### **Cautionary Statement Regarding Forward Looking Statements**

This Current Report on Form 8-K contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those projected in such statements. A major risk is that demand for Quaker Chemical's products and services is largely derived from the demand for its customers' products, which subjects Quaker Chemical to uncertainties related to downturns in a customer's business and unanticipated customer production shutdowns. Other major risks and uncertainties include, but are not limited to, significant increases in raw material costs, customer financial stability, worldwide economic and political conditions, foreign currency fluctuations, significant changes in applicable tax rates and regulations, future terrorist attacks and other acts of violence. Other factors, including those related to the transaction, could also adversely affect us including, but not limited to:

- the risk that Quaker Chemical shareholders may not approve the issuance of certain consideration for the proposed transaction;
- the risk that a required regulatory approval will not be obtained or is subject to conditions that are not anticipated or acceptable to us;
- the potential for regulatory authorities to require divestitures in connection with the proposed transaction, which would result in a smaller than anticipated combined business;
- the risk that a closing condition to the proposed transaction may not be satisfied in a timely manner;
- risks associated with the financing of the transaction;
- the occurrence of any event, change or other circumstance that could give rise to the termination of the purchase agreement;
- potential adverse effects on Quaker Chemical's business, properties or operations caused by the implementation of the transaction;
- Quaker Chemical's ability to promptly, efficiently and effectively integrate Houghton's operations into those of Quaker Chemical;
- risks related to the disruption of each Company's time from ongoing business operations due to the proposed transaction; and,
- the outcome of any legal proceedings that may be instituted against the companies following announcement of the merger agreement and transactions contemplated therein.

Therefore, we caution you not to place undue reliance on our forward-looking statements.

For more information regarding these risks and uncertainties as well as certain additional risks that we face, you should refer to the Risk Factors detailed in Item 1A of our 2016 Form 10-K, and in our quarterly and other reports filed from time to time with the Commission. We caution you not to place undue reliance on these forward-looking statements, which are current only as of the date on which we issued this report. We do not intend to, and we disclaim any duty or obligation to, update or revise any forward-looking statements to reflect new information or future events or for any other reason
