005, the Issuers issued and sold \$480.0 million of the Existing Notes. The notes issued on January 17, 2007 are pari passu with, of the same series as, and vote on any matter submitted to the noteholders with, the Existing Notes. Subsequent to the consummation of the exchange offer, the publicly registered exchange notes will be identical to, and will trade as a single class with, the Existing Notes.

The following description is a summary of the material provisions of the indenture. It does not restate the indenture in entirety. We urge you to read the indenture because it and not this description, defines your rights as holders of the notes. Copies of the indenture are available as set forth below under “— Additional Information.” Certain defined terms used in this description but not defined below under “— Certain Definitions” have the meanings assigned to them in the indenture and the registration rights agreement.

For the avoidance of doubt, the inclusion of exceptions to the provisions (including covenants and definitions) set forth herein will not be interpreted to imply that the matters permitted by the exception would be limited by the terms of such provisions but for such exceptions.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

Brief Description of the Notes and the Note Guarantee

The Notes

The notes are:

- .
- the general unsecured obligation of each of the Issuers;
- .
- pari passu in right of payment to all existing and future senior Indebtedness of each of the Issuers;
- .
- senior in right of payment to any future subordinated Indebtedness of each of the Issuers; and
- .
- effectively subordinated to the secured Indebtedness of the Issuers to the extent of the value of the collateral securing such Indebtedness. As of March 31, 2007, the Issuers did not have any secured Indebtedness.

The Note Guarantee

The Guarantee of the notes is:

- .
- the general unsecured obligation of AREH;
- .
- pari passu in right of payment to all existing and future senior Indebtedness of AREH;
- .
- senior in right of payment to any future subordinated Indebtedness of AREH; and
- .

effectively subordinated to the secured Indebtedness of AREH to the extent of the value of the collateral securing such Indebtedness. As of March 31, 2007, AREH had \$108.0 million of secured Indebtedness.

Back to Table of Contents

The operations of AREP are conducted through its Subsidiaries (including AREH) and, therefore, AREP depends on the cash flow of AREP's Subsidiaries and AREH to meet its obligations, including its obligations under the notes. The notes will not be guaranteed by any of AREP's Subsidiaries other than AREH. The notes and the guarantee will be effectively subordinated in right of payment to all Indebtedness and other liabilities and commitments (including trade payables and lease obligations) of AREP's Subsidiaries (other than AREH). Any right of the Issuers or AREH to receive assets of any of their Subsidiaries (other than AREH) upon that Subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) will be effectively subordinated to the claims of that Subsidiary's creditors, except to the extent that any of the Issuers or AREH is itself recognized as a creditor of that Subsidiary, in which case the claims of the Issuers and AREH would still be subordinate in right of payment to any security in the assets of the Subsidiary and any Indebtedness of the Subsidiary senior to that held by the Issuers or AREH. The covenants of the notes do not restrict the ability of AREP's Subsidiaries, other than AREH, from incurring additional Indebtedness or creating liens, nor do the covenants of the notes restrict the ability of AREH, AREP or its Subsidiaries from making investments or entering into sale and leaseback transactions. See "Risk Factors – The notes will be effectively subordinated to any secured indebtedness, and the indebtedness and liabilities of our subsidiaries other than AREH" and "Risk Factors – Our subsidiaries, other than AREH, will not be subject to any of the covenants in the indenture for the notes and only AREH will guarantee the notes. We may not be able to rely on the cash flow or assets of our subsidiaries to pay our indebtedness."

Principal, Maturity and Interest

The Issuers issued \$500.0 million in aggregate principal amount of private notes and will issue \$500.0 million in aggregate principal amount of new notes. The Issuers may issue additional notes ("Additional Notes") from time to time. Any offering of Additional Notes is subject to the covenant "— Certain Covenants — Incurrence of Indebtedness and Issuance of Preferred Stock." In the case of each series, the notes and any Additional Notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemption and offers to purchase. The Issuers will issue notes in denominations of \$1,000 and integral multiples of \$1,000. The notes will mature on February 15, 2013.

Interest on the notes will accrue at the rate of 7 1/8% per annum and is payable semi-annually in arrears on February 15 and August 15, commencing on February 15, 2007. Interest on overdue principal and interest and Liquidated Damages, if any, will accrue at a rate that is 1% higher than the then applicable interest rate on the notes. The Issuers will make each interest payment to the holders of record on the immediately preceding February 1 and August 1.

Interest on the notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a noteholder holds at least \$2.0 million aggregate principal amount of notes, such holder may give wire transfer instructions to AREP and the Issuers will instruct the trustee to pay all principal, interest and premium and Liquidated Damages, if any, on that holder's notes in accordance with those instructions. All other payments on the notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless the Issuers elect to make interest payments by check mailed to the noteholders at their address set forth in the register of holders. In addition, all payments will be subject to the applicable rules and procedures of the settlement systems (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. The Issuers may change the paying agent or registrar without prior notice to the holders of the notes, and the Issuers or any of their Subsidiaries (including AREH) may act as paying agent or registrar.

Back to Table of Contents**Transfer and Exchange**

A holder may transfer or exchange notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. The Issuers will not be required to transfer or exchange any note selected for redemption. Also, the Issuers will not be required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Note Guarantee

The notes will be guaranteed by AREH. AREP may, at its option, add subsidiary Guarantors to the notes. Each Guarantor's obligations under its Note Guarantee will be limited as necessary to prevent the Note Guarantee from constituting a fraudulent conveyance under applicable law. See "Risk Factors — Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to return payments received from the guarantor."

Any Guarantor's Note Guarantee will be released:

(1) upon the substitution of a successor to AREH or other release as described under the heading "Certain Covenants — Merger, Consolidation or Sale of Assets"; and

(2) upon legal defeasance or satisfaction and discharge of the indenture as provided below under the captions "— Covenant Defeasance" and "— Satisfaction and Discharge."

Optional Redemption

At any time prior to February 15, 2008, the Issuers may on one or more occasions redeem up to 35% of the aggregate principal amount of notes (including Additional Notes) issued under the indenture at a redemption price of 107 1/8% of the principal amount thereof, plus accrued and unpaid interest and Liquidated Damages, if any, to the redemption date, with the net cash proceeds of one or more Equity Offerings; provided, however, that:

(1) at least 65% of the aggregate principal amount of notes issued under the indenture remains outstanding immediately after the occurrence of such redemption (excluding notes held by AREP and its Subsidiaries (including any Guarantor)); and

(2) the redemption occurs within 60 days of the date of the closing of such Equity Offering.

Except pursuant to the preceding paragraph, the notes will not be redeemable at the Issuers' option prior to February 15, 2009.

On or after February 15, 2009, the Issuers may redeem all or a part of the notes upon not less than 15 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Liquidated Damages, if any, on the notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning on one of the years indicated below:

Year	Percentage
2009	103.563 %
2010	101.781 %
2011 and thereafter	100.000 %

Mandatory Disposition Pursuant to Gaming Laws

If any Gaming Authority requires that a holder or Beneficial Owner of notes be licensed, qualified or found suitable under any applicable Gaming Law and such holder or Beneficial Owner:

(1) fails to apply for a license, qualification or a finding of suitability within 30 days (or such shorter period as may be required by the applicable Gaming Authority) after being requested to do so by the Gaming Authority; or

Back to Table of Contents

(2) is denied such license or qualification or not found suitable; AREP shall then have the right, at its option:
(a) to require each such holder or Beneficial Owner to dispose of its notes within 30 days (or such earlier date as may be required by the applicable Gaming Authority) of the occurrence of the event described in clause (1) or (2) above, or
(b) to redeem the notes of each such holder or Beneficial Owner, in accordance with Rule 14e-1 of the Exchange Act, if applicable, at a redemption price equal to the lowest of:

- (i) the principal amount thereof, together with accrued and unpaid interest and Liquidated Damages, if any, to the earlier of the date of redemption, the date 30 days after such holder or Beneficial Owner is required to apply for a license, qualification or finding of suitability (or such shorter period that may be required by any applicable Gaming Authority) if such holder or Beneficial Owner fails to do so (“Application Date”) or of the date of denial of license or qualification or of the finding of unsuitability by such Gaming Authority;
- (ii) the price at which such holder or Beneficial Owner acquired the notes, together with accrued and unpaid interest and Liquidated Damages, if any, to the earlier of the date of redemption, the Application Date or the date of the denial of license or qualification or of the finding of unsuitability by such Gaming Authority; and
- (iii) such other lesser amount as may be required by any Gaming Authority.

Immediately upon a determination by a Gaming Authority that a holder or Beneficial Owner of the notes will not be licensed, qualified or found suitable and must dispose of the notes, the holder or Beneficial Owner will, to the extent required by applicable Gaming Laws, have no further right:

- (1) to exercise, directly or indirectly, through any trustee or nominee or any other person or entity, any right conferred by the notes, the Note Guarantee or the indenture; or
 - (2) to receive any interest, Liquidated Damages, dividend, economic interests or any other distributions or payments with respect to the notes and the Note Guarantee or any remuneration in any form with respect to the notes and the Note Guarantee from the Issuers, any Note Guarantor or the trustee, except the redemption price referred to above.
- AREP shall notify the trustee in writing of any such redemption as soon as practicable. Any holder or Beneficial Owner that is required to apply for a license, qualification or a finding of suitability will be responsible for all fees and costs of applying for and obtaining the license, qualification or finding of suitability and of any investigation by the applicable Gaming Authorities and the Issuers and any Note Guarantor will not reimburse any holder or Beneficial Owner for such expense.

Mandatory Redemption

The Issuers are not required to make mandatory redemption or sinking fund payments with respect to the notes.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each holder of notes will have the right to require the Issuers to repurchase all or any part (equal to \$1,000 or an integral multiple of \$1,000) of that holder’s notes pursuant to a Change of Control offer on the terms set forth in the indenture. In the Change of Control offer, the Issuers will offer a Change of Control payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest and Liquidated Damages, if any, on the notes repurchased, to the date of purchase. Within 30 days following any Change of Control, the Issuers will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice.

Back to Table of Contents

On the Change of Control payment date, the Issuers will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered and not withdrawn pursuant to the Change of Control offer;
- (2) deposit with the paying agent an amount equal to the Change of Control payment in respect of all notes or portions of notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes properly accepted together with an Officers' Certificate stating the aggregate principal amount of notes or portions of notes being purchased by the Issuers.

The paying agent will promptly mail to each holder of notes properly tendered the Change of Control payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; provided that each new note will be in a principal amount of \$1,000 or an integral multiple of \$1,000. The Issuers will publicly announce the results of the Change of Control offer on or as soon as practicable after the Change of Control payment date.

The provisions described above that require the Issuers to make a Change of Control offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the notes to require that the Issuers repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

The Issuers will not be required to make a Change of Control offer upon a Change of Control if a third party makes the Change of Control offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control offer made by the Issuers and purchases all notes properly tendered and not withdrawn under the Change of Control offer.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition by AREP or AREH of "all or substantially all" of its properties or assets. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require the Issuers to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of AREP or AREH to another Person or group may be uncertain. In addition, under certain circumstances the definition of Change of Control excludes certain sales, leases transfers, conveyances or other dispositions even if they constitute "all or substantially all" of the properties or assets of AREP or AREH.

Certain Covenants

Restricted Payments

AREP will not, and will not permit any of its Subsidiaries (including any Guarantor) to:

- (1) declare or pay any dividend or make any other distribution on account of AREP's or any of its Subsidiaries' (including any Guarantor's) Equity Interests or to the holders of AREP's or any of its Subsidiaries' (including AREH's) Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of AREP or to AREP or a Subsidiary of AREP (including AREH));
- (2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving AREP) any Equity Interests of AREP; or
- (3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness of AREP or any Guarantor that is contractually subordinated to the notes or to any Note Guarantee (excluding any intercompany Indebtedness between or among AREP and any of its Subsidiaries (including any Guarantor)), except a payment of interest, Other Liquidated Damages or principal at the Stated Maturity on such subordinated Indebtedness (all such payments and other actions set forth in these clauses (1) through (3) (except as excluded therein) above being collectively referred to as "Restricted Payments"),

Back to Table of Contents

unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment;

(2) AREP or any Guarantor would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period for which financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described below under the caption

“— Incurrence of Indebtedness and Issuance of Preferred Stock”; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by AREP and its Subsidiaries (including any Guarantor) after May 12, 2004 (excluding Restricted Payments permitted by clauses (2), (3), (4), (6) and (8) of the next succeeding paragraph) is less than the sum, without duplication, of:

(a) 50% of the Consolidated Net Income of AREP for the period (taken as one accounting period) from July 1, 2006 to the end of AREP’s most recently ended fiscal quarter for which financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit); provided, however, that to the extent any payments of Tax Amounts were not deducted in the calculation of Consolidated Net Income during the applicable period, for purposes of this clause (a), such payments of Tax Amounts will be deducted from Consolidated Net Income, plus

(b) 100% of the aggregate net cash proceeds received by AREP since May 12, 2004 as a contribution to its equity capital or from the issue or sale of Equity Interests of AREP (excluding Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of AREP that have been converted into or exchanged for such Equity Interests (other than Equity Interests or Disqualified Stock or debt securities sold to a Subsidiary of AREP (including AREH)).

So long as no Default or Event of Default has occurred and is continuing or would be caused thereby (except with respect to clauses (6) and (8), which payments will be permitted notwithstanding an Event of Default), the preceding provisions will not prohibit:

(1) the payment of any dividend or the consummation of any irrevocable redemption or payment within 60 days after the date of declaration of the dividend or giving of the redemption notice or becoming irrevocably obligated to make such payment, as the case may be, if at the date of declaration or notice or becoming irrevocably obligated to make such payment, the dividend or payment would have complied with the provisions of the indenture;

(2) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of AREP (including any Guarantor)) of, Equity Interests (other than Disqualified Stock) or from the substantially concurrent contribution of equity capital to AREP; provided, however, that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition will be excluded from clause (3)(b) of the preceding paragraph;

(3) the repurchase, redemption, defeasance or other acquisition or retirement for value of Indebtedness of AREP or any Guarantor that is contractually subordinated to the notes with the net cash proceeds from a substantially concurrent incurrence of Permitted Refinancing Indebtedness;

(4) the declaration or payment of any dividend or distribution by a Subsidiary of AREP (including any Guarantor) to the holders of its Equity Interests; provided, that if any such dividend or distribution is paid to an Affiliate of the Principal (other than AREP or any of its Subsidiaries (including any Guarantor)), that any such dividend or distribution is paid on a pro rata basis to all holders (including AREP or any of its Subsidiaries (including any Guarantor)) that hold securities whose terms (either contractually or by law) entitle them to the same distribution upon which such dividend or distribution is paid;

(5) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of AREP or any Subsidiary of AREP (including any Guarantor) held by any member of AREP’s (or any of its Subsidiaries’ (including any Guarantors)) management pursuant to any management equity subscription

agreement, stock option agreement or similar agreement; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed \$2.0 million;

(6) for so long as AREP is a partnership or otherwise a pass-through entity for federal income tax purposes for any period, AREP may make cash distributions to its equity holders or partners in an amount not to exceed the Tax Amount for such period; provided that a distribution of the Tax Amount shall be made no earlier than 20 days prior to the due date for such tax (or the date that quarterly estimated taxes are required to be paid) that would be payable by AREP if it were a Delaware corporation;

(7) the purchase, redemption or retirement for value of Capital Stock of AREP not owned by the Principal or any Affiliate of the Principal, provided that (a) AREP would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period for which financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described below under the caption “— Incurrence of Indebtedness and Issuance of Preferred Stock” and (b) after giving effect to such purchase, redemption or retirement, the Partners’ Equity is at least \$1.0 billion;

(8) the payment of dividends on the Preferred Units in the form of additional Preferred Units or other Capital Stock of AREP (that is not Disqualified Stock) or the payment of cash dividends on the Preferred Units in lieu of fractional Preferred Units; provided that the aggregate amount of cash under this clause (8) does not exceed \$100,000 in any calendar year;

(9) the purchase, redemption or retirement for value of the Preferred Units on or before March 31, 2010, provided that (a) AREP would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period for which financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described below under the caption “— Incurrence of Indebtedness and Issuance of Preferred Stock” and (b) after giving effect to such purchase, redemption or retirement, the Partners’ Equity is at least \$1.0 billion; and

(10) other Restricted Payments in an aggregate amount not to exceed \$50.0 million since the date of the indenture. For purposes of determining compliance with this covenant, in the event that a proposed Restricted Payment meets the criteria of more than one of the categories of Restricted Payments described in clauses (1) through (10) above, or is permitted to be made pursuant to the first paragraph of this covenant, AREP shall, in its sole discretion, classify (or later reclassify, in whole or in part, in its sole discretion) such Restricted Payment in any manner that complies with this covenant.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the assets, property or securities proposed to be transferred or issued by AREP or such Subsidiary (including AREH), as the case may be, pursuant to the Restricted Payment.

Incurrence of Indebtedness and Issuance of Preferred Stock

Neither AREP nor any Guarantor will create, incur, issue, assume, guarantee or otherwise become liable, contingently or otherwise, with respect to (collectively, “incur”) any Indebtedness (including Acquired Debt), and neither AREP nor any Guarantor will issue any Disqualified Stock; provided, however, that AREP or any Guarantor may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock, if immediately after giving effect to the incurrence of additional Indebtedness (including Acquired Debt) or issuance of Disqualified Stock (including a pro forma application of the net proceeds therefrom), the ratio of the aggregate principal amount of all outstanding Indebtedness (excluding Indebtedness incurred pursuant to clauses (4), (7) and (8) of the following paragraph and any Hedging Obligations of AREP’s Subsidiaries that are not Guarantors) of AREP and its Subsidiaries (including any Guarantor) on a consolidated basis determined in accordance with GAAP (including an amount of Indebtedness equal to the principal amount of any Guarantees by AREP or its Subsidiaries (including any Guarantor) of any Indebtedness of a Person (that is not AREP or a Subsidiary) to the extent such Guarantees were not included in computing AREP’s or its Subsidiaries’ (including any Guarantor’s) outstanding Indebtedness) to the Tangible Net Worth of AREP and its Subsidiaries (including any Guarantor) on a consolidated basis, would have been less than 1.75 to 1.

Back to Table of Contents

The preceding paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, "Permitted Debt"):

- (1) the incurrence by AREP or any Guarantor of Indebtedness represented by the notes to be issued on the date of the indenture and the exchange notes to be issued pursuant to the registration rights agreement;
- (2) the incurrence by AREP or any Guarantor of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was incurred under the first paragraph of this covenant or clauses (1), (2) or (9) of this paragraph or any Existing Indebtedness;
- (3) the incurrence by AREP or any Guarantor of intercompany Indebtedness between or among AREP and any of its Subsidiaries (including AREH) or the issuance of Disqualified Stock by any Guarantor to AREP;
- (4) the incurrence by AREP or any Guarantor of Hedging Obligations that are incurred in the normal course of business;
- (5) the incurrence by AREP or any Guarantor of Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Indebtedness is covered within five business days;
- (6) the incurrence by AREP or any Guarantor of the Existing Indebtedness;
- (7) Indebtedness arising from any agreement entered into by AREP or AREH providing for indemnification, purchase price adjustment or similar obligations, in each case, incurred or assumed in connection with an asset sale;
- (8) Indebtedness of AREP or any Guarantor attributable to Bad Boy Guarantees; and
- (9) the incurrence by AREP or any Guarantor of additional Indebtedness in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (9), not to exceed \$10.0 million at any one time outstanding.

Neither AREP nor any Guarantor will incur any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of AREP or any Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the notes and the Note Guarantee, as applicable, on substantially identical terms; provided, however, that no Indebtedness of AREP or any Guarantor shall be deemed to be contractually subordinated in right of payment to any other Indebtedness of AREP or any Guarantor for purposes of this paragraph solely by virtue of being unsecured or secured to a lesser extent or on a junior Lien basis.

To the extent AREP or any Guarantor incurs any intercompany Indebtedness, (a) if AREP or any Guarantor is the obligor on such Indebtedness, such Indebtedness (other than intercompany Indebtedness of any Guarantor to or from AREP or another Guarantor) must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the notes and (b)(i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than AREP or a Subsidiary of AREP (including any Guarantor) and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either AREP or a Subsidiary of AREP (including any Guarantor) shall be deemed, in each case, to constitute an incurrence of such Indebtedness by AREP or any Guarantor, that is not intercompany Indebtedness; provided that in the case of clause (a), that no restriction on the payment of principal, interest or other obligations in connection with such intercompany Indebtedness shall be required by such subordinated terms except during the occurrence and continuation of a Default or Event of Default. For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (9) above or is entitled to be incurred pursuant to the first paragraph of this covenant, in each case, as of the date of incurrence thereof, AREP shall, in its sole discretion, classify (or later reclassify in whole or in part, in its sole discretion) such item of Indebtedness in any manner that complies with this covenant and such Indebtedness will be treated as having been incurred pursuant to such clauses or the first paragraph hereof, as the case may be, designated by AREP.

The accrual of interest, the accretion or amortization of original issue discount, the payment of interest or Other Liquidated Damages on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Stock in the form of additional shares of the same class of Disqualified Stock will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this covenant. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that AREP or any Guarantor may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of any Indebtedness outstanding as of any date will be:

- (1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;
- (2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and
- (3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:
 - (a) the Fair Market Value of such assets at the date of determination; and
 - (b) the amount of the Indebtedness of the other Person.

Limitation on Liens

Neither AREP nor any Guarantor will, (a) issue, assume or guarantee any Indebtedness if such Indebtedness is secured by a Lien upon, or (b) secure any then outstanding Indebtedness by granting a Lien upon, any Principal Property of AREP or any Guarantor, now owned or hereafter acquired by AREP or any Guarantor, without effectively providing that the notes and the Note Guarantee shall be secured equally and ratably with such Indebtedness, except that the foregoing restrictions shall not apply to:

- (1) Liens on any Principal Property acquired after the Issuance Date to secure or provide for the payment of the purchase price or acquisition cost thereof;
- (2) Liens on Principal Property acquired after the Issuance Date existing at the time such Principal Property is acquired;
- (3) Liens on any Principal Property acquired from a corporation merged with or into AREP or any Guarantor;
- (4) Liens in favor of AREP or any Guarantor;
- (5) Liens in existence on any Principal Property on the Issuance Date;
- (6) Liens on any Principal Property constituting unimproved real property constructed or improved after the Issuance Date to secure or provide for the payment or cost of such construction or improvement;
- (7) Liens in favor of, or required by, governmental authorities;
- (8) pledges or deposits in connection with workers' compensation, unemployment insurance and other social security legislation and deposits securing liability to insure carriers under insurance arrangements;
- (9) Liens for taxes, assessments or governmental charges or statutory liens of landlords, carriers, warehousemen, mechanics, suppliers, materialmen, repairmen or other similar Liens arising in the ordinary course of business or in the improvement or repair of any Principal Property not yet due or which are being contested in good faith by appropriate proceedings;
- (10) any judgment attachment or judgment Lien not constituting an Event of Default;
- (11) Liens to secure the performance of statutory obligations, surety or appeal bonds, performance bonds or other obligations of a like nature incurred in the ordinary course of business and in the improvement or repair of any Principal Property and which obligations are not expressly prohibited by the indenture;

- (12) Liens to secure Indebtedness of AREP or any Guarantor attributable to Bad Boy Guarantees;
- (13) Liens in favor of the trustee and required by the covenant “Maintenance of Interest Coverage”;
- (14) Liens to secure margin Indebtedness; provided that such Liens are secured solely by the applicable margin securities; or
- (15) any extension, renewal, substitution or replacement (or successive extensions, renewals, substitutions or replacements), in whole or in part, of any Lien referred to in the foregoing clauses (i) through (xiv), inclusive; provided that in the case of clauses (1), (2) and (3) such Liens shall only extend to the Principal Property so acquired (including through any merger or consolidation) and not to any other Principal Property of AREP or any Guarantor.

Maintenance of Interest Coverage

On each Quarterly Determination Date, the Fixed Charge Coverage Ratio of AREP and the Guarantors will be at least 1.5 to 1.0 for the four consecutive fiscal quarters most recently completed prior to such Quarterly Determination Date; provided that, in the event that the Fixed Charge Coverage Ratio of AREP and the Guarantors is less than 1.5 to 1.0 for such four consecutive fiscal quarters, the Issuers shall be deemed to have satisfied this maintenance test if there is deposited, within 2 Business Days of such Quarterly Determination Date, an amount in cash such that the deposited funds, together with any funds previously deposited pursuant to this covenant (and that have not been paid out or otherwise released) are in an amount equal to the Issuers’ obligations to pay interest on the notes for one year; provided further, that the Issuers shall grant to the trustee, on behalf of the holders of the notes, a first priority security interest in such deposited funds. At any subsequent Quarterly Determination Date, if the Fixed Charge Coverage Ratio of AREP and the Guarantors is at least 1.5 to 1.0 for the four consecutive fiscal quarters most recently completed prior to such Quarterly Determination Date, such deposited funds will be released from the security interest granted to the trustee and paid to or at the direction of AREP.

Maintenance of Total Unencumbered Assets

On each Quarterly Determination Date, the ratio of Total Unencumbered Assets to the then outstanding principal amount of the Unsecured Indebtedness will be greater than 1.5 to 1.0 as of the last day of the fiscal quarter most recently completed.

Compliance with Law

AREP will, and will cause its Subsidiaries (including any Guarantor) to, comply in all material respects with all applicable laws, rules and regulations.

No Investment Company

Neither AREP nor any Guarantor will register as an “investment company” as such term is defined in the Investment Company Act.

Merger, Consolidation or Sale of Assets

AREP will not: (1) consolidate or merge with or into another Person (whether or not AREP, is the surviving entity) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of AREP in one or more related transactions, to another Person; unless:

- (1) either: (a) AREP is the surviving entity, or (b) the Person formed by or surviving any such consolidation or merger (if other than AREP) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation, limited liability company or limited partnership entity organized or existing under the laws of the United States, any state of the United States or the District of Columbia;
- (2) the Person formed by or surviving any such consolidation or merger (if other than AREP) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of AREP under the notes, the indenture and the registration rights agreement and upon such assumption such Person will become the successor to, and be substituted for, AREP thereunder and all

references to AREP in each thereof shall then become references to such Person and such Person shall thereafter be able to exercise every right and power of AREP thereunder;

(3) immediately after such transaction no Default or Event of Default exists;

(4) AREP or the Person formed by or surviving any such consolidation or merger (if other than AREP), or to which such sale, assignment, transfer, conveyance or other disposition has been made would, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described above under the caption “— Incurrence of Indebtedness and Issuance of Preferred Stock; and

(5) AREP has delivered to the trustee an Officers’ Certificate and opinion of counsel, which may be an opinion of in-house counsel of AREP or an Affiliate, each stating that such transaction complies with the terms of the indenture. Clauses (1), (2) or (4) above will not apply to or be required to be complied with in connection with any merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of AREP’s properties or assets to:

(1) an Affiliate that has no material assets or liabilities where the primary purpose of such transaction is to change AREP into a corporation or other form of business entity or to change the jurisdiction of formation of AREP and such transaction does not cause the realization of any material federal or state tax liability that will be paid by AREP or any of its Subsidiaries (including AREH). For purposes of this paragraph, the term material refers to any assets, liabilities or tax liabilities that are greater than 5.0% of the Tangible Net Worth of AREP and its Subsidiaries (including AREH) on a consolidated basis; or

(2) any Person; provided that AREP receives consideration in Cash Equivalents and marketable securities with an aggregate Fair Market Value determined at the time of the execution of such relevant agreement of at least \$1.0 billion for such merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of AREP’s properties or assets. In any transaction referred to in this clause (2), and subject to the terms and conditions thereof, the trustee shall, without the need of any action by the noteholders, (x) confirm that such Person shall not be liable for and release such Person from, any obligation of AREP’s under the indenture and the notes and (y) release any Guarantor from all obligations under its Note Guarantee if such Guarantor was directly or indirectly sold, assigned, transferred, conveyed or otherwise disposed of to such Person in such transaction.

AREP or the Person formed by or surviving any merger or consolidation will not have to comply with clause (4) above in connection with any merger or consolidation if the effect of the merger or consolidation is to cause the Capital Stock of AREP not owned by the Principal or any Affiliate of the Principal to be retired or extinguished for consideration that was provided by the Principal or an Affiliate of the Principal (other than AREP or its Subsidiaries (including AREH) or the Person formed by or surviving any merger or consolidation) and the Partners’ Equity immediately after giving effect to the merger or consolidation is not less than the Partners’ Equity immediately prior to such merger or consolidation.

In addition, AREP may not lease all or substantially all of its properties or assets, in one or more related transactions, to any other Person. In the case of a lease of all or substantially all of the assets of AREP, AREP will not be released from its obligations under the notes or the indenture, as applicable.

AREH will not: (1) consolidate or merge with or into another Person (whether or not AREH, is the surviving entity) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of AREH in one or more related transactions, to another Person; unless:

(1) either: (a) AREH is the surviving entity, or (b) the Person formed by or surviving any such consolidation or merger (if other than AREH) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation, limited liability company or limited partnership entity organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

(2) the Person formed by or surviving any such consolidation or merger (if other than AREH) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the

obligations of AREH under the Note Guarantee (and becomes a Guarantor), the notes, the indenture and the registration rights agreement, and upon such assumption such Person will become the successor to, and be substituted for, AREH thereunder, and all references to AREH in each thereof shall then become references to such Person and such Person shall thereafter be able to exercise every right and power of AREH thereunder;

(3) immediately after such transaction no Default or Event of Default exists;

(4) AREH or the Person formed by or surviving any such consolidation or merger (if other than AREP), or to which such sale, assignment, transfer, conveyance or other disposition has been made would, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described above under the caption

“— Incurrence of Indebtedness and Issuance of Preferred Stock; and

(5) AREH has delivered to the trustee an Officers' Certificate and opinion of counsel which may be an opinion of in-house counsel of AREP or an Affiliate, each stating that such transaction complies with the terms of the indenture. Clauses (1), (2) or (4) above will not apply to or be required to be complied with in connection with any merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of AREH's properties or assets to:

(1) an Affiliate that has no material assets or liabilities where the primary purpose of such transaction is to change AREH into a corporation or other form of business entity or to change the jurisdiction of formation of AREH and such transaction does not cause the realization of any material federal or state tax liability that will be paid by AREH or any of its Subsidiaries. For purposes of this paragraph, the term material refers to any assets, liabilities or tax liabilities that are greater than 5.0% of the Tangible Net Worth of AREP and its Subsidiaries (including AREH) on a consolidated basis;

(2) any Person; provided that AREP receives consideration in Cash Equivalents and marketable securities with an aggregate Fair Market Value determined at the time of the execution of such relevant agreement of at least \$1.0 billion for such merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of AREH's properties or assets; or

(3) any Person; provided that AREH receives consideration in Cash Equivalents and marketable securities with an aggregate Fair Market Value determined at the time of the execution of such relevant agreement of at least \$1.0 billion for such merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of AREH's properties or assets and AREH remains a Subsidiary of AREP.

In any transaction referred to in clause (2) or (3) above, and subject to the terms and conditions thereof, the trustee shall, without the need of any action by the noteholders, (x) confirm that such other Person shall not be liable for and shall be released from any obligation of AREP's or AREH's under the indenture, the notes and the Note Guarantees, and (y) release any Guarantor from all obligations under its Note Guarantee if such Guarantor was directly or indirectly sold, assigned, transferred, conveyed or otherwise disposed of to such Person in such transaction.

This “Merger, Consolidation or Sale of Assets” covenant will not apply to:

(1) any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among AREP, AREH or any one or more Guarantors; or

(2) any sale, assignment, transfer, conveyance or other disposition of Cash Equivalents, including, without limitation, any investment or capital contribution of Cash Equivalents, or any purchase of property and assets, including, without limitation, securities, debt obligations or Capital Stock, with Cash Equivalents.

Transactions with Affiliates

AREP will not, and will not permit any of its Subsidiaries (including any Guarantor) to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets

from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, any Affiliate of AREP (each, an “*Affiliate Transaction*”), unless:

(1) the Affiliate Transaction is on terms that are not materially less favorable to AREP or the relevant Subsidiary (including any Guarantor) than those that would have been obtained in a comparable transaction by AREP or such Subsidiary (including any Guarantor) with an unrelated Person as determined in good faith by the Board of Directors of AREP; and

(2) AREP delivers to the trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$2.0 million, a resolution of the Board of Directors of AREP set forth in an Officers’ Certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors of AREP; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$10.0 million, an opinion as to the fairness to AREP or such Subsidiary (including any Guarantor) of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of recognized standing.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) any employment agreement, employee benefit plan, officer or director indemnification agreement or any similar arrangement entered into by AREP or any of its Subsidiaries (including any Guarantor) in the ordinary course of business and payments pursuant thereto including payments or reimbursement of payments by API with respect to any such agreement, plan or arrangement entered into by API with respect to or for the benefit of officers or directors of API (other than any such agreements, plans or arrangements entered into by AREP or any of its Subsidiaries (including AREH) with Carl Icahn (other than employee benefit plans and officer or director indemnification agreements generally applicable to officers and directors of API, AREP or its Subsidiaries (including AREH));

(2) transactions between or among AREP, any Guarantor and/or their respective Subsidiaries (except any Subsidiaries of which Carl Icahn or Affiliates of Carl Icahn (other than AREP, AREH or their Subsidiaries) own more than 10% of the Voting Stock);

(3) payment (or reimbursement of payments by API) of directors’ fees to Persons who are not otherwise Affiliates of AREP;

(4) any issuance of Equity Interests (other than Disqualified Stock) and Preferred Unit Distributions of AREP to Affiliates of AREP;

(5) Restricted Payments that do not violate the provisions of the indenture described above under the caption “— Restricted Payments”;

(6) transactions between AREP and/or any of its Subsidiaries (including any Guarantor), on the one hand, and other Affiliates, on the other hand, for the provision of goods or services in the ordinary course of business by such other Affiliates; provided that such other Affiliate is in the business of providing such goods or services in the ordinary course of business to unaffiliated third parties and the terms and pricing for such goods and services overall are not less favorable to AREP and/or its Subsidiaries (including AREH) than the terms and pricing upon which such goods and services are provided to unaffiliated third parties;

(7) the provision or receipt of accounting, financial, management, information technology and other ancillary services to or from Affiliates, provided that AREP or its Subsidiaries (including any Guarantor) in the case of the provision of such services, are paid a fee not less than its out of pocket costs and allocated overhead (including a portion of salaries and benefits) and in the case of the receipt of such services, paid a fee not more than such Person’s out-of-pocket costs and allocated overhead (including a portion of salaries and benefits), in each case, as determined by AREP in its reasonable judgment;

- (8) the license of a portion of office space pursuant to a license agreement, dated as of February 1, 1997, between AREP and an Affiliate of API and any renewal thereof;
- (9) the payment to API and reimbursements of payments made by API of expenses relating to AREP's, AREH's or any Guarantors' status as a public company;

- (14) the Acquisitions.

Reports

Whether or not required by the rules and regulations of the SEC, so long as any notes are outstanding, the Issuers will furnish to the holders of notes or cause the trustee to furnish to the holders of notes, within the time periods specified in the SEC's rules and regulations:

- (1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if the Issuers were required to file such reports; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if the Issuers were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on the Issuers' consolidated financial statements by the Issuers' certified independent accountants. In addition, the Issuers will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing) and, if the SEC will not accept such a filing, will post the reports on its website within those time periods.

If, at any time, the Issuers are no longer subject to the periodic reporting requirements of the Exchange Act for any reason, the Issuers will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing. The Issuers will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept the Issuers' filings for any reason, the Issuers will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if the Issuers were required to file those reports with the SEC.

In addition, the Issuers agree that, for so long as any notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the holders of notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default and Remedies

The following constitutes an Event of Default:

- (1) default in payment when due and payable, upon redemption or otherwise, of principal or premium, if any, on the notes;
- (2) default for 30 days or more in the payment when due of interest or Liquidated Damages on the notes;

Back to Table of Contents

- (3) failure by the Issuers to call or cause to be called for redemption or to purchase or cause to be called any notes, in each case when required under the indenture;
- (4) failure by AREP or any Guarantor for 30 days after written notice from the trustee to comply with the provisions described under the captions “— Restricted Payments” or “— Incurrence of Indebtedness and Issuance of Preferred Stock”;
- (5) failure by AREP or any Guarantor for 30 days after written notice from the trustee to comply with the provisions described under the captions “— Maintenance of Interest Coverage” or “— Maintenance of Total Unencumbered Assets”;
- (6) failure by the Issuers or any Guarantor for 60 days after notice from the trustee or the holders of at least 25% in aggregate principal amount of the notes then outstanding to comply with any of their other agreements in the indenture or the notes or the Note Guarantee;
- (7) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuers or any Guarantor or default on any Guarantee by the Issuers or AREH of Indebtedness, whether such Indebtedness or Guarantee now exists or is created after the Issuance Date, which default (a) is caused by a failure to pay when due at final maturity (giving effect to any grace period or waiver related thereto) the principal of such Indebtedness (a “Payment Default”) or (b) results in the acceleration of such Indebtedness prior to its express maturity and, in each case, the principal amount of any such Indebtedness as to which AREP or any Guarantor is obligated to pay, together with the principal amount of any other such Indebtedness under which a Payment Default then exists or with respect to which the maturity thereof has been so accelerated or which has not been paid at maturity as to which AREP or any Guarantor is obligated to pay, aggregates \$10.0 million or more;
- (8) failure by the Issuers or any Guarantor to pay final judgments aggregating in excess of \$10.0 million, which final judgments remain unpaid, undischarged or unstayed for a period of more than 60 days after such judgment becomes a final judgment;
- (9) except as permitted by the indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or AREH or any other Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its obligations under its Note Guarantee; and
- (10) certain events of bankruptcy or insolvency with respect to AREP or any Guarantor that is a Significant Subsidiary.

If any Event of Default (other than by reason of bankruptcy or insolvency) occurs and is continuing, the holders of more than 25% in principal amount of the then outstanding notes may declare the principal, premium, if any, interest, Liquidated Damages, if any, and any other monetary obligations on all the notes to be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to the Issuers or any Guarantor that is a Significant Subsidiary all outstanding notes will become due and payable without further action or notice. Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power conferred on it. However, the trustee may refuse to follow any direction that conflicts with law or the indenture that the trustee determines may be unduly prejudicial to the rights of other holders of notes or that may involve the trustee in personal liability. The trustee may withhold from holders of notes notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest) if it determines that withholding notice is in the interests of the holders of the notes. In addition, the trustee shall have no obligation to accelerate the notes if in the best judgment of the trustee acceleration is not in the best interest of the holders of the notes.

At any time after a declaration of acceleration with respect to the notes and subject to certain conditions, the holders of a majority in aggregate principal amount of notes outstanding may rescind and cancel such acceleration and its consequences.

The holders of at least a majority in aggregate principal amount of the notes then outstanding by notice to the trustee may on behalf of the holders of all of the notes waive any existing Default or Event of Default and its

Back to Table of Contents

consequences under the indenture except a continuing Default or Event of Default in the payment of interest on, premium, if any, or the principal of, any note held by a non-consenting holder.

The Issuers will be required to deliver to the trustee annually a statement regarding compliance with the indenture, and the Issuers will be required, within ten Business Days, upon becoming aware of any Default or Event of Default to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees, Incorporators and Stockholders

No director, officer, employee, incorporator, manager (or managing member) direct or indirect member, partner or stockholder of the Issuers, AREH, API or any additional Guarantor shall have any liability for any obligations of the Issuers, AREH, API or any additional Guarantor under the notes, the indenture, any Note Guarantee or for any claim based on, in respect of, or by reason of such obligations or its creation. Each holder of the notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes.

Covenant Defeasance

The Issuers may, at their option and at any time, elect to have their obligations and the obligations of any of their Subsidiaries or AREH released with respect to certain covenants that are described in the indenture (“*Covenant Defeasance*”) and, thereafter, any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the notes or any Note Guarantee. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under “Events of Default” will no longer constitute an Event of Default with respect to the notes.

In order to exercise Covenant Defeasance:

- (1) the Issuers must irrevocably deposit, or cause to be deposited, with the trustee, in trust, for the benefit of the holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient to pay the principal of, premium, if any, interest and Liquidated Damages, if any, due on the outstanding notes on the stated maturity date or on the applicable redemption date, as the case may be, in accordance with the terms of the indenture;
- (2) no Default or Event of Default shall have occurred and be continuing with respect to certain Events of Default on the date of such deposit;
- (3) such Covenant Defeasance shall not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the indenture) to which the Issuers or any of their Subsidiaries is a party or by which the Issuers or any of their Subsidiaries is bound;
- (4) the Issuers shall have delivered to the trustee an opinion of counsel, which may be an opinion of in-house counsel to AREP or an Affiliate, containing customary assumptions and exceptions, to the effect that upon and immediately following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors’ rights generally under any applicable law;
- (5) the Issuers shall have delivered to the trustee an Officers’ Certificate stating that the deposit was not made by the Issuers with the intent of defeating, hindering, delaying or defrauding any creditors of AREP or others; and
- (6) the Issuers shall have delivered to the trustee an Officers’ Certificate and an opinion of counsel in the United States, which may be an opinion of in-house counsel to AREP or an Affiliate (which opinion of counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Covenant Defeasance have been complied with.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

(1) either:

(a) all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to AREP, have been delivered to the trustee for cancellation; or

(b) all notes that have not been delivered to the trustee for cancellation (1) have become due and payable by reason of the mailing of a notice of redemption or otherwise, (2) will become due and payable within one year or (3) are to be called for redemption within 12 months under arrangements reasonably satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the reasonable expense of the Issuers, and the Issuers or any Guarantor have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the notes not delivered to the trustee for cancellation for principal and premium, if any, and accrued but unpaid interest to the date of maturity or redemption; (2) no Default of Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other material instrument to which the Issuers are a party or by which the Issuers are bound;

(3) the Issuers have paid or caused to be paid all sums payable by it under the indenture; and

(4) the Issuers or any Guarantor have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the notes at maturity or the redemption date, as the case may be.

In addition, the Issuers must deliver an Officers' Certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture, the notes or the Note Guarantee may be amended or supplemented with the consent of the holders of at least a majority in principal amount of the notes then outstanding (including consents obtained in connection with a tender offer or exchange offer for notes), and any existing default or compliance with any provision of the indenture, the notes or the Note Guarantee may be waived with the consent of the holders of a majority in principal amount of the then outstanding notes (including consents obtained in connection with a tender offer or exchange offer for notes).

Without the consent of each holder affected, an amendment or waiver may not (with respect to any notes held by a nonconsenting holder of notes):

(1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the fixed maturity of any note or alter or waive the provisions with respect to the redemption of the notes;

(3) reduce the rate of or change the time for payment of interest on any note;

(4) waive a Default or Event of Default in the payment of principal of, premium or interest on the notes (except a rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the notes and a waiver of the payment default that resulted from such acceleration);

(5) make any note payable in money other than that stated in the notes;

(6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of or premium, if any, or interest on the notes;

Back to Table of Contents

(7) release AREH or any other Guarantor from any of its obligations under its Note Guarantee or the indenture, except in accordance with the terms of the indenture; or

(8) make any change in the foregoing amendment and waiver provisions.

Notwithstanding the foregoing, without the consent of any holder of notes, the Issuers, the Guarantors and the trustee together may amend or supplement the indenture, any Note Guarantee or the notes to cure any ambiguity, defect or inconsistency, to comply with the covenant relating to mergers, consolidations and sales of assets, to provide for uncertificated notes in addition to or in place of certificated notes, to provide for the assumption of the Issuers' or any Guarantor's obligations to holders of the notes and any Note Guarantee in the case of a merger, consolidation or asset sale, to make any change that would provide any additional rights or benefits to the holders of the notes or that does not adversely affect the legal rights under the indenture of any such holder.

Concerning the Trustee

The indenture will contain certain limitations on the rights of the trustee, should it become a creditor of the Issuers or AREH, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days or resign.

The holders of a majority in aggregate principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture will provide that in case an Event of Default shall occur (which shall not be cured), the trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder shall have offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Governing Law

The indenture and the notes will be, subject to certain exceptions, governed by and construed in accordance with the internal laws of the State of New York, without regard to the choice of law rules thereof.

The issuance of the notes and the Note Guarantee will also be subject to a certain extent to the laws of the jurisdiction of formation of AREP.

Additional Information

Any holder of the notes may obtain a copy of the indenture without charge by writing to American Real Estate Partners, L.P., Attn: Chief Financial Officer at 765 Fifth Avenue, New York, NY 10153.

Book-Entry, Delivery and Form

The new notes will be issued in one or more notes in global form or Global Notes. Except as set forth below, the notes will be issued in registered, global form in minimum denominations of \$1,000 and integral multiples of \$1,000 in excess of \$1,000. The Global Notes will be deposited upon issuance with the trustee as custodian for DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC, as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive notes in registered certificated form ("Certificated Notes") except in the limited circumstances described below. See "— Exchange of Global Notes for Certificated Notes." Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form.

In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct and indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Back to Table of Contents

Prospective purchasers are advised that the laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to such extent.

So long as the Global Note Holder is the registered owner of any notes, the Global Note Holder will be considered the sole holder under the indenture of any notes evidenced by the Global Notes. Beneficial owners of notes evidenced by the Global Notes will not be considered the owners of holders of the notes under the indenture for any purpose, including with respect to the giving of any directions, instructions or approvals to the trustee thereunder. Neither the issuers nor the trustee will have any responsibility or liability for any aspect of the records of DTC or for maintaining, supervising or reviewing any record of DTC relating to the notes.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. The Issuers take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Issuers that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the “Participants”) and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the initial purchaser), banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the “Indirect Participants”). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

Except as described below, owners of interests in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or “holders” thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, and Liquidated Damages, if any, on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the indenture. Under the terms of the indenture, the Issuers and the trustee will treat the Persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Issuers or the trustee nor any agent of the Issuers or the trustee has or will have any responsibility or liability for:

(1) any aspect of DTC’s records or any Participant’s or Indirect Participant’s records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC’s records or any Participant’s or Indirect Participant’s records relating to the beneficial ownership interests in the Global Notes; or

(2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Issuers that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or the Issuers. Neither the Issuers nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the notes, and the Issuers and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Back to Table of Contents

Transfers between the Participants will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective depositaries; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised the Issuers that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange the Global Notes for legended notes in certificated form, and to distribute such notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of the Issuers, the trustee and any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes if:

- (1) DTC (a) notifies the Issuers that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, the Issuers fail to appoint a successor depository;
- (2) the Issuers, at their option, notify the trustee in writing that it elects to cause the issuance of the Certificated Notes; or
- (3) there has occurred and is continuing a Default or Event of Default with respect to the notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the trustee by or on behalf of DTC in accordance with the indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the trustee a written certificate (in the form provided in the indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such notes.

Same Day Settlement and Payment

The Issuers will make payments in respect of the notes represented by the Global Notes (including principal, premium, if any, interest and Liquidated Damages, if any) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Issuers will make all payments of principal, interest and premium, if any, and Liquidated Damages, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by

Back to Table of Contents

mailing a check to each such holder's registered address. The notes represented by the Global Notes are expected to be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. The Issuers expect that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Issuers that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

Certain Definitions

Set forth below are certain defined terms used in the indenture. Reference is made to the indenture for full disclosure of all such terms, as well as any other capitalized terms used herein for which no definition is provided.

"Acquired Debt" means, with respect to any specified Person:

(2) any partnership (a) the sole general partner or the managing general partner of which is such Person or a Subsidiary of such Person or (b) the only general partners of which are that Person or one or more Subsidiaries of that Person (or any combination thereof).

For the avoidance of doubt, AREH will be deemed to be a Subsidiary of AREP so long as AREH remains a Guarantor.

“*Tangible Net Worth*” of any specified Person as of any date means, the total shareholders’ equity (or if such Person were not a corporation, the equivalent account) of such Person and its Subsidiaries on a consolidated basis determined in conformity with GAAP less any and all goodwill and other intangible assets reflected on the consolidated balance sheet of such Person as of the last day of the fiscal quarter most recently completed before the date of determination for which financial statements are then available, but taking into account any change in total shareholders’ equity (or the equivalent account) as a result of any (x) Restricted Payments made, (y) asset sales or (z) contributions to equity or from the issuance or sale of Equity Interests (excluding Disqualified Stock) or from the exchange or conversion (other than to Disqualified Stock) of Disqualified Stock or debt securities, completed since such fiscal quarter end.

Back to Table of Contents

“*Tax Amount*” means, for any period, the combined federal, state and local income taxes, including estimated taxes, that would be payable by AREP if it were a Delaware corporation filing separate tax returns with respect to its Taxable Income for such period and owned 100% of AREH; provided, that in determining the Tax Amount, the effect thereon of any net operating loss carryforwards or other carryforwards or tax attributes, such as alternative minimum tax carryforwards, that would have arisen if AREP were a Delaware corporation shall be taken into account; provided, further that (i) if there is an adjustment in the amount of the Taxable Income for any period, an appropriate positive or negative adjustment shall be made in the Tax Amount, and if the Tax Amount is negative, then the Tax Amount for succeeding periods shall be reduced to take into account such negative amount until such negative amount is reduced to zero and (ii) any Tax Amount other than amounts relating to estimated taxes shall be computed by a nationally recognized accounting firm (but, including in any event, AREP’s auditors). Notwithstanding anything to the contrary, the Tax Amount shall not include taxes resulting from AREP’s change in the status to a corporation for tax purposes.

“*Taxable Income*” means, for any period, the taxable income or loss of AREP for such period for federal income tax purposes.

“*Total Unencumbered Assets*” means, as of any Quarterly Determination Date, the book value of all of the assets of AREP and any Guarantor (including, without limitation, the Capital Stock of their Subsidiaries, but excluding goodwill and intangibles) that do not secure, by a Lien, any portion of any Indebtedness (other than assets secured by a Lien in favor of the notes and such assets are not secured by a Lien in favor of any other Indebtedness) as of such date (determined on a consolidated basis between AREP and any Guarantor but not on a consolidated basis with their Subsidiaries and otherwise in accordance with GAAP).

“*Unsecured Indebtedness*” of AREP, AREH and any additional Guarantor means any Indebtedness of such Person that is not Secured Indebtedness.

“*Voting Stock*” means, with respect to any Person that is (a) a corporation, any class or series of capital stock of such Person that is ordinarily entitled to vote in the election of directors thereof at a meeting of stockholders called for such purpose, without the occurrence of any additional event or contingency, (b) a limited liability company, membership interests entitled to manage, or to elect or appoint the Persons that will manage the operations or business of the limited liability company, or (c) a partnership, partnership interests entitled to elect or replace the general partner thereof.

“*Weighted Average Life to Maturity*” means, when applied to any Indebtedness or Disqualified Stock, as the case may be, at any date, the number of years (calculated to the nearest one-twelfth) obtained by dividing (1) the sum of the products obtained by multiplying (a) the amount of each then remaining installment, sinking fund, serial maturity or other required payments of principal or liquidation preference, including payment at final maturity, in respect thereof, by (b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment, by (2) the then outstanding principal amount or liquidation preference, as applicable, of such Indebtedness or Disqualified Stock, as the case may be.

CERTAIN MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following general discussion summarizes certain material U.S. federal income tax consequences that apply to beneficial owners of the private notes who:

- (1) acquired the private notes at their original issue price for cash,
- (2) exchange the private notes for new notes in this exchange offer, and
- (3) held the private notes and hold the new notes as “capital assets” (generally, for investment) as defined in the Code.

This summary, however, does not consider state, local or foreign tax laws. In addition, it does not include all of the rules which may affect the U.S. tax treatment of your investment in the notes. For example, special rules not discussed here may apply to you if you are:

.
A broker-dealer, a dealer in securities or a financial institution;

.
An S corporation;

.
A bank;

.
A thrift;

.
An insurance company;

.
A tax-exempt organization;

.
A partnership or other pass-through entity;

.
Subject to the alternative minimum tax provisions of the Code;

.
Holding the private notes or the new notes as part of a hedge, straddle or other risk reduction or constructive sale transaction;

.
A person with a “functional currency” other than the U.S. dollar; or

.
A U.S. expatriate.

If you are a partner in a partnership which holds the new notes, you should consult your own tax advisor regarding special rules that may apply.

This summary is based on the Code and applicable Treasury Regulations, rulings, administrative pronouncements and decisions as of the date hereof, all of which are subject to change or differing interpretations at any time with possible retroactive effect. We have not sought and will not seek any rulings from the Internal Revenue Service, or the IRS, with respect to the statements made and the conclusions reached in this summary, and there can be no assurance that the IRS will agree with such statements and conclusions.

Each holder is urged to consult his tax advisor regarding the specific federal, state, local, and foreign income and other tax considerations of participating in this exchange offer and holding the new notes.

Exchange of Private Notes for New Notes

The exchange of the private notes for the new notes pursuant to this exchange offer should not be a taxable event for U.S. federal income tax purposes. Accordingly, holders participating in this exchange offer should not recognize any income, gain or loss in connection with the exchange. In addition, immediately after the exchange, any such holder should have the same adjusted tax basis and holding period in the new notes as it had in the private notes, immediately before the exchange.

Consequences of Holding the New Notes

U.S. Holders

If you are a “U.S. Holder,” as defined below, this section applies to you. Otherwise, the section “Non-U.S. Holders” applies to you.

Back to Table of Contents

Definition of U.S. Holder

You are a "U.S. Holder" if you are the beneficial owner of a new note and you are, for U.S. federal income tax purposes:

.
an individual who is a citizen or resident of the United States;

.
a corporation or an entity, treated as a corporation for U.S. federal income tax purposes, created or organized under the laws of the United States or any political subdivision thereof;

.
an estate the income of which is subject to U.S. federal income tax regardless of its sources; or

.
a trust (i) if a court within the United States can exercise primary supervision over the administration of the trust and one or more U.S. persons has authority to control all substantial decisions of the trust, or (ii) if the trust was in existence on August 20, 1996, and treated as a domestic trust on August 19, 1996, and it has elected to continue to be treated as a U.S. person.

Taxation of Stated Interest

Generally, you must include the interest on the new notes in your gross income as ordinary income:

.
when it accrues, if you use the accrual method of accounting for U.S. federal income tax purposes; or

.
when you receive it, if you use the cash method of accounting for U.S. federal income tax purposes.

Sale or Other Taxable Disposition of the New Notes

You will generally recognize taxable gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a new note. The amount of your gain or loss will equal the difference between the amount you receive for the new note (in cash or other property, valued at fair market value), except to the extent amounts received are attributable to accrued interest on the note, and your adjusted tax basis in the new note. Your tax basis in the new note generally will equal the price you paid for the private note that was exchanged for the new note. Your gain or loss will generally be long-term capital gain or loss if your holding period for the new note is more than one year at the time of the sale, exchange, redemption, retirement or other taxable disposition. Otherwise, it will be short-term capital gain or loss. For this purpose, your holding period for the new note should include your holding period for the private note that was exchanged for the new note. Long-term capital gains recognized in years beginning before December 31, 2008 by certain non-corporate holders are generally taxed at a maximum rate of 15%. The ability to deduct capital losses is subject to limitations. Payments attributable to accrued interest which you have not yet included in income will be taxed as ordinary interest income.

Information Reporting and Backup Withholding

We will report to certain holders of the new notes and to the IRS the amount of any interest paid on the new notes in each calendar year and the amounts of tax withheld, if any, with respect to such payments. You may be subject to a backup withholding tax when you receive interest payments on a new note or proceeds upon the sale or other disposition of the new note. Certain holders (including, among others, corporations, financial institutions and certain tax-exempt organizations) are generally not subject to information reporting or backup withholding. In addition, the backup withholding tax will not apply to you if you provide to us or our paying agent your correct social security or other taxpayer identification number, or TIN, in the prescribed manner unless:

.
the IRS notifies us or our paying agent that the TIN you provided is incorrect;

.
you underreport interest and dividend payments that you receive on your tax return and the IRS notifies us or our paying agent that withholding is required; or

.
you fail, under certain circumstances, to certify under penalties of perjury that you are not subject to backup withholding.

The backup withholding tax rate is currently 28%. Any amounts withheld from a payment to you under the backup withholding rules may be credited against your U.S. federal income tax liability, and may entitle you to a refund, provided the required information is properly furnished to the IRS on a timely basis.

Back to Table of Contents

You should consult your tax advisor as to your qualification for exemption from backup withholding and the procedures for obtaining such exemption.

Non-U.S. Holders

The following general discussion is limited to the U.S. federal income tax consequences relevant to a “Non-U.S. Holder.” A “Non-U.S. Holder” is any beneficial owner of a new note if such owner is, for U.S. federal income tax purposes, a nonresident alien, or a corporation, estate, or trust that is not a U.S. Holder.

Interest

Portfolio Interest Exemption. You will generally not be subject to U.S. federal income tax or withholding tax on interest paid or accrued on the new notes if:

.
you do not own, actually or constructively, 10% or more of our capital or profits interests;

.
you are not a controlled foreign corporation with respect to which we are a “related person” within the meaning of Section 864(d)(4) of the Code;

.
you are not a bank receiving interest described in Section 881(c)(3)(A) of the Code;

.
such interest is not effectively connected with the conduct by you of a trade or business in the United States; and

.
either (i) you represent that you are not a United States person for U.S. federal income tax purposes and you provide your name and address to us or our paying agent on a properly executed IRS Form W-8BEN (or a suitable substitute form) signed under penalties of perjury, or (ii) a securities clearing organization, bank, or other financial institution that holds customers’ securities in the ordinary course of its business holds the new note on your behalf, certifies to us or our paying agent under penalties of perjury that it has received IRS Form W-8BEN (or a suitable substitute form) from you or from another qualifying financial institution intermediary, and provides a copy of the Form W-8BEN (or a suitable substitute form) to us or our paying agent.

U.S. Federal Income or Withholding Tax If Interest Is Not Portfolio Interest. If you do not claim, or do not qualify for, the benefit of the portfolio interest exemption described above, you may be subject to a 30% withholding tax on the gross amount of interest payments, unless reduced or eliminated by an applicable income tax treaty.

However, income from payments or accruals of interest that is effectively connected with the conduct by you of a trade or business in the United States will be subject to U.S. federal income tax on a net basis at a rate applicable to United States persons generally (and, if paid to corporate holders, may also be subject to a branch profits tax at a rate of 30% or lower applicable treaty rate). If payments are subject to U.S. federal income tax on a net basis in accordance with the rules described in the preceding sentence, such payments will not be subject to United States withholding tax so long as you provide us or our paying agent with a properly executed IRS Form W-8ECI.

Non-U.S. Holders should consult any applicable income tax treaties, which may provide for a lower rate of withholding tax, exemption from or reduction of the branch profits tax, or other rules different from those described above. Generally, in order to claim any treaty benefits you must submit a properly executed IRS Form W-8BEN.

Reporting. We may report annually to the IRS and to you the amount of interest paid to you, and the tax withheld, if any, with respect to you.

Sale or Other Disposition of New Notes

You will generally not be subject to U.S. federal income tax or withholding tax on gain recognized on a sale, exchange, redemption, retirement, or other disposition of a new note unless such gain is effectively connected with the conduct by you of a trade or business within the United States. Any gain that is effectively connected with the conduct by you of a trade or business within the United States will be subject to U.S. federal income tax on a net basis at the rates generally applicable to U.S. persons as described above.

Back to Table of Contents

Backup Withholding and Information Reporting

Payments From U.S. Office. If you receive payment of interest or principal directly from us or through the U.S. office of a custodian, nominee, agent or broker, you may be subject to both backup withholding and information reporting. With respect to interest payments made on the new notes, however, backup withholding and information reporting will not apply if you certify, generally on a Form W-8BEN (or Form W-8ECI) or suitable substitute form, that you are not a U.S. person in the manner described above under the heading “Non-U.S. Holders — Interest,” or you otherwise establish an exemption.

Moreover, with respect to proceeds received on the sale, exchange, redemption, or other disposition of a new note, backup withholding or information reporting generally will not apply if you properly provide, generally on Form W-8BEN (or Form W-8ECI) or a suitable substitute form, a statement that you are an “exempt foreign person” for purposes of the broker reporting rules, and other required information. If you are not subject to United States federal income or withholding tax on the sale or other disposition of a new note, as described above under the heading “Non-U.S. Holders-Interest — Sale or Other Disposition of New Notes,” you will generally qualify as an “exempt foreign person” for purposes of the broker reporting rules.

Payments From Foreign Office. If payments of principal and interest are made to you outside the United States by or through the foreign office of your foreign custodian, nominee or other agent, or if you receive the proceeds of the sale of a new note through a foreign office of a “broker,” as defined in the pertinent U.S. Treasury Regulations, you will generally not be subject to backup withholding or information reporting. You will however, be subject to backup withholding and information reporting if the foreign custodian, nominee, agent or broker has actual knowledge or reason to know that you are a U.S. person. You will also be subject to information reporting, but not backup withholding, if the payment is made by a foreign office of a custodian, nominee, agent or broker that has certain relationships to the United States unless the broker has in its records documentary evidence that you are a Non-U.S. Holder and certain other conditions are met.

Refunds. Any amounts withheld from a payment to you under the backup withholding rules may be credited against your U.S. federal income tax liability and may entitle you to a refund, provided the required information is properly furnished to the IRS on a timely basis.

The information reporting requirements may apply regardless of whether withholding is required. Copies of the information returns reporting interest and withholding also may be made available to the tax authorities in the country in which a Non-U.S. Holder is a resident under the provisions of an applicable income tax treaty or other agreement. The preceding summary is for general information only and is not tax advice. Please consult your own tax advisor to determine the tax consequences of purchasing, holding and disposing of the notes under your particular circumstances.

PLAN OF DISTRIBUTION

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for private notes where such private notes were acquired as a result of market-making activities or other trading activities. We have agreed that, starting on the expiration date and ending on the close of business 270 days after the expiration date (or such shorter period during which participating broker-dealers are required by law to deliver such prospectus), we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until _____, 200_ all dealers effecting transactions in the new notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such new notes. Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an “underwriter” within the meaning of the Securities Act and any profit of any such resale of new notes and any commissions or concessions received any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver, and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

Furthermore, any broker-dealer that acquired any of its private notes directly from us:

• may not rely on the applicable interpretation of the staff of the Commission’s position contained in Exxon Capital Holdings Corp., SEC no-action letter (May 13, 1988), Morgan, Stanley & Co. Inc., SEC no-action letter (June 5, 1991) and Shearman & Sterling, SEC no-action letter (July 2, 1983); and

• must also be named as a selling noteholder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

For a period of 270 days after the expiration date, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offer (including the expenses of one counsel for the holder of the private notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the private notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Partners of

American Real Estate Holdings Limited Partnership

We have audited the accompanying consolidated balance sheets of American Real Estate Holdings Limited Partnership and Subsidiaries as of December 31, 2006 and 2005, and the related consolidated statements of operations, changes in partners' equity and comprehensive income, and cash flows for each of the three years in the period ended December 31, 2006. These consolidated financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of GB Holdings, Inc. and Subsidiaries for the year ended December 31, 2004, which statements reflect losses of \$12,822,000 included in the discontinued operations. Those statements were audited by other auditors, whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for GB Holdings, Inc. and Subsidiaries, is based solely on the report of the other auditors. Those auditors expressed an unqualified opinion with emphasis on a going concern matter on those financial statements in their report dated March 11, 2005. Also, we did not audit the financial statements of ImClone Systems Incorporated and Subsidiary, the investment in which, as discussed in Notes 2 and 7 to the financial statements, is accounted for by the equity method of accounting. The investment in ImClone Systems Incorporated and Subsidiary was \$164,307,000 and \$97,255,000 as of December 31, 2006 and 2005, respectively, and the equity in its net income was \$12,620,000 and \$1,375,000 respectively, for the years then ended. The financial statements of ImClone Systems Incorporated and Subsidiary were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for ImClone Systems Incorporated and Subsidiary, is based solely on the reports of the other auditors. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of American Real Estate Holdings Limited Partnership and Subsidiaries as of December 31, 2006 and 2005, and the consolidated results of their operations and their consolidated cash flows for each of the three years in the period ended December 31, 2006 in conformity with accounting principles generally accepted in the United States of America.

As discussed in Notes 2 and 7, in 2006, the Partnership changed the accounting for its investment in ImClone Systems Incorporated and Subsidiary from an available for sale security to the equity method.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders of GB Holdings, Inc.

We have audited the consolidated statements of operations, changes in shareholders' equity and cash flows for the year ended December 31, 2004 of GB Holdings, Inc. and subsidiaries. These consolidated financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the results of operations and cash flows of GB Holdings, Inc. and subsidiaries for the year ended December 31, 2004, in conformity with US generally accepted accounting principles.

The consolidated financial statements have been prepared assuming that GB Holdings, Inc. will continue as a going concern. As discussed in Notes 1 and 2 to the consolidated financial statements, the Company has suffered recurring net losses, has a net working capital deficiency and has significant debt obligations which are due within one year that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Notes 1 and 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

AMERICAN REAL ESTATE HOLDINGS LIMITED PARTNERSHIP AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2006, 2005 and 2004

1. Description of Business and Basis of Presentation

General

American Real Estate Holdings Limited Partnership, or the Company or AREH, is a diversified holding company owning subsidiaries engaged in the following continuing operating businesses: Gaming; Real Estate; and Home Fashion. In November 2006, we divested our Oil and Gas operating business and our Atlantic City gaming properties. Further information regarding our reportable segments is contained in Note 15.

AREH is a limited partnership formed in Delaware on February 17, 1987. American Real Estate Partners, L.P. ("AREP" or the "Limited Partner") is a master limited partnership formed in Delaware on February 17, 1987. AREP owns a 99% limited partner interest in the Company. American Property Investors, Inc. (the "General Partner") owns a 1% general partner interest in both AREH and AREP representing an aggregate 1.99% general partner interest in the Company and AREP. The General Partner is owned and controlled by Mr. Carl C. Icahn ("Icahn" or "Mr. Icahn").

Under our amended Partnership Agreement we are permitted to make non-real estate related acquisitions and investments to enhance our partners' value and further diversify our assets. Investments may include equity and debt securities of domestic and foreign issuers. The portion of the Company's assets invested in any one type of security or any single issuer are not limited.

We will conduct our activities in such a manner as not to be deemed an investment company under the Investment Company Act of 1940, or the 1940 Act. Generally, this means that no more than 40% of the Company's total assets will be invested in investment securities, as such term is defined in the 1940 Act. In addition, we do not intend to invest in securities as our primary business. We will structure our investments to continue to be taxed as a partnership rather than as a corporation under the applicable publicly traded partnership rules of the Internal Revenue Code.

Acquisitions

On August 8, 2005, WestPoint International, Inc., or WPI, our indirect majority-owned subsidiary, completed the acquisition of substantially all of the assets of WestPoint Stevens Inc., or WPS. Operating results for WPI are included with AREP's results beginning as of August 8, 2005. In December 2006, WPI acquired a manufacturing facility in Bahrain for an aggregate cash consideration of \$98.6 million and a seller note of \$10.6 million. The purchase price is subject to working capital adjustments.

On May 19, 2006, our wholly-owned subsidiaries, AREP Laughlin Corporation, and AREP Boardwalk Properties LLC, completed the purchases, respectively, of the Flamingo Laughlin Hotel and Casino, now known as the Aquarius Casino Resort, or the Aquarius, in Laughlin, Nevada, and 7.7 acres of land adjacent to The Sands Hotel and Casino in Atlantic City, New Jersey, known as the Traymore site, from affiliates of Harrah's Operating Company, Inc., or Harrah's. Operating results for the Aquarius are included with AREH's results beginning as of May 19, 2006.

Discontinued Operations

On November 17, 2006, our indirect majority owned subsidiary, Atlantic Coast Entertainment Holdings, Inc., completed the sale to Pinnacle Entertainment, Inc., or Pinnacle, of the outstanding membership interests in ACE Gaming LLC, the owner of The Sands and 100% of the equity interests in certain subsidiaries of AREH which own parcels of real estate adjacent to The Sands, including the Traymore site to Pinnacle. See Note 5 for additional information regarding the sale.

AMERICAN REAL ESTATE HOLDINGS LIMITED PARTNERSHIP AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2006, 2005 and 2004

1. Description of Business and Basis of Presentation – (continued)

On November 21, 2006, our indirect wholly-owned subsidiary, AREP O & G Holdings LLC, consummated the sale of all of the issued and outstanding membership interests of NEG Oil & Gas LLC to SandRidge Energy, Inc formerly Riata Energy, Inc. See Note 5 for additional information regarding the sale.

Certain of our real estate properties are classified as discontinued operations. The properties classified as discontinued operations have changed during 2006 and, accordingly, certain amounts in the accompanying 2005 and 2004 financial statements have been reclassified to conform to the current classification of properties.

The financial position and results of these operations are presented as assets and liabilities of discontinued operations held for sale in the consolidated balance sheets and discontinued operations in the consolidated statements of operations, respectively, for all periods presented in accordance with Statement of Financial Accounting Standards (SFAS) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*.

Filing Status of Subsidiaries

National Energy Group, Inc., or NEGI, and Atlantic Coast are reporting companies under the Securities Exchange Act of 1934. In addition, American Casino & Entertainment Properties LLC, or American Casino or ACEP, voluntarily files annual, quarterly and current reports. Each of these reports is separately filed with the Securities and Exchange Commission and are publicly available.

2. Summary of Significant Accounting Policies

As discussed in Note 1, we operate in several diversified segments. The accounting policies related to the specific segments or industries are differentiated, as required, in the list of significant accounting policies set out below.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of AREH and the majority-owned subsidiaries in which AREH has a controlling financial interest as of the financial statement date. We are considered to have control if we have a direct or indirect ability to make decisions about an entity's activities through voting or similar rights. We use the guidance set forth in AICPA Statement of Position No. 78-9, *Accounting for Investments in Real Estate Ventures*, and Emerging Issues Task Force Issue No. 04-05, *Investor's Accounting for an Investment in a Limited Partnership when the Investor is the Sole General Partner and the Limited Partners have Certain Rights*, with respect to our investments in partnerships and limited liability companies. All intercompany balance and transactions are eliminated.

We utilize the equity method of accounting with respect to investments where we exercise significant influence, but not control, over the operating and financial policies of the investee. A voting interest of at least 20% and no greater than 50% is normally a prerequisite for utilizing the equity method. However, we may apply the equity method with less than 20% voting interests based upon the facts and circumstances including representation on the investee's Board of Directors, contractual veto or approval rights, participation in policy making processes and the existence or absence of other significant owners. In applying the equity method, investments are recorded at cost and subsequently increased or decreased by our proportionate share of the net earnings or losses of the investee. We also record our proportionate share of other comprehensive income items of the investee as a component of our comprehensive income. Dividends or other equity distributions are recorded as a reduction of the investment.

In accordance with generally accepted accounting principles, assets and liabilities transferred between entities under common control are accounted for at historical cost in a manner similar to a pooling of interests, and the financial statements of previously separate companies for periods prior to their acquisition are retrospectively adjusted on a combined basis.

2. Summary of Significant Accounting Policies – (continued)

As required by FIN 46R, *Consolidation of Variable Interest Entities*, we evaluate our investments and other financial relationships to determine whether any further entities are required to be consolidated.

Retrospective Application of Change in Accounting for Investment in ImClone Systems Incorporated

In the fourth quarter of 2006 we changed our method of accounting for our investment in ImClone Systems Incorporated, or ImClone, to the equity method of accounting. Previously, we accounted for our investment in ImClone as an available for sale security. In accordance with SFAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities*, available for sale securities are reported at fair value, with unrealized gains and losses excluded from earnings and reported in a separate component of shareholders' equity as "Other Comprehensive Income." We record our proportionate equity in the ImClone's earnings and capital transactions on a one calendar quarter time lag.

From the first quarter of 2005 through the third quarter of 2006, AREH and certain other affiliates of Mr. Icahn purchased shares of common stock of ImClone. As of September 30, 2006, the total shares of ImClone held by AREH as a percentage of ImClone's total outstanding shares was 5.4%. Also, in October 2006, Mr. Icahn was appointed Chairman of the board of directors of ImClone and certain other changes to ImClone's board of directors took place which resulted in Mr. Icahn having the ability to exercise significant influence over the operating and financial policies of ImClone.

In assessing the applicability of Accounting Principles Board Opinion No. 18, *The Equity Method of Accounting for Investments in Common Stock*, we have determined that, because of the ability of Mr. Icahn to exercise significant influence over ImClone's operating and financial policies, we were required to adopt the equity method of accounting for our investment in ImClone, and accordingly the 2005 financial statements have been adjusted to apply the new method retrospectively. See Note 7 for information regarding the effect of this change on net income and total partners equity.

Use of Estimates in Preparation of Financial Statements

The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the period.

The more significant estimates include (1) the valuation allowances of accounts receivable and inventory, (2) the valuation of long-lived assets, mortgages and notes receivable, marketable equity and debt securities and other investments, (3) costs to complete for land, house and condominium developments, (4) gaming-related liability and promotional programs, (5) deferred tax assets, (6) oil and gas reserve estimates, (7) asset retirement obligations and (8) fair value of derivatives. Actual results may differ from the estimates and assumptions used in preparing the consolidated financial statements.

Cash and Cash Equivalents

We consider short-term investments, which are highly liquid with original maturities of three months or less at date of purchase, to be cash equivalents.

Restricted Cash

Restricted cash results primarily from escrow deposits, funds held in connection with collateralizing letters of credit and proceeds from securities sold but not yet purchased that require cash to be on deposit with the relevant brokerage institution. Restricted cash was \$87.4 million and \$161.2 million at December 31, 2006 and 2005, respectively, and is included as a component of other current assets in the accompanying consolidated balance sheets.

2. Summary of Significant Accounting Policies – (continued)***Investments***

Investments in equity and debt securities are classified as either trading or available for sale based upon whether we intend to hold the investment for the foreseeable future. Trading securities are valued at quoted market value at each balance sheet date with the unrealized gains or losses reflected in the consolidated statements of operations. Available for sale securities are carried at fair value on our balance sheet. Unrealized holding gains and losses on available for sale securities are excluded from earnings and reported as a separate component of partners' equity and when sold are reclassified out of partners' equity. For purposes of determining gains and losses, the cost of securities is based on specific identification.

A decline in the market value of any available for sale security below cost that is deemed to be other than temporary results in an impairment that is charged to earnings and the establishment of a new cost basis for the investment. Dividend income is recorded when declared and interest income is recognized when earned.

Accounts Receivable

An allowance for doubtful accounts is determined through analysis of the aging of accounts receivable at the date of the consolidated financial statements, assessments of collectibility based on an evaluation of historic and anticipated trends, the financial condition of our customers, and an evaluation of the impact of economic conditions. Our allowance for doubtful accounts is an estimate based on specifically identified accounts as well as general reserves based on historical experience.

Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market. The cost of manufactured goods, which are held only by WPI, includes material, labor and factory overhead. We maintain reserves for estimated excess, slow moving and obsolete inventory as well as inventory whose carrying value is in excess of net realizable value.

Inventories consisted of the following (in \$000s):

	December 31,	
	2006	2005
Raw materials and supplies	\$ 32,059	\$ 33,083
Goods in process	83,592	100,337
Finished goods	129,851	110,819
	\$ 245,502	\$ 244,239

Property, Plant and Equipment

Land and construction-in-progress costs are stated at the lower of cost or net realizable value. Interest is capitalized on expenditures for long-term projects until a salable condition is reached. The interest capitalization rate is based on the interest rate on specific borrowings to fund the projects.

Buildings, furniture and equipment are stated at cost less accumulated depreciation unless declines in the values of the fixed assets are considered other than temporary, at which time the property is written down to net realizable value. Depreciation is principally computed using the straight-line method over the estimated useful lives of the particular property or equipment, as follows: buildings and improvements, 4 to 40 years; furniture, fixtures and equipment, 1 to 18 years. Leasehold improvements are amortized over the life of the lease or the life of the improvement, whichever is shorter.

2. Summary of Significant Accounting Policies – (continued)

Maintenance and repairs are charged to expense as incurred. The cost of additions and improvements is capitalized and depreciated over the remaining useful lives of the assets. The cost and accumulated depreciation of assets sold or retired are removed from our consolidated balance sheet, and any gain or loss is recognized in the year of disposal. Real estate properties held for use or investment, other than those accounted for under the financing method, are carried at cost less accumulated depreciation. Where declines in the values of the properties are determined to be other than temporary, the cost basis of the property is written down to net realizable value. A property is classified as held for sale at the time management determines that the criteria in SFAS No. 144 *Accounting for the Impairment or Disposal of Long-Lived Assets* have been met. Properties held for sale are carried at the lower of cost or net realizable value. Such properties are no longer depreciated and their results of operations are included in discontinued operations. As a result of the reclassification of certain real estate to properties held for sale during the year ended December 31, 2006, income and expenses of such properties are reclassified to discontinued operations for all prior periods. If management determines that a property classified as held for sale no longer meets the criteria in SFAS 144, the property is reclassified as held for use.

Intangible Assets

Intangible assets consist of trademarks of WPI (Note 4). In accordance with SFAS No. 142, *Goodwill and Other Intangible Assets*, goodwill and intangible assets with indefinite lives are no longer amortized, but instead tested for impairment.

Accounting for the Impairment of Long-Lived Assets

We evaluate our long-lived assets in accordance with the application of SFAS No. 144. Accordingly, we evaluate the realizability of our long-lived assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Inherent in the reviews of the carrying amounts of the above assets are various estimates, including the expected usage of the asset. Assets must be tested at the lowest level for which identifiable cash flows exist. Future cash flow estimates are, by their nature, subjective and actual results may differ materially from our estimates. If our ongoing estimates of future cash flows are not met, we may have to record impairment charges in future accounting periods. Our estimates of cash flows are based on the current regulatory, social and economic climates, recent operating information and budgets of the operating property.

Accounting for Asset Retirement Obligations

Effective January 1, 2003, we adopted the provisions of SFAS No. 143, *Accounting for Asset Retirement Obligations*. SFAS No. 143 provides accounting requirements for costs associated with legal obligations to retire tangible, long-lived assets. Under SFAS No. 143, an asset retirement obligation is recorded at fair value in the period in which it is incurred by increasing the carrying amount for the related long-lived asset which is depreciated over its useful life. In each subsequent period, the liability is adjusted to reflect the passage of time and changes in the estimated future cash flows underlying the obligation. Our asset retirement obligations relate to our oil and gas operating unit, which was sold to SandRidge in November 2006.

Oil and Natural Gas Properties

We utilized the full cost method of accounting for our crude oil and natural gas properties. Under the full cost method, all productive and nonproductive costs incurred in connection with the acquisition, exploration and development of crude oil and natural gas reserves are capitalized and amortized on the units-of-production method based upon total proved reserves. The costs of unproven properties are excluded from the amortization calculation until the individual properties are evaluated and a determination is made as to whether reserves exist. Conveyances of properties, including gains or losses on abandonment of properties, are treated as adjustments to the cost of crude oil and natural gas properties, with no gain or loss recognized.

2. Summary of Significant Accounting Policies – (continued)

Under the full cost method, the net book value of oil and natural gas properties, less related deferred income taxes, may not exceed the estimated after-tax future net revenues from proved oil and natural gas properties, discounted at 10% per year (the ceiling limitation). In arriving at estimated future net revenues, estimated lease operating expenses, development costs, abandonment costs, and certain production related and ad-valorem taxes are deducted. In calculating future net revenues, prices and costs in effect at the time of the calculation are held constant indefinitely, except for changes which are fixed and determinable by existing contracts. The net book value of oil and gas properties is compared to the ceiling limitation on a quarterly basis. We did not incur a ceiling write-down in 2006, 2005 or 2004.

We have capitalized internal general and administrative costs of \$1.5 million, \$1.1 million and \$1.0 million for the period from January 1, 2006 to November 21, 2006 and the years ended December 31, 2005 and 2004, respectively, with respect to our oil and gas activities. We have not capitalized interest expense. In November 2006, we sold our oil and gas operating units to SandRidge. Therefore, as of December 31, 2006 we have no capitalized costs relating to these operations.

Our oil and natural gas properties are subject to extensive Federal, state and local environmental laws and regulations. These laws, which are constantly changing, regulate the discharge of materials into the environment and may require us to remove or mitigate the environment effects of the disposal or release of petroleum or chemical substances at various sites. Environmental expenditures are expensed or capitalized depending on their future economic benefit. Expenditures that relate to an existing condition caused by past operations and that have no future economic benefits are expensed. Liabilities for expenditures of a non-capital nature are recorded when environmental assessment and/or remediation is probable, and the costs can be reasonably estimated.

Derivatives

From time to time our subsidiaries enter into derivative contracts, including (a) commodity price collar agreements entered into by our Oil & Gas segment to reduce our exposure to price risk in the spot market for natural gas and oil and (b) commodity futures contracts, forward purchase commodity contracts and option contracts entered into by our Home Fashion segment primarily to manage our exposure to cotton commodity price risk. We follow SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, which was amended by SFAS No. 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities*. These pronouncements established accounting and reporting standards for derivative instruments and for hedging activities, which generally require recognition of all derivatives as either assets or liabilities in the balance sheet at their fair value. The accounting for changes in fair value depends on the intended use of the derivative and its resulting designation. Through December 31, 2006, we did not use hedge accounting and accordingly, all unrealized gains and losses are reflected in our consolidated statement of operations.

Revenue and Expense Recognition

Home Fashion— WPI records revenue when the following criteria are met: persuasive evidence of an arrangement exists, delivery has occurred, the price to the customer is fixed and determinable and collectibility is reasonably assured. Unless otherwise agreed in writing, title and risk of loss pass from WPI to the customer when WPI delivers the merchandise to the designated point of delivery, to the designated point of destination, or to the designated carrier, free on board. Provisions for certain rebates, sales incentives, product returns and discounts to customers are recorded in the same period the related revenue is recorded.

Customer incentives are provided to WPI customers primarily for new sales programs. These incentives begin to accrue when a commitment has been made to the customer and are recorded as a reduction to sales.

2. Summary of Significant Accounting Policies – (continued)

Gaming— Gaming segment revenue consists of casino, hotel and restaurant revenues. We recognize revenues in accordance with industry practice. Casino revenue is the net win from gaming activities (the difference between gaming wins and losses). Casino revenues are net of accruals for anticipated payouts of progressive and certain other slot machine jackpots. Gross revenues include the estimated retail value of hotel rooms, food and beverage and other items that are provided to customers on a complimentary basis. A corresponding amount is deducted as promotional allowances. The costs of such complimentary revenues are included in gaming expenses. Hotel and restaurant revenue is recognized when services are performed.

We also reward our customers, through the use of loyalty programs with points based on amounts wagered, that can be redeemed for a specified period of time for cash. We deduct the cash incentive amounts from casino revenue.

Oil and Gas— Revenues from the natural gas and oil produced are recognized upon the passage of title, net of royalties. We account for natural gas production imbalances using the sales method, whereby we recognize revenue on all natural gas sold to our customers notwithstanding the fact its ownership may be less than 100% of the natural gas sold. Liabilities are recorded by us for imbalances greater than our proportionate share of remaining natural gas reserves. We had \$0 million and \$1.1 million in gas balancing liabilities as of December 31, 2006 and 2005, respectively.

Revenues from the sale of oil and natural gas are shown net of the impact of realized and unrealized derivative losses.

Real Estate— Revenue from real estate sales and related costs are recognized at the time of closing primarily by specific identification. We follow the guidelines for profit recognition set forth by SFAS No. 66, *Accounting for Sales of Real Estate*.

Leases— Substantially all of the property comprising our net lease portfolio is leased to others under long-term net leases and we account for these leases in accordance with the provisions of SFAS No. 13, *Accounting for Leases*, as amended. This statement sets forth specific criteria for determining whether a lease is to be accounted for as a financing lease or an operating lease. Under the financing method, minimum lease payments to be received plus the estimated value of the property at the end of the lease are considered the gross investment in the lease. Unearned income, representing the difference between gross investment and actual cost of the leased property, is amortized to income over the lease term so as to produce a constant periodic rate of return on the net investment in the lease. Under the operating method, revenue is recognized as rentals become due, and expenses (including depreciation) are charged to operations as incurred.

Income Taxes

No provision has been made for Federal, state or local income taxes on the results of operations generated by partnership activities, as such taxes are the responsibility of the partners. Provision has been made for Federal, state or local income taxes on the results of operations generated by our corporate subsidiaries. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred tax assets are limited to amounts considered to be realizable in future periods. A valuation allowance is recorded against deferred tax assets if management does not believe that we have met the “more likely than not” standard imposed by SFAS No. 109 *Accounting for Income Taxes* to allow recognition of such an asset.

2. Summary of Significant Accounting Policies – (continued)***Share-Based Compensation***

In December 2004, SFAS No. 123 (Revised 2004), *Share-Based Payment* (“SFAS No. 123R”) was issued. This accounting standard eliminated the ability to account for share-based compensation transactions using the intrinsic value method in accordance with APB Opinion No. 25 and requires instead that such transactions be accounted for using a fair-value-based method. SFAS No. 123R requires public entities to record non-cash compensation expense related to payment for employee services by an equity award, such as stock options, in their financial statements over the requisite service period. We have adopted SFAS No. 123R as of June 30, 2005. The adoption of SFAS No. 123R did not have any impact on our consolidated financial statements since there were no pre-existing unit options.

Recently Issued Accounting Pronouncements

In September 2006, the SEC issued Staff Accounting Bulletin No. 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements* (“SAB 108”). SAB 108 provides guidance on how to evaluate prior period financial statement misstatements for purposes of assessing their materiality in the current period. If the prior period effect is material to the current period, then the prior period is required to be corrected. Correcting prior year financial statements would not require an amendment of prior year financial statements, but such corrections would be made the next time the company files the prior year financial statements. Upon adoption, SAB 108 allows a one-time transitional cumulative effect adjustment to retained earnings for corrections of prior period misstatements required under this statement. SAB 108 is effective for fiscal years ending after November 15, 2006. The adoption of SAB 108 did not have a material affect on our consolidated financial statements.

In September 2006, the FASB issued FAS 157, *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement applies under other accounting pronouncements that require or permit fair value measurements and, accordingly, SFAS 157 does not require any new fair value measurements. We are currently evaluating the impact this standard will have on our operating income and statement of financial position. This statement is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. We will adopt SFAS 157 as of January 1, 2008, as required.

In July 2006, the FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes — an Interpretation of FASB Statement 109* (“FIN 48”), which clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. FIN 48 provides that the tax effects from an uncertain tax position can be recognized in the financial statements only if the position is “more-likely-than-not” of being sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. If an uncertain tax position meets the “more-likely-than-not” threshold, the largest amount of tax benefit that is greater than 50 percent likely of being recognized upon ultimate settlement with the taxing authority, is recorded. The provisions of FIN 48 are effective for fiscal years beginning after December 15, 2006, with the cumulative effect of the change in accounting principle recorded as an adjustment to opening retained earnings. FIN 48 is effective for fiscal years beginning after December 15, 2006, and will be adopted by the Company on January 1, 2007. The Company has not been able to complete its evaluation of the impact of adopting FIN 48 and as a result, is not able to estimate what effect the adoption will have on its financial position and results of operations, including its ability to comply with current debt covenants.

2. Summary of Significant Accounting Policies – (continued)

On February 16, 2006, the FASB issued Statement No. 155, *Accounting for Certain Hybrid Instruments — an amendment of FASB Statements No. 133 and 140*. The statement amends Statement 133 to permit fair value measurement for certain hybrid financial instruments that contain an embedded derivative, provides additional guidance on the applicability of Statement 133 and 140 to certain financial instruments and subordinated concentrations of credit risk. The new standard is effective for the first fiscal year beginning after September 15, 2006. We are currently evaluating the impact this new standard will have on our financial statements.

In February 2007, the FASB issued FASB Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities — Including an Amendment of FASB Statement No. 115 (“SFAS 159”)*. The fair value option established by SFAS 159 permits all entities to choose to measure eligible items at fair value at specified election dates. A business entity will report unrealized gains and losses on items for which the fair value option has been elected in earnings (or another performance indicator if the business entity does not report earnings) at each subsequent reporting date after adoption. The fair value option: (a) may be applied instrument by instrument, with a few exceptions, such as investments otherwise accounted for by the equity method; (b) is irrevocable (unless a new election date occurs); and (c) is applied only to entire instruments and not to portions of instruments. FASB No. 159 is effective as of the beginning of fiscal years beginning after November 15, 2007, but early adoption is permitted. We are currently evaluating the impact of adopting SFAS 159.

3. Operating Units

Through the second quarter of 2006, we conducted our continuing operating businesses in four principal areas: Oil and Gas, Gaming, Real Estate and Home Fashion. As described above, in November 2006, we sold our Oil and Gas operations. As a result, our Oil and Gas operations are now classified as discontinued operations and thus are not considered a reportable segment of our continuing operations. We now conduct our operating businesses in three principal areas: Gaming, Real Estate and Home Fashion.

a. Gaming

We own and operate gaming properties in Nevada. Our properties include the Stratosphere Casino Hotel and Tower, Arizona Charlie’s Decatur and Arizona Charlie’s Boulder in Las Vegas and the Aquarius Casino Resort in Laughlin. Results for the Aquarius are included from the date of its acquisition, May 19, 2006. As described above, in November 2006, we sold our Atlantic City gaming property. As a result, such operations are now classified as discontinued operations.

As of December 31, 2006, we owned 37 rental real estate properties. These primarily consist of fee and leasehold interests in real estate in 19 states. Most of these properties are net-leased to single corporate tenants. Approximately 89% of these properties are currently net-leased, 3% are operating properties and 8% are vacant.

Property Development and Associated Resort Activities

We own, primarily through our Bayswater subsidiary, residential development properties. Bayswater, a real estate investment, management and development company, focuses primarily on the construction and sale of single-family houses, multi-family homes and lots in subdivisions and planned communities and raw land for residential development. Our New Seabury development property in Cape Cod, Massachusetts, and our Grand Harbor and Oak Harbor development property in Vero Beach, Florida each include land for future residential development of more than 400 and 1,000 units of residential housing, respectively. Both developments operate golf and resort activities. A summary of real estate assets as of December 31, 2006 and 2005, included in the consolidated balance sheet, is as follows (in \$000s):

In July 2004, we purchased two Vero Beach, Florida waterfront communities, Grand Harbor and Oak Harbor, “Grand Harbor”, including their respective golf courses, tennis complex, fitness center, beach club and clubhouses. The acquisition also included properties in various stages of development, including land for future residential development, improved lots and finished residential units ready for sale. The purchase price was \$75.0 million, which included \$62.0 million of land and construction in progress. We plan to invest in the further development of these properties and the enhancement of the existing infrastructure.

Summarized statement of operations for the year ended December 31, 2006 and the period from August 8, 2005 (acquisition date) to December 31, 2005 is as follows (in \$000s):

	Year Ended December 31, 2006	Period August 8, 2005 to December 31, 2005
Revenues	\$ 957,656	\$ 472,681
Costs and expenses:		
Cost of sales	901,735	421,408
Selling, general and administrative	160,911	72,044
Restructuring and impairment charges	45,647	1,658
Total costs and expenses	1,108,293	495,110
Operating loss	\$ (150,637)	\$ (22,429)

A relatively small number of customers have historically accounted for a significant portion of WPI's net revenue. During the year ended December 31, 2006 and the period August 8, 2005 to December 31, 2005, sales to six customers amounted to approximately 49.9% of net revenues. One customer accounted for 15% or more of WPI's net revenue in both periods.

For the year ended December 31, 2006, total depreciation was \$31.6 million, of which \$25.5 million was included in cost of sales and \$6.1 million was included in selling, general and administrative expenses. Total expenses for the year included \$33.3 million of impairment charges related to the fixed assets of plants that have been or will be closed and \$12.3 million of restructuring charges (of which approximately \$3.4 million relates to severance and \$8.9 million

relates to continuing costs of closed plants).

Impairment and restructuring charges for the year ended December 31, 2006 are included in Home Fashion operating expenses in the accompanying consolidated statements of operations.

To improve WPI's competitive position, we intend to continue to restructure its operations to significantly reduce its cost of goods sold by closing certain plants located in the United States, sourcing goods from lower cost overseas facilities, and acquiring overseas manufacturing facilities. The Company has incurred impairment charges to write-down the value of WPI plants taken out of service to their estimated liquidation value. As of December 31, 2006, approximately \$139.5 million of WPI's assets are located outside of the United States, primarily in Bahrain.

3. Operating Units – (continued)

Included in restructuring expenses are cash charges associated with the ongoing costs of closed plants, employee severance, benefits and related costs. The amount of accrued restructuring costs at December 31, 2005 was \$0.1 million. During the year ended December 31, 2006, we incurred additional restructuring costs of \$12.3 million, of which \$11.2 million was paid during the period. As of December 31, 2006, the accrued liability balance was \$1.2 million which is included in accounts payable and accrued expenses in our consolidated balance sheet.

Total cumulative impairment and restructuring charges for the period from acquisition, August 5, 2005, through December 31, 2006, were \$47.3 million.

We expect that restructuring charges will continue to be incurred throughout 2007. As of December 31, 2006, WPI expects to incur additional restructuring costs and impairment charges over the next year relating to the current restructuring plan of between \$25.0 million and \$30.0 million. Restructuring costs could be affected by, among other things, our decision to accelerate or delay restructuring efforts. As a result, actual costs incurred could vary materially from these amounts.

4. Acquisitions**Gaming**

As described above, on May 19, 2006, our wholly-owned subsidiaries, AREP Laughlin and AREP Boardwalk Properties, completed the purchases of the Aquarius and the Traymore site, respectively, from affiliates of Harrah's. The transactions were completed pursuant to an asset purchase agreement, dated as of November 28, 2005, between AREP Laughlin, AREP Boardwalk LLC, Harrah's and certain affiliates of Harrah's. Under the agreement, AREP Laughlin acquired the Aquarius and AREP Boardwalk Properties, an assignee of AREP Boardwalk LLC, acquired the Traymore site for an aggregate purchase price of approximately \$170 million (excluding transaction costs and working capital of approximately \$5.7 million). On November 17, 2006, we sold the Traymore site to Pinnacle. The Aquarius is located on approximately 18 acres of land located next to the Colorado River in Laughlin, Nevada and is a tourist-oriented gaming and entertainment destination property. The Aquarius is the largest hotel in Laughlin, with 1,907 rooms in two 15-story towers, a 57,000 square-foot casino, five fast food franchise restaurants and four restaurants, a parking garage with capacity for 2,420 cars, over 35,000 square-feet of meeting space and a 3,300-seat amphitheater. The property also features an outdoor pool, fitness center and lighted tennis courts.

The following table summarizes the estimated fair values of the net assets acquired on May 19, 2006 (in \$000s):

	Aquarius	May 19, 2006 Fair Value Traymore Site	Total
Current assets	\$ 7,172	\$ —	\$ 7,172
Land	13,000	61,651	74,651
Building and equipment	95,336	—	95,336
Intangible assets	2,939	—	2,939
Assets acquired	118,447	61,651	180,098
Liabilities assumed	(4,874)	—	(4,874)
Net assets acquired	\$ 113,573	\$ 61,651	\$ 175,224

The purchase price allocations for the Aquarius are based on estimated fair values as determined by independent appraisers. If the acquisitions of the Aquarius and the Traymore site had occurred at the beginning of 2006, our

consolidated unaudited pro forma net revenue, net income and diluted earnings per share for the year ended December 31, 2006 would not have been materially different than the amounts we reported, and, therefore, pro forma results are not presented.

The results of operations of the Aquarius from May 19, 2006 to December 31, 2006 are included in the Company's consolidated results of operations for the year ended December 31, 2006.

Home Fashion

On August 8, 2005, we acquired 13.2 million, or 67.7%, of the 19.5 million outstanding common shares of WPI. In consideration for the shares, we paid \$219.9 million in cash and received the balance in respect of a portion of the debt of WestPoint Stevens owned by us. Pursuant to the asset purchase agreement between WPI and WestPoint Stevens, rights to subscribe for an additional 10.5 million shares of common stock at a price of \$8.772 per share, or the rights offering, were allocated among former creditors of WestPoint Stevens. Under the asset purchase agreement and the bankruptcy court order approving the sale, we would have received rights to subscribe for 2.5 million of such shares and we agreed to purchase up to an additional 8.0 million shares of common stock to the extent that any rights were not exercised by the holders of such rights. Accordingly, upon completion of the rights offering and depending upon the extent to which the other holders exercise certain subscription rights, we would beneficially own between 15.7 million and 23.7 million shares of WPI common stock representing between 52.3% and 79.0% of the 30.0 million shares that would then be outstanding.

The foregoing description assumes that the subscription rights are allocated and exercised in the manner set forth in the asset purchase agreement and the sale order. However, certain of the first lien creditors of WestPoint Stevens appealed portions of the bankruptcy court's ruling. In connection with that appeal, the subscription rights distributed to the second lien lenders at closing were placed in escrow. Additionally, the first lien creditors and Beal Bank, S.S.B have filed a complaint in Delaware seeking among other relief, an order to "unwind" the issuance of the preferred stock, or, alternatively, directing that such stock be held in escrow. We are vigorously contesting the Delaware action and any changes to the sale order. As a result of the bankruptcy proceedings and the Delaware proceedings, we may own less than a majority of WPI's shares of common stock and our ownership of the preferred stock may also be affected. If we were to lose control of WPI, it could adversely affect WPI's business and the value of our investment.

On December 20, 2006, we acquired (1) 1,000,000 shares of Series A-1 Preferred Stock for a purchase price of \$100 per share, for an aggregate purchase price of \$100.0 million, and (2) 1,000,000 shares of Series A-2 Preferred Stock for a purchase price of \$100.0 per share, for an aggregate purchase price of \$100.0 million. Each of the Series A-1 Preferred Stock and Series A-2 Preferred Stock have a 4.50% annual dividend rate which is paid quarterly. For the first two years after issuance, the dividends are paid in the form of additional preferred stock. Thereafter, the dividends are to be paid in either cash or in additional preferred stock at the option of WPI. Each of Series A-1 Preferred Stock and Series A-2 Preferred Stock is convertible into common shares of WPI at a rate of \$10.50 per share, subject to certain anti-dilution provisions. Assuming full conversion of both series of preferred stock into common shares, prior to completion of the rights offering, we would have owned, as of December 31, 2006, 32.2 million shares, representing 83.7% of the 38.5 million shares that would then have been outstanding. Assuming the rights offering were to have been completed as of December 31, 2006, we would have owned between 32.7 million shares or 69.5% and 34.0 million shares or 84.4% of the 47.0 million shares or 40.3 million shares of WPI common stock, respectively, that would be outstanding depending upon the extent to which the other shareholders exercised their subscription rights.

We consolidated the operating results and balance sheets of WPI as of December 31, 2006 and 2005 and for the period from the date of acquisition through December 31, 2006. If we were to own less than 50% of the outstanding common stock and lose control of WPI, we no longer would consolidate it and our financial statements could be materially different than those presented as of December 31, 2006 and 2005 and for the periods then ended.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed on August 8, 2005. The purchase price allocations are based on estimated fair values as determined by independent appraisers (in \$000s):

	August 8, 2005 Fair Value	Excess Fair Value Over Cost	Basis August 8, 2005

The amount allocated to intangible assets was attributed to trademarks, which have been determined to have an indefinite life.

Our basis in WPI is less than our share of the equity in WPI by \$110.7 million as of August 8, 2005. The excess of fair value over cost of net assets acquired has been reflected as a reduction of long-lived assets in our consolidated balance sheet. Fixed assets were reduced by \$98.4 million and intangible assets were reduced by \$12.3 million. As a result, the financial statements of WPI presented herein could be materially different from the results reflected in the books and records of WPI.

The following table summarizes unaudited pro forma financial information assuming the acquisition of WPI had occurred on January 1, 2004. This unaudited pro forma financial information does not necessarily represent what would have occurred if the transaction had taken place on the dates presented and should not be taken as representative of our future consolidated results of operations or financial position.

5. Discontinued Operations and Assets Held for Sale***The Sands and Related Assets***

On November 17, 2006, Atlantic Coast, ACE, AREH, and certain other entities owned by or affiliated with AREH completed the sale to Pinnacle of the outstanding membership interests in ACE and 100% of the equity interests in certain subsidiaries of AREH which own parcels of real estate adjacent to The Sands, including 7.7 acres of land adjacent to The Sands known as the Traymore site. We own, through subsidiaries, approximately 67.6% of Atlantic Coast, which owned 100% of ACE. The aggregate price was approximately \$274.8 million, of which approximately \$200.6 million was paid to Atlantic Coast and approximately \$74.2 million was paid to affiliates of AREH for subsidiaries which own the Traymore site and the adjacent properties. Under the terms of the agreement, \$50.0 million of the purchase price paid to Atlantic Coast was deposited into escrow to fund indemnification obligations with regard to the GBH creditors' claims. In February 2007 we resolved all outstanding litigation involving our interest in our Atlantic City gaming operations. See Note 20. Subsequent Events.

Oil and Gas Operations

On November 21, 2006, our indirect wholly-owned subsidiary, AREP O & G Holdings, consummated the sale of all of the issued and outstanding membership interests of NEG Oil & Gas to SandRidge, for consideration consisting of \$1.025 billion in cash, 12,842,000 shares of SandRidge's common stock, valued, at the date of closing, at \$18 per share, and the repayment by SandRidge of \$300.0 million of debt of NEG Oil & Gas.

SandRidge is a working interest owner and the operator of a majority of the Longfellow Ranch area oil and gas properties. The interest in Longfellow Ranch was the single largest oil and gas property owned by NEG Oil & Gas. On November 21, 2006, pursuant to an agreement dated October 25, 2006 among AREH, NEG Oil & Gas and NEGI, NEGI 1 sold its membership interest in NEG Holding to NEG Oil & Gas for consideration of approximately \$261.1 million. Of that amount, \$149.6 million was used to repay the principal of and accrued interest with respect to the NEGI 10.75% senior notes due 2007, all of which was held by us.

Real Estate

Certain of our real estate properties are classified as discontinued operations. The properties classified as discontinued operations have changed during 2006 and, accordingly, certain amounts in the accompanying 2005 and 2004 financial statements have been reclassified to conform to the current classification of properties.

5. Discontinued Operations and Assets Held for Sale – (continued)*GBH Impairment*

On September 29, 2005, GBH filed a voluntary petition for bankruptcy relief under Chapter 11 of the U.S. Bankruptcy Code. As a result of this filing, we determined that we no longer control GBH and have deconsolidated our investment effective the date of the bankruptcy filing. As a result of GBH's bankruptcy, we recorded impairment charges of \$52.4 million related to the write-off of the remaining carrying amount of our investment (\$6.7 million) and also to reflect a dilution in our effective ownership percentage of Atlantic Coast, 41.7% of which is owned directly by GBH (\$45.7 million).

In the year ended December 31, 2004, we recorded an impairment loss of \$15.6 million on our equity investment in GBH. The purchase price pursuant to an agreement to purchase additional shares of GBH in 2005 indicated that the fair value of our investment was less than our carrying value. An impairment charge was recorded to reduce the carrying value to the value implicit in the purchase agreement.

We recorded \$34.5 million of income tax benefits in the third quarter of 2006 as a result of the reversal of deferred tax valuation allowances for our oil and gas and Atlantic City gaming operations. See Note 16, Income Taxes, for further information.

Supplemental Reserve Information (Unaudited)

The accompanying tables present information concerning our oil and natural gas producing activities during the period from January 1, 2006 to November 21, 2006 and the years ended December 31, 2005 and 2004 and are prepared in accordance with SFAS No. 69, *Disclosures about Oil and Gas Producing Activities*.

Estimates of our proved reserves and proved developed reserves were prepared by independent firms of petroleum engineers, based on data supplied to them by NEG Oil & Gas. Estimates relating to oil and gas reserves are inherently imprecise and may be subject to substantial revisions due to changing prices and new information, such as reservoir performance, production data, additional drilling and other factors becomes available.

5. Discontinued Operations and Assets Held for Sale – (continued)

Proved reserves are estimated quantities of oil, natural gas, condensate and natural gas liquids which geological and engineering data demonstrate with reasonable certainty to be recoverable in future years from known reservoirs under existing economic and operating conditions. Natural gas liquids and condensate are included in oil reserves. Proved developed reserves are those proved reserves that can be expected to be recovered through existing wells with existing equipment and operating methods. Proved undeveloped reserves include those reserves expected to be recovered from new wells on undrilled acreage or existing wells on which a relatively major expenditure is required for recompletion. Natural gas quantities represent gas volumes which include amounts that will be extracted as natural gas liquids. Our estimated net proved reserves and proved developed reserves of oil and condensate and natural gas for the period from January 1, 2006 to November 21, 2006 and the years ended December 31, 2005 and 2004 were as follows:

6. Related Party Transactions

We have entered into several transactions with entities affiliated with Mr. Icahn. The transactions include purchases by us of businesses and business interests, including debt, of the affiliated entities. Additionally, other transactions have occurred as described below.

All related party transactions are reviewed and approved by our Audit Committee. Where appropriate, our Audit Committee will obtain independent financial advice and counsel on the transactions.

In accordance with generally accepted accounting principles, assets transferred between entities under common control are accounted for at historical cost similar to a pooling of interest, and the financial statements of previously separate companies for periods prior to the acquisition are restated on a combined basis. Additionally, the earnings, losses, capital contribution and distributions of the acquired entities are allocated to the general partner as an adjustment to equity, as is the difference between the consideration paid and the book basis of the entity acquired.

a. Acquisitions***Oil and Gas***

In October 2003, pursuant to a purchase agreement dated as of May 16, 2003, we acquired certain debt and equity securities of NEGI from entities affiliated with Mr. Icahn for an aggregate cash consideration of \$148.1 million plus \$6.7 million in cash for accrued interest on the debt securities. The securities acquired were \$148.6 million in principal amount of outstanding 10.75% senior notes due 2006 of NEGI and 5,584,044 shares of common stock of NEGI. As a result of the foregoing transaction and the acquisition by us of additional securities of NEGI prior to the closing, we beneficially owned in excess of 50% of the outstanding common stock of NEGI. In connection with the acquisition of stock in NEGI, the excess of cash disbursed over the historical cost, which amounted to \$2.8 million, was charged to the general partner's equity. NEGI owned a 50% interest in NEG Holdings; the other 50% interest in NEG Holdings was held by an affiliate of Mr. Icahn prior to our acquisition of the interest during the second quarter of 2005. NEG Holdings owned NEG Operating LLC ("Operating LLC") which owned operating oil and gas properties managed by NEGI.

6. Related Party Transactions – (continued)

On December 6, 2004, we purchased from affiliates of Mr. Icahn \$27.5 million aggregate principal amount, or 100% of the outstanding term notes issued by TransTexas, (the “TransTexas Notes”). The purchase price was \$28.2 million in cash, which equaled the principal amount of the TransTexas Notes plus accrued but unpaid interest.

In December 2004, we purchased all of the membership interests of MidRiver LLC, or MidRiver, from affiliates of Mr. Icahn for an aggregate purchase price of \$38.0 million. The assets of Mid River consist of \$38.0 million principal amount of term loans of Panaco.

In January 2005, we entered into an agreement to acquire TransTexas (subsequently known as National Onshore), Panaco (subsequently known as National Offshore) and the membership interest in NEG Holdings other than that already owned by NEGI for cash consideration of \$180.0 million and depository units valued, in the aggregate, at \$445.0 million, from affiliates of Mr. Icahn. The acquisition of TransTexas was completed on April 6, 2005 for \$180.0 million in cash. The acquisition of Panaco and the membership interest in NEG Holdings was completed on June 30, 2005 for 15,344,753 depository units, valued at \$445.0 million.

As discussed above, on November 21, 2006, our indirect wholly-owned subsidiary, AREP O & G Holdings, consummated the sale of all of the issued and outstanding membership interests of NEG Oil & Gas to SandRidge. See Note 5 for additional information regarding the sale.

Gaming*Las Vegas Properties*

In January 2004, ACEP entered into an agreement to acquire Arizona Charlie’s Decatur and Arizona Charlie’s Boulder, from Mr. Icahn and an entity affiliated with Mr. Icahn, for aggregate consideration of \$125.9 million. The acquisition was completed on May 26, 2004.

Atlantic City Property

In 1998 and 1999, we acquired an interest in The Sands, by purchasing the principal amount of \$31.4 million of first mortgage notes issued by GB Property Funding Corp. or GB Property. The purchase price for the notes was \$25.3 million. GB Property was organized as a special purpose entity by Greate Bay Hotel and Casino, Inc. or Greate Bay for the purpose of borrowing funds. Greate Bay was a wholly-owned subsidiary of GBH. An affiliate of the general partner also made an investment. A total of \$185.0 million in notes were issued.

In January 1998, GB Property and Greate Bay filed for bankruptcy protection under Chapter 11 of the Bankruptcy Code to restructure its long-term debt.

In July 2000, the U.S. Bankruptcy Court ruled in favor of the reorganization plan proposed by affiliates of the general partner which provided for an additional investment of \$65.0 million by the Icahn affiliates in exchange for a 46% equity interest in GBH, with bondholders (which also included the Icahn affiliates) to receive \$110.0 million principal amount of new notes of GB Property First Mortgage, or the GB Notes, and a 54% equity interest in GBH. Interest on the GB Notes was payable at the rate of 11% per annum on March 29 and September 29, beginning March 29, 2001. The outstanding principal was due September 29, 2005. The principal and interest that was due on September 29, 2005 was not paid. On September 29, 2005, GBH filed for bankruptcy for protection under Chapter 11 of the Bankruptcy Code.

Until July 22, 2004, Greate Bay was the owner and operator of The Sands. Atlantic Coast was a wholly-owned subsidiary of Greate Bay which was a wholly-owned subsidiary of GBH. ACE is a wholly-owned subsidiary of Atlantic Coast. Atlantic Coast and ACE were formed in connection with a transaction (the “Transaction”), which included a Consent Solicitation and Offer to Exchange in which holders of the GB Notes were given the opportunity to exchange such notes, on a dollar for dollar basis, for \$110.0 million of 3% Notes due 2008 (the “3% Notes”),

issued by Atlantic Coast. The Transaction and the Consent Solicitation and Offer to Exchange were consummated on July 22, 2004, and holders of \$66.3 million of GB Notes exchanged such notes for \$66.3 million Atlantic Coast 3% Notes. Also on July 22, 2004, in connection with the Consent Solicitation and Offer to Exchange, the indenture governing the GB Notes was amended to eliminate certain covenants and to release the liens on the collateral securing such notes. The Transaction included, among other things, the transfer of substantially all of the assets of GBH to Atlantic Coast.

The Atlantic Coast 3% Notes are guaranteed by ACE. Also on July 22, 2004, in connection with the consummation of the Transaction and the Consent Solicitation and Offer to Exchange, GB Property and Greate Bay merged into GBH, with GBH as the surviving entity. In connection with the transfer of the assets and certain liabilities of GBH, including the assets and certain liabilities of Greate Bay, Atlantic Coast issued 2,882,937 shares of common stock, par value \$0.01 per share, to Greate Bay which, following the merger of Greate Bay became the sole asset of GBH.

Substantially all of the assets and liabilities of GBH and Greate Bay (with the exception of the remaining GB Notes and accrued interest thereon, the Atlantic Coast Common Stock, and the related pro rata share of deferred financing costs) were transferred to Atlantic Coast or ACE. As part of the Transaction, an aggregate of 10,000,000 warrants were distributed on a pro rata basis to the stockholders of GBH upon the consummation of the Transaction. Such warrants allow the holders to purchase from Atlantic Coast at an exercise price of \$0.01 per share, an aggregate of 2,750,000 shares of Atlantic Coast Common Stock and are only exercisable following the earlier of (a) either the 3% Notes being paid in cash or upon conversion, in whole or in part, into Atlantic Coast Common Stock, (b) payment in full of the outstanding principal of the GB Notes exchanged, or (c) a determination by a majority of the board of directors of Atlantic Coast (including at least one independent director of Atlantic Coast) that the Warrants may be exercised. A gaming license to operate The Sands was granted to ACE by the New Jersey Casino Control Commission.

On December 27, 2004, we purchased \$37.0 million principal amount of Atlantic Coast 3% Notes from two Icahn affiliates for cash consideration of \$36.0 million. We already owned \$26.9 million principal amount of 3% Notes.

On May 17, 2005, we (1) converted \$28.8 million in principal amount of 3% Notes into 1,891,181 shares of Atlantic Coast common stock and (2) exercised warrants to acquire 997,620 shares of Atlantic Coast common stock. Also on May 17, 2005, affiliates of Mr. Icahn exercised warrants to acquire 1,133,284 shares of Atlantic Coast common stock. Prior to May 17, 2005, GBH owned 100% of the outstanding Common Stock of Atlantic Coast.

On June 30, 2005, we completed the purchase of 4,121,033 shares of common stock of GBH and 1,133,284 shares of Atlantic Coast from affiliates of Mr. Icahn in consideration of 413,793 of our depositary units. The agreement provided that up to an additional 206,897 depositary units could be issued if Atlantic Coast met certain earnings targets during 2005 and 2006. The depositary units issued in consideration for the acquisitions were valued at \$12.0 million. Based on the 2005 and 2006 operating performance of The Sands, no additional depositary units have been issued.

After the purchases from affiliates of Mr. Icahn, we owned 77.5% of the common stock of GBH and 58.2% of the common stock of Atlantic Coast. As a result, we obtained control of GBH and Atlantic Coast. The period of common control for GBH and Atlantic Coast began prior to January 1, 2002. The financial statements give retroactive effect to the consolidation of GBH and Atlantic Coast. We had previously accounted for GBH on the equity method. On September 29, 2005, GBH filed for bankruptcy.

On November 17, 2006, we completed the sale to Pinnacle of the outstanding membership interests in ACE which owns The Sands and 100% of the equity interests in certain subsidiaries of AREH which own parcels of real estate adjacent to The Sands, including the Traymore site. See Note 5 for additional information regarding the sale.

b. Administrative Services

In 1997, we entered into a license agreement with an affiliate of API for office space. The license agreement expired in June 2005. In July 2005, we entered into a new license agreement with an API affiliate for the non-exclusive use of approximately 1,514 square feet for which we pay monthly base rent of \$13,000 plus 16.4% of certain “additional rent.” The license agreement expires in May 2012. Under the agreement, base rent is subject to increases in July 2008 and December 2011. Additionally, we are entitled to certain annual rent credits each December beginning December 2005 and continuing through December 2011. For the years ended December 31, 2006, 2005 and 2004, we paid such affiliate \$162,000, \$138,000 and \$162,000, respectively, in connection with this licensing agreement.

An affiliate occupies a portion of certain office space leased by us. Monthly payments from the affiliate for the use of the space began on October 12, 2006. For the period beginning October 12, 2006 and ending December 31, 2006, we received \$17,000 for the use of such space.

For the years ended December 31, 2006, 2005 and 2004, we paid \$783,000, \$1,016,000 and \$506,000, respectively, to XO Holdings, Inc., formerly known as XO Communications, Inc., an affiliate of the general partner, for telecommunication services.

An affiliate of the general partner provided certain professional services to us for which we incurred charges from the affiliate of \$344,986 and \$81,600 for the years ended December 31, 2005 and 2004, respectively. No charges were incurred in 2006.

We provided certain professional services to an affiliate of the general partner for which we charged \$695,000, \$324,548 and \$80,000 for the years ended December 31, 2006, 2005 and 2004, respectively. In October 2006, an affiliate remitted \$355,691 to us as an advance payment for future services. As of December 31, 2006, current liabilities in the consolidated balance sheet included \$287,380 to be applied to our charges to the affiliate for services to be supplied to it.

An affiliate provided certain professional services to WPI for which it incurred charges of approximately \$218,000 for the year ended December 31, 2006.

c. Related Party Debt Transactions

In connection with TransTexas’ plan of reorganization on September 1, 2003, TransTexas as borrower, entered into the Restructured Oil and Gas (O&G) Note with Thornwood, an affiliate of Mr. Icahn, as lender. The Restructured O&G Note was a term loan in the amount of \$32.5 million with interest at a rate of 10% per annum. Interest was payable semi-annually commencing six months after the effective date. Annual principal payments in the amount of \$5.0 million was due on the first through fourth anniversary dates of the effective date with the final principal payment of \$12.5 million due on the fifth anniversary of the effective date. The Restructured O&G Note was purchased by us in December 2004 and is eliminated in consolidation.

During fiscal year 2002, Fresca, LLC, which was acquired by American Casino in May 2004, entered into an unsecured line of credit in the amount of \$25.0 million with Starfire Holding Corporation, or Starfire, an affiliate of Mr. Icahn. The outstanding balance, including accrued interest, was due and payable on January 2, 2007. As of December 31, 2003, Fresca, LLC had \$25.0 million outstanding. The note bore interest on the unpaid principal balance from January 2, 2002 until maturity at the rate per annum equal to the prime rate, as established by Fleet Bank, from time to time, plus 2.75%. Interest was payable semi-annually in arrears on the first day of January and July, and at maturity. The note was guaranteed by Mr. Icahn. The note was repaid during May 2004. The interest rate at December 31, 2003 was 6.75%.

The gross realized gains on available for sale securities sold for the years ended December 31, 2006, 2005 and 2004 were \$47,522, \$8,552 and \$37,200, respectively. For purposes of determining gains and losses, the cost of securities is based on specific identification. Net unrealized holding gains (losses) on available for sale securities in the amount of \$29,684, \$(4,197) and \$(9,535) for the years ended December 31, 2006, 2005 and 2004, respectively, have been included in accumulated other comprehensive income.

In the third quarter of 2005, we began using the services of an unaffiliated third party investment manager to manage certain fixed income investments. At December 31, 2006 and 2005, \$163.7 million and \$448.8 million, respectively, had been invested at the discretion of such manager in a diversified portfolio consisting predominantly of short-term investment grade debt securities. Investments managed by the third party investment manager are classified as available for sale securities in the accompanying consolidated balance sheets. As of December 31, 2006, accrued expenses and other current liabilities included \$46.4 million relating to unsettled trades of securities.

Included in other securities are 12,842,000 shares of SandRidge's common stock, received as consideration for the sale of our Oil & Gas operations, and which are valued at \$231.2 million as of December 31, 2006. There is no readily available market for such securities.

Investment in ImClone Systems Incorporated

As described in Note 2 above, in the fourth quarter of 2006 we changed our method of accounting for our investment in ImClone Systems Incorporated to the equity method of accounting. As a result, the financial statements of prior years have been adjusted to apply the new method retrospectively.

The effect of the change increased our 2006 net income by \$12.6 million. The financial statements for 2005 have been retrospectively adjusted for the change, which resulted in an increase of net income for 2005 of \$1.4 million. The cumulative effect of the change resulted in an increase and decrease in our total partners' equity by \$42.2 million and \$2.9 million at December 31, 2006 and 2005, respectively, as a result of recording our proportionate share of ImClone's net income, other comprehensive income and other changes in ImClone's stockholders' equity.

7. Investments and Related Matters – (continued)

At December 31, 2006 and 2005 our carrying value of our equity investment in ImClone was \$164.3 million and \$97.3 million, respectively. As of December 31, 2006, the market value of our ImClone shares held was \$122.2 million. As of September 30, 2006 our underlying equity in the net assets of ImClone was approximately \$36.3 million. While we recognize that the carrying value of our investment in ImClone as of December 31, 2006 is greater than the market value of our shares held, we do not believe that this is an other than temporary decline and accordingly no impairment has been recognized.

The equity method of accounting requires an evaluation comparing the company's investment to the fair value of ImClone's underlying net assets at each acquisition date. Since the Company changed its method of accounting in the fourth quarter of 2006, we have not yet been able to evaluate all of the factors required in order to complete this analysis. We anticipate that such evaluation will be completed in 2007.

The combined results of operations and financial position of ImClone for the periods indicated are as follows (in \$000s):

	Nine Months Ended September 30, 2006	Year Ended December 31, 2005

Margin Liability on Marketable Securities

At December 31, 2005, a liability of \$13.1 million was recorded related to purchases of securities from a broker that had been made on margin. There was no margin liability outstanding at December 31, 2006. The margin liability is secured by the securities we purchased and cannot exceed certain pre-established percentages of the fair market value of the securities collateralizing the liability. If the balance of the margin exceeds certain pre-established percentages of the fair market value of the securities collateralizing the liability, we will be subject to a margin call and required to

fund the account to return the margin balance to certain pre-established percentages of the fair market value of the securities collateralizing the liability.

13. Long-Term Debt – (continued)

As described below, the notes restrict the ability of AREP and AREH, subject to certain exceptions, to, among other things: incur additional debt; pay dividends or make distributions; repurchase depository units; create liens; and enter into transactions with affiliates.

Senior unsecured 8.125% notes due 2012

On May 12, 2004, AREP and AREH closed on their offering of senior notes due 2012. The notes, in the aggregate principal amount of \$353 million, were priced at 99.266% of principal amount. The notes have a fixed annual interest rate of 8 1/8%, which will be paid every six months on June 1 and December 1, commencing December 1, 2004. The notes will mature on June 1, 2012. AREH is a guarantor of the debt. No other subsidiaries guarantee payment on the notes.

As described below, the notes restrict the ability of AREP and AREH, subject to certain exceptions, to, among other things; incur additional debt; pay dividends or make distributions; repurchase depository units; create liens; and enter into transactions with affiliates.

Senior unsecured notes restrictions and covenants

Both issuances of our senior unsecured notes restrict the payment of cash distributions, the purchase of equity interests or the purchase, redemption, defeasance or acquisition of debt subordinated to the senior unsecured notes. The notes also restrict the incurrence of debt or the issuance of disqualified stock, as defined, with certain exceptions, provided that we may incur debt or issue disqualified stock if, immediately after such incurrence or issuance, the ratio of the aggregate principal amount of all outstanding indebtedness of AREP and its subsidiaries on a consolidated basis to the tangible net worth of AREP and its subsidiaries on a consolidated basis would have been less than 1.75 to 1.0. As of December 31, 2006, such ratio was less than 1.75 to 1.0. Based on this ratio, we and AREH could have incurred up to approximately \$1.6 billion of additional indebtedness.

In addition, both issuances of notes require that on each quarterly determination date we and the guarantor of the notes (currently only AREH) maintain a minimum ratio of cash flow to fixed charges each as defined, of 1.5 to 1.0, for the four consecutive fiscal quarters most recently completed prior to such quarterly determination date. For the four quarters ended December 31, 2006, the ratio of cash flow to fixed charges was greater than 1.5 to 1.0.

The notes also require, on each quarterly determination date, that the ratio of total unencumbered assets, as defined, to the principal amount of unsecured indebtedness, as defined, be greater than 1.5 to 1.0 as of the last day of the most recently completed fiscal quarter. As of December 31, 2006, such ratio was in excess of 1.5 to 1.0.

The notes also restrict the creation of liens, mergers, consolidations and sales of substantially all of our assets, and transactions with affiliates.

As of December 31, 2006, we were in compliance with each of the covenants contained in our senior unsecured notes. We expect to be in compliance with each of the debt covenants for the period of at least twelve months from December 31, 2006.

AREP Senior Secured Revolving Credit Facility

On August 21, 2006, we and AREP Finance as the Borrowers, and certain of our subsidiaries, as Guarantors, entered into a credit agreement with Bear Stearns Corporate Lending Inc., as Administrative Agent, and certain other lender parties. Under the credit agreement, we are permitted to borrow up to \$150.0 million, including a \$50.0 million sub-limit that may be used for letters of credit. Borrowings under the agreement, which are based on our credit rating, bear interest at LIBOR plus 1.0% to 2.0%. We pay an unused line fee of 0.25% to 0.5%. As of December 31, 2006, there were no borrowings under the facility.

13. Long-Term Debt – (continued)

Obligations under the credit agreement are guaranteed by and secured by liens on substantially all of the assets of certain of our indirect wholly-owned holding company subsidiaries. The credit agreement has a term of four years and all amounts will be due and payable on August 21, 2010. The credit agreement includes covenants that, among other things, restrict the creation of liens and certain dispositions of property by our wholly-owned holding company subsidiaries that are guarantors. Obligations under the credit agreement are immediately due and payable upon the occurrence of certain events of default.

Senior secured 7.85% notes due 2012 — ACEP

In January 2004, ACEP issued senior secured notes due 2012. The notes, in the aggregate principal amount of \$215.0 million, bear interest at the rate of 7.85% per annum, which will be paid every six months, on February 1 and August 1.

ACEP's 7.85% senior secured notes due 2012 restrict the payment of cash dividends or distributions by ACEP, the purchase of its equity interests, the purchase, redemption, defeasance or acquisition of debt subordinated to ACEP's notes and investments as "restricted payments." ACEP's notes also prohibit the incurrence of debt or the issuance of disqualified or preferred stock, as defined, by ACEP, with certain exceptions, provided that ACEP may incur debt or issue disqualified stock if, immediately after such incurrence or issuance, the ratio of consolidated cash flow to fixed charges (each as defined) for the most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional indebtedness is incurred or disqualified stock or preferred stock is issued would have been at least 2.0 to 1.0, determined on a pro forma basis giving effect to the debt incurrence or issuance. As of December 31, 2006, such ratio was in excess of 2.0 to 1.0. The ACEP notes also restrict the creation of liens, the sale of assets, mergers, consolidations or sales of substantially all of its assets, the lease or grant of a license, concession, other agreements to occupy, manage or use ACEP's assets, the issuance of capital stock of restricted subsidiaries and certain related party transactions. The ACEP notes allow it to incur indebtedness, among other things, of up to \$50.0 million under credit facilities, non-recourse financing of up to \$15.0 million to finance the construction, purchase or lease of personal or real property used in its business, permitted affiliate subordinated indebtedness (as defined), the issuance of additional 7.85% senior secured notes due 2012 in an aggregate principal amount not to exceed 2.0 times net cash proceeds received from equity offerings and permitted affiliate subordinated debt, and additional indebtedness of up to \$10.0 million.

ACEP Senior Secured Revolving Credit Facility

Effective May 11, 2006, ACEP, and certain of ACEP's subsidiaries, as Guarantors, entered into an amended and restated credit agreement with Wells Fargo Bank N.A., as syndication agent, Bear Stearns Corporate Lending Inc., as administrative agent, and certain other lender parties. As of December 31, 2006, the interest rate on the outstanding borrowings under the credit facility was 6.85% per annum. The credit agreement amends and restates, and is on substantially the same terms as, a credit agreement entered into as of January 29, 2004. Under the credit agreement, ACEP will be permitted to borrow up to \$60.0 million. Obligations under the credit agreement are secured by liens on substantially all of the assets of ACEP and its subsidiaries. The credit agreement has a term of four years and all amounts will be due and payable on May 10, 2010. As of December 31, 2006, there were \$40.0 million of borrowings under the credit agreement. The borrowings were incurred to finance a portion of the purchase price of the Aquarius. The credit agreement includes covenants that, among other things, restrict the incurrence of additional indebtedness by ACEP and its subsidiaries, the issuance of disqualified or preferred stock, as defined, the creation of liens by ACEP or its subsidiaries, the sale of assets, mergers, consolidations or sales of substantially all of ACEP's assets, the lease or grant of a license or concession, other agreements to occupy, manage or use ACEP's assets, the issuance of capital stock of restricted subsidiaries and certain related party transactions. The credit agreement also requires that, as of the last date of each fiscal quarter, ACEP's ratio of consolidated first lien debt to consolidated cash flow not be more than 1.0 to 1.0. As of December 31, 2006, such ratio was less than 1.0 to 1.0. As of December 31, 2006, ACEP was in compliance with each of the covenants.

15. Segment Reporting

Through the second quarter of 2006, we maintained the following six reportable segments: (1) Oil and Gas; (2) Gaming; (3) Rental Real Estate; (4) Property Development; (5) Associated Resort Activities; and (6) Home Fashion. Our three real estate related operating and reportable segments are all individually immaterial and have been aggregated for purposes of the accompanying consolidated balance sheets and statements of operations. WPI markets a broad range of manufactured and sourced bed, bath and basic bedding products, including sheets, pillowcases, bedspreads, quilts, comforters and duvet covers, bath towels, bath rugs, beach towels, shower curtains, bath accessories, bedskirts, bed pillows, flocked blankets, woven blankets and throws, and heated blankets and mattress pads.

As described above, on November 21, 2006, we sold all of our Oil and Gas operations to SandRidge Energy, Inc. As a result, our Oil and Gas operations are now classified as discontinued operations and thus are not considered a reportable segment of our continuing operations. We now maintain the five remaining reportable segments. We assess and measure segment operating results based on segment earnings from operations as disclosed below. Segment earnings from operations are not necessarily indicative of cash available to fund cash requirements nor synonymous with cash flow from operations. As discussed above, the terms of financings for the Gaming, Home Fashion and Resorts segments impose restrictions on their ability to transfer funds to us, including restrictions on dividends, distributions, loans and other transactions.

Our operating businesses are organized based on the nature of products and services provided. The accounting policies of the segments are the same as those described in Note 2.

Less: Current portion	(6,589)	(2,307)
Deferred tax asset – Non-current	\$ 48,976	\$ 51,509

A reconciliation of the effective tax rate on continuing operations as shown in the consolidated statement of operations to the federal statutory rate is as follows:

	2006	2005	2004
Federal statutory rate	%		35.0
	35.0	35.0 %	%
Valuation allowance	(104.1)	(110.9)	(2.3)
Income not subject to taxation	15.4	(137.6)	(22.0)
Other	2.1	8.6	1.9
	(51.6)%	(204.9)%	12.6 %

For the year ended December 31, 2006, the valuation allowance on deferred tax assets increased approximately \$47.0 million. The increase is primarily attributable to an \$81.5 million increase attributable to the additional valuation allowance established on the deferred tax assets of WPI, offset by a \$25.7 million reversal of the valuation allowance at Atlantic Coast, and an \$8.8 million reversal of the valuation allowance at NEG.

Gaming Segment

SFAS No. 109 requires that a “more likely than not” criterion be applied when evaluating the realizability of a deferred tax asset. As of December 31, 2005, given Atlantic Coast’s history of losses for income tax purposes and certain other factors, Atlantic Coast had established a valuation allowance of \$27.7 million on its deferred tax assets. However, at December 31, 2006, based on various factors including the sale of its gaming operations and the future taxable income projections from the reinvestment of the sales proceeds, Atlantic Coast determined that it was more likely than not that a significant portion of the deferred tax assets will be realized and removed \$25.7 million of the valuation allowance.

At December 31, 2006, Atlantic Coast had federal net operating loss carryforwards totaling approximately \$41.7 million, which will expire in the years 2023 through 2025. We also had New Jersey net operating loss carryforwards totaling approximately \$0.6 million as of December 31, 2006, which will begin expiring in the year 2012. Additionally, Atlantic Coast had general business credit carryforwards of approximately \$1.4 million which expire in 2009 through 2026, and New Jersey alternative minimum assessment (AMA) credit carryforwards of approximately \$1.9 million, which can be carried forward indefinitely.

16. Income Taxes – (continued)***Oil and Gas Operations***

As of December 31, 2005, NEGI had established a valuation allowance of approximately \$8.8 million due to the uncertainty that it would generate enough future taxable income in order to utilize all of its deferred tax assets. During the year ended December 31, 2006, NEGI generated enough taxable income, primarily from the gain on its sale of its interest in NEG Holdings, to utilize all of its net operating loss carryforwards, and as of December 31, 2006 has no remaining deferred tax assets. Accordingly, during the year ended December 31, 2006, the valuation allowance of \$8.8 million was also reversed.

17. Commitments and Contingencies

We are from time to time parties to various legal proceedings arising out of our businesses. We believe however, that other than the proceedings discussed below, there are no proceedings pending or threatened against us which, if determined adversely, would have a material adverse effect on our business, financial condition, results of operations or liquidity.

Lear Corporation

We have been named as a defendant in various actions recently filed in connection with our agreement and plan of merger to acquire Lear Corporation (See Note 20). The following actions have been filed in the Court of Chancery of State of Delaware, New Castle County; *Market Street Securities, Inc. v. Rossiter, et al*; *Harry Massie, Jr. v. Lear Corporation, et al*; and *Emilio Valentine v. Lear Corporation, et al*. Some of the actions also name certain of our affiliates, AREP Car Holdings, Corp. and AREP Car Acquisition Corp., and one of our directors as defendants. The above referenced actions generally allege that members of Lear's board of directors breached their fiduciary duties to Lear and that we, and in some cases our named affiliates, aided and abetted the Lear directors. All of these cases were filed in February 2007 and thus are in the very preliminary stages. We intend to vigorously defend against these claims.

WPI Litigation

In November and December 2005, the U.S. District Court for the Southern District of New York rendered a decision in *Contrarian Funds Inc. v. WestPoint Stevens, Inc. et al.*, and issued orders reversing certain provisions of the Bankruptcy Court order, or the Sale Order, pursuant to which we acquired our ownership of a majority of the common stock of WPI. WPI acquired substantially all of the assets of WestPoint Stevens, Inc. On April 13, 2006, the Bankruptcy Court entered a remand order, or the Remand Order, which provides, among other things, that all of the shares of common stock and rights to acquire shares of common stock of WPI issued to us and the other first lien lenders or held in escrow pursuant to the Sale Order constituted "replacement collateral", other than 5,250,000 shares of common stock that we acquired for cash. The 5,250,000 shares represent approximately 27% of the 19,498,389 shares of common stock of WPI now outstanding. According to the Remand Order, we would share *pro rata* with the other first lien lenders in proceeds realized from the disposition of the replacement collateral and, to the extent there is remaining replacement collateral after satisfying first lien lender claims, we would share *pro rata* with the other second lien lenders in any further proceeds. We were holders of approximately 39.99% of the outstanding first lien debt and approximately 51.21% of the outstanding second lien debt. On April 13, 2006, the Bankruptcy Court also entered an order staying the Remand Order pending appeal. The parties filed cross-appeals of the Remand Order and Contrarian Funds and certain other first lien lenders, or the Contrarian Group, filed a motion to lift the stay of the Remand Order pending appeal. Oral argument was held in the District Court on October 19, 2006. As of the date hereof, no decision has been issued.

On December 11, 2006, the Contrarian Group filed a motion in the District Court seeking a temporary restraining order, or the NY TRO, restraining WPI from proceeding with a stockholders' meeting scheduled for December 20, 2006, which was to consider corporate actions relating to a proposed offering of \$200 million of preferred stock of WPI, and for related relief. The District Court held a hearing on December 15, 2006, at which it entered an order denying the Contrarian Group's application for the NY TRO.

17. Commitments and Contingencies – (continued)

On December 18, 2006, the Contrarian Group filed an action in the Court of Chancery of the State of Delaware, New Castle County, *Contrarian Funds, LLC, et al v. WestPoint International Inc., et al.*, seeking, among other things, a temporary order restraining the stockholders' meeting and the preferred stock offering. The application was denied by order dated December 19, 2006. The stockholders' meeting took place on December 20, 2006, the preferred stock offering was approved, and other corporate actions were taken. We purchased all of the \$200.0 million of preferred stock.

On January 19, 2007, Beal Bank and the Contrarian Group filed an Amended Complaint, captioned *Beal Bank, S.S.B. et al v. WestPoint International, Inc., et al.* Plaintiffs seek, among other relief, an order declaring that WPI is obliged to register the common stock (other than the 5,250,000 shares purchased by us) in Beal Bank's name, an order declaring certain corporate governance changes implemented in 2005 invalid, an order declaring invalid the actions taken at the December 20, 2006 stockholders' meeting and an order to "unwind" the issuance of the preferred stock, or, alternatively, directing that such preferred stock be held in trust. The Delaware action remains pending and we intend to vigorously defend against such claims.

We currently own approximately 67.7% of the outstanding shares of common stock and 100% of the preferred stock of WPI. As a result of the District Court's order in the Bankruptcy case, the proceedings on remand, and the proceedings in the Delaware action, our percentage of the outstanding shares of common stock of WPI could be reduced to less than 50% and perhaps substantially less and our ownership of the preferred stock of WPI could also be affected. If we were to lose control of WPI, it could adversely affect the business and prospects of WPI and the value of our investment in it. In addition, we consolidated the balance sheet of WPI as of December 31, 2006 and WPI's results of operations for the period from the date of acquisition through December 31, 2006. If we were to own less than 50% of the outstanding common stock or the challenge to our preferred stock ownership is successful, we would have to evaluate whether we should consolidate WPI and if so our financial statements could be materially different than as presented as of December 31, 2006 and December 31, 2005 and for the periods then ended.

We cannot predict the outcome of these proceedings or the ultimate impact on our investment in WPI or the business prospects of WPI.

GBH

On September 29, 2005, GBH filed a voluntary petition for bankruptcy relief under Chapter 11 of the Bankruptcy Code. As a result of this filing, we determined that we no longer control GBH for accounting purposes, and deconsolidated our investment in GBH effective September 30, 2005.

An Official Committee of Unsecured Creditors, or the Committee, of GBH, was formed and, on October 13, 2006, was granted standing by the Bankruptcy Court to commence litigation in the name of GBH against us, ACE, Atlantic Coast and other entities affiliated with Carl C. Icahn, as well as the directors of GBH. The Committee challenged the transaction in July 2004 that, among other things, resulted in the transfer of The Sands to ACE, a wholly owned subsidiary of Atlantic Coast, the exchange by certain holders of GBH's 11% notes for Atlantic Coast 3% senior secured convertible notes due 2008, or the 3% notes, the issuance to the holders of GBH's common stock of warrants allowing the holders to purchase shares of Atlantic Coast common stock and, ultimately, our ownership of approximately 67.6% of the outstanding shares of Atlantic Coast common stock and ownership by GBH ^ of approximately 30.7% of such stock. We also maintained ownership of approximately 77.5% of the outstanding shares of GBH common stock. The Committee originally filed an objection to the allowance of our claims against GBH. The Bankruptcy Court placed the consideration of the Committee's Proposed Plan of Liquidation and Disclosure Statement in abeyance until the resolution of the proposed litigation.

17. Commitments and Contingencies – (continued)

Additionally, on September 2, 2005, Robino Stortini Holdings, LLC, or RSH, which claimed to own beneficially 1,652,590 shares of common stock of GBH, filed a complaint in the Court of Chancery of the State of Delaware against GBH and its Board of Directors seeking appointment of a custodian and receiver for GBH and a declaration that the director defendants breached their fiduciary duties.

During the fourth quarter of 2006, we and other entities affiliated with Mr. Icahn entered into a term sheet with the Committee, GBH and RSH which outlined the resolution of claims relating to the July 2004 transactions. The provisions of the term sheet were incorporated in the Committee's Eighth Modified Chapter 11 Plan of Liquidation of GBH. On January 30, 2007, the Bankruptcy Court approved the plan. On February 22, 2007, in accordance with the plan, we acquired (1) all of the Atlantic Coast common stock owned by GBH for a cash payment of approximately \$52.0 million and in satisfaction of all claims arising under the Loan and Security Agreement, dated as of July 25, 2005, between GBH and us and (2) all of the warrants to acquire Atlantic Coast common stock and the Atlantic Coast common stock owned by RSH for a cash payment of \$3.7 million. As a result, Atlantic coast is our indirect wholly-owned subsidiary. In accordance with the Plan, GBH used the \$52.0 million to pay amounts owed to its creditors, including the holders of GBH's 11% notes and holders of administrative claims and to establish an approximate \$330,000 fund to be distributed pro rata to holders of equity interests in GBH other than us and other Icahn affiliated entities. In addition, we and other Icahn affiliated entities received releases of all direct and derivative claims that could be asserted by GBH, its creditors and stockholders, including RSH. All issues relating to GBH have now been resolved. See Note 20, Subsequent Events.

Other

In the ordinary course of business, we, our subsidiaries and other companies in which we invest are parties to various legal actions. In management's opinion, the ultimate outcome of such legal actions will not have a material effect on our consolidated financial statements taken as a whole.

18. Employee Benefit Plans

Employees of our subsidiaries who are members of various unions are covered by union-sponsored, collectively bargained, multi-employer health and welfare and defined benefit pension plans. Our subsidiaries recorded expenses for such plans of \$14.0 million, \$14.7 million and \$13.3 million for the years ended December 31, 2006, 2005 and

2004, respectively.

18. Employee Benefit Plans – (continued)

We and certain of our subsidiaries have retirement savings plans under Section 401(k) of the Internal Revenue Code covering our non-union employees. The plans allow employees to defer, within prescribed limits, a portion of their income on a pre-tax basis through contributions to the plans. We currently match the deferrals based upon certain criteria, including levels of participation by our employees. We recorded charges for matching contributions of \$1,197,000, \$824,000 and \$840,000 for the years ended December 31, 2006, 2005 and 2004, respectively.

19. Fair Value of Financial Instruments

The estimated fair values of our financial instruments as of December 31, 2006 and 2005 are as follows (in \$000s):

	Carrying Value		Fair Value	
	2006	2005	2006	2005
Investments	\$ 716,797	\$ 818,567	\$ 674,613	\$ 834,413
Long-term debt	1,175,271	1,100,220	1,180,083	1,125,377

In determining fair value of financial instruments, we used quoted market prices when available. For instruments where quoted market prices were not available, we estimated the present values utilizing current risk adjusted market rates of similar instruments. The carrying values of cash and cash equivalents, accounts receivable and payable, other accruals, securities sold under agreements to repurchase and other liabilities are deemed to be reasonable estimates of their fair values because of their short-term nature.

Considerable judgment is necessarily required in interpreting market data used to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that could be realized in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value.

20. Subsequent Events***Debt Offering***

On January 16, 2007, we issued \$500.0 million principal amount of 7 1/8% senior notes due 2013. The notes were issued pursuant to an indenture dated February 7, 2005, between us, as issuer, AREP Finance as co-issuer, AREH, as Guarantor, and Wilmington Trust Company, as trustee. The notes were issued by us at 99.5% of par or a 0.5% discount and the amount paid to us included accrued interest from August 15, 2006 through the issue date. The notes have a fixed annual interest rate of 7 1/8% per annum, which will be paid every six months on February 15 and August 15 commencing on February 15, 2007. The notes will mature on February 15, 2013.

Potential Acquisition of Lear Corporation

On February 9, 2007, we entered into an agreement and plan of merger pursuant to which we would acquire Lear Corporation for aggregate consideration of approximately \$5.2 billion, including the assumption of debt. Lear is a publicly traded company that provides automotive interior systems worldwide. Our agreement with Lear permits Lear to solicit proposals from other potential purchasers for 45 days after the signing of the agreement, until March 26, 2007, after which Lear may continue discussions with any party that has made a bona fide acquisition proposal and respond to unsolicited acquisition proposals until Lear's stockholders approve the transaction with us. Mr. Icahn beneficially owns approximately 15.8% of Lear's outstanding common stock.

Consummation of the Merger is subject to various conditions, including receipt of the affirmative vote of the holders of a majority of the outstanding shares of Lear, antitrust approvals, and other customary closing conditions. Mr. Icahn beneficially owns approximately 15% of Lear's outstanding common stock.

20. Subsequent Events – (continued)

On February 8, 2007, our subsidiary, AREP Car Holdings Corp. entered into a commitment letter with Bank of America, N.A. and Banc of America Securities LLC, pursuant to which Bank of America will act as the initial lender under two senior secured credit facilities in an aggregate amount of \$3.6 billion, consisting of a \$1.0 billion senior secured revolving facility and a \$2.6 billion senior secured term loan B facility. The credit facilities, along with cash on hand, are intended to refinance and replace Lear's existing credit facilities and to fund the transactions contemplated by the merger.

Settlement of GBH Bankruptcy Proceedings

On January 30, 2007, the Eighth Modified Chapter 11 Plan of Liquidation of GBH was approved. On February 22, 2007, in accordance with the plan, we acquired (1) all of the Atlantic Coast common stock owned by GBH for a cash payment of approximately \$52.0 million and in satisfaction of all claims arising under the Loan and Security Agreement, dated as of July 25, 2005, between GBH and us and (2) all of the warrants to acquire Atlantic Coast common stock and the Atlantic Coast common stock owned by RSH for a cash payment of \$3.7 million. As a result, Atlantic Coast is our indirect wholly-owned subsidiary. In accordance with the plan, GBH used the \$52.0 million to pay amounts owed to its creditors, including the holders of GBH's 11% notes and holders of administrative claims and to establish an approximate \$330,000 fund to be distributed *pro rata* to holders of equity interests in GBH other than us and other Icahn affiliated entities. In addition, we and other Icahn affiliated entities received releases of all direct and derivative claims that could be asserted by GBH, its creditors and stockholders, including RSH. We expect to record a gain of \$18 million in the first quarter of 2007 in connection with the settlement of these claims. All claims relating to GBH asserted by its creditors and RSH have now been resolved.

Declaration of Dividend on Depositary Units

On February 27, 2007, the Board of Directors of AREP approved payment of a quarterly cash distribution of \$0.10 per unit on its depositary units for the first quarter of 2007 consistent with the distribution policy established in 2005. The distribution is payable on March 29, 2007 to depositary unitholders of record at the close of business on March 14, 2007.
