Cautionary Note Regarding Forward-looking Statements

Information in these materials that involves expectations, plans, intentions or strategies regarding the future are forward-looking statements that are not facts and involve a number of risks and uncertainties. You can identify these statements by forward-looking words such as "may," "expect," "anticipate," "contemplate," "believe," "estimate," "intends," "continue" or similar words. You should read statements that contain these words carefully because they discuss future expectations, contain projections of future results of operations or financial condition and state other "forward-looking" information. These forward-looking statements are subject to business and economic risk, reflect management's current expectations, estimates and projections about FMG's business, and are inherently uncertain and difficult to predict. FMG's actual results could differ materially.

The forward-looking statements contained in these materials speak only as of the date on which they were made, and FMG disclaims any obligation to update any forward-looking statements to reflect events or circumstances after the date of the Registration Statement, as amended. Forward-looking statements believed to be true when made may ultimately prove to be incorrect. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond FMG's control and may cause actual results to differ materially from current expectations.
