CAUTIONARY NOTE TO UNITED STATES INVESTORS CONCERNING  
ESTIMATES OF MEASURED, INDICATED AND INFERRED MINERAL RESOURCES

Unless otherwise indicated, all reserve and resource estimates included in this Annual Report on Form 40-F (this “Annual Report”) have been prepared in accordance with Canadian National Instrument 43-101 — Standards of Disclosure for Mineral Projects (“NI 43-101”) and the Canadian Institute of Mining, Metallurgy and Petroleum classification system. NI 43-101 is a rule developed by the Canadian Securities Administrators that establishes standards for all public disclosure an issuer makes of scientific and technical information concerning mineral projects. Canadian standards, including NI 43-101, differ significantly from the requirements of the United States Securities and Exchange Commission (the “SEC”), and reserve and resource information included herein may not be comparable to similar information disclosed by U.S. companies. In particular, and without limiting the generality of the foregoing, this Annual Report uses the terms “measured resources,” “indicated resources” and “inferred resources.” U.S. investors are advised that, while such terms are recognized and required by Canadian securities laws, the SEC does not recognize them. The requirements of NI 43-101 for the identification of “reserves” are also not the same as those of the SEC, and reserves reported by the Registrant in compliance with NI 43-101 may not qualify as “reserves” under SEC standards. Under U.S. standards, mineralization may not be classified as a “reserve” unless the determination has been made that the mineralization could be economically and legally produced or extracted at the time the reserve determination is made. U.S. investors are cautioned not to assume that any part of a “measured resource” or “indicated resource” will ever be converted into a “reserve.” U.S. investors should also understand that “inferred resources” have a great amount of uncertainty as to their existence and as to their economic and legal feasibility. It cannot be assumed that all or any part of “inferred resources” exist, are economically or legally mineable or will ever be upgraded to a higher category. Under Canadian rules, estimated “inferred resources” may not form the basis of feasibility or pre-feasibility studies except in rare cases. In addition, disclosure of “contained ounces” in a mineral resource is permitted disclosure under Canadian regulations. However, the SEC normally only permits issuers to report mineralization that does not constitute “reserves” by SEC standards as in place tonnage and grade, without reference to unit measures. Accordingly, information concerning mineral deposits set forth in this Annual Report may not be comparable with information made public by companies that report in accordance with U.S. standards.

A. Disclosure Controls and Procedures

Disclosure controls and procedures are defined in Rule 13a-15(e) under the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act"), as those controls and other procedures that are designed to ensure that information required to be disclosed by the Registrant in reports filed or submitted by it under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Rule 13a-15(e) also provides that disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by the Registrant is accumulated and communicated to the Registrant's management as appropriate to allow timely decisions regarding required disclosure.

The Registrant's Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of the Registrant's disclosure controls and procedures, as defined in Rule 13a-15(e) under the Exchange Act, as of December 31, 2010 and have determined that such disclosure controls and procedures were effective as of December 31, 2010. See "Management's Discussion and Analysis of Operations and Financial Position—Internal Controls—Disclosure Controls and Procedures" included in Exhibit 1.2 to this Annual Report.

B. Management's Annual Report on Internal Control Over Financial Reporting

The Registrant's management is responsible for establishing and maintaining adequate internal control over financial reporting. Rules 13a-15(f) and 15d-15(f) under the Exchange Act defines this as a process designed by, or under the supervision of, the Registrant's principal executive and principal financial officers and effected by the Registrant's board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that: (i) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Registrant; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Registrant are being made only in accordance with authorizations of management and directors of the Registrant; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Registrant's assets that could have a material effect on the financial statements.

Internal control over financial reporting, no matter how well designed, has inherent limitations and may not prevent or detect misstatements on a timely basis. Also, projections of any evaluation of effectiveness of internal control over financial reporting to future periods are subject to risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Registrant's internal control over financial reporting as at December 31, 2010. In making this assessment, the Registrant's management used the criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. This assessment included review of the documentation of controls, evaluation of the design effectiveness of controls, testing of the operating effectiveness of controls and a conclusion on this assessment. Based on this assessment, the Registrant's management has concluded that the Registrant's internal control over financial reporting was effective as of December 31, 2010 and no material weaknesses were identified. See "Management's Discussion and Analysis of Operations and Financial Position—Internal Controls—Internal Control over Financial Reporting" included in Exhibit 1.2 to this Annual Report.

The Registrant's auditor has attested to management's internal control over financial reporting for the year ended December 31, 2010. The auditor's attestation report on management's assessment of the Registrant's internal control over financial reporting is filed as Exhibit 1.5 to this Annual Report.

C. Attestation Report of the Registered Public Accounting Firm

The attestation report of KPMG LLP is included in KPMG LLP's report dated March 31, 2011, filed as Exhibit 1.5 to this Annual Report.

D. Changes in Internal Control Over Financial Reporting

During the period covered by this Annual Report, changes in the Registrant's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting primarily related to the ongoing integration of NAP Quebec Mines Ltd. (formerly Cadiscor Resources Inc.).

E. Notice of Pension Fund Blackout Period

The Registrant was not required by Rule 104 of Regulation BTR to send any notice to any of its directors or executive officers during the fiscal year ended December 31, 2010.

F. Audit Committee Financial Expert

The Registrant's board of directors has determined that Mr. Gregory J. Van Staveren, an individual serving on the audit committee of the Registrant's board of directors, is an audit committee financial expert within the meaning of General Instruction B(8)(b) of Form 40-F under the Exchange Act and is independent within the meaning of Rule 10A-3 under the Exchange Act and applicable Canadian requirements.

Mr. Van Staveren has a brother who is a partner at KPMG LLP, the Registrant's outside auditor. As a result of Mr. Van Staveren's brother's affiliation with KPMG LLP, Mr. Van Staveren is not independent within the meaning of Section 803 of the NYSE Amex Company Guide, which provides that a director who is, or who has an immediate family member who is, a current partner of the Registrant's outside auditor is not independent. The commentary to Section 803 of the NYSE Amex Company Guide provides that foreign companies are permitted to follow home country practice in lieu of the audit committee requirements specified in such section, provided that such companies comply with Rule 10A-3 under the Exchange Act. The Registrant made an application to the predecessor to the NYSE Amex, the American Stock Exchange, in accordance with the provisions of Section 110 of the NYSE Amex Company Guide for a waiver of the requirements of Section 803 of the NYSE Amex Company Guide in this regard. The waiver was granted on March 10, 2006.

The SEC has indicated that the designation or identification of a person as an audit committee financial expert does not make such person an "expert" for any purpose, impose any duties, obligations or liability on such person that are greater than those imposed on members of the audit committee and the board of directors who do not carry this designation or identification, or affect the duties, obligations or liability of any other member of the audit committee or board of directors.

G. Code of Ethics

The Registrant's board of directors has adopted a code of ethics that applies to all directors, officers and employees, including its Chief Executive Officer, Chief Financial Officer and other senior officers. The Registrant will provide a

copy of the code of ethics without charge to any person that requests a copy by contacting the Corporate Secretary of the Registrant at the address that appears on the cover page of this Annual Report.
