**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 28, 2008**

April 24, 2008

General

The enclosed proxy is solicited on behalf of the Board of Directors of Neuralstem, Inc., a Delaware corporation (the Company), for use at the annual meeting of shareholders to be held at 11:00 am Eastern Standard Time on Wednesday, May 28, 2008 at 9700 Great Seneca Highway, Rockville, Maryland, 20850 (local time), or at any adjournment or postponement of the meeting, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting. The Company intends to mail this proxy statement and accompanying proxy card on or about April 29, 2008 to all shareholders entitled to vote at the annual meeting.

About the Meeting

Why did I receive this proxy statement?

You received this proxy statement because you held shares of the Company's common stock on April 21, 2008 (the Record Date) and are entitled to vote at the annual meeting. The Board of Directors is soliciting your proxy to vote at the meeting.

What am I voting on?

You are being asked to vote on six items:

- (1) The election of four directors consisting of: 1 class I directors; 1 class II director; and 2 class III directors.
- (2) The ratification of Stegman & Company as the Company's independent registered public accounting firm for the 2008 fiscal year.
- (3) The approval of an amendment to the Company's Certificate of Incorporation to increase the total number of shares of common stock which the Company is authorized to issue from 75,000,000 shares to 150,000,000 shares.

How do I vote?

Shareholders of Record

You can vote on the Internet or by telephone by following the instructions you received in the mail. If you received a full printed set of our proxy materials in the mail, you can also vote by mail. Finally, you can vote in person at the meeting.

Street Name Holders

You can vote on the Internet or by telephone by following the instructions you received in the mail. If you received a full printed set of our proxy materials in the mail, you can also vote by mail. You can vote in person at the meeting only if you obtain a signed proxy from your broker, bank or nominee giving you this right. Regardless of how your shares are registered, if you complete and properly sign the accompanying proxy card and return it to the address indicated, it will be voted as you direct.

1

What are the voting recommendations of the Board of Directors?

The Board of Directors recommends that you vote in the following manner:

- (1) **FOR** each of the persons nominated by the Board of Directors to serve as directors.
- (2) **FOR** the ratification of the appointment of Stegman and Company as independent registered public accounting firm for the 2007 fiscal year.
- (3) **FOR** the approval of the proposed amendment to the Company's Certificate of Incorporation to increase the authorized common stock.

Unless you give contrary instructions on your proxy card, the persons named as proxies will vote your shares in accordance with the recommendations of the Board of Directors.

Will any other matters be voted on?

We do not know of any other matters that will be brought before the shareholders for a vote at the annual meeting. If any other matter is properly brought before the meeting, your signed proxy card would authorize Messrs Garr and Johe to vote on such matters in their discretion.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on the Record Date are entitled to receive notice of and to vote at the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponement or adjournment of the meeting.

How many votes do I have?

You will have one vote for each share of the Company's common stock that you owned on the Record Date.

How many votes can be cast by all shareholders?

The Company had 32,075,875 outstanding shares of common stock on the Record Date. Each of these shares is entitled to one vote. There is no cumulative voting.

How many votes must be present to hold the meeting?

The holders of a majority of the Company's common stock outstanding on the Record Date must be present at the meeting in person or by proxy in order to fulfill the quorum requirement necessary to hold the meeting. This means at least 16,037,938 shares must be present in person or by proxy.

If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will also be counted in determining the quorum. A broker non-vote occurs when a bank or broker holding shares in street name submits a proxy that states that the broker does not vote for some or all of the proposals because the broker has not received instructions from the beneficial owners on how to vote on the proposals and does not have discretionary authority to vote in the absence of instructions.

We urge you to vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that a quorum has been achieved.

What vote is required to approve each proposal?

In the election of directors, the affirmative vote of a plurality of the votes present in person or by proxy and entitled to vote at the meeting is required. A proxy that has properly withheld authority with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for the purposes of determining whether there is a quorum.

For the proposal to approve the amendment to the Company's Certificate of Incorporation, the affirmative vote of a majority of the outstanding shares of common stock on the Record Date will be required for approval. An abstention with respect to this proposal is not an affirmative vote and therefore will have the same effect as a negative vote.

2

For all other proposals, the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the meeting will be required for approval. An abstention with respect to these proposals will be counted for the purposes of determining the number of shares entitled to vote that are present in person or by proxy. Accordingly, an abstention will have the effect of a negative vote.

If a broker indicates on the proxy that it does not have discretionary authority as to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to the matter.

Can I change my vote?

Yes. You can change your vote or revoke your proxy at any time before the final vote at the meeting. You can do this by casting a later proxy through any of the available methods described in the questions and answers above. If you are a stockholder of record, you can also revoke your proxy by delivering a written notice of your revocation to our principal executive office Attn: Shareholder Services, 9700 Great Seneca Highway Rockville, Maryland, 20805. If you are a beneficial owner, you can revoke your proxy by following the instructions sent to you by your broker, bank or other nominee.

Who can attend the annual meeting?

Any person who was a shareholder of the Company on April 21, 2008 may attend the meeting. If you own shares in street name, you should ask your broker or bank for a legal proxy to bring with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement so that we can verify your ownership of our stock and admit you to the meeting. However, you will not be able to vote your shares at the meeting without a legal proxy.

What happens if I sign and return the proxy card but do not indicate how to vote on an issue?

If you return a proxy card without indicating your vote, your shares will be voted as follows:

FOR each of the nominees for director named in this proxy statement;

FOR ratification of the appointment of Stegman & Company as the independent registered public accounting firm for the Company for the 2008 fiscal year.

FOR the approval of the amendment to the Company's Certificate of Incorporation to increase the authorized common stock.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors, and stockholders owning more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange and are required by SEC regulations to furnish us with copies of all forms they file pursuant to these requirements. Based solely on our review of Form 3, 4 and 5 s, the following table provides information regarding any of the reports which were filed late during the fiscal year ended December 31, 2007:

Name of Reporting Person	Type of Report Filed Late	No. of Transactions Reported Late
William Oldaker	Form 3 Initial Statement of Beneficial Ownership	1
Karl Johe	Form 4 Statement of Change in Beneficial Ownership	2

CORPORATE GOVERNANCE

Our board of directors currently consists of four members.

Pursuant to our amended and restated bylaws, commencing at our 2008 annual meeting, the Company's board shall be classified with respect to the time for which they severally hold office, into three (3) classes, as nearly equal in number as possible, one class (Class I) whose initial term expires at the 2009 annual meeting of stockholders, another class (Class II) whose initial term expires at the 2010 annual meeting of stockholders, and another class (Class III) whose initial term expires at the 2011 annual meeting of stockholders, with each class to hold office until its successors are elected and qualified.

Our board of directors is responsible for establishing broad corporate policies and for overseeing the overall management of the Company. In addition to considering various matters which require its approval, the board of directors provides advice and counsel to, and ultimately monitors the performance of, the Company's senior management.

There are three committees of the board of directors: the Audit Committee, the Compensation Committee and the Nomination and Corporate Governance Committee. Committee assignments will be re-evaluated annually and approved during the board meeting which follows the annual meeting of shareholders.

Independent Directors

The board of directors has determined that, in its judgment as of the date of this Proxy, Messrs Oldaker and Ogilvie are independent as defined in the listing standards of the American Stock Exchange. None of the independent directors had any transactions, relationships or arrangements with the company that were not otherwise disclosed in this proxy statement, and were considered by the Board in making the independence determination.

Classification of Directors and Change of Control

Our Board of Directors consists of four members. On July 16, 2007, the Company amended its bylaws to provide for a staggered board, commencing in 2008.

Pursuant to our amended bylaws, we have a classified board of directors divided into three classes with staggered three-year terms. Only one class of directors may be elected each year, while the directors in the other classes continue to hold office for the remainder of their three-year terms. Each class of the Board is required to have approximately the same number of directors. The Board may, on its own, determine the size of the exact number of directors on the Board and may fill vacancies on the Board. The procedure for electing and removing directors on a classified board of directors generally makes it more difficult for stockholders to change control of the Company by replacing a majority of the classified Board at any one time, and the classified board structure may discourage a third party tender offer or other attempt to gain control of the Company and may maintain the incumbency of directors. In addition, under our amended bylaws, directors may only be removed by from office by a vote of the majority of the shares then outstanding and eligible to vote.

5

The bylaws contain advance notice procedures with respect to stockholder proposals and further limit stockholder rights to nominate candidates for election as directors. These provisions may discourage stockholders from nominating directors or bringing any other business at a particular meeting if the stockholders do not follow the proper

procedures.

Code of Ethics

We have adopted a Code of Ethics for Directors, Officers and Employees that applies to all employees, including our executive officers. A copy of our code can be viewed on our website at www.neuralstem.com.

Procedures for Nominating Directors

The Governance and Nominating Committee determines the required selection criteria and qualifications of director nominees based upon our needs at the time nominees are considered. In general, directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of our stockholders. Moreover, the nomination and corporate governance committee will strive to ensure that at least one director meets the criteria for an audit committee financial expert as defined by SEC rules and that the majority of the directors comprising the board meet the definition of independent director under AMEX rules.

In addition to the above considerations, the Governance and Nominating Committee will consider criteria such as strength of character and leadership skills; general business acumen and experience; broad knowledge of the industry; age; number of other board seats; and willingness to commit the necessary time to ensure an active board whose members work well together and possess the collective knowledge and expertise required by the board. The Governance and Nominating Committee will consider these same criteria for candidates regardless of whether the candidate was identified by the Governance and Nominating Committee, by stockholders, or any other source.

The Governance and Nominating Committee will consider qualified candidates for possible nomination that are submitted by our stockholders. Stockholders wishing to make such a submission may do so by sending the following information to the Governance and Nominating Committee c/o Chief Financial Officer at the address indicated on the Notice of Annual Meeting of Stockholders. Any recommendations submitted to the Chief Financial Officer should be in writing and should include whatever supporting material the stockholder considers appropriate in support of that recommendation, but must include the information that would be required under the rules of the SEC in a proxy statement soliciting proxies for the election of such candidate and a signed consent of the candidate to serve as a director of the Company, if elected.

As permitted by SEC rules, stockholders who wish to submit a proposal or nominate a person as a candidate for election to our board of directors at an annual meeting must follow certain procedures. These procedures require that timely, written notice of such proposal or nomination be received by our Chief Financial Officer at our principal executive offices prior to the first anniversary of the preceding year's annual meeting.

The Governance and Nominating Committee conducts a process of making a preliminary assessment of each proposed nominee based upon the resume and biographical information provided, an indication of the candidate's willingness to serve and other background information, business experience, and leadership skills, all to the extent available and deemed relevant by the Governance and Nominating Committee. This information is evaluated against the criteria set forth above and our specific needs at that time. Based upon a preliminary assessment of the candidate(s), those who appear best suited to meet our needs may be invited to participate in a series of interviews, which are used as a further means of evaluating potential candidates. On the basis of information learned during this process, the Governance and Nominating Committee determines which candidate(s) to recommend to the board to submit for election at the next stockholder meeting. The Governance and Nominating Committee uses the same process for evaluating all candidates, regardless of the original source of the nomination.

Our goal is to seek to achieve a balance of knowledge and experience on our board. To this end, we seek nominees with the highest professional and personal ethics and values, an understanding of our business and industry, diversity

of business experience and expertise, a high level of education, broad-based business acumen, and the ability to think strategically. Although we use the criteria listed above as well as other criteria

6

to evaluate potential nominees, we do not have a stated minimum criteria for nominees. The board does not use different standards to evaluate nominees depending on whether they are proposed by our directors and management or by our stockholders. To date, we have not paid any third parties to assist us in finding director nominees.

Shareholder Communications with Non-Management Members of the Board

The Company has adopted a formal process for shareholder communications with the independent members of the Board. The policy, which is available on the Company's website, www.neuralstem.com is as follows:

Interested parties are invited to communicate with the non-management members of the Board by sending correspondence to the non-management members of the Board of Directors, c/o Corporate Secretary, Neuralstem, Inc. 9700 Great Seneca Highway, Rockville, Maryland 20850.

The Corporate Secretary will review all such correspondence and forward to the non-management members of the Board a summary of all such correspondence received during the prior month and copies of all such correspondence that deals with the functions of the Board or committees thereof or that otherwise is determined to require attention of the non-management directors. Non-management directors may at any time review the log of all correspondence received by the Company that is addressed to the non-management members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will immediately be brought to the attention of the Chairman of the Audit Committee.

7

MEETINGS AND COMMITTEES

During the fiscal year ended December 31, 2007, the board of directors held 1 meetings and acted 11 times by unanimous consent. Each director attended at least 75% of the total number of meetings of the board and the board committees of which he was a member in 2007.

On May 16, 2007, the board created the Audit Committee, the Compensation Committee and the Governance and Nominating Committee. The board of directors and each committee has adopted charters for all of such Committees. Copies of these charters can be found on the Company's website at <http://www.neuralstem.com>.

The table below identifies the Board's standing committees and committee membership:

Attendance of Directors at Meetings

The Company's policy regarding attendance by members of the board of directors is as follows:

The board of directors currently holds regularly scheduled meetings and calls for special meetings as necessary. Meetings of the board may be held telephonically. Directors are expected to attend all board meetings and meetings of the Committees of the board on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their duties.

Audit Committee

The Company has established a designated standing audit committee in accordance with section 3(a)(58)(A) of the Exchange Act. The members of the Audit Committee are Messrs Ogilvie and Oldaker. The Audit Committee of the Board of Directors assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and reporting practices of the Company, and such other duties as directed by the Board. The Audit Committee's purpose is to oversee the accounting and financial reporting processes of the Company, the audits of the Company's financial statements, the qualifications of the public accounting firm engaged as the Company's independent auditor to prepare or issue an audit report on the financial statements of the Company, and the performance of the Company's internal audit function and independent auditor. The Audit Committee reviews and assesses the qualitative aspects of financial reporting to shareholders, the Company's processes to manage business and financial risk, and compliance with significant applicable legal, ethical, and regulatory requirements. The Committee is directly responsible for the appointment (subject to shareholder ratification), compensation, retention, and oversight of the independent auditor.

The Audit Committee met 3 times during 2007.

The Audit Committee will meet at least 4 times with the Company's management and independent accountants to, among other things, review the results of the annual audit and quarterly reviews and discuss the financial statements, select and engage the independent auditors, assess the adequacy of the Company's staff, management performance and procedures in connection with financial controls and receive and consider the auditor's comments on the Company's internal controls.

Our board of directors has determined that Mr. Ogilvie is an audit committee financial expert within the meaning of SEC rules. An audit committee financial expert is a person who can demonstrate the following attributes: (1) an understanding of generally accepted accounting principles and financial statements; (2) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (3) experience preparing, auditing, analyzing or evaluating financial statements that

present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company's financial statements, or experience actively supervising one or more persons engaged in such activities; (4) an understanding of internal controls and

procedures for financial reporting; and (5) an understanding of audit committee functions.

Compensation Committee

The Compensation Committee's role is to discharge the Board's responsibilities relating to compensation of the Company's executives and to oversee and advise the Board on the adoption of policies that govern the Company's compensation and benefit programs. Messrs Ogilvie and Oldaker are the members of the Compensation Committee.

The Compensation Committee met 5 times during 2007.

Governance and Nominating Committee

The Governance and Nominating Committee's role is to determine the slate of director nominees for election to the Company's Board of Directors, to identify and recommend candidates to fill vacancies occurring between annual shareholder meetings, to review, evaluate and recommend changes to the Company's Corporate Governance Guidelines, and to review the Company's policies and programs that relate to matters of corporate responsibility, including public issues of significance to the Company and its stakeholders.

The current members of the Nomination and Corporate Governance Committee are Scott V. Ogilvie and William Oldaker. The Committee met 1 time during 2007.

The Audit Committee operates under a written charter approved by the Board, a copy of which may be found on the Company's website, www.neuralstem.com. The charter provides, among other things, that the Audit Committee has full authority to engage the independent auditor, independent advisors, and consultants. In fulfilling its oversight responsibilities, the Audit Committee:

reviewed the audited financial statements in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2007, with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements;

reviewed with Stegman, the independent auditors, who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards;

reviewed the written disclosures and the letter required by Independent Standards Board Standard No. 1. In addition, the Committee has discussed with Stegman their independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors' independence; been advised by Stegman that it has discussed with the Committee and management all the matters required to be discussed by Statement of Auditing Standards No. 61, as modified, which include among other items, matters related to the conduct of the audit of the Financial Statements; discussed with Stegman the overall scope and plans for its audit. The Committee meets with Stegman, with and without management present, to discuss the results of its examinations, its evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting process; based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Annual Report on Form 10-KSB for the year ended December 31, 2007 for filing with the Securities and Exchange Commission; and selected Stegman to serve as the Company's independent auditors for 2008.

Respectfully submitted,

Scott V. Ogilvie

PROPOSAL 2

RATIFICATION OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board of Directors has appointed Stegman & Company (Stegman) as the Company's independent registered public accountants for the fiscal year ending December 31, 2008. The Board has endorsed this appointment and it is being presented to the shareholders for ratification.

Representatives of Stegman are expected to be present at the 2008 annual meeting (either in person or by teleconference), will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Shareholder ratification of the selection of Stegman as the Company's independent registered public accountants is not required by the Company's bylaws or otherwise. However, the Board is submitting the appointment of Stegman to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may appoint a different independent accounting firm at any time during the year if the Committee determines that such a change would be in the best interests of the Company and its shareholders.

CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

Prior Auditor David Banerjee

On January 29 2007, we formally appointed David Banerjee (*Banerjee*) as our independent registered public accounting firm for purposes of auditing our financial statements for the fiscal year ended December 31, 2006. The decision to engage Banerjee was approved by our board of directors.

During the two most recent fiscal years and the interim period from December 31, 2007 through April 11, 2008, neither the Registrant nor anyone on its behalf consulted Banerjee regarding (i) either: the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Registrant's financial statements, and no written report or oral advice was provided to the Registrant that Banerjee concluded was an important factor considered by the Registrant in reaching a decision as an accounting, auditing or financial reporting issue; or (ii) any matter that was the subject of a disagreement or a reportable event (as defined in Regulation S-B Item 304(a)(1)).

Termination of Dave Banerjee and Appointment of Stegman & Company

Effective October 10, 2007, the Audit Committee of the Board of Directors dismissed Dave Banerjee CPA (*Banerjee*) as its independent registered public accounting firm. Effective October 15, 2007, the Audit Committee engaged Stegman & Company (the *New Auditor*) as its independent registered public accounting firm.

Banerjee's report on the Company's financial statements for the past year did not contain an adverse opinion or disclaimer of opinion, nor was it modified as to uncertainty, audit scope or accounting principles. There were no disagreements with Banerjee, for the last two fiscal years or the interim period from April 1, 2007 through the date of his dismissal on October 10, 2007, on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Banerjee, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its report.

During the two most recent fiscal years and the interim period from December 31, 2007 through April 11, 2008, neither the Registrant nor anyone on its behalf consulted the New Auditor regarding (i) either: the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Registrant's financial statements, and no written report or oral advice was provided to the Registrant that the New Auditor concluded was an important factor considered by the Registrant in reaching a decision as an accounting, auditing or financial reporting issue; or (ii) any matter that was the subject of a disagreement or a reportable event (as defined in Regulation S-B Item 304(a)(1)).

24

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF STEGMAN & COMPANY AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Fees Paid to the Independent Registered Public Accounting Firm

The following table summarizes the approximate aggregate fees billed to us or expected to be billed to us by our independent auditors for our 2007 and 2006 fiscal years:

Type of Fees	2007	2006
Audit Fees		
Stegman & Company	\$ 47,000	\$
Dave Banerjee	18,152	25,000
Audit Related Fees		
Tax Fees		
Stegman & Company	5,500	
Dave Banerjee		4,050
All Other Fees		
Total Fees	\$ 70,652	\$ 29,050

The Company's Audit Committee must pre-approve all engagements of the independent auditor by the Company, and fees to be charged for such services, as required by the Audit Committee's charter (and the rules of the Securities and Exchange Commission), subject to the de-minimis exception for expenditures for non-audit services. The pre-approval requirement is waived with respect to the provision of non-audit services if (i) the aggregate amount of all such non-audit services constitutes not more than 5% of the total fees paid by the Company to its auditors during the fiscal year, (ii) such services were not recognized by the Company at the time of engagement to be non-audit services and (iii) such services are promptly brought to the attention of the Audit Committee and approved prior to completion of the audit by the Audit Committee or by one or more members of the Audit Committee who has been authorized by the Audit Committee to grant such approvals. In reviewing non-audit services, the Audit Committee will consider whether the provision of non-audit services, if any, by the independent auditors is compatible with maintaining the independent auditors independence.

PROPOSAL 3

APPROVAL OF AN AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK WHICH THE COMPANY IS AUTHORIZED TO ISSUE FROM 75,000,000 SHARES TO 150,000,000 SHARES

The Board of Directors has approved an amendment to the Company's Certificate of Incorporation to increase the number of shares of common stock which the Company is authorized to issue from 75,000,000 shares to 150,000,000 shares. The Board of Directors unanimously recommends that the Company's shareholders approve this amendment.

As of the Record Date, 32,075,875 shares of the Company's common stock were issued and outstanding. An additional 10,200,000 shares of common stock were reserved for future issuance under the Company's 2005 and 2007 stock plans, of which 8,350,659 shares were covered by outstanding options and 1,799,341 shares were available for future grant or purchase. Additionally, the company has 11,208,515 warrants outstanding, which when exercised, will require the Company to issue the common stock.

The Board of Directors believes that the number of authorized shares of common stock remaining available for future issuance is not sufficient to enable the Company to respond to potential business opportunities and to pursue important objectives that may be anticipated. Accordingly, the Board of Directors believes that it is in the Company's best

interests to increase the number of authorized shares of common stock as described above. The Board of Directors also believes that the availability of such shares will provide the Company with the flexibility to issue common stock for proper corporate purposes that may be identified by the Board of Directors from time to time, such as financings, acquisitions, strategic business relationships or stock dividends (including stock splits in the form of stock dividends).

Further, the Board of Directors believes the availability of additional shares of common stock will enable the Company to attract and retain talented officers, employees, directors and consultants through the grant of stock options and other stock-based incentives, including restricted stock grants under the proposed 2007 Equity Incentive Plan. The issuance of additional shares of common stock may have a dilutive effect on earnings per share and, for a person who does not purchase additional shares to maintain his or her pro rata interest, on a shareholder's percentage voting power.

If this Proposal 3 is approved, the authorized shares of common stock in excess of those issued and outstanding, and those issuable pursuant to outstanding options, the existing stock option plans and common stock underlying warrants, is estimated to be approximately 85,667,360 shares. These shares will be available for issuance at such times and for such corporate purposes as the Board of Directors may deem advisable without further action by the Company's shareholders, except as may be required by applicable laws or the rules of any stock exchange or national securities association trading system on which the common stock may then be listed or traded. The Company does not presently have any plans to issue any of these shares other than as discussed in this proxy statement. However, upon issuance, these shares will have the same rights as the outstanding shares of common stock. Holders of the Company's common stock do not have preemptive rights.

The Board of Directors does not intend to issue any common stock except on terms which the Board of Directors deems to be in the Company's best interests and in the best interests of the Company's shareholders.

The Board of Directors does not recommend this proposed amendment with the intent to use the ability to issue additional common stock to discourage tender offers or takeover attempts. However, the availability of authorized common stock for issuance could render more difficult or discourage a merger, tender offer, proxy contest or other attempt to obtain control of the Company. The proposed amendment is not in response to any effort on the part of any party to accumulate material amounts of common stock or to acquire control of the Company by means of merger, tender offer, proxy contest or otherwise, or to change the Company's management.

Vote Required

Adoption of the proposed amendment to the Certificate of Incorporation requires the affirmative vote of a majority of the outstanding stock entitled to vote thereon.

26

Text of Proposed Amendment; Effectiveness

The text of the proposed amendment to the Certificate of Incorporation is set forth in Appendix I to this Proxy Statement. If adopted by the shareholders, the Amended Certificate of Incorporation will become effective upon its filing with the Secretary of State of the State of Delaware.

THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE THE COMPANY'S AUTHORIZED COMMON STOCK.

PROPOSAL 4 OTHER MATTERS

The Board of Directors does not know of any other matters that will be presented for consideration at the 2008 annual meeting. If any other matters are properly brought before the 2008 annual meeting, the persons appointed as proxies will vote on such matters in accordance with their best judgment.

GENERAL INFORMATION

Shareholder Proposals

Proposals of shareholders of the Company that are intended to be presented by such shareholders at the Company's 2009 annual meeting of shareholders and that shareholders desire to have included in the Company's proxy materials relating to such meeting must be received by the Company at its corporate offices no later than December 30, 2008, which is 120 calendar days prior to the anniversary of this year's mailing date. Upon timely receipt of any such proposal, the Company will determine whether or not to include such proposal in the proxy statement and proxy in accordance with applicable regulations governing the solicitation of proxies.

If a shareholder wishes to present a proposal at the Company's 2008 annual meeting or to nominate one or more directors and the proposal is not intended to be included in the Company's proxy statement relating to the meeting, the shareholder must give advance written notice to the Company by April 25, 2008, which is 10 days after we publically disclosed the date of the meeting. Pursuant to SEC Rule 14a-4(c)(1), if proposals are received prior to the meeting they may be voted upon with the discretionary authority granted to the proxies in this proxy statement and attached proxy card.

Any shareholder filing a notice to bring other business before a shareholder meeting must include in such notice, among other things, a brief description of the proposed business and the reasons for the business, and other specified matters. Copies of those requirements will be forwarded to any shareholder upon written request.

Solicitation

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to shareholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of common stock beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

We have hired The Altman Group to assist in soliciting proxies at a cost of approximately \$6,000 plus reasonable and approved out of pocket expenses.
