INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why did you send me this proxy statement?

This proxy statement and the enclosed proxy card are furnished in connection with the solicitation of proxies by the Board of Directors of Andatee China Marine Fuel Services Corporation, a Delaware corporation, for use at the Annual Meeting of its shareholders to be held on December 3, 2014, at the offices of Schiff Hardin LLP at 666 Fifth Avenue, 17th Floor, New York, NY 10103, at 9:00AM EST, and at any adjournments or postponements of the Annual Meeting. This proxy statement summarizes the information you need to make an informed vote on the proposals to be considered at the Annual Meeting. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card using the envelope provided, or vote by telephone as described on the proxy card. The terms “Andatee,” “Company,” “we,” or “our” refer to Andatee China Marine Fuel Services Corporation.

What are the purposes of this meeting?

The Board of Directors, on behalf of Andatee, is seeking your affirmative vote for the following:

- To elect directors
- To ratify the appointment of Friedman LLP
- To change the name of the Company
- To transact any other business that is properly brought before the Annual Meeting

We did not receive any shareholder proposals for inclusion in this proxy statement by the date prescribed therefor and is not aware of any other matters to be presented for action at the Annual Meeting. If, however, any other matters properly come before the Annual Meeting, it is intended that the persons named in the accompanying proxy card will vote at their discretion pursuant to the proxy card in accordance with their best judgment on such matters.

Who may attend the meeting?

Only shareholders, their proxy holders, and our invited guests may attend the Annual Meeting. If you plan to attend, please bring identification, and, if you hold shares in street name, you should bring your bank or broker statement showing your beneficial ownership of Andatee stock in order to be admitted to the meeting.

Who can vote?

You can vote at the Annual Meeting in all matters properly brought before the Annual Meeting if, as of the close of business on the record date, October 6, 2014, you were a holder of record of our common stock. On the record date, there were 10,255,813 shares of our common stock issued and outstanding.

How many votes do I have?

Each share of common stock is entitled to one vote on each matter presented at the Annual Meeting. Cumulative voting is not permitted.

Why would the Annual Meeting be postponed or adjourned?

The Annual Meeting will be postponed if a quorum is not present on the date of the Annual Meeting. In order for any business to be conducted, the holders of a majority of the shares issued and outstanding and entitled to vote at the meeting must be present, either in person or represented by proxy. If a quorum is not present, the meeting may be adjourned or postponed by those shareholders who are represented. The meeting may be rescheduled at the time of the adjournment with no further notice of the rescheduled time. An adjournment will have no effect on the business to be conducted. Shares represented by proxies received but marked as abstentions will be included in the calculation of the number of shares considered to be present at the meeting. Shares held in a brokerage account that are voted by the broker or other nominee on some but not all matters will be treated as shares present for purposes of determining the presence of a quorum. However, if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote.

How do I vote by proxy?

Whether you plan to attend the Annual Meeting or not, we urge you to complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. Returning the proxy card will not affect your right to attend the Annual Meeting and vote in person.

You can vote your proxy on the Internet as instructed in the Notice of Internet Availability of Proxy Materials, the proxy card or the voting instruction form. The Internet procedures are designed to authenticate a shareholder's identity, to allow shareholders to vote their shares and to confirm that their instructions have been properly recorded.

If you properly fill in your proxy card and send it to us in time to vote, your proxy (one of the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board as follows:

· **FOR** the election of the director nominees

· **FOR** the ratification of the appointment of Friedman LLP

· **FOR** the name change amendment to the Certificate of Incorporation

· **FOR** the transaction of any other business that is properly brought before the Annual Meeting or any adjournment or postponement thereof.

If any other matters are presented, your proxy will vote in accordance with his best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the Annual Meeting other than those discussed in this proxy statement.

How do I vote in person?

If you plan to attend and vote in person at the Annual Meeting or at a later date if the meeting is adjourned or postponed, we will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring a power of attorney executed by the broker, bank or other nominee that owns

the shares of record for your benefit and authorizing you to vote the shares.

What is the difference between a stockholder of record and a stockholder who holds stock in street name?

If your shares are registered in your name, you are a stockholder of record with respect to those shares. If your shares are registered in the name of your broker or bank, your shares are held in street name and you are considered the “beneficial owner” of the shares. As the beneficial owner of those shares, you have the right to direct your broker or bank how to vote your shares, and you will receive separate instructions from your broker or bank describing how to vote your shares.

May I revoke my proxy?

If you give a proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in three ways:

1. You may send in another proxy with a later date.

You may notify us in writing (or if the stockholder is a corporation, under its corporate seal, by an officer or attorney of the corporation) at our principal executive offices before the Annual Meeting that you are revoking your proxy.

3. You may vote in person at the Annual Meeting.

What vote is required to take action?

Proposal 1 (Director elections) - The election of directors nominated in Proposal 1 requires the vote of a majority of the votes of all shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting. A “majority” of the votes cast means that the number of votes cast “for” a director nominee must exceed the votes cast “against” that nominee. In the context of the election of four directors at the Annual Meeting, it will mean that each of the director nominees will be required to receive more votes “for” than “against” to be elected. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

Proposal 2 (Auditor ratification) - The affirmative vote of a majority of the votes of all shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of our independent auditors. Abstentions will have the effect of a vote against Proposal 2. Broker non-votes will have no effect on the outcome of the Proposal 2.

Proposal 3 (Name Change Amendment) – The affirmative vote of the holders of at least 66 2/3% of the voting power of all outstanding shares of the Company’s common stock entitled to vote at the Annual Meeting is required to approve this Proposal 3. The approval of the name change amendment is a matter on which a broker or other nominee is generally empowered to vote, and therefore, broker non-votes are not expected to exist with respect to this proposal. Abstentions and broker non-votes will not affect the outcome of this Proposal.

If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares in its discretion on “routine matters.” However, absent your instructions, the record holder will not be permitted to vote your shares on a non-routine matter, which are referred to as “broker non-votes,” properly brought before the meeting. The term “broker non-vote” refers to shares held by a brokerage firm, bank or other nominee (for the benefit of its client) that are represented at the meeting, but with respect to which such broker or nominee is not instructed to vote on a particular proposal and does not have discretionary authority to vote on that proposal. Brokers and nominees do not have discretionary voting authority on certain non-routine matters and accordingly may not vote on such matters absent instructions from the beneficial holder. Discretionary items are proposals considered “routine” under the rules of the New York Stock Exchange (also applicable to NASDAQ-listed companies), such as the ratification of our independent registered public accounting firm. Non-routine items for which brokers and nominees do not have discretionary voting power include the election of directors.

Who is making this solicitation?

We are soliciting your vote through the use of the mail and will bear the cost of this solicitation. Except as described below, we will not employ third party solicitors, but our directors, officers, employees, and consultants may solicit

proxies by mail, telephone, personal contact, or through online methods. We will reimburse their expenses for doing this. We will also reimburse brokers, fiduciaries, and custodians for their costs in forwarding proxy materials to beneficial owners of our stock. Other proxy solicitation expenses include those for preparation, mailing, returning, and tabulating the proxies. We will pay all costs of soliciting proxies. In addition to mailing proxy solicitation material, our management, employees and agents also may solicit proxies in person, by telephone, or by other electronic means of communication. We have retained Alliance Advisors, LLC to assist us in soliciting proxies and agreed to pay a \$5,500 fee, plus expenses, for its services in connection with this Annual Meeting.

Are there any dissenters' rights of appraisal?

The Board is not proposing any action for which the laws of the State of Delaware, our Certificate of Incorporation or our Bylaws, as amended from time to time, provide a right of a shareholder to obtain appraisal of or payment for such shareholder's shares.

Where are the principal executive offices of Andatee?

Director and Board Nominee Independence

Our Board is subject to the independence requirements of the Nasdaq Stock Market (“Nasdaq”). Pursuant to the requirements, the Board undertakes an annual review of director independence. During this review, the Board considers transactions and relationships between each director or any member of his immediate family and Andatee and its affiliates, including those transactions that are contemplated under Item 404(a) of Regulation S-K. The purpose of this review is to determine whether any such relationships or transactions exist that are inconsistent with a determination that the director is independent. Our Board has determined that a majority of our directors and all current members of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee are “independent” under the standards provided by the Nasdaq and that the members of the Audit Committee are also “independent” for purposes of Section 10A-3 of the Exchange Act. Wang Hao, in addition to serving on the Board, is also our President and Chief Executive Officer; he does not serve on any of the Board committees. The Board based these determinations primarily on a review of the responses of the directors and executive officers to questions regarding employment and transaction history, affiliations and family and other relationships and on discussions with the directors. Except as set forth in the Company’s Annual Report on Form 10-K for the most recent fiscal year, none of our directors engages in any transaction, relationship, or arrangement contemplated under section 404(a) of Regulation S-K.

Membership, Meetings and Attendance

Our Board has three committees: Audit Committee, Compensation Committee, and the Nominating and Governance Committee.

During the fiscal year ended December 31, 2013, members of our Board discussed various matters informally on a number of occasions. In addition, the Board held at least six meetings, in person or telephonically, as well as a number of informal meetings. Also during fiscal year 2013, our Audit Committee held four meetings, and our Compensation Committee – four meetings, and Nominating and Governance Committee – one meeting. Each of our directors attended greater than 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which he served.

The membership and responsibilities of our current committees are summarized below. Additional information regarding the responsibilities of each committee is found in, and is governed by, our Bylaws, as amended, each committee's Charter, where applicable, specific directions of the Board, and certain mandated regulatory requirements. All three standing committees of the Board have charters which charters as well as the Code of Conduct and Ethics are available at our website at <http://www.andatee.com>. The information on our website is not a part of this proxy statement. The information is also available in print to any shareholder who requests it.

Below are the current committee memberships and other information about the Board committees. The membership of each of the standing committees of the Board is comprised solely of independent directors, as described below.

Nominating and Governance Committee

The Nominating and Governance Committee has the following responsibilities as set forth in its charter:

- to review and recommend to the Board with regard to policies for the composition of the Board;
- to review any director nominee candidates recommended by any director or executive officer of the Company, or by any shareholder if submitted properly;
- to identify, interview and evaluate director nominee candidates and have sole authority to retain and terminate any search firm to be used to assist the Committee in identifying director candidates and approve the search firm's fees and other retention terms;
- to recommend to the Board the slate of director nominees to be presented by the Board;
- to recommend director nominees to fill vacancies on the Board, and the members of each Board committee;
- to lead the annual review of Board performance and effectiveness and make recommendations to the Board as appropriate; and

- to review and recommend corporate governance policies and principles for the Company, including those relating to the structure and operations of the Board and its committees.

Shareholders meeting the following requirements who want to recommend a director candidate may do so in accordance with our Bylaws and the following procedures established by the Nomination and Governance Committee. The Board will consider all director candidates recommended to the Nomination and Governance Committee by shareholders owning at least 5% of our outstanding shares at all times during the year preceding the date on which the recommendation is made that meet the qualifications established by the Board. To make a nomination for director at an Annual Meeting, a written nomination solicitation notice must be received by the Nomination and Governance Committee at our principal executive office not less than 120 days before the anniversary date our proxy statement was mailed to shareholders in connection with our previous annual meeting. The written nomination solicitation notice must contain the following material elements, as well as any other information reasonably requested by us or the Nomination and Governance Committee:

- the name and address, as they appear on our books, of the stockholder giving the notice or of the beneficial owner, if any, on whose behalf the nomination is made;
- a representation that the stockholder giving the notice is a holder of record of our common stock entitled to vote at the annual meeting and intends to appear in person or by proxy at the annual meeting to nominate the person or persons specified in the notice;
- complete biography of the nominee, as well as consents to permit us to complete any due diligence investigations to confirm the nominee's background, as we believe to be appropriate;
- the disclosure of all special interests and all political and organizational affiliations of the nominee;
- a signed, written statement from the director nominee as to why the director nominee wants to serve on our Board, and why the director nominee believes that he or she is qualified to serve;
- a description of all arrangements or understandings between or among any of the stockholder giving the notice, the beneficial owner, if any, on whose behalf the notice is given, each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder giving the notice;
- such other information regarding each nominee proposed by the stockholder giving the notice as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee been nominated, or intended to be nominated, by our Board; and
- the signed consent of each nominee to serve as a director if so elected.

In considering director candidates, the Nomination and Governance Committee will consider such factors as it deems appropriate to assist in developing a Board and committees that are diverse in nature and comprised of experienced

and seasoned advisors who can bring the benefit of various backgrounds, skills and insights to the Company and its operations. Each director nominee is evaluated in the context of the full Board's qualifications as a whole, with the objective of establishing a Board that can best perpetuate our success and represent stockholder interests through the exercise of sound judgment. Each director nominee will be evaluated considering the relevance to us of the director nominee's skills and experience, which must be complimentary to the skills and experience of the other members of the Board. The Nominating and Governance Committee does not have a formal policy with regard to the consideration of diversity in identifying director candidates, but seeks a diverse group of candidates who possess the background, skills and expertise to make a significant contribution to the Board, to the Company and its shareholders.

Board Leadership Structure and Role in Risk Oversight

Wang Hao is our Chief Executive Officer and Chairman of our Board of Directors. Following the May 2014 Sale and Purchase Agreement, pursuant to which Hao De International Limited, a Seychelles Islands company (of which Wang Hao is the sole shareholder), acquired 4,890,451 shares of the Company's common stock held by Oriental Excel Enterprises Limited, a British Virgin Islands company ("OEEL"), at the purchase price of USD \$9,780,902 (to be paid in four installments, of which the first installment in amount of 40% of purchased price was paid at the execution of the Agreement, and the remaining balance in three equal installments payable on November 5, 2015, May 5, 2016 and May 5, 2017, respectively), Wang Hao is also deemed the Company's largest shareholder. It is his opinion that a controlling shareholder who is active in business, as is currently the case, should hold both roles. The opinion is shared by our Board because Wang Hao is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. In addition, the Board believes the combined role of Chairman and Chief Executive Officer, at large, is in the best interest of shareholders because it provides the appropriate balance between strategy development and independent oversight of management. Independent directors and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the company and industry, while the Chief Executive Officer brings company-specific experience and expertise. The Board believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance. Zhenyu Wu, the Chairman of our Audit Committee, is also the Lead Independent Director of our Board. In these capacities, Mr. Wu, among other things, presides over meetings of non-management, independent directors and, with input from other directors, prepares agendas for these meetings and maintain contact between the Board and the management of the Company. Our Board believes that this arrangement has and continues to serve the best interests of the Company's shareholders.

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including strategic, operational, reporting and compliance risks. The full Board (or the appropriate standing committee of the Board in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate party within the organization that is responsible for a particular risk or set of risks to enable it to understand our risk identification, management and mitigation strategies. The Board has developed an agenda of risk topics that are presented to the Board or one of its standing committees on an annual basis. When a committee receives such a report, the Chairman of the committee discusses the report with the full Board during the next available Board meeting, holding additional meetings, if and when required. This practice enables the Board and its committees to coordinate risk oversight for the Company, particularly regarding the interrelationship among various risks. The Audit Committee discusses our policies with respect to risk assessment and risk management. The Compensation Committee and the Board each discuss the relationship between our compensation policies and corporate risk to assess whether these policies encourage excessive risk-taking by executives and other employees.

Shareholder Communications with Directors

We have no formal written policy regarding communication with the Board. Persons wishing to write to the Board or to a specified director or committee of the Board should send correspondence to the Secretary at our principal offices. Electronic submissions of shareholder correspondence will not be accepted. The Secretary will forward to the directors all communications that, in his judgment, are appropriate for consideration by the directors. Examples of communications that would not be appropriate for consideration by the directors include commercial solicitations and matters not relevant to the shareholders, to the functioning of the Board, or to the affairs of Andatee. Any correspondence received that is addressed generically to the Board will be forwarded to the Chairman of the Board. If the Chairman of the Board is not an independent director, a copy will be sent to the Chairman of the Audit Committee as well.

Board Member Attendance at Annual Meetings

All current Board members and all nominees for election to our Board intend to attend our Annual Meeting unless personal circumstances make the Board member or director nominee attendance impracticable or inappropriate.

Audit Committee

The Audit Committee assists the Board in the oversight of the audit of our consolidated financial statements and the quality and integrity of its accounting, auditing and financial reporting processes. The Audit Committee is responsible for making recommendations to the Board concerning the selection and engagement of independent registered public

accountants and for reviewing the scope of the annual audit, audit fees, results of the audit and auditor independence. The Audit Committee also reviews and discusses with management and the Board such matters as accounting policies, internal accounting controls and procedures for preparation of financial statements. Our Board has determined that each of the members of the Audit Committee meets the criteria for independence under the standards provided by the Nasdaq Stock Market. Zhenyu Wu (Chairman), Yudong Hou, Shao-Hua Chu and Wen Jiang are all members of the Committee. Our Board has also determined that Mr. Wen Jiang qualifies as an “audit committee financial expert” as defined under the federal securities laws. He is an “independent” member of our Board as defined under Rule 10A-3 under the Exchange Act.

The purpose of the Audit Committee is to assist the Board in its general oversight of Andatee’s financial reporting, internal controls and audit functions. The Audit Committee’s primary responsibilities are to:

- review whether or not management has maintained the reliability and integrity of the accounting policies and financial reporting and disclosure practices of the Company;
- review whether or not management has established and maintained processes to ensure that an adequate system of internal controls is functioning within the Company;
- review whether or not management has established and maintained processes to ensure compliance by the Company with legal and regulatory requirements that may impact its financial reporting and disclosure obligations;
- oversee the selection and retention of the Company's independent registered public accounting firm, their qualifications and independence;
- prepare a report of the Audit Committee for inclusion in the proxy statement for the Company's annual meeting of shareholders;
- review the scope and cost of the audit, the performance of the independent registered public accounting firm, and their report on the annual financial statements of the Company; and
- perform all other duties as the Board may from time to time designate.

Compensation Committee

The duties of the Compensation Committee include establishing any director compensation plan or any executive compensation plan or other employee benefit plan which requires shareholder approval; establishing significant long-term director or executive compensation and director or executive benefits plans which do not require stockholder approval; determination of any other matter, such as severance agreements, change in control agreements, or special or supplemental executive benefits, within the Committee's authority; determining the overall compensation policy and executive salary plan; and determining the annual base salary, annual bonus, and annual and long-term equity-based or other incentives of each corporate officer, including the CEO. Although a number of aspects of the CEO's compensation may be fixed by the terms of his employment contract, the Compensation Committee retains discretion to determine other aspects of the CEO's compensation. The CEO reviews the performance of the executive officers of the Company (other than the CEO) and, based on that review, the CEO makes recommendations to the Compensation Committee about the compensation of executive officers (other than the CEO). The CEO does not participate in any deliberations or approvals by the compensation committee or the Board with respect to his own compensation. The Compensation Committee makes recommendations to the Board about all compensation decisions involving the CEO and the other executive officers of the Company. The Board reviews and votes to approve all compensation decisions involving the CEO and the executive officers of the Company. The Compensation Committee and the Board will use data, showing current and historic elements of compensation, when reviewing executive officer and CEO compensation. The Committee is empowered to review all components of executive officer and director compensation for consistency with the overall policies and philosophies of the Company relating to compensation issues. The Committee may from time to time delegate duties and responsibilities to subcommittees or a Committee member. None of the members of our Compensation Committee is an officer or an employee of the Company. None of our executive officers currently serves, or in the past year has served, as a Board member or compensation committee of any entity that has one or more executive officers serving on our Board or Compensation Committee.

The Committee may retain and receive advice, in its sole discretion, from compensation consultants. In July 2014, the Compensation Committee, following a review of independence and conflict of interest factors, engaged Pearl Meyer & Partners as its independent compensation consultant. As part of its ongoing services to the Compensation Committee, the consultant supports the Compensation Committee in executing its duties and responsibilities with respect to the Company's compensation programs by providing information regarding market trends and competitive compensation programs and strategies, including, among other things, preparing market data for executive positions, assessing management recommendations for changes in the compensation structure, working with management to ensure that the Company's executive compensation programs are designed and administered consistent with the Committee's requirements, and provides ad hoc support to the Committee, including discussing executive compensation and related corporate governance trends. The Company's human resources staff and senior management use the data provided by the consultant to prepare documents for use by the Compensation Committee in preparing their recommendations to the full Board. Pearl Meyer provides no other services to the Company.

In August 2014, at the Compensation Committee's request, such compensation consultant conducted an overall assessment of the named executive officer and non-management director compensation levels to assess the competitive positioning of the Company's program for such individuals. In its review, the compensation consultants considered, among other factors, the Company's peer group (both in the US and China), executive officer base salary levels, annual Board committee retainers and per meeting fees, chair premium/incremental fees, and actual total cash compensation. Following its review, the compensation consultant concluded that the named executive officer compensation and non-management director compensation levels were generally commensurate to peer studies and aligned with (or slightly below) market practices. Subsequently, the Board reviewed the Compensation Committee report and adopted the Committee recommendation to leave the current compensation levels for both constituent groups unchanged.

Code of Conduct and Ethics

Our Board has adopted a Code of Ethics within the meaning of Item 406 of Regulation S-K that applies to all of our officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. Our Code codifies the business and ethical principles that govern our business. The Code is designed to deter wrongdoing and to promote: (i) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (ii) full, fair, accurate, timely, and understandable disclosure in reports and documents that we file with, or submit to, the SEC and in other public communications made by us; (iii) compliance with applicable governmental laws, rules and regulations; (iv) the prompt internal reporting of violations of the ethics code to an appropriate person or persons identified in the code; and (v) accountability for adherence to the Code. A copy of this Code is available at the Company's website at <http://www.andatee.com>, and is available at no charge by contacting the Company at its headquarters as listed on the cover page of this report. Information appearing on our website is not part of this proxy statement.

Long Term Incentive Plan

2009 Equity Incentive Plan

In July 2009, our Board adopted, subject to the shareholder approval, the 2009 Equity Incentive Plan (the "Plan") for our officers, directors, employees and outside consultants and advisors. We have developed this Plan to align the interests of (i) employees, (ii) non-employee Board members, and (iii) consultants and key advisors with the interests of our shareholders and to provide incentives for these persons to exert maximum efforts for our success and to encourage them to contribute materially to our growth. As of the date hereof, we have issued 645,652 options pursuant to the Plan. The Plan is not subject to the provisions of the Employment Retirement Income Security Act and is not a "qualified plan" within the meaning of Section 401 of the Internal Revenue Code, as amended (the "Code"). The Plan is administered by our Compensation Committee which has exclusive discretion to select the participants who will receive awards under the Plan and to determine the type, size and terms of each award.

Shares Subject to the Plan. We may issue up to 5,000,000 shares under the Plan, subject to adjustment to prevent dilution from stock dividends, stock splits, recapitalization or similar transactions. Certain grants may be made in cash, in our stock, or in a combination of the two, as determined by the Compensation Committee.

Awards under the Plan. Under the Plan, the Compensation Committee may grant awards in the form of incentive stock options, as defined in Section 422 of the Code, as well as options which do not so qualify, stock units, stock awards, stock appreciation rights and other stock-based awards.

Options. The duration of any option shall be within the sole discretion of the Compensation Committee; provided, however, that any incentive stock option granted to a 10% or less stockholder or any nonqualified stock option shall, by its terms, be exercised within 10 years after the date the option is granted and any incentive stock option granted to a greater than 10% stockholder shall, by its terms, be exercised within five years after the date the option is granted. The exercise price of all options will be determined by the Compensation Committee; provided, however, that the exercise price of an option (including incentive stock options or nonqualified stock options) will be equal to, or greater than, the fair market value of a share of our stock on the date the option is granted and further provided that incentive stock options may not be granted to an employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all classes of our stock or any parent or subsidiary, as defined in section 424 of the Code, unless the price per share is not less than 110% of the fair market value of our stock on the date of grant.

Stock Units. The Compensation Committee may grant stock to an employee, consultant or non-employee director, on such terms and conditions as the Compensation Committee deems appropriate under the Plan. Each stock shall represent the right of the participant to receive a share of our stock or an amount based on the value of a share of our stock.

Stock Awards. The Compensation Committee may issue shares of our stock to an employee, consultant or non-employee director under a stock award, upon such terms and conditions as the Committee deems appropriate under the Plan. Shares of our stock issued pursuant to stock awards may be issued for cash consideration or for no cash consideration, and subject to restrictions or no restrictions.

The Compensation Committee may establish conditions under which restrictions on stock awards shall lapse over a period of time or according to such other criteria as the Compensation Committee deems appropriate, including restrictions based upon the achievement of specific performance goals.

SARs and Other Stock-Based Awards. SARs may be granted to an employee, non-employee director or consultant separately or in tandem with an option. SARs may be granted in tandem either at the time the option is granted or at any time thereafter while the option remains outstanding. Upon the exercise of SARs, the related option will terminate to the extent of an equal number of shares of our stock. The stock appreciation for a SAR is the amount by which the fair market value of the underlying stock on the date of exercise of the SAR exceeds the base amount of the SAR. The Compensation Committee will determine whether the stock appreciation for a SAR is to be paid in the form of shares of stock, cash or a combination of the two.

Other Awards. Other awards may be granted that are based on or measured by our stock to employees, consultants and non-employee directors, on such terms and conditions as the Compensation Committee deems appropriate. Other stock-based awards may be granted subject to achievement of performance goals or other conditions and may be payable in our stock or cash, or in a combination of the two.

Qualified Performance-Based Compensation. The Compensation Committee may determine that stock units, stock awards, SARs or other stock-based awards granted to an employee will be considered “qualified performance-based compensation” under section 162(m) of the Code.

Termination of Employment. If the employment or service of a participant is terminated for cause, the options of such participant, both accrued and future, will terminate immediately. If the employment or service is terminated by either the participant or us for any reason other than for cause, death, or for disability, as defined in Section 22(e)(3) of the Code, the options of the participant then outstanding shall be exercisable by the participant at any time prior to the expiration of the options or within three months after the date of such termination, whichever is shorter, but only to the extent of the vested right to exercise the options at the date of the termination. In the case of a participant who becomes disabled, the rights of the participant under any then outstanding options are exercisable by the participant at any time prior to the expiration of the options or within one year after the date of termination of employment or service due to disability, whichever is shorter, but only to the extent of the vested right to exercise the options at the date of such termination. In the event of the death of a participant, the rights of the participant under any then outstanding options are exercisable by the person or persons to whom these rights pass by will or by the laws of descent and distribution, at any time prior to the expiration of the options or within one year after the date of death, whichever is shorter, but only to the extent of the vested right to exercise the options, if any, at the date of death. The terms and conditions regarding any other awards under the Plan will be determined by the Compensation Committee.

Termination or Amendment of the Plan. Our Board of Directors may at any time terminate the Plan or make such amendments thereto as it deems advisable, without action on the part of our shareholders unless their approval is

required under the law. However, no termination or amendment will, without the consent of the individual to whom any option has been granted, affect or impair the rights of such individual. Under Section 422(b)(2) of the Code, no incentive stock option may be granted under the Plan more than ten years from the date the Plan is adopted or the date the Plan is approved by our shareholders, whichever is earlier.

Transactions with Related Persons

Pursuant to Board policy, our executive officers and directors, and principal stockholders, including their immediate family members and affiliates, are not permitted to enter into a related party transaction with us without the prior consent of our Audit Committee, or other independent committee of our board of directors in the case it is inappropriate for our Audit Committee to review such transaction due to a conflict of interest. Any request for us to enter into a transaction with an executive officer, director, principal stockholder, or any of such persons' immediate family members or affiliates, in which the amount involved exceeds \$120,000 must first be presented to our Audit Committee for review, consideration and approval. All of our directors, executive officers and employees are required to report to our Audit Committee any such related party transaction. In approving or rejecting the proposed agreement, our Audit Committee shall consider the relevant facts and circumstances available and deemed relevant to the Audit Committee. Our Audit Committee shall approve only those agreements that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our Audit Committee determines in the good faith exercise of its discretion.

Except as set forth in Note 10 (Related Party Transactions) to the financial statements included in the 2013 Annual Report, from its inception to December 31, 2013, the Company has not been a participant in any transaction that is reportable under Item 404(d) of Regulation S-K.

In November 2009, Xingyuan advanced \$122,667 to Donggang Aquatic Product Trading Center and Donggang Xingyuan Ship Repair Yard, two companies that are under the control of Mr. An Fengbin. These companies are using these funds, together with approximately \$700,000 invested by Mr. An Fengbin through December 31, 2009, to construct facilities in the Donggang port area that would provide marine services that complement the services offered there by the Company. Mr. An Fengbin is liable to the Company for these advances and is at risk for any losses

incurred by these entities, and the Company has no obligations to or on behalf of Donggang Aquatic Product Trading Center and Donggang Xingyuan Ship Repair Yard. The Audit Committee consisting solely of independent and disinterested directors of the Board has reviewed, approved and ratified the terms of the foregoing transaction.

During 2011, an entity controlled by a majority shareholder (An Fengbin, the Company's former CEO) provided advances to the Company in the amount of \$2,045,820. The funds were used for working capital purposes. The Company has paid it back as of September 30, 2012.

On November 23, 2011, the Company received notice from this majority shareholder (An Fengbin, the Company's former CEO) of his intention to launch a tender offer to acquire all of the outstanding shares of the Company that he does not already own at a price of \$4.21 per share in cash, subject to financing, due diligence and other conditions. On September 5, 2012, this majority shareholder delivered a written notice to the Special Committee of the Board of Directors of the Company (the "Special Committee") stating that, effective immediately, he had withdrawn his previously submitted non-binding "going private" proposal to acquire all outstanding shares of the Company not already owned by him and his affiliates.

During 2012, an investor group related to this majority shareholder (An Fengbin, the Company's former CEO) provided advances to the Company in the aggregate amount of 97 million RMB (US\$15,416,997). The funds were used for working capital purposes. Repayments of the advanced amounts are due upon demand, without interest, after August 31, 2012. As of September 30, 2012, the Company has repaid \$10,271,347. The Company paid the remaining balance of \$5,145,650 in the fourth quarter of 2012.

During the normal course of the business, the Company, from time to time, temporarily borrows money from its principal shareholders or officers to finance its working capital as needed. The amounts are usually unsecured, non-interest bearing and due on demand. The Company had officer loans in the amount of \$509,255 and \$2,032,963 as of December 31, 2012 and 2011, respectively.

Proposal 2**To ratify the appointment of Friedman LLP as the Company's independent registered public accounting firm for the year ending December 31, 2014.**

On November 8, 2012, the Company engaged the services of Friedman LLP (“Friedman”) as the Company’s new independent registered public accounting firm. The decision to engage Friedman was approved and recommended by the Audit Committee of the Board. Our Audit Committee has selected Friedman as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2014. Our stockholders are being asked to ratify this appointment. In the event that ratification of this selection of auditors is not approved by the stockholders, we will reassess our selection of auditors. Representatives of Friedman are expected to be present at the Annual Meeting, will be available to respond to appropriate questions, and will have the opportunity to make a statement at the Annual Meeting.

As previously reported, on October 18, 2012, the Company received a notice from Daszkal Bolton LLP, the Company’s independent registered public accounting firm (“DB”) stating that, effective October 20, 2012, DB would cease its services as the Company’s independent auditors. DB cited “changes in the marketplace” for its inability to continue to provide services to the Company. DB reported on the Company’s financial statements for the year ended December 31, 2011. The DB reports on the Company’s financial statements as of December 31, 2011 and for the fiscal year ended December 31, 2011 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

The following table sets forth the aggregate fees billed by DB for its work in the 2012 fiscal year and the aggregate fees billed by Friedman for its work in the 2012 and 2013 fiscal years:

	2013	2012
Audit Fee	\$185,000	\$179,000
Audit-Related Fees	\$15,000	\$12,000
Tax Fees	\$0	\$0
All Other Fees	\$0	\$0

Audit Fees

Audit fees represent the aggregate fees billed for professional services rendered by DB and Friedman for the audit of our annual financial statements, review of financial statements included in our quarterly reports, review of registration statements or services that are normally provided in connection with statutory and regulatory filings or engagements for those fiscal years.

Audit-Related Fees

Audit-related fees represent the aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under Audit Fees.

Tax Fees

Tax fees represent the aggregate fees billed for professional services rendered by our principal accountants for tax compliance, tax advice, and tax planning for such years.

All Other Fees

All other fees represent the aggregate fees billed for products and services other than the services reported in the other categories.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee on an annual basis reviews audit and non-audit services performed by the independent auditors. All audit and non-audit services are pre-approved by the Audit Committee, which considers, among other things, the possible effect of the performance of such services on the auditors' independence. Our Audit Committee has the sole authority to pre-approve all audit and non-audit services provided by our independent accountants. The Audit Committee has adopted policies and procedures for the pre-approval of services provided by the independent accountants. The Audit Committee on an annual basis reviews audit and non-audit services performed by the independent accountants. All audit and non-audit services are pre-approved by the Audit Committee, which considers, among other things, the possible effect of the performance of such services on the accountants' independence. As permitted under the Sarbanes-Oxley Act of 2002, the Audit Committee may delegate pre-approval authority to one or more of its members. Any service pre-approved by a delegate must be reported to the Audit Committee at the next scheduled quarterly meeting. The Audit Committee considered whether the provision of the auditors' services, other than for the annual audit and quarterly reviews, is compatible with its independence and concluded that it is compatible. In 2013 and 2012, all such services were pre-approved by the Audit Committee.

Report of the Audit Committee

The Company's management is responsible for preparing the Company's financial statements, implementing and maintaining systems of internal control, and the independent auditors are responsible for auditing those financial statements and expressing its opinion as to whether the financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles in the United States of America. The Audit Committee is responsible for overseeing the conduct of these activities by the Company's management and the independent auditors. In fulfilling its responsibilities, the Board appointed Friedman LLP, an independent registered public accounting firm, as the Company's independent auditors for the 2013 fiscal year. During 2013, the Audit Committee reviewed and discussed with the independent auditors the overall scope and specific plans for their audit.

In connection with the Company's Annual Report on Form 10-K, the Audit Committee reviewed and discussed with the independent auditors and with management the Company's audited consolidated financial statements and the adequacy of its internal control over financial reporting. The Audit Committee met with the independent auditors, without management present, to discuss the results of the independent auditors' audit and the overall quality of the Company's financial reporting. The meeting was also designed to facilitate any desired private communication between the Audit Committee and the independent auditors.

The Audit Committee discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61 (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board, or PCAOB, in Rule 3200T. The Audit Committee received the written

disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB regarding the independent accountants' communications with the Audit Committee concerning independence, and has discussed with the independent auditors the independent auditors' independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013, as filed with the Securities and Exchange Commission.

Submitted by the Audit Committee.

Vote Required for Approval of Proposal 2 and Board Recommendation

The affirmative vote of a majority of the shares present, either by proxy or in person, and entitled to vote is required to approve this proposal. The Board recommends vote **FOR** the ratification of the appointment of Friedman LLP our independent registered public accounting firm for the fiscal year ending December 31, 2014.

Proposal 3

To approve an amendment to the Company's Certificate of Incorporation to change the name of the Company to "Andatee New Energy Corporation."

The Board unanimously adopted a resolution to submit to a vote of shareholders a resolution to change the name of the Company from "Andatee China Marine Fuel Services Corporation" to "Andatee New Energy Corporation." If shareholders approve this proposal, the change in the Company's name will become effective promptly after the Annual Meeting upon the filing by the Company of an amendment (as set forth below) to its Certificate of Incorporation, as amended to date, with the Secretary of State of the State of Delaware reflecting the new name of the Company.

The text of the proposed amendment, which will replace the existing Article 1 in the Certificate of Incorporation, is as follows:

"Article 1. NAME. The name of the corporation is "Andatee New Energy Corporation" (the "Corporation")."

The purpose of this proposed name change is to reflect the ongoing and anticipated diversification and broadening of the Company's operations from primarily marine fuel for small cargo and fishing vessels in China to other energy sources, including renewable, energy saving and clean energy solutions. Our Board concluded that, with the continued transformation of our commercial focus it was in the best interests of the Company to change the corporate name to reflect the change in strategy, direction and branding.

If approved by shareholders, the change in our name will not affect the validity or transferability of any existing share certificates that bear the name "Andatee China Marine Fuel Services Corporation". If the proposed name change is approved, shareholders with certificated shares should continue to hold their existing share certificates. The rights of shareholders holding certificated shares under existing share certificates and the number of shares represented by those certificates will remain unchanged. Direct registration accounts and any new share certificates that are issued after the name change becomes effective will bear the new corporate name.

If the proposed name change is approved, our shares will continue to be traded under the same symbol. Our stock trading symbol will not be affected by the name change amendment, although, if we deem appropriate, we may seek to change our stock trading symbol to make it better reflect our new name once the name change amendment is effective. The name change amendment, if approved, will not affect the rights of any holder of our common stock, nor

of any holder of any right to receive our common stock.

The name change will result in an immaterial cost to the Company.

The name change amendment will become effective upon approval by the shareholders and the filing of the Certificate of Amendment to the Certificate of Incorporation reflecting the name change amendment with the Secretary of State of Delaware. If approved by the shareholders, we anticipate that the Certificate of Amendment will be filed as soon as practicable.

Our Board unanimously recommends a vote “FOR” the approval of the change in the name of the Company from “from “Andatee China Marine Fuel Services Corporation” to “Andatee New Energy Corporation.”

Vote Required and Board Recommendation

Approval of Proposal 3 requires the affirmative vote of at least 66 2/3% of the voting power of outstanding shares of the Company’s common stock entitled to vote at the meeting. The Board recommends vote **FOR** this Proposal.
