Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 1.02. Termination of a Material Definitive Agreement.

On February 1, 2016, Synthetic Biologics, Inc.'s subsidiary, Putney Drug, Inc., f/k/a General Fiber, Inc. ("Putney Drug") provided written notice to The Regents of the University of California (the "Regents") that it was terminating its (i) License Agreement with The Regents, dated as of July 11, 2005, as amended on November 8, 2005, January 3, 2007, August 29, 2007, December 31, 2012, July 25, 2014 and July 8, 2015 (collectively, the "License Agreement") and (ii) Clinical Trial Agreement with The Regents, dated April 29, 2010, as amended July 8, 2015 (collectively, the "CTA"). Pursuant to the terms of the License Agreement, Putney Drug, had licensed from The Regents issued method of treatment patents in the U.S. for multiple sclerosis therapy with Trimesta and Trimesta combination therapies. Based upon the independent third party analysis of the investigator-sponsored Phase 2 clinical trial that evaluated Trimesta as a treatment for relapsing-remitting multiple sclerosis in women, it was determined that the License Agreement and the CTA should be terminated. In accordance with the termination provisions of the License Agreement and the CTA, the terminations will be effective May 2, 2016.

A copy of the press release issued by the Company regarding this matter is filed herewith as Exhibit 99.1 and is incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits
