PROXY STATEMENT

GENERAL

Introduction

The board of directors of AmeriServ Financial, Inc. is soliciting proxies for use at our annual meeting of shareholders to be held on April 26, 2016, at 1:30 p.m., Eastern Time, at the Holiday Inn Downtown, Crown Ballroom, 250 Market Street, Johnstown, Pennsylvania 15901. This proxy statement and enclosed proxy card are being mailed to shareholders on or about March 17, 2016. Our annual report for the year ended December 31, 2015 accompanies this proxy statement. The annual report should not be regarded as proxy solicitation material. AmeriServ Financial, Inc. (which is sometimes referred to as ASRV, the company, we, us or our) is the holding company for AmeriServ Financial Bank doing business as AmeriServ Financial (the Bank) and AmeriServ Trust & Financial Services Company (the Trust Company).

Solicitation of Proxies

We will bear the cost of soliciting proxies. In addition to the use of the mail, some of our directors and officers may solicit proxies, without additional compensation, in person, by telephone, or by electronic communication. We may make arrangements with banks, brokerage houses and other custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of shares held by them of record, and we may reimburse them for reasonable expenses they incur.

Voting Securities

As of the close of business on the record date, February 19, 2016, there were 18,893,811 shares of common stock, par value \$0.01 per share, outstanding. Holders of record of our common stock as of the close of business on the record date are entitled to notice of and to vote at the annual meeting or any adjournment or postponement thereof. Except with respect to the election of directors, each shareholder is entitled to one vote for each share held. Holders of our common stock are entitled to cumulate their vote in the election of directors.

The four persons receiving the highest number of votes cast at the annual meeting will be elected as Class III directors (Matter No. 1). The affirmative vote of a majority of the votes cast at the annual meeting is required to approve (i) the ratification of the appointment of S.R. Snodgrass PC as our independent registered public accounting firm for the fiscal years ending December 31, 2016 and 2017 (Matter No. 2), (ii) the waiver of the director age restriction provision of the bylaws with respect to our non-executive chairman of the board of directors, Craig G. Ford, a nominee for election as a director (Matter No. 3), and (iii) the advisory (non-binding) vote on the compensation of our

named executive officers (Matter No. 4).

If any other matters are properly presented for consideration at the annual meeting, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the persons named in the proxy card will have discretion to vote on those matters according to their best judgment to the same extent as the person signing the proxy would be entitled to vote. At the date of this proxy statement, we do not anticipate that any other matters will be raised at the annual meeting.

Although the advisory votes on the compensation of our named executive officers is non-binding, as provided by law, our board of directors will review the results of the votes and take them into account in making a determination concerning executive compensation.

If you participate in our Dividend Reinvestment and Common Stock Purchase Plan, the proxy card included with this proxy statement indicates the number of shares registered in your name and the number of shares, including fractional shares, credited to your account in our Dividend Reinvestment and Common Stock Purchase Plan.

If your shares are held in an account at a bank, brokerage firm, broker-dealer or other similar organization, then you are a beneficial owner of shares held in street name. In that case, you will have

received these proxy materials from that organization holding your account and, as a beneficial owner, you have the right to instruct your broker, bank, trustee, or nominee how to vote the shares held in your account. If no voting instructions are given, your broker or nominee has discretionary authority to vote your shares on your behalf on routine matters. A broker non-vote results on a matter when your broker or nominee returns a proxy but does not vote on a particular proposal because it does not have discretionary authority to vote on that proposal and has not received voting instructions from you. We believe that your broker or nominee does not have discretionary voting power with respect to any of the matters considered at this meeting. You may not vote shares held in street name at the annual meeting unless you obtain a legal proxy from that organization holding your account.

If you appropriately mark, sign and return the enclosed proxy card or voting instruction card, as the case may be, in time to be voted at the annual meeting, or if you vote by telephone or Internet in accordance with the instructions on the proxy card or voting instruction card, as the case may be, the shares represented thereby will be voted in accordance with your instructions. Signed proxies not marked to the contrary will be voted FOR the election of the nominees for our board of directors, FOR the ratification of the appointment of S.R. Snodgrass PC as our independent registered public accounting firm for the fiscal years ending December 31, 2016 and 2017, FOR the waiver of the director age restriction provision of the bylaws with respect to our non-executive chairman of the board of directors, Craig G. Ford, a nominee for election as a director, and FOR an advisory (non-binding) vote on the compensation of our named executive officers. Proxy holders shall have full discretion and authority to vote for any one or more of such nominees and will vote the shares represented by each proxy so as to maximize the number of nominees elected to our board of directors, except to the extent that a shareholder withholds such authority on such proxy. However, the shares represented by each proxy cannot be voted by the proxy holders for a greater number of nominees than those identified in this proxy statement.

Right of Revocation

You may revoke your proxy and change your vote at any time before the taking of the vote at the annual meeting. Prior to the applicable cutoff time, you may change your vote using the Internet or telephone methods described above, in which case only your latest Internet or telephone proxy submitted prior to the annual meeting will be counted. You may also revoke your proxy and change your vote by signing and returning a new proxy card or voting instruction form dated as of a later date, or by attending the annual meeting and voting in person in accordance with the methods described above. However, your attendance at the annual meeting will not automatically revoke your proxy unless you properly vote at the annual meeting or specifically request that your prior proxy be revoked by delivering a written notice of revocation to our Corporate Secretary at P.O. Box 430, Johnstown, Pennsylvania 15907-0430 prior to the annual meeting.

Quorum

Under our bylaws, the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast constitutes a quorum for the transaction of business at the annual meeting. Abstentions will not constitute or be counted as votes cast for purposes of the annual meeting, but will be counted for purposes of determining the presence of a quorum.

Principal Shareholders

Based on filings made under Section 13(d) and Section 13(g) of the Securities Exchange Act of 1934 (the Exchange Act), as of February 19, 2016, the only persons known by us to be beneficial owners of five percent or more of the outstanding shares of our common stock were as follows:

Name and Address of Beneficial Owner	Amount of Beneficial Ownership	Percent of Common Stock
Dimensional Fund Advisors LP ⁽¹⁾ Building One 6300 Bee Cave Road Austin, Texas 78746	1,619,374	8.6%

Includes subsidiaries of Dimensional Fund Advisors LP (collectively, Dimensional), four investment companies to which Dimensional furnishes investment advice and certain other commingled fund, group trusts and separate (1)accounts to which Dimensional may serve as investment manager, advisor or sub-adviser. This information is based upon Amendment No. 14 to a Schedule 13G filing dated February 9, 2016 made with the Securities and Exchange Commission.

MATTER NO. 1 ELECTION OF ASRV DIRECTORS

General

Under our articles of incorporation, the total number of directors may be determined by either a resolution adopted by a majority vote of the directors then in office or by a resolution adopted by the shareholders at a meeting. The number of directors for 2016 has been set by the board at 12 who are not officers of the Corporation or a subsidiary or affiliate of the Corporation plus the President and Chief Executive Officer. The board has determined that all current members of our board of directors, other than Jeffrey A. Stopko, our President and Chief Executive Officer, are independent, pursuant to the listing standards of The NASDAQ Global Market (NASDAQ). Our board of directors, as provided in our articles of incorporation, is divided into three classes, each being as nearly equal in number as possible. The directors in each class serve a term of three years or until the earlier of their resignation or their respective successors have been elected and qualified. Under our articles of incorporation, a person who is elected to fill a vacancy on the board of directors will serve as a director for the remaining term of office of the class to which he or she was elected.

Nominees and Continuing Directors

The board of directors has fixed the number of directors in Class III at four and has nominated Daniel R. DeVos, Bruce E. Duke, III, M.D., Craig G. Ford, and Kim W. Kunkle for election as Class III directors, each of whom will serve a three-year term that will expire at the 2019 annual meeting of shareholders, or until the earlier of their resignation or their respective successors have been duly elected and qualified. Directors DeVos, Duke, Ford, and Kunkle were previously elected by the shareholders at the 2013 annual meeting. The remaining directors will continue to serve in accordance with their previous election, with the terms of the Class I and Class II directors expiring in 2017 and 2018, respectively.

Our bylaws permit nominations for election to the board of directors to be made by the board of directors or by any shareholder entitled to vote for the election of directors. All nominations for directors to be made at the annual meeting by shareholders entitled to vote for the election of directors must be preceded by notice in writing, delivered or mailed by first class United States mail, postage prepaid, to our Non-Executive Chairman not less than 90 days nor more than 120 days prior to the first anniversary of the date of the previous year's annual meeting and in compliance with the procedures and with the information required by our bylaws. Such notice must contain, to the extent known, the following information:

the name and address of the shareholder who intends to make such nomination (the Nominating Shareholder);
the name and address of the beneficial owner, if different than the Nominating Shareholder, of any of the shares owned of record by the Nominating Shareholder (the Beneficial Holder);

3

the number of shares of each class and series of shares of the company which are owned of record and beneficially by the Nominating Shareholder and the number which are owned beneficially by any Beneficial Holder; a representation that there are (and will be) no undisclosed arrangements and understandings between the Nominating Shareholder and any Beneficial Holder and any other person or persons pursuant to which the nomination is being made;

the name and address of the person or persons to be nominated;

a representation that the Nominating Shareholder is at the time of giving of the notice, was or will be on the record date for the meeting, and will be on the meeting date a holder of record of shares of the company entitled to vote at such meeting, and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

such other information regarding each nominee proposed by the Nominating Shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had the nominee been nominated, or intended to be nominated, by our board of directors;

a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, hedging transactions, and borrowed or loaned shares) that has been entered into as of the date of the Nominating Shareholder's notice by, or on behalf of, the Nominating Shareholder or any of its affiliates or associates, the effect or intent of which is to mitigate loss to, manage risk or benefit of share price exchanges for, or increase or decrease the voting power of the Nominating Shareholder or any of its affiliates or associates with respect to shares of our stock; and

the written consent of each nominee to serve as our director if so elected.

The presiding officer of any such shareholder meeting may, in such officer's sole discretion, refuse to acknowledge the nomination of any person which the presiding officer determines is not made in compliance with the foregoing procedure.

We have not received any properly made notice of nomination for directors from any shareholder in connection with this year's annual meeting. Any nomination that does not comply with the procedures required by the bylaws, and any vote cast at the annual meeting for any candidate not duly nominated, will be disregarded.

With respect to the election of directors, each shareholder has the right to vote, for each share of our common stock held by the shareholder, such number of votes as shall be equal to the number of directors to be elected, and the shareholder may cast the whole number of votes for one nominee or distribute them among two or more nominees.

Each of the nominees listed is a current member of our board of directors and has expressed his willingness to serve. If any of the nominees become unable to accept nomination or election, the persons named in the proxy may vote for a substitute nominee selected by our board of directors. Our management, however, has no present reason to believe that any Class III nominee will be unable to serve as a director, if elected.

The following tables set forth as to each of the nominees for election as a Class III director and as to each of the continuing Class I and Class II directors, his or her age, principal occupation and business experience, the period during which he or she has served as a member of our board of directors, or an affiliate or predecessor, and their current and recent directorships in other public companies. In addition, we briefly describe the particular experience, qualifications, attributes or skills that led our board to conclude that the person should serve as a member of our board of directors. There are no family relationships between any of the listed persons.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU CAST YOUR VOTES FOR THE ELECTION OF THE BELOW-NAMED NOMINEES TO SERVE AS CLASS III DIRECTORS.

Ms. O Malley has over 31 years of experience in private legal practice at, and is the owner of, Yost & O Malley, a law firm in Johnstown, Pennsylvania, where she advises both individuals and corporate for profit and non-profit entities.

She received a B.A. from the Pennsylvania State University and a J.D. from the University of Pittsburgh School of Law. She is licensed to practice law in Pennsylvania and the District of Columbia, and is an experienced litigator in both state and federal courts. Because we are a public company operating in a highly regulated industry, we believe Ms. O Malley's experience and perspective as an attorney is valuable not only as a member of the board but also in her continued role as Chair of the compensation and audit committees. With ASRV's increased regulatory and corporate governance measures passed in recent years, we believe that Ms. O Malley's continued leadership in these committee roles remains important to the board's success.

Because, like most banks, ASRV has many real estate loans, we believe this experience is important to the board of directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon our review of the Forms 3 and Forms 4 filed by the beneficial owners of our common stock, we believe all reports required by Section 16(a) of the Exchange Act were filed on time, except for a single report filed by each of Messrs. Duke and Kunkle and an award of options to purchase shares of our common stock to each of Messrs. Stopko, Lynch and Huerth. Each late report related to a single transaction, which was reported once the inadvertent omission was recognized.

Hedging and Pledging Prohibition

We generally do not permit our directors, officers and employees to hedge their economic exposures to our common stock that they own by engaging in transactions involving puts, calls, or other derivative securities, zero-cost collars, forward sales contracts, or buying on margin or pledging shares as collateral for a loan, except such limitation shall not apply to our securities pledged by directors and officers as collateral for a loan prior to September 1, 2015. After September 1, 2015, our board of directors may, in its discretion, approve in advance a pledge of our securities by directors and officers as collateral for a loan in a particular case and as permitted by bank regulations after taking into consideration the magnitude of the number and market value of shares proposed to be pledged in relation to the number of outstanding shares and the market value and trading volume of outstanding shares (generally, the aggregate shares pledged should not exceed 5% of shares outstanding on the date of the pledge), the percentage of shares proposed to be pledged to the total shares owned by the pledgor, the amount of shares proposed to be pledged in relation to the total shares then pledged by other directors and officers, and all other factors deemed relevant by our board of directors. We believe that permitting limited pledging of our securities to serve as collateral for a bona fide loan in appropriate circumstances will encourage our directors and officers to purchase and retain shares.

Board and Committees

The board of directors has various standing committees, including an audit committee, a board enterprise risk committee, a compensation committee, a corporate governance committee, an executive committee, an investment/ALCO committee, a nominating committee, and a technology committee, and each committee operates under a written charter. For information regarding availability of certain of these charters, see information under the heading Corporate Governance Documents below. Directors are expected to attend meetings of the board, meetings of the committees on which they serve and the ASRV annual meeting. During 2015, the board of directors held 13 meetings, the audit committee held 10 meetings, the executive committee did not hold any meetings, the investment/ALCO committee held 4 meetings, the technology committee held 4 meetings, the corporate governance committee held 4 meetings, the compensation committee held 3 meetings, the nominating committee held 1 meeting, and the board enterprise risk committee held 2 meetings. There were 2 executive sessions of the board of directors excluding management. Each director attended at least 75% of the combined total of meetings of the board of directors and of each committee of which he or she was a member. Each director attended ASRV's 2014 annual meeting of shareholders with the exception of Sara A. Sargent.

The executive committee serves as a resource for management to seek guidance on issues between regularly scheduled meetings or with respect to matters that generally do not warrant calling a special board meeting. In addition, from time to time, the executive committee is asked to study strategic issues in greater depth than may be practical for the board as a whole. The executive committee is comprised of Directors Pasquerilla (Chair), O Malley (Vice Chair), Adams, Dennison, Ford, Kunkle and Sargent.

10

The primary responsibility of the board enterprise risk committee is to oversee the company's enterprise risk management activities on behalf of the board and report the results of their activities to the board, including executive management's assessment of key systemic risks facing the company and executive management's structure and processes established to identify, measure, monitor, and manage risks. The board enterprise risk committee is comprised of Directors Dennison (Chair), O'Malley (Vice Chair), Adams, DeVos, Duke, Ford, Kunkle, Pasquerilla, Sargent, and Slater.

The technology committee is comprised of Directors DeVos (Chair), Sargent (Vice Chair), Edwards, Pasquerilla, Slater, Stopko and Wise. The technology committee monitors the operation of information systems (IS), including new technology implementation, within the company and its subsidiaries and provides input into the company's strategic IS plan and IS disaster recovery plan.

The investment/ALCO committee is comprised of Directors Slater (Chair), Kunkle (Vice Chair), Dennison, Duke, Edwards, Ford, Pasquerilla and Stopko. This committee is responsible for overseeing our investment policy and monitoring interest rate, liquidity and market risks.

The audit committee is comprised of Directors O'Malley (Chair), Adams (Vice Chair), DeVos, Duke, Sargent and Wise, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing requirements. Mr. Wise is also designated as the audit committee financial expert, and meets the qualifications to serve as such under the NASDAQ listing standards. This designation does not impose any duties, obligations or liabilities on Mr. Wise that are greater than the duties, obligations or liabilities imposed on the other members of the Audit Committee.

The audit committee is responsible for the appointment, compensation, oversight, and termination of our independent auditors. The audit committee is also responsible for oversight of Internal Audit. The committee is required to pre-approve audit and certain non-audit services performed by the independent auditors. The committee also assists the board in providing oversight over the integrity of our financial statements, compliance with applicable legal and regulatory requirements and the performance of our internal audit function. The committee also is responsible for, among other things, reporting to our board on the results of the annual audit and reviewing the financial statements and related financial and non-financial disclosures included in our Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. Importantly, from a corporate governance perspective, the audit committee regularly evaluates the independent auditors' independence from ASRV and its management, including approving consulting and other legally permitted, non-audit services provided by our auditors and the potential impact of the services on the auditors' independence. The committee meets periodically with our independent auditors and our internal auditors outside of the presence of management, and possesses the authority to retain professionals to assist it in meeting its responsibilities without consulting with management. The committee reviews and discusses with management earnings releases, including the use of pro forma information (if applicable). The committee also discusses with management and the independent auditors the effect of accounting initiatives. The committee also is responsible for receiving and evaluating complaints and concerns relating to accounting and auditing matters.

The nominating committee is comprised of Directors Sargent (Chair), O'Malley (Vice Chair), Adams, DeVos, Kunkle, Pasquerilla and Slater, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing standards. The nominating committee is responsible for nominating individuals to stand for election as directors at the annual meeting of shareholders, assisting the board in the event of any vacancy on the board by identifying individuals qualified to become board members, recommending to the board qualified individuals to fill such vacancy, and recommending to the board, on an annual basis, nominees for each board committee. The committee has the responsibility to develop and recommend criteria for the selection of director nominees to the board, including, but not limited to, diversity, age, skills, experience, and time availability (including consideration of the number of other boards on which the proposed director sits) in the context of the needs of the board and ASRV.

and such other criteria as the committee determines to be relevant at the time. The committee has the power to apply these criteria in connection with the identification of individuals to be board members, as well as to apply the standards for independence imposed by our listing agreement with NASDAQ and all applicable federal laws in connection with this identification process.

The nominating committee does not maintain a formal diversity policy with respect to the identification or selection of directors for nomination to the board of directors. Diversity is just one of many factors the nominating committee considers in the identification and selection of director nominees. ASRV defines diversity broadly to include differences in race, gender, ethnicity, age, viewpoint, professional experience, educational background, skills and other personal attributes that can foster board heterogeneity in order to encourage and maintain board effectiveness.

The nominating committee considers potential candidates recommended by its members, management and others, including shareholders. In considering candidates recommended by shareholders, the committee will apply the same criteria it applies in connection with candidates recommended by the nominating committee. Shareholders may propose candidates to the nominating committee by delivering a notice to the nominating committee that contains the information required by Section 1.3 of our bylaws. In addition, shareholders may nominate persons directly for election as directors in accordance with the procedures set forth in Section 1.3 of our bylaws. A notice of any such nomination must contain all required information and must be mailed or delivered to our Non-Executive Chairman not less than 90 days or more than 120 days prior to the annual meeting. The nominating committee did not pay any fee to any third party to search for, identify and/or evaluate the 2015 nominees for directors.

The corporate governance committee is comprised of Directors Adams (Chair), O Malley (Vice Chair), Duke, Ford, and Sargent, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing standards. The committee is responsible for making recommendations to the board of directors regarding, and monitoring compliance with: corporate governance principles applicable to the company; matters involving the company's articles of incorporation, bylaws, shareholder proposals, committee responsibilities and other corporate governance issues; and the company's policies, including, but not limited to, its Code of Ethics and Legal Code of Conduct, Code of Conduct for Directors, and Code of Ethics for the Chief Executive Officer and Senior Financial Officers.

The compensation committee is comprised of Directors O Malley (Chair), Pasquerilla (Vice Chair), Adams, DeVos, Sargent and Slater, each of whom in the judgment of the board of directors is independent within the meaning of the NASDAQ listing standards. The compensation committee is responsible for reviewing and making recommendations regarding executive compensation and board compensation. The committee's processes and procedures for determining executive compensation are described below under Compensation Discussion and Analysis. The committee has the authority to establish the compensation of the principal executive officer and evaluate and review the compensation of other key executives. The committee's procedure for determining director compensation is to benchmark director compensation against compensation paid by similar asset size peer financial institutions. The committee also encourages stock ownership by directors by directing that the annual retainer be paid in our common stock and by facilitating the use of monthly board fees for the purchase of additional shares of our common stock. The committee's charter does not permit the committee to delegate its authority. During 2015, the committee retained Strategic Compensation Planning, Inc. as its independent compensation consultant with respect to advising the committee on best practices in the community banking industry, including best practices for executive compensation and director fees.

Board Leadership Structure and Risk Oversight

The board of directors currently separates the role of Non-Executive Chairman of the Board of Directors from the role of President and Chief Executive Officer. We believe that the separation of these roles, while not always necessary, is appropriate in the current economic and regulatory environment in which ASRV operates. We believe that the President and Chief Executive Officer should primarily focus on managing ASRV's operations in a manner that executes its corporate strategy. Conversely, we believe that our Non-Executive Chairman of the Board of Directors should primarily focus on leading the board's oversight of corporate governance matters, monitoring the progress and

effectiveness of the President and Chief Executive Officer and management in implementing the company's corporate strategy, and ensuring that the board is receiving, with sufficient frequency, the information it requires to act effectively, including providing proper risk oversight.

12

Although our Non-Executive Vice Chairman leads our board's risk oversight processes, we believe that each member of our board of directors in his or her fiduciary capacity has a responsibility to monitor and manage risks faced by ASRV. At a minimum this requires the members of our board of directors to be actively engaged in board discussions, review materials provided to them, and know when it is appropriate to request further information from management and/or engage the assistance of outside advisors. Furthermore, because the banking industry is highly regulated, certain risks to ASRV are monitored by the board of directors through its review of ASRV's compliance with regulations set forth by its regulatory authorities, including the Pennsylvania Department of Banking and Securities, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation, and recommendations contained in regulatory examinations.

We believe risk oversight is a responsibility for each member of the board of directors. Each of our committees concentrates on specific risks for which they have an expertise, and each committee is required to regularly report to the board of directors on its findings. For example, the investment/ALCO committee regularly monitors ASRV's exposure to certain investment risks, such as the effect of interest rate or liquidity changes, while our audit committee monitors ASRV's exposure to certain reputational risks by establishing and evaluating the effectiveness of the company programs to report and monitor fraud and by monitoring ASRV's internal controls over financial reporting. Our compensation committee's role in monitoring the risks related to our compensation structure is discussed in further detail in the section titled "Our Compensation Policies and Risk" below.

Additionally, our board enterprise risk committee, which coordinates the board's oversight of enterprise risks by working with the other committees of the board to avoid the duplication of efforts, met two times during 2015. The primary responsibility of the board enterprise risk committee is to oversee the company's enterprise risk management activities on behalf of the board and report the results of their activities to the board, including executive management's assessment of key systemic risks facing the company and executive management's structure and processes established to identify, measure, monitor, and manage risks. This committee is made up of the chairs of the board committees responsible for risk oversight.

Compensation Committee Interlocks and Insider Participation

Directors O Malley (Chair), Pasquerilla (Vice Chair), Adams, DeVos, Sargent and Slater are excluded from participation in any plan administered by the compensation committee while serving as a member of such committee, except for participation in the Independent Directors' Annual Retainer Plan (the committee's administration of which is limited to coordinating the payment of a predetermined retainer), a non-employee director deferred compensation plan, and the ASRV 2011 Stock Incentive Plan, which was previously approved by shareholders on April 26, 2011.

None of our executive officers serves as a member of the board of directors, or on the compensation committee, of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Executive Compensation

Introduction.

The compensation committee administers our executive compensation program. The committee, which is composed entirely of independent directors, operates under a written charter and is responsible for determining the compensation of the President and Chief Executive Officer (the CEO) and, with the recommendations of the CEO, evaluating and reviewing the compensation of the other executive officers identified in the Summary Compensation Table that appears following this Executive Compensation (we refer to the CEO and the other executive officers identified in that table collectively as the Named Executive Officers), for administering our incentive compensation programs (including our stock incentive plan), for approving and overseeing the administration of our employee benefits programs, for providing insight and guidance to management with respect to employee compensation generally, and for reviewing and making recommendations to the board with respect to director compensation. The committee also received input and guidance from its independent compensation consultant, Strategic Compensation Planning, Inc., which does not provide services to management and had no relationships with management prior to its engagement by the committee.

The compensation committee annually reviews the adequacy of its charter and recommends changes to the board for approval. The compensation committee meets at scheduled times during the year and also acts upon occasion by written consent. The chair of the committee reports on committee activities and makes committee recommendations at meetings of the board of directors.

Senior Leadership Changes

Effective January 9, 2015, Glenn L. Wilson resigned from his positions as President and Chief Executive Officer and member of our board of directors and from all director, committee membership, officer and other positions that he has with each of our subsidiaries. As a result, during 2015, we made the following changes to our senior leadership team:

Jeffrey A. Stopko was promoted to our President and Chief Executive Officer;

Michael Lynch was promoted to our Senior Vice President, Chief Financial and Chief Investment Officer;

James T. Huerth was promoted to President and Chief Executive Officer of AmeriServ Financial Bank; and Gregor T. Young remained President and Chief Executive Officer of AmeriServ Trust and Financial Services. Mr. Young's employment was subsequently terminated on February 19, 2016.

Compensation Philosophy.

Our executive compensation programs seek to achieve and maintain equity with respect to balancing the interests of shareholders and executive officers, while supporting our need to attract and retain competent executive management.

Toward this end, the compensation committee has developed an executive compensation policy, along with supporting executive compensation plans and programs, which are intended to attain the following objectives:

- emphasize the enhancement of shareholder value;
- support the acquisition and retention of competent executives;

deliver the total executive compensation package in a cost-effective manner;
reinforce key business objectives;

14

provide competitive compensation opportunities for competitive results;
encourage management ownership of our common stock; and
comply with applicable regulations.

The committee collects and analyzes comparative executive compensation information from relevant peer groups, approves executive salary adjustments, recommends executive discretionary incentive/bonus plans, and administers our 2011 Stock Incentive Plan. Additionally, from time to time, the committee reviews other human resource issues, including qualified and non-qualified benefits, management performance appraisals, and succession planning.

The committee uses comparisons of competitive executive pay practices taken from banking industry compensation surveys and, from time-to-time, consultation with independent executive compensation advisors. Peer groups and competitive compensation practices are determined using executive compensation packages at bank holding companies and subsidiaries of comparable size to us and our subsidiaries. However, the committee does not maintain a specific target percentile with respect to this peer group in determining executive compensation levels. A selection of national information is used for comparative compensation survey data, including data from a peer group of small-cap bank holding companies in our geographic area. The peer group is periodically revised, and for 2015 compensation decisions the group consisted of the following companies: ACNB Corporation, Franklin Financial Services Corporation., Peoples Financial Services Corp., Chemung Financial Corporation, Codorus Valley Corporation, First United Corporation, Farmers National Banc Corp., Citizens & Northern Corporation, Bryn Mawr Bank Corp., Orrstown Financial Services, Inc., ESSA Bancorp, CNB Financial Corp., BCB Bancorp and Civista Bancshares.

Our executive compensation policy is designed to encourage decisions and actions that have a positive impact on overall corporate performance. For that reason, participation is focused on executive officers who have the greatest opportunity to influence the achievement of strategic corporate objectives.

We use two components of the executive compensation program to establish and maintain the desired relationship between executive pay and performance.

The first component, the formal performance appraisal system, relates to annual salary adjustments. We establish quantitative and qualitative performance factors for each executive position, and annually evaluate the performance of the executive against these standards. We then integrate this appraisal with market-based adjustments to salary ranges to determine if a base salary increase is merited.

The second component of ensuring the desired relationship between executive pay and performance relates to the committee's role in administering the 2011 Stock Incentive Plan and recommending executive discretionary cash incentive/bonus awards. The committee recommends to the board of directors cash and equity at-risk compensation awards when, in the judgment of committee members, such awards are justified by the performance of executive officers in relation to our performance with due regard for the level of risk assumed by the company.

The accounting and tax treatment of particular forms of compensation do not materially affect the committee's compensation decisions. However, the committee evaluates the effect of such accounting and tax treatment on an ongoing basis and will make appropriate modifications to its compensation policies where appropriate.

Components of Compensation.

For 2015, the elements of total compensation for the Named Executive Officers are comprised of the following:

base salary;
incentive opportunities under our cash and stock-based incentive compensation program;

awards under our 2011 Stock Incentive Plan;
benefits under our pension plan;

15

benefits under our health and welfare benefits plans; and certain limited perquisites.

1. **Base Salary**. The compensation committee reviews the base salaries of the Named Executive Officers on an annual basis as well as in the event of any promotion or significant change in job responsibilities. The committee reviews peer group data to establish a market-competitive executive base salary program, combined with a formal performance appraisal system that focuses on awards that are integrated with strategic corporate objectives. Salary income for each Named Executive Officer is reported in Column (b) of the Summary Compensation Table, which appears following this Compensation Discussion and Analysis.

2. **Incentive Cash and Stock Compensation**. We have an established, written executive incentive compensation plan, our Executive At-Risk Incentive Compensation Plan, which generally provides for cash and stock awards for the achievement of corporate performance goals, weighted 75%, and individual performance goals, weighted 25%. In order to receive a payment under the plan, a participant has to be employed on the date of payout. Because Mr. Young's employment was terminated on February 19, 2016, he was not entitled to a payment under the plan. With respect to the corporate performance goals for 2015, we based incentive award opportunities on both an annual company-wide budgeted return on assets (ROA) target of 0.50% and 60% of the average ROA for the previously named peer group, after excluding the highest and lowest performer. The maximum bonus targets for 2015 were 30%, 21% and 28% of base salary for Messrs. Stopko, Lynch and Huerth, respectively. The committee believes it set the performance measures for 2015 such that the performance goals were aggressive and, therefore, were reasonably difficult to attain. Based upon publicly reported results for the year ended December 31, 2015 (or nine months ended September 30, 2015 if information was not yet available), we achieved an ROA of 0.54% with the peer group target being 0.48%, achieving a payout of 38.17% of the maximum bonus target for each named executive officer employed on the date of such payout. All awards are subject to recovery by us in the event the payment was based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria.

3. **Incentive Stock Option Awards**. We use the grant of stock options under our 2011 Stock Incentive Plan as the primary vehicle for providing long-term incentive compensation opportunities to our senior officers, including the Named Executive Officers. The 2011 Stock Incentive Plan provides for the grant of restricted stock awards and qualified and non-qualified stock options. We grant all stock options with a per share exercise price that is not less than 100% of the fair market value of such shares on the date that the option is granted. Accordingly, grantees will not obtain any value from the option grant under the 2011 Stock Incentive Plan unless the market price of our common stock increases after the date of grant. The 2011 Stock Incentive Plan is designed to provide at-risk (incentive) compensation that aligns management's financial interests with those of our shareholders, encourages management ownership of our common stock, supports the achievement of corporate short and long-term financial objectives, and provides competitive equity reward opportunities. We have not adopted any specific policy regarding the amount or timing of any stock-based compensation under the 2011 Stock Incentive Plan. Information concerning the number of options held by each Named Executive Officer as of December 31, 2015, is set forth in the Outstanding Equity Awards at Fiscal Year-End Table, which appears below.

4. **Pension Plan and Deferred Compensation Plan**. We maintain a defined benefit pension plan for the benefit of our employees, including the Named Executive Officers. Benefits under the plan are based upon an employee's years of service and highest average compensation for a five-year period. The 2015 increase in the actuarial present values of each Named Executive Officer's accumulated benefit under the plan is set forth in Column (g) of the Summary Compensation Table which appears below and the actuarial present value of each Named Executive Officer's accumulated benefit under the plan and the aggregate number of years of service credited to each Named Executive Officer is set forth in the Pension Benefits Table which appears below. The compensation committee believes that this plan promotes employee and executive officer retention and permits us to maintain a competitive position and attract talented officers and employees. Effective January 1, 2013, we amended the defined benefit pension plan to provide that employees hired on or after that

date are not eligible to participate. Instead, such employees are eligible to participate in a qualified 401(k) retirement plan. All of the Named Executive Officers continue to participate in the defined benefit pension plan under the old plan provisions.

We also maintain the AmeriServ Financial Executive Deferred Compensation Plan (the Deferred Compensation Plan), under which participants who are among a select group of management or highly compensated employees (including our Named Executive Officers) may elect to defer receipt of all or a portion of any annual incentive bonus and/or salary payable to such participants with respect to a fiscal year. Under the Deferred Compensation Plan, which was effective January 1, 2015, each participant may make an irrevocable deferral election before the beginning of the fiscal year to which such compensation relates. Participants can elect to receive distributions of their accounts in the Deferred Compensation Plan, either in a lump sum or in installments, commencing within thirty days following either (i) their separation of service or disability, or (ii) a specified date. Participants may elect to allocate the deferred amounts into an investment account and select among various investment options upon which the rate of return of the deferred amounts will be based. Participants' investment accounts are adjusted periodically to reflect the deemed gains and losses attributable to the deferred amounts. Each participant is always 100% vested in their investment accounts. The Deferred Compensation Plan is a non-qualified deferred compensation plan. As such, the rights of all participants to any deferred amounts represent our unsecured promise to pay and the deferred amounts remain subject to the claims of the Company's creditors. Information about our Named Executive Officers participation in the Deferred Compensation Plan for 2015 can be found below under the caption Nonqualified Deferred Compensation Plan.

5. **Health and Welfare Benefits.** We provide health, life, and disability insurance, and other employee benefits programs to our employees, including the Named Executive Officers. The compensation committee is responsible for overseeing the administration of these programs and believes that our employee benefits programs should be comparable to those maintained by other members of our peer group so as to assure that we are able to maintain a competitive position in terms of attracting and retaining officers and other employees. We provide these employee benefits plans on a non-discriminatory basis to all employees.

6. **Perquisites.** ASRV provides some of its Named Executive Officers with additional benefits not available to our other employees. For example, as set forth in the footnotes to our Summary Compensation Table, which appears below, some of our Named Executive Officers receive reimbursements for the purchase or lease of, and the operation expenses for, a motor vehicle and for country club membership fees and dues. The compensation committee believes that these perquisites are offered by its competitors for talented executive officers and allow ASRV to remain competitive in attracting and retaining talented executive officers.

2015 Executive Officer Compensation.

For 2015, we increased the Named Executive Officers' base salaries in order to, among other things, maintain their compensation at a competitive level. The independent compensation consultant reviewed with the committee the compensation levels of each of the Named Executive Officers and those from the previously identified peer group.

The independent compensation consultant also examined with the committee the pay practices from other Pennsylvania, New York, New Jersey, and Ohio based financial institutions with assets between \$1 billion and \$2 billion, with data from the Economic Research Institute used to normalize the information for Johnstown, Pennsylvania. The compensation committee also considered a number of factors in setting these new levels, including the Named Executive Officers' annual performance review, an annual review of peer compensation, and the overall performance of the company.

As part of our compensation program, we were parties to employment agreements with Messrs. Stopko, Huerth, and Young at December 31, 2015, pursuant to which they will be entitled to receive severance benefits upon the occurrence of certain enumerated events following a change in control. The events that trigger payment are generally

those related to termination of employment without cause or detrimental changes in the executive's terms and conditions of employment. On February 17, 2016, we entered into a change in control agreement with Mr. Lynch providing for similar severance benefits following a change in control. See *Employment Contracts and Payments Upon Termination or Change in Control* below for a more detailed description of these events. We believe that this structure will help: (i) assure the executives

full attention and dedication to the company, free from distractions caused by personal uncertainties and risks related to a pending or threatened change in control, (ii) assure the executives' objectivity for shareholders' interests, (iii) assure the executives of fair treatment in case of involuntary termination following a change in control, and (iv) attract and retain key talent during uncertain times.

Our Compensation Policies and Risk.

The compensation committee discussed, evaluated, and reviewed with our chief risk officer all of the company's employee compensation programs in light of the risks posed to us by such programs. The compensation committee also discussed, evaluated, and reviewed with our chief risk officer all of the compensation programs in which the Named Executive Officers participate to assess whether any aspect of these programs create risks that are reasonably likely to have a material adverse effect on us. The compensation committee met with our chief risk officer in February and November 2015 with respect to the foregoing.

At the conclusion of this review, the compensation committee determined that our compensation programs for our Named Executive Officers do not create risks that are reasonably likely to have a material adverse effect on us.

Restatement of Financial Statements.

The compensation committee is of the view that, to the extent permitted by law, it has authority to retroactively adjust any cash or equity-based incentive award paid to any senior officer (including any Named Executive Officer) where the award was based upon our achievement of specified financial goals and it is subsequently determined following a restatement of our financial statements that the specified goals were not in fact achieved. There has been no restatement of our financial statements, and, therefore, there have been no retroactive adjustments of any cash or equity-based incentive award on such a basis.
