Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On February 16 and 18, 2016, MMA Capital Management, LLC (the "Registrant") entered into share purchase agreements with Michael L. Falcone and Gary A. Mentasana, its Chief Executive Officer and Executive Vice President, respectively.

The share purchase agreements contain the following material terms and conditions:

- The agreements require both individuals to purchase shares of the Registrant through open-market purchases, in an amount equal to the 30% of the employee's cash bonus to be paid in February 2016. Purchases must be completed by September 30, 2016.
- The agreements shall be considered an amendment to the existing employment agreements for these individuals.
- Shares purchased as a result of these agreements must be held for at least three (3) years, absent prior approval of the Compensation Committee.
- Failure to complete the required purchases by September 30, 2016 or to hold the shares for the required holding period may result in disciplinary action, up to and including reduction of compensation and termination of service.

Item 8.01 Other Items.

On February 16, 2016, the Halis Family Foundation (the "Foundation"), a private foundation, filed a Form SC 13G indicating that the Foundation held greater than five percent of the outstanding shares of the Registrant. In connection with this announcement, the Registrant reviewed the impact of the Foundation's ownership with respect to the Tax Benefit Rights Agreement ("Rights Plan") adopted by the Registrant on May 5, 2015 and the overall impact on ownership changes with respect to our net operating loss carryforward assets. As a result of the review the Registrant has determined the following: 1) the increase in the Foundation ownership percentage resulted solely from the reduction in our shares outstanding due to the Registrant's share buyback program; 2) no additional shares were purchased by the Foundation after adoption of the Rights Plan, therefore the Foundation is not considered an "acquiring person" for purposes of the plan; and 3) the Board of Directors has determined the Foundation to be an "exempted person" for purposes of their existing ownership stake, a determination the Board reserves the right to reconsider, from time to time. The determinations means the Registrant does not have an event that would cause the distribution of the dilutive rights under the Rights Plan and that the Registrant does not believe there is any material risk to our net operating loss carryforward assets as a result of the Foundation's ownership filing.
