ESSENTIAL ISSUE

Dear Mr. Superintendent:

We hereby inform you that the Board of Directors of Sociedad Química y Minera S.A. (SQM), at its meeting held on October 28, 2008, agreed to authorize the Company to issue and register two lines of bonds (with a first and second issuance to be charged to the first line and a first issuance to be charged to the second line) before the Chilean Superintendency of Securities and Insurance. The first line will be for a maximum amount of five million *Unidades de Fomento* (UF – an inflation-indexed, Chilean-peso-denominated monetary unit) and will have a maturity of up to 10 years. The second line will be for a maximum amount of UF 5 million and will have a maturity of up to 30 years. Despite the foregoing, Sociedad Química y Minera de Chile S.A. may only issue bonds for a maximum amount of UF 5 million (or the equivalent in U.S. dollars), considering the combined total of the first and second issuances charged to the first line and the first issuance charged to the second line.

The amounts obtained through such lines will be used for the following: (i) the payment and/or pre-payment of the short- and/or long-term liabilities of Sociedad Química y Minera de Chile S.A. and/or its subsidiaries, regardless of whether such liabilities are denominated in local or foreign currency; and/or (ii) the financing of the capital expenditures of the Company and/or its subsidiaries that are identified in each issuance to be charged to the respective line, in the proportions that will be indicated in each of the relevant issuances.

We hereby inform you of the above as a material event in compliance with Articles 9 and 10 of Law No. 18.045, and General Standard No. 30 issued by the Superintendency of Securities and Insurance on November 10, 1989.

We remain at your disposal to clarify any additional aspects that you may deem relevant in relation to the above.

Very truly yours,

Sociedad Química y Minera de Chile S.A.
